మార్వు పుస్తక (ప్రపంచ వారి): అందుకే పాండెన్ట్ Bill pass చెప్పారు. అందుకే పాండెన్ట్ Bill pass చెప్పారు. మరింత సంఖ్య అమలు అయినా. యుగ్మ ప్రామాణ్య లేదు.
BUSINESS OF THE HOUSE

76 26th November, 1958

BUSINESS OF THE HOUSE

D.S. Sangareswar: The House adjourned at 1.12 p.m. on trustment. Adjourned for the day.

P.V. Venkateswar: I move adjournment motions for the estimation of an estimate of Rs. 50,000.

M. Sivaswami: I second the adjournment motions.

P.V. Venkateswar (Chair): The adjournment motions were passed.

M. Subramanyam: The meeting adjourned at 2.30 p.m. on trustment. "Let us go for lunch and come back at 2.30 p.m."

P.V. Venkateswar: I adjourn the House for the day.

M. Subramanyam: I second the adjournment motions.
Alternative steps were being taken to save the crops, as urgent as possible. Time was of the essence. Dam轫bery was founded. Short notice of the meeting was given. I have absolutely no objection.

Regarding files: Ready to allow reasonable time. As far as I am concerned, I have to allow some reasonable time. So it is posted to 3-12-58.
Calling attention to matters of urgent public importance Re:
Supply of water for second crop under K. C. Canal

The Minister for Irrigation and Power (Sri J. V. Narasinga Rao): The benefits of improvements of the K. C. Canal under the Rs 4 crores programme can be realised only after the special repairs and the improvements required to the distributaries and the branch channels are carried out to facilitate supply of water to the ayacut. A phased programme costing about Rs. 2 crores has been worked out and a special grant of Rs. 40 lakhs has been secured from the Centre for this year after strenuous efforts by the State Government and on the definite understanding that this money will be spent in full this year. This work has been already put on hand and is to be pushed through vigorously. Unless the canal is closed for the minimum period necessary for the completion of the work, it is not possible to spend this amount. The case was discussed at the Irrigation Development Board meeting and a decision taken on the minimum closure period necessary on the various reaches of the canal. The Collectors of Kurnool and Cuddapah were also consulted by the Special Collector and the subject was discussed by the Minister for Irrigation and Power with the members of the legislature and prominent ryots at the recent irrigation conference held at Kurnool on 23-11-55. If the allotment of the special grant of Rs. 40 lakhs is not fully utilised during this working season, it will be very difficult to get any more from the Centre which will mean further delay in realising the benefits of improvements to the canal already carried out. The periods of closure finally decided are as under:

The head sluice of the Cuddapah-Kurnool canal will be closed on the 15th April 1959 and will be re-opened on 1st July 1959. The K.C. Canal will be closed between Lakensula and Santhajithoor lock.
Calling attention to matters of urgent public importance

Re: supply of water for second Crop under K. C. Canal

26th November, 1958

from 1st February, 1959 to July, 1959 to enable repairs being carried out. Tudicherla and Chapar Channels will also be closed in this period. The canal beyond the 34th mile will be closed from 15th March 1959. Water will be available for standing turmeric crop and for second crops till the 15th March in the following reaches:

K. C. Canal below Santhajithoor anicut from the head sluice to the 34th mile till 15th April, for second crop.

The ryots have been advised to see that the second crop is raised in the reaches where the canal will be closed on the 15th March, as a suitable measure to suit this period.

The canal is being closed with a view to carrying out repairs and improvements lower down as has been explained above. It is expected that an additional area of 30,000 to 40,000 acres will get the benefit by the next irrigation season if these works are completed in time.

Mr. Speaker: He is submitting to me and he has got that right. Therefore, the hon. member need not worry.

You can put a short notice question. 4, 5 6th amended.

Discipline in an educational institution, especially a college or university, hinges on the respect that the students have for their teachers and importance they attach to their studies. In an institution where the teachers are proficient in their subjects, willing and able to guide and train the students, the state of discipline is usually satisfactory.

Hindi has only become the second language for all Indians, if its supporters are prepared to compromise. Whatever efforts they may make, it will change. You cannot keep out foreign words as you keep out foreign manufactured goods. Perhaps Telugu accepts them more easily than any other Indian language and it will certainly help to make it a rival to Hindi in teaching Science, Medicine and Engineering."

However I am certain that scholars who are familiar with the Telugu language will agree with Prof. Haldan that the Telugu language seems by far the best suited on the Indian subcontinent for development as the medium for Science, Medicine and Technology.

Higher Secondary Education and, especially, its effective administration, has been a matter of concern to the University authorities. The Committee welcomes the initiative taken by the Government to introduce a Bill for the establishment of a University for Higher Secondary Education. The Bill, it is hoped, will provide a sound basis for the development of a comprehensive system of education, particularly in the fields of Commerce and Science. The Committee is of the opinion that the provisions of the Bill are necessary for the effective functioning of the proposed University.

The Bill provides for the establishment of an Executive Council and a Senate. The Executive Council will be responsible for the administration of the University and will consist of the Vice-Chancellor, the Chancellor, and not more than ten members. The Senate will have the power to appoint the Vice-Chancellor and the Chancellor, and will consist of the Vice-Chancellor, the Chancellor, and not more than twenty members. The Committee is of the opinion that the provisions of the Bill are necessary for the effective functioning of the proposed University.

The Bill also provides for the appointment of a Council of Supervision and Control, which will have the power to recommend the appointment of a Registrar and the appointment of a Council of Examiners. The Committee is of the opinion that the provisions of the Bill are necessary for the effective functioning of the proposed University.

The Bill further provides for the appointment of a Board of Studies, which will have the power to recommend the appointment of a Librarian and the appointment of a Council of Teachers. The Committee is of the opinion that the provisions of the Bill are necessary for the effective functioning of the proposed University.

The Committee is of the opinion that the provisions of the Bill are necessary for the effective functioning of the proposed University.
"Mr. S. B. P. Pattabhi Rama Rao moved that the Senate do express the following opinions on the recommendations of the Commission relating to 'Constitution and Control':—

(a) The Senate is of the view that a uniform Constitution for all Universities or for each type of Universities is not desirable, and that constitutions should be framed with reference to local conditions and traditions built up, but that the academic element may be strengthened."

Sri Vavilala Gopalakrishnayya: "In regard to the appointment of the Vice-Chancellors the Senate considers that the Syndicate and the Ex-Vice-Chancellors should recommend a panel of three names to the Senate and that the Senate should elect one from the panel. . . . . . .

Mr. Pattabhi Rama Rao, the mover, by way of explanation, said that while the University Commission had really taken away the role of Senate in the Vice-Chancellor's election, the Syndicate had made an alternative suggestion and tried to retain the Senate in the picture"
Member may finish within the time and the hon. Minister will have his own chance to reply. No interruptions will be allowed now.

Traditions build up the Delhi pattern and the central bureaucracy. Democratic sentiments, majority, and the Delhi pattern are not the common practice in most cases. No interference is allowed.

"After careful consideration we reject this idea, feeling in the first place that a Vice-Chancellor for whose appointment the University is responsible will find it easier to gain the respect and confidence of his colleagues; and secondly, that it is really a part of University's duty to learn how to choose its own Vice-Chancellor wisely and that therefore to deprive it of this duty would be a counsel of despair."

I want to show there is no force in that argument, so that on account of an individual’s bitter experience or unhappy experience, it should not mean that ultimately the strength in the Senate should be reduced to 2/3 from the present strength.

The Osmania University Bill, 1958 (As Reported by the Joint Select Committee)

On the 26th November, 1958

The following is a brief summary of the proposed legislation to be known as the Osmania University Bill, 1958, as reported by the Joint Select Committee of the Legislature.

The Bill seeks to establish an Osmania University with a legislative body consisting of a Governor, a University Council, and a Senate. The Governor will be the ex-officio Chairman of the University Council, and the Senate will have the power to approve the establishment of faculties and the appointment of rectors, vice-chancellors, and other university officials.

The Bill also provides for the appointment of a University Council and a Senate of distinguished persons who will have the power to advise the Governor on matters relating to the governance of the University.

The Governor will have the power to appoint a University Secretary to assist in the management of the University. The University will have the power to grant degrees and other academic qualifications, and to give recognition to other institutions of higher education.

The Bill also provides for the establishment of a University Grant Commission to determine the quantum of grants to the University and to allocate such grants among the various faculties and departments.

The Bill seeks to establish the University on a sound financial footing and to provide for the proper management and administration of the University.

The Bill is an important step towards the establishment of a world-class University in the region and will go a long way towards improving the standards of education in the state.

The Bill is expected to be presented to the Legislature for consideration in the near future.

The Osmania University
Bill, 1958 (As Reported by the Joint Select Committee)

The issue of academic freedom has been a significant concern. Academic freedom is a vital aspect of the work of the Vice-Chancellor and the University. It is the right of the faculty and students to express their thoughts and ideas freely without fear of retaliation. The freedom to dissent and the right to engage in political opinion are essential components of academic freedom.

In official capacity, the Vice-Chancellor and the University are responsible for maintaining an environment that upholds academic freedom. In private capacity, faculty members and students are entitled to the same freedom of expression. The right to engage in political opinion is protected by law and is an integral part of academic freedom.

It is important to safeguard the rights of the faculty and students to express their opinions without interference. This freedom is crucial for the advancement of knowledge and the pursuit of真理.

Mr. Speaker: Hon. Sri Mir Ahmed Ali Khan will speak now.

Sri Mir Ahmed Ali Khan (Malakpet): I may be allowed to speak tomorrow, Sir.

Mr. Speaker: It is not the choice of the hon. Members. When once the name comes, I can call an hon. Member at any time. If you want me to call you tomorrow, you may not have an opportunity at all.

Sri S.B.P. Pattabhi Rama Rao: There are only five minutes left now, Sir. That is why he wants to speak tomorrow, perhaps.

Mr. Speaker: Whatever he wants to say, let him say for these five minutes and then he can continue tomorrow.

Sri Mir Ahmed Ali Khan: Mr. Speaker, Sir, the Osmania University, as I said at the time of introducing the Bill, was established at a time when great upheaval was going on in India and the people of India were in a mode of revolt against the foreign domination. They wanted to bring about a change in so many things which were concerning their life. Out of those so many items, 'Education' was one. The aim of the foreign rule in expanding Education in India was, as some of our elderly educationists and Statesmen had said, to produce cheap clerks for the machinery of the British Administration. But, when the awakening came in India and our great leaders contemplated the freedom movement, they thought that the fundamental thing was the change in the policy of education. So,
Mahatma Gandhi, our great leader— not only the leader of India but the leader of the whole humanity—laid the foundation of national education in India. He preached that the students should come out of the Universities and colleges. He started the movement of national education and then established Universities. The Kashi Vidyapith, the Gujarat Vidyapith in Ahmedabad and the Jama-e-Mil-liya Islamia in Aligarh were part of that movement, and they are still continuing. The Osmania University also was started with the same notions. Though all the theories of Mahatma Gandhi were not totally adopted in this University, but a beginning was made of giving education as the people liked and it was free from foreign domination. So, this University is a remembrance of those days. I admit that there were some fundamental shortcomings also in the University which was a part of the machinery of that aristocratic rule in the Hyderabad State at that time, but at the same time there were some good things also in this University. Therefore, what we have to consider now in the maintenance of those traditions which we laid down at that time after the removal of the shortcomings.

I request you, Sir, to give me another few minutes tomorrow.

Mr. Speaker: Yes, you may continue tomorrow.

Now, we will adjourn till 9 a. m. tomorrow, and hon. Sri Mir Ahmed Ali Khan will continue his speech tomorrow.

[The House then adjourned till Nine of the Clock on Thursday, the 27th November, 1958.]
