ORAL ANSWERS TO QUESTIONS

NATIONAL ANTHEM

271—

* 804 (4851) Q:—Sri Tennet i Viswanatham (Madugula) Will hon. the Chief Minister be pleased to state;

(a) whether there are any particular instructions issued by the Central Government or the State Government with regard to the singing of the National Anthem and the occasions and time of singing; and

(b) whether such instructions have been circulated to all colleges and schools with a view to ensuring uniformity of practice?

The Chief Minister (Sri N. Sanjeeva Reddy):—

(a) Yes, instructions have been issued by the Government of India. According to these instructions the singing of National Anthem (as distinct from playing
the anthem) is allowed on occasions which are invested with special significance. Besides, there is no objection to the singing of the standard version of the National Anthem by Educational Institutions on certain solemn functions such as a Founder’s Day or an Annual Day.

(b) Yes, Sir. The instructions have been communicated to all the Educational Institutions.

Yes, Sir. Educational Institutions are instructed to observe uniformity in notation as well as in compulsory functions. National Anthem is recited in conflicts. Theatres are instructed to follow the instructions.

FINANCIAL AND TO THE CHILDREN OF THOSE WHO FOUGHT IN GOA FREEDOM

272—

*809 (4868) Q :—Sri G. C. Kondaiah: (Nelloru) Will hon. the Chief Minister be pleased to state:

(a) whether there is any proposal to give financial aid by the State Government to the children of those who fought in Goa Freedom Struggle; and

(b) if so, how many people are there who suffered in Goa Struggle?

Sri N. Sanjeeva Reddy:—(a) No, Sir.

(Only the educational concessions, which are sanctioned to the children and grand-children of Political suffers who participated in the struggle of Freedom Movement have been extended to the children of persons who suffered in Goa Liberation Movement with effect from 1963–64. But so far no application has been received for the above educational concession).
(b) In view of (a) above this does not arise.

Hon. the Chief Minister be pleased to state:

whether any proposal is under consideration of the Government to construct a memorial for Sri Alluri Seetharama Raju in Mampa village (in Chintalapalli agency)?

Sri N. Sanjeeva Reddy: — No, Sir.

* 853 (5256) Q:—Sri M. Pitchaiah (Payakaraopet) Will hon. the Chief Minister be pleased to state:

whether any proposal is under consideration of the Government to construct a memorial for Sri Alluri Seetharama Raju in Mampa village (in Chintalapalli agency)?

Sri N. Sanjeeva Reddy: — No, Sir.
On the recommendation of the above committee, the Government have decided to erect three memorials - a life size bronze statue of Mogallu, the birth place of the late leader, a memorial hall at Bhimavaram, an Ashram School and 20 bedded hospital at Krishnadevipeta, the place of Martyrdom Orders have already been issued for the starting of Ashram School at Krishnadevipeta from the academic year 1961-62.

The estimated cost of the hall is Rs. 1,50,000/-out of which the Government have sanctioned rupees one lakh and balance of Rs. 50,000/-has been raised from public contributions.

Orders regarding the erection of life size bronze statue at Mogallu will be issued as soon as public contributions to the extent of Rs.
12,500 are realised. So far an amount of Rs. 6,256-24 has been realised and efforts made to collect the balance.

Orders have already been issued for the starting of Ashram School at Krishnadevipeta from the academic year 1961-62 and for the construction of a hall at Bhimavaram.
Will hon. the Chief Minister be pleased to state:

at what stage the separation of the Legislature Secretariat from the General Administration stands so far?

Sri N. Saieevo Reddy: The attention of the hon. Member is invited to the answer given on 4th July, 1962 to his question No. 798 stating that the Government do not find any adequate reason to usurp in any change in the existing position of the Legislature Secretariat vis-a-vis the Government which is not in any way contrary to the Constitution of India.

† Not put and not answered in the House. Hence the question and answer are included in the proceedings at the end of the Question Hour.
For your information, if you want, I will read out a few sentences.

The Government of India were addressed for the correct interpretation of clause (1) of article 187 of the Constitution. They informed the State Government as follows:

'The provision in clause (1) of article 187 of the Constitution that the House or each House of the Legislature of a State shall have a separate secretarial staff morely means that each House shall have secretarial staff not connected with the Government departments. In other words, officers of Government Departments should not, in addition to their duties, be appointed to act as officers of the Secretariat of a House of Legislature. The intention is that the staff of a House of Legislature shall not be under a sort of dual control, control exercised by the Government Department and control exercised by the head of the House. The secretarial staff cannot be said to be independent of the executive Government in the sense that the executive Government shall have no control over the affairs of the Secretariat of the House. Though no express provision is made regarding the authority competent to determine the set-up of the Secretariat of the House, the administration and financial powers in relation thereto, etc., the facts that the expenditure of the Secretariat has to be met from the Consolidated Fund of the State and that the formal demand has to be made in regard to that the expenditure by Government indicate that
Government are responsible for these matters. Nevertheless, it would be a matter for arrangement between Government and the head of the House to evolve a working formula for distribution of these powers for smooth working of the Secretariat of the House."

The distance between us and Deihi is so little that we can reach there quicker than England or America.

Sri N. Sanjeeva Reddy: I am not an internationalist. I am only a nationalist belonging to a state.

Ora/ A7?Fiiw,s fa Quay/faM,

The legislature of a state may by law regulate the recruitment, and the conditions of service of persons appointed, to the secretariat staff of the House or Houses of the legislature of the State.

Until provision is made by the legislature of the State under Cl. (2), the Governor may, after consultation with the Speaker of the Legislative Assembly or the Chairman of the Council, as the case may be, make rules regulating the recruitment, and the conditions of service of persons appointed, to the Secretarial staff of the Assembly or the Council, and any rules so made shall have effect subject to the provisions of any law made under the said Clause.

There are already rules issued under Article 187(3) of the Constitution, which were formed after consulting...
the first Speaker of Andhra Legislative Assembly according to which the Madras General Service Rules, the Madras Ministerial Service Rules and the Madras Inferior Service Rules as they were in force immediately before the commencement of the Constitution regulating the recruitment and conditions of service of persons appointed to the Secretarrial staff of the Madras Legislature were made applicable to the members of the Gazetted, the non-gazetted and the last grade staff of the Andhra Legislative Assembly subject to the modification that references to 'Madras' and "Government of Madras" shall unless the context otherwise requires, be altered into references to 'Andhra' and 'Government of Andhra'. Thus rules issued under Clause 3) of Article 187 of the Constitution are being followed at present in respect of the Legislature Secretariat."

I do not think that any change has taken place since that was position taken in 1958.
Sri N. Sanjiva Reddy :— This is a speech, which does not require an answer.

Sri Vavilala Gopalakrishnayya :— It is a constitutional point. I am explaining the position.

clause (2) [Clause (2) of the Constitution Act, 1956. It is a constitutional point I am explaining the position. Clause 3 of the same Act, 1956. It was thrashed further. ‘May’ shall mean ‘shall’ from now onwards. ‘May’ means shall.]

Government, after all, is in the hands of the House. The House can certainly take a decision and Government will certainly respect any decision of the House.
Sri N. Sanjiva Reddy : That is exactly the question which Sri Viswatham has asked, and I have already given the answer.

* (1090) Q—Sri Ayyappu Reddy :— Will the hon. Minister for Finance and Co-operation be pleased to state:

(a) the Revenue derived from Excise Duty, Sales tax on the sale of the liquors in the financial year 1962–63; and

(b) whether the excise duty is uniform on all varieties of liquor?
The Minister for Finance and Cooperation (Sri K Brahmananda Reddy):—(a) The revenue derived from Excise duty is Rs. 1,41,44,945-51 np. The sales-tax collected on liquor is Rs. 5,71,999-94 N. P.

(b) The answer is in the negative.

Sri E. Ayyapu Reddy: In answer to part (b) of the question, the hon. Minister said “No” May I know why the excise duty is not uniform on all varieties of liquor? If it is not uniform, the reason for not levying a uniform excise duty on all liquors, I would like to know.
Sri K. Brahmananda Reddy: Liquor is divided into three categories: country liquor; Hyderabad-made foreign liquor; and Indian made foreign liquor.

NEW SCALES OF PAY TO THE TEACHERS.

277—

* 17 (1277) Q—Sri G. C. Kondaiah: Will the hon. Minister for Education be pleased to state:

(a) whether the new scales of pay to the teachers, announced to take effect from 1st November 1961 is implemented;

(b) whether it is a fact that grade pay Rs. 35+30 is not so far paid to the municipal teachers of Nellore; and

(c) whether compensatory allowance, i.e., house rent allowance in Nellore town is given to the teachers or not?

The Minister for Education (Sir. P. V. G. Raju): (a) Yes, Sir.

(b) No, Sir, they are being paid according to the revised scale of pay i.e., Rs. 65-2-95.

(c) No, Sir.

SALARIES TO THE TEACHERS IN THE ELEMENTARY SCHOOLS TAKEN OVER BY THE GOVERNMENT.

278—

* 23 (1447) Q—Sri. A. Sarveswary Rao: Will the hon. Minister for Education be pleased to state;
whether the teachers in the elementary schools in the State taken over by the Government are paid salaries and allowances according to the rules of Local Boards?

_Sri. P. V. G. Raju:_ The teachers in the Elementary school in the State taken over by the Government are paid salaries and allowances at the rates prescribed by the Government in G. O. Ms. No.127 dated 16-1-1963.

_Sri P. V. G. Raju:_ There is no difference, as far as I know, between the school belonging to local bodies and other elementary schools. I can read out the G.O. It is a big one. 18 categories of teachers are covered by it. It is a comprehensive G.O. I will give it to the hon. Member; he can study it; if there be any doubt, he can sit with me and we can go through each item separately.

_Sir P.V.G. Raju:_ I have understood the question. The difficulty is once we take over a school of a local body, there will be some time-factor for verification of salaries paid and so on. We are enforcing it strictly.

_Sri Vavilala Gopalakrishnaya:_ Should it be six years or seven years?

_Sri P. V. G. Raju:_ Our accounting system is like that: some times, the Accountant-General makes objec-
tions; sometimes the Examiner for Local Fund Accounts raises objection. We are trying to do our best. If any specific case is brought to my notice, I will look into it.

RECOMMENDATIONS OF THE JOINT STAFF COUNCIL SUB-COMMITTEE.

279—

* 456 (4828 A) Q — Sri A. Sarveswara Rao: Will the hon. Minister for Education be pleased to state:

whether the Government accepted the recommendation of the Joint Staff Council Sub-Committee which met on 7th March 1953 regarding the scales of pay for trained graduate teachers appointed prior to 1st November 1951.

Sri P. V. G. Raju: Yes, Sir.

Sri P. V. G. Raju: It is being implemented. The GO has been passed on 1-11-1951. It is a very comprehensive GO. It is being implemented, as far as my knowledge goes. What can I say more than that? Unless the member comes and personally talks, I cannot say anything. In this matter, my information is, it is being implemented.

Sri A. Sarveswara Rao: The question is not about the GO and its implementation. My point is whether it has been communicated to all the institutions. It has been communicated to the Zilla Parishads. It must be communicated to the institutions. Was it done?

Sri P. V. G. Raju: I think so. Once the GO is passed, in the normal course it would be communicated.
If any particular instruction has not got the G. O., kindly tell me and I will immediately post the G. O. and see that it reaches them.

**PRIMARY SCHOOLS UNDER PRIVATE MANAGEMENT.**

280—

* Sri P. Satyanarayana (Palanapeta): Will the hon. Minister for Education be pleased to state:

(a) whether the Government have permitted the opening of Primary schools under private management, after the Government have taken decision to nationalise the primary schools:

(b) the number of schools so permitted; and

(c) the reasons for the deviation of the declared policy?

**Sri P. V. G. Raju:** (a) Yes, Government have permitted opening of private schools but Government have not decided to nationalise all the Elementary schools in the State:

(b) 40 (Forty) only.

(c) There is no deviation of the policy.

**COLLECTION OF FEE FROM THE STUDENTS IN AIDED AND OTHER PRIVATE SCHOOLS.**

281—

* Venkateswara Rao: Will the hon. Minister for Education be pleased to state:

Whether the Government propose to fix a ceiling on the collection of fee, from the students in aided and other private schools?

**Sri P. V. G. Raju:** Yes, Sir. We have fixed a ceiling
Sri A. Venkateswara Rao: What is that ceiling?

Sri P. V. G. Raju: The following will be the standard rates of tuition.

Class XII for 10 instalments, Rs. 80 . Rs. 8/p. m.
Class XI . Rs. 70 .. Rs. 7/p. m.
Class X .. Rs. 65 .. Rs. 6.50 N. P. p. m.
Class IX .. Rs. 60 . Rs. 6/- p. m.
Classes VI to VIII Rs. 27.50.. Rs. 2.75 N.P. p. m.
Classes IV and V Rs. 12.50. Rs. 1.25 N.P.p.m.
Classes I to III Rs. 6.25.. Rs. 0.62 N.P. ,

These are the rates that have been fixed.

Sri A. Venkateswara Rao: When did you take this decision?

Mr. Speaker: You (looking at the Minister) have no objection to place it on the Table of the House.

Sri P.V. G. Raju: It is a regulation which has been in operation for some time. I have seen the file a few weeks back when I also said that we should put a maximum and minimum. There is no G. O. to that effect. Private schools have been informed that this should be the maximum rates permissible. Whenever permission for the opening of a new school is given, this figure is informed by the D. P. I's office, and they normally conform to it. If there are any schools which are charging higher rates in any privately run school, kindly bring it to my notice and the D. P. I. will look into that.

Sri A. Venkateswara Rao: Unless there is legislation, how can the private schools follow these instructions?
Sri P. V. G. Raju: There is no legislation as such. But there are so many other ways of controlling these schools by the Director of Public Instruction. Grants are there. By Article 290 of the Hyderabad Code and by Rule 83 of the Andhra Educational Rules, we have prescribed the fees and they are being conformed to.

Sri V. Ramachandra Rao: Are the facilities granted to the goldsmiths after the promulgation of the gold control order withdrawn?

Sri P. V. G. Raju: I want notice. I do not carry that information with me.

Sri P. V. G. Raju: Some grants are given. I want notice about that question. We are not precluding them from collecting these things and also claim grants.

Sri P. V. G. Raju:—These Educational Rules (Andhra) must have been published many years back and also the Hyderabad Educational Code must naturally have been published.

Sri P.V.G Raju:—If you give me notice, I will furnish you the date on which they were published in the gazetee. Naturally all regulations of Government are published in the Gazetee.
Sr: P. V. G. Raju:—I will place the thing on the Table of the House. I may also inform the House that there are more privately run schools in Hyderabad, in Telangana area, than in the Andhra Area. That is the position as it is today.

Sri P. Anthoni Reddi:—Are Government aware that in Andhra area a number of schools were permitted by the Madras Government to levy not only standard rate but much higher fees than that?

Sri P. V. G. Raju:—I take the information from the hon. Member.

Sri P. V. G. Raju:—I have no information. There are some schools into which more students try to get admitted. Possibly it is between the parents and the management of the school. I do not know. Normally speaking, such practices are not encouraged.

**NON-PAYMENT OF PENSION-CUM-GRATUITY TO THE TEACHERS.**

282—

* 1326 (3587 - K) Q.— Sri D. Seetharamaiah Madanapalle):—Will the hon. Minister for Education be pleased to state:

(a) whether it is a fact that the payment of Pension-cum-Gratuity has not been made to the teachers (under local bodies and Aided Elementary and Secondary Schools who retired on or after 1st April 1961 though a year and a half have elapsed since the issue of G. O. Ms. No. 3372 Education, dated 31st October 1961; and.

(b) if so, the reasons thereof?

Sri P. V. G. Raju:—

(a) Yes, Sir.
(b) (i) Non-receipt of application in the prescribed form in time from the managements.
(ii) Incorrect date furnished in the forms which required revision and other administrative reasons

I may also inform the House that we have instructed the office of the Director of Public Instruction and of the District Educational Officers to expedite the forms as early as possible. If the matter is not written in the prescribed form, sometimes local fund audit raises objections. We have suggested that hardships are there. Early action should be taken and forms should be distributed as far as possible to all the schools. Action has already been taken.

Sr: D. Seetaramuiah: Is the hon. Minister aware of the fact that instructions and rules regarding the G. O. mentioned in this question have not been sent by the Director of Public Instruction to the District Educational Officers so far? As an example, I may state that the D. E. O. Chittoor has written in reply to a retired teacher's letter that because of the non-receipt of these rules and regulations his papers are still being kept in the D. E. O.'s office.

Sri P.V.G. Raju: I personally take interest. I assured the Council members it will that be gone into fully. The G. O. was passed on 31st October 1961 and we have instructed all D. E. Os. to take action. I do not know why the D. E. O. Chittoor has informed the hon. Member that no action has been taken. I must look into this particular matter, about the chittoor D. E. O.'s office. But I assure this House that action is being taken and will be taken.
Sri P. Subbiah: Are the prescribed forms sent to the retired teachers, Sir, to comply with their demand? The prescribed forms are not sent to the teachers. Therefore they are not able to apply. Are the forms supplied to the teachers to comply with their demand?

Sri P. V. G. Raju: Yes, Sir. There is a prescribed form which the school must fill up saying that this man worked for so many years. That is the usual procedure and that form is got verified and then only the gratuity can be granted. In the absence of a correct form, I think the authorities will not sanction. Although I personally would cut short the red-tape and help these poor teachers, I am helpless, Sir, in the situation because the procedure the Accountant General in office and various other procedures have to be followed and we can do nothing except to try and ask the D. E Os. The hon. members also can raise the matter. I will immediately see that such forms are despatched to the districts concerned.

Sri D. Seetharamiah:—Yes, Sir, quite a number of teachers have already got it. The total number and all that I do not carry information with me now, Sir. I will get the information.

Sri P. V. G. Raju:—Yes, Sir, immediately.

The following measures were taken to check and prevent the diseases.

**Cholera:** The standard measures such as isolation and treatment of the cases, mass anti-cholera inoculation in the infected and threatened areas, disinfection of the infected material, Chlorination of drinking water sources, advising the local bodies to improve the local sanitary conditions, particularly in respect of rubbish and night soil, antifly measures, supervision over food handling establishments etc... In addition propaganda and publicity was done by personal approach by various categories of the Public Health staff, taking the co-operation of officials and non-officials, distribution of pamphlets and also conducting film shows in some of the localities. All the infected areas were visited by the Local Health Staff including the staff of Primary Health Centres and the preventive measures are supervised and organised by the respective District Health Officers. The Regional Assistant Director of Public Health of the respective areas and also the Assistant Directors of Public Health, from Headquarters as well as the Director of Public Health, visited the important affected areas to check the adequacy of the preventive measures adopted and to advise the staff in the field. The respective districts were also notified under the Provison of the Public Health Act or, the Infectious Diseases Act in the respective regions of Andhra and Telangana, conferring special powers on the Local District Municipal Health Officers dealing with the Epidemic. The supply of vaccine is co-ordinated through the Institute of Preventive Medicine and revised instructions issued keeping adequate stocks at the District and to make
the local distribution within the district in an efficient manner.

In the infected localities during the year 1963 over 4.6 lakhs of Anti Cholera inoculations have been carried out in the infected and threatened localities besides the 80 Lakhs of Anti Cholera inoculations which were carried out during the year 1962.

Depending upon the local epidemic situation the reserve staff as well as the staff and vehicles of the special schemes were diverted to augment the resources to deal with the epidemic effectively.

*Smallpox:* The infected localities and the threatened localities are visited by the Public Health Staff who carried out mass vaccination programme to control the further spread of the disease. It is usually on account of the late reporting of the cases in spite of the efforts carried out by the Public Health Staff, spectacular results are not observed as in the case of Cholera. In view of the smallpox being a National problem, Andhra Pradesh also has participated in the National Smallpox Eradication Programme and at present 10 Units are functioning in 10 districts viz., East Godavari, Krishna, Guntur, Nellore, Nalgonda, Hyderabad, Ananthapur, Kurnool, Chittoor and Warangal. In these districts mass vaccination programme is being organised in a planned manner and so far 60 lakhs of Vaccinations have been carried out in the localities visited by the special staff in the scheme. Besides this programme, in the infected localities the staff have done 60,907 primary Vaccination and 5,34,099 Revaccinations (5.95 Lakhs total vaccinations). For controlling of this disease the standard measures and super vision etc., as mentioned for the control of cholera above, are adopted.

Oral Answers to Questions

Executive Officer  

CO-OPERATIVE SUGAR FACTORY  

AT NANDYAL

401—  

* 1074 (4747) Q — * Sri E. Ayyapu Reddy:—Will hon. the Chief Minister be pleased to state:

(a) whether there are any proposals to establish a Sugar Factory at Nandyal or at any place in the K. C. Canal Ayacut region in public or Co-operative Sector;and

(b) if not, whether, the Government have any other scheme to strengthen the farm economy of that region by developing any other cash crop-cultivation in rotation to paddy?

*Sri N. Sanjeeva Reddy:—

(a) The proposal for starting a Co-operative Sugar Factory at Nandyal is in initial stages and it is under examination by the Registrar of Co-operative Societies.

(b) Does not arise.

Sri E. Ayyapu Reddy:—Sir, the National Council of Applied Economic Research has stated that the Rayalaseema Districts are less industrialised and that they ranked lowest in every category of industries. Also they stated that unless the farm economy is bettered by industrial use of agricultural produce, it will not be possible to eradicate poverty. In view of both these statements, will the Government take immediate steps to establish key industries in Rayalaseema districts.

Sri N. Sanjeeva Reddy:—The question is about co-operative sugar factories. We tried one at Hindupur
and it was registered. But the share capital could not be acquired; the collected only about two lakhs and odd. Therefore, it failed. About the other industries, we have some spinning mills coming up there. I think each district has got a licence for a spinning mill. As and when private industries come naturally we are giving encouragement. But in the State sector whether it is possible at this juncture when we are really in difficulties is the question.

Sri M. Subba Reddy: — (Nandyal) Is it a fact that 14,000 acres are set apart?

Sri N. Sanjeeva Reddy: I do not have the acreage.
PROCEEDINGS OF SOUTHERN
ZONAL COUNCIL

402—

* 831 (5115) Q.—Sarvabdir Gopalakrishnayya and G. C. Kondaiah:— Will hon. the Chief Minister be pleased to:

Place on the Table of the House the proceedings of the Southern Zonal Council held at Hyderabad in May, 1963?

Sri N. Sanjeeva Reddy:— A copy of the proceedings of the eighth meeting of the Southern Zonal Council held at Hyderabad on 28—5—1963, as placed in the Library of Parliament, is available in the Library of the Andhra Pradesh Legislature Secretariat for exclusive use of the Members of Legislature.

Sri N. Sanjeeva Reddy:— It is in the Library; everybody can read it.

Sri Vavilala Gopalakrishnayya:— What are the major decisions?

Mr. Speaker:— The Chief Minister can give an idea of the decisions.

Sri N. Sanjeeva Reddy:— It is very difficult, Sir.

There are a number of decisions. Not one or two and...

Sri N. Sanjeeva Reddy:— Every decision of the Southern Zonal Council is a major decision. After all there is ample time and he can put questions after reading it.
Mr. Speaker:—This question was put about a year back. Now the answer is coming up after one year. In the meanwhile much water has flown.

Shri N. Sanjeeva Reddy:—I think I have answered about it a number of times. We have discussed it a number of times. I have given information—given detailed information also; and on the day the meeting was held, Mr. Gopalakrishnayya also was there and he was very satisfied. He expressed surprise that it is going to begin production so quickly.

Mr. Sanjeevareddy:—The point is this: It is good that the Heavy Electricals Factory is proceeding all right, at least I take it from the Chief Minister. He has told us so many times. But how is it that this question could not be answered by the Government for one year. Does it show the lethargy of the Government in its functions.

Sri N. Sanjeevareddy:—It is a well-known fact that we will have to collect the information not by ourselves. The State Government has not got the information. We will have to write to Delhi and Delhi will have to write
to Heavy Electricals, Hyderabad and then the information comes to us from Delhi. These things are there. The procedure is that we cannot deal with toe Heavy Electricals directly even though they are so near. I cannot ask them to give information. They are not subordinate to us. Officially I have to get the information from Delhi and they can correspond with me only through Delhi.

Sri N. Sanjeeva Reddy :—More particularly when they got information from me so many times. I do not know Sir, what they want .... They want the number of days ... dates....It is not necessary, Sir. It is not proper.

HEAVY ELECTRICAL FACTORY NEAR HYDERABAD.

403—

*961 (3310) Q.—Sarvasri A. Venkateswararao, A. Sarveswara Rao, B. Dharambhiksham, P. O. Satyanarayana Raju, V. Visweswara Rao, P. Ramachandra Redddy, A. Ramachandra Reddy, Vavilala Gopalakrishanaia, and N. Venkataswamy :—Will hon. the Chief Minister be pleased to state :

(a) Whether this Government has any Knowledge that construction of Heavy Electrical Factory near Hyderabad is given up by the Government of India
(b) if so, the reasons therefor; and
(c) the amount so far spent by the State and the Central Governments thereon respectively?

Sri N. Sanjiva Reddy:—(a) No, Sir, it is not being given up. During his recent visit to Hyderabad Sri C. Subramaniam, the Union Minister for steel and heavy Industries assured the Chief Minister and the people of Andhra Pradesh that there was no question of giving up the Heavy Electricals project at Ramachandrapuram.

(b) Does not arise.

(c) No big amount has been spent by the state Government so far except on preliminary investigations to find out the suitability of the site for location of the project at Ramachandrapuram. However, out of an expenditure of over 40 lakhs, estimated on the acquisition of 6,550 acres of land by the State Govt. for the project, a sum of about Rs. 8.30 lakhs has been incurred upto 31-3-1963. Considerable expenditure has also been incurred on redesigning the Manjira Water supply scheme to supply water required for the project.

It is understood that the actual expenditure incurred on construction of buildings, stores, and equipment by the Central Government would be about Rs. 130 lakhs by the end of March, 1963.
10th December, 1963] Oral Answers to Questions 53

(a) whether it is a fact that the Central Government directed the State Government to constitute non-official committees on taluk, district and state levels to enquire into complaints of corruption against officials; and

(b) if so, whether the Government constituted such committees in the State?

Sri N. Sanjiva Reddy:— No, Sir. The Government of India have only forwarded to us the recommendations of a sub-Committee appointed by the Conference of Inspectors-General of Police for strengthening and improving Anti-corruption Agencies in the States. They are under consideration.
Will hon. the Chief Minister be pleased to state:

(a) whether Government have received any representations from Anjuman Tarakki Urdu, Anjuman Tahaffuz Urdu and other Urdu organisations in regard to preservation of Urdu language's interest and effective implementation of Government's Urdu policy; and

(b) if so, the action taken by the Government thereon?

Sri N. Sanjiva Reddy:— (a) Representations were received from the Anjuman Tarakki Urdu and Anjuman Tahafuz Urdu.

(b) As regards the implementation of Government's Urdu policy, orders have been issued in G. O. Ms. No. 1077, General Administration (Services-4), dated 25-7-62, copies placed on the Table of the House. In regard to other requests in the petitions, the concerned Departments have been asked to consider and take suitable action on them.

GOVERNMENT OF ANDHRA PRADESH

ABSTRACT.

PUBLIC SERVICES - Place of Urdu language in public services and administration - Facilities for Urdu speaking people - Orders - Issued.

General Administration (Services-A) Department

G. O. Ms. No. 1077  Dated the 25th July, 1962
Read the following:—

From the Anjuman Taraqqi Urdu, Memorandum dated 17-5-1961.
ORDER:

The Anjuman Taraqqi Urdu, Andhra Pradesh Hyderabad has submitted a Memorandum urging that the Government may issue orders recognising Urdu for the various purposes specified below:

(1) Urdu be officially declared as the second regional language of the State.

(2) Important laws, rules and regulations and notification should be issued in Urdu language in areas where at least 10% of the population speak it as their mother tongue.

(3) The Zilla Parishads, Panchayat Samithis and other Local Bodies of districts and localities where at least 10% of the population speak Urdu as their mother-tongue should be instructed to have their proceedings recorded in Urdu as well as in Telugu.

(4) Offices of the Taluks and Districts where not less that 10% of the population speak Urdu as their mother-tongue should continue to have full facilities for the Urdu knowing public.

(5) Urdu should continue to be recognised as a regional language for the purpose of direct recruitment to Andhra Secretariat Service, Andhra Ministerial Service and Andhra Judicial Ministerial Service.

(6) Urdu should be continued to be recognised as one of the second languages in the gazetted and nongazetted services in which second language tests are prescribed.
(7) In areas and localities where at least 10% of the population speak Urdu as their mother-tongue arrangement should be made to open Urdu medium classes in Primary and Secondary Schools, irrespective of the simultaneous demand by 10 pupils, which is sometimes impractical.

2. The Government have very carefully considered the above points and have decided as follows.—

(1) Urdu has already been declared as a regional language for the purpose of direct recruitment to Secretariat, Ministerial and Judicial Ministerial Services. No further action is considered necessary.

(2) This is already in force in the districts or smaller areas where Urdu speaking people constitute 15% to 20% of the population of that area. No further action is considered necessary.

(3) It is considered that the recording of such proceedings in Urdu, besides English or Telugu is not feasible or practicable. So the proposal is not accepted.

(4) There are facilities at present for receiving petitions in Urdu. They are treated in the same manner as petitions in Telugu. It is considered that petitions received in Urdu need not be replied to in Urdu.

(5) & (6) These proposals are accepted.

(7) The existing facilities for giving instruction to the pupils in Urdu in Elementary and Primary Schools where there is a minimum strength of 10 pupils per class or 30 per school and in Secon-
dary Schools where there is a minimum strength of 45 pupils for classes VI to VIII or VII to IX are considered sufficient.

3. While considering the above points, the Government have also decided as follows:

(1) There should be no bar, as at present to the recruitment of persons whose second language is Urdu to Government services, provided that the minimum qualifications are otherwise satisfied.

(2) Urdu should be deemed to be a regional language where a regional language is prescribed as a qualification for recruitment in all the districts of Telangana and Guntur, Kurnool and Cuddapah districts for recruitment to Ministerial and Judicial Ministerial Services.

(3) Where a test in Telugu is an additional qualification for promotion to any post, a Urdu knowing employee who has not passed the Telugu test may be considered for promotion, if otherwise eligible, subject to the test being passed within a specified period.

The Departments of the Secretariat are requested to take action in respect of the above decisions as indicated below:

Item (2) above:— The Home Department are requested to issue in consultation with the Andhra Pradesh Public Service Commission, the necessary amendment to the Judicial Ministerial Service Rules, prescribing Urdu as a regional language for recruitment in the Districts of Guntur, Kurnool and Cuddapah.
As regards the remaining parts of this decision, the existing special rules for the Ministerial Service and Judicial Ministerial Service already contain the necessary provision in this regard.

*Item (3) above*: The Department of the Secretariat are requested to issue the necessary amendments to the concerned Rules to give effect to this decision.

4. It is reiterated that the following further facilities already exist for the Urdu knowing persons:

1. Every person who does not know Hindi or Urdu could enter Government Service and then pass a test in Hindi or Urdu of the prescribed standard within the specified period.

2. Urdu continues to be one of the languages of the Courts in the Telangana area.

3. Urdu language is spoken in the Legislature by the Members of the Legislature with the permission of the Speaker of the Assembly or the Chairman of the Council, as the case may be.

4. In places where Urdu is read and spoken by a large number of people, sign boards are exhibited in Urdu also.

5. There are a large number of schools with Urdu medium of instruction for the benefit of the pupils whose mother-tongue is Urdu.

*(BY ORDER AND IN THE NAME OF THE GOVERNOR OF ANDHRA PRADESH)*

*M. PURUSHOTHAM PAI*

*Chief Secretary To Government,*
It is very difficult for me to say anything about the Zilla Parishad. The Government has followed a policy that the Urdu Language will not suffer any discrimination about employment or other thing. But with regard to Zilla Parishads, there is a small percentage of Urdu reading population and therefore, they will have to take a different decision taking into consideration different circumstances. I cannot answer here for all the Zilla Parishads.
Shri N. Sanjiva Reddy: I think the question was about Urdu language to the extent I could follow. He has brought in some Police Inspectors. I do not think anybody has been removed from service because he happens to be Urdu-knowing personnel. There must have been a different reason, entirely a different reason, not on the question of language. If he gives me information, I shall certainly look into it.

**NUMBER OF MURDERS**

*911 Q.*— Sri Y. C. Veerabhadra Gowd (Yemmiganur).— Will hon. the Chief Minister be pleased to state:

(a) the number of murders reported in 1961, 1962 and 1963 in Kurnool district;

(b) the number of these cases that were proved in the Court; and

(c) if the number of acquittals for want of proper proof are more what steps have the Government taken for conducting efficient investigation in future?

Sri N. Sanjiva Reddy:— (a) and (b):

(c) The causes for large-scale failures of cases in Courts are not always due to unsatisfactory investigations
There are also some other causes for such failures — e.g., witnesses not speaking the truth on account of factions or other reasons, their turning hostile in Courts after having been tampered with by the accused, demands by Courts of very high standards of evidence and the like. In order to improve the standard of investigation of murder cases, the judgment in each case of acquittal or discharge is carefully scrutinised in the Inspector General of Police's Office and investigating officers are instructed suitably.
On behalf of the Hon'ble Minister for Labour, the Hon. Secretary, Labour Department, Government of Andhra Pradesh, visited Belagavi. The Secretary informed that due to the issue of police alter, the plan for the visit was canceled. The Hon'ble Minister requested to modify the plan as per the convenience of the Police Department. The Police Commissioner agreed to do so.

The Hon'ble Minister for Labour informed that the visit was to be held on 1st December. The Secretary informed that the visit was to be held on 10th December. The Hon'ble Minister requested to change the date to 1st December. The Secretary agreed to do so.

The Hon'ble Minister requested to modify the plan as per the convenience of the Police Department. The Police Commissioner agreed to do so.
Ord. 14 of 1963. Officials of political colour were treated with favour. Officers of wrong colour were treated with firm and deal with contempt. This has led to dissatisfaction.

**BENCH OF THE A. P HIGH COURTS AT GUNTUR**

459—

* 896 Q.—Sri Vavilal Gopalakrishnaiah: Will hon. the Chief Minister be pleased to state:

(a) whether there is any proposal to set up a bench of the Andhra Pradesh High Court at Guntur; and

(b) if so, when?

Sri N. Sanj-eva Reddy: (a) The answer is in the negative.

(b) Does not arise.

1516 Q.—Sri N. Venkata Swamy: Will hon. the Chief Minister be pleased to state:

(a) whether any question papers of Group II A (B. A. Standard) Examination conducted by the Public Service Commission recently have been leaked out;
(b) whether any examination has been postponed consequently; and

(c) the reasons for the leakage and the action taken thereon?

Sri N. Sanjiva Reddy: (a) The question paper of Group II-A Service Examination (B. A. Standard-1963) in “Political Science” had leaked out.

(b) The examination in “Political Science” was therefore postponed from 2nd July to 6th July, 1963.

(c) The matter is being investigated.

PEANUT BUTTER

* 1067 (4736) Q—Sri E. Ayyapu Reddy: Will hon. the Chief Minister be pleased to state:

whether there is any proposal to start peanut butter i.e. butter from Ground Nut) with a daily capacity of 1,000 lbs. at Secunderabad?

Sri N. Sanjiva Reddy: No, Sir.

Sri E. Ayyapu Reddy: The National Council of Economic Research in its survey of Andhra Pradesh has recommended the starting of a peanut factory at Secunderabad and also the starting of a Fibre Plant out of groundnut to make use of the vast resources of the groundnut production of the State. Has any person at the Government level considered the feasibility of the recommendation made by the Council.

Sri N. Sanjiva Reddy: It is feasible to establish a factory and I am told Peanut butter is very popular in U. S. A. If any private industrialist comes forward we will certainly be able to help him with license and other things.

INAM VILLAGES

131—

2293 Q.—*Sri Visveswarar Rao:*—Will the hon. Minister for Revenue be pleased to state:

the number of Inam villages declared under the Inam Abolition Act in 1963?

A:—

The Andhra Pradech (Andhra Area) Inam (Abolition and Conversion into Ryotwari) Act, 1956 does not provide for declaration of any village as an Inam village, as it deals only with minor inams. As such, the question of declaration of any village as inams village under the Act does not arise. So far 10,37,532 minor inams have been abolished and converted into ryotwari under the provisions of the Act.

SERVICE CO-OPERATIVE SOCIETIES

CONSTRUCTION OF A TANK  
IN CAMPBELLPETA

134—

1460 Q. — Sri Vavilala Gopaiakrishnaya :— Will the hon. Minister for Planning and Panchayati Raj be pleased to state :

(a) whether a tank at a cost of Rs. 10,000 was constructed in Campbellpeta, hamlet of Kare-Agraharam in Gudur Samithi in Krishna District ;

(b) if so, whether the work was completed ; and

(c) whether it is under use ?

A:—(a), (b) and (c):

In Campbellpeta, hamlet of Kare-Agraharam Panchayat sanction was accorded to provide safe drinking water at an estimated cost of Rs. 10,000. By September, 61 work to the value of Rs. 5,890 was completed and further work was abandoned as fresh water could not be provided as the feeding channel from the river happened to be in a lower level than the village. Further the land was found to be saline in nature, resulting in springing out of salt water even if the tank is excavated to any further depth. Campbellpet is situated very close to the seashore. (At present the villagers are using the water in the tank for house-hold purposes other than drinking). The Public Works Department advised the Panchayat Samithi for the construction of a drop over the Public Works Department Mahanti Channel for supplying water through the Bodhi already provided and also the construction of a over-head tank for supply of water through pipes with the help of electricity. The Panchayat Samithi is taking action to finalise this proposal and draw up a revised estimate for the purpose.

335-A (4203) Q—Sri P. Gunnayya:— Will the hon. Minister for Excise and Prohibition be pleased to state:

(a) the nature of facilities being rendered by the Government to the Girijans through the Scheduled Tribes Financial Development Corporation in the State of Andhra Pradesh; and

(b) the District-wise amount of profits gained by the Corporation during the year 1962-63?

A:—

(a) (1) The Corporation has been buying the minor forest produce collected by the tribals and brought to shandies for sale, paying them the reasonable price with reference to the market rate.

(2) The Corporation has also been purchasing from the tribals their horticultural and agricultural produce at reasonable rate.

(3) The Corporation is helping the tribals to market their produce at the rates favourable to the Tribals.

(4) The Corporation has been supplying to the tribals, their domestic requirement like salt, kerosene, edible oils, foodgrains including millets and rice, aluminium ware, ready made clothes at very fair rates and preventing their exploitation by petty sawcaries who demand very high prices.

(5) The Corporation has been advancing long term loans and also emergent loans and trade advances to the tribals to free them from the clutches of the sawcaries who charge exorbitant interest besides keeping the tribals under several other obligations and try to keep them perpetually indebted.
(6) The Corporation has also been doing social work by providing medicine chests for the use of the tribal in interior villages where there are sales depots. Arrangements for the supply of drinking water in the shandy places are also made by the Corporation.

(b) The profits of the Corporation are not declared district-wise, but for the entire Corporation as one unit. Audit of accounts of the Corporation for 1962–63 has not yet been finalised. Roughly speaking the Corporation has earned a net profit of Rs. 62,346 during the year 1962–63, without taking into account Government subsidy, but this figure is purely tentative and subject to modification after the finalisation of the audit of accounts.

(b) In the first instance non-residential scholarships were sanctioned to only 5 students who were eligible for residential scholarship but for want of necessary particulars they could not be sanctioned Residential Scholarship. Subsequently after the receipt of the particulars, they were sanctioned Residential Scholarships.

(c) The delay was unavoidable as necessary information had to be collected. However, instructions have been issued to dispose of such cases in future as early as possible.

MESSAGE FROM THE COUNCIL
re: The Andhra Pradesh Gram Panchayats Bill, 1963

Mr. Speaker:— I am to announce to the House that I have received the following message from the hon. Chairman, Legislative Council:

"In accordance with Rule 174 of the Andhra Pradesh Legislative Council rules, I transmit a copy of the Andhra Pradesh Gram Panchayats Bill 1963 (L A Bill No 16 of 1963) as passed and agreed to by the Legislative Council on 7th December, 1963 without any amendment and signed by me."

BUSINESS OF THE HOUSE

Mr. Speaker:— I am to announce to the House that the following Bill will come up for discussion on 12th December 1963;
1. The Andhra Pradesh Payment of Salaries and Removal of Disqualifications (Amendment) Bill 1963,

2. The Andhra Pradesh (Telangana area) Land Revenue (Amendment Bill, 1963 (as reported by the Regional committee)

3. The Andhra Pradesh (Telangana area) Tenancy and Agricultural Lands (Amendment) Bill 1963 (as reported by the Regional committee)

4. The Andhra Pradesh Inams (assessment) and Inams (Abolition to and conversion into Ryotwari) Amendment Bill, 1963

5. The Andhra Pradesh (Telangana Area) Jagirdars Debt Settlement (Amendment) Bill, 1963

I am also to announce that the latest hour for the receipt of amendments to the above bills is 3 PM, on 11th December, 1963. There are three matters under Rule 74. The first one is by Sri Subba Rao and Sri K. Satyanarayana.

CALLING ATTENTION TO MATTERS OF URGENT PUBLIC IMPORTANCE

re: Permission to the Girl Students to set privately for S. S. L. C. Public Examination
Calling Attention to Matters of Urgent Public Importance

10th December, 1963

Mr. Deputy Speaker in the Chair:—In pursuance of my assurance in the House the other day in answering a short notice question and as per the directions of hon. the Speaker, I have pleasure in announcing that Government have now directed the Commissioner for Government Examinations to implement the orders permitting women candidates to appear for the S. S. L. C. Public Examination and to issue a notification calling for applications. The Commissioner for Government Examinations has accordingly sent a detailed notification inviting applications before 15-1-1964 for admission to the S. S. L. C. Public Examination, March 1964, from private women candidates to the Government Press for publication in the next issue of the Andhra Pradesh Government Gazette. A Press release has also been sent to the Director, Information and Public Relations on the subject for publication.

The entire issue will be placed before the meeting of the Vice Chancellors on 26-12-1963 and every effort
will be made to persuade the Universities to give concurrence with a view to avoid any hardship to women candidates appearing privately for March 1964 examination.

re: Non-availability of Peritrates, a drug prescribed for Heart patients, the Medical Shops of the twin cities

Sri T. Viswanadham: Before moving my subject, I express my satisfaction on what the Minister for Education has announced. So far as my motion is concerned, this is with regard to the non-availability of a very important drug. I am told that in none of the hospitals it is available and in my opinion it is also not available in the medical shops. Recently when it was prescribed by a doctor, it had to be bought for Rs. 60 whereas its controlled price in Rs. 6. I therefore suggest that the Government do take steps to get at least some quantity and place it in the hospitals here for urgent use.

Minister for Health & Medical (Sri Y. Sivaram Prasad): The drug (Peritrate) is manufactured by Messrs. Warner Lambert New Jersey, U.S.A., and it is imported as such by their distributors in India, Messrs. Martin Harris (Pr) Ltd. Stocks of 'Peritrate' are not available with Messrs Martin Harris (Pr) Ltd, since June 1963 and the Chemists and Druggists since about July 1963.

Reasons for the Non-Availability of 'Peritrate'

The import license issued to Messrs Martin Harris (Pt) Ltd, in respect of Peritrate was exhausted and no fresh permit has been issued by the Government of India during the current year. The stocks of 'Peritrate' disr...
buted till June 1963 were from the import permit issued last year.

Availability of 'Peritrate' in Future.

A successful process for the manufacture of the raw material 'Penta Erythritol Tetra Nitrate' in India itself has been evolved by Messrs. Warner Lambert Department, Bombay and a sample of the same has been sent to their principals in New Jersey, U S. A., for their approval and the report is awaited. According to the information available, Messrs. Warner Lambert will be able to meet the demands of the public to a limited quantity by January 1964 and probably to the complete needs of the country by about April 1964.

Messrs. Warner Lambert in collaboration with Indian partners under the name and style of Messrs. Warner Hindustan Ltd. intend to start the manufacture of their pharmaceutical requirements including Peritrate and some other basic chemical in Hyderabad itself and a plot of about 40 acres has already been purchased by Messrs. Warner Lambert at Uppal. This concern is expected to go into production by the middle of 1965. At present they are manufacturing in Bombay under a loan license with another manufacturing concern.

Substitutes: — The exactly parallel product to 'Peritrate' is 'Pantanitrine' manufactured by M/s. Grimaluits Laboratories (P) Ltd., Calcutta and it is locally available in the Chemists and Druggists shops. Several other substitutes (drugs in combination with Pentaerythritol Tetra Nitrate) like Neusedil, Penite, Neo-cor and Equanitrante are available locally and the details of the same are furnished herewith.

Clauses 24 to 26.

Mr. Deputy Speaker: Clauses 24 to 26 to be put to vote.
Sri T. Nagireddy: No, sir. Last time when we were adjournning, I had raised a question as to what exactly this clause means. "Every Authority shall have power to appoint committees......"

Clarification. Every Authority consists of authorities themselves. Dears of authorities. Authorities of the University consist of Board of Management, Academic Council, Boards of Faculties — each Board is an authority by itself — any authority as may be prescribed as series of lists of authorities. If Power is given to appoint this or that, Faculty 50. 60 members or 5-6 members two or three. What may be prescribed? There may be two or more faculties. They won't be consisting of 20 or 30 persons and so on as it is the case.
with either the Board of Management or the Academic Council. Why should a necessity arise for these faculties to appoint a committee over and above this? They can themselves meet if they are 5, 6 or 7. Why give them this authority in the Act?

Mr. Deputy Speaker: Clauses 24 to 26, I have finished.

Sri T. Nagi Reddy: You cannot take them continuously. Each Clause has to be taken separately.

Mr. Deputy Speaker: There are no amendments.

Sri T. Nagi Reddy: Even though there may not be any amendments. There might be over all and total opposition for any clause even without amendments. So, each clause must separately be put to vote.

Mr. Deputy Speaker: If you want I shall take it up, otherwise.

Mr. Deputy Speaker - Do you want clauses 29 and 30 to be taken up separately.

I would be against this clause even though I would like mainly to give a warning to the Government for what it is proposing to do.
Mr. Deputy Speaker: Which clause?

I personally am not to make this University into an administrative centre. It should be either a University or an administrative center. This kind of dual responsibility in the University will certainly not be good either in the interests of the students or in the interests of administration of experimental farms or experimental station themselves.

As a first contention, Agricultural extension stations are to be created in the University. Why should there be a separate agriculture department in the hands of the Government except for selling seeds.

Who are coordinating centers and extension offices except probably to file some papers and to sell a few seeds or to sell a few fertilizers.
There will be two Directors of Agriculture: one outside the University and one inside the University, so far as the Director of Agriculture is concerned. And we are putting this Director of agricultural extension station into University. My fear and I should warn the Government as to what they are going to do, is against the interests of experiments themselves outside the University and it is going to be against the interests of the students themselves. Simply because for various reasons such a thing had happened in one of the countries in this world under various circumstances which are not common to our experience here, simply because we are trying to adopt a particular university and its structure since it had been successful in one of the countries and we are trying to adopt the very same structure into our country with a different atmosphere and with a different set of agricultural experience and with a small scale agriculture existing in our country. I am afraid the Government is taking things too far and I would like to warn the Government that this is going to duplicate its authorities and (2) I would like to inform Government that

Let the hon. Minister remember what I am going to tell him now that this recurring expenditure is going to increase year by year and he will not be able to stop it. Let me warn him. That is my duty to warn him because they are going to create an administrative set up. When once you have created an administrative set up you know the way in which the administration grows and the growth of administration no body has controlled so far in this country or any where in this world.

It is one of the biggest administrative set ups that has now come into existence in Delhi. In the same way
we go. Here also you have begun within the University to create what is known as director of experimental stations all over Andhra Pradesh and it is going to be a kind of head-weight for you in future. It is my duty to warn him. He may not accept it today but experience will teach him that what I have told him is going to be the true state of affairs within a matter of five years.

Directory agricultural experiment stations are in all agricultural research stations maintain efficiency. The serious research in pest flood crop situation helpless position. Director of Agriculture helpless position. Director of research. Director of experiment.
research stations or residential. Residential education is for students to gain knowledge of elementary knowledge. International Universities can study Extension area or limit area. Administration Sub-clause (I) experiment stations can be closed permanently or temporarily. Sub-clause (I). Dual control cannot explain. Existing Agriculture Department Production cannot explain seeds supply, fertiliser supply.
This will be implemented only in Hyderabad and if necessary later the Assembly should have its power to extend it to the whole State, without that power being given to the Minister.

Agricultural education, research, supplies and extension in the State. The Assembly should have the power to extend these to the whole State, without giving that power to the Minister.

Research station: A research station should be established in each district. Cooperative extension officers should be appointed in each district. Coordination in research and extension work is essential.

The motion was adopted.
Clause 29 was added to the Bill.

Clause 30
The Dean shall be the Chairman of the Board of the Faculty and be responsible for the faithful observance of the statutes and regulations relating to the Faculty and for the organisation and conduct of the teaching, research and extension work of the departments comprised therein.

Have you been clear about it? What exactly is the business of Director of Agricultural and Home
Science Extension Service? What is his business, I would like to understand and know, before the Bill is passed.

Establishment of youth clubs for developing the interests of young people in agriculture. Look at the fun of it.

If he wants to know where the youth exists, where the intelligent youth exists which is capable of using the research sciences, he must have a staff, he must have an administrative set-up and all that. It is not going to be a small affair. If he says it is going to be so, I am not prepared to accept it. I do not want this clause to be included; establishment of youth clubs is not a small job. Establishment of youth clubs means he will have to go deep and direct into the villages and that part of the job if you are going to give the University is not going to do the job properly, it they are concerning on election.

He shall be responsible for dissemination of such information and planning and execution of a programme of extension. That means, this particular department is responsible for the dissemination of information for planning, as to how this information should be sent for, planning the extension work and executing that extention and so every thing from top to bottom is the business of this Director of
Agricultural and Home Science Extension Service. Added to it, of course, nobody knows what exactly is meant by Science Extension. Let me also give another warning to the Government that this is not going to be implemented except in words and in your Bill. All the same, this is going to increase your recurring expenditure to an extent which this Government under financial crisis today may not be able to incur unless it stops some other fundamentally most important production activities of the State itself.

Dissemination of information for the solution of problems relating to agriculture and domestic fields;

Establishment of youth clubs for developing the interests of young people in agriculture; and

Such other purposes as may be prescribed... It is more than extension— not an extension of agriculture, but an extension of all the fields in surface...

Mr. Deputy Speaker: The question is: “That Clause 30 do stand part of the Bill”

The motion was adopted. Clause 30 was added to the Bill.
Clause 31.

Sri Vavilala Gopalakrishnayya: Sir, I beg to move: “Delete Clause 31.”.

Mr. Deputy Speaker: Amendment moved.
There are certain departments which are responsible for agricultural production. The Co-operative Department, Community Projects Department, the Planning Department, the Agriculture Department, and added to it, of course, the university that is going to come-up. There are the Co-operative Department, the Agriculture Department, Revenue Department, and added to it, of course, the university that is going to come-up. Because he is going to be the Minister of the Agriculture Department and under him a kind of co-ordination will take place. I would like to understand what is your imagination about the future set up of that co-ordinating centre. You must have some kind of idea as to what and how you are going to co-ordi-
nate your Agricultural Department with the University, who will be the persons and what is the type of administrative set-up which is going to coordinate the work between the two. Will you please explain it and tell me that it will not take a single pie more than what you are eating up now.

The Andhra Pradesh Agricultural University Bill, 1963

[10th December, 1963]
you mean and why there should be a kind of co-ordination between the Agriculture Department and the University, since the Agriculture Department has nothing to do with research, since the Agricultural Department has nothing to do with extension work and that job is the job of the University itself, and since Sri Balaramareddy as the Minister has nothing to do with what is going on in the University, simply because the University is an autonomous body. Therefore, how are you going to co-ordinate between the Agriculture Department and the University, unless you are going to have a co-ordinating centre; which is going to co-ordinate between the two. If that co-ordinating centre is going to be established, I would like to have the organizational form which you are going to give to it; if you are not going to have a co-ordination centre then why this clause at all? This is my simple question, and I would like to have a simple answer;

_Sri A. Balaram Reddy:_— Sir, I, as Agriculture Minister, have got every right to take the knowledge that has been evolved in all these experimental stations and spread that information to agriculturists through the Extension Department that is at present working in the blocks. That is the main intention.

_Mr. Deputy Speaker:_— His idea is about the formation of that co-ordination Central Committee.

_Sri A. Balaram Reddy:_— That is why....

_Sri Vavilala Gopalakrishnayya:_— Which is the Agency?

_Sri A. Balaram Reddy:_— The agency is the Director of Experimental Stations.

_Sri Vavilala Gopalakrishnayya:_— No.

_Sri T. Nagi Reddy:_— You have not understood this clause, please. This clause is plain: “Proper co-ordination
between the departments of the Government and the University in the conduct of research and extension work”. I would like to have details of the agency, the organizational form of this co-ordinating centre.

In page 21 when we are talking of courses, there is an item: "relating to courses of study for degrees, diplomas and certificates." That is what we have laid down in clause 22 (2) (d) (iii), whereas when we come to page 27, when we talk of Statutes and Regulations it is said: "the courses of study to be laid down for all degrees and diplomas of the University". I had asked them as to what we exactly mean by 'certificates' to whom do you intend to give these certificates and what kind of educational purpose the certificate serves, and what are the educational qualifications of each person who is going to be given the certificate? It seems to be a very nebulous matter, not settled when we have brought this Bill here. Therefore, I am afraid that it has slipped. I would like to know from the Hon. Minister as to what he exactly meant when that 'certificates' were added in that particular clause No. 22 and why it has been deleted in this clause which we are now discussing.

Sri T. Nagireddy: — I have been too short and therefore he did not understand. The point is this, the University has three powers. Education has three powers. University degrees have three powers. In the same clause that particular institution which you want to create 'certificate' institution is removed.

Sri T. Nagireddy: — I have been too short and therefore he did not understand. The point is this, the University has three powers. Education has three powers. University degrees have three powers. In the same clause that particular institution which you want to create 'certificate' institution is removed.
38 Sir, I raise a point of Order. Because I want this clarification to be made, I am telling the hon. Minister that these certificates are intended to be given to what you call, all those people who are youths, who are going to be trained. The courses of studies to be laid down for degrees and diplomas are very important for all degrees, diplomas and certificates. Are there not regulations for it? Are there not Statutes for it.

Sri T. Nagireddy: Are there not regulations for it?
It is named as Statutes & Regulations and this clause provides for so many things, such as:

"the conditions of registration of graduates and the maintenance of register thereof;

the entrance or admission of students to the University and their enrolment and continuance as such;

the courses of study to be laid down for all degrees and diplomas of the University:

the conditions under which students shall be admitted to the degree, diploma ....

the conditions of residence of the students of the University and the levying of fees....

the fees which may be charged...."

Would regulations, statutes provide for so many things, such as: conditions of registration of graduates and the maintenance of register thereof; the entrance or admission of students to the University and their enrolment and continuance as such; the courses of study to be laid down for all degrees and diplomas of the University; the conditions under which students shall be admitted to the degree, diploma; the conditions of residence of the students of the University and the levying of fees; the fees which may be charged?

Sri T. Nagi Reddy: Can it be done? I don't know, I am a novice in this matter. I would like to understand whether it can be done. Simply because it is

a certificate and without Statutes and Regulations by a simple resolution of the Board of Managements, can we go on giving certificates to anybody and everybody?

_Sri A. Balarami Reddy_: Clause 40 provides actually for this arrangement....

_Mr. Speaker_: His point is, in clause 22 (2), it is stated under Sub-Clause (d) (iii) "relating to courses of study for degrees, diplomas and certificates". The word: 'certificates' is included here. So, in clause 38 also what is the difficulty in adding 'certificates'?

_Sri A Balarami Reddy_: Clause 38 relates to statutes, Sir

_Mr. Speaker_: Courses of study to be laid down for all degrees and diplomas and certificates of the University........

_Sri. B. Ramana:_: Academic Council clause 38 relates to statutes. Board of Government test Board of management...

_Mr. Speaker_: Then where is the necessity to add 'certificates' in clause 22?

_Sri. B. Ramana:_: Powers and functions and duties of the Academic council... Clause 38 relates to statutes. Board of Government test Board of management...
In particular and without prejudice to the generality of the foregoing power, the Academic Council shall be entitled to...

(d) make regulations....

(iii) relating to courses of study for Degrees, Diplomas and Certificates."

All the same we have also brought the very same here to the Statutes by saying that "Subject to the provisions of this Act, the statutes may provide for all or any of the following matters, namely:-

.....

the Courses of study to be laid down for all degrees and diplomas of the University"

1. Academic Council shall be entitled to make regulations under which a student shall be admitted for degrees and
diplomas as certificates. Diplomas are of several kinds. Certificates courses as certificates are not there. In statutes diploma is defined, degrees are defined, certificate is defined. Regulations certificate is defined statutes are laid down. Another contention is statutes are defined. Regulations are defined. Under Regulations statute has been inserted, Statutes, Regulations statute has been inserted, enabling clause has been inserted statute has been inserted?

This is a very omnibus thing which I am not able to digest.

Degrees and diplomas in University short course subject course undergo certificates Academic council statute University Statutes student any provision.

Statutes in University any student any certificate?—without a statute laying down that these are the conditions for his admission into the University for undergoing the course, and for you to give a certificate? He should be admitted to the University first before giving him a certificate. How are you going to give a certificate without teaching him any thing at all? So, you must teach him. If you want to teach him, there must be certain conditions laid down if he has to come to the University or anywhere else.
Sri A. Balarami Reddy: For those people who undergo the courses in the college, they will be given either degrees or diplomas. But there may be training for short duration of 15 days or one month in any research station or anywhere and such people who are trained will be given certificates and that power has been given to the Academic Council.

Sri T. Nagireddy: I am thankful for the clarification. When these certificates are going to be given to thousands of people on the basis of training for ten or fifteen days, it is not a very salutary principle for the University to be a kind of Certificate giving body.

This is only for Courses of Diplomas. There would not be Certificate Courses. Even now there is a provision for giving two months training in agriculture and they are given diplomas.

Without any courses, without any study, without any basis and without any statute! it is not a proper thing for the University to do this.

Sri A. Balarami Reddy. On the other hand, it will help a lot of agriculturists to undergo this short course of training,

Sri T. Nagireddy: Where are they to undergo this training? In Tarimela, in my village?
It may be in Tarimela. There is nothing wrong. We can have these courses in Tarimela.

Short courses attract latest technique. We can have these courses in Tarimela, as latest technique is a matter of course. Three months courses can be guided by statute or regulation. Everything should be guided by statute or regulation.

Mr. Speaker: Now I am putting the amendment to vote.

The question is:

श्री रामचन्द्रराव कल्याणी (Makthal) (मकठल)ः—में लोकल एडिमिनिस्ट्रेशन मंत्रीजी द्वारा प्रस्तावित विचार का समर्थन करते हुए कुछ विषयों पर आपके द्वारा सरकार का ध्यान आकर्षित करना चाहता हूँ।

आम तौर पर सिटी स्मृतिपालिटी की स्थापना इतनी गिरी हुई है कि वे कुछ काम नहीं कर सकते। में खास तौर पर तेलंगाना स्मृतिपालिटी के बारे में कहूँगा। उनकी पहचान से भी किसी प्रकार की सहायता नहीं दी जाती थी। हैदराबाद हुक्कम के समय इसका एक फंड होता था और जिसे में केक्टर हेड होने के नाते वह थीं का प्रेशिडेंट हुआ करता था, और जो शाही फंड बात थी वह उसी जगह इस्तेमाल हुआ करता था। इसके कारण जिसे में जो और स्मृतिपालिटी होते उनके किसी प्रकार की आर्थिक सहायता नहीं मिलती थी। इसमें संबंध नहीं कि हम अपने देश के लिए रजस्तान बना रहे हैं। फस्ट फाइव इयर फ्लाम, सेक्षन्ड फाइव इयर फ्लाम, दूसरे फाइव इयर फ्लाम। इसे में श्री आप देखने तो आपकी मालूम होगा कि सिटी स्मृतिपालिटी के लिये किसी प्रकार की आर्थिक व्यवस्था के संबंध में नहीं सोचा गया। छोटे छोटे ग्रामों में समितियों और जिता परिषदों को हुक्कम हूँ प्रकार की सहायता देते हुए और उन पर लाखो रप्ये यथा करते हुए उन ग्रामों की हालत दुरस्त करने की कोशिश कर रही है। लेकिन सिटी स्मृतिपालिटी को देखा जाय तो उनके लिये तीसरे फ्लाम में भी किसी प्रकार की सहायता की योजना नहीं स्वीकार वाले थे। यही कारण है कि आम तौर पर सिटी स्मृतिपालिटी अपने आप को अधिकार को भी पूरा नहीं कर सकते। ऐसी हालत में वह लोगों के लिये क्या एडिमिनिस्ट्रेशन दे सकती है। इसलिये में हुक्कम से प्रारंभित रहा है कि वह स्मृतिपालिटी के अभिनव तत्त्व को बाकी रखने और उनके कार्य को बढ़ाने के लिये ज्ञापित से ज्यादा सहायता करते हैं अच्छा होगा। उन्हें तो एक दी जाती है और न कोई ग्रांट दी जाती है। जब स्मृतिपालिटी सामान्य अकाश रहकर से प्रारंभित करती है कि हमारी आर्थिक स्थिति बराबर है हमारी सहायता कीजिये तो उनके कहा जाता जता है कि आप लोग के लिये अपने अफवेस्ट कीजिये। जब लोग अफवेस्ट दी जाती है तो संचालित विभाग उसकी जांच करके वह उत्तर देता है कि आपकी आर्थिक स्थिति ठीक नहीं है, आपके सोरसेव आफ इनकम (Sources of income) ठीक नहीं है; इसलिये आपकी लोन नहीं दिया जा सकता। बताया ऐसी हालत में वह कहा जाय, क्या करें। इसलिये में हुक्कम से कहूँगा कि आप उनके लिये कोई न कोई रास्ता

निम्नलिखित और जिस प्रकार आप समितियों और जिला परिषदें को सहयोग देते हैं, इस प्रकार इन्हीं सहयोग का भी कुछ न कुछ प्रबन्ध कीजिए।

इससे पहले हुसूमत अन्याय आरोपित के नाम पर उनसे स्वीकार करार अभियंता हेतु थी। जब उसको स्वीकार करें तो एक एक एक (actual expenditure) सुनिश्चित न होंगे। इससे सिस्टिम मूल्यांकन सिस्टिम की हालत ठीक होती जा रही है। फिर भी यह है कि वह वह शहर होने के बाद भी वहां वार्ता बचने का प्रबन्ध नहीं है। यदि आप जनता को दें तो लोगों को मोटे पाथियों का एक निर्माण भी ठीक तार से नहीं हो सकेंगे। वर्तमान में तीन साल फाइल्ड प्लान में हम उनके लिए कुछ नहीं कर सके। कम से कम चार साल वर्षपरिवर्ष योजना में इस बारे में कोई प्रबंध करना आवश्यक है।

अब मस्तर में में मस्तर ब्लैन के सम्बन्ध में दो चार बातें आपके सामने कहना चाहता हूँ। आज हालत यह है कि अभी हम किसी बहुत भी मस्तर ब्लैन का और ध्यान नहीं देते और जब वह सिस्टिम अपने अपने बच बच के भ्रमण हो जाते हैं। तो हुसूमत मस्तर प्लान के लिए स्वीकार की जा रही है। ऐसी स्थिति में कई सजनों और दुकानों को आवश्यक है। सड़कों की वाइडेनिज में लाखों रुपयों की आवश्यकता होती है। पहले ही से मूल्यांकन सिस्टिम की आवश्यक स्थिति बाहर है। फिर उनको इस स्कीम पर इन्होंने रुपया खर्च करना लिये कहा जाये तो वे इन काम को पुरा नहीं कर सकते। जिसके कारण वह बाहर जिस तरह से वेलुगा होना चाहिए नहीं होता। इस लिए मैं कहता हूँ कि जो लोगों के लिए हमने ही से मस्तर ब्लैन तैयार करने जाये इसके अनुसार शहर के देवलप्मेंट हो सकते हैं। लोगों को भी कोई बाधा नहीं होती। और मूल्यांकन सिस्टिम भी आपका काम आचरण से पूरा करके शहर के देवलप्मेंट कर सकते हैं। वर्तमान होता यह है कि एक जो ब्लैन बनाने में ही मूल्यांकन सिस्टिम को आता दस हजार रुपया खर्च करना पड़ता है। यदि उसके अनुसार काम न हो सके तो यह रखने में व्यय हो जाता है। मैं हुसूमत से प्रारंभा कहता हूँ कि वह खुद अपने लिए ही सिस्टिम मूल्यांकन सिस्टिम के लिए एक मस्तर प्लान बनाकर दें ताकि उसके अनुसार शहर देवलप्मेंट हो।

इसके बाद आक्राम के संबंध में कुछ कहा। आमतौर पर आक्रामक लापू है। इसमें नहीं कि उससे छोटी छोटी

कामों को ठीक ठीक तौर पर नहीं कर सकता। यदि उनसे इस प्रकार ट्रांसफर किये जाए तो वे अपने कामों में ६, ६, ८, ८, महीनों में निपुण नहीं हो सकते। और इसके कारण कई कदिमाइयाँ पैदा होती हैं। इसलिए में सरकार से प्रार्थना कहेगा कि लेखिकी इंस्पेक्टर को मुनिस्पेक्टर एड-मिनिस्ट्र्स अंत: के तहत और हेल्प्य इंस्पेक्टर को हकूमत ही के तहत रखा जाकर दोनों को अलग-अलग ही रखा जाय तो काम ठीक ढंग से चल सकता है।

एचजीत्युट्यु कमेटी के संबंध में विरोधी दल के कुछ सदस्यों ने पांच सदस्यों के रखे जाना पर ठीक की। फिरे विचार में पांच सदस्य काफी हैं। इससे अधिक रखने से क्या लाभ। एक बार में पढ़े तो मलूम होगा कि जो आम समस्याएँ होती हैं उनके बारे में तो चनरल बाबी ही में निर्णय लेती है। वही रेखेल्यूशन पास करती है एचजीत्युट्यु कमेटी का काम तो केवल इस निर्णय को कायमित करना है। इसके लिए इस कमेटी में पांच सदस्य काफी हैं। और इतने मेम्बर बहुत अच्छी तरह से काम कर सकता है। यदि एचजीत्युट्यु कमेटी ठीक तरह से काम नहीं करती तो चनरल बाबी इस पर विचार कर सकती है। इन वातों को ध्यान में रखा जाय तो मुझे विश्वास है कि मुनिस्प्लिटी अंत: अच्छे ढंग से काम कर सकेंगी। इन शब्दों के साथ में अपने विचारों को पूर्ण करता हूँ।

democratic and non-discriminatory in the sense of being based on the principles of equality and justice. Such an approach would ensure that the development and implementation of national integration measures are guided by the principles of fairness and equity, thereby fostering a sense of belonging and unity among all citizens.

In this context, the role of the Finance Minister is crucial. The Finance Minister is responsible for overseeing the implementation of the proposed measures related to national integration. The focus should be on creating a conducive environment that discourages corruption, reduces the burden on the taxpayers, and promotes a sense of feeling that their contributions are being used effectively and efficiently.

Corruption can be detrimental to the implementation of national integration programs. Sales tax check posts, for instance, need to be monitored to ensure that they are being used for the intended purpose. Similarly, sales tax check posts must be maintained to ensure that they are being used for the intended purpose. The collection of sales tax should be monitored to ensure that it is being used for the intended purpose.

The Finance Minister must also ensure that the tax rates are set at levels that are fair and just. Overly high tax rates can lead to resentment among citizens, while too low tax rates can result in insufficient revenue for the government. It is important to strike a balance that reflects the needs of the government while also ensuring that citizens are not overburdened.

In conclusion, the Finance Minister plays a vital role in ensuring that national integration is achieved in a fair and just manner. Through effective oversight of sales tax check posts and other fiscal measures, the Finance Minister can contribute to the creation of a society where all citizens feel valued and included.
Inagurate the Andhra Pradesh Agricultural Marketing Committee Chairman’s conference to deliberate on essential food grains, the check posts and posts of nuisance, tax, and corruption. The government has referred the essential food grains to the select committee to frame rules and regulations. The government has also proposed a shift in the Jaggery and pulses business to the M.L.A. constituency. Executive committee 10 has passed a clause regarding the Jaggery business matters.
