Sri V. Krishna Reddy—Less than sound, less than sound.

That is also taken into consideration in giving the allowance. We are further verifying these facts. Perhaps, after enquiring into all the reasons which
Mr. Sundarayya has stated in his memorandum, the Government might take a decision. I think it is in that stage now. It is for your information.

Sri Pillai:—Thank you, Sir. I agree. The Government has already decided it is in that stage now. It is for your information.

Mr. Speaker.—Forty nine cases have been refused.

(b) Answer laid on the Table of the House.

(c) The concession of 5 years in the maximum age limit allowed to Scheduled Caste candidates will be regulated with reference to the revised age limit fixed for others.

Statement laid on the Table with reference to item (b) of the answer to the L.A Q No 287 [ *110 (5)95 ]

(b) Such a step has been taken to discourage candidates possessing higher qualification including a University degree from applying for the Group IV Services Examination in pursuance of the recommendation of the Public Services (Qualifications for Recruitment) Committee and the Committee adduced the following grounds in support of its recommendation for the reduction of age limit:

(1) University Degree as a requirement for Public Services should continue to have its appropriate place, but it need not be necessary qualification for all levels of Services.

(2) On account of the artificial value attached to the University Degree for Government Services and consequential social value that it acquired, a great number of unsuitable persons have to be admitted into colleges. The larger the number, the lower the standard of degree tends to become in the existing circumstances. It is necessary that University Education should be taken advantage of by persons who intend to pursue higher studies seriously and the desire to obtain some sort of degree only to get employment, particularly clerical employment should be discouraged.

(3) The result of the insistent insistence on University Degree has been to create a rush for University Education even among people who can either afford such education economically nor are likely to be benefited by it intellectually. The largest volume of recruitment is only under this group, the number of applicants being 15 to 20 thousand every year. If a higher age limit is fixed, the number of eligible applicants will be more and this results in wasteful competition.
(4) By fixing maximum age limit of 17-19 for entry into clerical services, persons who are interested in such type of services would know as soon as they complete the secondary school stage that they have to complete for these services without going in for university course. In fact those who go in for university courses will do so with the realisation that the clerical services would be closed to them. There will thus be no question of any disillusionment at the end of University career if aspiring out of a graduate not being able to get even a clerical post.

Sri K. Brahmananda Reddy:—I do not know, Sir, what the actual number out?

It is wasteful.

Sri K. Brahmananda Reddy:—I do not know, Sir, what the actual position is.

Oral Answers to Questions.

The Chief Minister was asked whether a maximum of 2 years' extension as instructed to the University authorities to extend to two years period of recruitment to public services to the University degree holders in the interest of the services. He was also asked whether the eligibility for recruitment to the public services was to continue to have its appropriate value and whether the necessary qualification for all levels of services was to continue to have its appropriate value.

The Chief Minister stated that the University degree for recruitment to public services should continue to have its appropriate value, but it need not be necessary qualification for all levels of services.

New Delhi, the 28th August, 1957.

Office Memorandum

Sub—Observance of courtesies by officers of the Government of India in their dealings with Members of Parliament

It has been brought to the notice of the Government by certain Members of Parliament that certain instances have occurred in which the Members of Legislatures have not been accorded by Government officers the consideration and regard which their position in the public life of the country requires. Government of India have no doubt that in any case, if this respect cannot be intentional, and there is no desire to be discourteous or rude. nevertheless, Government of India would like to remind all officers that the courtesy and regard to the representatives of the people are desirable in the larger interests of the country. The Members of Parliament have important functions to perform under the Constitution, and it should be the endeavour of every officer to help them to the extent possible in the discharge of their functions. In cases, however, when officers are unable to accede to the request or suggestion of Members of Parliament, the reasons for the officers' inability to do so should be courteously explained to them. For purposes of interview, Members of Parliament should be given preference over other visitors, and in the very rare cases where an officer is unable to see a Member of Parliament at a time about which he had no previous notice, the position should be politely explained to the Member and another appointment fixed in consultation with him. The same courtesy and regard should be shown to Members of Legislatures attending public functions where, in particular, seats befitting their position should be reserved for them.
2. Ministry of Finance etc are requested to bring these instructions to the notice of all concerned.

(a) whether any annual report has been published by the Anti-Corruption Bureau so far, and

(b) if so, whether a copy of the latest report will be placed on the Table of the House?

Sri K. Brahmamanda Reddy.—(a) No, Sir.

(b) Does not arise.

Mr Speaker—What he means is disciplinary control over the Anti-Corruption Department. He wants Vigilance Commission to be entrusted with it.

Oral Answers to Questions.

Now that we have a Commission with judicial experience, they are ordinarily subject to examination of the Secretariat generally. Although in practice we agree in all cases, still they are subject to examination of the Secretariat. We thought it necessary.

Sir K Brahmanad Reddy—Technically speaking, it is a recommendation, but as you know, Vigilance Commission is of the status of Public Service Commission. In cases where we do not accept the recommendations of the Vigilance Commission, we will inform the House as in the case of the Public Service Commission.

Sir Ramachandra Rao Dharmapudi (Narayana Khad) —Sir, I would like to know whether this Anti-Corruption Bureau has got jurisdiction over the judiciary, I mean, those cases which cannot be referred to the Vigilance Commission.

Sir K Brahmanad Reddy—I do not think, Sir. As you know, the subordinate judiciary is under the control of the High Court and therefore they don’t come under the Anti-Corruption Bureau.
I have learnt from papers that the High Court has appointed one of the Judges to look into complaints of corruption in the subordinate judiciary.

MISAPPROPRIATION OF FUNDS BY THE HEALTH OFFICER,
GUNTUR MUNICIPALITY

296—

*677 (5414) Q.—Sri P K Ramana (Kondakarla)—Will the hon. Minister for Health and Medical be pleased to state:

(a) whether the Municipal Council of Guntur has passed a resolution at its meeting held on 16-12-1964 that the health officer has misappropriated the funds by concocted vouchers and is accepting illegal gratifications and misusing public funds, and

(b) if so, the action taken thereon?

Sri Y Svarama Prasad—(a) After the Chairman who presided over the meeting of the Municipal Council held on 16-12-1964 closed the meeting, seventeen Councillors sent a resolution on a paper said to have been passed by them on the same day at 4.45 P.M. requesting the Government to transfer the Municipal Health Officer. No resolution was passed to the effect that the Municipal Health Officer has misappropriated the funds by concocted vouchers and is accepting illegal gratifications and misusing funds.

(b) Does not arise.

Mr.  Speaker: — Has the hon Minister got a copy of the resolution?

The Minister said that 17 members passed a resolution saying that he had misappropriated the funds etc, but the resolution says that action may be taken against him since he had forfeited 'the confidence of the Council. Passed unanimously."

Mr. Speaker: — Has the hon. Minister got a copy of that?

The reasons as to how he forfeited the confidence of the council are not there in the resolution.

I, request the hon Minister to go through the file and tell us the reasons given for coming to such a conclusion.

This is the resolution communicated to the Government. There are no other reasons. It is said he has lost the confidence of the municipal council and so he must be transferred. "That is the resolution.

Mr. Speaker: — I do not think the proceedings of that particular thing are there. What he read was the resolution as passed by 17 councillors after the Chairman had left the council. Am I right?

—Yes, Sir.

—So, it was not as though it was a validly constituted council.

I am sorry, Sir......
Mr Speaker.—Whatever that may be, we are not concerned with the verdict of the proceedings. Apart from that, 17 councillors had passed a resolution. They had sent a copy of it to the Council Chairman and perhaps to the Government also. He has read out the resolution. Whether they appended any note giving the reasons for passing such a resolution is not there.

Sri V. Sri Krishna.—Let him peruse the files and inform the House.

Sri Y Sivarama Prasad.—It is only after perusing the files I am saying. The Chairman, Municipal Council, Guntur has also reported that no resolution was passed to the effect that the health officer had misappropriated funds by concocted vouchers and he is accepting illegal gratifications and misusing funds. The municipal health officer has subsequently been transferred, Sir.

Sri V. Sri Krishna.—When the resolution was communicated to the Government whether any note was appended along with the resolution?

Sri Y Sivarama Prasad.—If there is any note appended, it would have been mentioned here, Sir.

Mr Speaker.—The reasons are not there. I should say Government also showed some regard for these Councillors because when they passed the resolution he was transferred. (Laughter)

Is it not a sufficient case for the Government to institute an enquiry into his conduct?

Mr. Speaker — That is why, he is saying that there are no vouchers forthcoming for the expenditure of Rs. 33,009/- etc. Should not that officer be given an opportunity to say what he has got to say before necessary action is taken against him?

Sri Pillalamarri Venkateswarlu — That is why, enquiry must be instituted to get his explanation.

Mr. Speaker — There is an enquiry going on. That is what he says. He has been asked to explain whether he has got vouchers or not. After that, they might take necessary action against him. I think that is the position. Any how, the Minister can answer. I do not think his information will be otherwise.

Sri Y. Sivarama Prasad — Yes, Sir. These 17 Councillors passed the resolution drafted on a piece of paper and sent it.

Sri V. Srikrishna — I want to know whether an enquiry was going on still?

Sri Pillalamarri Venkateswarlu — So till now no enquiry was conducted, Sir.

Sri Y. Sivarama Prasad — It is going on.

Mr. Speaker — Enquiry is going on and action will be taken after the result of the enquiry is known. That is correct.

Sri Tenneti Venkateswarlu — What I understood from him was that they are trying to effect a reconciliation and if they cannot be reconciled, in the end, after one or two years, then enquiry —

Mr. Speaker — Reconciliation between whom?

Sri Y. Sivarama Prasad — Reconciliation of voucher amount account etc. reconciliation of voucher and account etc. Reconciliation of voucher and account etc.

Sri V. Srikrishna — Reconciliation of voucher and account etc. Reconciliation of voucher and account etc.
Mr Speaker — It may be a sort of adjustment.

Mr Speaker — I protest against that question, Sir.

Sri K. Brahmanna Reddy — He is trying to cast aspersions on the “Adhikara Party” of the Municipal Council of Guntur which is very wrong, Sir

Mr Speaker — Immediate enquiry into action?

Mr Speaker — I do not know whether vouchers are there or not. The vouchers must be asked.

Mr Speaker — Vouchers immediate action?

Mr Speaker — Voucher immediate enquiry into action?

Mr Speaker — It may be a sort of adjustment.
(c) what are results?

*The low strength was due to the fact that the future of the Homes was unsettled pending decision on recommendations made by the State Evaluation Committee, which has recommended closure of certain Homes and transfer of certain Homes to Prison’s Department, the admissions into the Homes were stopped.

While discharging them, grant-in-aid worth Rs 25 for the purchase of rattan cane equipment is given to each of the inmates trained in rattan cane, and a sewing machine to each of the inmates trained in tailoring so that they may make-out their livelihood.

As regards the orphanages, the Orphans are provided with boarding, lodging, clothes as well as books etc., for their education.

**CALLING ATTENTION TO MATTERS OF URGENT PUBLIC IMPORTANCE**

re: Scarcity Conditions in Alur Taluk, Kurnool District.
Calling attention to a matter of urgent public importance:

re. Scarcity conditions in Alur Taluk, Kurnool District

The Minister for Revenue (Sri N. Ramachandra Reddy).—Sir, the seasonal conditions are generally not satisfactory in the District except in Gooty taluk. The rainfall in the district in the month of July, 1965 was 30 mm as against the normal 38 mm. The crops are withering in the black soil area of 5 lakhs acres. But time is available till the end of August 1962 for sowings, if rain is received. There is no water in irrigation sources in the district except in Gooty taluk and the supplies from upper Pennar and mid-Pennar are also poor. There is drinking water scarcity in three villages of Kalyandrug taluk and in some villages of Rayadurg taluk, but this is a usual feature. Food prices are ruling high in rural areas. Action is being taken to divert broken rice available in the district by taking control of the stocks available with the merchants. There is scarcity of fodder and hence the Chief Conservator of Forests has been addressed to throw open reserves for grazing and all Blocks have been instructed to push through full grant works to create demand for unskilled labour. The immediate problems are scarcity of labour, employment and high prices of food grains. The works on hand are expected to tide over the problems this month.

Kurnool—Alur taluk—The rainfall has been comparatively less this year than last year but is adequate for the present. Water in the irrigation sources is adequate. Drinking water is not adequate in nine villages of the taluk but there is no acute scarcity. Fodder and food grains are available in the taluk and the crops are tender and fair. No famine conditions exist in the Taluk.
9th August, 1965. Calling attention to a matter of urgent public importance re. Death of two ladies belonging to "Service Home" in Anantapur

In addition to this, Sir, the hon. Minister for Agriculture was kind enough to visit the district and first-hand information was brought from there. The Collector has also reported on 6th of this month that upto 5th, rains were not received...

Mr Speaker.—That is with regard to Alur taluk.

Sri N Ramachandra Reddy—This is Anantapur district, Sir. Rs 12 lakhs worth of works are in progress. In addition to this, from 15th of this month, Rs 15 lakhs of works are yet to be started. That is the recommendation of the Collector. In addition to that, Ragi crop under wells which is about 10,000 acres is ready for harvest and that will be sufficient for a couple of weeks, in the district. Government is taking action in the matter, Sir.

On 81-7-1965 before the deceased Smt P Nagarathnamma complained of fits and admitted into the hospital she had neither washed her face nor eaten anything.

Though the Medical Officers whom the District Women Welfare Officer contacted personally were of opinion that the death was natural owing to fits, yet the police are reported to have taken the dead body for post-mortem and got it post-mortemed on 1st August 1965. The stomach contents of the deceased girl have been sent by the District Medical Officer, Anantapur to the Chief Chemical Examiner Hyderabad, for analysis and report. The report is awaited, and the exact cause of death can be decisively known only after the receipt of this report.

As regards the other girl, viz Kamakshi, it is reported that on hearing the sudden and shocking news of her co-inmate's death she and another girl Roshan Bi and three more girls became shaky with fear and shock and were admitted to the hospital where they are progressing. It is not a fact that Kamakshi died. She had palpitation due to shock and progressed well but as she was nervous, she was retained in the hospital for rest. It is also not correct that anybody else in the Service Home suffered from any symptoms of food poisoning. When the Joint Secretary to Government visited the Service Home on 1-8-1965, he found all the girls present in a perfectly healthy condition.

I also rushed to Anantapur immediately on receipt of the news on 4th August 1965 along with the Director of Women Welfare and made spot enquiries which broadly confirmed the facts as stated above.

**Permission to political parties to hold meetings in the Legislature Party Offices.**

In a point of information  

*Mr. Speaker* — So far no political party has sought my permission and I have not given any permission. The Congress Legislature Party, the Communist Legislature Party, and perhaps the Swathantra Legislature Party, they are all given accommodation in their own offices. Whatever matter they discuss I am not aware of. They do not usually take my permission. I leave it to their discretion. Usually I expect only the Legislature Parties to meet in their party rooms and then discuss matters relating to the Legislative Proceedings but not their party affairs and all that. I do not think we can prevent all these things.

*Sri Tenneri Viswanadham* — May I say Sir, that these rooms are intended for the meetings of the Legislature Parties but not the party meetings to which they belong. I think that can be normally said so. It is necessary to say so. Hon. Member Mr. Sirma has said that he has seen a copy of the note which is different from this.

*Mr Speaker.* — I will enquire about it and see what can be done about it.

*Sri K. Brahmangada Reddy* — I have just now received that information by a letter from Mr. Sirma. After going into the Chambers I will come and discuss with you, Sir. If you feel it should not be done, it will not be done. If you feel it can be done, it is all right.

*Sri Tenneri Viswanadham* — If it is admitted, there is no question of feeling. Please do not do it.

*Mr Speaker.* — We will discuss about it later on.

In any case, Minister cannot come before the House. Mr Speaker — Date 20th a day.
Mr. Speaker—But we have to find out from the Minister as to when he can answer that question and include it. We will inform the Member the date on which it is called.

Mr. Speaker—I do not think the hon. Member has attracted the attention of the Chief Minister.

Mr. Speaker—He is offering satyagraha at the gate. I do not know, if my information is correct, he wants proper representation for Harijan in the Cabinet. For that reason, I think, he seems to be offering satyagraha there. Now? Mr Sarma was mentioning he saw him this morning.

Mr. Speaker—I saw him this morning. He was shouting and his condition is fairly good. The question is only when a serious situation develops. As it is of course, under rule 74 or something like that, the hon. Member can give a notice. At this stage, if everybody offers satyagraha, the House cannot take notice. Unless a very serious situation develops, then it becomes a matter of public importance. Then only we will be seized of the matter.

The Sri Venkateswara University (Amendment) Bill, 1965
The Osmania University (Amendment) Bill, 1965

The First Reading of the Bill was taken on 26th August, 1965.

Mr. Venkateswara Rao: The Bill, which contains certain necessary amendments, seeks to provide for the re-organisation of the Academic Council of the University. The changes will enable the University to function more efficiently and effectively.

The academic council, under the amended provisions, will consist of the Vice-Chancellor, eight members nominated by the Government in Council, one representative from each of the Sahitya Academy and the Academy of Scientific Research, and one representative each from the Sahitya Academy and the Academy of Scientific Research.

The Vice-Chancellor will be the Chairperson of the Academic Council. The Bill also provides for the transfer of the power of the Senate and the Syndicate to the Academic Council, and the power of the Senate and the Syndicate will be exercisable through representatives of the Academic Council.

The Bill further provides for the appointment of the President of the University, who will be elected by the Academic Council from among its members, and the appointment of the Vice-Chancellor, who will be nominated by the Government in Council.

It is expected that the amendments will facilitate the smooth functioning of the University and ensure better coordination between various academic bodies.

Mr. V. V. Venkateswara Rao: The Bill makes significant changes to the structure and functioning of the Academic Council. It is hoped that these amendments will enable the University to address the challenges it faces more effectively.

Mr. J. R. R. D. P — The bill contains the following: —

Nothing is new. It is just like addressing the walls and nothing else. Please excuse me; I cannot speak. If you can give me time after he comes, I shall speak.

Mr. Deputy Speaker — If he does not want to speak, he will lose his opportunity to speak.

Mr. V. V. Gopalakrishnayya — I am thankful to the sympathy shown by the Hon. Speaker, but who am I to address?

Mr. Deputy Speaker — But the hon. Minister is addressing the House. It is not as though he is addressing the Minister.

There is a definite promise by the Minister who is in charge of education on that day. He said 'they will be Government servants'. When the rule was to be framed, they said, they would have it provided there. But now they say, a different thing. So, unless
the Minister who is actually in charge of it is here, he will be responsible. Please excuse me. If you cannot give me time later, I should feel I am unfortunate.

Mr Deputy Speaker:— If the hon Member waits, it is an exceptional case, I will reconsider that.
