On the phasing of the canal...
we are proceeding on the assumption that it is one phase. The second phase, first phase and second phase would thus have a height 20 ft. The second phase height would thus be 25 feet. If it is only an academic discussion, academically it is only an academic discussion. We shall go with the assumption that the whole thing is only one phase, and we shall proceed with the canals work etc., only on the basis of that presumption.

If we are prepared to give up the other schemes like the Vamsadhara, Pochampad and Srisailam and such other schemes, we shall spend the whole amount on Nagarjunasagar and complete it.

Sri S. B. P. Pattabhi Rama Rao : (a) The answer is in the affirmative.

Admission in the Educational Institutions

*1431 Q. Sri Vanilala Gopalakrishmayya: Will the hon. Minister for Education be pleased to state:

(a) whether it is a fact that the students who refuse to mention religion and caste in their admission forms are refused admission in the educational institutions; and
(b) whether the Government propose to direct the educational institutions not to refuse admission to such students?

Sri S. B. P. Pattabhi Rama Rao : (a) The answer is in the negative.

(b) Does not arise.

This is a very important question, Sir. The college authorities take into consideration the discipline of the boy to be admitted and possibly, I presume, that they were convinced that this boy does not fit into the college and hence he was refused admission. It is not because he did not mention the caste.

Sri Pillalamarri Venkateswarlu : On a point of order, Sir
Mr. Speaker: - No, No, why do you presume?

Sri Pillalamarri Venkateswarlu: - Because of the nature of this college. This is spoiling the whole career of the boy.

Sri S. B. P. Pattabhi Rama Rao: - Surely not, Sir. I must mention the merits of the college when the college is doing its best. In that college, the results have been consistently going in the upward trend.

Mr. Speaker: - Was he a student of the college before?

Sri S. B. P. Pattabhi Rama Rao: - No, Sir. They take into consideration the reputation of the boy earlier.

Mr. Speaker: - Then we cannot help it.

Mr. Speaker: - The Minister said that he had a bad reputation of indiscipline though he was not a student of that college; he came with bad reputation and therefore they had refused admission. He also said that it was good and he congratulated the college authorities in doing everything to maintain strict discipline. Therefore, when once the Minister says that it is not a question of omission of inclusion of religion or caste, the subject is conclusively closed. I now go to the next question.

Mr. Speaker: You can ask a separate question.

Sri Pillalamarri Venkateswarlu: - I request that all those papers be placed on the Table of the House, so that public can understand well.
