BUSINESS OF THE HOUSE

PRIVILEGE MOTIONS

The objectionable remarks of the Minister for Agriculture in a public speech.

The objections: Any breach of privilege notification is given to every body. The Minister for Agriculture (Minister for Agriculture), who lecture on land reforms and some proposals are ill-conceived privilege breaches. Some breaches of privilege cabinet affairs. Some breaches of privilege general discussions. Any breaches of privilege public meeting. Any breaches of privilege motion criminal or semi-criminal is a breach of parliamentary rights assert.
Prevention of Sri S. V. K. Prasad and Sri G. Gopala Reddy by some people from entering into certain parts of their Constituencies.

When discussing the issues, Opposition members demanded that the discussion be restricted. Support was also raised, insisting that certain parliamentary privileges be protected. The Parliamentary Privilege motion was introduced by Mr. S. V. K. Prasad and G. Gopala Reddy representing constituencies where they believe there is a threat of physical prevention against them.

So, I refer to the Privileges Committee, which has already ordered that.

Each depends upon the circumstances of each case.

Govt. Circular to all collectors to couch the intimation of death of M.L. As. in courteous language and a circular by the High Court to all the Magistrates not to send Court notices and summons through the Hon. Speaker.

Sri R. Lakshmi Narasimham Dora (Takkali): Is it in respect of his working in the House or his conduct outside and in the constituency also? Have I to go to the Civil Court saying that an hon. Member in the constituency has not paid over the dues to me, or have I to approach the Privileges Committee?

ANNOUNCEMENTS FROM THE CHAIR RE:

Govt. circular to all collectors to couch the intimation of death of M. L. As. in courteous language and a circular by the High Court to all the Magistrates not to send court notices and summons through the Hon. Speaker.

Interesting instances,

Cheif Justice for the same.  The same.

One Collector has reported the death of an hon. Member of the House.

"Sri x x x, from x x x Assembly
Constituency died on x x x at about 11 p.m.
at his residence at x x x
(Sd.)

For Collector"

He must say, 'I regret to report the death of x x'.

Chief Secretary has issued a circular to all the Collectors that they should be extremely careful in all these matters. The Circular reads.

"An instance has been brought to the notice of the Government in which while reporting the death of a M.L.A. a District Collector addressed a letter directly to the Honourable Speaker, Andhra Pradesh Legislative Assembly, baldly stating that "Sri .......... from .......... Assembly Constituency died at such and such place." The letter was typed on a small piece of paper and did not even contain an expression of regret on the death of a popular representative. Besides the letter should not have been addressed direct to the Honourable Speaker when the existing instructions require a report to the Secretary to the Andhra Pradesh State Legislature. The report was badly drafted, lacked due courtesy, and was not even typed on suitable paper.

All Collectors are requested to see that such lapses are not allowed to occur as failure to observe
the due formalities and courtesy may amount to contempt of the House entailing disciplinary action..."
The Chief Secretary has done very well. The dignity of the House has been preserved.

Ruling from the Chair re:
Publication of certain objectionable report in ‘Deccan Chronicle’ reflecting on the Chair.

ANNOUNCEMENT FROM THE CHAIR re:
‘Quit-Work Day’

Mr. Speaker: I am glad to tell you that so far as this Assembly is concerned, no official or peon or driver has been absent on account of strike. I am glad that the Secretary has been very tactful in this matter. He has managed everything in a tactful manner.

The paper will be responsible. I warn the paper that such things — discontent expressed against the Speaker by members in the lobbies which they have a right.....

I will have to take a severe action against the paper like expelling the Correspondent for sometime and also
brining them to the Privileges Committee.

"But there have been times when his rulings have led to a feeling that he yields to the Ministerial Benches or to certain influential individuals".

To this particular sentence, I take strong objection and warn the Deccan Chronicle paper not to allow such things to be published in their paper. That sentence is:

"There have been times that his rulings have led to a feeling that he leans towards the Ministerial Benches or certain influential individuals"

Sri D. Kondayya Chowdari (Kandukur): You were pleased to say that a Member has a right to criticise the Speaker's Rulings. When a member has exercised his right, is it not the right of the correspondent to report what was said by the Member.

Swatantram is in our House, — our home.
Walk-out by the opposition Members in sympathy with the N.G.Os.

Mr. Speaker: I am not going to allow anybody to speak even for a minute.

(All the members of the Communist Party staged a walkout)

(All the members of the Democratic Party walked out of the House)

(All the members of the Socialist Party staged a walkout)

(All Members belonging to the Independent Group staged a walkout)

Mr. Speaker: I have to censure you if you throw reflections or if you protest against the ruling of the Speaker. I have a right to ask. Please sit down.
Sri S.V.K. Krishnavataram: I am sorry Sir, it is not a ruling but . . .

Mr. Speaker: I am not going to allow you to speak. Will you please sit down?

S.V.K. Krishnavataram: It is not proper to throttle down a protest on a point of order from a member of the House. I am submitting that with all respect... ...

Mr. Speaker: If you say it is a protest, I have to censure you.

Sri S.V.K. Krishnavataram: We shall see that. May I invite the Speaker's attention....

Mr. Speaker: If you say you are going to see, I shall have to see about it now itself.

(The members of the Praja Party then staged a walk out)

The members of the House, after considering the Budget presented, expressed their views. Experiment was suggested in the Budget to increase the revenue. Some members felt that the Budget should not be discussed in this House.

Some members suggested that the Budget should be discussed in more detail, but others disagreed. The Opposition leader, Mr. Pay Committee, opposed the Budget and abstained from voting. Sri D. Kondayya Chowdari: On a Point of Order Sir, we have been hearing for a long time from the hon. Member from Vizagapatam a series of reflections upon the conduct of the Members here. Is it in order?

Mr. Speaker: It is in order.

The Chief Minister (Sri N. Sanjeeva Reddy): I am glad Mr. Kondayya Chowdary has taken upon his shoulders the effective representation of the opposition.

M. G. V. Rao: Next point of order.

On a point of clarification, Sir. could the Hon'ble Member explain about the need for an extra supervisor in regard to the resolution passed in the Assembly. It was stated that a delicate mention in regard to the resolution would be relevant for the next point of discussion.

The Hon'ble Member: The Hon'ble Member stated that a delicate mention in regard to the resolution would be relevant for the next point of discussion. However, there was discussion about the need for an extra supervisor in regard to the resolution passed in the Assembly.

Irrigation Department's resolution was passed in the Assembly, viz. regarding the need for an extra supervisor. P.W.D. member had requested the government to consider the need for an extra supervisor. It was mentioned that there were already various officials assigned to the project, but there was a need for a separate supervisor to ensure the smooth functioning of the project. Prohibition

Prohibition in the form of a ban or total prohibition is a matter of concern. The prohibition of the sale of alcohol is a complex issue that involves not only the social and moral aspects but also the economic implications of liquor production and the alcohol industry. The imposition of prohibition has implications for various stakeholders, including farmers, who rely on the liquor industry for income, and the government, which loses revenue from alcohol taxation. The discussion on prohibition should consider the broader implications for social harmony, public health, and economic stability.

In my capacity as member of the Committee, I had the opportunity to study the Budget for 1959–60. I must say that the Budget is both balanced and realistic. It is based on realistic targets set for the year and the projections made are based on a thorough analysis of the economic situation. The Budget is designed to meet the needs of the country both in the short and long term.

In my view, the Budget is well thought out and the measures proposed are likely to have a positive impact on the economy. The Budget provides for increased expenditure on infrastructure, education, health and social welfare. It is also aimed at reducing poverty and improving the standard of living of the people.

I would like to commend the Government for its efforts to promote industrial development. The Budget provides for increased investment in the industrial sector, which is expected to create new employment opportunities and contribute to the economic growth of the country.

Overall, I am confident that the Budget will achieve its objectives and will contribute to the development of the country.

As the House has already been informed, the G.O. No. 253 is to have retrospective effect till 1958, which was an era of economic depression and financial stringency. In 1958, the Public Expenditure Policy Annual Statement and other Budgetary measures proved to be highly successful. The budgetary measures were retrospective in 1957-58 and 1958-59. The government has not only eliminated the existing arrears, but also has been able to pay the arrears satisfactorily, and at the end of March 1959, the government had paid all the arrears amounting to Rs. 25.75 lakhs.

N.G.O. cells have been set up in all the districts. The N.G.O. cells were formed by the Pay Committee and have been functioning satisfactorily.

The House has also been informed about the completion of the new Secretariat building.
