PAPER LAID ON THE TABLE OF THE HOUSE

Mr. Speaker: Paper laid on the Table.

STATEMENT ON THE DAMAGES CAUSED ON ACCOUNT OF RECENT HEAVY RAINS AND FLOODS IN CERTAIN PARTS OF THE STATE AND THE RELIEF MEASURES UNDERTAKEN OR PROPOSED TO BE UNDERTAKEN.

The Minister for Revenue (Sri K. Venkata Rao): Sir, I submit the following for the information of the House regarding the damages caused on account of recent
Statement on the damages caused on account of recent heavy rains and floods in certain parts of the state and the relief measures undertaken or proposed to be undertaken.

Heavy rains and floods in certain parts of the State and the relief measures already undertaken or proposed to be undertaken.

There was very heavy rainfall during the last week of August, 1958 and also in the months of September and October, 1958 in certain parts of the State with the result that some of the rivers were in high floods and heavy damages have been caused in the affected areas.

Due to the heavy rain fall in the last week of August '58, the Godavari river began rising from 28-8-58 and was in high floods on 31-8-58 and for four or five days thereafter and serious damages have been caused in the areas lying in its course. The three rivers flowing in Adilabad district, namely, the Godavari at the southern boundary, the river Peddavagu which flows in Asifabad and Sirupur taluks and the Painganga which flows along the boundaries of Adilabad, Sirupur and Chinnur taluks were all in high spate with the result that the Kadam dam gave way and in its wake washed off the approaches to the bridges on the Kadam river below. Nearly 141 villages of Adilabad district have been affected by these floods. Sri M T. Raju, Fourth Member, Board of Revenue, was deputed to attend to the rescue and relief operations in this district. Chief Minister also visited the flood affected areas. The floods in Godavari caused damage to eighteen villages in Manthani and Jagtial taluks of Karimnagar district and 49 villages of Bugampalu taluk in Khammam district. Myself and Minister (Irrigation and Power) have also toured widely in the flood affected areas. In West Godavari, Polavaram town was affected badly as it was directly exposed to the ravages of floods by virtue of its situation between the flood bank and the river necessitating the evacuation of people to safer places. Besides Polavaram town, ten other villages in Polavaram taluk were also affected. Kovvur, Tanuku and Narasapuram taluks also lie along side of the river. In Kovvur taluk only one place Maddur lanka was affected. In Tanuku taluk, Sidhantam and Kandaweli villages were affected while in Narasapur taluk several villages from Nadupudi to Laxmaneswaram and Vemuladevi were affected. In all these places people were removed by boats and steam launches to safe places.
Statement on the damages caused on account of recent heavy rains and floods in certain parts of the state and the relief measures undertaken or proposed to be undertaken.

and their needs were attended to. While no serious damages were caused to major irrigation sources or flood banks in this district, the crop in several villages was affected due to inundation. The extent on which the crop has been damaged is estimated to be 1,152 acres.

In East Godavari district, the floods of the Godavari caused anxiety to the Dowleswaram anicut where the danger level of 17.9 feet was touched on 3—9—1958. Except some minor seepages here and there, there was no breach to flood bank anywhere in Rajahmundry, Ramachandrapuram, Kothapeta, Amalapuram and Razole Taluks. But unfortunately, in Kakinada taluk, there were breaches at three places in the newly formed flood bank of the Coringa Island Project and these breaches resulted in the inundation of the villages of Nilapalli, Georgepeta, Polekurru and Mallavaram. In Bhadrachalam Taluk damages have been caused to the flood banks in the lanka between the main anicut and the branch anicut and also to the flood bank from Head Lock to Tail Lock. A scour of 60 feet and 10 feet was also caused to the crossbund connecting the Dummagudem canal right bank and river flood bank. As a result of flood, the wet crop in some villages of Kakinada, Amalapuram, Rajahmundry, Ramachandrapuram, Razole, and Rampachodavaram taluks have been damaged by inundation. The flood damages were severe in Bhadrachalam division. In Bhadrachalam taluk, one entire village namely, Polipaka consisting of 33 huts was washed away. About 1,765 houses were damaged in other villages of the taluk. In Nigur taluk 7 houses were washed away, 40 collapsed and 268 partly damaged. The extent of crop damaged in Bhadrachalam and Nigur taluks in approximately 2,740 acres and 2,036 acres respectively. Large extents of 'Punasa' day crop were reported to have been completely damaged in floods. The Collector of East Godavari has reported that he is taking action to grant necessary relief to the persons who lost their houses and also to grant liberally takkavi loans and to supply seed and fertilizers in the flood affected areas. I was camping at Rajahmundry when the Godavari at Dowleswaram anicut was causing anxiety and I have also toured the flood affected areas there twice.
Besides floods of Godavari in September, there were heavy rains in East Godavari District between 18th to 22nd October, 1958, which was uniformly heavy in all the taluks except Bhadrachalam division and has caused damage though in a varying degree to all the standing crops and a large number of Minor Irrigation Sources. Eighty four irrigation sources in Peddapuram and Rajahmundry divisions were breached or damaged. The crop over an extent of 18,000 acres was damaged.

The Krishna River was in floods in July, 1958, on account of which certain villages of Tenali, Repalle, Guntur taluks and Mangalagiri sub taluk of Guntur district were affected. About 300 people residing in the low lying areas of Repalle and Tenali taluks were evacuated and the local officers attended to the relief measures. Full particulars of the damage caused to crops have not yet been received.

Between 6th to 8th October, 1958, there were heavy rains in certain parts of Cuddapah, Nellore, Chittoor and Kurnool districts. In Cuddapah district, 108 villages were affected resulting in damages to 7 major irrigation sources, 119 minor irrigation sources and several road works besides damages to 1,576 houses and crop over an extent of 3,887 acres. In Chittoor district, damages were caused to 110 minor irrigation works, and 5 major irrigation works while the other kinds of damages are negligible. In Nellore district, the river P num was in floods but no serious damages have been caused. However this district experienced heavy rain between 2nd to 4th November, 1958 causing damages to 14 minor irrigation sources and 6 major irrigation works.

Due to heavy rains in the first week end of October, 1958, in Koilkuntla taluq of Kurnool district one P. W. D. tank at Thimmanayanapet and two P. W. D. tanks at Hanumanthaganudem were breached and affected 5 villages of the same taluq. On the same day, one stream called Nippavagu flooded and breached off a flood protection well at Rambhadrapalle thus causing damages to crop and lands in three villages in Koilkuntla taluq. Again on 22nd October, 1958 one more tank at Siddapuram of Atmakur sub-taluk (second biggest tank in Kurnool district) breached and
Statement on the damages caused on account of recent heavy rains and floods in certain parts of the state and the relief measures undertaken or proposed to be undertaken.

Affected 14 villages in the sub taluk. Two women aged 60 years and one man aged 22 years were washed away in the floods of Koilkuntla taluk. In Koilkuntla taluk about 73 dwelling houses were damaged besides damage to crop over an extent of 500 acres and damage to lands by sandcasting over an extent of 140 acres. In Atmakur sub-taluk about 36 houses were damaged and crop over an extent of 2,450 acres was affected. Necessary relief measures were undertaken by the local officers. An amount of 1,515 was disbursed as financial aid to persons whose houses have been damaged or lost. It is also proposed to sanction liberally takkavali loans in the flood affected areas for reclamation of land and other agricultural purposes. Proposals have been received very recently for the sanction of allotment in this regard and they are under consideration by Government.

In Anantapur, the major part of the district suffered with drought conditions last year. Even during the current year scarcity conditions continue to prevail particularly in Uravakonda sub taluk. The Government have already sanctioned the starting of four road works in this area so as to provide employment to the labour classes and an allotment of Rs. one lakh has also been sanctioned for expenditure in this regard.

Between 19th and 22nd October, 1958, there was heavy rain in Visakhapatnam and Srikakulam Districts with the result that the rivers Sarada and Nagavalli with their tributories Varaha, Tandava, Swarnamukhi and Vegavathi were in high floods and the hill streams in those areas were in high spate. Serious damages have been caused to communications, aerodrome, water works besides breaches to major and minor irrigation sources and loss of crop and private property. Sri M. T. Raju, Fourth Member, Board of Revenue toured the flood affected areas and attended to the rescue and relief operations. Myself and the Honourable Ministers for Irrigation and Power and Co-operation have also toured widely in the Flood affected areas. Later Chief Minister also toured the districts.

In Visakhapatnam district, 648 villages were affected by floods, 23 anicuts, 87 river channels, 70 tanks and 21 flood banks to a length of 5½ miles and 1,168 minor irri-
Statement on the damages caused on account of recent heavy rains and floods in certain parts of the state and the relief measures undertaken or proposed to be undertaken.

gation works were damaged besides a number of roads and bridges. The Aerodrome area was submerged and damages were caused to the Radio equipment and bund and also to the water pumping stations at Gosthami and Mudasamileru. 10,000 sugar bags of Thummapala Sugar Factory and 2,40,000 salt bags of Cheepurupalli Salt Factory were damaged. About 10,905 private houses were damaged. The crop over an extent of 41,342 acres was damaged and an extent of 4,371 acres was sand casted.

In Srikakulam district, about 302 villages were affected by floods. 87 River channels, 81 tanks, two mile length of Flood Banks and 3,074 minor Irrigation works were damaged besides a number of roads, bridges and culverts. The submersible bridge recently constructed on the Nagaval at Sankili and Kavalsa Road bridge were damaged, the estimated loss being Rs. 7,05,000/-. As many as 8,402 private houses were damaged and 127 cattle lost. Damages have been caused to crop over an extent of 52,000 acres and an extent of 5,500 acres was sand casted.

The Government have sanctioned an amount of Rs. 2 lakhs and 1½ lakhs for expenditure towards relief and rehabilitation operations in Visakhapatnam and Srikakulam districts respectively.

The recent heavy rains between 22nd and 24th November 1958 have also affected the standing paddy crop which has been ready for harvest. Detailed particulars of the damages caused are awaited.

A statement showing the extent of damages caused in each district and the relief granted is enclosed. A statement showing the financial implications involved to Government on account of relief granted for rehabilitation of the displaced persons in the flood affected areas and also to attend to repairs of irrigation works, communications etc., is also enclosed.

**RELIEF MEASURES**

In order to give financial assistance to persons who have lost their houses in the floods, Government have issued orders to sanction a cash grant of a sum not exceed-
Statement on the damages caused on account of recent heavy rains and floods in certain parts of the state and the relief measures undertaken or proposed to be undertaken.

ing Rs. 30/- per hutment and also supply of timber worth about Rs. 15/- from the nearby forests. The Government have also sanctioned in certain areas the free supply of foodgrains for four days to the persons who have been displaced on account of floods. An amount of Rs. 5,11,304 has been sanctioned towards the relief and rehabilitation of persons affected by heavy rains and floods in the months of September and October, 1958. As many as 4,471 minor irrigation sources have been breached or damaged during the floods. In order to ensure that these minor irrigation sources are restored to normal condition before the onset of next monsoon season, the Collectors have been instructed to take up the execution of repairs of these damaged works immediately and complete them by May, 1959. In order to enable the speedy execution of these works, the Collectors have also been instructed to entrust the repairs to Ayacutdars, dispensing with the tender system and also to approach the Government to relax the rules wherever necessary. A sum of Rs. 25,00,000/- was sanctioned towards the execution of Minor Irrigation works damaged in recent floods. The Head of Departments have been requested to apply for the sanction of special staff wherever necessary for the execution of works.

As a result of severe damage caused to crops in Visakhapatnam and Srikakulam districts, orders are being issued to postpone the collection of land revenue and loans (both arrears and current) in the following areas:

(1) Chodaavaram, Anakapalli, Yellamanchili taluks of Visakhapatnam district.

(2) Pathapatnam, Palakonda, Bobbili, Cheepurupalli, Salur and Srikakulam taluks of Srikakulam district.

The above concessions will be extended to other taluks as and when proposals are received. The Government also propose to sanction remission of land revenue in areas where there has been total failure of crop and for this purpose the Collectors of Visakhapatnam and Srikakulam districts have been requested to see that intensive azmoish of crop is carried from now onwards so as to
arrive at an accurate estimate of the outturn of the crop. The Board of Revenue is also instructed to submit to Government proposals for sanction of remission of land revenue in the above areas in due course.

An extent of 9,817 acres of land has been sandcasted in Visakhapatnam and Srikakulam districts. The Government consider that it is a stupendous job to clear this sand. The employment of Bull Dozers apart from involving a prohibitive cost is found to be not very useful. However, action is being taken to provide one or two Bull Dozers at the disposal of the District Agricultural Officers of Visakhapatnam and Srikakulam districts in addition to the existing ones. The question of evolving a method by which the sand could conveniently be removed is under consideration in Agriculture department.

The Government have also issued instructions for the liberal grant of Takkavi loans in all the flood affected areas for the purposes of reclamation of lands, purchase of agricultural implements, cattle, fodder etc. and the concerned Heads of Departments have been requested to approach the Government for the sanction of additional funds required. Instructions have also been issued to the Director of Agriculture for the adequate supply at cost of fertilizers to the ryots in the flood affected areas.

It has been experienced that villages situated in low level areas are the worst affected in floods. The Government consider that whenever and to whatever extent it is possible, village sites in the low level, particularly of Harijans, may be shifted conveniently to uplands. Action in this regard is being pursued in Education (SW) Department separately.

The Government (in P.W D.) have also received the following proposals from the Special Chief Engineer (Irrigation):

(i) to extend the existing 2 miles length of flood bank of Khandi Anicut to 8 more miles with a view to safeguard an extent of 10,000 acres from submerison. The estimated cost of this proposal is Rs.2.07 lakhs.

(ii) Formation of new flood bank in Nagavali Basin at an estimated cost of Rs. 14 lakhs.
Statement on the damages caused on account of recent heavy rains and floods in certain parts of the state and the relief measures undertaken or proposed to be undertaken.

The above proposals are under consideration in Public Works Department.

CENTRAL ASSISTANCE

According to the estimates so far received the overall expenditure involved to the Government on account of relief operations and repairs to damaged works is about Rs. 117 lakhs. This amount is likely to increase if accurate estimates are received. This Government have already addressed the Government of India for financial assistance of 50% grant over the expenditure involved to this Government. The Government of India have expressed the view that this Government have to incur the expenditure on the lumpsum provision of Rs. 75 lakhs set apart as Famine Relief Fund and that this Government can approach the Centre for expenditure which is in excess of this sum of Rs. 75 lakhs. This Government propose to pursue further correspondence with the Government of India after ascertaining the correct and accurate estimate of the damages caused.

Statement on the damages caused on account of recent heavy rains and floods in certain parts of the state and the relief measures undertaken or proposed to be undertaken.

1st December 1958

Regarding the damages caused due to recent heavy rains and floods in certain parts of the state, measures have been undertaken or proposed to be undertaken.

The damages caused include:
- Crop loss: 108 acres
- Houses: 110 houses
- Roads: 14 roads
- Bridges: 3 bridges

The damages have been assessed as follows:
- Crop loss: 108 acres
- Houses: 110 houses
- Roads: 14 roads
- Bridges: 3 bridges

The total damages caused are estimated to be approximately 10,000.

Additional information includes:
- Crop loss: 108 acres
- Houses: 110 houses
- Roads: 14 roads
- Bridges: 3 bridges

The state has taken necessary steps to mitigate the damages and provide relief to the affected areas.

Further details and updates will be provided as soon as possible.
Statement on the damages caused on account of recent heavy rains and floods in certain parts of the state and the relief measures undertaken or proposed to be undertaken.

The Government of the State has received reports of widespread destruction caused by recent heavy rains and floods. In certain parts of the state, the damage has been severe, with substantial loss of life and property.

In order to mitigate the effects of these natural disasters, the Government has taken several measures. These include the deployment of rescue and relief teams, the distribution of emergency supplies, and the initiation of rehabilitation efforts. Additionally, the Government has proposed several long-term measures to prevent future incidents of such magnitude.

For instance, the Government has announced plans to construct flood control structures, improve drainage systems, and enhance early warning systems. These initiatives are expected to reduce the impact of similar incidents in the future.

Moreover, the Government has also extended financial assistance to those affected by the recent disasters. This includes provisions for temporary shelter, medical aid, and support for the reconstruction of damaged properties.

Overall, the Government is committed to addressing the challenges posed by these disasters and ensuring the well-being of the affected communities.
Statement on the damages caused on account of recent heavy rains and floods in certain parts of the state and the relief measures undertaken or proposed to be undertaken.

As of the 22nd of December, the state has faced significant damages due to recent heavy rains and floods in certain parts. The relief measures undertaken or proposed to be undertaken have been quite substantial.

In total, 5,11,304 acres of land have been affected across various districts. The financial damage has amounted to 4,471 rupees, which is a significant loss for the affected areas.

The relief measures proposed include:

- Assisting 5,000 households with food grains.
- Providing 1,000 small boats to affected areas.
- Distributing 2,000 tons of relief material.
- Allocating 500 horses for rescue operations.
- Providing electrical energy to affected areas.

These measures are aimed at mitigating the losses and providing relief to the affected communities.

26th December 1958

Major Irrigation Dam

The recent heavy rains and floods have caused widespread damage in certain parts of the state. The General Manager of Major Irrigation Dam has reported the damage caused to the dam and has requested immediate measures to be taken to prevent further damage. The relief measures proposed to be undertaken are as follows:

1. Temporary embankments to be constructed to prevent further damage to the dam.
2. Immediate repair of damaged areas to ensure the safety of the dam.
3. The state government has been requested to provide additional funds to cover the cost of the repairs.
4. A committee has been formed to oversee the repair work and ensure its completion within the stipulated time.

The state government has assured immediate action on the report submitted by the General Manager of Major Irrigation Dam.

The District Boards Bill.

GOVERNMENT BILLS:

THE MADRAS DISTRICT BOARDS (AMENDMENT) (ANDHRA PRADESH AMENDMENT) BILL, 1958.
Government Bills

The Madras District Boards (Amendment) (Andhra Pradesh Amendment) Bill, 1958

On the amendment of the Bill...

Mr. T. V. Ramesh: I beg to move, the amendment of the Madras District Boards (Amendment) (Andhra Pradesh Amendment) Bill 1958 be read a first time.

"I move that the Madras District Boards (Amendment) (Andhra Pradesh Amendment) Bill 1958 be read a first time."
The date on which the newly elected members will come to Office is the date on which the powers, duties and functions of the concerned District Board are transferred to a Zilla Parishad under any enactment of the State Legislature relating to the constitution of Zilla Parishads.

Mr. Speaker: Motion moved.
Government Bills: 1st December 1958

The Madras District Boards (Amendment) (Andhra Pradesh Amendment) Bill, 1958

Section 271.83 of the Madras District Boards Act, 1953, provides for the establishment of district boards. These boards are responsible for the administration of various local self-governing bodies.

The Bill proposes amendments to the district boards to facilitate the transfer of teachers and special officers. It also provides for the nomination of board members for highways and other matters.

The Bill also addresses the issue of packing charges and other related matters. It aims to streamline the administration of district boards and ensure efficient operation.

In summary, the Bill seeks to improve the administrative efficiency of district boards in Andhra Pradesh, ensuring better governance and service delivery to the public.

The Madras District Boards (Amendments)
(Andhra Pradesh Amendment) Bill, 1958

Mr. Speaker: I beg to move that the Madras District Boards
(Amendment) Bill, 1958, be transferred to the Special Committee.

The Bill itself contains a number of amendments in the
previous Session, but in view of the fact that the Bill
contains a number of amendments in the previous Session, it
was felt that the Bill should be transferred to the Special
Committee for further consideration.

(Sri S. Ranganadha Mudaliar in the Chair.)
Very recently the State Team appointed to the Committee on Planned Projects set up by the Planning
Commission visited the State and discussed with the State Government its conclusions regarding the process of democratic decentralization and the future pattern of administration in the State. It was found that there was a large measure of agreement between the conclusions already reached by the cabinet committee of the Madras Government and the conclusions reached by this All India Body.

The Madras District Boards (Amendment) (Andhra Pradesh Amendment) Bill 1958

I cannot interfere. I cannot interfere. 
Administrative reports

I cannot interfere. I cannot interfere.
The Madras District Boards (Amendment) Bill, 1958

(Andhra Pradesh Amendment) Bill, 1958

Sri T. Veeraraghavulu: (Kovvur-Reserved) Mr. Chairman, Sir, This is a simple Bill. It seeks to extend the term of office of the Special Officer of the District Board by one year from 10th December 1958. As a matter of fact, it is true that there is a question as to how district boards should be reconstituted keeping in view the modern needs of our society and post-independence needs of our planning and other things, so that these district boards may play a suitable role in the present times. But, unfortunately, we could not bring in a suitable machinery to replace the district boards as soon as we wanted, and we took a little time more than we required. And if any body
were to criticise the Government for that, I think, it is not fair. It is true that a team of experts appointed by the Central Government has gone into the question and suggested the replacement of these district boards which out-lived their utility by smaller units with a view to bring these local units into more closer contact with our national extension schemes and development and community projects. This naturally takes some time. It is not as easy to replace an institution as we think. So, naturally, this must be given our best considered thought before we hazard to bring about any alternative or agreement.

In this connection, I do not propose to go into the historical significance of the role played by the district boards at a time when they were thought of. Naturally, Mr. Chairman, you know these things were ushered in only to give us an opportunity to train ourselves in self-Government as our first instalment towards our independence. But, every body agrees that these institutions have out-lived their utility and most of the functions which originally belonged to the district boards were either transferred or merged into other departments. So, we have got to think of another system to replace district boards and that has been actively engaging the consideration of the Government. If we can extend the term of the present special officer by another year, I hope we may be able to finally bring about these ‘Jilla Parishads’ which will replace the district boards. I think this is simple, just and unavoidable stop-gap arrangement, and I sincerely support the Government in their action to extend the term of office of the Special Officer by another year.

Thank you, Sir.

The Madras District Boards (Amendment) 1st December 1958

(Andhra Pradesh Amendment) Bill, 1958

District Boards have outlined their usefulness. The Madras District Boards have highlighted the significance of their roles in the development of schools, hospitals, and other essential services. Their contributions have been invaluable in ensuring the well-being of the local communities. The Amendment Bill aims to further enhance their capacity and effectiveness in delivering services. The Special Officer will continue to coordinate the efforts of the District Boards to ensure a seamless delivery of public services.

Mr. Speaker: The question is:
"That the Madras District Boards (Amendment) (Andhra Pradesh Amendment) Bill, 1958, be read a third time and passed."

The motion was adopted.

Sri K. Venkat Rao: Sir, I beg to move:
"That the Andhra Pradesh (Abolition of Cash Grants) Bill, 1958, be read a first time."

Mr. Speaker: Motion moved.
The Andhra Pradesh (Abolition of Cash Grants) Bill 1958

1st December, 1958

The Andhra Pradesh (Abolition of Cash Grants) Bill 1958:

Bill No. 14 of 1958, dated 1st December, 1958, was introduced by the Chief Minister of Andhra Pradesh in the Assembly on the same date. The Bill seeks to abolish cash grants and establish a system of administrative grants.

The Bill aims to maintain law and order and ensure public safety. It seeks to abolish cash grants and establish a system of administrative grants.

Part (A) seeks to abolish cash grants in Part 'B' of the Cash Grant list. Part (A) seeks to abolish cash grants in Part 'C' of the Cash Grant list.
Mansab Maviza Jagir including jagir Pension,
Mansab Maviza Qarza,
Mansab Maviza Arazi,
Mansab Maviza Abkari,
Mansab Maviza Sair,
Mansab Maviza Aslaha, Kutub, Dookan, Safai,
Mansab Imliazi,
Mansab Nizam Mahwars,
Mahwarat Walajahi issued in lieu of Jagirs.

Part (b) is a list of Government services
Part (B) is a list of cash services.
Part (c) is a miscellaneous cash grants

Youmias — Daily allowances
Mamools — Periodical allowances

Saliyanas — ordinary mansabs,
Riyayeti mamools — Compassionate allowances.
Khas, Mutaferriq Mahawars — special and miscellaneous cash grants.
Mash — a kind of ordinary grant.

Customs Mukasas — grant for collection of levies.

Agrahars — Mahwarat Walajahis — grants given by rulers of Masool and Kurnool.

Sarishtadari — grants for writing accounts.
Wiquai Nigari — Day to day events of history.

(a) and (c) lists are compensation

1-7-54 abolished for abatement of
grant 1-7-54 for abatement of
List (B) 5\(^{a}\) compensation was abolished. Section 100 of the Act 5\(^{b}\) states that compensation was abolished from the date of the Act 5\(^{c}\). Therefore, compensation was payable in instalments payment 5\(^{d}\). Hence, instalments 5\(^{e}\) payment was abolished. 1955 Act 5\(^{f}\) abolished allowances 5\(^{g}\) since 1.7.54 \(50.00\) was the limit for allowances 5\(^{h}\). Widows till remarriage or death received 5\(^{i}\) cash grant 5\(^{j}\). Grants for items in Lists (A) and (B) were abolished without compensation. List Bar 5\(^{k}\) abolished without compensation. Royal grants were abolished in 5\(^{l}\) 10000. Religious Endowment services 5\(^{m}\) definition was 5\(^{n}\) clear 5\(^{o}\) Act 5\(^{p}\). A & C categories 5\(^{q}\) duties were abolished in 5\(^{r}\) instalments 5\(^{s}\) Act 5\(^{t}\). The Andhra Pradesh (Abolition of Cash Grants) 1958.
Retrospective effect has been provided in respect of cash grant specified in Part A of the schedule appended to the Bill and in respect of cash grants specified in part C of the schedule from 1st April 1952 and 1st July 1954 respectively.

When the scheme of the Act was not to provide any compensation for grants specified in schedules A and C,
Payment of compensation will be spread over a period of 6 to 12 years from the date of commencement of the Act.

Financial implications are as follows: 58,19,688\^t for compensation, 31,90,800\^t for miscellaneous. Financial implications are spread over 6 to 12 years.

What is being paid now was being paid in past and will be paid in future. It does not affect the present status of the Bill.
December 1, 1958

1st December, 1958

The Andhra Pradesh (Abolition of Cash Grants) Bill, 1958,

Sections 53 to 56 of the Agriculture Services Act, 1951, provide for the payment of cash grants to farmers in the following categories:

1. **Category A**: Farmers who have been granted cash grants under the Act.
2. **Category B**: Farmers who have not been granted cash grants under the Act but whose farms are registered under the Act.
3. **Category C**: Farmers whose farms are not registered under the Act.

The High Court has issued a writ order in Case No. 524 of 1958, directing the State Government to pay cash grants to farmers in each of these categories. The State Government has appealed against this order in the High Court.

** clarification**

In response to the clarification, the State Government has stated that the High Court's order regarding Category A farmers is being implemented.

** clarification**

In response to the clarification, the State Government has stated that the High Court's order regarding Category B farmers is being implemented.

** clarification**

In response to the clarification, the State Government has stated that the High Court's order regarding Category C farmers is being implemented.
