10 15th December 1958.

On 15th December 1958, the Andhra Pradesh Khadi and Village Industries Board Bill 1958 was presented to the Governor of the State of Andhra Pradesh for consideration.

The Bill was drafted to establish a Khadi and Village Industries Board in the State of Andhra Pradesh. The Board was authorized to undertake various functions related to the development of khadi and village industries, including the manufacture of khadi and other rural handloom products.

The Governor of the State of Andhra Pradesh was requested to give consent to the Bill, after considering the reports of the Board and the advice of the Advisory Committee appointed by the Governor.

The Bill aimed to promote rural industries, provide employment opportunities, and improve the standards of living of the rural population in the State of Andhra Pradesh.
Mr. Speaker, Sir, This Bill has been introduced by the Government, and will extend to the Telangana area also. It has many good things; it has been drafted on the basis of experience gained in the working of the Boards in the other States and also of the Board at the Centre.

The nominations that have been made very recently are really laudable—I do not mean to refer to the personalities who are working there now and the question of nomination is left to the Government—but the policy and the principle on which the Government have thought fit to nominate persons, who are not Parliamentarians, to this Board is praise worthy. Persons who are devoted to khadi work, persons who are well-versed with the technique of khadi and village industries, have been nominated or elected, whichever be the process in the Central Government or in the Bombay State. The composition of the Board is really very good: the members have got time, and they have the aptitude and inclination to work for the development of the Khadi Board, which is a very really essential feature. The objective of the Bill, as has been stated by the hon. Minister, is to strengthen the village people, to ameliorate their condition. Though we cannot completely strengthen their economic condition we can help people to improve their present condition. While inaugurating the Board, the Chief Minister, it has been reported, said that the Board would soon be reconstituted. I feel that the same policy should be maintained, namely—that persons who are exclusively for khadi work, persons who devote time for it and love that work, should alone constitute that Board.

About election, when the Minister is the Chairman of the Board, I do not know on what basis the Vice-Chairman has been a nominated one?. The Vice-Chairman seems to
be the working Chairman, because the Minister being busy with all other activities of his, the Vice-Chairman would be busy with the work connected with the Board; and if quick decisions have to be taken—as indeed they often require to be taken—he should count upon the support of the members who constitute the Board. In this context, therefore, if, instead of nomination, the members are allowed to elect the Vice-Chairman themselves, there would be a smooth working of the Board, and the functions will, if I may say so, have a rapid progress. The hon. Minister in charge of the Bill could not, in his speech, tell us on what grounds it has been decided that the Vice-Chairman has to be nominated. The working of the Boards in Bombay and Mysore, is quite satisfactory. That the members should not be parliamentarians is a good policy, and the Commission has been doing very good work. When you have made the Minister to continue as Chairman, I do not see why the Vice-Chairman should be nominated. There are four members on the Government side—the Planning Officer, The Commerce & Industries Director, Finance Secretary, etc. should necessarily be there, because there would be coordination and correlation. As such, I feel, on the face of it, the Vice-Chairman should be elected from among the members of the Board, and that will lend strength for the whole body itself.

It has been stated that the Board is purely an advisory body. I do not know how this could be. The Board has to plan; they have to organize; and they have to implement the work connected with the development of Khadi and Village Industries. For all these things, if we say that the Board is merely an Advisory Board, the function would be delayed: their programmes and schemes will have to be sent to Government for sanction.
With the introduction of Ambar Charka, occasions arise which require quick decisions to be taken; and if this were to be merely an Advisory Board, there will be a lot of delay, with the result that the very spirit of these plans will be frustrated consequent upon these delays. There is much to do in this field; there is great responsibility to be taken; and for the proper and satisfactory working of the functions entrusted to the Board, it must work independently.

I think with the working of the Board, when the Bill is extended to Telangana, the trust that is working now in Telangana area, and the co-operative societies that are functioning in the Telangana area, will receive additional help, and co-operation from the Board Members. In the financial memorandum, it has been said that for the whole of Andhra Pradesh it is tentatively estimated to cost Rs. 54,900/-. From my experience, I may tell this House that this is a very small sum at the disposal of the Board. With Rs. 54,900 as non-recurring and Rs. 5,000/- as recurring expenditure, I feel the progress of the Board would not be so satisfactory as we wish it should be. In Mysore, the financial aspect is estimated at Rs. 1½ lakhs. The trust that is working in Telangana is of the order of 60 or 70 thousand. With a wide area of 20 districts, when the operation of the Bill is extended, with this Rs. 54,900/- it would not be possible to have sufficient staff and attain the progress that we envisage.

I think the Bill is necessary, and has come at a right moment; and when it is extended throughout the Andhra Pradesh, it would look to the needs of the people in villages and in rural areas. With a little change as regards the vice-chairmanship, and with more financial aid given to it, the Bill promises to achieve good results.
The policy that has been adopted, namely, nominating only non-parliamentarians in the Board and also people who love and promote khadi and village industries, is conducive to the progress that we visualise; and I am sure that one and all will appreciate all these aspects in the Bill.

I thank you, Sir, for the opportunity given to me.

The staff working in the Board is not like the staff engaged under any ordinary department of the Government. It must consider itself as a group of social servants and so should be members of the Board."
Village industries are one of the important sectors in the economy of the state.

During the meeting held on December 15, 1958, the Andhra Pradesh Khadi and Village Industries Board decided to take steps to ensure the effective implementation of the policies and programs related to village industries. The Board emphasized the importance of clear-cut policies, ministerial level decisions, working level consultations, nomination of appropriate persons, and stretch of imagination in the context of the functioning of the Board.

The Finance Department, Commerce and Industries Department, and the Village Industries Board have been working together to finalize clear cut instructions, ministerial level decisions, working level consultations, and nominations of appropriate persons. Parliamentarians have also been involved in this process.

The meeting also discussed the qualifications required for training institutions and the constructive centers. The importance of training institutions in the development of the economy was stressed.

Restrictions and qualifications are necessary. Long standing institutions must be protected. Restrictions on the Khadi and Village Industries Board have been imposed. The Central Khadi Board and its nominees have certain powers and responsibilities.

Technical opinion differs on the Central Khadi Board's nominee's qualifications. Certain steps are necessary for the Central nominee's nomination and appointment. 16th December, 1958.

The need of the hour is to secure the self-reliance of the rural and industrial population, and to give them a new lease of life. In this connection, the Khadi and Village Industries Movement is a significant step. The Bill before us is a step in this direction. It provides for the establishment of a Village Industries Board to promote and develop the Khadi and Village Industries. The Board will have powers to create marketing facilities and offer other assistance. The need for such a Board is evident from the fact that the rural population is largely engaged in agriculture and its allied activities, and there is a need for diversification of their economic activities. The Board will have the responsibility of promoting and developing the Khadi and Village Industries, and providing the necessary facilities and assistance.

The Bill contains provisions for the establishment of the Board, its functions, powers, and duties. It also provides for the appointment of members to the Board and their powers. The Board will have the responsibility of formulating policies and programmes for the development of the Khadi and Village Industries. It will also have the responsibility of providing necessary facilities and assistance to the rural and industrial population.

Mr. Deputy Speaker: The question is:

"In sub-clause (2) (b) of clause 3 between the words: 'persons' and 'appointed' insert the words 'and not more than 19 persons'."

The amendment was adopted.

Mr. Deputy Speaker: The question is:

"In sub-clause (2) (b) of clause 3 after the word 'Government' insert the words 'in consultation with opposition parties and Associations of persons of Khadi and Village Industries'."

The amendment was negatived.

Mr. Deputy Speaker: The question is:

"Add the following at the end of sub-clause (2) (b) of clause 3:

'and three persons shall be members of the state Legislature representing the Scheduled Castes and Scheduled Tribes of whom two from the Assembly and one from the Council'."

The amendment was negatived.

Mr. Deputy Speaker: Amendment No 4 is that for sub-clause (2) (b) of clause 3 substitute the following:

'21 persons shall be elected by the Assembly through proportional representation.'"
by the Assembly through proportional representation.

Mr. Deputy Speaker: Amendment No. 4 is redundant because amendment No. 1 is accepted. Therefore, I disallow amendment No. 4.

Mr. Deputy Speaker: I have clearly stated that it is redundant as it is quite against amendment No. 1 which has been accepted by the House, viz., 'In sub-clause (2) (b) between the words 'persons' and 'appointed' insert the words 'and not more than 19 persons'. So, to say that 21 persons shall be elected is not proper and it does not fit in the context.

Sri Pillalamarri Venkateswarlu: I raise a point of order, Sir. Simply because the first amendment is accepted by the House in the beginning, how does the latter portion of amendment No. 4 regarding election of persons by the Assembly through proportional representation become redundant, Sir? In this case, the main purpose of the amendment is election by the Assembly through proportional representation. That is the main purpose.
Mr. Deputy Speaker : I have already given a decision. What is the use of repeating the same point? Is there any new point?

Sri Pilla Amarri Venkateswarlu : On a point of order, Sir, Election restrictions are very much required. Therefore, 19 and 21 are not redundant.

Mr. Deputy Speaker : It cannot be put to vote like that because the hon. Member who moved the amendment does not seem to want that portion of the amendment to be deleted which you want now to be deleted. He has not said it.

Sri Pillalamari Venkateswarlu : I do not know how it is redundant or out of order, Sir, even taking the first amendment as granted. If that is the ruling of the Chair, Sir, I am sorry that we are not satisfied with it and we want to stage a walk out on this.

(The Member of the Communist Party staged a walk out).

Mr. Deputy Speaker : That point has been already discussed and argued. If there is any new point, the hon. Member may draw my attention. Once I have declared and given a ruling, there is no question of revising it.
Sri P. Narasimating Rao:- We will also walk out then.

(The Members of the Socialist party staged a walk out).

Mr. Deputy Speaker:- I do not want to insist upon the word, but I say that it does not fit in here, and it is not in order.

Redundant of order protest not in order. Redundant not in order not in order.

Mr. Deputy Speaker:- I have already clarified that. What do you want to say now?

Redundant of rule out of order of rule out.

Mr. Deputy Speaker:- I have said, "It is not in order, it does not fit in here and it is redundant".

Sri Vavilala Gopalakrishnayya:- On what point has it been ruled out, Sir?

Mr. Deputy Speaker:- On all the three points, stated by me earlier.

Sri Vavilala Gopalakrishnayya:- As the amendment No. 4 is not ‘redundant’ we have to walk out.

Mr. Deputy Speaker: All right you may do any thing.
Mr. Deputy Speaker:- He did not question the ruling. He wanted only a clarification.

The hon. members in whose names the remaining amendments to clauses 3, and 5 stand. are not present in the House. So, I shall put the clauses to vote.

The question is:

"That Clause 3, as amended, do stand part of the Bill"
