ORAL ANSWERS TO QUESTIONS

BETTERMENT TAX ON LANDS.

426—

* 625 Q.—Smt. B. Rukmini Devi [Put by Sri G. C. Venkanna (Uravakonda)]: Will the hon. Minister for Revenue be pleased to state:

(a) whether it is a fact that betterment tax is being levied on the lands cultivated under the tanks of Agali and Madhundi villages, Madakasira taluk, Anantapur District considering the said tanks as river fed tanks;

(b) whether it is also a fact that the Executive Engineer of the district has reported that the tanks need not be declared as river fed tanks as the Suvarnamukhi river which supplies water to these tanks is not a perennial river but a revulet, which flows only during the rainy season; and

(c) if so, the action taken by the Government to waive the betterment tax being collected on the lands cultivated under these tanks?
The Minister for Revenue (Sri N. Ramachandra Reddy): (a) & (b): No, Sir.

(c) Does not arise.

UNNITHAN COMMITTEE REPORT.

427-

* 1761 Q.—Sri Vavilala Gopalakrishnayya (Sattena-palli): Will the hon. Minister for Revenue be pleased to refer to the Short Notice Question No. 12-R answered on 1st April 1962, and state:

(a) whether the Government have examined the recommendations contained in the Unnithan Committee Report on the problems of the Village Officers;

(b) if so, the action taken by the Government on the said recommendations; and

(c) whether a copy of the said report be placed on the Table of the House?

Sri N. Ramachandra Reddy:

(a) and (b): Of the several recommendations contained in the Unnithan Committee Report, only one recommendation with regard to grant of interim relief has been considered, and the following amounts have been sanctioned as interim relief to the several categories of Village Officers:

<table>

The other recommendations of the Committee are under the consideration of Government.

(c) The report will be placed on the Table of the House after it is fully examined and final decisions are taken.
On one side, the incidence of the Vatandari system is accepted by the Government and on the other side, the sanads which are issued after 1954 are continuing to be valid, but now there is a G.O. stating that all those sanads that have been issued after 1954 are in valid and void. So, that is a slow process of abolition. So, do the Government propose to bring about a statute or a legislation for the complete abolition?

Sri Ramchander Rao Deshpande (Narayankhed):—

Sri K. V. Narayana Reddy (Kamalapur): In view of the fact that the Government is going to hand over the functions of the village officers to village panchayats, why not Government bring in some legislation to abolish completely this institution of village officers?

Sri N. Ramachandra Reddy: It is under consideration. The Unnithan Committee's report is under consideration. It will effect the very appointment and hereditary system and all these things will be involved in it.

Mr. Speaker: I do not think I will allow any more supplementary questions on this. We have taken twenty minutes already on this.
Mr. Speaker: But any how the matter has been under consideration of the Government for too long. It is good that the Government takes a decision. Both for the Government as well as for the village officers it will be good.

Sri N. Ramachandra Reddy: Partly a High Power Committee has been constituted by the Government to consider so many things and after that other measures will be considered.

Mr. Speaker: The question is as to when Government are going to take a decision.

Sri N. Ramachandra Reddy: I cannot say any target date—I cannot give, Sir.

Mr. Speaker: That means you say Government will take a decision as soon as possible. But when it is going to be, you are not in a position to say. It may be six months, it may be one year. You take your own time but let the hon. members know as to when you are going to decide the matter—say, within about six months.

Sri N. Ramachandra Reddy: I cannot say off hand, six months, Sir, because there are so many far-reaching effects. Because of Emergency, if anything happens, as Mr. Gopalakrishnayya has put it just now, the base is losing or something if a new structure is coming into being. I do not know what will be the repercussions, or the far-reaching effects. Therefore soon after this Emergency is over or in the alternative, if there is no emergency or some thing like that an early decision can be taken.

Mr. Speaker: The Emergency may live with us for 20 years

(Laughter)

The Chinese problem—it looks as though it is going to live with us for about 20 or 30 years. We do not
know when it is going to be settled and this thing cannot be allowed to be postponed till the Emergency is over.

*Sri N. Ramachandra Reddy*: We do not wish that Emergency should continue for twenty years, Sir. In that case the country will not progress.

*Mr. Speaker*: I do not say it should continue. But it looks like that. That is what I am saying.

**BETTERMENT TAX IN THE TUNGABHADRA PROJECT AREA**

428–

*380 A: (4416) Q.–*Sri Y. C. Veerabhadra Gowd (Yemmiganur): Will the hon. Minister for Revenue be pleased to state;

(a) what is the amount that is estimated to be collected as betterment tax in the Tungabhadra Project area during 1963–64;

(b) does it vary from place to place; and

(c) the basis for levy of taxes on different kinds of lands?

*Sri N. Ramachandra Reddy*:

(a) Rs. 13,91,946–92

(b) Yes.

(c) Under section 4 of the Andhra Pradesh Irrigation (Levy of Betterment Contribution) Act, 1955, the amount of contribution payable by an owner in respect of any land under a work for which the Act applies, is so fixed as not to exceed one half of the increase in value of the land on account of the completion of the construction expansion or alteration of the work. The increase in value of the land is taken to be the amount by which the value of the land on the completion date exceeds the value of the land on the construction date.
Sri N. Ramachandra Reddy: That is a separate question. For every work there is a separate estimate.

Sri Pillalamarri Venkateswarlu: It may be a separate question, Sir. But he must be able to answer that, Sir.
The Hon. Minister for Planning and Panchayat Raj be pleased to state:

(a) whether the Mogulluru-Vemulapadu road (Mogulluru-Panduva-Cudipatipalle, Hanumanthapuram-Vemulapadu road) in Kanigiri taluk, Nellore district has been sanctioned;

LAYING OF THE ROADS IN VILLAGES.

* 703 (2231) Q.–Sri K. V. Narayana Reddy: Will the hon. Minister for Planning and Panchayat Raj be pleased to state:

whether the Government have any proposal to invite private participation in laying of the roads in villages?

Sri A. Balarami Reddy: Yes, Sir.

Sri K. V. Narayana Reddy: What are the details concerning this private participating regarding road construction?
Almost all the village roads that are laid either by the Panchayats or the zilla parishads are laid from the centre of the fields due to which there is a lot of litigation and Government also has to incur the cost of litigation and all that. So, will the Government pursue a policy of minimum resistance by directing that all the roads, as far as possible, will be only taken up in the existing cart tracks and developing those so that litigation will be minimised and the concerned people will be put to less trouble?
Will the hon. Minister for Planning and Panchayat Raj be pleased to state:

(a) whether it is a fact that the road from Repalle (Repalle taluk, Guntur District) to Adavuladivi via Manthripalem has been completely damaged, though metalled ten years ago, for want of maintenance: and

(b) whether the construction of the said road will be completed by the end of the Third Plan?

Sri A. Balarami Reddy:

(a) It has not been repaired for want of funds.

(b) The construction of the road will be completed subject to the availability of funds.

Sri A. C. Subba Reddy:

(a) No, Sir.

(b) Does not arise.

(c) 73,600 acres.

(d) Rs 9.30 lakhs.

Guntur Canal Scheme.

Minor irrigation projects go under two categories: major projects and medium size projects. The major projects have a higher budget allocation. The medium size projects are sanctioned for a specific extent of land with an estimated revenue to the Government. In the case of the Guntur Canal Scheme, it was not sanctioned as a medium-size project. Therefore, the estimated expenditure, extent of ayacut, and revenue through the project were not applicable.

AMOUNT SPENT ON NAGARJUNASAGAR PROJECT.

439–

* 445 (4770) Q.—Sarvasri E. Ayyapu Reddy (Midthur) and K. Guruswami Reddy (Kanigiri): Will the hon. Minister for Irrigation and Power be pleased to state:

(a) the entire amount spent upto 1st May, 1963, for Nagarjunasagar Project;

(b) the loan incurred or taken on account of the project from the Centre; and

(c) the interest paid so far on the loan to the Centre?

Sri A. C. Subba Reddy:

(a) Rs. 60.35 Crores.

(b) The Government of India have sanctioned a loan of Rs. 54.90 Crores from the commencement of the Project to end of 30—4—1963, for financing the expenditure on the Nagarjunasagar Project.

(c) Rs. 3.83 Crores.

Sri E. Ayyapu Reddy: The interest comes to 3 1/2 crores. Is it a fact that the Rajahmundry Paper Mills has become submerged into a private sector on account of the Nagarjuna Sagar Project? If so, what other things are going to become submerged for the completion of this project?

Sri A. C. Subba Reddy: I do not think that the proposal to sell the Rajahmundry paper Mills is on account of Nagarjunasagar project. The Central Government has given us ten crores and we are spending for it.

Sri E. Ayyapu Reddy: The loan to the Central Government is to be repaid with interest. Is the State
Government taking up the matter with the Central Government to see that at least the interest is written off and that it does not stand as a huge liability on the State finances?

*Sri A. C. Subba Reddy:* Several times this Government have written to the Finance Department of the Central Government. They have not agreed. So ultimately we have agreed to pay the interest and for the payment of the interest also they are giving us loan because this Government has said that they are not able to pay the interest on that loan. Even for the payment of interest, the Central Government is giving us loan.
loan may be from 10–20 years. Is it interest-free for 6 years and interest at 3% per year, starting from the 3rd year?

(Sir) 6. Sri. N. Reddy: Sir, as far as correspondence is concerned. Interest free loans may be for 3 years, 4 years, 5 years, and the rest of the interest-free loans are for major schemes for a period of 6 years. Interest free loans may be for 5 years. In the first scheme, there is an initial interest of 5%, and in the second scheme, there is an interest of 7%. Correspondence is 10 years, interest free loans are for during the first three years. Interest free holiday is 3 years.

(Sir) 5. Sri. N. Reddy: Sir, interest free loans are interest free, but for major schemes, interest is charged. In the repayment of loans, 10% interest is charged. The interest rate is 6%. There is an initial rate of 5%, which reduces to 3% after 3 years. Interest free holiday is 3 years.

(Sir) 6. Sri. N. Reddy: I want to know whether the Central Government is charging interest on the interest due.

Sri E. Ayyapu Reddy: I want to know whether the Central Government is charging interest on the interest due.

Sri A. C. Subba Reddy: Yes, Sir.

APPROACH ROAD TO THE PENNAR BRIDGE IN NELLORE DISTRICT.

*277 (3868) Q.—Sri K. Ramaiah Chowdary: Will the hon. Minister for Buildings and Communications be pleased to state:

(a) the amount of expenditure incurred on the approach road laid to the Pennar bridge in Nellore District;
(b) when the said road has been completed; and

(c) reasons for not using the said bridge even after its completion?

The Minister for Buildings and Communications (Sri Mir Ahmed Ali Khan):—

(a) Rs. 4,49,532/-

(b) In the year 1956.

(c) The bridge across Pennar river and its approaches are being used ever since 1956. Therefore the question of furnishing reasons for not using the said bridge even after its completion does not arise.

Sri S Vemayya: Mr. Speaker, Sir, the road has been completed in the year 1956; but still we are experiencing difficulty because the road has not been thrown open for public traffic. May I know the reasons for not throwing the road open for public traffic and whether it is not one of the facts that for maintenance of the gate, the road has not been opened for public traffic?

Sri Mir Ahmed Ali Khan: Sir, the question is about the Bridge over Pennar river. But the Hon’ble Member is referring to Kovvur by-pass road. The by-pass road is not thrown open for public traffic because the level-crossing is not yet completed. We have written to the Government of India. We expect a reply shortly. After the completion of the level crossing, at Kovvur-by-pass road, it will be opened for public traffic.

STAFF QUARTERS IN UTNOR TOWN.

441—

* 286 (3901) Q.—Sri Bheem Rao (Asifabad): Will the hon. Minister for Buildings and Communications be pleased to state:
(a) whether there are any proposals with the Government, to construct Staff Quarters in Utnoor Town, Adilabad District; and

(b) if so, when?

_Sri Mir Ahmed Ali Khan:_

(a) Yes, Sir.

(b) The Special Block Development Officer, Utnoor, has already taken up the construction of quarters of two Extension Officers and one Village Level Worker.

_Sri Mir Ahmed Ali Khan:_ The question is about Utnoor. I do not have information about what the Hon’ble Member says.

**MAINTENANCE OF TRAVELLERS’ BUNGALOWS IN PATAPATNAM TALUK.**

442—

* 332 (4174) Q.—_Sri P. Gunnayya:_ Will the hon. Minister for Buildings and Communications be pleased to state:

whether the Government propose to get the Travellers’ Bungalows and drinking water wells repaired at Kothur and Hiramandalam in Patapatnam taluk, Srikakulam District?

_Sri Mir Ahmed Ali Khan:_

Yes, Sir. Estimates for maintenance of the Travellers’ Bungalows have been sanctioned by the Chief Engineer (Highways). The repairs to the wells in the Travellers
Bungalows at Kotturu and Hiramandalam have been completed in all respects by 16-7-63.

DRY DOCK VISAKHAPATNAM.

443—

* 369 (4368) Q.—Sri B. Sreerama Moorthy (Put by Sri A. Sarweswara Rao): Will the hon. Minister for Buildings and Communications be pleased to state:

(a) whether the State Government have recommended to the Centre to stick to the original programmes for construction of dry dock at Visakhapatnam;

(b) whether the Centre has dropped the proposals for the construction of dry dock;

(c) what are the estimates of expenditure and the Foreign Exchange components in each case; and

(d) whether Dry Dock has definite advantages over the floating Dock, and if so, what are they?

Sri Mir Ahmed Ali Khan ——

(a) Yes, Sir.

(b) The subject matter relates to the Hindustan Shipyard at Visakhapatnam and the Government of India, Ministry of Transport. It has since been confirmed by both of them that the proposal for the floating dock has been finally dropped, and that the Board of Directors of the Hindustan Shipyard have since decided to have a graving dock at the shipyard.

(c) The dry dock project is provisionally estimated to cost Rs. 260.00 lakhs with a foreign exchange component of Rs. 73.71 lakhs, while the floating dock was
4th December, 1963

Oral Answers to Questions

estimated to cost 120 lakhs the entire amount being in foreign exchange.

(d) Yes. The graving dock is permanent, while a floating dock has only a limited life. The foreign exchange component of a graving dock is less.

Floating dock does not avoid the need for a graving dock, as a graving dock will still be necessary to dry dock the floating dock, for survey and repairs.

FLOATING DOCK IN VISAKHAPATNAM.

444--

* 573 (5220) Q.—Sri A. Sarveswararow: Will the hon. Minister for Buildings and Communications be pleased to state:

whether the Government are aware of the fact that a proposal to acquire a Floating Dock in Visakhapatnam had been approved by the Board of Directors of the Hindustan Shipyard in place of constructing a Dry Dock which was sanctioned as early as in 1955?

Sri Mir Ahmed Ali Khan:--

Yes Sir. But the Board of Directors of the Hindustan Shipyard have since dropped their proposal for a floating dock and decided to have a Graving Dock at the Hindustan Shipyard, Visakhapatnam.

Sri A. Sarveswara Rao: Much confusion is created by the spokesmen of the Shipyard and Government. In 1955 they decided to have a dry dock and again later, they have shifted to have a floating dock. It seems they are going to have a floating dock also. The very same people who recommended in 1955 for a dry dock, again shifted for a floating dock. The Board of Directors of the Shipyard have also again shifted to have a dry dock. But I cannot understand whether a dry dock is of much use or a floating dock is of much use because the very same
people differ from time to time. I hope the Hon’ble Minister will give a concrete reply or whether he is going deep into the affair, so that we can know which dock is of much use.

*Sri Mir Ahmed Ali Khan*: It is true that the original decision was about a dry dock. But since the cost is much, they have decided in favour of a floating dock. Our Government also represented for a dry dock. They later-themselves thought that as a floating dock requires more foreign exchange, they have dropped the idea. They have finally stated that they have decided not for a floating dock but for a dry dock.

*Sri M. Pitchayya*: May I know whether the Government is going to execute the dry dock?

*Sri Mir Ahmed Ali Khan*: They have finalised the matter. They were thinking of floating dock; but now they have decided in favour of a dry dock. But when will take, I am not able to say.

**PACKAGE PROGRAMME FOR GROUNDNUTS.**

445—

*1586 Q— Sri P. Rajagopal Naidu (Put by Sri Ramchandra Rao Deshpande) :—* Will the hon. Minister for Agriculture be pleased to state:

(a) whether Package Programme for groundnut will be implemented in any of the districts in the State;

(b) if so the districts chosen; and

(c) when it will be implemented?

*Sri Balarami Reddy*:

(a), (b) and (c): A Package Programme for increasing production of groundnut in the Tungabhadra Project area of Kurnool District has been started at Yemmiganur in December, 1962. Similar programmes have also been
started from 1st September, 1963, at Kalahasti in Chittoor District and at Alampur in Mahaboobnagar District.

\[Q_1\] Will the Minister for Agriculture be pleased to state whether there is any proposal to formulate a scheme to govern the relationship between groundnut producers and the groundnut factory owners in the State on the lines of the Sugarcane Industry?

No, Sir.

\[Q_2\] (a) the number of students selected from the Agricultural and Veterinary Colleges in Andhra Pradesh who were selected under the U.S. Aid training programme; and
(b) if so, the names of the students selected; and
(c) the basis for this selection?
(c) The person recommended for training should possess qualifications and sufficient experience to enable him to benefit from the higher training abroad.

(d) The candidate should be below 45 years of age, so that he may serve Government for a considerable period after his return from abroad.

I do not want a contradiction in the Hon'ble Minister's reply. The proposal should be related to a specific development project included in the Plan, that is one and secondly after they return, it is expected that there would be efficient implementation of the project. That means we have decided on a particular project to be implemented in the plan and it is for the sake of that we have sent them to foreign countries to become experts in the particular field. My question is, on the basis of what specific development project, did you send them to foreign countries and what are those specific projects which are expected to be implemented on their return. I knew Mr. Speaker, Sir, that the fact is not the same as has been put here and therefore I was particular to ask this particular question. It is in such a general way we have been sending our people outside our country for specialisation in technical knowledge that we have not been using them
in any particular project, even though we have been told that these officers are for specific projects. What are those specific projects on which they would be employed?

_Sri A. Balarami Reddy_: There are several projects in Agriculture and Animal Husbandry. For instance we want to develop poultries; it is a specific project and we are sending these officers for training in that particular branch. That is why we are sending them.

_Sri T. Nagi Reddy_: No Sir. On what specific projects have these people been sent? There are six people. For instance Narayana Rao, Lecturer in Chemistry and when he will become an expert in that particular branch? I would like to have the details.

_Sri A. Balarami Reddy_: The details are given in the answer placed on the Table of the House. For instance D. Narayana Rao, has been sent to specialise in Chemistry and another person has been sent to specialise in Botany and the third in Plant Pathology and similarly for Entomology. A project need not be an irrigation project or anything of that sort. Any development work is called a project.

_Sri T. Nagi Reddy_: If for specialisation in Chemistry, Plant Pathology and Botany, they are sent to America or England or any other country, I am at a loss to understand what they mean by a specific development project and naturally they must be able to explain it still further for us to understand what they mean by these specific development projects at least in future, in questions as these.

_Sri A. Balarami Reddy_: These lecturers are sent to gain advanced knowledge and when they come back here they will be, able to teach our students much better and give them better knowledge of the latest things. Unless our students gain sufficient knowledge in Chemistry, Botany and Plant Pathology and other allied subjects, they cannot prove to be efficient extension officers and lecturers in agriculture colleges.
448—

* 2008 Q — Sri V. Srikrishna (Mangalagiri) — Will the hon. Minister for Agriculture be pleased to state:

(a) whether the Government decided to join the Fruit Corporation proposed for all the four Southern States;

(b) whether any arrangements were made to export bananas from the State to Foreign Countries; and

(c) if so, the details thereof?

_Sri A. Balarami Reddy:_

(a), (b), & (c).

The matter is under the active consideration of the Government.
998 (3089) Q.—Sri P. Subbaiah:— Will the hon. Minister for Agriculture be pleased to state:

(a) whether the state Government propose to introduce Dry Farming Scheme sponsored by Central Government; and

(b) if so, where?

Sri A. Balarami Reddy:—

(a) & (b): It has been proposed to introduce Dry Farming Scheme in the first instance is only two districts, viz., Adilabad and Ananthapur confining it to Lower erop only during 1963-64. Though the scheme is being taken up on the recommendation of the Government of India,
they are not bearing the entire cost of the scheme as in the case of centrally sponsored schemes. The scheme will be extended to other districts and dry crops later.

INDIRECT CONTROL ON PRICES OF CONSUMER GOODS

451—

*788 A (4660) Q.— Sri K. Rajamallu (Chennur)—

Will the hon. Minister for Agriculture be pleased to state:

(a) whether the Government have issued an Order under the Defence of India Rules designed to impose an indirect control on prices of a number of consumer goods; and

(b) whether the Government propose that every dealer should display the price-list prominently certified by the concerned authorities with a seal on it?

Sri A. Balarami Reddy :

(a) Government have issued ‘The Andhra Pradesh Exhibition of Price List of Goods, Order, 1963.’

(b) Under this order, every dealer is required to exhibit at the entrance or some other prominent place of his business premises a price list of goods held for sale, classes or varieties of goods and the price list shall bear the signature of the dealer.

† Not put and not answered in the House. Hence the question and answer are included in the proceedings at the end of the Question-Hour.

* 827 (5105) Q.— Sri Mohd. Ismail : (Put by Sri K. Rajamallu) :— Will the hon. Minister for Labour and Transport be pleased to state :

(a) the total revenue derived from Motor Vehicles Taxation Act, in the year 1962; and

(b) whether the Government paid any compensation to the Zilla Parishads or Panchayat Samithis during the year?

Sri B. V. Gurumurty :—

(a) Under the Andhra Pradesh Motor Vehicles Taxation Act:

Rs. 2,66,06,042/-

Under the Andhra Pradesh Motor Vehicles (Taxation of Passengers and Goods) Act:

Rs. 1,06,19,232/-

(b) Yes, Sir.

DIVISIONAL COLLECTORS APPOINTED BY THE R.T.C.

* 848 (5233) Q.— Sri P. O. Satyanarayana Raju (Put by Sri Vavilala Gopalakrishnayya) :— Will the hon. Minister for Labour and Transport be pleased to state:

(a) the number of deputy collectors whose services are lent to Road Transport Corporation for appointment as Divisional Collectors; *
(b) the tenure of their office; and
(c) whether any contract is signed?

Sri B. V. Gurumurthy:—

(a) The services of two Deputy Collectors have been lent to the Road Transport Corporation for appointment as Divisional Controllers.

(b) The tenure of deputation has not been stipulated.

(c) No, Sir.

WRITTEN ANSWER TO QUESTION

SHEEP AND WOOL EXTENSION CENTRES.

1173 (5240) Q.— Sri P. O. Satyanarayana Raju: — Will the hon. Minister for Agriculture be pleased to state:

(a) whether the Government is contemplating to start sheep and wool extension centres in our State;

(b) if so, the places selected;

(c) when will they start functioning; and

(d) the amount earmarked for the purpose?

A:—(a) It was proposed to establish 40 sheep and wool extension centres in this State (16 in Telengana and 24 in Andhra) Three centres were opened during 61–62. Though three more centres were sanctioned during 62–63 they could not be started due to paucity of funds on account of cuts imposed in plan ceilings.

(b) The new centres are located at Siddirampuram Basavannapalli and Mahdevpalli in Anantapur District.
(c) The above centres are functioning now. Opening of new centres has been deferred for want of funds.

(d) No funds have been earmarked for the present to establish any more centres.

As the State Government is not primarily concerned with the day to day working and management of the Company, the State Government is not in a position to discuss the affairs of the Company without prior consultation with the Government of India. It may, however, be mentioned that in accordance with Section 619 (A) (2) of the Companies Act, the annual reports of the Company are being laid on the Table of both the Houses every year. It would have been better if the information had been sought in the Lok Sabha. This Government, therefore, is not in a position to furnish information on the other aspects of the notice without consulting the Government of India. However, from the balance sheets of the Company for the previous years it is seen that there has been some improvement in the ways and means as well as production and sales of the Company during the last few years.

Sri M. N. Lakshmi Narasayya: The Praga Tools Corporation is entirely managed by the Government of India from 1-7-1958 who have invested more than 51 per cent in the share capital of the company, whereas the State Government have only 34 per cent with two Directors on the Board of Directors as against a total of 7 Directors. As the State Government is not primarily concerned with the day to day working and management of the Company, the State Government is not in a position to discuss the affairs of the Company without prior consultation with the Government of India. Here and there some Co-operative institutions, in view of the experience gained by any particular officer, will write to Government saying that they will appoint that officer.
Mr. Speaker : The question is:

For Clause 109, substitute the following:

"The Government shall constitute co-operative service cadre for the purpose of selecting ministerial staff and supervisory staff for the institutions in the co-operative movement. A Commission shall be constituted for the selection of the cadre and from the selected list of the candidates selection for various posts shall be made by the Registrar."

The amendment was declared negatived.

*Sri Pillalamarri Venkateswarlu* : Sir, I demand a poll.

The House divided thus:
Ayes: 41; Noes: 80;

The amendment was negatived.

Mr. Speaker : The question is:

"Add the following as a separate sub-clause in Clause 109:

The Government shall constitute a committee for the purpose of selecting cadre to be appointed in the various co-operative institutions and from among them selection of the cadre shall be made to be employed in the co-operative institutions by the Committee."

The amendment was negatived.
Mr. Speaker: The question is:

“That Clause 109 do stand part of the Bill.”

The motion was adopted.

Clause 109 was added to the Bill.

Clause 110

Sri A. Venkateswara Rao: Sir, I beg to move:

“In sub-clause (1) of clause 110, delete the words ‘and on production of a certificate from the Registrar in the prescribed form setting forth the reasons therefor.’

“Delete sub-clauses (2) and (3) of Clause 110”

“In sub-clause (4) of clause 110, delete the words ‘out of the funds of the society.”

Mr. Speaker: Amendments moved.

Sri 1. B. Bishnuraj: The records are required to be produced by the Registrar in the prescribed form before a Magistrate. If a certificate is produced before applying to the Magistrate, it leads to delay and records may not be handed over.

In this section, any person is required to obtain permission from the Registrar, if he wants to take records even from the old committee, before an application is made to the Magistrate. That production of certificate from the Registrar for obtaining records before applying to the Magistrate is not necessary, and this unnecessarily leads to delay and records may not be handed over.

Sri Brahmananda Reddy: Sir, the condition of production of a certificate in the prescribed form is necessary to avoid indiscriminate applications before a Magistrate
and also to facilitate easy and quick disposal of applications by the Magistrate. And the Registrar will set out relevant facts and registers and also list out the properties belonging to the society.

Mr. Speaker: I am now putting the amendments to vote. The question is:

"In sub-clause (1) of clause 110, delete the words 'and on production of a certificate from the Registrar in the prescribed form setting forth the reasons therefor.'"

The amendment was negatived.

Mr. Speaker: The question is:

It is mandatory that the representative shall accept the difficulties occurring in the enabling provision of the Bill. The representative of the general manager shall accept the difficulties occurring in the enabling provision of the Bill. It is mandatory that the representative shall accept the difficulties occurring in the enabling provision of the Bill.
If the hon. members want, I have no objection to amend the clause so as to read “The Government may, by general or special order, for reasons to be recorded therein ...... etc. That is to say, the words “for reasons to be recorded therein” will be inserted between the words “order” and exempt”.

Sir, I beg to move:

After the words ‘special order’ insert the words “and for reasons to be recorded therein in clause 116”

Mr. Speaker : Amendment moved.

Sri A. Venkateswara Rao : If he wants to exempt any society or any class of societies, that order may be placed before the House.

Sri K. Brahmananda Reddy : If the hon. members feel that this is too wide a power and may be arbitrarily used, I have no objection to say, the Government may by general or special order, for reasons to be recorded therein .........

Sri A. Venkateswara Rao : And placed before the House.

Working of the Act

Working of the Act and ultimate responsibility of the Legislature to the Government. Ultimate responsibility of the legislature to the Government.

It is giving more power to you to subject it to criticism and bring me into ridicule also if it is an arbitrary order.

I cannot take excuses... I cannot take shelter under...
some other authority—should the Government have power or not to ask the Registrar to make an inquiry and submit his report, so that when the time comes I can inform the House "these are the matters; enquiry has been instituted and this is the result of the enquiry; on enquiry when it is found that certain grave mistakes have been committed Government have issued certain directions for the proper working of the institution".

It is always safe for the opposition also that Government should take power of the type only in important and emergent cases where something is going wrong vitally...I have no objection. I will accept his amendment. I am agreeing to that, namely, "in sub-clause (1) of Clause 124, before the words "the Government may" insert the words subject to other provisions of this Act" I am agreeable. I have no objection. Section 124, Sub-clause (1), reading as under:

"Subject to the other provisions of this Act, the Government may, by order, direct the Registrar to make an enquiry or to take appropriate proceedings under this Act in any case specified in the order; and the Registrar shall report to the Government in due course the result of the enquiry made or the proceedings taken by him."

I am prepared to agree for that.
As a consequential thing, in sub-clause (2), the words "not-withstanding anything in this Act" will have to be omitted.

So, I have no objection to inserting the words "Subject to the other provisions of the Act" in sub-clause (1) and deleting the words "not-withstanding anything in this Act".

Now I move an amendment to sub-clause (2):

"In sub-clause (2) of Clause 124, delete the words "not-withstanding anything in this Act" in lines 2 and 3.

Mr. Speaker: Amendment moved.

Mr. Speaker: The question is:

"Delete Clause 124".

The amendment was negatived.

Mr. Speaker: The question is:

"In sub-clause (1) of Clause 124 before the words "The Government may" insert the words 'subject to other provisions of this Act'.

The amendment was adopted.

Mr. Speaker: The question is:

"Add the following as sub-clause (3) of Clause 124:

'Any person or society aggrieved by any order passed under the above sub-section (2) may appeal to the tribunal consisting of a District Judge, having jurisdiction, where the office of the concerned society is situated.'
provisions of sub-sections 3, 4, 5, 6 and 7 of section 76 shall be applicable to such an appeal as far as possible.”

The amendment was negatived.

*Mr. Speaker*: The question is:

“*In sub-clause (2) of Clause 124, delete the words “notwithstanding anything in this Act” in lines 2 and 3*”.

The amendment was adopted.

*Mr. Speaker*: The question is:

“That Clause 124, as amended, do stand part of the Bill”.

The motion was adopted.

Clause 124 as amended, was added to the Bill.

**Clauses 125 and 126**

*Mr. Speaker*: For clauses 125 and 126 there are no amendments. The question is:

“That clauses 125 and 126 do stand part of the Bill.”

The motion was adopted.

Clauses 125 and 126 were added to the Bill.

**Clause 127**

The Andhra Pradesh Agricultural University Bill, 1963 (as reported by the Regional Committee)

The Agricultural University Bill was aimed at establishing an Agricultural University Bill to accommodate the needs of agribusiness and to support small peasantry in a backward economy. The bill was designed to integrate foreign systems and transplant them into the Indian context. However, the bill faced criticism from experts and select committees, who questioned its practicality and feasibility.

The Agricultural University Bill was intended to address the needs of a highly technically advanced economy and to support small peasants in backward regions. The bill also aimed to attract capitalistic production and major agriculture, and to support educated people and illiterate peasants. However, the planned economy and large-scale farms were seen as desirable in a highly technically advanced economy. Private enterprise was also encouraged to support the agricultural sector.

Socialism has a duty to ensure, through the Ford Foundation and other organizations, that the Ford Foundation and other Ford organizations have the resources necessary to carry out their work. The Ford Foundation is a significant force in the development of socialism, and it is important that this organization should continue to be supported. This is an important point because many people have the mistaken notion that the Land Grant Legislation involved only agriculture, whereas it contemplated a large broader institution offering superior educational opportunities to the sons and daughters of farmers, labourers and others who could not afford to send their young people to the more expensive private colleges and Universities. While Agriculture, Engineering, Military Training and smattering of the arts and sciences may have formed the beginning, virtually every other field of educational endeavour has been added the fine arts, medicine, law, commerce, journalism, professional education, veterinary science, pharmacy, nursing education, dentistry, social welfare training and the whole gamut of arts and sciences on a major scale. A rural University with a ring of small resident undergraduate colleges with specialised and university facilities in the centre to impart the necessary education required for the welfare of the rural areas, was envisaged.
population and education in the universities and in rural areas. The 1962 report on education mentions that, among other things, education was lagging behind in rural areas. The report further states that universities were not providing adequate hostel facilities, and that the report was not comprehensive enough to address the issue. It also stresses the need for research and education in universities. In addition, the report mentions the establishment of Agricultural Colleges and Veterinary Colleges, and the need to improve existing colleges. The report further states that the University Act of 1963 established the Agricultural Department and the Administration branch. The report is cautious in its recommendations, and recommends that autonomous status be granted to universities, in order to enhance their autonomy.

Investment in agriculture is a risky investment. According to the report, investment in agriculture is considered a risky undertaking. The risk is due to various factors such as weather, market fluctuations, and disease. The report emphasizes the need for diversification and the importance of investing in infrastructure and technology to mitigate some of these risks. Investment in agriculture can bring significant returns, but it requires careful planning and management.

The report also highlights the importance of education and training for farmers to improve their skills and knowledge. It suggests the establishment of agricultural universities and training centers to provide farmers with the necessary knowledge and skills to improve their productivity and sustainability.

In conclusion, the Government Bill is advocating for increased investment in agriculture, emphasizing the need for a well-planned strategy to overcome the challenges faced by farmers. The report suggests that with the right investments and support, agriculture can become a stable and lucrative sector, contributing significantly to the economy.
