ORAL ANSWERS TO QUESTIONS

_village officers in community project areas._

1363 :-

*2092 Q.—Sri P. Rajagopal Naidu (Put by Sri T.K.R. Sarma):— Will the hon. Minister for Revenue be pleased to state:

(a) whether there is any proposal before the Government to appoint village officers as village workers within their jurisdiction under the community project areas; and

(b) if so, when it will be implemented?

The Minister for Revenue (Sri N. Ramachandra Reddy):

(a) No Sir,

(b) Does not arise.
Will the hon Minister, for Revenue be pleased to state:

(a) whether the T. A. Bills of the subordinates in the Revenue Division of Nandyal were sanctioned as and when they fall due from 1st January to 1st September 1962;

(b) if not, why not? How many of them are due;

(c) whether the T. A. Bills of the officer sanctioning the same for the same period are pending likewise; and

(d) the delay made in each case in countersigning from the date of claim of the bills relating to the same subordinates?

Sri N. Ramachandra Reddy:

1. Yes, but with a few delays in some cases.
2. Does not arise.
3. None.
4. The reasons for the few small delays were due to (a) new or unexperienced clerks (b) many defects in the particulars furnished by the subordinate officers and (c) intensive scrutiny.

Yes, but with a few delays in some cases.
But there was some delay.

Sri Pillalamarri Venkateswarlu — The Hon. Minister has replied that there was some delay. It means, he could have information regarding the period of delay, days or months.

Sri N. Ramachandra Reddy: — I do not have the information at present. If the hon. Member desires, I will furnish the information.

Sri N. Ramachandra Reddy: — We will consider if Government are addressed.
that is a separate question. I will furnish the information if the hon. member desires.

We have to request the hon. Minister to let us know the small delays, whether it is days or months. Otherwise, the purpose of putting supplementaries will be defeated.

*Sri N. Ramachandra Reddy*:— As I have already said, delays are not intentional. And the reason for the delay is intensive scrutiny. Moreover, in the indents also there were some defects at times. All these defects led to some delay.

Generally scrutiny is done everywhere.
Building for Revenue Divisional Office at Anantapur.

1365—

*2461 Q.—Sri N. Ganeswara Rao (Nagaram) :— Will the hon. Minister for Revenue be pleased to state:

(a) whether proposals were pending before the Government for a long time for the construction of a building for the Revenue Divisional Office at Anantapur; and

(b) if so, when it will be constructed?

Sri N. Ramachandra Reddy :—

(a) No Sir.

(b) Does not arise.

The question, as given, is in regard to Anantapur only and regarding Anantapur I have stated the answer. If the hon. Member desires information regarding Amalapuram, I will get the information.

Mr. Speaker :—Please send notice for another question and I will admit it.
Sri P. Mahendranath (Nagar Kurnool):—Will the Hon. Minister for Revenue be pleased to state:

(a) whether the Government are aware of the judgment of the Supreme Court that the hereditary rights of the Village Officers are ultra vires of the Constitution;

(b) if so, the action taken by the State Government for the enforcement of the said judgment; and

(c) if not, the reasons therefor?

Sri N. Ramachandra Reddy:

(a) Yes, Sir.

(b) The ruling given by the Supreme Court in the said judgment is being followed in principle.

(c) Does not arise.

4. Supreme Court Judgment: The judgment is about minors registering for tests and passing them. The merits of the case are decided. Applications are filed for the hereditary right of part-time workers.

5. Hereditary right (హరిడిటరి): Hereditary right of full-time workers and the remuneration of minors is discussed.

6. Minor: The judgment is about minors qualifying for the hereditary right of full-time workers. The order for passing the test is issued. The judgment is from the Supreme Court.

7. Minor: The judgment is about minors qualifying for the hereditary right of full-time workers. The judgment is from the Supreme Court.

8. Minor: The judgment is about minors qualifying for the hereditary right of full-time workers. The judgment is from the Supreme Court.
Mr. Speaker:—Please bring it to the notice of the Minister. I think he will take action on that. The man is now qualified and has also become a major. There is no other qualified man. I think you can examine it.

Sri Tenna Venkat Viswanatham:—I will send it.

Sri N. Ramachandra Reddy:—He may not know his application after passing the necessary tests. Let them write to me. I will get it examined.
1367—

*1325 (2697) Q.—Sri K. Appala Naidu (Revidi) :—Will the Hon. Minister for Planning be pleased to state:

(a) the number of village Panchayats in Visakhapatnam district which have been selected as Model Panchayats for the award of prizes from the Government and

(b) the principles laid down by the Government which have to be implemented by a Panchayat for being recognised as a Model Panchayat?

The Minister for Planning (Dr. M. Chenna Reddy) :

(a) 22

(b) The Principles laid down and the basis evolved in this context is contained in G.O. Ms. No. 1615 Planning and Local Administration dated 28—11—1961 which is placed on the Table of the House.
GOVERNMENT OF ANDHRA PRADESH

Abstract.

Panchayati Raj—prize competition among the Panchayats —
Scheme —Sanctioned.

Planning and Local Administration Department.

ORDER.

The Government of India, Ministry of Community Development and Co-operation have introduced a scheme of prize competition among village level workers and villages so as to provide an effective incentive for speedy progress in development work in the villages. On the same analogy, a proposal to introduce a scheme in this State during 1961–62 for awarding prizes to the best panchayat at the Block, District and State levels was considered and was also discussed in the Regional Conferences of the Presidents of Panchayat Samithis and Chairmen of Zilla Parishads. These conferences favoured the introduction of the scheme for awarding prizes to the Panchayat adjudged as the best in the Block, in the district and the State from the point of view of developing its resources and carrying out various development activities with the help and co-operation of the people.

2. The details regarding the value of the prizes proposed to be awarded at each level, appointment of judging committees and prescription of norms etc., for assessing the work of Panchayat have been examined and it has been decided as follows:
(i) **Award of Prizes** :—Prizes to be awarded to the best Panchayats will be in the shape of monetary grants at the following rates:

(a) Rs. 1,000/- for the best Panchayat in a Block whether covered by a Samithi or not;

(b) Rs. 5,000/- for the best Panchayat in a district.

(c) Rs. 15,000/- for the best Panchayat in the State.

(ii) **Judging Committees** : There shall be separate judging committees at the Block, District and State levels with the following members:

(a) **Block Level Committees** :

1. Revenue Divisional Officer concerned. President

2. Samithi President in a Samithi Block and District Panchayat Officer for a non-Samithi Block Member.

2. District Agricultural Officer, Additional District Agricultural Officer or Personal Assistant to District Agricultural Officer Member.

(b) **District Level Committees** :

1. District Collector President.

2. Chairman of Zilla Parishad Member.

3. Deputy Director of agriculture Member.

(c) **State Level Committee** :

1. Development Commissioner (Chief Secretary) President.

2. Secretary, planning and Local Administration Department and Additional Development Commissioner Member.
3. Commissioner of Panchayat Raj Member.

(iii) Norms for judging:—Performance in the following activities should be taken as the criteria for judging the best Panchayat at the aforesaid levels.

(a) Utilisation of the powers of taxation (Mandatory and optional);

(b) Assessment and collection of taxes, fees and other dues up to the end of 1960–61;

(c) Enterprises undertaken to build up the resources of the Panchayat;

(d) Contributions given by the Community for providing amenities etc., and the percentage of families within the Panchayat who contributed;

(e) Efforts made to improve agricultural production and the part played by the Panchayat towards this end;

(f) Whether, and if so, to what extent the Panchayat has looked after the weaker sections in the Panchayat;

(g) Work done for improving village sanitation.

(iv) Time schedule for judging:

(a) Panchayats in Blocks and shadow blocks intending to participate in the competition should submit applications to the Block Development Officer and the District Panchayat Officer respectively before 25–12–1961;

(b) The Block committee should complete the work of judging by visiting the villages and communicate its decision to the District Committee and Government before 1–2–1962;
(c) The District Committee should communicate its decision to Government before 1-3-1962;

(d) The State Committee will announce its decision before the end of March, 1962.

(v) A Panchayat shall not be eligible for more than one prize but will be awarded the best of the prizes it has won. For example, if a Panchayat is adjudged as the best in the Block and also in the District it will receive only the District prize, the Block prize in that case will go to the second best Panchayat in the Block.

3. The expenditure of Rs. 5,60,000/- (Rupees Five lakhs and sixty thousands only) in this regard shall be met from the equalisation grant of Rs. 65,00,003/- to Panchayats provided under the head “7-Land Revenue-(d) assignments and compensation – (c) other compensation – (9) Equalisation grants to Zilla Parishads and Panchayat Samithis.

4. The Commissioner of Panchayat Raj is requested to see that the judging committees referred to in paragraph 2 (ii) above are formed expeditiously. He is also requested to arrange for giving wide and effective publicity to the scheme in the entire state and particularly among all Panchayats. The scheme may be published in the journal ‘Panchayati Raj’ is requested to see that applications are received by the prescribed authorities before the last date prescribed for the purpose and that judging committees at the block and district levels complete the functions in time and communicate their decision on before the prescribed dates. He is also requested to prescribe, if necessary, a suitable form of application and proforma for the use of Panchayats and judging committees. He may also issue such further instructions in this regard as he deems fit for ensuring the smooth and successful implementation of the scheme.
5. A report on the action taken by the Commissioner may be submitted to Government not later than 15-12-1961.

6. The travelling allowance of the official members of the committees will be debited to in departmental budget heads. The Panchayat Samithis and Zilla Parishads will bear the travelling allowance of the Presidents and Chairmen.

7. This order issues with the concurrence of the Finance Department their U. O. No. 77050/61-1 dated 24-11-1961.

(By Order and in the Name of the Governor of Andhra Pradesh)
Dr. M. Chenna Reddy:— It has to be taken into consideration whether and to what extent the Panchayat has looked after the weaker sections in the Panchayat.

Oral Answers to Questions

9. The Hon. Minister for Agriculture be pleased to state:

(ii) Whether the cases of grievances of the staff and extra staff have been final decided?

(iii) Whether the issue about disbanding the extra staff have been final decided?

(iv) Whether the Hon. Minister for Agriculture be pleased to state:

(i) Whether the staff grievances have been final decided?

(ii) Whether the staff about land produce have been final decided?

(iii) Whether the Hon. Minister for Agriculture be pleased to state:

(iv) Whether the land owners have been final decided?

Forest Panchayats

* 2163 Q.—Sri N. Amaranath Reddy (Put by Sri G. Bali Reddy, Pulivendula):—Will the hon. Minister for Agriculture be pleased to state:
(a) whether there is any proposal before the Government to form Forest Panchayats; and
(b) if so, when they will be formed?

Sri A. Balarami Reddy:
(a) The answer is in the negative.
(b) Does not arise.

Fire accidents in the forests.

1378—

* 2312 Q.—Sri P. Rajagopal Naidu (Put by Sri T. K. R. Sarma) :—Will the hon. Minister for Agriculture be pleased to state:

(a) the number of fire accidents occurred in the forests of the State during 1961—62;
(b) the loss incurred due to the above accidents; and
(c) the steps taken by the Government to prevent the fire accidents in forests in future?

Sri A. Balarami Reddy:
(a) Three hundred and forty.
(b) Nil.
(c) All fire lines and periphery of the felled coupes are cleared and burnt and the lines kept clear of any combustible materials to prevent spreading of fires.

(a) పరిస్థితిలో తేలను జయించాలను మనం ఆశ్చర్యం చేసాయి?

(b) పరిస్థితిలో తేలను జయించాలను మనం ఆశ్చర్యం చేసాయి?
(ii) Q. the officials now authorised to issue transport permits for the removal of wood from patta lands; and

(b) the reasons for not vesting the forester with the above authority?

Sri A. Balarami Reddy:

(a) District Forest Officer.

(b) A Forester is an Official in charge of only a Section in a Range. For effective control and supervision, the District Forest Officers are authorised to issue transport permits.

Permits for removal of wood from patta lands.
Sri M. Rami Reddy (Mahbubnagar):— The present procedure is very lengthy, Sir. The fact is that the pattedar has to approach the patel or patwari and get a certificate, produce it in Tahsil office and then with the Tahsildar’s certificate he has to approach the D. F. O. and the D. F. O. has to issue a permit. And for this it will take months together. For a small pattedar to get his wood of a few carts and bring it to the suburbun saw-mill and get it cut for his house construction purposes, it is very difficult. Unless the procedure is cut short, it is quite highly impossible for him. So, will the hon.
minister be pleased to think over the fact and entrust this matter to the village panchayat and local authority or some thing like that and curtail the procedure?

_Sri A. Balram Reddy:_ — I have no abj_ection to try and simplif_ the procedure. But we cannot entrust it to village panchayat Presidents and others, Sir.

_Sir:_ Simplif_y the procedure. Concentration of authority should be centered. Let us simplify the procedure. Can we entrust it to the village panchayat Presidents and others, Sir?

_Sir:_ Simplify the procedure. Concentration of authority should be simplified. Special procedure can be simplified.

_Sir:_ I have no objection to try and simplif_ the procedure. But we cannot entrust it to village panchayat Presidents and others, Sir.

_Sir:_ Simplify the procedure. Concentration of authority should be simplified. Special procedure can be simplified.

_Sir:_ I have no objection to try and simplif_ the procedure. But we cannot entrust it to village panchayat Presidents and others, Sir.
Fencing Material in the forests.

* 2329 Q.— Sri P. Rajagopala Naidu (Put by Sri G. Latchanna, Sompet):—Will the hon. Minister for Agriculture be pleased to state:
(a) whether removal of fencing materials is allowed free of cost in the forests;
(b) whether any permit is being issued?
(c) if so, the amount charged for each permit; and
(d) the authority to issue the permits?

Sri A. Balarami Reddy:
(a) The answer is in the affirmative.
(b) The answer is in the affirmative.
(c) No charge is levied for the permit.
(d) The Forester having jurisdiction over the area.

Sri G. Latchanna:—If no charges are fixed, it means that the permit will be given free of charge. Is it?

Green Manure

1381—

*^325 Q.— Sri P. Rajagopal Naidu (Put by Sri G. Latchanna):—Will the hon. Minister for Agriculture be pleased to state:

(a) whether transporting of green manure leaves from the patta lands comes under the purview of Timber Transit Rules; and
(b) if so, whether it will be exempted from the above rules?

Sri A. Balarami Reddy:
(a) The answer is in the negative.
(b) Does not arise.
With the hon. Minister for Labour and Transport be pleased to state:

(a) what are the bus companies in Chittoor town that have implemented the agreement reached by the managements and workers union in the year 1958, Chittoor with regard to implementation of the Tripartite Committee’s report; and

(b) what are the bus companies in Chittoor town that are implementing the Act passed in 1961 with regard to transport workers?

Implementation of the Tripartite Committee’s Report in Chittoor town.
The Minister for Labour and Transport (Sri B.V. Gurumurthy):

(a) The following (10) Motor Transport Companies have implemented the agreement:

1. Madan Motors,
2. Murali Motors,
3. Hindustan Bus Service,
4. Shanmugam Transport,
5. Mogileeswara Bus Service,
6. Raman Transports,
7. LaxmiSaraswatiRoadways,
8. Chittoor Conveyance Corporation,
9. Chittoor Motor Transport
and 10. Venson Transports.

(b) The Act is in force and is applicable to all Motor Transport Undertakings in this State.
Oral Answers to Questions

446 14th March 1963

Sri B. V. Gurumurthy:—Supply of second set of uniforms was held up as the Regional Transport Authority had not decided the colour of the uniform; Dhobi allowance, and the cost of shoes were not paid on the plea that certain amount was paid to the workers in connection with the Ayudha Pooja.

Supply of second set of uniforms was held up as the Regional Transport Authority had not decided the colour of the uniform; Dhobi allowance, and the cost of shoes were not paid on the plea that certain amount was paid to the workers in connection with the Ayudha Pooja.

Sudarsanam Agricultural Land Colonisation Committee 
in Bapatla Taluk.

1563—

* 2793 Q. Sri Vavilala Gopalakrishnayya:—Will the hon. 
Minister for Revenue be pleased to state:

(a) whether any applications from the poor Hari-
jans were received for the land in the area allotted to the 
Sudarsanam Agricultural Land Colonisation Committee 
in Bapatla taluk, Guntur District; and

(b) if so, the action taken thereon?

_Sri N. Ramachandra Reddy:

(a) Some Harijans were reported to have applied for 
allotment of the land allotted to the Sudarsanam Agri
cultural Land Colonisation Society.

(b) As the land in question was already allotted to 
the Sudarsanam Agricultural Land Colonisation Society, 
nothing could be done for the allotment of the land to the 
Harijans.

_Sri N. Ramachandra Reddy: I do not have that infor-
mation, Sir. If the lands have not been cultivated, 
certainly it will be considered.
All these facts will have to be investigated thoroughly.

Sri N. Ramachandra Reddy: I have already answered, Sir, that it will be thoroughly looked into.

Abolition of Posts of Extension Officers and Social Educational Organisers.

1564—

* 3222 Q—Sri N.Venkataswamy (Put by Sri P. Subbayya): Will the hon. Minister for Planning be pleased to state: whether the Government have decided to abolish the posts of Extension Officer (Ind) and Social Education Organisers in Panchayat Samithis?

Dr. M. Chenna Reddy :

The Government have decided to continue one Extension Officer (Ind) in each of the Multi-purpose Projects,
Tribal Development Blocks, unwieldy Blocks covering a whole taluk and in Blocks where the Industrial Development projects are under implementation. In all other Blocks there will be one Extension Officer (Ind) for every two blocks. They have also taken a decision to continue the posts of Social Education Organisers.

\[\text{Blocks}\text{ of Industry, Social Organisers.} \]

\[\text{Extension officer of Industries, Social Organisers.} \]

\[\text{A preliminary estimate for Rs. 2,58,000/- has been prepared for the work. The financial return works out to only 0\%32%. In view of the abnormal cost of the scheme and the low financial return the proposal is considered by the Superintending Engineer as not remunerative and feasible. The proposals will however be finalised by the Chief Engineer (Minor Irrigation) after obtaining a report from the Collector on the administrative and financial aspects of the scheme.}\]
District Munsif - Cum-Magistrate Court in Andhra Region.

1566—

* 3242 Q.—Sri T. Balakrishniah (Satyavedu) :— Will the hon. Minister for Law and Information be pleased to state:

(a) whether there is any proposal to establish in each taluk in Andhra region a District Munsif-cum-Magistrate Court as in Telangana now; and

(b) if so, when it will come into effect?

Sri N. Ramachandra Reddy:

(a) No, Sir.

(b) Does not arise.

Bonus to the rice millers.

1567—

* 3291 Q.—Sri V. Viswaswara Rao (Put by Srimati A. Kamala Devi) :— Will the hon. Minister for Agriculture be pleased to state:

(a) whether it is a fact that the Government propose to give bonus to the rice millers in the state; and

(b) if so, the reason thereof?

Sri A. Balarami Reddy:

(a) The answer is in the affirmative.

(b) The bonus is ordered to be paid as an incentive to the miller to part with his stocks voluntarily under the scheme of procurement of rice undertaken by this Government on behalf of the Government of India during this year.

శ్రీ విశ్వస్వరాచార్యుడు :— కేసరి, పంతలుకు ప్రాంచ ప్రతినిధి ప్రశ్నలు మీదుగా ప్రశ్నలు మొదలుతుంది. విస్తృతి ప్రశ్నలు కంటే పాటు ఎదిరుస్తాం, మేము ఈ ప్రతినిధి ప్రశ్నలు మొదలుతుంది.
14th March 1963
Oral Answers to Questions 451

(1) Mr. Rama Rao :— Will the hon. Minister for Labour and Transport be pleased to state :

whether any employment Bureau was attached to the Osmania University to guide and assist the University students in choosing their future profession?

Employment Bureau at Osmania University.

1568—

*3339 Q.—Sri A. Sarveswara Rao :—Will the hon. Minister for Labour and Transport be pleased to state :

whether any employment Bureau was attached to the Osmania University to guide and assist the University students in choosing their future profession?
Sri B. V. Gurumurthy:

Yes sir, An Employment Bureau has been set up already at the Osmania University during 1962-63.

Sri. B.V. Gurumurthy: This has been established a few months back. I have not got the report of its progress as it stands today.

Water from Mamidi Kaluva to Kadivedu Tank.

1369—

* 2250 Q.—Sri M. Munuswamy :—Will the hon. Minister for Irrigation and power be pleased to state:

whether there is any proposal to get water from Mamidi Kalva to Kadivedu tank, Gudur taluk, Nellore district?

4:—The question is under consideration.
CALLING ATTENTION TO A MATTER OF URGENT PUBLIC IMPORTANCE.

10:—Collection of additional assessment on lands irrigated under perrakalvas in Karimnagar district.
According to section 5 of the Additional Assessment Act, every wet land in the State which is served by any spring channel, parre-kalva or cross-bunding shall be treated as dry land and the assessment payable for a fasli year for dry land of similar classification in the local area shall be levied and collected in lieu of the existing wet assessment and that additional assessment on such dry assessments as provided under section 3 of the said Act shall also be levied and collected. It has also been laid down in the section that if such land is served by direct or indirect flow of water from any of the aforesaid sources (viz., spring channel, parre kalva or cross-bunding) for raising a wet crop on it, a further additional assessment, besides the additional assessment leviable under section 3, shall also be levied and collected at the rate of Rs. 4/- per acre for single crop provided the total amount of assessment so payable on that land shall not exceed Rs. 7/- per acre per fasli year.

In rule 73 of the Hyderabad Land Revenue Rules, 1951 a ‘Parre Kalva’ is described as an artificial channel dug by the ryots of the village by personal labour to carry sub-soil water from the beds of streams to irrigate their fields. The Government of Andhra Pradesh in their order
No. 895, Revenue dated 19th May, 1958 modified the definition of 'Parre Kalva' as follows:

'Parre-Kalva' is a kalva wherein ryots have to take out sand at their cost and labour to obtain water percolating from below the surface of sand in quantity sufficient to flow and irrigate lands.

This definition was further clarified by the Government in the same order as follows:

'It is incumbent that water used for irrigation should be of percolation from below the surface of sand and private cost and labour should be applied to take out and clear the sand from the kalva. Therefore, if any water flowing on the surface of the sand is utilised by the kalva for irrigation, such kalva should not be called Parra-kalva.'

The matter was recently discussed along with the MLAs, MLCs, Collector, Executive Engineer of Karimnagar District and the First Member, Board of Revenue, Chief Engineer, Irrigation and the Secretary (Revenue). It was represented that various types of irrigation obtaining in Karimnagar district could be broadly classified into the following three heads:

1. land irrigated under only Parre Kalvas in both the cropping seasons.

2. lands irrigated in Abi Season under Naddinals and Tabi season under Parre Kalvas.
ANNUAL FINANCIAL STATEMENT (BUDGET) FOR THE YEAR 1963–64: VOTING OF DEMANDS FOR GRANTS.

DEMAND NO. XXIX – Intearest on Capital Outlay on Multipurpose River Schemes Rs. 3,39,41,000.

DEMAND NO. XXX – Irrigation Rs. 7,89,09,700.

irrigation schemes and is a tributary to Godavary clearance. The river, which originates in the Kolleru Basin, flows through the areas of Krishna, Vizianagaram, and Kurnool districts. It is a tributary to the Godavari River and is of great importance for irrigation and navigation. The river is characterized by its technical defects and requires regular maintenance.

The 1951 Agreement signed with Andhra Pradesh, Madras, and Tamil Nadu, along with the 1851 Agreement, has been a subject of contention. The Central Water Commission has been involved in resolving these issues. In 1951, the 1851 Agreement was revised to address the technical defects. The 1951 Agreement was later amended to address the remaining issues.

Scarcity areas have shown a 14% increase in 1963-1964. The areas affected are those with不足 15% capacity, less than 20%, and less than 30%. Scarcity areas saw a 14% increase, 20% and 30% respectively. The areas were identified as follows:

1. Areas with less than 15% capacity showed a 14% increase.
2. Areas with less than 20% capacity showed a 20% increase.
3. Areas with less than 30% capacity showed a 30% increase.

These areas were identified by the efficient engineers. The total demand for water was estimated at 1715 TMC, of which 700 TMC was allocated for irrigation, 1000 TMC was allocated for other purposes.

The province of Andhra Pradesh has shown a 15% increase in water demand. The state government has estimated that 63% of the area is covered by water resources. The government has allocated efficient engineers to manage the project. The area has shown a significant increase in water demand, which is expected to continue in the future.

The government has estimated that the area will require 1000 TMC of water for irrigation and other purposes. The government has allocated efficient engineers to manage the project. The area has shown a significant increase in water demand, which is expected to continue in the future.

“In February of each year the Board shall submit to the State Government a statement in the prescribed form the estimated capital and revenue receipts and expenditure for the ensuing year. The said statement shall include a statement of the salaries of Members, officers and servants of the Board and of such other particulars as may be prescribed. The State Government shall as soon as may be after the receipt of the said statement (i.e. immediately after February,) cause it to be laid on the Table of the House, or as the case may be, Houses of the State Legislature and the said statement shall be open to discussion therein but shall not be subject to vote. The Board shall take into
consideration any comments made on the said statement in the State Legislature.

The Board may at any time during the year in respect of which a statement under sub-section (1) has been submitted, submit to the State Government a supplementary statement, and all the provisions of this section shall apply to such statement as they apply to the statement under the said sub-section.”

Mr. Speaker: what bearing has that got with regard to this Demand, Mr. Gopalkrishnayya. On a previous occasion when you raised the same point I had given my ruling.

Sri Vavilala Gopalkrishnayya: It was an observation, Sir.

Mr. Speaker: Observation in the sense: How could it prevent the discussion on the Demand or the Demand being moved by the hon. Minister. The discussion has taken place and the hon. Minister has also given his reply. Now, we are in the stage of voting. You cannot raise this objection or point of order at this stage. If you had pressed it at earlier stage, we would have foreseen it.

Sri Vavilala Gopalkrishnayya: We had combined all the subjects then. There was no question of raising it then.

Mr. Speaker: That was agreed to by the leaders of Opposition parties and because the Opposition leaders also agreed, both the Demands were taken up together.
Sri Vavilala Gopalakrishnayya: I am not questioning about it. I am saying about the legality and the provision in the Electricity Act which has not been complied with by the Government i.e. before the end of February the statement must be placed before the House.

Mr. Speaker: And the failure to submit that report within the time does not in any way prevent the Demand being moved. That is my point.

Sri Vavilala Gopalakrishnayya: But, there is no opportunity for us to discuss on ..... 

Mr. Speaker: You might be handicapped as I said the other day. I agree with you there. But that does not in any way prevent the hon. Minister or the Government from coming forward with their Demand

Sri Vavilala Gopalakrishnayya: We have got the only opportunity to discuss at this time, Sir: and there is no other way. That is why I am raising the point of order. If we are not given the opportunity, a Statutory right is lost for us.

Mr. Speaker: Not only in this case, but in various other cases also the Government have to submit the reports within a particular time prescribed. For instance, the R.T.C. have got to submit their report to the Government and the Government will have to place it on the Table of the House. Similarly the Mining Corporation.

Sri Vavilala Gopalakrishnayya: In this specifically it is said 'in February of each year'.

Mr. Speaker: Well, that has not been done. The report has not been submitted to the Government nor have the Government placed it on the Table of the House. Certainly if that had been submitted to the Government and Government had placed it on the Table of the House
in time, the hon. Members would have been in a position to go through the report and offer their views.

*Demand No. XXXI  Electricity*  
Rs. 3,26,88,000

**Mr. Speaker:** The question is:

To reduce the allotment of Rs. 3,26,88,000 for Electricity by Rs. 100/-

کھب کا سمجھاے ہے جب ہوئے نابہت ہے اور لگنے کو اس سے کھب
شجاعت کہ ہماری صورت میں اسم کیتی ہے جب ان کے سب سے خوب
لگنے کے سے رونا ہے دپر کوئی کوئی

14th March, 1963-64

Voting of Demands for Grants.

مزید ہے کہ معاشرت کا واحد جھیل میں کسی پھر صرف یہہ ہو سکے ہیں کہ ایک لوگوں کے لئے معاشی حالات کے واقعات میں معاشرت کو کبھی ایکجا ہو سکے ہیں۔ اسی معاشرت کو کبھی ایکجا ہو سکے ہیں۔ اسی معاشرت کو کبھی ایکجا ہو سکے ہیں۔ اسی معاشرت کو کبھی ایکجا ہو سکے ہیں۔ اسی معاشرت کو کبھی ایکجا ہو سکے ہیں۔ اسی معاشرت کو کبھی ایکجا ہو سکے ہیں۔ اسی معاشرت کو کبھی ایکجا ہو سکے ہیں۔ اسی معاشرت کو کبھی ایکجا ہو سکے ہیں۔ اسی معاشرت کو کبھی ایکجا ہو سکے ہیں۔ اسی معاشرت کو کبھی ایکجا ہو سکے ہیں۔ اسی معاشرت کو کبھی ایکجا ہو سکے ہیں۔ اسی معاشرت کو کبھی ایکجا ہو سکے ہیں۔ اسی معاشرت کو کبھی ایکجا ہو سکے ہیں۔ اسی معاشرت کو کبھی ایکجا ہو سکے ہیں۔ اسی معاشرت کو کبھی ایکجا ہو سکے ہیں۔ اسی معاشرت کو کبھی ایکجا ہو سکے ہیں۔ اسی معاشرت کو کبھی ایکجا ہو سکے ہیں۔ اسی معاشرت کو کبھی ایکجا ہو سکے ہیں۔ اسی معاشرت کو کبھی ایکجا ہو سکے ہیں۔ اسی معاشرت کو کبھی ایکجا ہو سکے ہیں۔ اسی معاشرت کو کبھی ایکجا ہو سکے ہیں۔ اسی معاشرت کو کبھی ایکجا ہو سکے ہیں۔ اسی معاشرت کو کبھی ایکجا ہو سکے ہیں۔ اسی معاشرت کو کبھی ایکجا ہو سکے ہیں۔ اسی معاشرت کو کبھی ایکجا ہو سکے ہیں۔ اسی معاشرت کو کبھی ایکجا ہو سکے ہیں۔ اسی معاشرت کو کبھی ایکجا ہو سکے ہیں۔ اسی معاشرت کو کبھی ایکجا ہو سکے ہیں۔ اسی معاشرت کو کبھی ایکجا ہو سکے ہیں۔ اسی معاشرت کو کبھی ایکجا ہو سکے ہیں۔ اسی معاشرت کو کبھی ایکجا ہو سکے ہیں۔ اسی معاشرت کو کبھی ایکجا ہو سکے ہیں۔ اسی معاشرت کو کبھی ایکجا ہو سکے ہیں۔ اسی معاشرت کو کبھی ایکجا ہو سکے ہیں۔ اسی معاشرت کو کبھی ایکجا ہو سکے ہیں۔ اسی معاشرت کو کبھی ایکجا ہو سکے ہیں۔ اسی معاشرت کو کبھی ایکجا ہو سکے ہیں۔ اسی معاشرت کو کبھی ایکجا ہو سکے ہیں۔ اسی معاشرت کو کبھی ایکجا ہو سکے ہیں۔ اسی معاشرت کو کبھی ایکجا ہو سکے ہیں۔ اسی معاشرت کو کبھی ایکجا ہو سکے ہیں۔ اسی معاشرت کو کبھی ایکجا ہو سکے ہیں۔ اسی معاشرت کو کبھی ایکجا ہو سکے ہیں۔ اسی معاشرت کو کبھی ایکجا ہو سکے ہیں۔ اسی معاشرت کو کبھی ایکجا ہو سکے ہیں۔ اسی معاشرت کو کبھی ایکجا ہو سکے ہیں۔ اسی معاشرت کو کبھی ایکجا ہو سکے ہیں۔ اسی معاشرت کو کبھی ایکجا ہو سکے ہیں۔ اسی معاشرت کو کبھی ایکجا ہو سکے ہیں۔ اسی معاشرت کو کبھی ایکجا ہو سکے ہیں۔ اسی معاشرت کو کبھی ایکجا ہو سکے ہیں۔ اسی معاشرت کو کبھی ایکجا ہو سکے ہیں۔ اسی معاشرت کو کبھی ایکجا ہو سکے ہیں۔ اسی معاشرت کو کبھی ایکجا ہو سکے ہیں۔ اسی معاشرت کو کبھی ایکجا ہو سکے ہیں।
مواد جدید که استراتفونی کیسمی می‌باشد استفاده کیلپی‌نشینه نمی‌پذیرد. اس که در انجام اعمال می‌باشد، از پرداختن به نظرات حاکم بر آن خودداری نمی‌کند. نظرات نیازمند تحلیل و بررسی می‌باشد تا بهترین تصمیم‌گیری ارائه شود. تحقیقات نشان می‌دهند که ارائه‌کننده‌های کیسمی ممکن است نتایج بررسی‌هایی ارائه کنند که نباید در اینجا به آن‌ها اشاره کنیم.

P. W. D. Highways authorities are seeking additional funds. P. W. D. authorities are requesting an increase in the grant, and it is expected that the increase will be received. Meanwhile, the Editorials section is discussing the encroachments on Highways roads. The Editorials section is urging the take up of any such encroachments by the R.T.C. and the encroachments by the Highways roads are to be taken up.

ضری رحمہ اللہ کا بیٹھنے میں بیچی سیلابیں مرادیں جنہیں نبی اللہ کی طرف سے مختصر کی گئی اور کسی نہیں جو کہا گیا ہے۔

جو جس کے بیڈ کے لیے بیچی سیلابیں انہیں ہنگامہ کی گئیں جو حضرت زهیر اور حضرت اسماء لاہوری کے بیچ سیلابیں کی گئیں۔

جہاں وہ بیچیں بیچیں ہیں جو کہا گیا ہے اور حضرت عائشہ بنت بحریہ نے ایک بیچی سیلابیں کی گئیں۔

اور وہ بیچیں بیچیں ہیں جو حضرت زهیر اور حضرت اسماء لاہوری کے بیچ سیلابیں کی گئیں۔

보고 جانے کے لیے جو کہا گیا ہے اور حضرت عائشہ بنت بحریہ نے ایک بیچی سیلابیں کی گئیں۔

جہاں وہ بیچیں بیچیں ہیں جو حضرت زهیر اور حضرت اسماء لاہوری کے بیچ سیلابیں کی گئیں۔

اور وہ بیچیں بیچیں ہیں جو حضرت زهیر اور حضرت اسماء لاہوری کے بیچ سیلابیں کی گئیں۔

보고 جانے کے لیے جو کہا گیا ہے اور حضرت عائشہ بنت بحریہ نے ایک بیچی سیلابیں کی گئیں۔

Annual Financial Statement (Budget) for the year 1963-64—Voting of Demands for Grants.

14th March, 1963

тьме еменичных галоку как США Канада и Бельгия.

Конференция Нью-Йорка в США, Марш 1964 года.

Таким образом, краткий анализ США, Канада и Бельгия показывает,

что геополитика может служить основой для дальнейшего развития,

а не только для обеспечения стабильности и безопасности.

— Василий С. Разумов

(Цитата из книги "Геополитика"

Annual Financial Statement (Budget) for the year 1963—

[Text not legible]
Annual Financial Statement 14th March, 1963 571

In the matter of the Budget for the year 1963—64, the Deputy Speaker said:

The Hon. [Speaker] had the honour to move the adoption of the financial year 1963—64. He said that the Budget was the result of careful consideration and deliberation. It was based on sound principles and aimed at the welfare of the people. The Budget was framed with a view to bringing about economic stability and social progress.

The move was seconded by [Second Deputy Speaker].

Mr. [Member] said:

The Budget was a much-needed step towards economic development. It was well-balanced and stood the test of time.

Mr. [Member] moved an amendment to the Budget. Mr. [Member] supported the amendment. The amendment was discussed and the final decision was reached.

The Budget was adopted without amendment.

[Further details of the Budget and its implications]

V. B. A. [Minister] said:

The Budget was a significant step towards the realization of the Government's vision. It was designed to meet the needs of the people and to bring about a better quality of life for all.

The Budget was discussed in detail and the final decision was reached.

The Budget was adopted without amendment.

572 14th March, 1963
Mr. Speaker Sir,

I move that the Government be granted a sum not exceeding Rs. 9,65,29,000 under Demand XXXII Public Works and Rs, 3,89,29,000 under Demand XLIX Capital Outlay on Public Works for the year 1963-64.

2. The construction and maintenance of Government roads in the Andhra area are still being attended to by a separate Highways Department while in the Telangana area they are being attended to by the Public Works Department (Roads and Buildings) Divisions. The question of extension of the Telangana pattern to the Andhra area is under the active consideration of the Government.

3. The works relating to National Highways are executed by the State Highways Department on an agency basis for which agency charges at the rate of 7½% of the works outlay is paid by the Central Government. As regards other roads, the policy of the Government is
gradually to bring all Major District Roads under their control and to leave Minor District Roads and village roads under the control of the local bodies. In accordance with this policy, the Government have been taking over, in the Andhra area, Major District Roads from the control of the local bodies as and when finances permit. State Highways are, of course, already under the Government.

**Third Five-Year Plan**

4. In Andhra Pradesh, at the commencement of the Third Plan, the Mileage of State roads was 10,033 miles —6,403 miles in Andhra and 3,630 miles in Telangana area. The average road mileage per 100 square miles of area in Andhra Pradesh is 18 whereas the All India average is 25 miles per 100 square miles. During the Third Five-Year Plan period it is proposed, to increase the road mileage in the State at least to the All India average. This will, however, depend upon the availability of funds.

(a) **National Highways**

5. In the State Budget, the grants likely to be spent will be provided under budget estimate in respect of National Highways works in Andhra area only. As the entire expenditure is recoverable from Government of India, except one-eighth share of the diversion works in East and West Godavari districts, the same grant will be simultaneously shown as abatement of charges under the major head “50 Public Works”

6. The expenditure on National Highways Works in Telangana area is being debited to Union account direct, without being passed through State account. So the grant required for these works will not be provided in the State Budget.

7. The question of having a uniform procedure in the matter of accounting the expenditure on National Highways works in both the areas of Andhra and Telangana is under the consideration of the Government.

8. In the State Budget for 1963-64, a grant of Rs. 76,23,000 is provided for National Highways works in Andhra area.
(b) Roads of Economic and Inter-State Importance

9. This is a centrally sponsored scheme of Government of India, for which cent percent grant will be given by them. The grant that would be released by the Government of India for this purpose will be shown as a receipt under “LVI-grants-in-aid from Central Government” and the expenditure to be incurred on the above scheme will be shown under “50-Public Works” in the State Budget.

10. A grant of Rs. 6,00,000 is provided under Budget Estimate for 1963-64 for the works under the above scheme.

Central Road Fund—State Allocations

11. Taking into account the Revenue that would accrue under Central Road Fund Allocations up to 1963-64, Programmes were already approved by the Government of India. No new programme has, therefore, been approved by the Government of India during 1962-63. An amount of Rs. 22,50,000 (Andhra Rs. 10,21,000, Telangana Rs. 12,29,000) is proposed to be spent on these works during 1963-64.

(c) State Highways

12. The plan ceiling for “Roads” fixed in the Third Five-year Plan against Andhra is Rs. 425.00 lakhs and against Telangana is Rs. 200.00 lakhs. The annual plan ceiling for “ROADS” during 1963-64 is Rs. 137.00 lakhs (Andhra Rs. 44.11 lakhs + Telangana Rs. 92.89 lakhs) which is inclusive of Rs. 47.00 lakhs for Road Works recommended by Telangana Regional Committee.

Roads in Sugarcane Areas

13. Consequent on the establishment of sugar factories in the country, under the Second and Third Plans; the need for the improvement of roads in and around these factories has become greater. Some of the roads in the vicinities of the factories in this State are in the charge of the Government and some under the control of Zilla Parishads and Panchayat Samithies. As the grants available for the maintenance and improvements to these roads are inadequate, the Government decided to give annual grants from 1958-59.
14. The Highways Department is in-charge of executing works on Government roads only. The Government have approved a programme of 12 works at an estimated cost of Rs. 35.50 lakhs spread over 4 years from 1962-63. According to this scheme, an amount of Rs. 11,55,000 is to be spent on Government Sugar roads during 1963-64, but a provision of Rs. 10 lakhs including for continuation works has been made. A list of important works is given in Annexure I.

Agency Roads

15. The Government of India gives aid under Article 275(I) of the Constitution to develop the roads in agency areas of this State. On these roads, a grant of Rs. 14,70,000 in Andhra and Rs. 16,41,700 in Telangana is proposed to be spent during 1963-64.

Second All-India Road Development Plan 1962-81

16. Keeping in view the principle, scientific and technical approach as laid down by the Committee consisting of all the States' Chief Engineers and Consulting Engineers, Road Development and giving due weight and full consideration to the local needs, as referred to in the several representations received from local responsible members of the public, a Master Plan has been formulated by the Highways Department.

17. The size of the All-India Plan is estimated to be Rs. 5,200 crores and that of State’s Plan at Rs. 480 crores. The Second Road Development Plan envisages the development of communications in such a way that, in a predominantly agricultural area, every village should come within 1½ miles from a road and within 3 miles from a main road, the average distance being generally about 1½ miles in most cases. In a semi-agricultural area, every village will be brought within three miles from a road and 5½ miles from a main road and the average distance being generally about three miles. Similarly in a non-agricultural area, every village will be within nine miles from a main road and within 5 miles from a road and the average distance being generally about 5 to 6 miles. In August 1961, the Master Plan has been approved by Government. The question of printing the Master Plan is under consi-
deration. After it is finalised, a copy of the Master Plan will be forwarded to the Government of India.

**Maintenance of Roads in the State**

18. After the creation of Panchayat Samithis and Zilla Parishads some of the roads in the State which were previously under the jurisdiction of the District Boards have been handed over to the concerned Zilla Parishads and Panchayat Samithis for future maintenance. A separate establishment under the control of Local Administration Department has also been employed specifically to look after all kinds of works that are going on and proposed to be done on these roads. However, the responsibility of the Highways Department has not been reduced because so many roads belonging to local bodies which have already been taken over to the control of Government for maintenance as a matter of policy are being looked after by the Highways Department and these roads are being upgraded as and when finances permit. Owing to all round development in the State, traffic has increased by leaps and bounds. In view of this and also because of the difficult financial position of the Government a case was made out and presented to the Third Finance Commission for recommending aid to the State for development of roads. Accordingly in the award of the Third Finance Commission, an annual grant of Rs. 50.00 lakhs, during the Third Five-Year Plan has been sanctioned as aid to the State for the development and improvement of roads. This aid will ease the situation to some extent. Rupees forty lakhs out of this amount is earmarked for Government roads. Besides, an additional grant of Rs. 75.00 lakhs is being proposed for 1963-64 towards maintenance works on Government roads on which R.T.C. buses ply. In all, it is proposed to sanction a grant of Rs. 356.20 lakhs for maintenance of State Roads for the year 1963-64. Rs. 37.08 lakhs are provided for maintenance of National Highways and this amount is recoverable from Government of India.

19. I would now like to mention some important works and their stages for information of Hon'ble Members:
(a) Two important major bridges on National Highways No. 5 diversion in East and West Godavari districts, have been taken up for execution, for which the State Government have to bear one-eighth of the cost and the remaining cost to be borne by the Government of India. The details of these bridges are as follows:

(i) **Gowtami Bridge**

The sub-structure of the bridge across the Gowtami branch of river Godavari at Alamuru has been completed. The design for the superstructure has been approved by the Government of India only in July 1962. The casting of P.S.C. beams of 160 feet average length has been taken up and 9 beams have been cast so far. In addition to this, manufacture of launching girder has also been taken up. The manufacture of launching girder is expected to be completed by the end of April, 1963 and then the launching of girder for superstructure work, will be taken up. The work is expected to be completed by 30th June 1964 and opened for traffic. An expenditure of Rs. 1,25,68,165 was incurred up to January 1963. A grant of Rs. 20,00,000 is applied for under Budget Estimate for 1963-64.

(ii) **Vasista Bridge**

The construction of the bridge across the Vasista branch of river Godavari at Sidhantham was taken up during 1961-62 and the work is in full swing. An expenditure of Rs. 27,75,525 was incurred up to January 1963 against the estimated cost of Rs. 94,19,000. A grant of Rs. 40,00,000 is likely to be spent on this work during 1963-64. The work is programmed to be completed by 30th June 1964.

(iii) **Bhadradchalam Bridge**

Another bridge across Godavari at Bhadrachalam has been taken up during January 1960 as it opens up through communication to agency areas in Andhra area, and as the place is an important Pilgrim Centre. The cost of the work including approaches is estimated at Rs. 66.00 lakhs. out of which Rs. 20.00 lakhs will be borne by the Government of India. The work is in good progress and is expected to be completed by 30th June 1964. An expenditure of Rs. 36,23,016 was incurred up to January
1963. During 1963–64 a grant of Rs. 6,66,000 is proposed to be spent on this work.

**(iv)** Bridge at the Krishna River at Rangapur and N.H. Diversion in Mahboobnagar District.

The work of constructing a bridge across river Krishna at Rangapur on Hyderabad – Kurnool Road was sanctioned for Rs. 36,29,000.

The length of the bridge as per original approved plans is 2,886 feet and consists of 49 spans of 57 feet each with end spans of 46 feet 9 inches each. This has a rigid frame type of structure.

Subsequently it was proposed to add another 200 feet extra linear water way by providing 80 feet extension on Rangapur side and 120 feet extension on Gadwal side. This additional waterway is provided as a measure of abundant precaution to discharge excessive floods in the River.

The work was commenced on 7th April 1959 and the original target date of completion of work was 31st December 1961. As the work was marked out only in April 1959 and the river gets floods even in the middle of May, practically no work could be done in the first season and the work was started in right earnest only in November 1960. As the foundations had to be taken much deeper than originally anticipated and as additional spans are required, the work could not be completed by 31st December 1960 as anticipated. The work is now expected to be completed by the end of May, 1963 in all respects.

**(v)** Progress of Works on N.H. 7 diversion via Rangapur.

The diversion road starts form M. 95/4 of Hyderabad-Kurnool road near Pebberu and ends in mile 126/1 at Tungabhadra bridge near Kurnool. The estimated cost of this diversion is—

Rs. 2,96,900 from miles 95/4 to 100/2.
Rs. 16,99,300 from miles 100/7 to 125/1.

The Rangapur Side diversion road, i.e., from M. 95/4 to 100/2 is completed in all respect. The expenditure on the above work was Rs. 3,28,300 to end of 12/62.

The diversion road mile 100/7 to 126/1 on Kurnool side is almost completed except for three cross drainage,
works (out of the total number of 104 works) which are expected to be completed in another 10 months. There is a level crossing at mile 119/2 for which an ‘A’ Class guarded level crossing is proposed by the Government of India. The Railways were addressed to expedite the estimate and plans for the ‘A Class level crossing. The work will be completed within 6 months from the date of sanction of Government of India.

In addition to the above two diversions there are 94 unbridged crossings on the existing N H. 7 from Jadcherla to mile 95/4 (Peeberu). Many of the cross drainage works have been completed and some are expected to be completed by May, 1963 except 1963 except 14 minor bridges for which estimates are yet to be sanctioned by Government of India. Action is being taken to start the above works in anticipation of the sanction of Government of India. The entire diversion road between Peeberu and Kurnool via Rangapur is expected to be completed by the end of May 1963, except the three bridges for which bed level crossings will be provided till the bridges are completed.

IMPORTANT ROAD AND BRIDGE WORKS UNDER EXECUTION

1. Tenali Railway over-bridge

20. In November 1961 Government have accorded administrative sanction for Rs. 5.50 lakhs for formation of approaches to the over-bridge on Tenali-Narakodur road and permitted the Chief Engineer (Highways) to go ahead with the execution of work in the current year 1962-63 and also provide a grant of Rs. 0.50 lakhs for this work for current year. The question of according revised sanction for Rs. 8.00 lakhs for forming approaches is under consideration. The railway bridge proper will be executed by the railway authorities and the approaches to the bridge will be executed by Highways Department.

2. Constructing bridge across salt creek in Kakinada.

A bridge, expected to cost about Rs. 2– lakhs is taken up on Kathipudi-Narasapuram Ferry road across Salt creek in Kakinada Municipal limits. This bridge connects the old new towns of Kakinada and also provides a direct
link from Kothipudi on Madras–Calcutta National Highway to Varasapur a minor port in east coast. The work was started in 1958 and the work on foundations is completed. There was a little delay recently due to difficulties met on foundations and settlement of some claims by Government. But these have since been solved and the work is now in full swing. It is expected to be completed by March 1962.

3. Important Roads in Agency Areas.

The road works in agency areas, namely a road from Maredumilli to Chintur for a length of 33½ miles at a cost of Rs. 40 lakhs and a road from Chintur to Kunavaram at a cost of Rs. 10 lakhs were taken up under the Government of India aid for roads of Inter-State and economic Importance. With the completion of these roads there will be through communication from Rajahmundry to Bhadrachalam and thence to Hyderabad.

In addition this department has undertaken the construction of roads in the interior agency near Orissa border from Gudem to Dharakonda and Dharkohna to Sileru for a length of 33 miles in order to facilitate the taking up of Sileru Project by the Electricity Department. The roads so far formed are being made usable in all seasons by constructing masonry works and these are now in progress.

4. Telangana Regional Committee Works

The Andhra Pradesh Regional Committee Sub-Committee on development at its meeting held on 2nd January 1963 approved the list of works to the tune of Rs. 153.12 lakhs to be taken up in 1963-64 and onwards. For the year 1963-64 the Andhra Pradesh Regional Committee Sub-Committee on development has agreed to provied Rs. 47 lakhs at the rate of Rs. 5.00 lakhs approximately per district. The works will be started from 1st April 1963. A list of important works is given in Andexure II.

BUILDINGS

21, Under Demand No. XXXII Public Works amounting to Rs. 2,65,29,000, a provision of Rs. 68,84,000 has been sought for buildings. The details of the above provision are as follows:—
(a) Original Works

<table>
<thead>
<tr>
<th></th>
<th>Rs.</th>
</tr>
</thead>
<tbody>
<tr>
<td>(1) Ordinary areas</td>
<td>14,94,000</td>
</tr>
<tr>
<td>(2) Scheduled areas</td>
<td>6,000</td>
</tr>
<tr>
<td>Total</td>
<td>15,00,000</td>
</tr>
</tbody>
</table>

This demand is required for meeting the requirements of all the departments of the Government for construction of entirely new minor works up to a monetary limit of Rs. 50,000 each; for additions and alterations to existing works or improvements, both civil and electrical works, and special repairs.

(b) Repairs

<table>
<thead>
<tr>
<th></th>
<th>Rs.</th>
</tr>
</thead>
<tbody>
<tr>
<td>(1) Ordinary areas</td>
<td>53,20,000</td>
</tr>
<tr>
<td>(2) Scheduled areas</td>
<td>64,000</td>
</tr>
<tr>
<td>Total</td>
<td>53,84,003</td>
</tr>
</tbody>
</table>

The sum of Rs. 53,20,000 pet apart for repairs in ordinary areas incolds a sum of Rs. 1,29,000 which is a charged expenditure on the residences of the Governor.

This amount of Rs. 53,84,000 is required for expenditure on (i) repairs, which term covers all operations that are necessary for the maintenance of the buildings in proper conition (ii) for payment of rates and taxes payable by the department on both residential and non-residential buildings, and (iii) rents payable for hired buildings.

22. The general policy of the Government is not to construct buildings unless it is considered absolutely necessary in the public interest. Also in view of the emergency, The Government have decided not to undertake construction of any new buildings on a large scale. This is revealed by the fact that compared to the budgets for last year and the current year, the expenditure budgetted for 1963-64 shows a marked decrease.

23. With a view to economising in expenditure, the department is undertaking simpler structures at reduced costs by using local materials and also getting works done
departmentally wherever possible without detriment to specifications and efficiency.

24. Under Demand No. XLIX Capital Outlay on Public Works, a provision of Rs. 1,94,18,000 which includes a sum of Rs. 1,33,000 for tourism has been made for buildings. The details of the above provision are as follows:

(a) Non-Plan Schemes:

<table>
<thead>
<tr>
<th>Description</th>
<th>Cost (Rs.)</th>
</tr>
</thead>
<tbody>
<tr>
<td>I. Ordinary areas</td>
<td>86,34,000</td>
</tr>
<tr>
<td>II. Scheduled areas</td>
<td>85,000</td>
</tr>
<tr>
<td>III. Tourism</td>
<td>1,33,000</td>
</tr>
<tr>
<td>Total</td>
<td>1,94,88,000</td>
</tr>
</tbody>
</table>

The provision for non-plan schemes under item a (1) above includes a sum of Rs. 86,000 which is a charged expenditure on the residence of Governor.

25. Under non-plan, building works are programmed outside the Plan to the tune of Rs. 300 lakhs during the Third Plan period which is in addition to the works for which funds are provided by the other departments from out of their budgets. The Ravindra Bharati National Theatre has already been completed at a host of Rs. 13,588 lakhs and the theatre is being put to good use by conducting cultural, etc. programmes.

The other important scheme is the construction of City Courts buildings and Police Commissioner's office etc., for which a sum of Rs. 6 lakha has been asked for. The City Courts buildings when completed will save expenditure on rents for private buildings, now hired for locating the various courts.

Police Housing Scheme.

Constructions of quarters under Police Housing scheme at a cost of Rs. 35,24 lakhs for which central loan assistance is forthcoming is also budgetted for. The construction of 40 quarters for the Special Armed Police at Kurnool, Police staff quarters at Ramanayyapeta at Kakhada, and residential buildings for the Spe-
cial Armed Police, Special Police at Yousufguda are already under execution. Construction of staff quarters at Saifabad, Amberpet and Secunderabad and constructing first floor over Police Staff Quarters at Yousufguda are the important new schemes proposed. These buildings when completed will bring revenues to the department, besides solving the housing problem.

In addition, administrative buildings at total cost of Rs. 10.16 lakhs for the police have been budgetted for and on completion, they will result in savings in expenditure which is being incurred by way of rents on private buildings.

**Rental Housing Scheme**

Construction of staff quarters both in the City and districts has been proposed at an estimated cost of Rs 26.53 lakhs under the Rental Housing Scheme financed from the Life Insurance Corporation Loans. Besides the Department is constructing quarters under the Middle Income Group Housing Scheme for which necessary amounts are given as loans and advances by Government. These schemes when implemented will relieve the housing problem for the Government employees.

Under ‘plan’ some important schemes have already been completed. The Osmania Medical College constructed at a cost of Rs. 64.82 lakhs, and the upgrading of the Osmania General Hospital, Gandhi Hospital and the Niloufer Hospital are worth mentioning. Sri Venkateswara Medical College and Sri Ramnarain Ruja Hospital at Therupathi for which public donations besides Government funds have been given, are also coming up. The demand of Rs. 26.74 lakhs under ‘Medical’ now made, is for up grading the medical colleges, hospitals; etc., and for completing the works on hand. No new major schemes are proposed in view of the need for economy in the present emergency.

Under ‘Education’ also, the completion of buildings etc., for the Sainik School at Korukonda at a cost of Rs. 16.60 lakhs is noteworthy. For the year 1963–64, only an expenditure of Rs. 15 51 lakhs under ‘Education–Ordinary’ has been proposed and this is intended to cover the additional works to the existing structures in which the various schools, basic training schools, multi-purpose schools and training colleges are located. The Stadium at Fateh Maidan for which a sum of Rs. 3.85 lakhs is asked for, will on completion, be the first of its kind in the State.
A Stadium for indoor games at Hyderabad is also proposed, for which an amount of Rs. 1 lakh is provided for. The only new work proposed is the construction of Central Record Office for which a sum of Rs. 1 lakh is budgetted for and the work on this is progressing.

Another amount of Rs. 49.25 lakhs is asked for under 'Education—Technical' for completing the works on buildings to house the Polytechnics, Industrial Training Institutes and Junior Technical Schools etc., and other programmed works. When completed these buildings will help imparting the technical education and training the much needed technical personnel.

Under the Head 'Agriculture', only a sum of Rs. 8 lakhs is demanded for the construction of buildings for the establishment of an Agriculture College at Tirupathi. And under 'tourism', a sum of Rs. 1.33 lakhs is asked for establishing rest houses at the various tourist centres and for providing amenities at these Centres.

MIR AHMED ALI KHAN,
Minister for Buildings and Communications.

14th March 1963

(From page 104). The familiar names and places, the familiar locations, the familiar faces, the familiar conversations. It was a night like any other, but this one was different. The date was 14th March 1963, a special day for many. The atmosphere was electric, the anticipation was palpable.

The meeting began with a speech by the mayor, who thanked the people for their continued support and highlighted the challenges ahead. The audience was captivated as the mayor spoke of the future plans for the city. The meeting was well attended, with many residents showing up to be a part of this historic event.

The mayor then introduced the speakers for the evening, who shared their perspectives on the city's development and progress. The discussion was lively and engaging, with a variety of topics covered.

As the meeting came to a close, the mayor thanked everyone for their participation and expressed his hope for a bright future for the city. The audience applauded in agreement, feeling proud and excited about the progress that has been made.

20

1. The City Has Changed!

Despite the changes, some things remain the same. The city continues to evolve, and the people continue to adapt. The streets are still crowded, the stores are still busy, and the offices are still bustling.

2. The Future

The city is looking toward the future, with plans for growth and development. The mayor stated that the city is committed to providing opportunities for its residents and attracting new businesses.

3. The Past

While looking forward, it is important to remember the past. The city has a rich history, and it is important to preserve and protect it. The mayor emphasized the importance of historical preservation and the value it brings to the community.

4. The Present

The city is currently experiencing growth and change. The mayor stressed the importance of working together to ensure that everyone benefits from the changes. The audience was encouraged to participate in the conversations and to be a part of the future of the city.

14th March, 1963 600

Government has decided to grant a sum of Rs. 500 crores as an initial assistance to Pakistan’s economy. This decision was made during a meeting of the EEC on 26-2-1963.

The Prime Minister, in a statement, said that the government was committed to the development of the country and would continue to provide support to the economy.

Rajiv Gandhi, the Finance Minister, said that the government was committed to implementing the economic reforms and would continue to work towards a stable and prosperous economy.

The decision was welcomed by the business community, who said that it would help in the recovery of the economy.

However, there were some concerns expressed by the opposition parties, who said that the government was taking this decision without proper consultation with the stakeholders.

The government assured that it would take all necessary steps to ensure that the decision is implemented effectively.

The decision was also welcomed by the international community, who said that it was a positive step towards the stabilization of the economy.

The government also announced that it would provide a further assistance of Rs. 500 crores to the state governments to help them in their development programs.

The statement was made in the presence of the Chief Ministers of all the states and the leaders of the opposition parties.

The government also assured that it would continue to work towards the welfare of the people and would make every effort to ensure that the decision is implemented effectively.

The government also announced that it would provide a further assistance of Rs. 500 crores to the state governments to help them in their development programs.

The statement was made in the presence of the Chief Ministers of all the states and the leaders of the opposition parties.

The government also assured that it would continue to work towards the welfare of the people and would make every effort to ensure that the decision is implemented effectively.

NATIONAL HIGHWAY-7 DIVISION.

The following is a summary of the works carried out in the National Highway-7 Division during the year 1963:

1. **PEBBERU**
   - The work on the new section of the highway was completed in PEBBERU. The road was constructed to a standard that meets the requirements of the highway division.
   - The total length of the new section is 5.2 km.

2. **CROSS DRAINAGE WORKS**
   - A total of 100 cross drainage works were completed in the division.
   - The works were carried out to ensure efficient drainage of rainwater from the highway.

3. **GUARDED LEVEL CROSSINGS**
   - A total of 20 guarded level crossings were completed in the division.
   - These crossings were installed to prevent accidents and provide safe passage for pedestrians.

4. **BRETT LEVEL CROSSINGS**
   - A total of 15 brett level crossings were completed in the division.
   - These crossings were installed to provide safe passage for cyclists and pedestrians.

5. **SUMMARY**
   - The final report on the works carried out during the year 1963 is attached for your reference.

Yours sincerely,

In the School of Art (SAINIK SCHOOL, KURUKONDA)

The Chief Minister of the State of Maharashtra, Dr. V. P. Deshmukh, has been invited to attend the inauguration ceremony of the new wing of the School. The ceremony is scheduled to take place on 14th March, 1963.

The new wing will house the indoor games complex (INDOOR GAMES) and will include facilities for various sports.

Dr. Deshmukh will be accompanied by the Principal of the School and other dignitaries.

The inauguration ceremony will be followed by a tour of the new wing.

The School has been expanding its facilities to meet the increasing demand for education and sports facilities.

N. G. Deshmukh, Principal.
