Irrigation Under Dindi Project

1514—

"2003 Q Sri B Dharmabhiksham (Put by Sri K L Narasimha Rao) — Will the non Minister for Public Works be pleased to state

Whether, in view of the fact that only 1/3 of the area estimated by the Government is being irrigated under the Dindi Project at present, any investigation had been made to explore the possibilities of storing more water by altering the construction of the same so that the remaining land also may be irrigated under it?

Sri A Satyanarayana Raju — As the project is functioning well, there is no need to alter the existing construction.

As per the originally proposed cropping schemes, 39,000 acres covering 34 villages were to be brought under irrigation as detailed below:

Papers Laid on the Table of the House
Annexure A

The conditions laid down by Rev. L. A. Berar, Area Officer of the Church of South India Schools, Vijayawada, for handing over the C.S.I. Elementary Schools in West Godavari and Krishna Districts to Government:

(1) The Church authorities shall continue to be owners of both site and building.

(2) Such site and building shall be rented to Government at half the full rental value for use as a school during specified school hours.

(3) They shall be available for use by the Christian Congregation for prayers and worship outside school hours and on holidays such as Sundays.

(4) They shall be closed on special occasions such as weddings or Festivals subject to the condition that the school will work in compensation.

(5) The tenancy of the building may be terminated with six months' notice from either the Church authorities or Government (This will normally not be contemplated by the Church authorities under a trial period of two years).
If there is a building used exclusively for school, the conditions referred to in numbers 2 and 3 above shall not apply.

Annexure 'B'

The conditions under which the Government agreed to take over the C.S.I. Elementary Schools in West Godavari and Krishna Districts

The Church of South India Elementary Schools in West Godavari and Krishna District shall be taken over by Government on the conditions stipulated by Rev. L.A. Pullen. These shall be incorporated in an agreement to be entered into with the management of each of the schools, which shall be for a period of two years, and during this period the Government will either acquire the building permanently, if the former management does not want to retain it for religious worship or will make arrangements to shift the school to another building. This arrangement shall not cause serious dislocation to the work of the schools taken over as otherwise the arrangement will be terminated with due notice from either side.

The conditions stipulated in the agreement shall also apply to the orders contained in sub-paras (2) to (9) under para 2 of G.O. (Ms.) No. 1150 Education, dated 8-4-1959. Vide Annexure 'C' wherein general procedure is laid down for taking over the Aided Elementary Schools in West Godavari, Krishna and Chittoor Districts by the Government.

Annexure 'C'.

Extracts from para 2 of G.O., (Ms.) No. 1150 Education, dated 8-4-1959 referred to in Annexure 'B'.

Para 2.
(2) On the transfer of a school to the control of the Government an agreement in such form as may be prescribed by the Director of Public Instruction shall be taken from the management specifying the particulars regarding the school, the considerations which caused the transfer of the management of the school to the school and details as to the articles of furniture, equipment, and belonging to the school. The schools so taken over shall at present continue to be located in the buildings where they are being run at present. In cases where the buildings are owned by the management a reasonable rent, as may be fixed by the Director of Public Instruction, may be paid, the question of taking them over solely on payment of compensation being considered in the course in respect of schools which are located in rented buildings. Reasonable rent may continue to be paid thereafter if the owner of a building is not satisfied in any particular case, with the rent that may be fixed by the Director of Public Instruction for a building where the school is located. The compensation shall be fixed in the manner provided in the Andhra Educational Institutions (Requisitioning and Acquisition) Act, 1936.

(3) The management of a school may be paid reasonable compensation as may be fixed by the Director of public Instructions for transfer of the furniture and other equipment provided by them in the schools under their control. While fixing the amount of compensation, the Director of Public Instruction shall take into account, the grant, if any, that might have been paid by Government towards the supply of such furniture or equipment as laid down in the Grant-in-Aid Code.

(4) On transfer of the schools to the management of the Government such of the institutions which lie within the jurisdiction of the District Board shall be handed over to the control of the West Godavari, Krishna and Chittoor District Boards for maintenance. The schools which lie in Municipal areas shall be transferred to the Municipal Council concerned. The District Board of
the Municipal Council as the case may be, shall be paid grants for the maintenance of the schools, amounts equivalent to the expenditure incurred by it on payment of salaries to teachers contingencies etc.

(5) The teachers in the schools so transferred shall be treated as a separate unit in the District Board or the Municipality, as the case may be, for purpose of appointment, transfer, seniority, promotion and reinstatement. They shall be governed by the rules laid down for other teachers in the District Board or the Municipal Council in regard to discipline, punishments, and appeals, grant of leave etc. The status of the teacher will be the status which the teacher was having on the date of this order.

(6) As regards the transfer of Provident Fund Account of the teachers of Aided Elementary Schools taken over by Government in West Godavari, Krishna and Chittoor Districts and handed over to the District Board Municipal Council the amount at their credit in the Teachers’ Provident Fund Account, together with the Government contribution, shall be transferred to the District Board Municipal Council's Contributory Provident Fund Account irrespective of the fact whether such teachers had put in 10 years or less than 10 years of service under the aided management. New service registers shall be opened for the teachers as soon as they are taken over by the District Board or the Municipal Council as the case may be.

(7) The teacher-pupil ratio in these schools taken over by Government shall be 1:40 as in the case of schools in Local Bodies. The scale of employment in these schools shall, however, be one teacher for every 40 pupils on rolls and an additional teacher for an extra enrolment of 20 pupils and above.

(8) The Government consider that it should be possible to continue in employment the teachers who are now in service for the
academic year 1956-59 without any retrenchment. When retrenchment is however, found necessary during 1947-48 or the subsequent years, the unqualified teachers shall be retrenched first. In war in the first instance. From 1959-60 onwards teachers who have completed 55 years of age shall not be retained in service. They will be retained in service till the end of the academic year 1958-59.

(9) There shall be no transfer of the teachers taken over for a period of one year from the school in which they are now working provided they have already put in a service of three years and more in the same place.

The Minister for Agriculture & Labour (Sri N. Ramachandra Reddi — (a) Yes, Sir

(b) A statement is laid on the Table of the House.

Statement laid on the Table of the House.

Two different rates of wages were prevailing in Andhra Pradesh prior to the revision of Minimum Wages for employment in Oil Mills. The rates fixed by the former Government of Hyderabad in 1955 were in force in the Telangana region and the rates fixed by the composite Madras state in 1950 were prevailing in the Andhra region of the State. The committee appointed by the Andhra Pradesh Government for revision of Minimum rates of wages for employment in Oil Mills recommended a uniform rate of wage for the entire State. The minimum rates of wages prevailing in the Telangana region and the Andhra region and the revised rates of
wages for employment in Oil Mills are indicated below.
The revised rates of wages come into force on the expiry
of three months from the date of publication of the notification
viz., from 14th March 1960.

Abolition of the post of Inspector General of Local Administration.

121—

* 2518 Q — Sri M Nagi Reddy (Put by Sri V. Viswanatha Rao): Will the hon. Chief Minister be pleased to state:

(a) whether the Government decided to abolish the post of Inspector General of Local Administration and place the Local Administration under the control of the Planning Department, and

(b) if so, when it will come into force?

The Chief Minister Dr. Sanyalaya: (a) No, Sir.

(b) Does not arise.

122—

* 2764 Q Sri P. Gopal Reddy (Tirathangi General): Will the hon. Chief Minister be pleased to state:
(c) whether the Government propose to transfer all the personnel who are residents of the areas which will be transferred to Madras under Andhra-Madras Boundaries Alteration Act, 1959 to Madras State from Andhra State,

(b) if so, the names of persons to be transferred from the Head Offices and Secretariat level, one

(c) whether there is any proposal to give option to remain in this State?

Sri D. Sanjeevayya (a) The service personnel working in the areas to be transferred to the Madras State under the Andhra Pradesh and Madras (Alteration of Boundaries) Act 1959, or, in other adjoining taluks in Chittoor district whose mother-tongue is Tamil or whose family interests are in the ‘transferred’ areas only are being transferred to the Madras State along with the areas without any legal right of option

(b) Does not arise. Nevertheless, the State Government have forwarded to the Government of Madras the representations received from a few employees working in the offices of the Heads of Departments and Secretariat Departments who have expressed their willingness to be transferred to Madras and the reply of the Madras Government is still awaited. Further, twelve persons, working in the offices situated at Hyderabad, and whose mother-tongue is Tamil, have been adjusted in the vacant posts in the areas going over to Madras.

(c) The answer is in the negative. However, the wishes of any service personnel referred to in reply to clause (a) to remain in Andhra Pradesh are being met as far as possible depending on vacancies. No employee of the Andhra Pradesh Government has been allotted to the Madras State against his wishes.
Telugu Language in all Schools in the areas to be transferred on the implementation of the Pataskar award to Madras State.

123—

*K 2705 Q—Sr. P. Gopal Reddy—Will the hon. Chief Minister be pleased to state:

(a) whether the Government propose to insist upon Madras Government to continue Telugu language in all the schools in the areas that are to be transferred on the implementation of the Pataskar Award to Madras State; and
(b) will the Government be pleased to represent the matter with the Regional Commissioner for proper facilities to be given to pupils who have studied Telugu and who are willing to study Telugu in the Schools in future in the matter of services and other respects in Madras Government?

Shri D. Sanjeevini — (a) and (b) The attention of the hon. Member is invited to the resolution passed by this House on the 28th July, 1959. While approving the Andhra Pradesh and Madras (Alteration of Boundaries) Bill, 1959, it was resolved that all necessary and special safeguards and protections should be provided to the Telugu people who were being transferred to Madras State in the matter of education, culture, administration and services. This resolution was sent to the Government of India and also the Government of Madras. The Government of India have stated that the safeguards for the linguistic minorities embodied in the Memorandum issued by the Government of India protect the interest of the linguistic minorities and ensure fair treatment to them in the matter of education, administration and services. It does not, therefore, seem necessary to request at this stage the Government of Madras or the Commissioner for Linguistic Minorities in this regard as they are already aware of the reasonable requests of linguistic minorities.
It is envisaged in the memorandum that facilities for instruction in mother tongue in the primary stage of education should be provided to the linguistic minorities and at the stage of secondary education, if the number of pupils whose mother tongue is sufficient to justify a separate school in the area, the medium of instruction in such school should be the mother tongue of pupils. It is also envisaged in it that the linguistic minorities should be given the option to elect their languages as the medium of education for recruitment to services, etc. The option to elect the languages as the medium of education for recruitment to services, etc.

It is also envisaged in it that the linguistic minorities should be given the option to elect their languages as the medium of education for recruitment to services, etc. The option to elect the languages as the medium of education for recruitment to services, etc.

Local consumption and export. Local consumption is more than export. The high-grade smuggled goods are low-grade smuggled goods. There are statements and reports about low-quality goods being exported. Relief measures are taken occasionally. But is this relief really helping the people?

18th March, 1965

Central Government has this authority. It is the responsibility of the Government to protect the people from smuggled goods. Central Government has taken steps. Indian citizens should cooperate with the Government.

SHORT NOTICE QUESTION AND ANSWER

Supply of Milk-Powder

1532-A

S. N. Q. No. 3281-Q Sri G Yellamanda Reddy — Will the hon. Minister for Health and Medical be pleased to state

(a) whether it is a fact that one lakh and ten thousand pounds of milk powder supplied by the UNICEF had not been properly accounted for,

(b) what is the agency of distribution of the same,

(c) what is the value of the milk powder;

(d) is it a fact that the UNICEF representative had lodged a complaint with the Ministry of Public Health in this regard, and

(e) if so, what is the action taken in the matter, and will the hon. Minister also state the date on which the complaint was made and when action was taken and the reasons for the delay, if any?
Sri P. V. G. Ram - (a) It has been reported that the import of 1,41,850 pounds of milk powder has been approved by the Assistant Director of Public Health M.C.H. on the School Feeding Programme to the Maternal and Child Welfare Feeding Programme in the year '55-56 and '57-58

(b) The agency for the supply of milk powder is in the case of School Feeding Programme and Maternal and Child Health Centres in the case of mothers and children fed by the programme.

(c) The cost of milk powder is 0.63 Np. per pound.

(d) and (e) The UNICEF representative brought the discussion of milk powder from the School Feeding Programme to the notice of Director of Public Health in June, 1958. The matter was discussed between the representative and the Director of Public Health on 10-9-1958. The representative of the UNICEF inspected two centres of Sainulabad and Mallepalli on 1st January, 1959 and could not inspect other centres. There have been some accounting irregularities about the supply of milk powder to mothers and children. The matter is under investigation.

\[ \text{Sri G. Yellamandal Reddy - Who took the decision to divert the amount of milk powder?} \]

\[ \text{Sri P. V. G. Ram - The decision was made by one of the officers of the Government.} \]

\[ \text{Sri G. Yellamandal Reddy - The hon. Minister was pleased to state that there are some irregularities. What is the action taken by the Government in regard to these irregularities?} \]
Sri P V G Raju - The UNICEF representative came here and visited some centres, as I have already answered the hon. Member. Government suggested that reconciliation must take place. We are now awaiting the opinion of the UNICEF representative.

Sri G. Yellamanda Reddy - Is it a fact that the Government appointed an official to enquire into the matter? Is it not a fact that the Assistant Director who was in charge of the affair did not allow to show the records to the officer appointed by the Government?

Sri P. V. G. Raju - That is not a fact, Sir. The matter is under investigation for the last two years. There was some differences in the milk powder between the stock and that given to us by the UNICEF. One thousand Lbs., could not be accounted for. As regards this one thousand lbs., our people say that in the matter of keeping the stocks in some of the barrels where the milk powder is kept there were short-falls of about 25 lbs. per barrel in some instances. This matter has been accepted by the UNICEF that this short-fall may be possible because of the differences in the barrels.

Sri G. Yellamanda Reddy - The hon. Minister is pleased to say that this matter has been pending for the last two years. Will the hon. Minister be pleased to appoint the Director of Public Health or any other high official to go and enquire into the matter in detail?

Sri P. V. G. Raju - The Director, Public Health, is certainly looking into it, Sir. There is no question of appointing a special Committee for this. The matter is under complete investigation of the Department, and I have said here the matter is under investigation. It is continuing. We are now only asking the UNICEF because their representative came here, to accept the final finding of his visit and inspection here.

Sri G. Yellamanda Reddy - When there is a prima facie case, will the hon. Minister be pleased to ask the Police Department to go into the question and investigate into details?
Mr Speaker:—What about shortage of milk powder?

Sri P. V. G. Raju:—Shortage for one programme. It has been reported that the powder has been diverted. The question is, be hon Member asked

"Is it a fact that one lakh and ten thousand pounds of milk powder supplied by the UNICEF had not been properly accounted for?"

Properly accounted for,—by whom. Accounted for. In relation to the programme for which the UNICEF has given us the milk powder.

Mr. Speaker:—Are the officers concerned here?

Sri P. V. G. Raju:—That has been completely accounted for. The only question is this: the milk powder was given for a particular programme and we have diverted it for another programme. Milk should be only given to children. Unfortunately, because of the general need for milk, sometimes grown-ups also take it. I feel that one can limit the supply to the mothers and the children. We must exclude male folk from using this milk. Now the hon. Member wants to know if the milk was used for the benefit of those for whom the powder was being supplied for. The difficulty is this: Each dose is supposed to be 1½ ozs. of milk powder mixed with 4½ ozs. of milk. This is the fluid that should be given per dose. Unfortunately, when we are dealing with
such small quantities as 1½ ozs., we cannot guarantee that each person who gets milk will give it to the children. Sometimes, they misuse it. That is well known. I do not see how Government can have an inspection that every small packet of 1½ ons is given to the children. Possibly, sometimes it is misused; but I do not think it is so widespread as the hon member feels.

_Sri G. Yellamananda Reddy_ - The hon Minister has stated that milk powder was used for another purpose, and it was not used for the purpose for which it was originally intended. It shows that there is something behind it. Are the Government satisfied that even such usage of the milk powder for a different purpose has been properly done?

_Sri P V G Raju_ - I will read out the answer, so that the hon member can know it.

"Milk powder was diverted from the school-feeding programme to the Maternity and Child Welfare feeding programme."

That is all. It is not in a sense of misuse. Because the milk powder was in stock and because schools were not being run in summer months between April and June roughly when there were holidays and because the milk powder would deteriorate, the then Assistant Director of Public Health who was dealing with this diverted it from the school-feeding programme to the Maternity and child welfare programme. I do not think that the diversion as such is a misuse. The only question is, prior permission should have been taken for the diversion. That was not done. Now, there is no question of saying that the milk powder was not diverted. It was given to the mothers and the children. So the only question is, the UNICEF has been requested to accept this diversion.
