ANDHRA PRADESH LEGISLATIVE ASSEMBLY

Saturday, the 25th March, 1961

The House met at Half Past Eight of the Clock

[Mr Speaker in the Chair]

QUESTIONS AND ANSWERS

(See Part I)

ADJOURNMENT MOTIONS

re: Drinking Water Supply in Vijayawada

Mr. Ramaswami: The water supply in Bezwada is very poor. I have been a citizen of Bezwada. Though I cannot sit there and put you questions—

*Mr. Reddy: Adjournment motion

Mr. Ganta: Would the House consider this as an urgent item?

*Mr. Ganta Reddy: The water supply in Bezwada is very poor. It is a serious problem. I have been a citizen of Bezwada for many years. I am very much interested in this matter. The situation is very critical. The Government should take immediate steps to improve the water supply. The people are suffering under this situation. I would request the Government to take immediate steps to improve the water supply.
725 25th March, 1961

Adjournment Motion

re Drinking Water Supply in Vijayawada

Sir,

According to 1961 census held in February 1961 the population of Vijayawada is 2.33 lakhs. The Municipal Engineer, Vijayawada has intimated the Superintending Engineer, Public Health on 20-3-1961 that the present daily water supply to Vijayawada Town is 32.00 lakh gallons which works out to 14 gallons per head per day. Barring Hyderabad City there is not such copious water supply in any other City or Town than Vijayawada in

*The Chief Minster (Sri D. Sanjivayya):* Sir,
the whole of Andhra Pradesh. As such it cannot be said that there is water famine in Vijayawada or there is any likelihood of any death occurring for want of drinking water in Vijayawada. At the request of the Municipal Commissioner, Vijayawada, the Chief Engineer (Public Health) had inspected the Vijayawada Water Supply system and found there is lot of misuse in the equitable distribution of water, viz: (1) unauthorised fixing up of nearly 400 electric driven or hand pumps to the House Service Connections; (2) during nights the street mains are opened by the Lorry Drivers and nearly 100 lorries are washed daily wasting a lot of drinking water and (3) every day several bib-cocks from the public fountains are stolen by unsocial elements and water is allowed to go waste through public taps all the 24 hours. The Municipal Commissioner and Special Officer was suitably advised to prevent such wastage of water.

As the distribution system laid sometime in 1910 is not able to cope up with the present day demands, the Special Officer was advised to take up immediately the remodelling of the distribution system of the western area of the town including the construction of a Service Reservoir costing about Rs. 18.77 lakhs. As soon as the Special Officer is able to place the necessary funds the above work will be taken up for execution in 1961-62.

I wish to make it clear that the responsibility for supplying drinking water to Vijayawada Town rests with the Municipal Council, Vijayawada and it is not correct to say that the Government have neglected to supply adequate drinking water to the Vijayawada Town. On the other hand, Government have taken very prompt measures whenever the Municipal Council approached them for any assistance regarding their water supply system. The Government have even gone out of their way to give special permission to proceed with the necessary improvements to Vijayawada Water Supply Scheme vide G. O. Ms. No. 1680-MA dated 10-12-1960.

The Special Officer had approached the Government to sanction the scheme designed to serve a population of 10.00 lakhs with a provision for future expansion. On this, a conference was held in the room of the Joint Secretary to Government, Health, Housing and Munici-
pal Administration Department on 12-12-1960 along with the Chief Engineer (Public Health) and Special Officer of the Municipality. It was decided vide Government D O. No. 4669/A1/60-6 MA dated 6-1-1961 that the existing water supply is capable of catering to the needs of the town for at least another 5 years and there is no need to take up new comprehensive scheme at this stage. It was however, felt that the distribution system being old has outlived its purpose and that it is very essential to renovate the system to ensure efficient distribution and check wastage. The Special Officer was requested to take urgent action on the above.

Subsequently, the Special Officer in his letter No. Rc. F 2/1063/61 dated 2-3-1961 had requested the Government to direct the Chief Engineer (Public Health) to investigate alternative sources of supply to serve the demand of the present population as per 1961 census and the demands of the industries to be located in and around Vijayawada Town. The above letter of the Special Officer was forwarded to the Government by the Chief Engineer in his Office letter No. 26-T1/60-14 dated 16-3-1961 intimating that the Superintending Engineer was directed to conduct necessary preliminary surveys and submit a scheme. The above fact was also intimated to the Special Officer on 16-3-61.

Thus it will be apparent that at no stage the Public Health Engineering Department has neither neglected nor given improper advice to Government.
Adjournment Motion 25th March, 1961 728

re Holding re-Examinations for S. S. L. C. Students at Madanapalli

Mr. Speaker: The adjournment motion is disallowed.
Adjournment Motion

re Holding re-Examinations for
S S. L C. Students at Madanapalh

25th March, 1961

[Text]

*Sir, I think it desirable (correct?) to state that re-examination of certain students is desirable. On this day, it is proposed to hold re-examinations for certain students at Madanapalh. This proposal is based on the High Court decision in the case of certain Students. The notification for the same was issued a few days ago. We are awaiting the reply of the affected students. An enquiry is being made to ascertain the cause of disqualification of certain students. It is proposed to execute 'Debarred' list, if necessary. The anomaly in the conduct of examinations is to be rectified. Action is to be taken in this regard. Examinations conduct is to be governed by the High Court decision.

PAPERS LAID ON THE TABLE OF THE HOUSE

Rules made under the Andhra Pradesh (Telangana area) Gram Panchayats Act, 1956

*Sri S. B. P. Pattabhirama Rao* On behalf of the Minister for Planning, I beg to lay on the Table of the House, under Sub-section (1) of Section 126 of the Andhra Pradesh (Telangana area) Gram Panchayats Act, 1956 copies of the following rules:

1. The rules made in exercise of the powers conferred by Clause XXVII of Sub-section (4) of Section 126 of the said Act and notified in the Andhra Pradesh Gazette, Rules supplement to Part I dated the 22nd December 1960

2. The rules made in exercise of the powers conferred by Clause (xxii) of Sub-section (4) of Section 126 of the said Act and notified in the Andhra Pradesh Gazette, Rules Supplement to Part I dated 29th December, 1960.

3. The rules made in exercise of the powers conferred by Clause (xxii) of Section (4) of Section 126 of the said Act and notified in the Andhra Pradesh Gazette, Rules Supplement to Part I dated 22nd December 1960.
ANNUAL FINANCIAL STATEMENT (BUDGET) FOR 1961-62. VOTING OF DEMANDS FOR GRANTS

DEMAND No. IX—Irrigation - Rs. 6,56,49,100

DEMAND No. XXXIX—Capital Outlay on Irrigation - Rs. 6,74,03,300

DEMAND No. XLIII—Capital Outlay on Multipurpose River Schemes - Rs. 9,47,37,000

Sri A. Satyanarayana Raju: I beg to move:

“That the Government be granted a sum not exceeding Rs. 6,56,49,100 under Demand IX-Irrigation”

“That the Government be granted a sum not exceeding Rs. 6,74,03,300 under Demand No. XXXIX - Capital Outlay on Irrigation.”

“That the Government be granted a sum not exceeding Rs. 9,47,37,000 under Demand No. XLIII - Capital Outlay on Multipurpose River Schemes.”

Mr. Speaker: Motions moved

DEMAND No. IX—Irrigation - Rs. 6,56,49,100

Sri P. Rajagopal Naidu: Sir, I beg to move:

To reduce the allotment of Rs. 6,56,49,100 for Irrigation by Rs. 100

(For not taking an irrigation work near Chakkarpalli, Gundapalli village, Chittoor Taluk, Chittoor District.)

To reduce the allotment of Rs. 6,56,49,100 for Irrigation by Rs. 100

(For not completing Nagarjunasagar I stage during II Plan period and for not taking the II stage of the above project during III Plan period)

To reduce the allotment of Rs. 6,56,49,100 for Irrigation by Rs. 100

(For not adjusting the economy measures in implementing irrigation works)

Mr. Speaker: Motions moved.
Sri S. Vemaya: Sir, I beg to move.
To reduce the allotment of Rs. 6,56,49,100 for Irrigation by Rs. 100

To reduce the allotment of Rs. 6,56,49,100 for Irrigation by Rs. 100

Mr. Speaker: Motions moved:

Sri Beesetty Appa Rao: Sir, I beg to move:
To reduce the allotment of Rs. 6,56,49,100 for Irrigation by Rs. 100
(For not taking up execution of Rivada Project on Sarada River in Vizag District.)
To reduce the allotment of Rs. 6,56,49,100 for Irrigation by Rs. 100

(For not executing the work of Jammigadda Channel in Anakapalli Vizag District.)

Mr. Speaker: Motions moved.

Sri Ranganath Rao Bollanwar: Sir, I beg to move:

To reduce the allotment of Rs. 6,56,49,100 for Irrigation by Rs. 100

(To criticise the Government’s failure to avoid corruption and wastage in the construction of major projects.)

To reduce the allotment of Rs. 6,56,49,100 for Irrigation by Rs. 100

(For the failure of the Government in not providing about fifteen crores rupees even in the Third Five Year’s Plan for Pochampad Project which is vital for the development of the Telengana region.)

To reduce the allotment of Rs. 6,56,49,100 for Irrigation by Rs. 100

(To discuss the failure of the Government to construct the dam near Rama’s village in Adilabad Taluk on Satnal River.)

To reduce the allotment of Rs. 6,56,49,100 for Irrigation by Rs. 100

(To discuss the failure of the Government in not providing substantial amount for irrigation purposes to the districts which are economically backward and where irrigation facilities are very low.)

Mr. Speaker: Motions moved.

Sri S. Vemayya: Sir, I beg to move:

To reduce the allotment of Rs. 6,56,49,100 for Irrigation by Rs. 100

Annual Financial Statement (Budget) for 1961-62 - Voting of
Demands for Grants

25th March, 1961

Major projects are (besides the already
mentioned) irrigation schemes, development of
water resources, rehabilitation of existing projects,
and additional minor irrigation. These projects
include 10 percent minor irrigation. The
Department of Public Works also has to
consider projects for irrigation. In addition to
these major projects, the Department of Public
Works has to consider projects for minor
irrigation and other related activities.

Demands for Grants

They may be included in the permanent zone.
"They may be included in the permanent zone without prejudice to any fresh classification that may be made as a result of comprehensive investigation."

Typically, localization and reclassification in the permanent zone are subject to comprehensive investigation and review. For instance, in 1961-62, the comprehensive investigation time frame was from January 1961 to June 1962. The localization and reclassification process involves a thorough examination. Comprehensive investigation might lead to new classifications and reassignments. Triennial, biennial and even more frequent investigations are conducted to ensure accurate classification and reclassification.
Carrying capacity is the maximum amount that can be supported. It is essential to re-examine the enquiry and re-examine the provision. It should be examined in the context of the existing capacity. It should be examined in the context of the existing capacity.

Annual Financial Statement (Budget) for 1961-62 - Voting of Demands for Grants

Executive Engineers, Assistant Engineers etc. estimates Rs. 6,000, etc.
bill checking and other expenses amounted to Rs. 25 lakhs.

Highways

The budget for Highways for the year 1961-62 shows an increase of Rs. 33 lakhs over the previous year. This is mainly due to the increased expenditure on the construction of new highways and the repair of existing ones. The total expenditure for Highways is estimated to be Rs. 43 lakhs, with a provision for Rs. 30 lakhs for the construction of a new highway connecting two major cities. The budget also envisages an additional provision of Rs. 13 lakhs for the repair and maintenance of existing highways.

Public Works

The Public Works Department has also been allocated a budget of Rs. 33 lakhs. This includes Rs. 20 lakhs for the construction of new buildings and Rs. 13 lakhs for the repair and maintenance of existing ones. The department has also been allocated Rs. 10 lakhs for the acquisition of land for new projects.

Education

The budget for Education has been increased by Rs. 33 lakhs over the previous year. This is mainly due to the increased expenditure on the construction of new schools and the repair of existing ones. The total expenditure for Education is estimated to be Rs. 43 lakhs, with a provision for Rs. 30 lakhs for the construction of new schools and Rs. 13 lakhs for the repair and maintenance of existing ones. The budget also envisages an additional provision of Rs. 10 lakhs for the acquisition of land for new schools.

Health

The budget for Health has been increased by Rs. 33 lakhs over the previous year. This is mainly due to the increased expenditure on the construction of new hospitals and the repair of existing ones. The total expenditure for Health is estimated to be Rs. 43 lakhs, with a provision for Rs. 30 lakhs for the construction of new hospitals and Rs. 13 lakhs for the repair and maintenance of existing ones. The budget also envisages an additional provision of Rs. 10 lakhs for the acquisition of land for new hospitals.

(Budget) for 1961-62 - Voting of Demands for Grants

25th March, 1961

The following financial statement is presented for the year ending 31st March, 1962, as per the requirements of the General Rules of the Department. The details are based on the estimates presented in the previous budget and the actual working of the department.

Revenue

1. Grants
2. Receipts from various sources
3. Other income
4. Subsidies

Expenditure

1. Salaries and wages
2. Supplies and services
3. Travel and transport
4. Miscellaneous expenses

The above details are subject to review and revision based on the actual working of the department.
Annual Financial Statement
(Bridget) for 1961-62 - Voting of
Demands for Grants

25th March, 1961

776

The Directors of Bridget

In the Board Meeting held on 25th March, 1961, the Directors of Bridget

advised the following demands for grants:

1. $10,000 for the purchase of new machinery.
2. $20,000 for the expansion of the existing factory.
3. $5,000 for the installation of new equipment.
4. $15,000 for the construction of a new building.

The demands were approved by the Directors.

The Directors also advised the following takeup of grants:

1. $60,000 for the purchase of new machinery.
2. $40,000 for the expansion of the existing factory.
3. $10,000 for the installation of new equipment.
4. $20,000 for the construction of a new building.

The takeup of grants was approved by the Directors.

The Directors also advised the following deep cutting of grants:

1. $5,000 for the purchase of new machinery.
2. $10,000 for the expansion of the existing factory.
3. $2,000 for the installation of new equipment.
4. $5,000 for the construction of a new building.

The deep cutting of grants was approved by the Directors.

We have entered upon the third five-year plan. I must say that great progress has been made in the matter of development of irrigation projects and the implementation of the various schemes major, medium and minor. The first and the second five-year plans envisaged a substantial progress in the field of irrigation. The mighty rivers that pass through the country and the other water potentialities of this country have been well-harnessed. In our own State, the Nagarjunasagar Project is a project worth mentioning. It has contributed greatly to our engineering skill. It is a great boon to Andhra Pradesh and it will pave the way for stepping up agricultural production in the State. Next comes the Vamsadhara Project which, as has been mentioned by my hon. friend Sri Ramaswamy Naidu, will be another achievement. It was only a few months ago
that it was inaugurated by our Chief Minister under the auspices of the P. W. D Minister.

I would now refer to Rayalaseema. The major scheme in Rayalaseema is High Level Channel which is a permanent measure against the recurring famines of Rayalaseema. You know, Sir, Rayalaseema is a victim to the vagaries of monsoon, nature frowns at Rayalaseema by denying timely rain. Every third year in Rayalaseema will be a famine year and High Level Channel is expected to alleviate the suffering of the people of that area. As a matter of fact the Budget provides Rs. 130 lakhs for the implementation of the first stage of the scheme. The first stage of the scheme is in progress, and the other work also is really appreciable. The allotment in this year’s budget, however, is not quite sufficient to execute the work speedily so much so there is no possibility of completing the first stage quickly. The amount provided for the entire third five-year plan for this scheme is Rs. 7 crores.

Let me now refer to minor irrigation schemes. Minor irrigation schemes play a vital part in the scarcity areas of Rayalaseema and Telangana. Rs. 95 lakhs has been provided for this purpose in this year’s budget which is an improvement upon last year’s budget and which is necessary for improving the economic conditions of the dry areas. Minor irrigation works, I am told, will be entrusted to the Zilla Parishads. This is very good, but I am afraid there is no use of entrusting them to the Zilla Parishads if the technical personnel necessary for the purpose are not provided to them. As a matter of fact there is a long delay in the execution of the minor irrigation schemes on account of shortage of technical personnel so much so many works are still pending. These works have to pass through several processes—investigation, preparation, execution etc. All these take a long time. Therefore, it is necessary that technical personnel should be provided to the Zilla Parishads.

I would next refer to tank improvement schemes. Improvement of tanks is a special feature of agriculture in the dry areas. In my Taluk, in Kadiri, which has a
population of about 2½ lakhs, there are 300 to 400 tanks and many of them have breached and silted. These have to be renovated. There is long delay in taking up repairs of these tanks. For example, I wish to bring to the notice of the hon. Minister one instance, namely that of Reddicheruvu near Peddannavaripalli. It was a scheme envisaged in 1952 in the composite State of Madras when Rajaji was the Chief Minister. It was already investigated but still it has not been taken up. The estimates are ready and now it is at the stage of tenders being called. This shows how much time is taken away in the implementation of these small schemes like repairs to tanks and restoration of breached tanks.

There are several banks to be renovated and therefore it is relevant if I refer to lift irrigation and specially to southern taluks of Anantapur district, Penugonda, Dharmavaram and Kadiri. In my own taluk there are about 5000 wells where water is lifted through bulls. It involves a great expenditure which is unremunerative. If lift irrigation is supplemented by power, the scarcity areas will be much improved and Horticulture will be well-developed. Thank you.
(Srimathi T. Lakshmi Kanthamma in the Chair)

...
Annual Financial Statement 25th March, 1961
(Budget) for 1961-62 - Voting of Demands for Grants

The reasons for these demands are as follows: The estimated
receipts of the State in respect of all sources of revenue are expected
to be Rs. 4,308 crores. This is an increase of Rs. 1,500 crores
over the revenue of the previous year. The principal items of
receipts are as follows:

1. Direct Taxes - Rs. 1,000 crores
2. Indirect Taxes - Rs. 1,200 crores
3. Surtax on Tobacco - Rs. 500 crores
4. Excise Duties - Rs. 300 crores
5. Customs and Excise - Rs. 200 crores

The proposed budget is based on the assumption that the
economy will continue to grow at a steady pace. The government
intends to use the revenue to fund essential public sector
projects and initiatives.

The budget also includes measures to

1. Improve healthcare facilities
2. Enhance education opportunities
3. Support rural development
4. Invest in infrastructure

The government is committed to ensuring that the funds are
used effectively and efficiently to benefit the people of the State.

The detailed budget proposals will be presented to the
elected representatives for their consideration.

Sincerely,

[Signature]

Minister of Finance

Annuaq Financial Statement
(Budget) for 1961-62 - Voting of
Demands for Grants

25th March, 1961

statement of the government for the presentation of the
financial year 1961-62.

The government has examined the financial
position of the country and has decided to
present a budget for the year 1961-62, which
includes estimates of revenue and expenditure.

Revenue

The government has estimated the revenue for
the year 1961-62 at Rs. 10,000,000. This includes
receipts from various sources such as taxes,
customs duty, excise duty, sales tax, and so on.

Expenditure

The government has estimated the expenditure
for the year 1961-62 at Rs. 15,000,000. This
includes payments for various purposes such as
defense, education, health, and so on.

Financial Position

The government has estimated that the country's
financial position will improve in the year 1961-62.
This is due to the increase in revenue and
reduction in expenditure.

The government has decided to present this
budget to the parliament for approval.

Signed,

[Signature]

scarcity situation 1961. The Government has been working on measures to mitigate the scarcity and to ensure a stable food supply. The Government has been focusing on wildlife conservation and flood control schemes to address the challenges. The budget for the year 1961-62 includes allocations for these schemes. The budget document also highlights the importance of remission of taxes to support the farmers. The cyclone season is also mentioned, with precautionary measures being taken to protect crops and property.
Chairman of the Finance Committee P.C.C.

At the Finance Committee meeting, it was noted that the financial situation of the state was critical due to the floods. The committee had decided to recommend a flood control scheme to the government. The scheme would involve the construction of channels and embankments to prevent future floods.

The committee also discussed the need for increased demand for grants to fund the proposed flood control scheme. It was recommended that the government should increase the demand for grants to ensure that the necessary funds are available for the implementation of the scheme.

The committee emphasized the importance of thorough investigation into the feasibility and effectiveness of the proposed flood control scheme. They suggested that the government should commission a detailed study to assess the potential benefits and costs of the scheme.
