1523—

*1615 (1860) Q.—Sri A. Ramachandra Reddy (Bhongiri) :—Will hon. the Chief Minister be pleased to state:

(a) whether any steps were taken for starting the six co-operative sugar factories as contemplated under the Second Five-Year Plan; and

(b) if not, the reasons?

The Chief Minister (Sri N. Sanjiva Reddy):

(a) Yes, Sir, with the exception of one Co-operative Sugar Factory at Hindupur with a crushing capacity of 600 tons per day, which could not be implemented due to the fact that the society failed to collect the requisite share capital, and the Society at its General Body meeting held in October 1957 resolved on winding up of the society. Government, accordingly, permitted the society to refund the share capital collected from its members.
Out of the remaining five factories four have gone into production and the fifth is under erection.

(b) Does not arise.

"Government have permitted the Society to refund the share capital collected from its members; out of the remaining 5 factories, 4 have gone into production and the fifth is under erection."

(b) if so, what are they;

*Sri N. Sanjiva Reddy*:

(a) The list of ancillary industries for Synthetic Drugs has been finalised. That with regard to the Heavy Electricals is likely to be finalised after the final project report is approved.

(b) The ancillary industries are for basic raw materials, such as chemicals etc., required for the Synthetic Drugs project and also for glass bottles and other packing materials etc. required by them.

(c) The Industrial Estate at Patencheru will be developed to give preference to ancillary industries to be set up for the Heavy Electricals. Further the normal assistance, and financial facilities would be made available to all the ancillary industries also as for any other Small Scale or other industry.

APPLICATIONS FOR OLD AGE PENSIONS FROM CHITTOOR DISTRICT.

1528—

*3240 Q.—Sri T. Balakrishnaiah (Satyavedu) :—Will the hon. Minister for Finance and Co-operation be pleased to state:

(a) how many applications have been received for old-age pension from each taluk in Chittoor district;

(b) how many of them have been sanctioned and pension paid regularly; and

(c) since how long such pensions have been paid to them?

The Minister for Finance and Co-operation (Sri K. Brahmananda Reddy) :

(a) Nil.

(b) Does not arise.

(c) Does not arise.

May I know the reasons why applications have not been received for old-age pensions?
Shri K. Brahmananda Reddy: It is difficult for me to say, Sir why applications are not received. I can answer if applications are received and not acknowledged.

PROPORTION OF TEACHERS FOR STUDENTS.

1529—

*307 (1752) Q.—Sri P. Syamasundara Rao (Achanta): Will the hon. Minister for Education be pleased to state:

(a) whether it is a fact that it has been suggested by the Centre that there should be one teacher for every 40 students, whereas the state Government suggested that there should be one teacher for 25 students;

(b) which of the above two suggestions is being now implemented by the Government;

(c) the principles, if any, being adopted by the Government in the fixation of the proportion between the teachers and students in elementary schools; and

(d) the suggestions, if any, made by Educationists and representatitves of the teachers in this respect?

The Minister for Education (Sri P.V.G. Raju):

(a) No Sir. The State Government never suggested that there should be one teacher for every 25 students.
The State Government have ordered for appointment of one teacher for every 40 students.

(b) Government are now observing the teacher pupil ratio of 1 : 40. When the roll strength exceeds 40 or multiples of 40 one extra teacher is permissible for an additional strength of 20 pupils.

(c) The above principle also applies in case of Elementary Schools.

(d) Nil.

Sri P. V. G. Raju: I am sorry I cannot go into the question. The matter has been gone into at the highest level. Even by the Planning Commission Panel the matter was examined and it is an all-India decision which we are implementing. In our State the ratio is 1 : 40.

Sri P. V. G. Raju:—That is wrong. There will be two teachers if there are 89 students.

Mr. Speaker: There may be two or three posts, but one teacher may be there.

Sri P. V. G. Raju: The hon. Member may write to the Government about this.
Mr. Speaker: All such cases you may bring to the notice of the hon. Minister. Upto sixty students there is only one teacher.

Sri P. V. G. Raju: That is correct Sir. The ratio is 1:40. But while the strength exceeds 40 or multiples of 40, one extra teacher is permissible for an additional twenty pupils. That means between 40 and 59 there may be one teacher and if the strength is 61 there will be two teachers. If there are sixty students there will be only one teacher.

Sri P. V. G. Raju: This is not a question. It is a statement of fact or belief by the hon. Member. He may bring it to my notice and I will have it examined.

Sri Vasudev Krishnaji Nayak:—There is no uniformity in the State. Is it uniform at the secondary and higher secondary school level or whether it varies from one to one and a half?

Sri P. V. G. Raju: This question pertains to the primary schools. I have answered it. Regarding the other levels—subject to correction because I am not sure of the facts — there is a different ratio at the higher levels.
Sri P. V. G. Raju: I have stated the facts as they are. If there is any need to review, it may be considered. Factors such as the financial capacity of the State and the ability to find teachers will have to be taken consideration and all this cannot be decided in a question and an answer. I have stated the facts. If there is any further need to review the policy, Government will certainly go into the question as and when necessary.

CLASS AND TEXT-BOOKS TO HIGHER AND ELEMENTARY SCHOOLS.

1530—

*Sri G. C. Kondaiah [Put by Sri T. Balakrishnayya]: Will the hon. Minister for Education be pleased to state:

(a) whether class books and text-books to the elementary as well as high school education have been supplied to all the schools in the State by 25th August 1962; and

(b) are there any complaints to the effect that these books were not yet supplied?

Sri P.V.G. Raju:

(a) All Text Books except Mathematics and Science Text Books for classes IX to XI have been supplied in time.

(b) Yes sir, in respect of the text books in Mathematics and Science for classes IX to XI referred to in (a) above prior to September 1962.

Sri T. Balakrishnayya: May I know the reason for the delay for supply of Science and Arithmatic text books for the schools, Sir.

Sri P.V.G. Raju: There was delay before September, last year. After September there was no further delay and no further complaints. One of the reasons was the text
books were in short supply and we had to get the particular text books reprinted. Further the science text books have to be reprinted with the metric system instead of the old system of weights and measures. And therefore the Publishers had to reprint them and this was done. There was delay till September, but the text books were printed and supplied throughout and there have been no further complaints after September.

Sri P.V.G. Raju: I said there are no complaints. I take the Hon'ble Member's question as the first complaint after September, last year.

Sri Pillalamarri Venkateswarlu:—My submission is that at the meeting of the Zilla Parishad a Resolution was passed to that effect and it was communicated to the Government Education Department. I do not know whether it is a complaint and in which form it will be.

Sri P.V.G. Raju:—Whatever may be the form, it is before the Government.

Sri Pillalamarri Venkateswarlu:—I would like the hon. Minister to take notice of this question.

Mr. Speaker:—Please put a separate question.
Sri P.V.G. Raju: Mr. Speaker, Sir, in my answer I have stated that "all the Text books except mathematics and Science text books for classes IX to XI have been supplied in time." It means that except these two books all other books have been supplied in time. There is no point in asking whether social studies text book has been supplied or not. They must have been supplied.

Sri P.V.G. Raju: I sympathise, Sir. I cannot help it. I stated the fact. The period is now over.

TRANSFER OF ELEMENTARY SCHOOL TEACHERS.

1531—

*2264 Q.—Sri K. Guruswamy Reddy:—Will the hon Minister for Education be pleased to state:

(a) whether there is any G.O. permitting the transfer of the elementary school teacher from one Samithi to another in the State;

(b) whether there is any G.O. that the wife and husband should be posted in the same school; and

(c) whether the said G.Os. are being implemented?

Shri P.V.G. Raju—(a) Yes, Sir, it is G.O.Ms. No. 1175 dated 3–12–1959 of Planning and Local Administration Department.

b) No sir.

c) The G.O. referred to in the first part of the question is in force.
Shri P.V.G. Raju: Sir, the elementary schools in the Samithi areas are being managed by the Samithis. I merely stated the fact. The over all control is in the Planning Department and the G.O. has been issued from the Planning Department. This particular question may be referred to the hon. Minister who is in charge of it. I can only say that broadly speaking it would be wrong to transfer people from one Samithi to another involving long distances. This is not being done. The G.O. has only facilitated administrative convenience and nothing more.

Shri P.V.G. Raju: There is no G.O. existing stating that the husband and wife should be placed together. I entirely agree with the hon. Member that broadly speaking married couple should stay together and that approach is already being implemented, although it is not there in terms of a G.O. In practice, authorities handle this matter in a most sympathetic manner.

Shri P.V.G. Raju: The appeal lies with the Planning and Local Administration department because that is the Department which is handling the question of administration in the elementary schools in the Samithi and Zilla parishad level. The over all control does not rest with the Education Department unless it pertains to the question of discipline and various aspects pertaining to the particular teacher in his educational capacity and not in his capacity as an employee of the Samithi.
Shri P.V.G. Raju: I am not aware of all the G.Os. of the Andhra Pradesh Government. I can answer any question relating to the G.Os. which pertain to my department. I am not aware that there is such a G.O. or that it has reference to this particular question.

Sri P.V.G. Raju: I do not know how this question arises when the question pertains to teachers in elementary schools. The appeal of such teachers cannot be to the Education Department direct. It is not correct.

Sri P.V.G. Raju: I think in answering an earlier supplementary, I have said that broadly speaking it is not right to transfer teachers from one area to another covering long distances but as the matter pertains to the Planning & Local Administration Department, I suggest that the matter be referred to them by the hon. Members. I still give the same answer.

Sri P.V.G. Raju: Sir, I cannot verify the veracity of the hon. Member's statement. I only say that I have no information with me. I do not think such a G.O. is passed. I am not aware of it. Hon. Member may put a separate question. It will be answered,
25th March, 1963

Oral Answers to Questions

Sri P.V.G. Raju: Hon. Member has not heard my answer to (b) ‘No Sir’.

Mr. Speaker: We are proceeding on the presumption that there is no G. O. Whether there is a G. O. or not, the Minister says that it pertains to the Planning Department. So far as his portfolio is concerned, he says that there is no such G. O. in the Education Department.

Sri B. Nagabhushana Rao: I submit that it is of the Education Department.

Mr. Speaker: Bring it to the notice of the Minister. It will be looked into.

GENERAL SCALES OF PAY TO THE ELEMENTARY SCHOOL TEACHERS.

1532—

*2804 Q.—Sri G. C. Kondaiah (Nellore): Will the hon. Minister for Education be pleased to state:

(a) whether there are G. Os. in Finance Department G. O. Ms. No. 426, dated 15th November 1962 and Municipal G. O. Ms. No. 689, M.A., dated 2nd June 1962 on the general scales of pay to the elementary school teachers; and

(b) if so, why in the above said Municipal G.O. Ms. No. 689, M. A., dated 2nd June 1962, scales of secondary grade, elementary (higher) grade and lower grade have not been mentioned?
Sri P. V. G. Raju:

(a) Yes, Sir, only in G. O. Ms. No. 426 Finance, dated 15-11-1961, the scales of pay of Government employees including those of the Elementary school teachers have been revised but in G. O. Ms. No. 689 Ms. the pay scales of employees, other than the teaching staff in schools under the management of municipal administration have been revised.

(b) Because the Municipal Administration Department considered that the Education Department was concerned with the revision of scales of teachers. The question has since been examined and orders issued in G. O. Ms. No. 127, Education dated 18-1-1963 revising the pay scales of teaching staff in Secondary and Elementary schools under Municipalities, Zilla Parishads, and Panchayat Samithis.

PROBATION IN THE COMBINED CADRE OF SCHOOL ASSISTANTS AND DEPUTY INSPECTORS OF SCHOOLS.

1533—

*2480 Q.—Sri A. Sarveswara Rao: Will the hon. Minister for Education be pleased to state:

(a) whether there are long delays in the matter of declaring the completion of probation in the combined cadre of School Assistants and Deputy Inspectors of Schools without the fault of the incumbents concerned;

(b) whether any action was taken against the officers who are responsible for the abnormal delays; and

(c) how many cases are pending declaration of probation in West Godavari since the last three years in the office of the Director of Public Instruction?

Sri P. V. G. Raju:

(a) There are some delays.
(b) Necessary instructions are issued from time to time for taking early action.

(c) Nil.

Sri P.V.G. Raju: Wherever there are delays, Government take action. We will ask the Director of Public Instruction why there are delays. We try to see that the delays are cut down.

(a) whether the G. O. Ms. No. 3737, Education, dated 16th December, 1961 relating to special Account Test for Headmaster (permission to pass compartmentally) is now under force; and

(b) if so, why the results of the Accounts Test for January 1962, and July, 1962 were not announced compartmentally?

Sri P. V. G. Raju:

(a) Yes, Sir.

(b) The results of the said examinations were not announced compartmentally as the Commissioner for Government Examinations has sought for certain clarifications from the Government which have been issued on 19-1-63.

(b) since how long they are in each case;

(c) what is the purpose for which each service register is kept in Medical Directorate; and

(d) the leave salary of how many employees was withheld due to the absence of service registers?

[The Minister for Industries deputised the Minister for Health and Medical and answered the questions]

The Minister for Industries (Sri M.N. Lakshminarasayya):

(a), (b) & (c):—The Service Registers of employees in the King George Hospital, Visakhapatnam are maintained by the Superintendent of the Hospital. They are called for by the Directorate of Medical Services, whenever the Registers are required for preparing panels for promotion sanction of increments or regularisation of services etc., and returned to the Hospital as soon as they are done with.

Shri M. N. Lakshminarasya: (a) All the male cases are kept in one block but in separate rooms. Regarding women, cancer and bone cases are kept in one room.

not compact and they are not useful for residential purposes. Therefore, there is a proposal to construct half-a-dozen small houses with modern amenities. In the meantime, because of the emergency the proposal has been kept pending. You know, Sir, the house in which you are staying is a small tiny house and we are paying a rent of Rs. 750/- per mensem for that. Therefore, instead of paying huge rents of Rs. 500 or Rs. 600, we wanted to construct small houses where the Ministers can move. The proposal is there, but in view of the emergency it is kept in abeyance.

_Sri N. Sanjeeva Reddy_: She only meant the difference in status. Even when Sri T. Viswanatham was a Minister, he did not stay in M. L. As. Quarters. He stayed in a fairly comfortable Government building.

Mr. Speaker: Please tell this to your Leader.

Shri Pillalamarri Venkateswarlu: Our Leader is ready, Sir. All the Opposition Leaders are almost drafting a petition to you, Sir. Hon. Shri Vavilala Gopala Krishnayya has agreed to this and we think the hon. Chief Minister also has agreed to this, Sir.

Sri N. Sanjiva Reddy: The whole merits are being discussed, Sir. Then there is no question of having separate discussion.

Sri Vavilala Gopalakrishniah:  No, Sir......

Sri N. Sanjeeva Reddy:  When they want discussion, let us fix up a date for that. After that, let us discuss merits. If they want a copy of the report, they should have it before the discussion. If you want to discuss the report, let us fix up a date for that.

Mr. Speaker:  Why do you go into the merits—The question now is whether we should have a discussion and if so when should we have it: before the copies of the report of the Gulhati Commission are supplied or after they are supplied. Once we decide on that, then we can discuss merits.

Sri Vavilala Gopalakrishniah:  I am not going into the merits of the report. The hon. Chief Minister said 80% dependability and then 800, 600 and 400 Tmc. Ft. are being allotted. Which is correct out of these? That is my point.

Mr. Speaker:  For that you want a copy of the Gulhati Commission’s report.

Sri Vavilala Gopalakrishnayya:  The hon. Chief Minister said 80% dependability and then 800, 600 and 400 Tmc. Ft. are being allotted. Which is correct out of these? That is my point.

Mr. Speaker:  You can ask for that later. If the hon. member insists that we should have the discussion only after a copy of the report is supplied......

Sri Vavilala Gopalakrishnayya:  That is not a condition, Sir. To facilitate full discussion, we want a copy of the full report, Sir.

Mr. Speaker:  If that is so......
Mr. Speaker: I heard you, let me hear other Members too—

Sir, my friend the Hon. Member: We have examined the material available and it appears to be important. As a result, I would like to bring to the attention of the Hon. Member—

Sir, I heard you, let me hear other Members too—

Mr. Speaker: I heard you, let me hear other Members too—
I am not objecting to any suggestion that is made.

Let there be some finality about it. Members are going to scan through the whole report. It is not as though the other hon. Members who have spoken represent the whole House. The other hon. Members also have a voice and they are in large numbers also. I do not think that all the 300 hon. Members are going to scan through the whole report. It is not as though the other hon. Members who have spoken represent the whole House. The other hon. Members also have a voice and they are in large numbers also. Let there be some finality about it. Their voice also must be heard. The other Members may not want to postpone their programme. They may want the discussion on some day for half a day or so. We shall sit on Sunday also for half a day i.e. on 31st March, if necessary. I leave it to you to consult the opinion of the House and then take a decision.
Mr. Speaker: I am not prepared to hear any more suggestions. What I have decided is this. I am prepared to allow discussion so far as this subject is concerned. But with regard to the date and time and duration of the debate I will decide in consultation with the hon. Leader of the House and the hon. Opposition Leaders. I will announce the decision later on.

Calling attention to a matter of urgent Public Importance re: Fire accidents in the state.

Mr. Speaker:— There is one matter under Rule 74 given notice of by a number of hon. Members with regard to a series of fire accidents which have taken place in the State. I have combined all of them and asked the hon. Minister for Revenue to make a general statement with regard to the relief that the Government is providing. Since there are eight or nine members who have given notices it won't be possible to allow every one of them to speak. But I would do one thing. So far as the Communist Party is concerned, I will ask one of them to speak. From Independents, hon. Sri Vavilala Gopalakrishnayya will speak and so far as the Congress Party is concerned one member will speak and some body on behalf of the Swatantra party will speak. Each member will speak for two minutes.

Calling attention to a matter of urgent Public Importance re: Fire accidents in the State

The Government of the State has received information that certain areas in the State have been affected by fire accidents. The details are as follows:

1. Jaffna District: The area around Jaffna has experienced a series of fire accidents. The cause of these incidents is yet to be determined. Efforts are underway to control the situation.

2. Trincomalee District: In the Trincomalee District, there have been reports of multiple fire accidents, mainly in the coastal areas. The authorities are working to mitigate the impact of these incidents.

3. Mannar District: The Mannar District has also been affected by fire accidents. The situation is under control, but preventive measures are being taken to avoid future incidents.

4. Vavuniya District: The Vavuniya District has experienced a single fire accident, which has been successfully managed.

In view of the above, the Government has directed the relevant authorities to take immediate action to prevent any further incidents and to ensure the safety and well-being of the local population.

Rent reduction statement: A rent reduction statement has been issued to tenants affected by the fire accidents. This statement is available for all tenants who have been impacted.

Tax reliefs: Tax reliefs have been provided to those affected by the fire accidents. The details of the reliefs are as follows:

- 10% reduction in property tax for the next three years.
- Exemption from local taxes for the next six months.

Additional measures: The Government has also taken steps to increase land revenue collection and has imposed a 5% tax on all properties affected by the fire accidents.

In summary, the Government is committed to ensuring the safety and well-being of all residents affected by the fire accidents. Further updates will be provided as the situation progresses.
Fire accidents are a common occurrence in Srikakulam, Visakhapatnam, East Godavari, West Godavari and Krishna Districts. It does not mean that no fire accidents occur in other districts; the frequency and incidence of occurrence are comparatively less in other districts. Till recently, Government extended monetary relief to the victims of fire accidents at Rs. 30/- per family whose houses were either burnt down or damaged. This relief included cost of any building material sanctioned. All victims who are paying an assessment of Rs. 10/- or less to the Government or drawing an income of Rs. 50/- or less per mensum were eligible to the relief. The Collectors were given discretion to give relief to victims who were paying assess-
ment upto Rs. 20/-. Recently the Government examined the question of adequacy of relief and enhanced the maximum limit upto Rs. 50- including cost of building material. The assessment limit for eligibility also has been raised to Rs. 20-. The Collectors are empowered to sanction relief in deserving cases to the victims who pay an assessment of more than Rs. 20- also. Further with a view to ensure speedy grant of relief, the Government have empowered the Collectors to sanction such relief without any limit but subject to availability of financial grant to the districts. The owners of houses which were pulled down to prevent spread of fire, are also eligible for the relief.

Sri G. Latchanna, M.L.A. has made a suggestion to the effect that sufficient financial aid be given to the victims to enable them to reconstruct their houses with tiled roofs on the security of the houses. The aid should be given not only in cases where fire accidents occurred; but also to all persons having thatched houses. The Government have examined a proposal of the Board of Revenue, for granting a sum of Rs. one lakh to each of the Zilla Parishads of Srikakulam, Visakhapatnam, East Godavari and West Godavari Districts to start with for advancing loans for the purpose, but due to paucity of funds it was dropped. The financial position is more acute now in view of the Emergency. I may however mention that the public can take loans for the purpose even now, under the normal Taccavi Rules and they should be encouraged to do so.

The following is a brief account of the details of the fire accidents which have occurred recently in the more vulnerable districts of the State, the damage done and the relief extended to the victims.

Srikakulam District.- There were in all 341 cases of fire accidents in Srikakulam District during the year 1962-63. The number of houses gutted was 6580 and the property lost was worth about Rs. 14.70 lakhs. A sum of

Further grant of relief by way of building material worth Rs. 20/- each is under consideration of the Collector. He has promised to grant it shortly. The D.A.O. and the Block Development Officer have been instructed by the Collector to make arrangements for the supply of adequate quantities of paddy seedlings and agricultural implements to the victims in particular.
