Oral Answers to Questions

3 The following higher starts and allowances are sanctioned

(i) The allowance paid to Motor Drivers serving under the Ministers has been raised from Rs 15 to Rs 25 per mensem.

(ii) The allowances of Rs 4 now paid to peons and Rs 5 to Jamadars working under the Ministers have been raised to Rs 6 and Rs 7 respectively.

(iii) Graduates and persons with higher qualifications appointed as Lower Division Clerks or Typists will start at Rs 62 in the grade of Rs 50-120 and holders of recognised certificates or Diploma in Commerce at Rs 56 in that grade. The initial pay of Graduates already in service and drawing less than Rs 62 will also be fixed at Rs 62.

(iv) Stenographers possessing the certificate of Lower Shorthand examination will draw a Shorthand special pay of Rs 15 per mensem and persons who have passed the Shorthand Examination in the Higher grade will draw a special pay of Rs 25 per mensem.

(v) Medical graduates with D.P.H qualifications will start at the stage of Rs 300 in the scale of Rs 250-500.

(vi) Resident Medical Officers in Hospitals, non-Clinical Tutors and Public Health Officers who are debarred from Private Practice, will draw a Non-private practice allowance of Rs 75 per mensem. Assistant Surgeons in-charge of Primary Health Centres will draw Non-private practice allowance of Rs 100 per mensem.

(vii) Student Nurses undergoing training will draw as stipend Rs. 70 in the first year, Rs 75 in the second year and Rs. 80 in the third and fourth year of training without any allowance such as Dearness allowance, Ration allowance, Dhobi allowance, etc.

(viii) Radiographers in the Medical Department will draw a Risk Allowance of Rs 25 per mensem instead of Rs. 15.

(ix) D.C.E., D.M.E., or D.E.E. Diploma holders in P.W.D. will start at the stage of Rs 140 in the grade of Rs 120-300. Similarly persons possessing L.C.E., L.E.E. or L.M.E., qualifications appointed as Overseers in the grade of Rs 75-150 will start at Rs 117 in that grade.

(x) Degree-holders - B.E. (Tele-Communications) or M.Sc. (Wireless) of the State Broadcasting Department appointed as Radio Supervisors will start at Rs. 150 in the grade of Rs. 120-250.
(xi) Accountants in the Police Department will start at the stage of Rs 110 in the revised grade of Rs 90-180

(xii) In the grade of Rs 45-120 sanctioned for Secondary Grade Trained Teachers, Inter-trained Teachers will start at the stage of Rs 51 and untrained Graduates at the stage of Rs 64

(xiii) Graduate Trained Headmasters of High Schools with a strength of 500 pupils and below, will draw a Headmaster’s allowance of Rs 25 p.m and those of High Schools with a strength of over 500 students an allowance of Rs 40 p.m. Trained Graduate Headmasters of Middle Schools will draw Headmaster’s allowance of Rs 15 p.m.

4 The revised scales of Pay and Allowances mentioned above will take effect from 1st November 1958

5 The following principles shall govern the fixation of pay of the existing employees in the revised scales —

(a) The pay of an Officer shall be fixed from 1-11-1958 in the revised scale of pay at the stage next above his pay in the old scale, whether it is, or is not, a stage in the new scale, if his present pay is less than the minimum of the revised scale, his pay shall be fixed at the minimum of the new scale,

NOTE — (i) In the case of a typist who is at present in receipt of a typist allowance of Rs 10 per mensum, the allowance will be added on to his pay in the existing scale and his pay fixed in the revised scale at the stage next above his pay so arrived at. In the case of Graduate Typists, they will be first brought on to the stage of Rs 62 in the grade of Rs 50-120 and their pay fixed under this rule at the next higher stage after adding the Typist allowance of Rs 10 now drawn by them.

(ii) The difference of Rs 10 between the Steno-allowance of Rs 35 now drawn by Stenographers and Rs 25 sanctioned by Government, as recommended by the Pay Committee, will similarly be added on to the pay of a stenographer in the existing scale and his pay fixed in the revised scale at the stage next above his pay so arrived at.

(iii) The personal allowance now drawn by some of the Telangana employees as a result of conversion of O.S. scale into I.G. scales in 1954, will be added on to their basic pay in the existing grade and their pay then fixed at the next higher stage in the revised scale.

(vi) The pay of an employee in the existing scale on 1-11-1958 includes the increment, if any, accruing to him on that date,
(b) After the pay of an employee is fixed under rule (a) above, weightage of one increment for service up to five years, two increments for service of five years or over but up to ten years and three increments for service of 10 years or over in his present grade shall be added thereto subject to the condition that the employee has put in a minimum total service of two years in any grade upto 1-11-1958 or the date on which he enters the revised scale, as the case may be, according to his option under F.R. 23. However, in the case of an officer whose rate of increment happens to be Rs 15 or more at the time of fixation of pay in the revised grade weightage will be limited to only two increments irrespective of the length of service. Where the rate of increment happens to be Rs 25 or more weightage shall be limited to only one increment irrespective of the length of service of an officer in the old grade.

NOTE—No weightage will be given to employees who elect to remain in the existing scales.

(c) The above principles shall apply in fixing the pay of substantive, officiating or temporary employees.

(d) In all cases where revised scales have been proposed for posts carrying fixed pay, ‘service on fixed pay’ shall be treated as ‘Service in a Scale’.

(e) (i) In cases where weightage calculated as above takes the total pay beyond the maximum of the new scale, the difference between the maximum and the pay so fixed, shall be treated as ‘Personal Pay’.

(ii) Where the maximum of the old scale and the maximum of the corresponding revised scale happen to be the same and an officer who has already reached the maximum of the old scale prior to 1-11-1958, exercises option to the new scale, in such cases the question of initial fixation of pay at the next higher stage does not arise. The officer will, however, be entitled to the weightage mentioned in clause (b) above, such weightage over and above the maximum of the revised grade being treated as ‘Personal Pay’.

(f) An Officer shall have the benefit of F.R. 23 to come into the revised grade with accruing benefits of weightage, etc., from the date on which he has earned his next increment in the old scale, provided he has exercised option to this effect before the date prescribed therefor.

(g) Future increments will accrue as from 1-11-1959 or after the expiry of the period of one year from the date an officer has actually
entered the new scale as the case may be and service in the existing scales shall not count for future increments in the new scales

(h) In certain departments such as the Co-operative Department, the passing of departmental tests is a prerequisite and a condition precedent to the drawal of future increments for certain categories of employees. In such cases, even those who have not passed the tests required under the rules, will be eligible to have their pay fixed (including weightage) in the revised scales in accordance with the formulae mentioned above. Stoppage of further increments in their case will be given effect to from the first increment falling due after 1-11-1959.

(i) Similarly in the case of an officer who has been stopped at the stage of the Efficiency Bar in the existing grade and who has exercised option to the new scale of pay, his pay will be fixed in the revised scale in accordance with the above principles including weightage but he will not be eligible to draw future increments until the bar placed on him has been lifted by the competent authority and he is declared eligible to draw future increments.

(j) In cases where the minimum and the maximum of the present grade and those of the proposed grade happen to be the same, but the rates of increments differ, then the grade recommended by the Pay Committee shall be taken as a revised grade for purpose of fixation of pay.

Exception—The grade of Rs. 200-20-400 given to the Superintendents of the Secretariat will be treated as the ‘Revised Grade’.

(k) Excess amounts paid to employees appointed on pre-revised scales between 1-11-1958 and 9-1-1959, the date of issue of Finance Department G.O. MS No 73 announcing the revised scales of pay, shall not be recovered.

6. (a) Officers whose pay scale is revised will be allowed time up to the end of August 1959 within which to opt to the new scales or to retain their existing scales. These options should be exercised in writing and communicated to the Head of the Office or the Department as the case may be in the case of non-gazetted employees and to the Accountant-General, Andhra Pradesh, Hyderabad in the case of Gazetted Officers, not later than the end of August 1959. The option once exercised shall be final. Those who fail to exercise an option before the end of August 1959 will be deemed to have opted to come under the revised scales of pay. Those who have already exercised option before, will, however, be given a further option.
(b) Option shall be given to all employees including temporary or emergency employees and also to reverted probationers.

(c) In the case of Officers holding substantive posts but officiating on higher scales of pay on 1-11-1958 option should be exercised both in respect of the officiating as well as substantive posts.

7 Those who opt to the present scales of pay will continue to draw Dearness, House-rent and other *ad hoc* allowances at the existing rates provided sanction for their continuance exists.

8 Employees opting to new scales of pay will draw Dearness allowance at the following revised rates —

Officers drawing over Rs 500 and up to Rs. 1,000 will continue to draw Dearness allowance at the existing rates either in the pre-revised or in the corresponding revised scales. But those promoted to higher grades after 1-11-1958 will be governed by the following rates now applicable to Andhra Officers:

| Rs. 501-750 | 85 |
| Rs. 751-1,000 | 100 |

(with marginal adjustments up to Rs. 1,100).

There may be cases where Officers in the pay range of Rs. 400-500 are at present in receipt of more than Rs. 70 as Dearness allowance.
These officers will also continue to draw Dearness allowance at the existing rates. Recoveries of Dearness allowance already made from the pay bills of Officers in the previous months shall have to be refunded.

9. In lieu of the present City allowance and the House Rent allowance employees drawing up to Rs 200 per mensem and working in towns with a population of over a lakh in cities and towns as per last census and such other towns as may be prescribed for the purpose from time to time will draw Compensatory allowance (for higher cost of living) at the following rates:

<table>

</tr>
</tbody>
</table>

(with marginal adjustment up to Rs 210)

The Compensatory allowance will not be admissible to employees provided with free quarters. Those provided with Government quarters at concessional rates of rent will draw the allowance at one half of the above rates.

10. The ad hoc increase of Rs 5 in pay granted to Teachers will be merged while fixing their pay in the revised scales. Future entrants will not be entitled to this ad hoc increase.

11. Posts carrying the pay scale of Rs 250-400 or higher will be treated as Gazetted except in the following cases —

(i) The posts of Deputy Chief Accountants in the Electricity Department in the revised scale of Rs 200-350 will continue to be treated as Gazetted.

(ii) The posts of Lay Secretaries (Grade II) in the Medical Department carrying the revised pay scale of Rs 150-300 will continue to hold the Gazetted status.

(iii) District Fire Officers in the revised grade of Rs 200-350 will continue to be Gazetted.

(iv) Tahsildars, Settlement Tahsildars, Huzur Saristadars and Block Development Officers will be Gazetted in future.
12 The revised scales of pay and allowances and the rules governing fixation of pay and weightage shall also apply to the School Teachers working under Local Bodies and Aided Schools.

13 The revised scales of pay and Dearness allowance do not apply to employees of Local Bodies (other than School Teachers) whose case is separately under consideration or to Work-charged establishments or establishments chargeable to contingencies.

14 All Secretaries to Government and all Heads of Departments are requested to obtain in writing in the pro forma enclosed the options exercised by the employees under their administrative control before the end of August 1959. In the case of Gazetted Officers, the options exercised will have to be communicated to the Accountant-General, Andhra Pradesh, Hyderabad, so as to enable him to fix the pay of the Officers in the revised scales and admit the claims preferred by the Officers concerned. In the case of non-gazetted employees, however, consolidated schedules showing fixation of pay in each individual case and indicating the extra cost should be prepared by the Head of the Office and sent to the Special Officer, Finance Department, Andhra Pradesh, Hyderabad for necessary verification and return after which claims may be preferred in Audit. Detailed instructions relating to the procedure to be following in this regard will issue separately.

15. The Heads of Departments are requested to take immediate action in this regard so as to see that the benefit of this order may accrue to the officials without delay.

16 The Director of Public Instruction is requested to issue necessary instructions to all Educational Institutions (Government, Aided or run by Local Bodies) with regard to exercise of options by School Teachers and fixation of their pay in the revised scales.

17 The extra cost on this account will be met out of the sanctioned grants for each Department, any excess over the grants being met either by reappropriation or by a Supplementary authorisation of the State Legislature.

(By Order and in the name of the Governor of Andhra Pradesh)

ADJOURNMENT MOTION
re : Damages to Kadam Dam

Under Rule 64 of the Assembly Rules, Sri P. Narasinga Rao has given notice of the following motion of adjournment of the business of the Assembly, for the purpose of discussing an urgent definite matter of public importance namely:

"That the ring dam of the Kadam Project was washed away on 26th July 1959, resulting in a loss of over a lakh of rupees and causing irreparable loss to the ayacutdars and further causing impediment for the reconstruction of the main dam."

(Pause)

Mr. Speaker: We shall take this up on Monday.

Sri J. V. Narasing Rao: There is another motion relating to Kadam Project. So we can have it on Monday.

Mr. Speaker: We shall have full information on Monday. Mr. Narasing Rao, you can be ready on Monday.

Sri P. Narasing Rao (Hyderabad-General): I have already given notice of this, Sir and it is a very urgent matter of public importance.

Sri J. V. Narasing Rao: I shall make a statement today itself. He is anxious.

Mr. Speaker: It is not a question of his anxiety.

Sri J. V. Narasing Rao: There is no anxiety at all, I can make the statement now.

If you remember, some local bodies in my district got the Kadam Project and they were going to have a ring dam and to take water to their dependent areas and to develop agriculture. Unfortunately later on, the local body has been defunct and they have constructed a new dam to require the water from the ring dam. So, the Kadam Dam Project should have been developed and expanded.
Mr. Speaker: It is an adjournment motion regarding the ring dam of the Kadam Project washed away resulting in loss of over a lakh of rupees and causing irreparable loss to the Ayacutdars and further causing impediment for the reconstruction of the main dam. So, it is an adjournment motion. Let him say.

Mr. Speaker: It is also better that you (Minister concerned) explain the whole thing.

Even after the breach of the dam in August 1959, in an irrigation project in progress, water was lifted from the river into the canal from September 1958, in order to provide water facilities to an area, now reported to be about 2910 acres, originally reckoned as 605 acres only under cultivation at a cost of Rs. 1,02,374 which appeared disproportionate to the area so benefited.
instructions to the Executive Engineers, 20 Assistant
Engineers, 10 Supervisors, 300 technical persons
be irresponsible for.

Mr. Speaker: Now, what do you say about the
adjournment motion? He wants that the whole thing
should be discussed. He alleges that the Government is
neglecting, has not done the things properly and in time;
and everything.

An earthen Cofer Dam was constructed across
breach No. 1 of the Kadam Dam Godavari North
Canal Project and estimated cost of Rs. 25,000 during
September 1953 up to Rs. 75,000 in 1954. The same Cofer
dam has been strengthened subsequently at an additional
cost of Rs. 20,000 bringing the R. L. to
3.855.01. Thus in all the estimated expenditure on
Godavari Project is about Rs. 48,000. The R. L. + 650.00
was reached at the bottom of the reservoir re-
damn level of 5 years out of 10 years. There had been heavy rain in the catchment area during July,
On 24-7-1959 the flood on a third occasion was noticed and the level in the reservoir rose upto 651.10. On the same day it subsided. Again on the night of 25-7-1959 the river rose and at 7.30 P.M. on 26-7-1959, the water level in the reservoir reached +655.10. At this level the Coffer Dam gave way. The maximum flood discharge in breach No. 2, before the Coffer Dam breached was noticed as 75,000 cusecs. Thus, the loss inevitable. The Coffer Dam was limited to a level of +655.00 and a maximum water level of +653.00 was visualised to suit the platforms erected for the pumps so that they may not get flooded out and damaged. Besides, a higher earthen Coffer Dam would have cost about Rs. one lakh or even more. A masonry Coffer Dam would have costed well over Rs. 5 lakhs or so.

2. The Coffer Dam which is about 700 to 800 feet long is only breached for a length of about 200 feet and the rest of the coffer dam is in tact. It can be restored at a cost of Rs. 3000 to 4000 as soon as the flood season is over, some time in September 1959, and the work could proceed in the river bed without any further loss of time.

3. Arrangements have been made for diverting as many streams as possible and to install a number of pumps on the various streams for providing adequate water supply till the main water supply is restored. Even in respect of main water supply all that is required is lowering of the Foot Valves to a level of 630 or below. This will possibly be finished in the course of a week or two. Supply for irrigation is being maintained. The modest assessment of the ayacut developed is about 4000 acres for this year for which there is enough water supply from the pumps and diversions of streams.

4. Following are the approximate figures of the ayacut in different stages of development:

Adjournment Motion re: Damages to Kaddam Dam

8th August, 1959

Sir, I am aware of the grave damage caused to the dam. The damage is being assessed by experts. The reports of the assessment are expected to be submitted soon.

Sir, I am pleased to note the steps taken by the authorities to prevent any further damage. The steps are being taken in consultation with the experts.

Experts have advised to reinforce the dam by constructing a coffer dam. The works are being carried out by the engineers. The advice has been followed.

Sir, I am pleased to note the steps taken by the authorities to prevent any further damage. The steps are being taken in consultation with the experts.

(16) the matter was brought to the notice of the Sub-Inspector of Police.
a watch over them. This Sentry dismounted at 3 a.m. handing over charge to P. C. 574 and instructed him to take care of them.

At about 4.30 p.m. the deceased who was seen moving in the Sub-Jail premises between the kitchen, the well and the latrine, suddenly jumped into the well and died. The Sub-Divisional Magistrate, Nuzvid held inquest.

Minister for Finance (Sri K. Brahmananda Reddy): Sir, the person was first in police custody, but as soon as he is remanded to the custody of the Magistrate he becomes the Magistrate's custody.

Mr. Speaker: I have not understood properly. Has he been brought before the Magistrate and remanded to custody or before he was remanded to the Sub-Jail, this event took place? Did he die while in the custody of the Police?

Sri M. Narasimha Rao: Sir, One Ogunu Suvarnaprana, sent a telegram on 14-5-59 with a copy to District Magistrate, Krishna, stating that Nuzvid Police beat Chundu Ramaiah and he fell into the well and died and that the Police are suppressing enquiry. As there are allegations that the Police beat the deceased with a stick to elicit information about the offence as a result of which deceased jumped into the well and died and as the death occurred in the sub-jail premises while the deceased was in virtual custody of Police, the
Sub-Divisional Magistrate, Nuzvid had been requested to enquire into the case as required under P. S. O. 156 and 157. The Collector, Krishna also sent a telegram to the Sub-Divisional Magistrate, Nuzvid to conduct the enquiry.

But, why do you allow the Policemen that are responsible to remain there?

\[ \text{Sri K. Brahmananda Reddy: Under the Criminal Procedure Code, Sir, you are well aware that when allegations are made a magisterial enquiry is held. It is a judicial enquiry and therefore the matter is entirely sub judice.} \]

\[ \text{Mr. Speaker: The only point now is what steps are the Government taking to facilitate better enquiry and whether they are ordering the transfer of persons against whom the allegations are made.} \]

\[ \text{Mr. Speaker: To create a better situation, is it not better to transfer the persons against whom the allegations are made?} \]

\[ \text{Sri K. Brahmananda Reddy: Pardon me, Sir. It is a very dangerous situation. Some allegations are made and they may be true or untrue. A Sub-Divisional Magistrate is enquiring into the matter. What happens later is a different matter. Now we have to see what has been proved, what has not been proved, whether the allegations are true or not. Minnesota} \]
upon the result of the enquiry. Just because allegations are made, people cannot be transferred. Let the magisterial enquiry be over. If anything comes out of the enquiry, then only Government will have to take action.

Sri K. Brahmananda Reddy: Police custody means several things. Chains or lock up or sub inspector custody. As soon as a man is arrested, he is under police custody. He may be walking along the road. Supposing, Sir, a man is arrested five miles away from the Police Station and he is being brought to the Police Station.

Mr. Speaker: At the same time the Hon. Minister knows that the police are responsible.

Mr. Speaker: No, No. They are responsible.

Minister for Local Administration (Sri D. Sanjivappa): It is the intention of the man. So, he suddenly jumps into a well.

BUSINESS OF THE HOUSE

Hon. Home Minister: The P. W. D. Executive Engineer was in charge of the matter, and a circular letter was sent.

"Immediately I took charge of this division, the District Congress President, and all the M.L.A.s. of both Karimnagar and Adilabad districts have been addressed to send a list of unrestored and breached tanks that lie in their jurisdiction for taking up."

"With the idea that they should not complain to the higher officers, we said, "you do it yourself!"

"Higher officers of the P. W. D. or at the conference held at the district level," we conveyed in circular and circulars were sent.

"So far none of them either replied or sent a list of tanks. From this, one can infer that they have no tank in view nor can raise any voice about any tank at the conference."

As the P. W. D. Executive Engineer pointed out.
Mr. Speaker: The officers should use better language.

Sri V. Visweswara Rao has given notice of motion as follows under Rule 74,

“I draw the attention of the Hon. Minister for Revenue to the following definite and most urgent importance namely, the refusal of the Revenue Official in Vijayawada Taluk, Krishna District not certifying the Intensive Manure Loan application forms of Ibrahimpatnam, Duggaralapad, Surnampad and other villages of Vijayawada taluk, Krishna District, thus causing hindrance to the grow more food scheme.”

I will send it to the concerned Minister and he will take necessary steps. He will make an enquiry. It is not a question to be brought before the Legislative Assembly. It is an error committed by an official. I will, as I said, send it to the Minister. Therefore I am not allowing this motion.

(We shall take it up later.)

(Regarding the Pay Committee)

I shall allow as long time for a separate question as time will permit. I am disallowing the next adjourned discussion.

Mr. Speaker: You are the Leader of a very important party. We have three important issues: the formation of the Business Committee at an earlier date, the Finance Minister's half-share in information, and the Finance Minister's role. If you all agree, some time could be given. The formation of the Business Committee is important, as the Finance Minister, Chief Minister, and others have expressed their opinions. A discussion on the time for the Finance Minister could be held. Once the discussion is over, the matter can be resolved. Would you agree?

Sir, I beg to move:

"For clause 4, substitute the following:

'Every Panchayat Samithi shall consist of the members elected by the members of the Panchayats or Town Municipalities as the case may be among themselves by single transferable vote with proportional representation'."

Mr. Speaker: Amendment moved.

The communes are administered through a council consisting of 15 to 20 members in the case of rural communes and 20 to 60 in the city and provincial communes. The members who are called delegates are elected for 4 years by citizens of above 21 years who are not under some form of guardianship. The elections are held on proportional representation basis almost always on party lines. Experience has shown that political difference has not prevented a member from cooperating in most local matters for common good. The chairman of the council is elected by the members from amongst themselves."

"Every Panchayat Samithi shall consist of the Members elected by the members of the Panchayats or Town Municipalities as the case may be among themselves by single transferable vote with proportional representation."

...
376 8th August, 1959  The Andhra Pradesh Panchayat Samithis and Zilla Parishads Bill, 1959

The proportional representation system tends to mitigate the effects of a large number of small parties. It ensures that all sections of people are represented and that no section of opinion is left out. However, proportional representation may not always provide an accurate reflection of the true distribution of power. In some cases, it can lead to a government that is not stable or representative of the electorate. It is important to consider the pros and cons of proportional representation and to weigh the potential benefits against the potential drawbacks.
The Andhra Pradesh Panchayats, Samithis and Zilla Parishads Bill, 1959

8th August, 1959

S:

Dr. N. V. Ramana

According to the recommendations of the Committee on Local Self Government, the following measures have been taken:

1. The existing system of representation will be retained.
2. The number of members will be increased to 5% of the total population.
3. The system of proportional representation will be introduced.
4. The system of election will be changed to majority rule.

These changes are expected to enhance the efficiency and effectiveness of local governance in Andhra Pradesh.
6th August, 1959

The Andhra Pradesh Panchayat Samithis and Zilla Parishads Bill, 1959

Single transferable vote proportional representation or not? Explain.

Do you understand?

Do you understand? You must explain properly. Principle must explain properly. Single transferable vote proportional representation or not. Single transferable vote proportional representation or not. Single transferable vote proportional representation or not. Single transferable vote proportional representation or not. That is all, single transferable vote.

Direct elections proportional representation or not.

The Andhra Pradesh Panchayat Samithis and Zilla Parishads Bill, 1959

8th August, 1959

The Bill proposes to eliminate the system of proportional representation by single transferable vote, and replace it with a system of equal representation.

The Bill seeks to establish a system of equal representation, replacing the existing proportional representation system. This would ensure that all members have an equal voice in decision-making processes.
Mr. Speaker: The question is:

"For the existing Sub-Clause (i) and (ii) of Clause 4 (1) substitute the following:

The members of each Panchayat Samithi shall be elected from an electoral college formed by all the elected members of village Panchayats and the Town Committees within the area of that Panchayat Samithi by secret ballot and the method of proportional representation."

The Andhra Pradesh Panchayat Samithius and Zilla Parishads Bill, 1959

Mr. Speaker: During Act 5 of 1959, the Thimmakunta Panchayat had to
be dissolved, and the Division Committee was set up by the
State Government.

Mr. Speaker: After the opinion of the Legal Department that anything in
the relevant law for the time being in force in the State relating
to Panchayats and Town Municipalities was "notwithstanding anything in
the relevant law for the time being in force in the State relating
to Panchayats and Town Municipalities" was received.

Mr. Speaker: This Legislature has full power to repeal the other
Act or to do anything with that Act.

Mr. Speaker: Of course, we have power...

Sri K. Brahmamandla Reddy: When the legislature
wants to change the existing provision, it is always
possible.

Mr. Speaker: But you are making him lose his
seat there.

Sri K. Brahmamandla Reddy: But this is "notwithstanding anything in the relevant law for the time being in force in the State... as I have already explained, this covers both the Madras Panchayat Act 1950 which is in force in the Andhra area, as also the Hyderabad Gram Panchayat Act.

Mr. Speaker: I accept the Government's view for the time being. Now I shall accept it, and we shall proceed further. It is a question of law.

Sri K. Brahmamandla Reddy: Legal aspect of the "notwithstanding anything in the relevant law for the time being in force in the State relating to Panchayats and Town Municipalities" aspect.

Mr. Speaker: Parliamentary Procedure - cover an area.
Mr. Speaker: As I have accepted the Government's position for the time being, that point you can argue with the Court, if you want.

8th August, 1959  The Andhra Pradesh Panchayat Samithis and Zilla Parishads Bill, 1959

Acting as a member of the Select Committee, I agree to the compromise proposal made by Mr. V. N. Krishna Murthy. As you have already discussed with me, the compromise has been arrived at by mutual consent, and I am confident that it will be acceptable to all parties concerned.

The compromise proposal is as follows:

1. All existing Zilla Parishads and Panchayat Samithis will continue to function until the new legislation is implemented.
2. A special committee will be formed to work out the internal arrangements necessary for the smooth functioning of the new legislation.
3. The committee will also ensure that the rights and interests of the existing bodies are protected.

I believe that this compromise will be beneficial to all parties involved. Please let me know if you need any further assistance.

Yours sincerely,

Smt. C. Ammannara Rao: Sir, I have an amendment as follows:

"In Sub-clause (1) (iii) (a) of Clause 4, for the words: "one woman" substitute the words: "two women"."
Such number of persons including members specified in Sub-clauses (i) and (ii) from amongst the Scheduled Castes, that their proportion to the Scheduled Castes population shall be nearly equal to the proportion of the members specified in Sub-clauses (i) and (ii) to the total population in that Block on the basis of the latest census figures as may be declared by the District Collectors.

Smt. C. Ammanna Raja: I will speak a few words, Sir, so that it may help the hon. Minister to come to a decision.

Mr. Speaker: So, you want to argue your case now.

Smt. C. Ammanna Raja: Yes, and leave the matter to them to decide.

Mr. Speaker: All right.

These elected representatives will co-opt two women who are interested in work among women and
childern. Where the population of Scheduled Castes exceeds 5 per cent of the total population of the Panchayat Samithi area, one person belonging to a Scheduled Caste shall be co-opted.

Smt. C. Ammannamma Raja: Thank you, Sir. Kindly excuse me and allow me to read a few sentences from the Birla–Nathray Mehta Committee Report. It says:

"The Planning Commission," in their First Five Year Plan seeks to initiate a process of transformation of the social and economic life of the villages. It is "designed to promote better living for whole community with the active participation and, if possible, on the initiative of the community," but if this initiative is not forthcoming, by the same use of techniques for arousing and stimulating it in order to secure its active and
enthusiastic response'......The community projects are of vital importance 'not so much for the material achievement that they would bring about but much more so, because they seem to build up the community and the individual and to make the latter the builder of his own village centres and of India in the larger sense'.”

Smt. Masooma Begum (Pathergatti): Mr. Speaker, Sir. I stressed upon this point yesterday and we had also spoken to the hon. Minister for Planning. Evidently he has something to say because he wants us to postpone the discussion for tomorrow. In this sub-clause of the report it is said: “Besides the representatives of village institutions, there should be
some others also; for instance, there should be women." It does not say 'woman'. As women form a very important part of our Society they should be given their rightful place.

As Smt. Ammanna Raja has already very strongly put it in Telugu, I need not say any thing further, except that we hope and wish that the hon. Minister for Planning will consider and accept our amendment. Unless the 50% of women are well represented and unless due recognition is given to women, no Nation can progress.

Sri V. Visweswara Rao: I beg to move:

"In proviso (b) of Sub-Clause (i) (i) of Clause 4 for the words ‘the District Collector shall nominate’ .... representing such area’, substitute the words ‘a person appointed by the Government in place of the superseded or dissolved Panchayat or Town Committee shall represent the village in the Panchayat Samithi without a voting right’.

Mr. Speaker: Amendment moved.
The Sub-Clause (b) reads:

"In the case of a superseded or a dissolved Panchayat or Town Committee, the District Collector shall nominate a person residing in the area within the jurisdiction of such Panchayat or Town Committee to be the member representing such area.” The District Collector will nominate, where a Panchayat was dissolved or superseded, a person residing in the area within the jurisdiction of such Panchayat, etc.

This is a very anomalous position and I request the Hon. Minister to reconsider this and see that something is done.
