Costly Cigarettes in India? How far is it correct that the foreign monopolies which have been entrenched in our country have certain control over the policy which we are making without our knowledge? It may not be that we do it on our own knowledge; but certain control is there. Have we ever tried to find out whether there is a possibility for sale of high class cigarettes from other companies other than the one that is under the control of the I.L.T.D.?

Sri N. Sanjeeva Reddy: From the information I have Sir, the policy of the Government of India at present is not in favour of licensing further capacity. I do not know how far it is correct.

It was got published in the local Paper Andhra Janata dated 14-5-1963 calling for claims from members to whom the share-capital was due on or before 31-5-1963. A list of members to whom the share-capital is due is enclosed. Mr. Speaker: I have been trying my best to allot time. I would see that not more than five minutes are given for each question.
