*974 Q — Sri K Venkata Reddy Will the hon Minister for Planning and Information be pleased to state

(a) the number of blocks (C D and N. E S) formed in Andhra Pradesh upto October, 1960,

(b) the number of blocks yet to be formed, and

(c) when this work will be completed?

Sri P Ranga Reddy

(a) 283 excluding Pre Extension Blocks

(b) 162

(c) In October, 1963
139 15th March, 1961 Oral Answers to Questions

Will the hon Minister for Planning and Information be pleased to state
(a) the procedure being adopted for the selection and appointment of Block Development Officers,
(b) the total number of personnel allotted to each complete Block, and
(c) whether the Government propose to recruit the Block Development Officers by direct appointment?

Sri P. Ranga Reddy

(a) Before 1-11-1960 the Board of Revenue used to submit panels of names of Tahsildars and Deputy Tahsildars included in the list of Tahsildars for appointment as Block Development Officers. Suitable candidates from the lists submitted by the Board of Revenue were selected by the Government and allotted to districts for appointment as Block Development Officers. As regards selection of Block Development Officers from Non-Revenue Officers viz., Extension Officers for Agriculture, Animal Husbandry, Co-operation, Industries and Panchayats and Social Education Organisers and Divisional Panchayat Officers, the Heads of Departments concerned were submitting the names of suitable officers and these officers were being interviewed by the Selection Committees constituted for the purpose. The selected candidates were being allotted to District for appointment as Block Development Officers.
With effect from 1-11-1960 the selection of Block Development Officers has been handed over to the Andhra Pradesh Public Service Commission.

(b) 55 personnel belonging to various categories are generally allotted to a Samithi (Stage I) Block. 41 personnel belonging to various categories are generally allotted to a Stage II Block.

(c) No, Sir

Smt Roda Mistry (Jubilee Hills) We find Tahsildars and Deputy Tahsildars are made B D Os. Is it possible for a Tahsildar and a Deputy Tahsildar to undertake such heavy responsibilities? B D O is a responsible officer. Why should not training be given to them before they are appointed?

Sri P. Ranga Reddy A Tahsildar would be appointed as B D O, and it is not that he should carry out his duties both as Tahsildar and as B D. O.

Mr Speaker What she wants is that why not training be given before they are appointed as B D Os.

Sri P. Ranga Reddy Training is given.

Smt Roda Mistry Training is not given before appointment.

Sri P. Ranga Reddy It is given after appointment. After they join duty, they will be sent in batches for training and they undergo some training.

Mr Speaker Extension Officers, B D Os, Public Service examination etc. are given. What will happen to Tahsildars and Deputy Tahsildars? Will they also have to undergo the same?

Nomination of President of Huzurnagar Marketing Society

772—

*1261 Q — Sri D Narasiah, [Put by Sri K L Narasima Rao] Will the hon Minister for Endowments and Co-operation be pleased to state
(a) whether it is a fact that two conflicting orders were issued by the Registrar of Co operative Societies, Andhra Pradesh, viz, one order dated 21-10-1960 appointing the President of Huzurnagar Marketing Society in Nalgonda District and another order dated 24-10-1960 cancelling the previous orders, and

(b) if so, the reasons therefor?

*Sri K Chandramouli*

(a) Two different orders were issued by the Registrar

(b) With reference to a Memorandum sent by the Managing Committee of the Huzurnagar Cooperative Marketing Society requesting the nomination of another person in the place of the then existing President, the Registrar nominated Sri Muthneni Kouah, in his order dated 21-10-1960, as President of the Huzurnagar Cooperative Marketing Society by cancelling the nomination of Sri Kota Narayana previously nominated as President. In the meanwhile, the Registrar received another representation from the Chairman, Zilla Parishad, Nalgonda, protesting against the concelion of Sri Kota Narayana. In view of these petitions and counter petitions and pending decision on the issue, the Registrar cancelled the nomination of Sri Kothaiah and continued the Tahsildar, Huzurnagar Taluk as the Ex-Officio President of the Society.

Control of the Pests and Diseases

780—

*Sri P Rajagopal Naidu Will the hon. Minister for Agriculture and Labour be pleased to state

(a) the organisation in the State to control the pests and diseases

(b) whether the existing facilities by way of providing technical staff and other resources are sufficient to meet the needs of the State, and

(c) if not, the steps Government propose to take to remedy the same?

Sri N. Ramachandra Reddy A statement is placed on the Table of the House.

STATEMENT PLACED ON THE TABLE OF THE HOUSE

(a) Set up of the State Plant Protection Organisation The State has been divided into five regions for purposes of plant protection work. Each region is manned by a Plant Protection Officer who is assisted by Plant Protection assistants. There is also a Plant Protection Officer at headquarters to co-ordinate the work of the Regional Protection Officers and to assist the Director of Agriculture in regard to the purchase of plant protection equipment, pesticides, etc. At district level, there are two Plant Protection Assistants for every heavy district while in the lighter district, one Assistant is employed

(b) and (c) Though well organised, the technical staff and other resources are not sufficient enough to meet the growing needs of the State and, hence, the following proposals are under consideration for strengthening the Plant Protection Organisation in the Third Plan

(i) Division of the State into 8 Plant Protection regions, with one Plant Protection Officer for each region
(ii) Strengthening the Regional Offices of Plant Protection Officers by providing necessary supporting staff,

(iii) Creation of additional posts of Plant Protection Assistants in the Districts,

(iv) Increasing the number of Mobile vans from 5 to 8, one for each region, and provision of jeeps and trailers to all the Plant Protection Officers,

(v) Increasing the provision from Rs 90 00 to Rs 3 00 Laksh per annum towards subsidised distribution of hand operated sprayers and dusters,

(vi) Increasing the provision for purchase and distribution of pesticides by the Department to Rs 10 lakhs per annum

Sri N Ramachandra Reddy A separate question may be put: But at present, there are five regions, at Bapatla, Cuddapah, Kakinada, Warangal and Nizamabad. We propose to have eight regions. Suitable places will be selected for them.

There are two Plant Protection Assistants for every heavy District. In how many heavy Districts? There are special training courses for B Sc Agriculture graduates. How many Plant Protection Officers are to be selected?

(b) The Agriculture Department mobilised all its resources and technical personnel and also enlisted the Co-operation of Revenue Officials, Block staff and the public for adopting large scale anti-locust measures which consisted essentially in preventing alighting of locusts on standing crops during day time and destruction of swarm by chemical and mechanical means during nights. By these measures, it was possible to keep the damage to crops at a low level.

(ii) Locust movement was very closely watched and suitable fore-warnings were arranged to be given through the All India Radio stations at Hyderabad and Vijayawada and through Police wireless stations so that cultivators could remain in sufficient numbers on their fields in the vulnerable areas and scare away the locusts and thus prevent their alighting.

(iii) Leaflets describing the desert locust and its control measures were got printed in Telugu and other Regional languages for distribution on a large scale in all the districts in the State.

(iv) A film on desert locust and its control measures was screened in the affected and vulnerable areas, with a view to educate people and enlist their cooperation for controlling the pest.

(c) Pesticides were ordered to be given free of cost and at village site itself, and wherever the affected crops were showing the necessity for application of quick acting manures, arrangements were made to give special quotas of Ammonium Sulphate and other fertilizers.

(1) Due to the fluctuation in the price of yarn, the Society did not earn good profits in the yarn business during that year.

(2) The society did not also earn good profits on the sale of cloth during that year due to various factors, such as the change in the consumer's tastes, rise in the economic standard of living and competition by the mills etc which adversely affected the business of the Apex Society.

(3) The establishment charges and contingent charges incurred by the society during that year were also heavy which ultimately resulted in the society sustaining a loss of Rs. 25,139/38 during the year 1958-59. As may be seen from the proforma accounts of the society, the loss position will be finalised after accounts have been finally audited by the Auditor.
