On the statement made by the Minister, the MLA of the Bhadrachalam constituency, Dr. V. K. Reddy, regarding pending irrigation works, the Chief Minister, Shri. B. V. R. Chowdary, stated that the Government has taken steps in this regard. At present there is no time.

Calling attention to matters of urgent public importance — The rapid spread of Encephalitis in the rural areas of Nellore District.

Sri S Kasi Reddy and Sri B Sankaraiah. The subject matter of the motion is regarding incidents of Encephalitis rapidly spreading in the rural areas of Nellore District resulting in 17 deaths.

It has been reported that there have been 19 attacks and 17 deaths due to virus Encephalitis during the period from 9—7—1958 till date in the rural areas of Nellore District, as per the details now being read—

9—7—58 South Mopuru No of attacks 4, No of deaths 4
4—8—58 Poletpalayam One cured
5—8—58 Surrounding villages of Buchireddipalayam 7 attacks 7 deaths
8—8—58 Gottelupalayam, Sallarjilipalayam and Police Naidu Cheru 3 attacks 3 deaths

These cases are mainly among children below 10 years of age and infection is confined only to two taluks viz., Nellore and Kovur Taluk. All the villages affected with Encephalitis have been visited by the Health Office Staff of the District for undertaking prompt preventive and control measures such as chlorination of water sources, maintenance and upkeep of sanitation, conservancy arrangements and fly control. Following are the important measures that have been adopted by the Public Health Staff—

1. A Committee of officials and non-officials including private medical practitioners was formed under the Presidency of the District Collector, Nellore, for co-ordinating effective and prompt preventive and control measures for Encephalitis and the above
Committee met on 7—8—1958 and decided the line of action to be taken.

2. Intensive health education and propaganda as to how to prevent the infection is being carried out through broadcasts on Municipal Broadcasts Wire System, through distribution of pamphlets etc.

3. Provisions of Madras Public Health Act have been enforced for preventing the sales of eatables exposed to dust and flies.

4. Spraying operations have been intensified to prevent fly breeding.

5. Sanitation drive has been intensified.

6. An ambulance van has been kept at the disposal of the District Medical Office, Nellore, for transporting the Encephalitis cases to the Infectious Diseases Hospital, Nellore, for treatment. In as much as there have been only 4 attacks and 3 deaths, after 8—8—1958, it may be stated that incidence of virus Encephalitis is definitely on the decline in the rural areas of Nellore District and the situation is well under control.

Adjournment motion Re -
Hooliganism in Chembuvaram, Village, Kurnool Dt.

Mr Speaker A Notice is given about a very serious matter
by Mr N K Lingam Setting off fire by the caste Hindus to the
houses of Harijans as a result of the disputes that arose recently in
Chembuvaram village, Siruvalla Taluq, Kurnool District.

A highly important notice is given to the House about a very serious
matter that arose recently in Chembuvaram village, Siruvalla Taluq, Kurnool District.

A Sub-Inspector of police is investigating the matter and discussing it.

Inconvenient to discuss view of Charge sheet file,
Mr Speaker, it is requested to discuss the matter.

Speech by Mr. S. Sivaramakrishnan, Member, Kurnool District

It is necessary to discuss this matter in detail.

Adjourned.
As a result of the objections raised by the caste Hindus over the construction of a piali in Harijanwada close to a public tap, about 100 caste Hindus and 60 Harijans clashed on 1—8—1958 evening. 9 caste Hindus and 7 Harijans were injured and excepting two on either side admitted in hospital as in-patients, the rest have received simple injuries. Both the parties were armed with stick and spears and indulged in stone pelting against each other. During the course of the riot, both the parties set fire to the thatched huts and hayricks of the opposite party. About 45 thatched huts and 2 small hayricks of the Harijans and 9 huts of the caste Hindus were thus burnt, with an estimated loss of about Rs 8,000. The D S P. and two Sub Inspectors and a Police Party rushed to the village the same night and have registered cases against the concerned 7 Harijans and 5 caste Hindus have been arrested. A section of the Armed Reserve is stationed in the village. The A I G of Police Sri Saldanah is deputed to the place and was also asked to send a detailed report to the Government, which will be submitted in continuation, after its receipt.
Non-acceptance of the recommendations of the Hanumantha Rao Report

23rd August, 1958

The rioting occurred in Sambavaram village in Siruvella Taluk (Siruvella station limits) between caste Hindus and Harijans on 1—8—1958. The immediate cause is the objection raised by the caste Hindus for the construction of a pial in Hariganawada close to a public tap. About 100 caste Hindus and 60 Harijans are reported to have taken part in the riot. 9 caste Hindus and 7 Harijans were injured excepting two on either side. Case and counter case in Criminal Cases Nos. 144 and 145 of the Siruvella Station, both under Sections 148, 324 and 436 I.P.C have been registered and are also being investigated. 7 Harijans and 5 caste Hindus have been so far arrested. Efforts are being made to apprehend the other Hindus.

A Harijan by name Munnayya who is said to have been chased by K. M. Tirpal Reddy and two others at the time of occurrence is still missing. This case is registered at Siruvella Station also. The man is missing and efforts are being made to trace him.

Now, the later telegram also has come. The telegram (302 Section 320 case register) latest report—Police party Special Officer investigation arrested and arrest investigation arrested details. Another arrest. Arrests cases are under investigation.

Point of clarification regarding press report on the statement made by the Revenue Minister on the Andhra Pradesh ceiling on Agricultural holdings, Bill, 1958

23rd August, 1958

Sir,

I have noted with care, the arguments advanced in the press report dated 1-10-1950 in connection with the exemption of Sugar Factories from ceiling on Agricultural holdings. I am inclined to agree with the arguments advanced in the press report dated 1-10-1950 in connection with the exemption of Sugar Factories from ceiling on Agricultural holdings.

I am not aware that just the opposite is true, i.e., that the informal exemption granted to Sugar Factories in the past has now been made formal. I am informed that the exemption was granted in the past on the understanding that no formal exemption would be given. The informal exemption was then converted into formal exemption on January 1, 1950. It is stated in the press report dated 1-10-1950 that the informal exemption has now been formalized and that a protection was given to Sugar Factories.

It is not correct that the Select Committee has been asked to amend the Act so as to allow exemption from the ceiling on Agricultural holdings to Sugar Factories. The Select Committee has only been asked to consider the arguments advanced in the press report.

Let the stress be noted. Exemption accorded in Section 5(3) of the Act is in the case of Sugar Factories from the ceiling on Agricultural holdings. Exemption accorded in the past has now been formalized and applied. It is now required to consider the arguments advanced in the press report.

Yours faithfully,

[Signature]
On the 1-10-1950, factories in Andhra Pradesh were required to apply for exemption to the Share Capital and Debenture granting Department. The Select Committee's report on the matter was considered in the Assembly.

Production exemption at issue?

Consequences of the statement made by the Revenue Minister were discussed. The Minister explained that factories would be granted exemption on the 1-10-1950. However, the Select Committee recommended that the exemption granted on that date be withdrawn and that a new exemption be applied from 1-10-1950.

Sri Vasudeo Krishnaji Naik (Sultan Bazaar) Sir, there are sever resolutions on the agenda and the time left is only 2 hours. I think it is better if some time limit is prescribed for every speaker so that all resolutions could be finished today and movers of all resolutions could get opportunity to speak. It is only one day we get to discuss resolutions of this type.

Resolution re Extension of Educational Facilities to the poor 266
(23rd August, 1958)

The Minister planted a sapling at the毕 thittu and addressed the audience. He said that the government has decided to extend educational facilities to the poor. The minister emphasized the need for a merit-based system for the allocation of educational facilities. He called for the prioritization of students based on merit. The minister also appealed to the parents to ensure that their children receive education.

The minister expressed his hope that the extension of educational facilities would help the poor to improve their lives.
Resolution re Extension of Educational Facilities to the poor
23rd August 1958

267

In the Assembly of [DistRICT NAME] Assembly, this resolution was passed by a majority of votes after due discussion. The members of the Assembly expressed their satisfaction with the efforts being made by the Government to provide educational facilities to the poor. The resolution was moved by [Name] and seconded by [Name]. The members of the Assembly expressed their unanimous support for the resolution. The resolution was adopted and referred to the Committee on Education for further action.

Scheduled tribes and other disadvantaged groups have long been deprived of educational opportunities. The Government has been taking various steps to provide educational facilities to these groups. The resolution calls for the continuation of these efforts and for the Government to take further steps to ensure equality of educational opportunities for all sections of the community.

The resolution also stresses the importance of providing education to girls, who are often denied access to education due to various societal and cultural factors. The resolution calls for the Government to take special steps to ensure that girls have equal access to education and that they are not discriminated against in any form.

The resolution encourages the local communities to take an active role in providing educational facilities to the poor. The resolution calls for the formation of community-based educational committees to monitor the provision of educational facilities and to ensure that these facilities are used effectively.

The resolution was adopted unanimously and referred to the Committee on Education for further action. The Committee is expected to submit its report to the Assembly within three months from the date of its adoption.

"One swallow does not make a summer" thought one of us. "How long will we continue to ignore the plight of backward communities?"

We, the representatives of the backward communities, urge you to extend educational facilities to the poor.

The educational facilities available to the poor are very limited. Only 100 to 50 students can be accommodated in the existing colleges. To meet the demand of the students who are eager to pursue higher education, new colleges are needed.

The backward communities are striving to catch up with the rest of the society. They are ready to work hard to improve their condition. Their enthusiasm and hard work should be encouraged.

We urge you to extend educational facilities to the poor. It is not a question of making a summer; it is a matter of providing a chance to the children of the backward communities to realize their potential.

Let us work together to ensure that every child has the opportunity to education.
Resolution re Extension of Educational Facilities to the poor
23rd August, 1958

The subject of Cooly class etc. has already been discussed. The main point is the relaxation of the upper age limit for unattended students. (Interruption)

The point is that, if the upper age limit is relaxed, it will mainly affect the children of the non-casteed families. The Government has already released the Madras University (Gazetted Officer) for the purpose of scholarships to the students in the State. The recommendations of the University authorities are being considered by the Government. The Central Government may also be recommended by them.

Strictly to the point, the argument is that the upper age limit should be relaxed. The present limit is 14 years. The Government is of the opinion that the upper age limit should be 16 years. The Madras University authorities have recommended that the upper age limit should be 16 years. The Government may also be recommended by them.

There are various aspects of the resolution Sir. It is not a question whether there are differences of opinions or not. Each member is trying to bring to light some aspect of that resolution. Please permit 10 or 15 minutes more for discussion.

Mr Chairman Each Member has been saying the same thing. There is no new contribution. If hon. Members can co-operate we can stop this discussion and let the hon. Minister reply.

Sri E Ayyapu Reddi There are 8 or 4 Members who want to speak on this resolution. I request that we may be given at least 2 or 3 minutes to speak.

Mr Chairman I have no objection, if that is the sense of the House.

Sri L Laksmana Das The House is in favour of having discussion for some time more. At least the sense of the House is not in favour of closure. I would therefore request you to allow us to speak.

Resolution re Extension of Educational Facilities to the poor
23rd August, 1958

The number of schools in the state is sufficient to cater to the basic educational needs of the children of the poor. However, the facilities in these schools are inadequate to meet the demands of the students. The government has taken several measures to improve the situation. The annual expenditure on education has been increased from Rs. 300 lakhs to Rs. 500 lakhs. The government has also decided to provide free education to all children up to the age of 14 years. This will help in providing opportunities to the children of the poor to receive education.

In addition, the government has also decided to provide scholarships to meritorious students from poor backgrounds. The scholarships will be granted on the basis of merit and financial need. The government has also decided to provide free books and stationery to all students. This will help in reducing the financial burden on the families of the poor.

The government has also decided to provide free meals to all students in government schools. This will help in ensuring that the students have proper nutrition and are able to concentrate on their studies.

The government has also decided to provide free transportation to students who reside in remote areas. This will help in reducing the distance covered by the students and ensure that they are able to attend school without any difficulty.

The government has also decided to provide free medical care to all students. This will help in ensuring that the students receive proper medical attention and are able to continue their studies.

The government has also decided to provide free legal assistance to students who are facing financial difficulties. This will help in ensuring that the students are able to continue their studies without facing any financial difficulties.

The government has also decided to provide free housing to students who are facing financial difficulties. This will help in ensuring that the students are able to continue their studies without facing any financial difficulties.

Resolution re: Extension of Educational Facilities to the poor

[23rd August, 1958]

The Hon'ble Member Mr. X pointed out that the present system of education facilities was inadequate for the poor children. The scheme under which the experiment was conducted resulted in 45 schools, but the actual number of schools was 60. Education facilities were necessary and steps should be taken as early as possible. Every man and woman should be educated as per Constitution. Scholarships were also necessary. Education would survive if democracy survived. The education budget should be increased to 2½ times of the present budget. The Constitution states "Every man and woman should be educated."
Compulsory education scheme has led to an improvement in the education sector. However, the slow process of education reform has made it almost irresistible for any overmighty reform. The present point of emphasizing scholarships is liberal and extending educational concessions in Form A, the Chief Minister has extended scholarships and facilities to the poor. Concessions extend to the educational institutions to the poor students, and inculcate aptitude in such students.

Resolution re Extension of Educational Facilities to the poor

[23rd August 1958]

Proposed by Dr. Ramaiah

Resolution - Be it resolved that the Government accept the assurance given in the Assurances Committee meeting of 23rd of August that all people, including backward classes, will receive educational facilities as early as possible. The Government accept the principle that educational facilities should be extended to the poor and the principles and facilities of the present education budget should not be disturbed.
