Sri J V Naraslinga Rao. It is because of non-availability of sufficient quantities in India.

The need for this State is 4000 tons and then the availability is estimated and the available quantity is being distributed. There is no point in confusing it. If steel is available in India, it can be done. Because it is not available priority is given to urgent works.

Oral Answers to Questions

There is allotment. But there is no stock. Mr. Krishnamachari issued a special quota of 1060 tons for Krishna barrage. When he was the Finance Minister, he gave 1060 tons as a special allotment for Krishna barrage. We want steel and not paper. That is the difference.

We have understood. The whole House including the Speaker has understood. No more supplementaries on this.

*(1571) Q.— Sri Md. Tahseel (Bhadrachalam-General): Will the hon. Minister for Cooperation be pleased to state:

(a) whether it is a fact that the cooperative stores at Kunavaram Village, Bhadrachalam taluk, is not functioning at present,

(b) if so, the reasons therefor;

(c) the amount of loss incurred by the said stores,

(d) whether it is a fact that the records of the stores have been thrown into the river during the Godavari Floods of 1953; and

(e) if so, the action taken against the persons responsible?

The Minister for Cooperation (Sri Mehdi Nawaz Jung): (a, b, c, d & e) The answer is placed on the Table of the House.

PAPER PLACED ON THE TABLE OF THE HOUSE.

Answer to Legislative Assembly Starred Question No. 1571.

(a) The Cooperative Stores at Kunavaram, Bhadrachalam Taluk ceased doing business from 1956-57 and is dormant since then.

(b) After the Godavari floods of 1953, the Stores was entrusted with the distribution of food-grains to the flood victims in the area. It opened 7 depots for distribution of rice and sustained loss to the tune of Rs. 3,704.12 nP. during 1953-54, raising the total loss incurred by it to condition Rs. 11,922.69 nP. The other reasons for its dormant are:

(i) heavy establishment and contingent charges, which could not be entailed due to sudden fall in business;

(ii) lack of enthusiasm and interest among Board of Directors to supervise the work of the paid staff and to co-operate with the President;

(iii) transport difficulties which entailed heavy trade charges; and

(iv) sale of rice at the lowest price fixed by the Revenue officials, without taking into consideration the incidental and mileage charges incurred.
(c) As on 1-12-1959, the net loss incurred by the Stores is Rs 17,653.62 NP

(d) and (e) During the Godavari floods of 1953, the whole village of Kunavaram was submerged under water and the people were forced to move to places of safety. Some of the records of the Stores were also washed away, while the others were damaged and became illegible. Only the cash books from 2-7-1953 to 11-8-1956 and the Minute Book from 6-6-1954 are available with the Stores at present. No instance, where the records of the Stores were thrown away, was reported. An enquiry under section 38 of the Madras Co-operative Societies Act, 1932 was conducted into the affairs of the Stores with the records available and the enquiry officer, has recommended liquidation of the Stores. The report of the enquiry officer, is under examination of the Deputy Registrar of Co-operative Societies, Rajahmundry, and necessary further action will be taken by the Registrar on receipt of the Deputy Registrar's report.

From the answer given by the hon. Minister, we find that the Revenue Department fixed the price of this rice without taking into consideration the incidental and mileage charges. So, will the Government bear the loss that was incurred?

Sri Mehdi Nawaz Jung: It is for the Revenue Department to decide, Sir.

Sri G. Yellamanda Reddy: As per the answer given by the hon. Minister, for the loss incurred by the Society, the Government is responsible. Therefore, will the hon. Minister please consider the matter and correspond with the Revenue Department to find a way out?

Sri Mehdi Nawaz Jung: The matter is under consideration as to what action should be taken in future.

Sri G. Yellamanda Reddy: Ross in his seat
Mr Speaker: He says, he is going to consider it.

Sri V. Visveswara Rao: From the answer, I find that the matter is under separate enquiry and the Department is considering whether the society is to be liquidated or not. Will the Government see that the whole matter is re-examined and the Society functions properly without resorting to its liquidation?

Sri Mehdil Nawaz Jung: Sir, the condition of the Society is such that there is no hope of its revival. Therefore, it is considered that liquidation is the best thing to do.

Sri R Narayana Reddy: The main answer to this question does not bear out this fact, Sir. The loss was incurred because of certain other conditions e.g. Revenue Department fixing the rate of rice without taking into account incidental charges. Now, for a sin committed for which the society is not responsible, efforts are being made to liquidate it. Will the Government please consider the matter?

Sri Mehdil Nawaz Jung: Point No. 1 is, Society suffered because of floods. Secondly, members were not interested in it. Thirdly, the Board of Directors also were not very enthusiastic and, in addition, the location of the Society was such that it too caused some trouble. Therefore, if it is the desire of the hon. member that attempts should be made to revive it, the matter will be considered.
