morale in every wise. If it has to be maintained, it must be protected. If it is allowed to fall, it cannot be restored. The first step is to dismiss all those who are responsible for it. Then, appropriate measures should be taken to improve the morale of the staff. This requires a long-term strategy and commitment.

Moral Education

The demand for Moral Education is also justified. It is essential to instill values and ethics in the minds of the youth. The education system should not only focus on academic achievements but also on moral development. This will help in creating a society that is just, harmonious, and progressive.

In conclusion, the demands put forth in this budget are crucial for the development and progress of the country. It is imperative to ensure that the necessary resources are allocated to meet these demands, so that the citizens can live in a better and prosperous society.

Yielding of Demands for Grants

There are administrative reports of the Andhra Pradesh Government suggesting that the Andhra Pradesh Government has not accepted the recommendation of the Hyderabad Public Service Commission for the appointment of technical assistants because the Andhra Pradesh Government has not accepted the recommendation of the Hyderabad Public Service Commission for the appointment of technical assistants.
The position is that in 1948 immediately before the Police Action certain funds were remitted by the then Nizam's Government to the Branch of the Hydera-
bad State Bank at Karachi to be held as part of the paper currency reserve. But immediately after the Police Action and before any steps could be taken to recall this amount, the Agent General of the Nizam's Government, Sri Mushtaq Ahmed Khan appears to have withdrawn the money from the Bank by producing some false letters purporting to have been written by the Government. The amount involved was Rs 2,35,46,000. After the Police Action, the Hyderabad Government wrote to the Government of India for taking necessary steps to recover this amount, but the Government of India expressed their inability to take any steps because of the unhappy relations between the two countries. Since then, we have written to the Government of India on more than one occasion but without any result. This amount was appearing in the statement under 'Loans and Advances' with the result that the balance sheet of Telangana was showing a distorted figure. It was, therefore, decided in 1957 to write off this amount from the accounts. There is, however, no intention of giving up further efforts for the recovery of the amount through the medium of the Government of India as and when circumstances are found to be favourable."

The official has been prosecuted and sentenced to undergo 20 years' rigorous imprisonment and to pay
a fine of Rs. 16,500 or in default to undergo further rigorous imprisonment for 7 years.

A civil suit has also been filed in 1954 to enable the Government to confiscate the property of the accused worth about Rs. 74,143.

The departmental enquiry under C. C. A. Rules is being pursued. The Collector had been asked to pursue the case against 21 officials who are also found responsible for the embezzlement due to lack of supervision, by taking, if necessary, the assistance of one of the officials of the Directorate of Treasuries.
