815—

*1321 Q.—Sri S. Narayanappa (Gooty - General)

Will the Chief Minister be pleased to refer to the answer to Question No 97 given on 24th June 1960 and state

(a) whether the protected water supply scheme of Uravakonda, Anantapur District, has been included in the 3rd Five-Year Plan, and

(b) whether any estimates have been prepared,

and

(c) if not, why not?

The Chief Minister (Sri D. Sanivayya)

(a) & (b) The answer is in the negative.

(c) As only limited provision is available for Urban Water Supply and Drainage Schemes in the Third Five Year Plan and as priority had to be given to more important and Urgent schemes, the water supply scheme for Uravakonda Panchayat could not be included in the Third Five Year Plan. The report of the Chief Engineer (Buildings and Public Health) regarding the particulars of the estimated cost of the scheme is yet awaited.

STATEMENT PLACED ON THE TABLE OF THE HOUSE

The Board reviewed the progress of works to the end of September and were satisfied that the work was proceeding according to the programme.

In regard to the dam, against the year’s programme of three lakhs units of masonry, the quantity executed to end of September was 82,750 units. Excavation in the Right Canal is in progress from head up to the 50th mile and the quantity of earthwork excavation including rock completed to end of September was 50,250 units. Excavation in the Left Canal is in progress from head up to 51st mile and the quantity excavated during the year up to end of September was 26,800 units. Detailed investigation has been completed for the entire length of both channels and most of the designs for the major works and estimates are ready. The tunnel at the head of the Left Canal is in good progress and against the total length of 7,500 ft of the tunnel, boring has already been tackled for a length of 7,000 ft. The total workload for the tunnel is 8.05 MC ft of rock blasting and the quantity achieved during the year up to the end of September was 1.35 MC ft. In regard to the tunnel at the head of the Right
Canal, preliminary arrangements have been completed and work will shortly be commenced. The labour strength engaged was 27,000 at the Dam site and approximately an equal number on both canals.

The construction of the Chandravanka Aqueduct on the right Canal and Halia Aqueduct on the Left Canal which are two largest masonry works on the canals are in good progress. Various other aqueducts and bridges are also in progress. Residential accommodation has been completed for the staff in the various canal camps and at the Dam site.

Future Programme of Work

The State Government had decided to allot Rs. one crore more to the Project during the current year in addition to the amount of Rs. 10 crores already allotted thereby bringing up the total allotment for the year to Rs. 11 crores. Of this, it is proposed to allocate Rs. 6½ crores for the Dam and Rs. 4½ crores for the Canals. Including allocations made for the current year, the total provision for the II Plan period for the Nagarjunasagar Project will be Rs. 39 10 crores.

Forward Planning of Men, Materials and Machinery

The position regarding the supply of cement is fairly satisfactory. But in regard to supply of steel, the position is not entirely satisfactory. Against 10,000 tons required for the Trestle Bridge about 4,000 tons balance under DLF has been received. Out of the balance planned under local resources, only a very small quantity has been received. Steps have been taken to impress on indigenous manufacturers the necessity to supply the balance of steel at an early date. Various items of machinery required for the Dam and Canals are being received under the Export Import Loan Assistance and also by transfer from other Projects in India. The total value of machinery purchased up-to-date for the three units of the project from the commencement is as follows:

<tr>
<th>1 Dam</th>
<th>2 Right Canal</th>
<th>3 Left Canal</th>

Sanction of Estimates

The Board approved the following estimates:

1. Embedding penstocks and other preliminary works at Nagarjunasagar Dam Rs. 67 11 lakhs
2. Installing rain-gauges in the canals are Rs. 60,600
3. Constructing the aqueduct across the Nagileru river of the Right Canal at M 34/6 Rs. 29 71 lakhs
(4) Constructing the tunnel (4,135 ft, long) at Pasu-vemula on the Right Canal  Rs 99 04 lakhs

(5) Excavation of open cut (2,510 ft long) on the Right Canal in rear of the tunnel  Rs 91 03 lakhs

The Control Board examined and approved the arrangements made for the construction of masonry for the Nagarjunasagar Dam for 1960—61 and the contracts entered into and the rates accepted for the work

The Control Board also examined the proposals for the continuance of the construction allowance to the staff working in the Project and decided that the allowances at the existing scales should be continued till the end of this financial year, when the matter would again be reviewed

The Control Board examined the scales of rent prescribed for occupation of the Rest Houses by the Officers of the Department and they decided that officers of Grade IV and below may pay a rent of Rs. 1 per day and officers of higher grades should pay the full rent prescribed for the Rest Houses

The Control Board took the view that Macherla town has become very congested on account of the large influx of population due to the project and the town has become very insanitary and the water supply was very inadequate. It was, therefore, decided to prepare immediately a scheme for supply of protected water to the town and present it at the next meeting of the Control Board for acceptance, pending a decision on the share of expenditure to be borne by the Project and the State Government on the scheme

In regard to the question of opening a Co-operative Milk Supply Union at the Nagarjunasagar Dam site, the Control Board decided that the Co-operative Department should be requested to work out the scheme as soon as possible

PAPER LAID ON THE TABLE OF THE HOUSE

Andhra Pradesh Education Loan Rules for Engineering, Medical, Agricultural and Veterinary studies

1 These rules may be called Andhra Pradesh Educational Loan Rules for Engineering, Medical, Agricultural and Veterinary studies

2 The rules shall come into force at once
3 A loan under these rules shall ordinarily be granted for Engineering, Medical, Agricultural and Veterinary Education in India, to a student of more than average ability having an aptitude for such education but with no adequate means to pursue the same and enrolled in an institution or College which has been recognised by the State Government for purposes of application of these rules provided he/she is a domiciled resident of Andhra Pradesh.

4 An application (vide Appendix A) for the grant of loan shall be made in the prescribed form to the Chairman of the Selection Committee of the concerned faculty or institution (engineering, medical, agriculture or veterinary) through the Principal or Head of that institution. Such applications shall be accompanied with the certificate of income of parent or guardian from an official of the Revenue Department not below the rank of Tahsildar.

NB For the current year i.e., 1960-61, loan shall be advanced only to first-year students of the above mentioned courses, in Colleges & Polytechnics.

5 Applications from students whose parent's or guardian's gross income is below Rs 500 p.m and who have secured not less than 50% average marks in the qualifying subjects at an examination conducted by any recognised University may only be considered for the award of loans. Students of non-Government Medical Colleges will not be considered for the grant of loans.

6 Applications made under rule 4 shall be placed before the Selection Committee consisting of the following for each institution:

**ENGINEERING**

(a) Degree Principal of Engineering College and two Senior Professors nominated by the Director of Technical Education.

(b) Diploma Principal and two Heads of sections in Polytechnics nominated by the Director of Technical Education.

**MEDICAL**

Principal of the Medical College, Superintendent of the Teaching Hospital in the area and a Professor nominated by the Director of Medical Services.
AGRICULTURE/VETERINARY

Principal of the College, Professor nominated by the Director of Agriculture/Animal Husbandry, and the local Regional Officer (Deputy Director)

The Committees after interviewing the applicants recommend to the Director the names of applicants suitable for the grant of the loan. In making their recommendations, the Committees shall give preference to those applicants who are not eligible for any scholarship, fee concession or other pecuniary assistance. The final selection shall be made by the Director of Technical Education/Medical Services/Agriculture/Animal Husbandry.

7 Government will allot funds to the institutions for advancing loans under this scheme and a loan shall be granted to an applicant in accordance with his/her requirements but will in no case exceed Rs 1,000 per annum per candidate for Medical and Engineering College students, Rs 800 per annum per candidate for Agricultural and Veterinary students and Rs 600 per annum per candidate for students in Polytechnics. A loan granted under these rules will not bear any interest.

8 The Director of Technical Education/Medical Services/Agriculture/Animal Husbandry, as the case may be, shall be the controlling and distributing authority for these loans.

9 The Principals of the respective institutions will draw the loans sanctioned in advance and disburse them to the candidates. The first instalment of Rs 500 in the case of Medical and Engineering College students, Rs 400 in the case of Agricultural and Veterinary students and Rs 300 in the case of Polytechnic students shall be paid to the candidates when they join the College or Polytechnic at the beginning of the academic year. The balance shall be paid in two equal instalments at the beginning of each term of the academic year preferably in October and January.

10 The payment of instalments to an applicant may at any time be stopped on his failure in any recognised examination or on receipt of an unsatisfactory report about his progress in studies from the Head of the Institution in which he is enrolled and all orders in his behalf shall be immediately communicated to the Accountant General, Andhra Pradesh.
The Director of Technical Education/Medical Services/Agriculture/Animal Husbandry, as the case may be, shall obtain at the end of each term progress report in respect of the applicants to whom the loan is granted from the Head of the Institution concerned.

11 Before the loan is advanced, the parent or guardian of the grantee if he is a minor, and in the case of a grantee, who is a major, the grantee and the parent or guardian shall execute an agreement in the prescribed form (vide Appendix ‘B’) in favour of the Governor of Andhra Pradesh covenanting to abide by the following terms:

(a) that the loan shall be utilised for the purpose for which it is granted and for no other purpose,

(b) that the loan shall be repaid as indicated in rules 12 and 13 below and in the event of default of any one instalment the whole amount remaining due shall become immediately payable,

(c) that on the grantee’s failure to pay the instalment fixed in rule 12 below or to fulfil any terms or conditions on which the loan is granted, the Government shall have power to realise the sum due from the parent or guardian as if it were an arrear of land revenue.

(d) that the grantee shall pay the stamp duty payable upon the agreement under the law for the time being in force,

(e) that the payment of instalments of loan to the grantee may at any time be stopped on his failure in any recognised examination on receipt of an unsatisfactory report about his progress in studies from the Head of the institution in which he is enrolled and the amount already paid will become refundable to the Government.

(f) that the grantee agrees to execute another bond immediately he attains majority for the total amount of the loan.

12 The loan granted under this scheme will be recoverable in monthly instalments at the rate of Rs 40 p m in the case of Medical and Engineering graduates, at Rs 30 p m in the case of Agriculture and Veterinary graduates and at Rs 25 p m in respect of Polytechnics.
13 The repayment of the loan shall be made to the Government and shall commence one year after the grantee successfully completes the course.

14 The Director of Technical Education, Director of Medical Services, Director of Agriculture, Director of Animal Husbandry, as the case may be, shall submit to Government in the Finance Department annually on September 30, a statement in the appended form (vide Appendix 'C') showing the details of the loans advanced and borne in his books.

15 The period within which a loan is to be repaid and the time for commencement of repaying may be extended by one year for good and sufficient reasons by the Director concerned on an application made in this behalf by the grantee. The State Government may in exceptional circumstances on the recommendation of the Director concerned grant further extension to an applicant for such period as they may consider proper.

The Hon'ble Member says that recognised institutions do not recognise domicile scholars unless they happen to be State Government servants. He asks if the Government will relax the rules for Technical Institutions in competition with them. So they will have to go to other States to seek further studies.

Cases of parents of State Government servants are different, because they happen to be State Government servants, the Government will relax the rules.

Technical Institutions in competition with others will have to go elsewhere to seek further studies.

Merit students will be forced to go elsewhere to seek further studies.

Students will be forced to go elsewhere for courses like Textile and other technology, Leather technology, etc.

Indian Institute of Science, Aeronautical Engineering Courses also have parents who want to relax the rules.

Local students want loan facilities, but do not have it.
Exemption from the Payment of Tax for R.T.D Buses

829—

*1578 Q.—Sri P. Bapaih (Tiruvur) Will the hon. Minister for Education and Transport be pleased to state

(a) whether it is a fact that some of the buses run by the Andhra Pradesh Road Transport Corporation have been exempted from the payment of Tax, and

(b) if so, the amount in respect of which exemption was given during 1959-60?

Sri S B P Pattabhi Rama Rao

(a) Yes, Sir
(b) The exemption was granted in respect of 9 buses of the Andhra Pradesh State Road Transport Corporation only in June 1960.

Allotment of Villages in Huzurnagar Block-area under Pilot Scheme

832—

*1254 Q.— Sri D Narasiah Will the hon. Minister for Endowments and Co-operation be pleased to state

(a) whether it is a fact that the Government have allotted ten villages in Huzurnagar block area in Nalgonda district under the pilot scheme and have taken steps for the development of Agriculture,

(b) the amount of expenditure proposed to be incurred for the implementation of the said scheme and the actual amount of expenditure incurred so far, and

(c) the additional benefits obtained by the ryots in the area under the pilot scheme?

Sri M Narasinga Rao

(a) Yes, Sir

(b) No expenditure has so far been incurred on the scheme as the Central Banks in Telangana decided that the scheme cannot be implemented immediately, and that they would be in a better position to undertake financing the scheme only when adequate funds are available. The Registrar has proposed to drop the scheme in the Telangana area. However he has been instructed to take steps to implement in the first instance.
at least in some Districts where the Central Banks are reported to be functioning well

(c) The scheme envisages the supply of credit and agricultural requirements like improved seeds, fertilisers etc., to the cultivators

Central Banks are to advance adequate short-term and medium-term credit to the village co-operative societies on the basis of the production programme and other relevant factors and they have decided that the scheme cannot be implemented immediately. The Reserve Bank of India have recently suggested that the Government need not proceed with the implementation of the scheme but may await the decisions of the Government of India on the recommendations of the Credit Committee which would provide for guaranteed funds and which would be more acceptable to the Central Financing Agencies and to the Reserve Bank of India.

Co-operative Credit Society at Ganugubanda Village

*1260 Q — Sri D. Narasiah Will the hon Minister for Endowments and Co-operation be pleased to state
whether it is a fact that after the administrative Inspector of Co-operative Department, Huzurnagar, Nalgonda district held elections and got the managing committee constituted for a co-operative credit society at Ganugubanda village, Huzurnagar taluk, another Inspector named Sri Ramanarasiah went there and organised separate rival society?

Sri M Narasimha Rao

As the old byelaws of the credit societies were adopted at the time of organisation of the society in the first instance, the Inspector was asked to reorganise the society adopting the up-to-date byelaws of the Multipurpose Co-operative Societies. It is not therefore correct to say that rival society was organised.

Mr Speaker Managing Committee or Executive Committee, whatever you call...
Villagers of Ganugubanda represented that the organisation of the societies was not done by admitting all the persons who intended to join the society.

Sri M Narasinha Rao A fresh initial committee had to be elected. Election is not yet over.

Mr. Speaker So, we shall take up this tomorrow.

This question is postponed to tomorrow.

Rural University

839—

*748 (1701) Q—Sri V Visweswara Rao [Put by Sri S Kasi Reddy]* Will the hon Minister for Agriculture and Labour be pleased to refer to the answer given to question No. 2841, dated 26th March 1960 and state

at what stage the starting of Rural University stands now?

*Sri N Ramachandra Reddy* The provision of the draft Bill prepared by the Special Officer and important subjects like the integration of teaching, research and extension were discussed at the meetings held on the 11th and 12th September, 1960, between the members of the Cummings Committee appointed by the Government of India and the officers of the State Government. Though much of the ground was covered it is considered desirable to work out in greater details the pattern of integration both in respect of Research and extension and evolve such pattern which would ensure the most
efficient organisation to take up heavy responsibilities of food and live stock production in the State and be in keeping with the concept of Agricultural University. The Government of India have therefore been requested to depute the Cummings Committee once again to which they have agreed. The Committee proposes to visit this State in December, 1960.

(c) We are divided into two halves. The majority must respect the views of the minority and take into consideration and enforce them as early as possible. The minority must be responsible. Labour Party represents the labourers; the Liberal Party, the Liberals; the Republican Party, the Republicans; and the Democrats, the Democrats. Democracy will not go on fail. Either Military dictatorship or Communist dictatorship. India under leadership of Pandit Nehru struggle.
understand me Pandit Nehru's Government is struggling to avoid both multiplicity of categories. Constitution let us follow the principle followed in England and America Majority and minority categories.

(Continued) Sir allow me to present the principle followed in England and America. Majority and minority categories.
