After all, we must try to maintain the respect of others also. You are liable for punishment if you say the allegations are like that. You must respect them also.

The B.D.O. Sangareddi, conducted a detailed enquiry of all the allegations made against the Mali Patel. The allegation No. (7) speaks of the misappropriation of amounts collected towards the National Defence Fund. The Collector has examined the record of enquiry submitted by the B.D.O. Sangareddi and held that it is evident from the connected file in the taluk office that Sri Hanumanth Reddi, Mali Patel, has credited into the treasury Rs. 4,400/- towards National Defence Fund. The allegation against him in this regard is found baseless.

Oral Answers to Questions

Sri P. Ramachandra Reddy:—On the representation of all the villages an open enquiry was conducted through lawyers; Charges were levelled openly like regular trial in a criminal case. As far as the enquiry before the B.D.O. is concerned, judgement was pronounced that all the charges were proved including the National Defence Fund transaction. I want to know whether the Collector has enquired apart from this?

Sri K. Brahmananda Reddy: I do not know, Sir. There seems to be more politics in this than anything else. Anyway I will take the information from the hon. Member and further look into it.

*1259 Q.— Sri P. Satyanarayana (Put by Sri V. Visweswara Rao):— Will hon. the Chief Minister be pleased to state:
(a) the Coal Stocks piled up on the surface in all the branches of Singareni Collieries up to the end of May, 1964:

(b) the reason for huge stocks and the steps taken to dispose off the stocks.

(c) whether it is a fact that the coal stocks of the Singareni Collieries at Ramagundam, caught fire recently; and

(d) if so, the steps taken to avoid such incidents?

Sri K. Brahmananda Reddy:— (a) A statement showing the stocks of coal at the different mines at the end of May 1964 is placed on the Table of the House.

(b) For want of orders, the stock of slack coal, especially that produced at Yellandu Collieries, which is inferior in the quality when compared with the coal from other fields, is piled up.

(c) Yes. There was a small isolated fire in one of the stocks at Ramagundam due to spontaneous combustion and this was put out in time.

(d) As a precautionary measure coal is stocked in isolated heaps. Water supply pipes have been specially provided for the purpose of fire fighting.

Sri K. Brahmananda Reddy:— For want of orders, the stock of slack coal especially that produced at Yellandu village colliery which is inferior in quality when compared with the coal from other fields is piled up.

Sri K. Brahmananda Reddy:— In order to reduce accumulation of stocks and to find ready and assured market for coal the company requested the Government to see that all Government Departments and Government undertakings draw their requirements of coal exclusively from the Singareni Collieries Co. Ltd.

Sri K. Brahmananda Reddy:— The Government of India have also since written to this Government requesting that necessary instructions may be issued to all Government undertakings to place their orders for coal on the Singareni Collieries Co. Ltd. and the National Coal Development Corporation.

Will hon. the Chief Minister be pleased to state:

- MOLASSES

1673—

*3916 Q.—Sri P. Rajagopala Naidu (Thavenampalli):—
Will hon. the Chief Minister be pleased to state:
(a) whether the prices of molasses produced in Sugar Factories in our State are controlled; and

(b) if so, the reasons therefor?

Sri K. Brahmamanda Reddy:— (a) Yes, Sir, except molasses produced in Sugar factories under the open-pan system, (Khandasari units)

(b) The prices of molasses are fixed under the Molasses Control Order, 1961 of the Government of India. Power Alcohol, an important raw material, for man., basic industries, is produced from molasses whose price is hence controlled.

Sri G. Venkateswarlu:— (a) Please explain?

Sri K. Brahmamanda Reddy:— Molasses is obtained from sugarcane juice whose price is hence controlled. The Government have requested the Government of India to revise the price of molasses.

Sri G. Venkateswarlu:— (b) Please elaborate.

Sri K. Brahmamanda Reddy:— Thank you.
The Minister be pleased to state:

(a) whether it is a fact that the management of Singhareni Collieries Company have incurred some expenditure towards surveying the site for fertilisers factory at Pannaicha;

(b) if so, what is the amount spent; and

(c) whether the said amount was repaid to the Collieries management by the Government?

Sri K. Brahmananda Reddy:— (a) Yes, Sir.

(b) No separate account was maintained for the expenditure as it was a negligible amount.
(a) No, Sir; they did not claim it as it was a negligible amount.

How are they responsible? But the reasons they say are, the expenditure actually incurred was negligible, and (2) they did it more for their use as they were interested to reserve the site for fertiliser factory outside any coal bearing areas. Hence the company has not claimed any amount from Government.

ASSISTED PRIVATE INDUSTRIAL ESTATE
RAJAHMUNDRY

1675—

*2807 Q.—Sri Vavilala Gopalakrishnayya:—Will the hon. Minister for Finance be pleased to state:

(a) whether any Memorandum was presented by the manufacturers of the Assisted Private Industrial Estate, Rajahmundry, on 20th August, 1964 to the Honourable Finance Minister;

(b) what are the contents of this Memorandum; and

(c) the action taken by the Government on the said memorandum and who are responsible for the delay in the operation of the Estate?

The Minister for Finance (Dr. M. Chenna Reddy):—

(a) Yes Sir,

(b) A statement is placed on the Table of the House.

(c) A note showing the action taken by Government on the memorandum is placed on the Table of the House.
PAPERS LAID ON THE TABLE OF THE HOUSE

Vide Answer to Clause (b) of L A Q No 2807 (Starred)

Salient points of the Memos in addition to the Minister for Finance by the manufacturers of the Assisted Private Industrial Estate, Rajahmundry 03-01-1964:

1. Construction of approach road from Dowleswaram Police Station to the estate and from estate to Rajahmundry Railway Station, through Dodaman.

2. Construction of Over-bridge on Railway track running across the approach road.

3. Supply of water and taking up the drainage and sanitation work.

4. Installation of a Telephone.

5. To grant under Hire purchase scheme the building constructed for the expansion of A. dhira Paper Mills new lying un-occupied.

6. To waive the collection of ground rent till the end of the year 1965.

7. To depute a specially trained Engineer or an efficient Special Officer to assist the existing small industrial units in a proper way, and

8. Adequate supply of raw material.

Vide Answer to Clause (c) of L A Q No 2807 (Starred)

Note Indicating the action taken by Government on the memorandum Presented by the manufacturers of the assisted private Industrial Estate, Rajahmundry.

1. Construction of approach road from Dowleswaram Police Station to the state and from estate to Rajahmundry Railway Station.
To construct approach road from Dowleshwaram Police Station to the Estate and from Rajahmundry Railway Station through Bonmuru the Highways Department have already been convinced to take up the National Highway Road from Rajahmundry Railway Station to the Estate via Bonmuru and the work is already in progress. The Dept. of Industries and Commerce is also pursuing this matter with the Superintending Engineer (Highways) and Executive Engineer (Highways) to speed up the work. Proposals are now being submitted by the Department of Industries and Commerce to the Zilla Parishad to take up the construction of approach road from Dowleshwaram Railway Station to the Estate.

2. **Construction of Over-Bridge on Railway track running across the Approach Road**:

The National Highway No. 5 has been laid up to the Railway over-bridge which will provide near access to the Industrial Estate, Rajahmundry. There are no proposals to lay other roads as this means fresh acquisition of the private lands etc.

3. **Supply of Water and taking up the Drainage and Sanitation work**:

A pumpset driven by a diesel engine was already set up in the Estate to meet the requirements of the occupants as an alternative arrangement, as the power supply to the Estate was delayed. The industrialists did not cooperate to make use of the pump set and kept the engine idle for fear of bearing the fuel charges. As the power supply has now been arranged by the Electricity Department on 27-8-1964 necessary arrangements have been made for erection of water pump. The drainages and sanitation work has to be taken up by the Special Civil Engineering Section attached to the
Department of Industries and Commerce and negotiations are already in progress to take up work, but the where-withal to go ahead with the scheme as yet to be found.

1. **Installation of Telephone:**

This can be provided only when the remaining industrialists commence their production activities. A proposal for the installation of a telephone to the Administrative Building is under consideration and the present industrialists can make use of this telephone while the necessary participation in the Estate.

5. **Grant on hire purchase system the Buildings constructed for the Expansion of Andhra Paper Mills which is now lying Un-Occupied:**

A representation was made to the Department of Industries and Commerce previously by the industrialists. Necessary action will be taken by the Department on receipt of a fresh written requisition from any industrialist in the Estate.

6. **To waive the collection of ground rent till the end of the year 1965:**

As per the Government of India's instructions, rent has to be collected from the date on which power is supplied as they are subsidising rent for the first five years. If the subsidised rent is given for longer time or units given free of rent, the State Government has to bear the loss due to full economic rent, and so the Dept. is not in a position to waive the collection of rent from the industrialists at present.

7. **To depute a specially trained Engineer or an Efficient special Officer to assist the existing small Industrial Units in a proper way:**
All possible help has been rendered by the present Assistant Director of Industries and Commerce at Rajamundry whenever the industries approached him for help and there is a proposal for posting a Special Officer to the Estate, as one specialist cannot possibly cater to the requirements of all industries.

8. Allotment of raw Materials to Industrialists:

The grievance expressed by the industrialists that the raw material is allotted to the fraction of their requirements is correct. All the three concerns required controlled commodities. The limited State quota is not so much as to meet the full requirements of the small scale industrialists throughout the State. This matter has been taken up with the Government of India and efforts are being made to obtain more quota of raw material from the Centre. Government. Out of the three units, on the day of the Minister's visit, only one viz. M/s T. Veerabhadrudu was working and every possible assistance was given to that unit as a special case. The other two units, viz. M/s Annapurna Carbon Industries and Gowthami Hardware Industries are just in infant stage.

From the above it may be seen that the Government are taking every possible step to help and encourage the industrialist in the Assisted Private Industrial Estate at Rajamundry.

ANDHRA PRADESH KHADI AND VILLAGE INDUSTRIES BOARD

1976—

*566 (1647) Q.— Sri A. Sarveswara Rao:— Will the hon. Minister for Finance be pleased to state:

(a) whether the Andhra Pradesh Khadi and Village Industries Board approached the Government to amend the Public Societies Registration Act 1350 F. (Hyderabad) and the Societies Registration Act 1960 (Andhra) to rectify the defects in such a way that the office bearers and directors of societies are made liable personally for their omissions and commissions and for supervision and control on the affairs of the societies by an external agency to tone up the administration of societies; and

(b) if so, when, and what are the steps taken by the Government so far?

Dr. M. Chenna Reddy:— (a) No, Sir.

(b) Does not arise.

[Translation: (a) Do not express very much. The same applies to cooperative societies also. I am asking some consolidation of legislation in the House.]

Sri N. Raju Reddy:— The same, Registration of Societies Act, etc., have been consolidated. There is no need to consolidate the Act. An external agency is needed to keep control and supervision on the societies. Some consolidation legislation in the House is necessary. Suggest it.

TELUGU IN THE UNIVERSITY COURSES.

1681—

*3967 Q.— Sri P. Rajagopal Naidu:— Will the hon. Minister for Education be pleased to state:

(a) whether the Government is contemplating to introduce Telugu in the University courses also as a medium of instruction; and

(b) if so, when will it be introduced?

Sri K. Brahmananda Reddy:— (a) This is a matter for the Universities to consider.

(b) No precise estimate in this regard is possible at present.

Sri K. Brahmananda Reddy:— This subject, Telugu as medium of instruction for college education at certain levels, came up for discussion at the conference of the Chief Minister with the Vice Chancellors and eminent Educationists held on 23rd and 24th October. The Conference recommended that preparatory steps should be taken towards introduction of regional languages as medium of instruction such as production of standard books for use at collegiate level, publication of journals in regard to regional languages covering subjects
in all fields of knowledge, extension lectures in regional languages and training of teachers in the use of Telugu as medium of instruction. The Conference recommended that teaching of English and Hindi............ This is being examined. Sir, in consultation with the D.P.I. His reply is awaited. After that we will pursue further action.

978 31st March, 1965  Oral Answers to Questions

Sri E. Ayyapu Reddy (Mudur): Is there any information that regional language is used in any University in any other State where degree courses are taught in regional language?
Oral Answers to Questions 31st March, 1965 979

(a) Whether there is any difficulty to introduce a common Syllabus in all the Universities of the state from P. U. C. to degree courses in the State now; and

(b) If not, the reasons for the delay to introduce the common Syllabus?

Sri K. Brahmananda Reddy:—(a) The Syllabus for all courses in the Universities are prescribed by appropriate academic bodies such as the Board of Studies and approved by the Academic Council. The question of introducing a common syllabus in the State falls therefore within the purview of the three Universities.

(d) Does not arise.
**ADDITIONAL SECOND LANGUAGE TO THE STUDENTS OF URDU MEDIUM.**

1683—

- 1106 Q. — **Sri Ramachandra Rao Deshpande (Narayankhed):** — Will the hon. Minister for Education be pleased to state:

  (a) whether it is a fact that Telugu is being taught as an additional second language to the students of Urdu Medium; and

  (b) whether it is also a fact that Telugu is not being taught as a second additional language to the students of Marathi Medium; if so, the reasons therefore?

**Sri K. Brahmananda Reddy:** — In Secondary Schools in Telangana area, students whose mother tongue is Urdu have to study either Telugu or Marathi or Kannada as second language. It is therefore not compulsory for such students to study Telugu alone as second language, since there is an option to study Marathi or Kannada also as Second Language.

(b) Under the H S C. Scheme in force in Secondary Schools in Telangana area, pupils who study Marathi under the first language (mother tongue) have to study either Hindi or one of the regional languages as second language but such pupils are studying Hindi only under second language. The reason for this is that they find it very easy to learn Hindi, as the script for Hindi and Marathi is almost the same:

**Sri Ramachandra Rao Deshpande:** — While Urdu-medium students are given an opportunity to learn Telugu either as part of the first language or Second Language, the same opportunity is not being given to students other than Urdu-medium students. Can anything be done in that regard?

**Sri K. Brahmananda Reddy:** — I do not understand it.
Sri Ramachandra Rao Deshpande:— What I wish to state is that the Urdu-medium students have got 30 marks paper in the first language whereas other medium students do not have such opportunity to learn Urdu. Will that opportunity be provided to other students who do not have Urdu-medium?

(No answer);

What is the degree of the language that fourth language in which?

(c) A statement is laid on the Table of the House.

PAPER LAID ON THE TABLE

Vide Answer To Clause (C) of L. A. Q. No. 2035.

The following are some of the highlights of survey of the 3 Blocks:

Population: (1) According to the 1961 Census, the Bhadravati Block consists of 200 villages with an area of 267.27 Sq. miles with a total population of 31,770 of which 26,921 are tribals. The Bhadrachalam Block consists of 122 villages with an area of 300 Sq. miles with a total population of 34,690 of which 15,025 are tribals. The Chintapalli Block consists of 267 villages with an area of 839 Sq. miles with a
total population of 27,110 of which 24,160 are the tribals. The percentage of population of Scheduled Tribes in each of the above 3 Blocks works out to 81.7, 13.3 and 89.1 respectively. Jatapus and Sarvaras in Bhadragiri Block, Koyas in Bhadrachalam Block, and Bhagatas and Valmikis in Chintapalli Blocks, are the main tribes, inhabiting those Blocks. Jatapus, Sarvaras and Koyas speak in their own distinctive tribal languages, but a majority of them also know Telugu. Bhagatas and Valmikis speak only in Telugu. Their chief means of livelihood is agriculture.

**Occupation:** (2) In Bhadragiri Block, the Jatapus are far more well-off by virtue of their settled agriculture than the Sarvaras living aloft and also on the hill tops in the same tract but following 'Podu Cultivation' i.e. shifting cultivation. In Chintapalli Block, the Valmikis are economically more well-off than Bhagatas. The Koyas are in the process of acculturation. 75% of the Tribals in Bhadragiri Block, 65% in Bhadrachalam Block and 15% in Chintapalli Block do not own lands and have to depend on agriculture, labour or on the collection and sale of minor forest produce. In Bhadrachalam Block 45% of the tribes are cultivating Government waste lands, 20% of the tribal population in Bhadragiri Block, and 25% in each of the Blocks—Bhadragiri and Chintapalli is engaged in 'Podu Cultivation' in areas of 7,000; 2,000; and 15,000 acres respectively. The yield from Podu cultivation comprises of Jonna, Red-gram; Ganvi, Ojalu, Korra, Sama, etc. Although agriculture is a main means of livelihood of the tribals in these blocks, the tribal cultivators are still at their subsistence level.

**Economic Conditions:**

(3) Besides attending to their agricultural operations, the tribals augment their income in the following ways:

(i) They work as labourers in the field of their neighbours in their own villages and other villages outside.

(ii) They collect the Minor Forest Produce which is a major subsidiary Occupation and sell the same to the Andhra
Scheduled Tribes Co-operative Finance and Development Corporation Ltd. which is having a monopoly of Minor Forest Produce in these areas. The Minor Forest Produce generally consist of tamarind, Adda-leaf, Adda-fibre, Marabolms, Mowha seed and flower, Pungam seed, Hill-Grooms, Honey etc.

(3) In Bhadragiri and Bhadrachalam, the tribals besides working agriculture as labourers work as labourers in the construction of buildings, bridges, formation of roads, bunding of fields, under Soil Conservation scheme etc., provided under various development programmes. The enquiries into the family budget of some of the tribals show that expenditure generally outstrips income due to various factors viz., size of the family, (the average family being 5 members) costly community dinners at the time of marriages etc., offerings to their deities, recreations including, drinks etc., and this leads to a recurring deficit which throws the tribal into the clutches of the money lenders.

The incidence of indebtedness of the tribals figured prominently in the course of enquiries. But several tribals showed a considerable hesitation in disclosing the correct information. In Bhadrachalam and Chintapalli blocks the incidence of indebtedness is 52.4% and 57% respectively. In Bhadragiri block, according to the information available with the Special Deputy Tahsildar (Debt relief) Parvathipuram, 771 cases have so far been detected involving an amount of Rs. 37,515/- in Cash and 9 putties of grains in kind as debts held by 1842 tribals in the area. There are many systems of lending money by Sahukars in these areas and different rates of interest ranging from 25% to 200% are observed.

Education:

Appreciable enthusiasm is noticed among the tribals in these areas to get their children educated. In Bhadragiri Block there are 83 elementary schools and (40 Aided Elementary Schools and 43 Panchayat Samithi Schools) 2 High Schools. In Bhadrachalam, there are 67 Elementary schools including
1 Higher Elementary Schools (18 Panchayat Samithi Schools, 
12 Mission Schools, 37 Aided Elementary Schools) and 2 High 
Schools. In Chintapalli there are 30 Elementary Schools (28 
Panchayat Samithi Schools and 1 Aided Schools). Among these 
30 Elementary Schools, there is one Higher Elementary School 
at Chintapalli. The percentage of tribal children admitted into 
the High Schools, year after year, is comparatively much lower 
when observed with the total strength maintained in the ele-
mentary schools especially aided schools.

Health:

Health is fundamental, for the economic development 
the people, whether they live on the Plains or on the hills.

The success of the welfare programmes in Tribal areas will 
necessarily depend upon the satisfactory maintenance of health 
of the tribal communities. But this fundamental proposition is 
not receiving adequate attention in those areas. In Bhadragiri 
Block, there is one newly started Primary Health centre, loca-
ted temporarily in a rented building in one corner of the Block 
and a Mobile Medical Unit at Block headquarters at a distance 
of 4 miles from Primary Health Centre. In Bhadrachalam 
Block, there is one Government Hospital and one Mobile 
Medical Unit. In Chintapalli Block, there is one Government, 
Hospital at Chintapalli and 2 dispensaries at Pedavalasa, and 
Thajangi and One Mobile Medical Unit at Block Headquarters. 
The common diseases prevalent in these areas are Anaemia, 
Embic dysentery, Malaria, Skin diseases, respiratory diseases 
etc. In Bhadragiri area, there are sporadic cases of Yaws also,

Resettlement of Tribals:

The resettlement scheme was one of the important pro-
grames of the welfare work done among the tribes in the 
blocks. The Government gave priority to the scheme of reses-
tlement during Second Five Year Plan period and about 400 
families were brought to the colonies started in these blocks. 
The families were given lands, a pair of bullocks, agricultural 
plements, seeds, drinking water wells, and schools with
houses to live in. Inspite of so many facilities afforded to them, the tribals do not appear to have a liking for starting such fresh schemes for their uplift due to the fact that there is no follow-up in such schemes and the tribals are left themselves when once they are brought and settled there.

**Tribals in Panchayat Samithis:**

With introduction of statutory Panchayats, an awakening is found in the minds of the tribals in these areas. The village Level Workers in the blocks with a free mixing and identification with the tribal people are able to win their confidence, and to divert their attention gradually towards the development programmes undertaken by the blocks and various other departments. The tribals are not able to distinguish between the blocks programmes and other departmental programmes with the result that if they experience any difficulty anywhere at any time they are debiting it to the block programmes. However, the tribals appreciate the blocks programmes and many of them expressed that the programmes are good and beneficial.

**TRIBAL CULTURAL RESEARCH AND TRAINING INSTITUTE, HYDERABAD**

1695—

* 470 Q.—Sarvasri P. Rajagopal Naidu and C. D. Naidu (Chittoor) :— Will the hon. Minister for Social Welfare be pleased to state:

(a) whether there is a Tribal Cultural Research and Training Institute at Hyderabad;

(b) if so, when was it started; and

(c) the nature of work done in the Institute?

_Smt. T. N. Sadalakshmi:_— (a) Yes, Sir.

(b) On 8th April, 1963.

(c) A statement is placed on the Table of the House.
PAPER LAID ON THE TABLE OF THE HOUSE

Vide answer to Clause 'C' of L. A. Q. No. 470.

The Tribal Cultural Research and Training Institute, has two wings, namely, the training wing and the research wing:

1. The Training Wing:

The Institute was inaugurated on 8th April, 1963 and from the same day, the training wing started functioning. The Training Wing is headed by the Principal who is assisted by two lecturers and other non-gazetted staff. Two short-term orientation courses for 15 days each, were held in the months of April and July, 1963 and 30 Officers of Social Welfare, Cooperation, Forest, Education, Agriculture, Women's Welfare, Health and Medical Departments were given orientation training.

The Institute has conducted so far, three long term courses for a period of 4 months each to 38 senior officers and 29 junior officers of the various departments working in the agency areas. Besides, 8 Junior I. A. S. Officers and 14 Probationary Deputy Collectors were also trained in the Institute as a part of their general training programme. A fourth long term course for junior officers has been started with effect from 1-12-1964.

A residential hostel with an accommodation for 40 trainees is also attached to the Institute and the residence in the hostel for each trainee during the training period is made compulsory.

2. The Research Wing:

The research wing attached to this Institute is functioning from June 1963. The research wing is headed by the Director who is also in overall control of the Institute including the Training Wing. The other officers in this wing are, 3 Research Officers and 2 Field Officers. The Research Officers have taken up the study of the life, culture, and the problem of the individual tribes viz. Sarvaras, Naikpods and Yerukulas.
in the districts of Srikakulam, Adilabad & Guntur respectively. The Field Officers have taken up the survey of tribal development blocks, Bhadragiri, Chuntapalli and Bhadrachalam in the districts of Srikakulam, Visakhapatnam and Khanamam respectively and completed their work. Their reports are under compilation in the Institute. The monographic studies of the tribes of Savara, Yerukulas and Naikpods, have since been completed. The monograph of Savara is completed and it is under scrutiny. The material on Yerukulas and Naikpods has since been gathered.

**Studies Planned:**

The future programmes of the Research Wing are: 1. to study the problems of 33 Scheduled Tribes in the State individually and prepare monographs; 2. to study all aspects of the tribal life and their specific problems and to record their social, economic, religious, political and psychological changes due to democratic decentralization, industrialization and advent of the Panchayati Raj into the tribal areas.

The Research programme is undertaken in the following manner

1. The Preliminary Research; 2. The Primary Research and 3. The Specific Research.

At the stage of the Preliminary research, the essential statistical data about every aspect of the tribal life will be collected. Brief and easy to understand digests of selected reports and studies will also be prepared for wider dissemination.

At the Primary Research stage, monographs on the tribals of Andhra Pradesh will be prepared. Surveys of all the 21 tribal development blocks in the State will be conducted.

At the third stage, Specific Research will be conducted on the following aspects of tribal life.

SOCIAL WELFARE SCHOOL IN KORIMERLA

1696—

* 1933 Q.—Sri G. C. Kondiah (Nellore) :—Will the hon. Minister for Social Welfare be pleased to state:

(a) whether the Social Welfare school in Korimerla, Nellore District has been closed during July, 1964; and

(b) if so, the reasons therefor?

Smt. T. N. Sadalakshmi :—(a) Yes, Sir, for a temporary period of ten days.

(a) The High School was accommodated in the two thatched sheds. Due to heavy winds, one complete shed was collapsed to the ground. 75% of the other shed was also collapsed. The accommodation had become very dangerous. Hence the closure of the school was ordered by the District Educational Officer, Nellore, to enable the management to complete the construction of the dilapidated sheds.

GOVERNMENT OF ANDHRA PRADESH ABSTRACT

Copy of:

Andhra Pradesh Medical Services—Civil Assistant Surgeons—Direct recruitment by the Andhra Pradesh Public Service Commission—Posting as Health Officers on the Public Health side—Instructions—Issued.

Health, Housing and Municipal Administration Department, G. O. (Ms) No. 435, Health, Dated the 19th February, 1965. Read the following:—

Memorandum No 855-AA 1/60-45, Health, dated 14-2-63

Order:—

According to the note under Rule 14 of the Andhra Pradesh Medical Service, every Assistant Surgeon shall serve as Health Officer in Public Health Department for a period of 2 to 3 years. But in practice, it has become very difficult to post the Assistant Surgeons selected by the Andhra Pradesh Public Service Commission by direct recruitment as Health Officers to work in the Public Health Department as required under the rules. There has been much agitation also that qualified doctors on the health side, should be posted to man the Primary Health Centres in the rural areas.

2. The Government have had under consideration for some time past to evolve a system by which some candidates selected by the Andhra Pradesh Public Service Commission in the combined list of Assistant Surgeons and Health Officers could be posted to the Public Health side under the Director of Public Health and allotted to work under the Director of Public Health for about 3 years and later on to be posted on the curative side.

3. The Government direct that among those selected for Andhra Pradesh Medical Service, Class II by the Andhra
Pradesh Public Service Commission, the number of Assistant Surgeons required to fill up vacancies in the Public Health side be allotted to serve under the Director of Public Health starting from the bottom of the list sent by the Public Service Commission. However, the Post-Graduate Degree holders and Post Graduate Diploma holders, unless the specialisation is in Public Health, shall be left out and also women candidates. The Officers so selected and directed to serve under the Director of Public Health will have to serve in the Public Health side for a period of 2 years within a continuous period of 3 years and after that, they would be posted to the curative side. Their initial allotment to the Public Health side is only temporary and will not affect their prospects of services in the curative side.

4. The Director of Medical Services/the Director of Public Health is informed that the above policy shall be followed in respect of the recruitments made by the Andhra Pradesh Public Service Commission to the combined cadre of Assistant Surgeons and Health Officers.

5. The instructions issued in Memorandum cited are hereby cancelled.

(By Order and in the Name of the Governor of Andhra Pradesh)

GOVERNMENT OF ANDHRA PRADESH

(ABSTRACT)

Tuberculosis—Tuberculosis institutions—Admission of patients Rules prescribed.

HEALTH DEPARTMENT

G.O. (Ms) No. 2032, Health Dated the 19th Oct. 1957.
Read: the following—

From the Director of Medical Services, Letter No. 51195/Al/B/57, dated 5-8-1957.

Order:

There are now the following Tuberculosis institutions in this State—

1. The Government Welfare Fund Tuberculosis Hospital, Nellore.
2. Hospital for the diseases of Chest and Tuberculosis, Hyderabad
3. Tuberculosis Sanatorium, Vicarabad.
4. Government General Hospital, Kurnool.
5. Tuberculosis and Infectious Diseases Hospital, Seethamadhara, Visakhapatnam.
6. Private Tuberculosis Sanatorium, Visrantipuram, Rajahmundry.
7. Union Mission Tuberculosis Sanatorium, Madanapalle, Chittoor District.
8. T.B. Hospital, Mangalagiri, Guntur District.

As the public are not generally aware of the procedure to obtain admission to beds available in the Tuberculosis institution and in order to regulate the admission of Andhra Pradesh patients in the Tuberculosis institutions in this State, the Government prescribe the following rules:—

A. General

(1) No Andhra Pradesh patient should come for admission to any Sanatoria, Hospital or wing unless intimation regarding the availability of bed is received by him or by her from the following respective Liaison Officers:—

Superintendent, Government General Hospital, Kurnool.
Superintendent, Tuberculosis Hospital, Nellore.
District Medical Officer, East Godavari.
District Medical Officer, Chittoor.

Welfare Fund Tuberculosis Hospital, Nellore.
Visrantipuram Tuberculosis Sanatorium, Rajahmundry.
Union Mission Tuberculosis Sanatorium, Madanapalle.
Hospital for the Diseases of Chest and Tuberculosis, Hyderabad.

Superintendent, Tuberculosis Sanatorium, Vicarabad.
Superintendent, T.B. & L.D. Hospital, Seethammadhara Visakhapatnam.

Superintendent, T.B. Hospital, Mangalagiri, Guntur District.

2. Those who go without notice direct are liable to be refused admission.

3. The District Medical Officers or others should send application with X-Ray etc. of the patients for admission to Sanatorium, Hospital or Wing to the Liaison Officers. The opinion of the Liaison Officers in consultation with Superintendent, whenever possible shall be final with regard to the suitability of a case for admission.

B. Rules for Admission

1. Rules for admission to General Wards. A separate waiting list of all suitable cases should be maintained by each Liaison officer.

2. The waiting list should be divided into the following categories:

(a) Government servants (state) and their families.
(b) Police Personnel.
(c) Women and Children, separate.
(d) General Public.

3. Under each category referred to in item 2 above, the list should be prepared as follows:

(i) Serial Number.
(ii) Date on which the patient is put on waiting list.
(iii) Name and Address.
(iv) Referred by District Medical Officer of clinic or private practitioner.
(v) Age of the patient.
(vi) Disease.
(vii) Stage of the disease and treatment given.
(viii) Indication for surgery or not.
(ix) Date on which called and date of reporting to the Sanatorium or Hospital or wing as ascertained from the Sanatorium, Hospital or wing of Hospital authorities or
(x) Date or discharge from the Sanatorium, Hospital or wing.
(xi) Remarks.

4. The Liaison Officers should correspond with the concerned Sanatorium, Hospital or wing of Hospital authorities direct and maintain a waiting list so that they can give information at least once a month to the other District Medical Officers and Superintendents of the Hospitals as to the availability of beds in the concerned Sanatorium.

5. The Sanatorium authorities should admit "State" patients as directed by the Liaison Officers only and not by others.

6. The Liaison Officers should submit monthly reports to the Director of Medical Services in the form given below:

<table>
<thead>
<tr>
<th>No. of patients in the waiting list at the month ending.</th>
<th>No. of patients admitted during the month.</th>
<th>Number discharged during the month.</th>
<th>Cured.</th>
<th>Deaths</th>
</tr>
</thead>
</table>

7. The Superintendent, Government General Hospital, Kurnool (Liaison Officer) should also intimate the availability of beds for prisoner-patients in the Government General Hospital, Kurnool to the Inspector General of Prisons.
8. Each patient should be given a time limit of one week for joining. If no reply is received within five days requesting for extension of the time limit for joining, the name of the patient will be struck off the waiting list. On such applications from patients the time limit may be extended to a maximum three weeks for admission.

9. Cases seen at the out-patient departments and Tuberculosis Clinics attached to the Government Medical Institutions which are found suitable for admission should be put up on the waiting list as per the patients' desire for particular sanatorium and the same communicated in the proforma to the respective Liaison Officer.

10. Admission should be made strictly in order of the priority of entry in the waiting list unless some emergency has occurred which requires immediate attention.

11. Advance cases which have no chance of recovery should not be put up on the waiting list.

12. Letters of representations received with regard to admissions of patients direct to the Sanatorium should not be taken into consideration, but on examination if the cases are found to be suitable, they should take their turn along with other cases.

All Government servants (State) not their families, if found suitable for admission, will be admitted immediately. Police personnel should be given special priority over other Government Servants. The order of priority should be as follows:

(1) Police Personnel.

(2) Government Servants (State).

(3) Pregnant Women and Children.

(4) Cases that are curable.

(5) Cases of Surgery.

(6) Emergencies which require immediate attention such as Haemotysis, Spontaneous Penumothorax
whether they are on the waiting list or not, and whether they are early or advanced cases should be admitted immediately and kept in the District Hospitals and other Government Institutions till the emergency disappears. After that, if they are found suitable for treatment, their names will be included in the waiting list on discharge from the Hospitals or sanatorium or Wing of Hospital and readmitted when their turn comes.

14. Advanced cases among Government servants should not be admitted unless it be for purposes of issue of Medical Certificate, invaliding certificate etc.

15. Patients sent by the Tuberculosis Clinics attached to Government Medical Institutions and Tuberculosis Hospital, Nellore for operative procedures such as Thoracoscropy Thorcoplasty etc., should be directed immediately to the concerned Sanatorium for operation and should be sent back to the respective places after operations.

16. Only early cases of Tuberculosis amongst convicts should be admitted in Government General Hospital, Kurnool. First priority should be given for the admission of convict Tuberculosis patients for admission into the Government General Hospital, Kurnool on certificate issued by the Jail Medical Officers.

C. RULES FOR ADMISSION TO SPECIAL WARDS.

1. A separate waiting list should be kept for special wards in Government Tuberculosis Institutions.

2. Registration fee of Rs. 25/- should be charged for including a name in the waiting list for special wards and this amount should be remitted along with the application for admission. This amount will be adjusted towards hospital stoppages payable by the patient when admitted. If the patient does not turn up within seven days from the receipt of intimation of the vacancy of a bed, and if no extension of time is obtained from the Superintendent of the Hospital or Wing, or Sanatorium
the registration fee collected will be forfeited to Government and the bed will be given to the patient next in the waiting list.

3. Patients from other States will be admitted only in the special wards.

4. When special wards are not available, a cottage can be built by the Sanatorium authorities or Hospital wing provided the patient is prepared to pay the cost of construction of the cottage.

(By Order of the Governor.)

REVERSION OF GOVERNMENT EMPLOYEES

1733—

*2873 Q.— Sarvasri K. R. Janalalu, G. Suryanarayana and G. Rama Rao:— Will hon. the Chief Minister be pleased to state:

(a) whether it is a fact that several Government employees in all Departments in the State Subordinate Services belonging to Backward Classes and Scheduled Castes previously promoted in pursuance of the G. O. Ms. No. 559, Dt. 4-5-1961 were reverted back to their original places; and

(b) whether it is a fact that the Government policy was changed through Memorandum No. 3743, Dt. 30-9-1963 nullifying the reservations in promotions to the employees belonging to Scheduled Castes Community?

A.—

(a) No, Sir. Only those Scheduled Castes, Scheduled Tribes and Backward Classes who were promoted on a temporary basis pursuant to the executive instructions in G. O. Ms. No. 559, General Administration Department, d/ 4-5-1961 without amending the concerned Special Rules to provide for the application of the rule of reservation were ordered to be reverted as temporary appointments cannot be continued indefinitely.
(b) No, Sir. Regular appointments of Scheduled Castes made in pursuance of the executive instructions issued in G.O. Ms No. 559, General Administration (Services-D) d/4-5-1961 have not been nullified whether or not the concerned Special rules provided for the application of rule of reservation. The question of application of the rule of reservation for promotions is under examination.

PROMOTIONS TO THE OFFICIALS

1734—

**4592 Q.— Sri P. Rajagopal Naidu:— Will the hon. Chief Minister be pleased to state:

(a) whether the Government is not giving promotions to the officials who have not passed Hindi Test;

(b) if so, the reasons therefor; and

(c) whether it is a fact that these officials who passed S.S.L.C. with more than 15 marks in Hindi are being exempted from passing Hindi Test?

A—

(a) No, Sir.

(b) Does not arise.

(c) Yes, Sir. The exemption is in respect of those who have to pass third class language test in Hindi, and in respect of those who have to pass second class language test, and have obtained 15% of marks in Hindi taken either as a compulsory subject, or as a non-compulsory subject at the H.S.C., H.S.L.C., or S.S.L.C. Public Examination held prior to March 1959.

HANDLOOM CLOTH

1735—

**3472 Q.— Sarvasri S. Vemayya and Sri G.C. Kondaiah:— Will the hon. Minister for Finance be pleased to state:

(a) whether the Government are aware of the fact that there is huge stock of handloom cloth lying unsold with the primary weavers cooperative societies in Nellore District; and
Written Answers to Questions

(b) if so, the steps taken by the Government to improve the position?

A—

(a) The accumulated stocks with Weavers Cooperative Societies in Nellore District was even less than one month production, at the end of the slack season. Therefore, there was no huge accumulation of stocks.

(b) Does not arise.

MODEL UNIVERSITY BILL

1736 -

*4:59 Q. Sarvasri A. Sarveswara Rao, V. Satyanarayana, K. Babu Rao, P. Shyamsundar Rao and Vavilala Gopalakrishnayya: Will the hon. Minister for Education be pleased to state:

(a) whether the State Government have received a copy of the Model University Bill from the Centre; and

(b) whether there is a proposal from the Centre to restrict the tenure of office of the University Vice Chancellors to five years and limit the field of selection to educationists preferably below the age of 60?

A—

(a) and (b) No, Sir.

UNIVERSITY ACT.

1737—

*3403 Q. Sri B. Sreerama Murthy:—Will the hon. Minister for Education be pleased to refer to L.A.Q. No. 187(3653) answered on 2-7-1964 and state:

(a) whether the Government have finally decided to amend the University Act;

(b) if so, with what objective;
(c) whether it is a fact that the Government have elicited the opinions of the syndicates of the three Universities; and

(h) whether the opinion of the Educationalists has similarly been obtained?

A —

(a) and (b) The matter is under consideration.

(c) No, Sir. Not directly. It is presumed that the Vice-Chancellors who attended the conference, for this purpose in October, 1964 at Hyderabad would have reflected the views of their respective syndicates.

(d) Expert opinion was sought in a conference of Vice-Chancellors and other eminent Educationists with Chief Minister and the matter is under examination.

DEARTH OF CIVIL ASSISTANT SURGEONS IN THE KURNOOL MEDICAL COLLEGE

1738—

*C. Q.—Sri T.K.R Sarma.—Will the hon. Minister for Health and Medical be pleased to state:

(a) whether there has been dearth of Civil Assistant Surgeons in the Kurnool Medical College;

(b) if so, have any steps been taken to make appointments for these posts; and

(c) whether any report has been received from the Principal of the College in this regard?

A —

(a) and (b) There were no vacancies of Civil Assistant Surgeons in the Kurnool Medical College till 31st December, 1964. But, in January and February, 1965 three vacancies arose on account of certain Medical Officers being transferred at their request. Subsequently, the Government have sanctioned on 19th February, 1965 creation of 18 posts of Tutors in the
Cadre of Civil Assistant Surgeons in the Kurnool Medical Coll. Against these newly created posts, 2 posts have been recently filled in. It is expected that the position in regard to filling up of the vacancies will improve as a batch of about 250 persons would apply for appointment as Civil Assistant Surgeons, after completing their House-Surgeoncy,

(c) No, Sir.

FUND : OF TIRUMALA TIRUPATI DEVASTHANAMS

1740—

*4386 Q—Sarvasri G.C Kondaiah and M. Lakshmanaswamy—Will the hon. Minister for Municipal Administration be pleased to state:

(a) whether there is any proposal under consideration of the Tirumala Tirupati Devasthanams to allow the funds of Tirupathi Tirumalai Temples to be spent in other States also in certain scheme; and

(b) if so, what are the reasons for this consideration and what are the names of schemes and the financial commitments involved thereunder?
Written Answers to Questions 31st March, 1965 1015

A—

(a) and (b) Answer is laid on the Table of the House.

PAPER LAID ON THE TABLE OF THE HOUSE

(a) The Answer is in the affirmative.

(b) The main reasons that prompted the Tirumala Tirupathi Devasthanams authorities to consider certain building schemes in the other States are:

1. To provide for the location of the Information Centres;
2. To serve as Kalyana Mantapams at those places and
3. To provide for the accommodation of the pilgrims and tourists that visit the towns and cities in those States.

The following are the schemes so far sanctioned by the Tirumala Tirupathi Devasthanams outside the state—

1. Construction of buildings for the S.V. College New Delhi and also opening of a Tirumala Tirupathi Devasthanam Information Centre in the same College Building;

2. Construction of Kalyana Mantapam in Gayathri Layout, Bangalore, in the site allotted by the City Improvement Trust, Bangalore in which the existing Information Centre at Bangalore will also be located;

3. Construction of Tirumala Tirupathi Devasthanams Dharmashala in Varanasi in which the Tirumala Tirupathi Devasthanam information centre also will be located.
(4) Construction of a Dharma shala in Rameswaram.

(5) Construction of a Kalyana Mantapa at Mades in which the Information Centre also will be located.

(6) Construction of Prayer Hall in New Delhi by Swamy Sivananda Cultural Association, New Delhi:

(7) Construction of Information Centre buildings in all important pilgrim centres and in places, where matching grants are forthcoming from the public. Mangalore and Udupi, outside Andhra Pradesh, have been specified in the list of places coming under this category;

(8) Donations from T.T. Devasthanam funds to outside institutions.

Except in the case of the buildings at New Delhi mentioned under item (1) above, no expenditure has been incurred on any works in other places. So far as this item is concerned the work is estimated at 9 lakhs and it has been exempted by Government from the ban imposed by them on spending of moneys of the Tirumala Tirupathi Devasthanams for works outside the state. Plants and Estimates in respect of the schemes in items (2) to (5) and (7) and (8) have not been taken up by the Tirumala Tirupathi Devasthanams, in view of the ban imposed by Government and the scheme in item (6) has been negatived by Government.

(b) One man services (i.e., without conductors) have been introduced on Express routes between Hyderabad and Vijayawada by the Road Transport Corporation from 15-11-1964 as a measure of economy. Express services have limited stops and it is only at these places that passengers board and alight. The Corporation has posted booking clerks at all these stopping places to handle advance booking and licensed porters are available at all halting places to load and unload the luggage. The conductors have been eliminated from these services after ensuring that all requisite arrangements are made without burdening the drivers and without any inconvenience to the public.

Calling attention to matters of urgent public importance

re: drowning of a bus in the River Krishna at the breached bridge of the Nagarjunasagar Dam, Vijayapuri.

31st March, 1965

Sri B. Sriramamurty in the Chair

Sri K. Brahmananda Reddy:— A tourist bus No. A'P. R. 666 driven by one T. Narasiah, son of Laxmiah, started with 58 passengers including 12 children from Siddipet for visiting important places and temples on 5-3-1965 and reached Nagarjunasagar on the same day and went round important places at Nagarjunasagar.

On 6-3-1965 at about 6 A.M. the bus started for Srisailam from Vijayapuri North and crossed the broken bridge
and was going on the earth bund which connected the broken bridge with Right Bank. Near Right Bank, the earth bund is very steep and a loaded vehicle can climb the steep gradient with difficulty. The driver of the bus seemed to be very confident and tried to take the bus on this un-gradient without applying the load gear. The bus could not pick up speed on this up-gradient and came to a stop with a jerk. Then the driver tried to change the gear to load gear. The gear came to neutral and stopped. The driver could not manage to put it in load gear. Hence the bus started moving backwards. There was no time to put stones under the back wheels. The bus went on its left side down the gradient and rolled down on its left into the river and finally stopped upside down at 6-30 A.M. Part of the bus was under water. The Public Department Officers and others immediately started rescue operations and rescued the passengers. Two old persons were found dead and 14 persons received injuries. All the injured were taken to the Government Hospital and treated. There were 12 children in the bus below ten years of age; and not a child received any injury.

Sri Mangi Ramulu, cleaner of the said bus, gave a complaint in the Police Station at 7 A.M. on 6-3-65 which was registered under section 304 A and 337 I. P. C. and the C. I. of police took up investigation immediately, held inquest over the dead bodies and sent them for post-mortem examination.

The vehicle was having all the necessary documents and the driver also was having valid licence. The Motor Vehicles Inspector inspected the vehicle and stated that the gear was in neutral and the brakes got damaged due to the accident. The driver has been arrested and released on bail. The capacity of the bus is 46 persons including driver and cleaner. Of the 14 injured passengers, one person was treated as in-patients and others as out-patients. The driver is being charge-sheeted.

for an offence under sect 304, A and 337 I. P. C He will also be charged sheeted for over-loading the bus.

Sri K Brahmanandra Reddy:—The Orissa Government started claiming one village, viz., Kostiya in the first instance.
Calling attention to matters of urgent public importance

re: collection of Land Revenue from the ryots of Ganjaibhlarga villages of Pasipenta Panchayat Samiti by the officials of the Government of Orissa.

(in 1955) as lying in the Orissa State and subsequently in 1957 claimed nine more villages, detailed below, known as Kotiya group of villages:—

(Kotia)
1. Tadivalasa alias Tadipada
2. Paniki
3. Ranasingi
4. Yeguvasembi
5. Diguvasembi
6. Ganjaibhadra
7. Dhulibhadra
8. Mohapani
9. Bodavalasa

Ganjaibhadra village is one of these villages over which the Orissa Government made a claim in 1957. At first, the Orissa Government suggested for preliminary discussions at the level of Member of Board of Revenue and admitted that they did not collect revenue. For the last three years, they have been extending their administrative control by inducement and coercion like free supply of cattle, grant of small loans now and then and dragging tribals to Criminal Courts. Sri Sadasiva Tripathy, the then Revenue Minister complained in February 1963 regarding Panchayat elections held by the officials of our Government in respect of Ganjaibhadra as ‘police march’ while asking settlement by discussions. The main claim of Orissa is that in terms of the Government of India (Constitution of Orissa) Order, 1936, the question of these border villages remained unsettled despite the fact it was made clear that this Government was collecting land revenue from these villages even from before 1935.

The points raised by the Orissa Government were examined in detail with reference to the evidence afforded by the
Calling attention to matters of urgent Public Importance

re: collection of Land Revenue from the ryots of Ganjaibhadra villages of Pasipenta Panchayat Samithi by the officials of the Government of Orissa

Inter-State Boundary sketches accepted by the Orissa Government and signed by the Assistant Diwan of Jai pur estate which were also verified on the spot by the Deputy Director of Survey. Notification relating to transfer of villages to Salur Taluk in 1927 repudiated the claim of Orissa Government. Hence, in November 1964, I informed the then Chief Minister of Orissa, Sri Mitra, that Kotia group of villages are not only situated within the Andhra Pradesh but also they had always been under our administrative control.

Ganjaibhadra village with its hamlet known as Yeguva-ganjaibhadra is an agency village of Pachipanta Zamindari taken over by Government under the Madras Estates Abolition Act, on 20-6-1955. Lack of speedy communication facilities and to some extent inadequate attention by local officials of Salur Taluk resulted in construction of a small storage tank, a thatched school building, a village feeder road and grant of small sums of money by Orissa Government. On the basis of the report of the Collector, Srikakulam, Chief Minister of Orissa was even asked to issue necessary instructions to the local officials not to interfere in the day-to-day administration of the eleven more villages noted below.

So far, no reply from Chief Minister of Orissa is received.

As far as Ganjaibhadra village is concerned, according to the latest reports of the Collector, the officials of Orissa Government are forcibly collecting land revenue. As the officials of both Governments are trying to collect land revenue the ryots are naturally vexed. It is strange that despite unequivocal repudiation of their claims, in October,
1930, February 1963 and as recently as in November 1964, the Orissa Government officials are still trying to establish their claim by collecting land revenue etc. As it is an avowed policy to settle all border disputes, whether genuine or otherwise, by mutual discussion and negotiation, I would like to take up the matter again with Chief Minister of Orissa. In the meanwhile the local officials will be instructed to take suitable steps to counteract the coercive methods adopted by the local officials of Orissa Government after the receipt of the Collector's detailed report which is awaited.

re: Closing down of the Glass Factory at Gudur by the Government.

Dr. M. Chenna Reddy:— Sir, Shri G.C. Koirala gave a call attention motion under Rule 74 of the A.P. Legislative Assembly Rules stating that 150 workers who are having five years service in the Block Glass Factory, Gudur, will be thrown out of employment as the Government propose to close the Block Glass Factory, Gudur, from 1-4-1965.

(2) There is no such proposal referred to above by the hon. Member. The position is noted below:

(3) The Government Glass Factory, Gudur was originally started by the Department in the year 1955 under the

re: closing down of the Glass Factory 
at Gudur by the Government.

name "Government Block Glass Works" with a view to manufacturing block glass required in large quantities by the bead manufacturers at Papanaidupet, Chittoor district, a reputed centre for the manufacture of beads in the country. These bead manufacturers have been depending all along on the block glass manufacturers in Uttar Pradesh for their requirements of block glass and it was felt that the middlemen who were supplying them necessary block glass were exploiting the bead manufacturers.

(3) It was however found on actual implementation of the scheme that it was not possible to supply block glass in innumerable shades at competitive rates. It was also found that the quality of glass manufactured in some shades did not come up to the standards required. Hence, production in the factory was suspended from Oct. 1956.

(4) After appointment of a new Glass Technologist in the year 1959 the scheme was revived diversifying the production programme so as to manufacture hollowware, as there was no such factory in the State excepting M/S. Kekinoor Glass Factory, Hyderabad, and there is considerable demand for glass borders and chimneys and a revised scheme was sanctioned by Government in December 1960 at a capital cost of Rs. 1.39 lakhs.

(6) Pending procurement of machinery and construction of shed production of hollowware was taken up in 1960-61 with a small furnace with a view to training the workers as this was altogether a new line for them.

(7) The Factory for the year-ended 31-3-1964 had incurred a net loss of Rs. 1,30,077.50 nP. as against a net loss of Rs. 66,879.5 for the year 1962-63. The reasons for the loss are as follows:

(i) Lack of proper equipment like annealing lehr etc;
Calling attention to matters of urgent Public Importance

(ii) Lack of adequate technical supervisory staff;

(iii) A good number of skilled workers have left the factory to the other glass factories i.e. Chirala and Madras;

(iv) Frequent interruptions in the electricity supply;

(v) The selling agents could not book sufficient orders; and

(vi) Nearly 15% to 30% of the production is lost at the stage of annealing.

As the factory has been running on loss from year to year, the Joint Director of Industries & Commerce (LSI) was asked to study the working of the factory and the reasons for incurring such loss and determining remedial measures. The Joint D.I. & C. has inspected the factory and submitted a report to Government in September 1964.

The report of the Joint Director (LSI) was considered by the VIII Control Board at its meeting held on 19-9-1964. On an examination of report, it was found that the factory has been running on loss from year to year. The Board noted from the report that even after ensuring effective supervision and production control and rectifying the existing defects the profits expected will be only marginal being Rs. 10,000/- per annum and that the industry is such that with the process presently adopted the success largely depends on the skill and cooperation of the workers.

The Board felt that in view of the above it would not be advisable to run the factory by the Government and recommended that the factory may be sold to the private or cooperative enterprise.

The Glass Technologist, Government Glass Factory, Gudur, who was asked to explore the possibility of converting the Government Glass Factory into an Industrial

Cooperative of the workers presently employed has reported that he has addressed the workers' Union in this regard and that the Union has not shown any interest in the matter. He has also reported that the workers do not have any resources and it is very unlikely that they would come forward to pool up resources and run the factory on cooperative lines. In the circumstances, the Director of Industries & Commerce has suggested to sell the factory to a private enterprise. No decision has been taken yet in the matter.

(11) The Government have also sanctioned the continuance of the staff in the factory for a period of one year from 1-3-1965.

Re: scarcity of manure in West Godavari District.

D.M.S. has stated that control on milk food does not come under the purview of the Drug Control Act. As such no control is exercised by the Directorate on the distribution of the milk food. Previously milk food was a controlled commodity licensing for the sale of which was done by the Director, Civil Supplies. The restriction is now reported to have been relaxed in view of the satisfactory supply of food.

It may be stated that in connection with the answer to a Rajya Sabha question in regard to the acute shortage of Baby food in Delhi and in the country and the steps taken to meet the shortage, the Director of Civil Supplies has reported that no complaint about the acute shortage of baby food has been received in this State and that the question of taking steps to meet the shortage does not arise.

Land revenue is a vital source of income for the government. The Finance Department has proposed an increase in land revenue. The Cabinet has approved the increase in land revenue. The Cabinet has also allocated funds for land revenue. The Cabinet has approved the allocation of funds for land revenue.
Sri E. Ayyapu Reddy:— Speaker Sir, on the eve of the New Year another Appropriation Bill is going on the Statute Book of this Assembly. It is but natural that we should take a stock of the progress already achieved and the progress that we are going to plan. There is no set standard to measure the progress. Each man thinks in his own way. There is no denying the fact that the State has achieved progress. Every independent state is bound to achieve progress but the question is as when compared to other countries and other States, what is the progress achieved by us relatively. Some people judge the standard of progress by means of the per capita income. Others by the scientific achievements. Some others by the standard of life and some others by the unity and peace prevailing in the political and social life and every State is bound to make some progress in some direction and lag in
some other direction but that has a must not be very good.
To me it appears that we have neglected almost certain spheres. If we just apply our effort to find out what is the progress we have achieved we find that absolutely nothing has been achieved. For example one general question which is generally put is this: How is the youth of the State spending their time? How are our youth in the villages spending their leisure time? Their life has been dull, monotonous and humdrum. Is there anything which we have done during the last 17 years to enliven their lives? Practically we find nothing. There were certain avenues of recreation which were open to them according to their previous system of life. They are no longer there. We have not replaced them by new methods of recreation. The only recreation open to them is the cinema to which he can go to a near by town to a touring talkies. Otherwise there is nothing to enliven his life. Even the students in High Schools, what percentage are found on the playground in the evenings? During the last 17 years there has been a great increase in our population and in our youth. Number of educational institutions have been opened. Number of High Schools have been opened. A record number of High Schools have been opened in one district. But is there any person who knows as to the number of playgrounds which came into existence during all these 17 years. In some districts playgrounds which were in use have come into disuse. If we take the statistics of the number of youths who are found on the playgrounds in the evenings, we find it in an absolutely disproportionate number. Sports has become the luxury. An ordinary middle class man cannot afford to send his son or daughter to the playground in the evening. If we judge the progress of our State by the standard of games or by the opportunities which are open to a youth to spend in the evening, practically we find we have not made any progress. On the other hand, we have retarded. The Education Demand has got the greatest percentage in the budget. Should we
not make that at least 1/30th of this amount allotted to the budget should be compulsorily spend on playgrounds and sports. I learn that about 45 lakhs has been spent for the construction of a Stadium in Hyderabad. That is not enough. Construction of one stadium in the city is not going to achieve any purpose. Of course, it is certainly a progressive measure. I do not know how far that stadium is catering to the needs of various types of sportsmen. But it is necessary that at least in each headquarter we should develop good playgrounds. The Samithis are entrusted with the programme of looking to recreation of the villages. But their financial condition is such that they can hardly think of getting or acquiring a playground. Something must be done to enliven the rural areas and to make the young men in the rural areas devote at least half an hour or one hour in the evenings for his recreation and games. There are many things which require plugging. Every year we are getting the reports of the Public Accounts Committee and Estimates Committee but we rarely hear as to what action the Government is taking on the reports. A mere glance of the second report of the Public Accounts Committee will show very serious lacuna in the working of the various departments. Some of the remarks are very stringent. It is better we set up a tradition of the Finance Minister or the concerned Minister coming forward with his reply immediately after the reports are published or at least at the next sitting so that we can understand what exactly is done by the Committees. Else it is of no use except as academic discussion or reference by some hon. Members. Some of the points mentioned by some of the hon. Members do require consideration. For example Mr. Das has pointed out the number of village officers kept under suspension. This is due to the fact that there is a
The Andhra Pradesh Appropriation (No. 1) Bill, 1965

in the present enactment. After the Village Officer’s Act has been struck off by the Supreme Court, the Act has not been consolidated and brought up to date. Many a time temporary appointments are made. But the anomalous position is that when these temporary candidates are involved in small offences like temporary misappropriation or embezzlement, charges are framed and they are kept under suspension. Others are appointed in their places. We do not come across this position of a temporary candidate being kept under suspension and charges being given and enquiries being conducted against him. Naturally after he is cleared, the candidate who has been appointed in his place is again replaced with the result that we find two persons contending for a temporary post. The law on the point is not quite clear and the Board Standing Orders are not quite clear and the Hereditary Village Officer’s Act does not apply to the case of a temporary candidate. It is therefore necessary to bring the law up to date, with regard to the village officers. And with regard to one of the references made by the leader of the opposition who opened the debate with regard to Neera Societies. I have got one suggestion to make. The Government is thinking of auctioning the Neera Societies. The Madras Prohibition Act which was passed in 1937 did not contemplate such a situation whether Neera Societies could be brought to auction. There is no provision in the enactment to bring the Neera Societies to auction. That was pointed out while examining the rules under the Subordinate Legislation committee. The Act has to be brought up to date so that it can cover the cases or it can give authority to the Government to bring all the Neera Societies to public auction. With regard to the enactments regarding land legislation, it has been a very painful thing
for us that an enactment is brought and hardly before the ink dries up, we are coming forward with an amendment of the Act. The law with regard to land tenures has been in a confused state on account of historical developments and various regional factors and we have come to a stage where we can consolidate it. We know that we passed a Land Ceilings Act. In practice, it has not achieved any purpose. It has been of no utility. We find that it has been a futile enactment. Is it not necessary that we should withdraw that enactment? It is not necessary that we should contend ourselves by bringing an enactment which governs the relationship between the landlord and the tenant. That will be more than enough and if that enactment is brought up to date after taking into consideration the present position, we can repeal some of those obsolete, useless and purposeless enactments. Before I close I must say a word. Our Finance Minister is known for his dynamism and original outlook. I hope the next financial year will be devoted to a peaceful and purposeful action for progress.

The Andhra Pradesh Government has presented two bills for the appropriation of funds. The first bill is the "The Andhra Pradesh Appropriation (No. 1) Bill, 1965" and the second bill is the "The Andhra Pradesh Appropriation (No. 2) Bill, 1965". These bills are aimed at providing financial support for various government projects and programs. The bills contain detailed information on the budget allocations and the procedures for the distribution of funds.

The main purpose of these bills is to allocate funds for the construction of middle income group houses. The bills state that the funds will be used to construct houses for middle income groups, with specific procedures for the allotment of houses. The bills also provide for the notification of the allotment process and the issuance of allotment certificates.

The bills are an important step towards ensuring that the funds are used effectively and efficiently, with a focus on providing affordable housing for middle income groups. The government has taken measures to ensure transparency and accountability in the allocation of funds, with strict procedures in place to prevent any misappropriation or wastage of funds.

Overall, these bills are a significant development in the field of affordable housing, and they will contribute to the betterment of the lives of middle income groups in Andhra Pradesh.
Middle income group houses are under the category of houses for middle income group. Middle class people are adopting economic poor houses and also adopting economic poor houses. 30 fire accidents are reported. Thanks to the staff. Press release. expenditure out of revenue. Often the State has to incur expenditure, the benefit of which will only accrue to the public in the years to come. In such cases, it is obviously not fair to ask the citizens to pay for the benefit of the future in a lumpsum. For example, loans floated for the payment to farmers could only be repaid by them when they have the benefit of the future harvest. It is only obvious that the citizens should pay for the benefit of the future in a lumpsum.

This whole system requires the agencies to submit many schemes they have little hope of being able to put into action. It establishes a pattern of poor cost estimates and poor budgeting which in turn are justifications for detailed financial intervention. There is another element in the picture that deserves much attention. The Ministries, knowing that Finance will reduce their requests, are given to loose and extravagant estimates of cost. They are given positive encouragement to do this. When a particular Ministry submits a tightly estimated project, Finance has complained, "You put us in a difficult position by making it so hard for us to reduce your figures". Actually a tight and sound estimate should be encouraged in every way possible, and endorsed by quick and unmodified approval. Conversely the loose estimate should be over-penalised. The primary responsibility of Finance should be to encourage and to stimulate good budgeting in the agencies and its whole review should be based on a sampling analysis which constitutes a search for poor budgeting. If the sample
reveals good budgeting, the request should be given maximum approval."

I do not want to inflict a serious speech on the Finance Minister; neither is it necessary nor is there such an occasion. As the years 1959-60 and 1960-61 have already come to an end, it is only necessary to ensure that the people are not exploited by the Government. The political parties are observing the notice already issued; their assemblies have been stopped. Even if they are held in the open, they will be dealt with in view of the circumstances prevailing in the country. The Finance Minister will not even listen to us. If we take a look at the financial position of the country, we will find that the country is not doing well.

Sirs,

I am pleased to report the passage of the Andhra Pradesh Appropriation (No. 1 Bill, 1966) and the Andhra Pradesh Appropriation (No. 2 Bill, 1966).

The bills provide for the necessary funds to support the government's budget for the upcoming fiscal year. They authorize the allocation of resources to various departments and programs, ensuring that the government can continue to provide essential services to the people of Andhra Pradesh.

I would like to commend the efforts of all those involved in the legislative process for their dedication and hard work. The passage of these bills is a testament to the commitment of the government to the welfare of its citizens.

Yours sincerely,

The Andhra Pradesh Appropriation (No. 2) Bill, 1955

Dear Sir,

The Andhra Prades Officers have since been given the responsibility of handling various IAS Officers over a period of 11 years. Among them the non IAS Officers have sought special assistance in a number of cases, and the assistance has been effective and rapid. The present Chief Minister, Mr. PT, has announced that an IAS Officers must ensure that the atmosphere created is free from economic problems and progress. The economic experts consult the Consultative Committee for their guidance in this regard. However, the present government has decided to utilise this atmosphere to create a better economic climate in the state. Therefore, it is suggested that the government may consider the possibility of providing assistance to the non IAS Officers who have been handling various cases and have been effective in their work.

Yours sincerely,

Statement Placed on the table of the House with Reference to Supplementary to L.A.Q. No. 2315 by Sri Vavilala Gopalakrishnayya Regarding Survey of Naubat Pahad area.

In answering L.A.Q. No 2315 standing in the name of Sri Vavilala Gopalakrishnaiyah, M.L.A., regarding the survey of the surroundings of Naubath Pahad, Revenue Minister stated that the area had been surveyed adopting the detailed town survey system under the Survey and Boundaries Act, that the survey report along with the survey record had been sent from the Officer-in-Charge of the Town Survey Party to the Collector’s Office, that there were some encroachments according to this preliminary report of the Survey Officer, and that after the final check operations are over under the Act, action would be taken for the eviction of the encroachers.

When answering supplantaries arising from the question, Revenue Minister stated that he would call for the Collector’s papers, look into them and place the information on the Table of the House before the end of the Session. The Government hav since obtained the Collector’s papers. Detailed examination of these papers tends to reveal the position stated below.-

Government in their Memorandum No. Q2/1581/63-6, Revenue, dated 17-8-1963, ordered the survey of Naubath Pahad area. In pursuance of these orders, the Board of Revenue published notification under Section 5 of the Survey and Boundaries Act at page No. 1156 of the Andhra Pradesh Gazette dated: 5-9-1963, ordering the requisite survey. The work was entrusted to the skeleton staff under the supervision of the Assistant Director, Survey and Land Records. Accordingly, the Assistant Director published a notification under Section 6 of the Survey and Boundaries Act, in two successive issues in the Hyderabad District Gazette in September 1963, notifying that all persons having any interest in the land or in the boundaries of which the survey is to take place, may attend either in person or by agent at the time of survey,
1170  31st March, 1965

and point out the boundaries to the Survey staff. In pursu-
ance of this Notification, the survey staff have perambulated
and localised the area known as Naubath Pahad. It falls
within the following boundaries:

North and West  ...  Secretariat Road.
South:  ...  Public Gardens Road.
East:  ...  Hill Fort Road.

The Naubath Pahad area falls in two revenue villages,
 ie., Khairatabad and Nampally.

3. The Naubath Pahad area taken up for detailed town
survey has been divided into five survey blocks and all the
holdings in this area, including roads and streets, have been
separately surveyed as per the rules prescribed for the conduct
of town surveys in the Survey Manual. Survey land regist-
ers have been prepared in accordance with Rules 84 and 85
of these Rules. Further, occupations existing in areas treated
provided as perambles have been booked as encroach-
ments during survey operations and have been tentatively
entered in the register of encroachments in accordance with
Rule 117. On this purely provisional basis, the encroachments
number 122. A list of these encroachments indicating the
extents, description of encroachment and names of encroachers
is appended. After completion of survey the Officer-in-Charge
of town survey has sent the records to the Collector for final
check operations as per rule 128 in March, 1964. It was
also made clear in this report that the survey record provides
only a preliminary and empirical basis for a full dress enquiry
by the Final Check Officer.

4. The Collector has entrusted the final check operations
of this area to the Special Deputy Collector, Land Enquiries,
as per rule 127. Further action is now being taken by the
Final Check Officer to proceed further with the relevant
enquiries under 129. As per rule 129, the duties of the Special
Officer for the Final Check Operations are mainly as follows:

(1) To see that all Government lands and lands
assessed to Government revenue are properly
registered and surveyed;
(2) Verification of every line of demarcation with particular care in respect of boundaries of public properties. He will certify to that effect on the plotted demarcation sketches after due verification on ground;

(3) Verification and confirmation of ownership of each individual holding, including public properties, i.e., Government and Municipal lands, after necessary enquiries. He will then complete the relevant columns in the Field (Land) Register;

(4) Verification of all encroachments and determination whether they are objectionable or non-objectionable. He should fill in the necessary columns of the Encroachment Register. The entries in the Land Register and Encroachment Register regarding the ownership, etc., i.e., items other than technical data obtain finality only after verification and confirmation by the Final Check Officer;

(5) He will cause the revision of the revenue accounts in terms of town survey wherever necessary; and

(6) He will prepare lists of alterations pertaining to demarcation of boundaries of public properties wherever he considers necessary and send them to the Survey Officer. Where the Survey Officer differs with the Final Check Officer, the former will, under rule 130, advise the latter to prefer land complaints under section 10 (1) of the Act stating the reasons in each case.

In performing the above duties the Final Check Officer has had to encounter the following difficulties:

(1) This is the first time that a detailed Town Survey of this special type has been undertaken in Telangana area;

(2) There are no precedents to guide the Final Check Officer in enquiries of this type;

(3) The position has become more complicated because one of the villages covered by this area is an ex-Sarfe-Khas village i.e., Khairatabad;
(4) As the existing survey in Surat-Khas village was done by the Survey Authorities several years ago, special care and attention has to be bestowed to verify each case of occupation with reference to these records and several subsequent changes that have since taken place; and

(5) The Survey now being undertaken and its finalisation is expected to serve as a precedent for tackling the remaining areas in the twin cities. Therefore special care has to be bestowed on all the details of these inquiries and the examination of the several factors involved such as registry, type of occupation, duration of occupation, public utility etc.

Nevertheless the Final Check Officer has already completed the spot inspections of all these lands and also secured the necessary information. The operations are now in progress.

5. After Final Check Officer completes the above duties he will send the records to the Officer-in-Charge, Town Survey Party. On receipt of these records the Inspector of Survey & Land Records working in the Town Survey Party will under Section 9 (1) of the Survey and Boundaries Act determine and record as undisputed and boundary in respect of which no dispute is brought to his notice. Under Section 9 (2) of the Act, notice of every such decision will be communicated to the registered holders of the lands, the boundaries of which are thereby affected. For this purpose Government or the Municipality, as the case may be, will also be treated as a person interested in the boundary. Where the boundary is disputed, the Survey Officer, i.e., the Inspector of Survey and Land Records will, under Section 10 (1) after making such enquiry as he considers necessary, determine the boundaries and record the same in accordance with his decision, indicating the reasons therefore in writing. A notice of this decision will be given to the parties to the dispute under Section 10 (3). Under Section 11 of the Act, any person affected by a decision under Section 9 or 10 may appeal to the next higher officer i.e., Assistant Director of Survey and Land Records. He will examine the appeal and give his decision in writing and
communicate copies of such decision to the parties to the appeal. The record already prepared under Section 9 and 10 will be suitably amended wherever necessary. The appeal to be filed under Section 11 should be preferred within three months from the date of service of the notice under Sections 9 or 10, which may be extended for valid reasons by the appellate authority. When action has been completed under Sections 9, 10, and 11, the Assistant Director of Survey and Land Records will notify the fact of completion of survey in the District Gazette under Section 15 of the Act. The record of survey shall then become conclusive proof that the boundaries determined and recorded therein have been correctly determined and recorded, subject to the result of any suit which can be filed within a period of three years from the date of notification under Section 13. It is only after such validation of survey under Section 13 of the Act, that the question of taking suitable action in regard to encroachments will arise.

6. As already stated above, the Assistant Director of the Town Survey Party (i.e., Officer-in-charge) has already sent the records to the Collector's office and the Final Check Operations are now in progress. In view of these inherent difficulties already explained in para 4 above, it will take a minimum period of two months more for these final check operations to be completed. The Survey Officer to whom these records will be sent by the Final Check Officer will then take about a month to come to a decision and commence service of notices under Section 9 (2) of the Act. A further minimum time of three months has to be allowed as a compulsory legal requirement under Section 12 of the Act, for the filing of appeals. These appeals will have to be decided after following the detailed procedure laid down under the Civil Procedure Code. Further, the time taken for final decision will ultimately depend upon the number of appeals that may be preferred, which cannot be anticipated at this stage. In view of these factors, the minimum time that may be required to dispose of all these appeals and cause publication of notification under Section 13 of the Act may perhaps roughly be 6 months. Thus, in all, the total minimum period to cover all these processes will therefore come to about a year from now.

N. Ramachandra Reddy,
Minister for Revenue.
