* 423 (4675) Q.—Sri Y. C. Veerabhadra Gowd (Put by Sri P. Rajagopal Naidu):—Will the hon. Minister for Irrigation and Power be pleased to state:

(a) is it a fact that the Electricity Board has decided not to give new connections till the concerned parties give the Board a loan worth the cost of work for which they have applied;

(b) whether this rule applies to the Minor Village Panchayats also; and

Sri A. C. Subba Reddy:—(a) No, Sir.

(b) Does not arise.

(c) In view of (a) this will also not arise.

However it has to be stated that since the bulk of the 3rd Plan Ceiling of Rs. 925 lakhs for rural electrification was spent in the first two years of the current plan period, it is hardly possible to provide adequate funds for rural electrification during the remaining 3 years of the plan period. However, funds to the extent possible are being provided for this purpose.

ELECTRIFICATION OF VILLAGES IN TELANGANA AREA.

578—

* 516 (5096) Q.—Sri Mohd. Ismail (Put by Sri T. K. R. Sarma (Kurnool): Will the hon. Minister for Irrigation and Power be pleased to state:

whether any new villages have been supplied with Electricity in Telangana area during 1963 after the imposition of cut in Electricity consumption?
Sri A. C. Subba Reddy: -- The matter relates to the Andhra Pradesh State Electricity Board. As ascertained from them, the reply is as follows:

Yes Sir, 78 villages were electrified in 1963. (Upto October, 1963).

Mr. Speaker: Mr. Nagi Reddi, please avoid reading papers in the House.

Mr. Minister for Buildings and Communications be pleased to state:

RAILWAY OVER/UNDER BRIDGE WORKS AT RAILWAY CROSSINGS.

* 305 (4014) Q.—Sri K. Govinda Rao (Anakapally):— Will the hon. Minister for Buildings and Communications be pleased to state:
(a) the order of priority fixed for over or under-
bridges at railway crossings to be executed during the
Third Five-Year Plan; and

(b) whether any Municipalities in our State have
offered to bear the entire cost of approach roads?

The Minister for Buildings and Communications (Sri Mir
Ahmed Ali Khan):—

(a) No rigid priority has been fixed for taking up
Railway over/under bridge works at Railway crossings
during III Five year Plan.

(b) None, Sir.

Sri Mir Ahmed Ali Khan: For the present, Adoni
Municipality letter is not before me, Sir.

Sri Tenenti Viswanatham: About Tadepalligudem over
bridge, will government expedite the work?

Mr. Speaker: He will give the same answer. He has
no information before him.

Sri Tenenti Viswanatham: I am sorry.

Sri K. Govinda Rao: The hon. Minister has just now
told us that the resolution of Anakapalli Municipality is
vague. Supposing a categorical resolution is passed, will
Government assure us that it will be included in the
Third Five Year Plan and executed;
Sri Mir Ahmed Ali Khan: Surely, Sir, if the Municipality offers to bear the entire cost, then Government will press the railways to take up as early as possible.

Sri T. K. R. Sarma: With regard to the Ammanabolu accident the other day, in the newspapers it has been reported that the whole responsibility is that of the State Government and the State Government did not take care to see that some of these gates are properly maintained. Has it been brought to the notice of the hon. Minister? What action is being taken upon things like this?

Sri Mir Ahmed Ali Khan: Sir, if a separate question is put.

Mr. Speaker: It has appeared in the press also.

Sri Mir Ahmed Ali Khan: But the details are not just before me, Sir.

Mr. T. V. S. Chalapathi Rao: In view of the fact that there are many instances of level crossings or under-bridges over railway lines, in our State, will the Government be pleased to take up the question and treat it in a comprehensive manner so that they could be executed in a phased way?

Sri Mir Ahmed Ali Khan: Sir, keeping in view the financial position, we propose to take as many over-bridges in the next year as possible.
Sri V. Srikrishna: Due to the existing inter-lock system in many places, where the level crossings are there, vehicles are delayed for hours together. Will the hon. Minister be pleased to state whether he is prepared to write to the Central Government in this connection to see that it is altered?

Sri Mir Ahmed Ali Khan: Over-bridges cost Rs. 8 lakhs to 10 lakhs. Railways only bear the expenses of their portion. Approach roads are to be taken up by the Government or the Municipality concerned. Therefore, according to the finances available, they may be taken up. All of them cannot be taken up at once.

Sri K. Marla Reddy (Rajampet): With regard to over-bridges, I believe that the Central Government is prepared to bear the cost of the bridge over the railway track if the State Government is prepared to bear the cost of the approach roads. Is the State Government prepared at least to bear the cost of the approach roads for the various over-bridges if the Central Government agrees to bear the cost of the bridge over the track?

Sri Mir Ahmed Ali Khan: I have just answered, Sir. The cost of the approach road is to be borne either by the municipality or the State Government. According to the financial position it may be taken up. It costs much amount for approach roads also.

Sri V. Sri Krishna: My question was not understood Sir. Due to the existing inter-lock system in the Railway department much delay is caused for the communications the reat the level crossings. Will the Government take up the matter with the Central Government on this issue?

Sri Mir Ahmed Ali Khan: It is purely a railway affair. For the sake of safety, I think it has to be done.
but it has been sanctioned and the work has already been there and Rs. 50,000 also there in the estimate.

Sri A. Sarveswara Rao (Eluru): Sir, generally we used to get a stereotyped reply ‘paucity of funds’ since so many years. Inspite of the offer of 5 lakhs the Government is not able to include the bridge over the Eluru Railway crossing in the year’s budget. But I do not know how can Anantapur bridge creep into it this year?

Sri Mir Ahmed Ali Khan: Sir, I have just replied. The Southern Railway have replied that they are unable to take this bridge in 1964-65 but the Government is considering to press the Railway Board to include this and the remaining Rs. 3½ lakhs the Government is considering to include in the next year’s budget.

Dr. M. Chenna Reddy:—Yes, Sir.

(a) A copy is placed in the Legislature Library.

Sri Vavilala Gopalakrishnayya: In terms of National Importance, it is less than what was anticipated. It is expected that 2.5 per cent has been achieved.

Dr. M. Chenna Reddy: The increase in the national income is of the order of 2.5 per cent as against 5 per cent. That is a fact. This is due to set back in agricultural production. There has been no proportionate set back on the investment side. It seems that the income has increased to a significant incidence.

CALLING ATTENTION TO MATTERS OF URGENT PUBLIC IMPORTANCE

Re: Non-issue of pass certificates to the students of Takkar Baba Industrial School Isukapalli, Guntur District.

Mr. Speaker: There is one matter under Rule 74 given notice of by Sri M. Pitchaiiah, Sri Vavilala Gopalakrishnayya and Sri Poola Subbaiah, regarding non-issue of pass certificates to the students of Takkar Baba Industrial School, Isukapalli, Guntur District.

There is one matter under Rule 74 given notice of by Sri M. Pitchaiiah, Sri Vavilala Gopalakrishnayya and Sri Poola Subbaiah, regarding non-issue of pass certificates to the students of Takkar Baba Industrial School, Isukapalli, Guntur District.

Mr. Deputy Speaker in the Chair

Mr. Speaker: There is one matter under Rule 74 given notice of by Sri M. Pitchaiiah, Sri Vavilala Gopalakrishnayya and Sri Poola Subbaiah, regarding non-issue of pass certificates to the students of Takkar Baba Industrial School, Isukapalli, Guntur District.

(Mr. Deputy Speaker in the Chair)
Sri M.R. Appa Rao: Sir, the Director of Technical Education has reported that 17 I.S.L.Cs. were received in his office in the month of February, 1962 from the correspondent, T.B.V.N. Industrial School, Isukapalli for counter-signature. Since the attestation of the I.S.L.Cs. was made by the person other than the Correspondent approved by the Technical Education Department, they have been returned to the Correspondent on 27-2-62 requesting him to get them attested by right person. Subsequently, the Correspondent submitted 9 I.S.L.Cs. on 2-6-1962 and 17 I.S.L.Cs. on 26-6-1962. Therefore, the Correspondent was requested on 16-7-1962 to state as to why the I.S.L.Cs. have been sent for counter-signature so late as after four years, since some of the I.S.L.Cs. submitted were of the year, 1958 and some of the year, 1959. The Director of Technical Education has received letter from him on 20-10-62 in which he stated that he had submitted the I.S.L.Cs. on 16-10-1958 itself but were returned to him for the following reasons.

(1) The copies of over-age exemption orders were not appended to the I.S.L.Cs.

(b) The entries made were illegible; and

(3) Certain doubts were expressed.
Whenever any candidate has been exempted either for over-age or for underage, the correspondent of that Institution is requested in the exemption order itself to append a copy of the order to the I.S.L.C. of the candidate concerned under correspondent’s attestation before the I.S.LCs are submitted for counter-signature, and the correspondent is requested to get the exemption of the Department of Technical Education on behalf of these students before he permits the candidates to sit for examination. In cases where the short-age of attendance of the pupils falls within 5%, the correspondent is entitled to exempt to that extent without obtaining the orders of the Director of Technical Education.

Further, the correspondent on 29-10-1962 stated that he submitted the age exemption order of 23 pupils, granted by the joint director of industries and commerce when the school was under his jurisdiction, blamed the director of Technical Education for not countersigning the I.S.L.Cs. then submitted. Till today, he has not submitted age exemption certificates in respect of all the candidates in question. The recognition to T.B.V.N. Institution has been withdrawn in the year 1961 on grounds of the mismanagement of the Institution and the Director of Technical Education wanted to ensure that the I.S.L. Cs. are awarded to the candidates who actually sat for the examinations from the year 1958-1962.

As the Correspondent has failed to respond, the I.S.L.Cs were returned to him on 29-5-163 by Registered Post by the Director of Technical Education and he was also told to submit them together with the particulars called for. Since then, he neither acknowledged receipt of the I.S.L.Cs. sent to him nor submitted the particulars inspite of reminding him on 17-6-1963. The Correspondent is responsible for the delay.
Further, Sir, we will see that the 26 certificates are countersigned without the necessity of submission of particulars and copies of age exemption asked for, as a special case.

Re: Supply of Sugarcane to Vijayalakshmi Sugar Mills, Tanuku.

Calling Attention to Matters of Urgent Public Importance

[11th December, 1963]

Sir,

In view of the prevailing situation in India, it is necessary to take urgent action to stabilize the economy. The government has decided to procure all essential commodities such as rice, sugar, and oilseeds at fixed prices. These commodities will be sold through the Fair Price Shops scheme.

The government has also decided to increase the price of oil in the shops in order to stabilize the market. It is hoped that this measure will help to control inflation.

Yours faithfully,

Retrenchment of Oil Engine Drivers.
