ANDHRA PRADESH LEGISLATIVE ASSEMBLY

Monday, the 11th July, 1960.

The House met at Half Past Eight of the Clock.

(Mr. Speaker in the Chair).

[Questions and Answers.]

(See Part I.)

BUSINESS OF THE HOUSE

The Minister for Agriculture: (Sri N. Ramachandra Reddy):--

Yes, Sir

POINTS OF INFORMATION

re: Handing Over Araniyar Project to Andhra Pradesh
2 11th July, 1960

re: Medical Facilities in M.L. As' Hostels

The Minister for Health and Medical: (Sri P. V. G. Raju): That cannot be correct. The doctor is posted in the Hostel for the service of the M. L. As.

F. o. i.: 11th July, 1960 re: Medical Facilities in M.L. As' Hostels

2 11th July, 1960

re: Medical Facilities In M.L As' Hostels

The Minister for Health and Medical: (Sri P. V. G. Raju): That cannot be correct. The doctor is posted in the Hostel for the service of the M. L. As.

F. o. i.: 11th July, 1960 re: Medical Facilities in M.L. As' Hostels

2 11th July, 1960

re: Medical Facilities In M.L As' Hostels

The Minister for Health and Medical: (Sri P. V. G. Raju): That cannot be correct. The doctor is posted in the Hostel for the service of the M. L. As.
Sri P. V. G. Raju: Excuse me, Sir, hon. Members should not speak like that. When an hon. Member says it, then obviously it is an allegation against an official. It is better he writes to me. If he says like that in the open House, it means, even an officer who is not entitled to take a fee, is taking it. Obviously it is a grave offence. Therefore, if such an offence is taking place, the hon. Member may write to me, because the doctor is not expected to take fees when treating M. L. As in the hostel premises as he is posted to the hostel to take care of the health of the M. L. As.

Mr. Speaker: In this case, the doctor may not be aware of the rule.

Sri P. V. G. Raju: He is expected to be in the hostel to look after the health of the M. L. As.

Sri P. V. G. Raju: I have something to say about it, if I may be permitted. After all, the officer cannot defend himself here, and the allegation is serious. What the hon. Member is saying here, he could have raised it with me personally first in my chambers, and I will make enquiries.

Mr. Speaker: Of course, it is a matter of allegation against officers who cannot defend themselves. But here is a case of the Members themselves. Therefore, this is the place where they have to tell the Speaker, and the Speaker and the Minister and all of us have to consult whether it is right or wrong, whether he is really doing that. Therefore, it is a special case.

Sri P. V. G. Raju: I will make enquiries about this, Sir.

Mr. Speaker: About hostel and hostel facilities, we have to say here alone.
Points of Information
re: Medical Facilities in
M.L. 's' Hostel

Sri P. V. G. Raju: Excuse me, Sir, hon. Members should not speak like that. When an hon. Member says it, then obviously it is an allegation against an official. It is better he writes to me. If he says like that in the open House, it means, even an officer who is not entitled to take a fee, is taking it. Obviously it is a grave offence. Therefore, if such an offence is taking place, the hon. Member may write to me, because the doctor is not expected to take fees when treating M.L. As in the hostel premises as he is posted to the hostel to take care of the health of the M.L. As.

Mr. Speaker: In this case, the doctor may not be aware of the rule.

Sri P. V. G. Raju: He is expected to be in the hostel to look after the health of the M.L. As.

Sri P.V.G. Raju: I have something to say about it, if I may be permitted. After all, the officer cannot defend himself here, and the allegation is serious. What the hon. Member is saying here, he could have raised it with me personally first in my chambers, and I will make enquiries.

Mr. Speaker: Of course, it is a matter of allegation against officers who cannot defend themselves. But here is a case of the Members themselves. Therefore, this is the place where they have to tell the Speaker, and the Speaker and the Minister and all of us have to consult whether it is right or wrong, whether he is really doing that. Therefore, it is a special case.

Sri P. V. G. Raju: I will make enquiries about this, Sir.

Mr. Speaker: About hostel and hostel facilities, we have to say here alone.
Points of Information
re: Medical Facilities in
M.L.As' Hostels

Sri P. V. G. Raju: The doctor is particularly posted in the M.L.As.' hostel to look after the health of the M.L.As. and there is no question of his doing all the time that he is posted there.

Sri P. V. G. Raju: I will have the impression corrected Sir.

Mr. Speaker: There is no difficulty Sir. We have suggested that whatever bills they get they may send them to the Legislature Secretary; if you are interested you may endorse it and send it back to us and we will pay.

Mr. Speaker: The hon. Minister has taken cognizance of the matter, and he will enquire and try to do his best to help the hon. Members.

Then, the hon. Member Sri V. Visweswara Rao said that the new hostel has no doctor. It has to be immediately looked into.

Sri P. V. G. Raju: I think there is a House Committee, Sir. The House Committee may look into all these things and make suggestions to us and we will fulfil them.

Mr. Speaker: The new hostel has no Doctor. You have kindly to see about that immediately.
Sri P.V.G. Raju: I think there is a House Committee, Sir, which may look into all those things and make suggestions to us; we will fulfil them.

Mr. Speaker: I want to tell the Hon. Minister and everybody that the Speaker is the guardian of all the hostels and, therefore, there is nothing like the House Committee directly dealing with this question -because it is an Advisory Committee. They can deal, but the Speaker has the right and he is the final authority to request the Minister or advise him.

Sri P.V.G. Raju: If the Hon. Speaker means that what he says should be taken cognizance of, then I will do it, Sir.

Mr. Speaker: Yes, thanks. Since you may not go under the impression that they are a separate body, I am telling this.

Sri P.V.G. Raju: I think it is better to clarify the matter. If hon. members want special diet, they have to pay for it. If they want the diet that is normally given to the patients in the hostel, they will obviously get it. If however hon. members want special diet, they have to pay for it just like any other person who wants special diet.
The Hon. Minister is very sympathetic and he will help you.

Therefore, let me go to the other point.

ANNOUNCEMENT

re:- Nomination for election to the Committee on Subordinate Legislation.

Mr. Speaker: In accordance with the regulations made by me for the conduct of elections according to the principle of proportional representation by means of single transferable vote, I fix 3 p.m. on 13th July 1960 as the date on or before which notice of nominations for the election to the Committee on Subordinate Legislation should reach the Secretary.

BUSINESS OF THE HOUSE

Mr. Speaker: As you know, strike action is of great importance. Have you considered the possibility of including it in the legislative agenda? We have been discussing this matter extensively and it is not clear when a decision will be made on it.

Mr. Speaker: Is there any progress on the Business Committee report? As you know, the report is of considerable importance.
PAPER LAID ON THE TABLE

The Hyderabad District Municipalities (Election) Rules 1959 and Rules for the election of the President and Vice-President.

The Minister for Finance: Sri K. Brahmananda Reddy (On behalf of the Chief Minister): Sir, I beg to lay on the Table under sub-section (1) of section 308 of the Hyderabad District Municipalities Act, 1956, a copy of the Hyderabad District Municipalities (Election) Rules, 1959, and Rules for the election of the President and Vice-President issued under clause (1) of sub-section (2) of section 309 of the Hyderabad District Municipalities Act, 1956.

Foundation

Chairman

The estimates for the financial year 1960-61 have been
approved by the Government. The amounts involved are
as follows:

<table>
<thead>
<tr>
<th>Department</th>
<th>Estimated Expenditure</th>
</tr>
</thead>
<tbody>
<tr>
<td>Education</td>
<td>Rs. 100,000</td>
</tr>
<tr>
<td>Health</td>
<td>Rs. 50,000</td>
</tr>
</tbody>
</table>

The Chairman expressed his satisfaction with the
progress made during the year and recommended
increased allocations for future years.

The meeting adjourned at 3.30 p.m.

Chairman

Supplementary Estimates of Expenditure for 1960-61

Mr. J. V. N. Reddy said in reply to the Supplementary demands that these estimates were based on the financial commitment made in the financial year 1960-61. The demands were for the execution of various schemes and for the extension of existing schemes. The emphasis was on the development of irrigation and the provision of better facilities for agriculture. The following schemes were included in these demands:

1. Irrigation demand - A token grant was made for irrigation demand.
2. Technical Education - The demands included financial commitment for supplementary demands.
3. Other schemes - The demands included the extension of existing schemes and the execution of new schemes.

34 11th July, 1960.

Regarding the provision for Medical College at Rs 50 lakhs, the total expenditure for the year 1960-61 is Rs 50 lakhs. The Medical College will be established in a private base.

The Co-operative Department is responsible for the official stage, non-official stage, and establishment of co-operative movements. Non-official interference is a threat to the co-operative movement. Officials are responsible for the co-operative movement and establish vested interests.

Marketing societies and group societies are established. Individual societies are also established. The chief regulator is responsible for the establishment of these societies.

Supplementary Estimates of Expenditure for 1960-61

38 11th July 1960

The Hon'ble Member for 20 years on this platform. It is a great privilege to address the House on this occasion 80 years ago. Today, the Estimates announced 4 months ago are being tabled. In a way, the Estimates cover 5, 6, 7, and 8 months, but I must not go into the Estimates in detail. There are two Estimates, PW.D. and High-ways. The Estimates for PW.D. are 4 months old, but they have covered a period of 8 months. In four months, the High-ways Estimates have been revised twice, and the Estimates have been revised four times. In four months, the High-ways Estimates have been revised twice, and the Estimates have been revised four times.

Allotment

It has been suggested that the allotment is done on a shoestring. The House has been informed that the allotment is done on a shoestring. It has been suggested that the allotment is done on a shoestring. It has been suggested that the allotment is done on a shoestring. It has been suggested that the allotment is done on a shoestring. It has been suggested that the allotment is done on a shoestring.

P.W.D. High-ways

Supplementary Estimates of Expenditure for 1960-61

...
Mr. Speaker, Sir, I am really happy that the Andhra Pradesh Government has at last given some sort of impetus to minor irrigation. For a very long time, minor irrigation has been neglected. It was under the Revenue Department who had no staff and who rarely did anything for the development of minor irrigation. In my own experience, for the last 4 years I have been trying to get a small irrigation scheme costing not more than Rs. 40 or Rs. 50 thousands being executed. Still for the last 4 years estimates have not been prepared. Hereafter at least, when a Special Superintending Engineer is appointed to give a better impetus to minor irrigation schemes I am sure that such schemes shall be easily executed and the benefit to the ordinary people will be greater.

Coming to the Treasury Department, 3 or 4 years ago, the Treasury Department was separated from the Revenue Department. At that time, all those people who were working in the Treasury Department were given the option to choose either to work in the Treasury Department or in the Revenue Department. A good number of officials did choose to work only in the Treasury Department. Later on, when the matter of promotions came in, if there were vacancies in the Treasury Department, claims of people from the Revenue Department were considered and they were given promotions in the Treasury Department. On the other hand, in the case of those who have opted to work in the Treasury Department, when they had a chance of promotion in the Revenue Department, their claims were completely overlooked. Two years back, those people who are working in the Treasury Department have been representing to the Government that at least a separation should be made and that the people from the Revenue Department should not be promoted in the Treasury Department. Here again, the whole mischief is done by the Revenue Board. That mysterious body where wonderful things are done, if there is a G. O. adverse to a particular individual, will issue a Standing Order by which the G. O. will be suppressed. This mischief is being done. I am sure that
at least hereafter our Finance Minister will see that nobody from the Revenue Department will have any claims for promotion in the regular Treasury Department.

Coming to the Large-sized Societies, the present policy of the Government is to bring in almost everything under co-operative movement. For the last 4 or 5 years, they have started largesized societies but as they are composed and conducted to-day, I am doubtful whether the large-sized societies will prosper. A large-sized society will have the capacity of one lakh rupees and the Supervisors who have to look after these Societies are appointed by the Central Bank and he will normally cost about Rs. 1500 i.e. 12 months pay, one month's bonus and other things make up this Rs. 1500. This Rs. 1500 will be the maximum that any large-sized society will or can gain out of the loan capacity of one lakh and how are they going to gain at all. Unless the Government leaves the working of the large-sized societies and completely changes the constitution of these Societies, I am sure no large-sized society in this State will gain anything and ultimately it may happen that their share-capital will be dwindled year after year. Therefore I request the Government to review the question of these large-sized societies completely and see that every large-sized society will gain a few hundred rupees every year and that their financial position does not suffer hereafter.

Coming to schools, our Government are increasing the number of schools at every stage. Every year over a thousand elementary schools are started. They are absolutely necessary and they are very useful, but along with this numerical increase of these schools, should we not also consider whether the knowledge we impart in these schools is properly done, whether they are done efficiently, whether our schools are properly equipped and whether our schools are occupying decent buildings. My own experience is that our elementary schools are the least attractive schools in the State. Especially boys in villages dislike going to elementary schools because the teachers are not efficient, secondly the school building is not attractive and thirdly there is nothing with which the boys can play, by which they can learn something. I request the Government to make a special note. At present our buildings are costly things. You must have some special type of schools which can be constructed with Rs. 1000 or Rs. 1500. By that
method, I am sure, you can construct more schools and serve the needs of more villages. In the matter of equipment, our schools are most neglected. 95 per cent of the schools have no equipment at all, except probably blackboard, a piece of chalk. I wish to draw the attention of the Government to see that every school is provided with minimum equipment. Unless this is done, the imparting of knowledge in the elementary schools will be an absolute failure. Our teachers are not up to the mark. Most of them have been trained some years back when the system of education was completely different. Now we are wedded to some sort of basic type of education. Besides teaching the three Rs we have to teach them some sort of love for labour, handicrafts, skill in some sort of craft. For these our teachers should have refresher courses. Their knowledge has been almost old-fashioned and their knowledge of psychology is almost nil. Unless we give them new spirit by which they have to train our little children, I am sure our elementary schools will not be up to the mark. Therefore, it is absolutely necessary that the Government should conduct refresher courses for all elementary school teachers every year during summer and even during the winter season and see that every year 10 or 15 teachers are taught new methods of teaching, some sort of basic craft and how to attract children and how to impart knowledge and make useful and dutiful citizens of the State. Thank you Sir.

The administrative reforms committee considered the terms of reference and the questionnaire for the Board of Revenue. The terms of reference were as follows:

1. To examine the enquiry procedure and the speed of handling R.D.O. cases.

2. To examine the efficiency of the Board of Revenue in handling R.D.O. cases.

3. To examine the efficiency of the Board of Revenue in handling R.D.O. cases.

4. To examine the efficiency of the Board of Revenue in handling R.D.O. cases.

5. To examine the efficiency of the Board of Revenue in handling R.D.O. cases.

The committee recommended that the Board of Revenue should:

- Improve the enquiry procedure
- Speed up the handling of R.D.O. cases
- Increase the efficiency of the Board of Revenue
- Examine the terms of reference
- Review the questionnaire

The committee also recommended that the Board of Revenue should:

- Examine the efficiency of the Board of Revenue in handling R.D.O. cases
- Examine the efficiency of the Board of Revenue in handling R.D.O. cases
- Examine the efficiency of the Board of Revenue in handling R.D.O. cases
- Examine the efficiency of the Board of Revenue in handling R.D.O. cases

Dear Sir,

I am writing to make a few observations regarding your recent letter regarding the wage structure and dearness allowance.

As you may know, the current economic situation has led to a significant increase in the cost of living. This has affected our employees and their ability to maintain a decent standard of living. As a result, I would like to suggest the following adjustments:

- Increase the basic salary by 10%.
- Implement a new Dearness Allowance scheme that reflects the current inflation rate.

I hope that you will consider these proposals and make the necessary adjustments as soon as possible.

Yours sincerely,

[Your Name]
Supplementary Estimates of Expenditure for 1960-61

11th July 1960

The Estimates for the year 1960-61 have been revised in the light of the information available at the end of the financial year. The revised Estimates have been prepared in accordance with the principles laid down by the Budget Committee.

The following items have been included in the revised Estimates:

1. Assistance to State Governments
2. Assistance to Central Boards
3. Assistance to Other Central Bodies
4. Assistance to Other Authorities
5. Assistance to Other Schemes
6. Assistance to Other Institutions

The revised Estimates also include provisions for the following purposes:

1. Development of Agriculture
2. Development of Industries
3. Development of Infrastructure
4. Development of Education
5. Development of Health
6. Development of Social Welfare

The revised Estimates are designed to ensure the efficient and effective use of the resources available for the development of the country.

Signed,

[Signature]

Supplementary Estimates of Expenditure for 1960-61

The following are the Supplementary Estimates of Expenditure for 1960-61:

[Details of the expenditure estimates are provided, but the text is not legible in the image.]
Supplementary Estimates of Expenditure for 1960-61

The following supplementary estimates are submitted for the consideration of the Committee, with a view to securing the approval of the House, relating to the distribution of expenditure for the year 1960-61.

The Committee has considered the lower level distribution and has approved the estimates as submitted. The Committee has also considered the matters relating to the Central Road Fund and has approved the amount of Rs. 1,000,000 allotted for the same.

Supplementary Estimates of Expenditure for 1960-61

11th July 1960

81

The object of the Estimates is to provide supplementary expenditure for the year 1960-61.

The main feature of the Estimates is the provision for the construction of roads and bridges, which is expected to improve the road network and provide better access to remote areas.

The Estimates also include provisions for social welfare schemes, education, and health services, with an emphasis on rural development.

The total amount of the Estimates is expected to be utilized effectively for the development of the country.
