Large Size Credit Co-operative Societies
in Darsi Taluk

158 —

*44 (2293) Q — Sri S Kasi Reddy — Will the hon. Minister for Co-operation and Housing be pleased to state

(a) the number of large size credit Co-operative Societies for which deposit has been paid in Darsi taluk, Nellore district in 1959,

(b) whether all the said societies have been registered, and

(c) if not, why not?

The Minister for Co-operation (Sri Mehdi Nawaz Jung) —

(a) During the financial year 1958–59 deposits have been paid for two large sized credit co-operative societies in Darsi taluk, Nellore District

(b) Yes, Sir

(c) Does not arise.

Sri Mehdi Nawaz Jung — They have been registered Sir, one on 19–5–1958 and the other two in 1957–58.

Mr. Speaker — What is the Society that has been registered?

Sri Mehdi Nawaz Jung — The names have not been given here.

Mr. Speaker — So some three Societies have been registered.
Mr Speaker — Is it a large-sized Society or an Ordinary Society?

Sri Mehdi Nawaz Jung — If the Hon Member wishes to know how many large-sized Societies have been in Andhra Pradesh, then there are none.

Mr Speaker — The question is whether any large-sized Societies have been registered in Darsi Taluk?

Sri Mehdi Nawaz Jung — Yes Sir, the question has been about Darsi Taluk and the answer is that they have been registered.

Sri V Visweswara Rao — Have all the large-sized Societies for the starting of which money has been collected, been registered?

Sri Mehdi Nawaz Jung — Those which were done before March 1959.

Sri V Visweswara Rao — Have the Societies for which money has been collected been registered? If so, how many collected money and how many have been registered?

Sri Mehdi Nawaz Jung — If the question is general one, no registration from April 1959 took place. Before that date they have been registered.

Sri G Yellamananda Reddy — Are the Government aware of the fact that a large-sized Society in Darsi Taluk has not been registered by the Government as the local Congressmen wanted their men to be nominated as Directors, in Darsi Taluk?

Mr Speaker — In Darsi Taluk one large-sized Society has not been registered on account of the obstacles created by the Congressmen. Is it true?

Sri Mehdi Nawaz Jung — I would like to examine that case if it is brought to my notice.

Field Labour Co-operative Societies 800 Shyamasundar.

Field Labour Co-operative Societies 800 Shyamasundar.

Field Labour Co-operative Societies 800 Shyamasundar.
Mr Speaker — In Darsi Taluk how many applications have been received with money and how many have been registered?

Sri Mehdi Nawaz Jung — It requires notice, Sir

Sri Mehdi Nawaz Jung — I answered, Sir. Three have been registered. They have deposited their share in the Central Bank.

Mr Speaker — What he wants is, whether any more applications were received with money and the societies not yet registered.

Sri Mehdi Nawaz Jung — It requires notice, Sir

Sri P Sundarayya — We would like to know a specific answer. We want to know the number of large-sized Co-operative Credit Societies for which deposit has been paid in Darsi Taluk, Nellore District in 1959. 1959 is not yet over. It may be July end. We want to know whether all the Societies have been registered.

Mr Speaker — The answer is already there.

Sri P. Sundarayya — We request you to repeat the answer.

Sri Mehdi Nawaz Jung — During the financial year 1958–59 deposit has been paid for two large-sized Credit Societies in Darsi Taluk, Nellore District.

Sri P. Sundarayya — Whether all the Societies have been registered or not we want to know.

Sri Mehdi Nawaz Jung — Yes, Sir.

Sri P. Sundarayya — For how many deposits have been paid?

Sri Mehdi Nawaz Jung — Three have been registered. That means there must be an old one also. This is in 1958–59.
Sri P Sundarayya — Our question is for 1959.

Mr Speaker — They can only answer with regard to the financial year. Some portion of 1959 is covered. It does not matter.

Sri P Sundarayya — The date of the question is sometime in June or July. According to the 21 days’ rule it must be in the beginning of July. We want the figures from 1st January to the time when we put the question. He says two, but registration is for three. So the answer is not relevant.

Mr Speaker — Two have deposited during that year, but three have been registered, probably due to one old case pending.

Dr M Chenna Reddy — The Minister can clarify the position whether any deposits have been made since 1st April 1959.

Sri Mehdí Nawaz Jung — In this case, the financial year does not come into the picture. After 1st April 1959, no large-sized Societies have been registered and they shall not be registered. Financial year ends with 31st March 1959.

Mr Speaker — Have they not been registered afterwards?

Sri Mehdí Nawaz Jung — No, Sir.

Sri G. Yellamanda Reddy — Are there any Societies in 1958 which are not registered?

Mr. Speaker — That question does not arise.

Sri Vavilala Gopalakrishnaiah (Sattenapalli) — The question is whether money has been deposited by any Co-operative Societies and whether they have been registered or not.

Information is being furnished for the question. Information is furnished:—1958-60 303030. Further no questions arise. Next question.

Agricultural Co-operative Societies

1. Co-operative Credit Societies

(a) Primary Agricultural Credit Societies (Unlimited Liability).

Under the scheme for the reorganisation and strengthening of credit societies, Government are providing subsidies to select primary rural credit societies for a period of three years on a sliding scale towards their working expenses with a view to ensure that they handle a loan business of Rs 20,000/- to Rs 25,000/- per annum in a period of three years. For the purpose each society is proposed to be provided with a subsidy of Rs 150/- during the first year, Rs 100/- during the second year and Rs 50/- during the third year towards its working expenses. During the year 1958-59, about 500 credit societies are proposed to be subsidised under this scheme. The subsidy amount is proposed to be paid towards meeting the cost of managerial staff appointed to these societies by the concerned co-operative Central Bank.

(b) Large sized societies and rural banks.-

Under the second plan programme about 508 large sized co-operative societies including rural banks are proposed to be organised before 31-3-1959. Each of these large sized co-operative societies and rural banks are being provided with subsidies for the maintenance of managerial staff. While departmental Senior Inspectors are being appointed to work as managers of rural banks, central banks supervisors or in their absence qualified men are appointed to work as managers of large sized societies. The pattern of assistance involves the payment of full cost subject to a maximum of Rs. 100/- during the first year, 2/3rd cost during the second year and 1/3rd cost during the third year of employment. Government are also providing financial assistance to these societies for construction of godowns making available 75% of the cost as a loan and the balance as subsidy. Besides this, State Government are making contributions towards the share capital of these institutions at the
rate of about Rs. 10,000/- to a large sized society and Rs 20,000/- to a rural bank by obtaining a loan for the equal amount from the National Agricultural Credit (Long term) operations fund with the Reserve Bank of India. During the current year about 205 large sized societies and rural banks are proposed to be provided with State contribution of share capital to the extent of Rs 19 70 lakhs.

(c) Gram banks

At present no assistance is being provided by Government to the grain banks which are existing in Telengana area only.

2. Multi-purpose Co-operative Societies:

The multipurpose co-operative societies in both Andhra as well as Telengana are credit institutions which are undertaking multipurpose activities like provision of marketing facilities and supplying the agricultural requirements of their members besides dispensing credit. These societies are also eligible for subsidies under the scheme of reorganisation and strengthening of rural credit societies as indicated under 1 (a) above.

3. Co-operative marketing societies

Government are providing loans and subsidies to marketing societies in the State towards the construction of godowns and installation of processing plant like sugarcane crushers, groundnut decorticators, oil crushers, cotton gins, etc. Seventyfive percent of the cost of these godowns is being given as a loan while the balance is being given as subsidy. These societies are also being provided with subsidies to meet the cost of managerial staff on a sliding scale viz., full cost during the first year of employment, 2/3rd cost during the second year and 1/3rd cost during the third year. Besides this, Government are also providing contributions to the share capital of these societies. During the current year State contribution to the extent of Rs. 5.00 lakhs is being given to 39 marketing societies. Financial assistance by way of loans and subsidies is proposed to be provided to 15 marketing societies for construction of 15 godowns and installation of 9 processing plants during 1958-59.

4. Co-operative farming societies:

(a) Land colonisation societies:

Government waste lands in compact blocks of 50 or more of valuable land or 100 acres or more of ordinary land are given free of cost to these societies. The extent of land assigned in favour of a
co-operative society however depends on the number of colonists proposed for settlement, the nature of the soil the extent of an economic holding etc. Financial assistance in the shape of free grants, interest free loans and department and technical staff is also given to these societies on terms and conditions laid down in G O M s No 3973 Development dated 2—9—1953. The scale of help available to land colonisation co-operative societies is as follows:

<table>
<thead>
<tr>
<th></th>
<th>Free grant</th>

<tr>
<td>(i) Share capital per colonist</td>

<tr>
<td>(v) For purchase of minor implements an interest free loan of Rs 50 per member repayable in ten annual instalments</td>
<td></td>
<td></td>
</tr>
<tr>
<td>(vi) Reclamation charges</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

Each case will be considered on its merits.

The assistance is provided only in the initial stages to give a start to the landless poor to carry on agricultural operations.

(vii) Land revenue assessment and water rate is waived for the first three years.

(b) Co-operative Joint or Colletive farming societies:

There is no pattern or scale of assistance laid down by Government for providing financial assistance to joint or collective farming
However each case is being considered on its merits. Generally financial assistance is recommended, keeping in view the pattern of assistance prescribed by Government for land colonisation societies. In respect of Kollair co-operative farming schemes, Government have agreed to stand security to an amount of Rs 2,80,000 for two societies to be given as loan by the co-operative central banks to the two societies for one year only.

Government have also sanctioned half the share capital as advance while the other half has to be contributed by members themselves.

Government have also sanctioned the free services of a Co-operative Sub-Registrar to work as Secretary and also a peon to work under him besides a Junior Inspector and some Technical staff for assisting the Secretary.

(e) Tenants or field labourers’ Co-operative societies:

These societies are mostly composed of harijans and other landless poor people. The only concession provided by Government is that, according to G O Ms No. 1007 Revenue, dated 29-5-1957 preference will be given to Co-operative Societies in granting leases of lanks lands in respect of villages whose total extent is less than 100 acres.

5. Irrigation Co-operative Societies:

Government have been providing various facilities to irrigation co-operatives depending on the needs of the individual cases. The most important of these are indicated below:

A subsidy was sanctioned under the Local Development Works to Dhanavaram Lift Irrigation Society and Ponvada Lift Irrigation Society in the Srikakulam District. For extending electricity to the area of Telengana Lift Irrigation Society in East Godavari District, the Community Project Administration gave a loan of Rs 1.03 lakhs to the State Electricity Department. The State Industries Department lent five hand boring sets and one rotary power drill to the Polunadu Tube Wells Irrigation Co-operative Society, Kirlampadu for sinking tube wells. Government have also in G O. Ms No. 1980 Industries dated 29-9-1955 exempted the society from payment of enhanced rates of hire charge mentioned in rule 27 of the rules governing the levy of fees for work done by the Industrial Engineering Branch for the period during which the society retains the hand boring sets hired from the Industries Department in excess of first 150 days.
6. Taluq Agricultural Co-operative Associations

The Taluq Agricultural Co-operative Associations in Telengana are at present being provided with State contribution of share capital and subsidies towards the cost of managerial staff as in the case of marketing and land colonisation societies. These societies are also proposed to be provided with financial assistance by way of loans and grants towards construction of godowns as in the case of marketing societies.

7. Co-operative Sugar Factories

Government are contributing to the share capital of Co-operative Societies organised with the intention of setting up sugar factories in the State for enabling them to purchase the necessary plant and machinery. The contribution is being made generally to an extent of Rs 12 lakhs for society. Besides this, these societies are also being provided with free services of departmental officers of the rank of Deputy Registrars to attend to the preliminary work like raising the required share capital, purchase of plant and machinery, in their installation, etc.

Sri Mehdi Nawaz Jung.—There are Field Labour Co-operative Societies. I have given the details here.
Mr Speaker — Whether a Co-operative Bank will be established for helping the Field Labour Co-operative Societies, that is what he wants.

Sri Mehdi Nawaz Jung — That will be examined separately.

Sri M Satyanarayana Raju (Cheepurupalli—General) — In the list given, there are also Trade Societies. In these Trade Societies, if one or two members become defaulters, the loan for the entire Society is being stopped. Is there any provision or a new proposal made by the Government to take action against those people and give loan to the other members of the Society?

Sri Mehdi Nawaz Jung — Will you kindly repeat the question?

Sri M Satyanarayana Raju — In these Credit Societies, there are several members. If one or two members commit default, the loans for the entire Society are stopped. By doing so, the other members are suffering. Will the Govt please see that action is taken against the defaulters and the loan continued to the other members of the Society?

Sri Mehdi Nawaz Jung — It is a matter of discretion of the Central Bank. I cannot say how it exactly happens. Perhaps the general affairs are not satisfactory. If a specific case is brought to my notice, the matter will be looked into.

Sri P Rajagopal Naidu (Tavanampalli) — It is stated in the Note that the Government is also giving departmental and technical assistance in Kollur co-operative farming schemes may I know what is meant by it?

Sri Mehdi Nawaz Jung — A sub-registrar has been given to look after the affairs.

Dr M. Chenna Reddy (Vicarabad—General) — In the rural credit societies, if there are defaulters in a village — one or two defaulters — is it the practice of the department or the procedure of the department to stop the entire loan for that village until these one or two defaulters clear off their arrears?

Sri Mehdi Nawaz Jung: — Correctly speaking, it should not be so. The amount should be collected from the defaulters and the loans to the society should not be stopped unless other conditions prevail.
Dr M Chenna Reddy — There is no question of correctly speaking here. Are there any specific instructions from the department to that effect?

Sri Mehdi Nawaz Jung — I am not aware, Sir

Dr M Chenna Reddy — There are 8 co-operative sugar factories in Andhra and 1 in Telangana. How much aid has been given to both Andhra societies and to the Telangana society, and what is the state of the co-operative sugar factories?

Sri Mehdi Nawaz Jung — The general rule is that Government contributes Rs 12 lakhs for each sugar factory. So far as Telangana is concerned, I am not aware of the progress made. But any how they are collecting money and a time will come when they also will have contribution from the Government

Dr M Chenna Reddy — In the Note that is placed on the Table of the House, it is said that there are 8 societies for Andhra and 1 for Telangana. I want to know specifically as to how much aid has been given to the Telangana and Andhra co-operative sugar factories that have been formed.

Sri Mehdi Nawaz Jung — In the case of such sugar factories which are likely to commence work and which have collected their own share capital, Government come forward to contribute up to Rs 12 lakhs.

Dr M Chenna Reddy — That is only a policy that is enunciated. But I want to know specifically as to how much amount has been given to each society.

Sri Mehdi Nawaz Jung. — I want notice, please.

Sri R B Ramakrishna Raju. — Is it a fact, Sir, that if money is over-due from the Primary Society, all further loans are stopped from the Central Bank?

Sri Mehdi Nawaz Jung — I have answered this question already and I have only to say that if I am given notice about any particular society, I will enquire into it. But as a rule loans should not be stopped.

Sri Ch. Rajeswara Rao (Choppadondi) — In the paper laid on the Table, it is said that there are 3 collective farming societies in Andhra and 9 in Telangana. Will the hon. Minister be pleased to define a collective farming society? And will he let us know as to where these societies are?
Sri Mehdé Nawaz Jung — Sir, there are various types of farming capital farming, corporate farming, State farming, collective farming, co-operative joint farming, tenants farming, etc. There are so many types and so collective farming is one which is very much appreciated by the communists because the land belongs to the community there, they have to work as workers in the field, they have equal shares from the produce. The land does not belong to any individual but it belongs to the community and the society.

Sri Ch Rajeswara Rao — Where are these 12 societies in the State?

Sri Mehdé Nawaz Jung — A collective farm as far as I can see is very desirable. We have got a co-operative joint farming society in Badvel taluka in Kudapah district. It is doing very well.

Mr Speaker — How many are they?

Sri Mehdé Nawaz Jung — 12

Sri Ch Rajeswara Rao — In which places are they?

Sri Mehdé Nawaz Jung — I would like to answer the question separately, Sir.

Sri N Sanjeeva Reddy — I would like to clarify, Sir. There seems to be some wrong impression. The Bhooldan villages which are given by some people are taken up and then the land is pooled. It does not belong to any body. A wrong name is given to it and a wrong impression is given about it. There is no collective farming. It is not accepted by this Government. I would request the hon. Minister for Co-operation not to use that word hereafter.

Sri B Rathnasabhapathi — On a point of order, Sir...

Mr Speaker — Please sit down.

Sri B Rathnasabhapathi (Badvel) — The hon. Chief Minister was just...

Mr Speaker — You please sit down. There is no point of order now. You are generally indisciplined though you are a leader of a big party. I am sorry to observe this. You must kindly sit down when I say, 'Please sit down.' You should not stand when I am on my legs. Now let us go to the next question.
Kandasari Sugar Production

160 —

*119 (3101) Q — Sri P Venkatavubbaiah (Put by Sri M Saranaraya Raju) — Will the hon Minister for Endowments and Industries be pleased to state

(a) whether it is a fact that the production of Kandasari sugar as cottage industry has been introduced in the State

(b) if so, its location,

(c) the quantity of Kandasari sugar produced during 1958 up to date, and

(d) whether this scheme is profitable to the agriculturists?

The Minister for Endowments and Industries (Sri A Bhagavanta Rao) — (a) Yes

(b) In the following taluks

1 Anakapalli and Chodavaram in Vizag District

2 Ramachandrapuram and Kirlampadi in East Godavari District

3 Chittoor District

4 Hindupur and Penukonda in Anantapur District

(c) 25 imperial maunds upto 15—3—59

(d) Yes

5 సిరిసితే — Excise duty యొక్క అమితం ప్రవృత్తి సంయోగాలు

6 సిరిసితే — Excise duty యొక్క అమితం ప్రవృత్తి సంయోగాలు

Sri Thummayya Setty (Kosigi) — What is the difference between the Kandasari sugar and ordinary sugar in quality and what is the difference in rate that is being obtained in the market for production as well as for sale?
7. The rate of rent — up to March 30th — is 4% per annum, and the following rate 5% on 31st March, 1959. The Cottage industry needs development. The government has established a Vacuum plant process to develop it. The development of Small Scale Industries is at a very low level. The Sugar industry is at a very high level. The open sugarcane farmers are in open Sugar industry. The Sugar industry is developing.

8. Whether the scheme is profitable to the Agriculturist? — Yes. Whether the scheme is paying? — Yes. Whether the April duty is paying?

9. 1959 April - the duty is imposed.

BUSINESS OF THE HOUSE

3. Mr. Jagadish Prasad (L) (Mukkom): Half-an-hour discussion on a motion by himself.

Mr. Jagadish Prasad (Mukkom): The motion is clear and rules don't apply.

Mr. Jagadish Prasad (Mukkom): I withdraw.

Mr. Jagadish Prasad (Mukkom): Let us talk about Agricultural Cooperative Societies.

Agricultural Cooperative Societies discussion for over an hour.
5th August, 1959

Business of the House

Sri M. P. Reddy: The Minister allow me to assure the House that collective farming as a means of livelihood is a very difficult task. The Government is working towards collective farming - in this regard, the dictionary definition is that of a union of persons for the purpose of agriculture.

Sri M. S. Mathur: Will the Hon. Co-operative Farming Minister. I would like to know whether the Co-operative administration Act of 1960 clarifies the details regarding the

Mr. Speaker: The Speaker can oblige any hon. Member. The Speaker always obliges the hon. Members and the hon. Members can always request the Speaker. There is no disrespect in it.

Sri M. V. R. Rao: Hon. Chief Minister in the Table Budget statement said that out of 600 thousand hectares of land, the position clarify.

Sri M. V. R. Rao: What is the position?

Mr. Speaker: Let us see.

Sri M. N. Narasimha: "Why are we so busy, Sir?"

Sri M. N. Narasimha: Why are we so busy?

Sri M. S. Mathur: What is the position of the Hon. Minister in this regard?

Sri M. S. Mathur: What is the position of the Hon. Minister in this regard?

Sri M. S. Mathur: What is the position of the Hon. Minister in this regard?
On a point of information, Sir. I wish discussion on a matter allow Sir? How about subject. Have you any idea, Sir?

Maligirigand: This does not seem to be a subject which is called for a point of information.

Mr. M. C. R. O. R. L. O.: Details of the discussions?

Maligirigand: The subject.

Mr. M. C. R. O. R. L. O.: Are there any discussions about, are there?

Maligirigand: I think not.

The following discussion (Shonovan): Whatever,...

Maligirigand: The reason for the subject is not discussed. The subject is not discussed. The discussion is not taken up. General subject of the discussion is not discussed. The subject is not discussed. The subject is not discussed. There is no discussion so far.

*The Minister for Co-operation and Housing (Sri Mehdi Nawaz Jung):* Sir, it is neither the policy nor the intention of the Government to introduce collective farming. What I said was perhaps not understood. In Badvel, the Madras Government in 1952 gave land to Harijan community and that has naturally and automatically taken the shape of collective farming. When you find difficulties here, the people are not willing and ready to pool their land in a joint co-operative farming society, there cannot be collective farming. It can be done only when Government can grab the land and give it to people.

Shri P. Sundaram (Gummutaram): This clarification is totally misleading, Sir. Will the hon. Minister define it for the benefit of the House Members?

Mr. Speaker: I am not attaching any importance to the present explanation of the hon. Minister for Co-operation. The hon. Chief Minister who represents the whole Ministry and his whole party has stated more clearly. There is no necessity for any explanation now.
*Sri P. Sundarayya: I do not want any explanation. I would like to know this. The hon. Chief Minister and the hon. Minister for Co-operation are very anxious to clarify what collective farming is. I would like to get a definition of joint farming, co-operative farming and the different varieties of co-operative farming. Then we can understand the clarification which the hon. Chief Minister was so anxious to offer and also why the hon. Co-operation Minister was so anxious to withdraw his original statement and give further clarification, so that whenever discussion comes up in future we can keep it in view.

Mr. Speaker: Just now let us not go into that question. We shall have some discussion at some time in future—next week, if necessary—after the hon. Chief Minister comes. Let us have a clear view about all these things, so that there may be no technical complications.

Dr. M. Chenna Reddy (Vicarabad - General): We shall fix some time after considering it in the Business Advisory Committee, Sir.

Mr. Speaker: Yes. Otherwise, within a short time, if somebody comes forward to explain about it, there will be more confusion. The hon. Chief Minister himself has stated clearly. We take that as authoritative clear statement.

Sri Muhammad Nawaz Jung: In my Budget speech I have clearly defined all the types of co-operatives which the hon. Sri P. Sundarayya wants to know.

Sri P. Sundarayya: Please let him get it typed and circulate copies to us, Sir, so that we can see whether his definition is correct, according to the dictionary and according to the Acts which he himself has introduced.

Sri Muhammad Nawaz Jung: Yes.

Mr. Speaker: Mr. B. R. Venkatachalam had raised a point and asked me something. I shall get a copy of the speech made by the hon. Chief Minister.
It seems the Collector has retired. Whether Mr. Rathnasabhapathy wants it now or not is the question. Meanwhile I shall study. I am not ready today at any rate. If he wants I shall do it day after tomorrow or so. Let Mr. Sabhapathy meet me once so that after I get a typed copy he may say as to which particular portion needs clarification. If there is any thing against an hon. Member personally, certainly an opportunity must be given to explain himself. First let me have a clear copy of what had been stated.

*Sri Pillalamarri Venkateswarlu (Nandigama)*: Sir, you have just now said that the Collector has retired. Is it a compulsory retirement because of this?

**Mr. Speaker**: I do not know any thing.

**Dr. M. Chenna Reddy**: Mr. Speaker, Sir. Last time, I regret that I was not present here when this point was brought for consideration. But when the hon. Chief Minister made a statement, I had intervened and as certain charges were made against an hon. Member who was not present in the House, I requested you that he should be given an opportunity to explain. I remember distinctly that you had kindly agreed to give him an opportunity in the present session. I would only like to remind you of that position, Sir.

**Mr. Speaker**: I shall keep up that promise. But before that let me have a typed copy of the statement and also talk to Mr. B. Rathnasabhapathy as to what points he wants to clarify. If he wants to clarify, I shall certainly give him time.

It is hereby declared that for the betterment of the land, the betterment tax at the rate of one rupee ninety paise per acre, and the betterment tax at the rate of two rupees per acre, shall be levied. The betterment tax shall be exempted in the case of betterment work. The work shall be considered as the betterment tax. When the work is completed, all arrears of amounts shall be paid to the Revenue Department consideration. The estimates of the work shall be exempt from costly estimates. The estimates of the work shall be exempt from costly estimates.
Betterment tax assessment is made on the principle that betterment is worsened by the assessment tax itself. However, before the assessments are made, it is usual to allow the developmental period, averaging 3 years, so far after the commencement of supply of water, to enable the cultivator to improve and realise full benefits of irrigation.

The Andhra Irrigation (Levy of Betterment Contribution) Andhra Pradesh Extension and Amendment Bill, 1959
The Andhra Irrigation (Levy of 5th August, 1959) Betterment Contribution Andhra Pradesh Extension and Amendment Bill, 1959

Economic condition in the 1950s saw various issues such as stock release, which affected the area. This led to stocks release difficulties. Hence, betterment tax was introduced to address these challenges. Economy got upset due to currency hoarding, where currency was hoarded, leading to difficulties in circulation. Overdues were also a concern, and efforts were made to address these through amendments in the bill.

Policy to encourage betterment tax not to arise? Whether not immediate discussion reasons. Manmade structures to maintain and treat, Andhra Pradesh is the betterment tax amount.

Integration of the Acts reason for businessman's concern not to be profitable. Businessman wants to treatments profitable to him and his dealings are easy. Businessman's taxation is not to be increased. The government's taxation is not to be increased. The government must have a rule to maintain and treat manmade structures.
