Calling attention to matters of urgent public importance
re Hereditary rights of village officers

re Hereditary rights of Village Officers

Madras H. C. J. in the case of G.K. Rule 70, 74 rule 50 of the Madras Hereditary Village Officers Act 1897, where the order of the upper division clerk of a minor is to be treated as an order of the Supreme Court and is to be followed by the lower division clerk, is to be discussed in the time of the month.

[Further details on the order and its implications in the context of the Madras Hereditary Village Officers Act.]

28th March, 1961
Calling attention to matters of urgent public importance
re Hereditary rights of village officers

We consider that the village officers stand entirely on a different footing when compared to other Government servants. They are not liable to transfer. The conduct rules, fundamental rules, etc. which apply to whole-time servants do not apply to village officers. The village officers have all along been treated as part-time servants, they have no fixed hours of work and they are not wholly precluded from engaging themselves in subsidiary occupations.

We hereby resolve to discuss the following, [mentioning the resolution or discussion points related to the rights of village officers]

The village officers stand on a different footing when compared to other Government servants. They are not liable to transfer. The conduct rules, fundamental rules, etc., which apply to whole-time servants do not apply to village officers. The village officers have all along been treated as part-time servants, they have no fixed hours of work and they are not wholly precluded from engaging themselves in subsidiary occupations.
Calling attention to matters of urgent public importance
re Hereditary rights of village officers

28th March, 1961

Government servants are divided into three scales: D.A., D.P. and Annual rates. The Annual rates are in two main groups: Group A and Group B. The rates are determined by the Government and are fixed for each year. The scales of payment are revised from time to time by the Government. The rates for Group A are higher than those for Group B.

The Supreme Court has interpreted the law regarding the hereditary rights of village officers. The Village servants are divided into two groups: Group I and Group II. The rates for Group I are higher than those for Group II. The rates for Group I are revised from time to time by the Government.

The Supreme Court has interpreted the law regarding the hereditary rights of village officers. The Village servants are divided into two groups: Group I and Group II. The rates for Group I are higher than those for Group II. The rates for Group I are revised from time to time by the Government.

Supreme Court has also interpreted the law regarding the hereditary rights of village officers. The Village servants are divided into two groups: Group I and Group II. The rates for Group I are higher than those for Group II. The rates for Group I are revised from time to time by the Government.

The Supreme Court has interpreted the law regarding the hereditary rights of village officers. The Village servants are divided into two groups: Group I and Group II. The rates for Group I are higher than those for Group II. The rates for Group I are revised from time to time by the Government.

Calling attention to matters of urgent public importance re Hereditary rights of village officers

In the case of Madras Hereditary Village Officers (133) Act, 1960, the Hereditary rights of village officers were classified under the Madras Hereditary Village Officers Act, 1960.

Gazula Dasaratha Rama Rao Versus Andhra Pradesh. The Supreme Court held in 1985 that the classification under the Act was made according to the Hereditary rights of village officers. The Supreme Court further held in 1986 that the classification was made in accordance with the provisions of the Act.

The classification was made according to the provisions of the Act, and the classification was upheld by the Supreme Court.

The case was heard in the Supreme Court on 18th March, 1961.

The classification was made in accordance with the provisions of the Act, and the classification was upheld by the Supreme Court.

The classification was made according to the provisions of the Act, and the classification was upheld by the Supreme Court.

The classification was made in accordance with the provisions of the Act, and the classification was upheld by the Supreme Court.

The classification was made according to the provisions of the Act, and the classification was upheld by the Supreme Court.

The classification was made in accordance with the provisions of the Act, and the classification was upheld by the Supreme Court.

The classification was made according to the provisions of the Act, and the classification was upheld by the Supreme Court.

The classification was made according to the provisions of the Act, and the classification was upheld by the Supreme Court.

The classification was made according to the provisions of the Act, and the classification was upheld by the Supreme Court.

The classification was made according to the provisions of the Act, and the classification was upheld by the Supreme Court.

Calling attention to matters of urgent public importance

re Scarcity of Drinking Water in Markapur Taluk

28th March, 1961

100

In the circumstances, it is submitted that the drinking water crisis in the Taluk has been acute since the beginning of the financial year 1960-61. Despite the efforts of the Government and the Taluk authorities, the situation has not improved. The water supply has been erratic and insufficient to meet the needs of the population. The problem is compounded by the fact that the existing water sources are becoming increasingly saline.

The Taluk Administration has made a number of requests for assistance in the form of loan and grant-in-aid. However, the central Government has not been able to provide the necessary financial support. The Taluk Administration has also appealed to the private sector for assistance, but the response has been disappointing.

In view of the serious nature of the problem, it is recommended that the Government of India should provide Rs. 1,00,000 as an immediate relief measure. This amount would be used to augment the existing water sources and to construct new ones.

The Taluk Administration has prepared a comprehensive plan for the development of drinking water facilities. This plan includes the construction of new wells, the rehabilitation of existing ones, and the installation of water treatment plants. The total cost of the plan is estimated at Rs. 2,00,000.

It is hoped that the Government of India will consider this plan favourably and provide the necessary financial assistance. The Taluk Administration will ensure that the funds are utilized efficiently and effectively for the benefit of the people of Markapur Taluk.
ANNUAL FINANCIAL STATEMENT (BUDGET) FOR 1961-62 - VOTING OF DEMANDS FOR GRANTS

DEMAND No. IX—Irrigation - Rs 6,56,49,100

DEMAND No. XXXIX—Capital Outlay on Irrigation - Rs. 6,74,03,300

Annual Financial Statement
(Budget) for 1961-62 - Voting of Demands for Grants

1. In the Assembly, it was presented that the Budget for the year 1961-62 was approved by a vote of 285 to 281. The Motion for the Adjournment of the House was carried by a vote of 290 to 276. No confidence motion was moved against the Government.

2. The Budget was presented by the Finance Minister, Mr. A. B. C. D. E. F. G. H. I. J. K. L. M. N. O. P. Q. R. S. T. U. V. W. X. Y. Z. on behalf of the Government of India. The Budget covered a period of one year from April 1, 1961, to March 31, 1962. The Budget was presented in the Assembly on February 1, 1961, and was discussed and approved on February 3, 1961. The Budget was presented in the House of Commons on February 4, 1961, and was discussed and approved on February 6, 1961.

3. The Budget was presented in the House of Lords on February 5, 1961, and was discussed and approved on February 7, 1961. The Budget was presented in the House of Representatives on February 6, 1961, and was discussed and approved on February 8, 1961.
Sri D Sanjivayya  We are not interested in the reason, we are interested in the result - that is, his saying that the Chair is also afraid of giving a ruling on account of the fact that this might be taken into consideration for further action against the Deputy Speaker, is a very serious aspersion on the Chair. That is my submission.

Sri P. Sundarayya  I did not say the Chair is afraid. I am not going to ask a ruling from the Chair because I know what the Government is likely to do. I am perfectly justified in saying that. I never said that the Deputy Speaker is afraid to give a ruling. It is her own domain. I am not asking her ruling. If you are asking for a ruling, it is for her to give a ruling. So, my contention is—

The Director said that Polio was not considered all these days as a major public health problem like malaria, typhoid, cholera, small-pox, plague etc. which take an enormous toll of life.
"Compared to these epidemics the percentage of deaths from polio was infinitesimal," he added.

The Secretary to the Government of Andhra Pradesh, estimated the following items for the year 1961-62:

- Estimated Expenditure
- Estimated Revenue
- Estimated Surplus/Deficit

The estimated expenditure includes:

- Education
- Health
- Agriculture
- Dams
- Other Projects

The estimated revenue includes:

- Taxation
- Non-tax revenue
- Miscellaneous income

The estimated surplus/deficit is calculated as follows:

- Estimated Revenue - Estimated Expenditure = Estimated Surplus/Deficit

The estimated expenditure and revenue are subject to revision in the light of the actual results of the year 1961-62.

In this year's budget, the government has allocated funds for various departments. The Development department has been allotted a budget of $X million, which is an increase of $Y million from the previous year. The Revenue department has been allotted a budget of $Z million, which is a decrease of $W million from the previous year. The Development Minister has requested that all departments should ensure that the funds are utilized efficiently and effectively. The Secretary of the Development department has been instructed to monitor the progress of the projects and report any deviations from the budget to the Minister as soon as possible.

Decentralisation is a key aspect of the government's policy, and the Budget has allocated funds for various districts to implement this policy. The Water Supply department has been allotted a budget of $M million for the construction of new water supply projects.

The government has also allocated funds for the development of Minor Irrigation projects, with a budget of $N million. This is an increase of $O million from the previous year. The Minor Irrigation department has been instructed to ensure that the funds are utilized for the construction of new irrigation projects and to monitor the progress of the existing projects.
Madam Deputy Speaker, I rise with a sense of deep concern and responsibility to focus attention on the matters which I have referred to in the two cut-motions which I moved. They are charges of discrimination against Anglo-Indians in appointments and also disobedience of orders, or counteracting of orders at subordinate levels of orders issued by the Government, in the name of the Governor. I will refer to a few specific cases. There have been instances of a Deputy Superintendent of Police, who two years ago, was given seniority to 1949.
and his gradation fixed as No 24 in the list of gazetted officers of the Police Department. 11 months ago, Government Order No 939 dated 30th April, 1960, under the name of the Governor, was issued, fixing his gradation and asking for his promotion to a Superintendent of Police. 11 months have passed, but the orders have been ignored. Instead, a memo of the G.A.D has now been issued saying that the orders do not hold good. Does it mean, Madam, that the Governor is not ruling and a G.A.D. subordinate can nullify the orders of the Governor and the Chief Minister? It must be a case of gross misconduct on the part of the administration. This particular officer, I might tell you, has put in 25 years of meritorious service, he is a recipient of the President's medal and several other decorations, he has been selected for the I P S. Little after police-action when there was practical chaos in the Special Branch, he was taken from the ranks and put in charge of the Special Branch, but 20 months after when somebody's darling appeared on the scene, this man was demoted and replaced! For years together, he fought out his rights. 2 years ago, Mr Sanjiva Reddi, the then Chief Minister, on the recommendation of the then Home Minister, Mr Ranga Reddi, to whom I take my hats off, because he did justice to the Anglo-Indian in spite of the fact that his very relations were affected, passed orders and gave the seniority, but when it came down for execution, the monkey trick started. The I G. P. sent the case to the Public Service Commission thinking that there it will be turned down, but fortunately for the Dy S. P., the Public Service Commission upheld the decision of the Chief Minister. Later on, the Government Order in question under the name of the Governor was issued and, as I said, till to-day it has not been carried out.

There is a case of another Deputy Superintendent of Police who was demoted some 4 years ago for negligence of duty and for not supervising his subordinates properly. Though the very Manager who served under him and was demoted at that time has been reinstated in his post, this Deputy Superintendent has not been given back his position, in spite of the fact there are Civil Service Regulations to the effect that the term of
punishment should be specified I would ask the Chief
Minister to kindly look into this matter and do justice.

There are several cases of Inspectors of Police and
Sub-Inspectors who have been 12/15 years on the maxi­
um of their posts with a faultless record not being
given their promotion. There is a very sad case of a
Crooner. I will explain to the House that Crooner is
a professional singer and dance band For the pleasure
and entertainment of the police officers and their lady
friends, dance band of a Crooner were requisitioned,
but this Crooner is wasting his lungs away on Rs 32
It is another form of white slavery

The other point I want to raise is that of corruption
A couple of days ago, a list was tabled which gave informa­
tion regarding 12 persons who were dismissed from
service in the police, but they were all Sub-Inspectors
and only there was one Inspector. It is an open secret,
it is not a market place secret. When anything goes to
the market place, it means, it reaches the common man
and it becomes public property. It is an open secret
that regular 'mamools' have to be paid by the Inspectors
and other subordinates to their higher officers It is an
open secret too that high officers are building houses
with Government material, Government labour doing
fatigue duty, with Government petrol supplied, under
the very Chief Minister's nose - a stone's throw from
his bungalow The house is under construction and
no notice is taken of such irregularities. I could men­
tion so many other instances of transport officers and
other officers who have recently built big houses, but
when it comes to an Anglo-Indian, he is victimised on
some minor flimsy excuse.

I have said enough Thank you.

...
In the opinion of the Committee the main reason for this short fall of revenue is the leakage in passenger earnings. It is very difficult for the Committee to assess or express an opinion on the actual percentage of leakage. Various representations have been made to us. The leakage has been assessed at as high a figure as 30%, whereas the Corporation officials affirm that the leakage is not more than 1 to 3 per cent. In our tours round the areas where the buses operate we had an occasion to observe the buses in operation. Most of them appeared to be fully loaded and in many cases overloaded. All this justifies the conclusion that there must be a considerable leakage in revenue.
In clear and explicit manner, it was stated that 80 per cent revenue leakages were being caused. Arrests were being made, but very few convictions were taking place.

"Irregularities of the Conductors"

(a) Fares collected but tickets not issued
(b) Fares not collected and tickets not issued.
(c) Collection of less fares to oblige passenger friends.
(d) Passengers forced to alight short of destination to avoid possible check at stages in the event of non-issue of tickets
(e) Re-issue of used tickets
(f) Issuing lower denomination tickets for full fares
(g) Altering entries in the Statistical Returns
(h) Punching tickets on sighting the Inspecting Officials
(i) Starting buses from terminals without issuing tickets.
(j) Staff travelling without tickets with the connivance of the crew.
(k) Carrying of passengers in Scheme 'c' buses, Material lorries, Relief buses and extra passengers in Special Hire buses
(l) Hiring of agents by conductors to travel in buses to help them in the frauds practised."

Economy Committee examined all these irregularities. It was observed that the inefficient administration was responsible for these. The Economy Committee recommended that the system of bus services be re-organized.

Annual Financial Statement
(Budget) for 1961-62 Voting of
Demands for Grants

The annual financial statement for 1961-62 shows a significant increase in cycle allowance for peons and staff. The cycle allowance for peons has been increased from 28% to 30%, while for staff it has been increased from 29% to 30%. These increases have been made to reflect the rising cost of living and to improve the overall working conditions for staff. The increases are expected to enhance the productivity and morale of the workforce.

Bus pass concessions have also been increased for peons and staff. The category IV staff has been granted a bus pass concession, which is expected to further reduce the cost of commuting for these employees. The increases in bus pass concessions are intended to provide additional support to employees who live far from their work and have to travel extensively.

The budget also includes provisions for survey and settlement activities. The Assistant Settlement Officers (ASSO) and Settlement Officers (SO) have been allocated funds to carry out surveys and settle disputes. These activities are crucial for ensuring fair and transparent land records and for resolving land-related disputes. The budget allocations for these purposes are expected to strengthen the survey and settlement processes and improve the overall land management system.

Overall, the budget for 1961-62 reflects a commitment to improving the working conditions of employees, reducing the cost of living, and enhancing the efficiency of land management processes.

1956 and the
Madam Chairman, since the budget session began last month, various hon Members of this House have dwelt upon various activities of the Government and its administration, but I am afraid almost all the hon. Members have forgotten to refer to one aspect of the Government administration, viz., the Jail administration and I would like to refer to this aspect of the problem in the course of my speech.

As a lawyer practising on the criminal side for the last about 30 years and most of us having the good fortune or the misfortune to go to jail in the country's struggle for freedom, we are all aware of the miserable conditions that the convicts in the jails and the long-standing corrupt practices which are prevalent in the jails. According to the rules which are in force in Andhra, the convicts are not permitted to smoke or to supplement their diet, but according to the rules in force in Telangana, the convicts in Telangana jails are not only permitted to smoke but are also permitted to supplement their diet, having money in their account.

Now Sir, so far as the conditions in Telangana are concerned, the convicts here are treated like human-beings and the ordinary necessities of life— I do not speak of luxuries because convicts cannot think of any luxuries at all—are allowed to them. According to the present conditions which are obtaining in society, most
people can get on without food for a number of days and many cannot get on even for an hour without a cup of coffee or tea or a Charminar cigarette over it. What I submit is that it is practically becoming a necessity and almost a habit with almost all people and if they are not provided with these things, they become restless and also restive. So far as the jails in Andhra are concerned, they are not provided with these facilities at all. These rules have been in force for the last 30 or 40 years and I believe the conditions in the jails in Andhra are not in any way better than the conditions which prevail in the pre-Independence days except that they are provided with a little butter-milk. There were days—most of us know—when C Class prisoners cannot take their food without closing their eyes and also their noses because they had to take food the colour of which used to be repulsive and repugnant but there used to be not only germs but worms with the result that we used to close our noses and eyes and take the food. Even to day the conditions are not any way better. If the convicts in Telangana jails are permitted to smoke and supplement their diet, I cannot see any reason why the same facilities should not be provided to the convicts in Andhra. I am not pleading for a moment that all the jails should be converted into holiday-resorts, but I am only pleading that the same facilities which are provided in Telangana jails may be extended to the convicts in Andhra jails. Even the under-trial prisoners, particularly murder case prisoners who are to remain for months together in the jails are not provided with the facilities with the result that those under-trial prisoners who are accustomed to smoking and coffee-drinking were asked to remain for about 3 months and 5 months and they were not granted bail. These people are giving the police guards Rs. 20, Rs. 30 or Rs. 40 per day just to permit them to smoke and for permitting them a cup of coffee. This practice has been in existence from a long time and I am sure that this will receive the attention of the Government who I believe will certainly bring about the necessary reform and make the jail rules in Telangana as well as in Andhra uniform. Thank you.
Annual Financial Statement (Budget) for 1961-62 - Voting of Demands for Grants

28th March, 1961

(Revised Version of Annual Financial Statement (Budget) for 1961-62 - Voting of Demands for Grants)

The annual financial statement for the year 1961-62 includes the following demands for grants:

1. Education: The demand for education grants is increased by Rs. 10,000 to cover the expenses of new projects.
2. Health: The health grant is increased by Rs. 5,000 to provide better facilities.
3. Housing: The housing grant is increased by Rs. 7,500 to support low-income families.
4. Water Supply: The demand for water supply grants is increased by Rs. 2,500 to meet the growing demand.
5. Agriculture: The agriculture grant is increased by Rs. 1,500 to support farmers.

These demands are subject to approval by the relevant authorities.
