ORAL ANSWERS TO QUESTIONS

CO-OPERATIVE SPINNING MILLS

596—

*1202 Q.— Sarvasri A. Sarveswara Rao (Eluru) and S. Vemayya Buchireddi Palen :— Will hon. the Chief Minister be pleased to state:

(a) whether the Government propose to establish four more Co-operative Spinning Mills in the State to meet the yarn requirements of the Handloom Weavers; and

(b) If so, whether there is any proposal to start the Mills one at Nellore and one in West Godavari?

The Chief Minister (Sri N. Sanjiva Reddy) :— (a) The Government propose to establish six more Co-operative Spinning Mills in the State during the Third Five Year Plan.
(b) It is proposed to start one Cooperative Spinning Mill in Nellore District. There is no proposal to start a Mill in West Godavari District.

Sri P. Neelakanta Bhanu: West Godavari is a very large district. There is no proposal to start a Mill in Nellore District.

Sri V. R. Reddy: 6 and more cooperative mills are functioning in East Godavari and Krishna Districts. I am not aware of any assessment made by the State Government on an all-India basis. We are just thinking of it. As yet there is no question of production.

Sri K. V. Narayana Reddy (Kamalapur): Whether the State Government has made any assessment of the requirement of the yarn for the State and if so, what is the criteria to establish Mills, whether it is in Nellore or anywhere?

Sri N. Sanjiva Reddy:— It is not only the State requirement, Sir, but they make the assessment on an all-India basis and they give the spindles.

Sri N. Sanjiva Reddy:— We are just thinking of it. As yet there is no question of production.

Oral Answers to Questions

1. Sri. Sanjiva Reddy: Recommend

Sri E. Ayyapu Reddy (Midhу) :- How many cooperative Mills are functioning? Are they functioning satisfactorily?

Sri N. Sanjiva Reddy:-- There are three. Of them one is at Guntakal and that has been functioning satisfactorily. The second one was started in Chirala only last year. The Netha Spinning Mills in Hyderabad is also there. It has passed through bad days. The reports are that it is functioning very well.

Sri. Sanjiva Reddy (East Godavari, Nellore, Cuddapah, Kurnool, Adilabad):--- Cooperative Mills functioning. Of them one is at Guntakal and that has been functioning satisfactorily. The second one was started in Chirala only last year. The Netha Spinning Mills in Hyderabad is also there. It has passed through bad days. The reports are that it is functioning very well.

Sri. Sanjiva Reddy: Cooperative mill functioning. In old mill the reports are good. The same is reported also. Are there any proposals? For the old mill.

Sri. Sanjiva Reddy: Cooperative mill functioning. In old mill the reports are good. The same is reported also. Are there any proposals? For the old mill.

Sri. Sanjiva Reddy: All India basis plan is satisfactory. How is the All India plan? The Managing Director is working.
12th December, 1963

Sri K. Rajamallu (Jangoan):— What would be the spindleage of these Spinning Mills? What is the Government investment—the share capital in these Mills?

Sri N. Sanjiva Reddy:— The share capital from primary, apex societies, individual and cooperative societies is ten lakhs, State participation is ten lakhs, loan from the Andhra Pradesh State Finance Corporation is 20 lakhs. That is the normal proportion.

Sri K. Rajamallu:— I have asked about the spindleage; What would be the spindleage?

Sri N. Sanjiva Reddy:— Normally it will be 12,000.

12th December, 1963

Oral Answers to Questions

Sri N. Sanjiva Reddy:—A separate question may be put, Sir;

Sri K. Rajamallu:—Of all these Spinning Mills, where is the fine count yarn programmed to be produced?

Sri N. Sanjiva Reddy:—A separate question may be put.

REVERSION OF JOINT COLLECTORS

598—* 883 Q.—Sri K. B. Narasappa. (Put by Sri T. K. R. Sarma):—Will hon. the Chief Minister be pleased to state:

(a) the number of Joint Collectors who have been reverted on grounds of economy during the present period of emergency; and

(b) the reasons for not abolishing the posts or Joint Collectors at Kurnool and East Godavari with effect from 1-4-1963 as per the Government orders?

Sri N. Sanjiva Reddy:—(a) The reversion of two officers was notified. But only one was actually reverted as Deputy Collector. The second officer proceeded on leave from 1-4-1963. On return from leave he was posted to a post in the same grade.

(b) The decision of Government was to abolish the
soon as possible thereafter. There was some routine delay in finding alternative postings to the officers who were working as Joint Collectors, Kurnool and East Godavari Districts on relief from their posts which was linked up with the general transfers made in April, May, 1963.

Sri T. K. R. Sarma: Are there any Joint Collectors still in the State, Sir?

Sri N. Sanjeeva Reddy: There are two; Sir, one at Visakhapatnam and another at Hyderabad.

Mr. Speaker:— Please put a separate question.

Sri N. Sanjeeva Reddy: I don’t know how I can answer it. Just now we have abolished them, Sir. The heavy work industries labour troubles cities have been abolished. Both Joint Collectors

Additional Collector &s; the reception area of the Additional Collector is also being taken up with the Finance Ministry during November, 1962. The State Government has been informed that it will be possible to shift the branch office at Madras to Hyderabad if suitable office accommodation to the extent of approximately 30,000 Sq. feet of carpet area and two hundred units of residential quarters can be made available to the Accountant General.

Shri Pillalamarri Venkateswarlu: Is it a reply from the Finance Ministry or the Accountant-General?

Shri K. Brahmananda Reddy: I do not know whether the letter is from the Finance Minister himself direct or from the Finance Ministry.
we will pursue the matter again with the Union Finance Ministry.

SHifting of A. G's Office from Madras to Hyderabad

599—

* 1205 Q.— Sri Vavilala Gopalakrishnayya :— Will the hon. Minister for Finance and Co-operation be pleased to state:

(a) the present stage at which the shifting of the section of the Accountant-General Office from Madras to Hyderabad stands;

(b) whether the Accountant-General asked the State Government for office accommodation; and

(c) whether any accommodation was provided by the State Government in pursuance thereof?

Sri K. Brahmananda Reddy : (a) The Accountant-General has not shifted his Branch Office at Madras so far to Hyderabad for the reason that full office and residential accommodation for the staff could not be provided in advance at Hyderabad.

(b) The Accountant-General asked for office accommodation of about 30,000 sq. ft. of floor space.

(c) The State Government has suggested a building at Khairatabad on a rent of Rs. 750/- P. M. as the owner is reported to have expressed his willingness to make it available. Since the building is at present occupied by the owner himself and the Controller of Accommodation has no jurisdiction to requisition it for public purposes, the Accountant General has been advised to negotiate with the owner.
Another building has also been suggested as an alternative.

TUTION FEES IN PRE-PROFESSIONAL COLLEGES

600—

* 94 (975) Q.—Sri G. Rama Rao (Gudivada) :—Will the hon. Minister for Education be pleased to state:

(a) the different kinds of fees levied and the different kinds of deposits directed to be paid by a student on the first entering in the pre-professional Colleges of Government (i) Government Engineering Colleges at Kakinada, Anantapur and Warangal, (i) Government Medical Colleges at Visakhapatnam, Guntur, Kurnool and Hyderabad.

(b) whether it is a fact that there is difference in levy of fees, if so, why; and

(c) what kind of fees was exempted from the students belonging to Harijans and Girijans other and Backward classes?
The Minister for Education (Sri P. V. G. Raju) :- (a) A statement containing information is placed on the Table of the House.

(b) There is difference in levy of tuition fees between the Engineering Colleges under Control of Technical Education Department Government Medical colleges under the Control of Director of Medical Service and the Regional Engineering College, Warangal which is under the control of Board of Governors. But there is no difference in the tuition fees between one Government Engineering College and another Government Engineering College or one Government Medical College and another Government Medical College. Besides tuition fees, certain amount are also levied towards other items such as admission fees, student library fund caution deposit etc. In regard to caution deposit there is uniformity in all the Colleges, excepting Osmania Medical College Hyderabad where no caution deposit is charged. Generally the non-Government fees only vary from College to College. Hence the question as to why there is difference in levy of fees does not arise.

(c) In Engineering Colleges at Kakinada and Anantapur full fee concession is awarded to the students belonging to Harijans and Girijans as per Rule No. 6 A.S.R. 92. Half fee concession is awarded to Backward Classes if they are eligible under that one A.S.R. 92. The Regional Engineering College Warangal which is under the administrative control of Board of Governors is not awarding such concessions. The students belonging to Yerukula and Banjara Communities who are studying in the Medical Colleges in the Telangana area are exempted from tuition fees, but non-Government fees are collected from them. The tuition fees and other fees are collected from the students belonging to other Backward Classes in case they are sanctioned Government of India’s scholarships from the Director of Social Welfare, In Andhra area candidates belonging to Scheduled castes and Scheduled tribes are exempted from payment of full tuition fee and the candidates belonging to Backward classes are exempted from payment of half tuition fees if the annual income of their parents and Guardian is below Rs. 1500/-.

Srí T. K. R. Sarma:—Mr. Speaker, Sir, so far as Kurnool Medical College is concerned games fees is fixed at one rupee. Does it mean to say that they do not have the necessary playground and other needs and the fee collected is merely nominal?

Srí P. V. G. Raju:—I think this is a detailed question and the Minister for Health would have to answer the particular question. I do not carry the information. If notice is given I will get the information.

Srí M. Pichayya:—Mr. Speaker, Sir, according to the statement placed on the Table of the House 23 varieties of fees are being collected in various colleges and there is also much difference in the fees collected, for instance, in the Warangal Regional College, tuition fee is collected at Rs. 72/- whereas in the Engineering College, Anantapur, the tuition fee is collected at Rs. 60/- May I know whether the Government will try to reduce the difference in the fees collected.

Srí P. V. G. Raju:—The Warangal Engineering College is a Regional Engineering College run by a Board of Governors, it is a State Government-cum-India Government enterprise. So the fees charged by the Regional Engineering College, whether in our State or Kerala or in Madras or Mysore in the Southern Region approximate to one standard fees while the Government Engineering College, there is a separate standard. So there is no question of comparison. In all Government Engineering Colleges, we are collecting uniform fees.

Srí P. V. G. Raju:—There is no necessary, Sir. After all they are different categories. University Colleges are
different from the Government Colleges and the Regional Engineering College stands on a different footing. Way should they all collect uniform fees. They are different institutions completely. The Government Colleges are collecting uniform fees.

Sri A. K. G. Rama—Will read out the particular answer provided for the question, “In Engineering Colleges at Kakinada and Anantapur, full fee concession is awarded to the students belonging to Harijans and Girijans as per rules. So I do not know what the Hon’ble Member means. I do not understand the question because I do not deal with the subject. I request that the question may be put to the Health Minister who knows the rules of these particular matters.

**TELE-COMMUNICATION ENGINEERING DEGREE COURSE**

601—

* 488 (4945) Q—Sri P. O. Satyanarayana Raju:—Will the hon. Minister for Education be pleased to state:

(a) the Engineering Colleges where the Tele-Communication courses are taught;

(b) whether they are all absorbed in our Government services; and

(c) whether they are deputed to Central Government?

Sri P. V. G. Raju:—(a) Sir, the Tele-Communication Engineering Degree course is being taught in the Govern-
ment Engineering College, Kakinada and the Osmania University Engineering College, Hyderabad.

(b) and (c):

Complete particulars of employment of the passed out candidates in a particular Department are not available either with the Principals of the institutions concerned or the Director of Technical Education or the Government as the students have not kept the authorities posted with such information. However, the course is recognised on All India basis and as such the students passing the course may seek employment in Central and State Government services. The Principal College of Engineering Osmania University, Hyderabad has informed that out of the 1st batch of 10 students (1961-62) Six students have been employed in Central Government and other institutions and 4 students are pursuing Higher studies.

* Sri P. O. Satyanarayana Raju:*—Mr. Speaker, Sir, in view of the great need and importance of Tele-communications, is there any proposal to increase the number of seats in Tele-communications in the Engineering Colleges in the State?

* Sri P. V. G. Raju:*—The decision is taken at the Regional Council meeting of the Council for Industrial and Technical Development which meets at Madras. Our State is also represented and in that council decisions are taken as to the number of students in any particular college of Engineering and the requirements of each college and which college should be allotted the particular course in the southern region. This year two colleges in our State have been allotted this particular subject, Tele-communications course. There is an all India survey being maintained by the Planning Commission and as per
the basis of that survey, if there is need for more number of students in Tele-communications, naturally the Government of India would communicate such a requirement and we would make the provision as per the normal procedure.

Sri P. V. G. Raju:—That is geology which has nothing to do with Engineering. In the Andhra University there is a course for geology and applied geology. They will look into it.

Sri P. O. Satyanarayana Raju:—Are any of the students sent abroad for higher studies?

Sri P. V. G. Raju:—No, Sir, The State Government has no provision for sending students abroad.

TECHNICAL COLLEGE IN NALGONDA
DISTRICT

602—

* 528 Q.—Sri B. Dharmabhiksham (Put by Sri K. L. Narasimha Rao) :—Will the hon. Minister for Education be pleased to state:

(a) whether there is any proposal to start one Technical College in Nalgonda district during 1963-64; and

(b) if so, the location and estimated expenditure for that purpose?

Sri P. V. G. Raju:—(a) No, Sir.

(b) Does not arise.
POLYTECHNIC INSTITUTIONS

603—

* 529 Q.—Sri B. Dharmabhiksham (Put by Sri K. L. Narasimha Rao) :—Will the hon. Minister for Education be pleased to state:

(a) the present number of the Polytechnic institutions in our state both for Andhra and Telangana Regions separately and the total strength of the students in all those institutions;

(b) the reasons for failure in providing a Polytechnic for every district in Telangana; and

(c) whether the Government propose to start a Polytechnic for every district in Telangana during Third Five-Year Plan?

Sri P. V. G. Roju :—(a) The following are the number of Polytechnics in the State in Andhra and Telangana regions, separately:

<table>

<tr>
<th>Andhra</th>
<th>Telangana</th>

</tr>
</tbody>

(b) and (c):

The State Government is not committed to provide one Polytechnic in each district during the current plan period.
The State Government is considering the demands from the Public and keeping a view on the plan provisions, agreed to provide at least one technical institution either a Polytechnic or an Industrial Training Institute for each district. It has therefore been decided to start 3 new Industrial Training Institutes in 5 districts in Telangana region, where there are no Polytechnics. Hence the question of failure for providing Polytechnics in every district in Telangana area does not arise now.

There is no proposal, at present to start any new Polytechnic during the Third Five Year Plan.

Shri P. V. G. Raju: I can give the answer to the next question (603) also, giving the complete list of polytechnics.

Sri P. V. G. Raju: It is the other way about. It is 1700 in Andhra and 1100 in Telangana. That is the position.

Sri P. V. G. Raju: Accordingly it was decided to start 5 industrial training centers in the five districts of Medak, Adilabad, Karimnagar, Nalgonda and Khammam.

Sri T. V. Raghavulu: May I know whether the Girl’s Polytechnics is exclusively meant for girls? Is there any difference in the syllabus and the kind of education provided?
Sri P. V. G. Raju: Yes Sir. There are two polytechnics, one in Kakinada and the other in Hyderabad, run by the Exhibition Society.

Sri P. V. G. Raju: I have no information. If the Member writes to me I will enquire.

There is difference in the training. Boys are not admitted in Girls Polytechnics. I can get the exact syllabus and place on the Table of the House.

Sri Sultan Salauddin Owaisi: Roughly as I could understand, his question is why Andhras are admitted in Telangana. That is not correct. Whenever there are courses where local students are not available, these courses are thrown open to students from anywhere in the State. The Regional Committee is in charge of the seats of Telangana area. For some of the courses in Telangana in Warangal and elsewhere in the polytechnics there was insufficient number of students to take up the study of the particular courses from the Telangana region possibly because such industries were not located in the Telangana area which would give them opportunities of employment. So students from the other districts got admission because whenever they get back, they get jobs like fitters, etc., in the factories located in the particular area. But they are very limited instances.
Sri P. V. G. Raju: What the Hon'ble Member says is correct. The Government of India amended the Apprenticeship Act and I may inform the Members of the House that this particular question of dealing with the training of workers in I. T. I. is now under the purview of the Labour and Transport Minister. Mr. Gurumurthy. As a matter of fact, already, division has taken place. Labour and Transport Ministre is responsible for the I. T. I from January, 1964. This change over has been effected because Government of India felt that if the I. T. I. were under the Technical Department alone, the private employers may not employ these people because they have no direct relationship between the Labour Commissioner and the students who are going out. Therefore, they suggested that we should transfer the I. T. I. under the control of the Labour Ministry so that automatically the Apprenticeship Act could be applied and once this is applied, then naturally....

Mr. Speaker:— I am sorry; you go on making a speech; it will take five minutes. When am I to finish the questions?

Sri P. V. G. Raju: I am sorry if the answer is a lengthy one. I will sit down. I am not making a speech.

Sri P. V. G. Raju:— There is no proposal.

* 564 Q.— Sri A. Sarveswara Rao :— Will the hon. Minister for Education be pleased to state:

whether the Andhra Pradesh Government was asked by the Centre to give its opinion regarding the creation of an All-India Educational Service?

Sri P. V. G. Raju :—Yes, Sir.

* 1499 Q.— Sri M. Pitchiah :— Will the hon. Minister for Education be pleased to state:

(a) whether the Government are aware of the fact that the State Library in Hyderabad is not having the same status as the Connemara Library at Calcutta; and

(b) if so, the steps taken by the Government to raise the same status of the and to get it recognised as a Library like the aforesaid libraries?

Sri P. V. G. Raju : (a) Yes, Sir.

(b) The Govt. of India were requested in 1957 to declare the State Central Library Hyderabad as one of the four public libraries under the Delivery of Books (Public Libraries) Act, 1954 but the request was not complied with. Again the request was renewed in May, 1963 suggesting to Government of India to amend the
provisions of the Delivery of the Books (Public Library) Act, 1954, so as to increase the number of public libraries from 4 to 5 and declare the State Central Library Hyderabad as the 5th Public Library under the said Act, but it was negatived by Government of India.

_Sri M. Pitchayya_:—May I know what are the objections raised by the Central Government?

_Sri P. V. G. Raju_: They have raised a number of objections. One of the main objections is, that the publishers of books throughout India feel that if they have to supply 8 to 10 copies free to every library and if every State claims the same facility under the Act, then it would become impossible for any publisher to function, and therefore they were going to remit to the libraries to the 4 States which have been decided upon by the Government. We have however renewed our request and it is still under correspondence,

_Sri P. K. G. Roy_: It is in correspondence. We are pressing for this.

**APPOINTMENT OF M.S. AND M.D. DOCTORS IN EVERY DISTRICT HOSPITAL**

606—

* 348 (4247-A) Q._—_Sri C. D. Naidu (Chittoor)_:— Will the hon, Minister for Health and Medical be pleased to state:

is there any proposal to appoint a M. S. and a M.D., in every District Hospital in the State?
The Minister For Health and Medical (Sri Y. Sivaramaprasad):

In the District Headquarters Hospitals Eluru, Masulipatnam, Nellore, Cuddapah, Anantapur, and Nizamabad, Civil Surgeon Specialists posts, to be filled up by Medical Officers with M.S. or M.D., have been created,

Post-graduate Course namely M.S. or M.D. to be filled up by post graduate doctors. Post-graduate Course strength increase as SS doctors to be posted.

Post-graduate course doctors to be posted in hospitals.

M. B. B. S. pass doctors to be posted in Primary Health Centres.

Sri N Sanjeeva Reddy: They are handful. M. B. B. S. pass doctors to be posted in Primary Health Centres. M. S., M. D. to be posted in hospitals.

Mr. Speaker: He wants to make these people work compulsorily—

Sri N. Sanjeeva Reddy: As I said they are handful. Anantapur hospital has got a doctor who is M. R. C. P. primary health centre. They are handful. M.D., M.S. they are handful.
head quarters post is to primary health centers. Our objective is to post the post graduates to district head quarters also and not only to teaching institutions so that some cases will be absorbed in the districts:

Sri T. V. S. Chalapathi Rao (Vijayawada-South): Are we to understand that every student who passes and sets up either private practice or enter Government service should necessarily put in service in a primary health centre or is this rule applicable only to people seeking Government employment.

Sri Y. Sivarama Prasad: Those people who are to be appointed, have to work in primary health centres

Sri V. B. B. S., Medical Course: M.B. B.S., Medical Course compulsory for public service so compulsory for educational purpose. Cours pass compulsory in the 5th year.

(a) whether the Government are in receipt of representation by Sri S. Vemayya M.L.A., in December 1962 regarding the Infectious Diseases Hospital building, in Nellore (vide Ref. No. 6283/62-3, Health, dated 14-12-1962); and
(b) if so, the action taken thereon?

Sri Y. Sivaramaprasad: (a) Yes, Sir.

(b) A reply has been given to the hon. Member in Government letter No. 6283/JJ2/62-3, Health dated 14-2-63.

(a) Yes, Sir.

A reply has been given to the hon. Member in Government letter No. 6283/JJ2/62-3, Health dated 14-2-63.

Infections desease ward need absolute necessity for the construction of two general Wards for the hospital.

Much inconvenience was being felt by the people of Nellore for lack of infectious ward in the hospital and request that a special ward might be constructed. In addition to this, there is absolute necessity for the construction of two general Wards for the hospital.
(b) whether any incidents of children being taken away by dogs from hospitals in the State have been reported during the last six months; and

(b) if so, what action has been taken on such reports?

Sri Y. Sivarama Prasad:—(a) Yes, Sir. Two incidents were reported during the period.

(b) Enquiries were conducted and suitable disciplinary action was taken on the persons responsible. Instructions have also been issued to avoid recurrence of such incidents in future.

(b) if so, where does the matter stand now?

_The Minister for Industries (M. N. Lakshminarasaayya):—_

(a) Yes, Sir.

(b) The matter is still under examination.

_Sri P. O. Satyanarayana Raju:_ Do the complaints relate to the misappropriation and irregularities. Will the Government think of winding up the Society?

_Sri M. N. Lakshminarasaayya:_ The complaint is regarding irregularities and misappropriation. It is still under enquiry. After the enquiry is completed and report is received, we will take action.

_Sri P. O. Satyanarayana Raju:_ The matter is pending for the last 1\(\frac{1}{2}\) years. Will the Government kindly expedite the enquiry?

_Sri M. N. Lakshminarasaayya:_ Yes, Sir.

Clauses (d) and (e):

At present, the Temple is visited by about 10,000 pilgrims on an average and not less than 30,000 pilgrims during summer months and Brahmotsavam. While the available choultries and cottages are sufficient for the present to meet the demand of pilgrims on normal days, more choultries and cottages are necessary to be constructed to meet the demand during week-ends, Public holidays and festival days and during summer months, when the pilgrims visit Tirumala in large numbers. If the construction of choultries and Cottages already sanctioned are completed they will go a long way to meet the demand on such occasions. If the floating population is on the increase from year to year, there will be necessity to construct more and more choultries.

Clause (f):

About twenty-five percent of the Pilgrims visiting the temple daily would be paying for sevas.

*1338 (5497-M) Q.— Sri K. V. Narayana Reddy :— Will hon. the Chief Minister be pleased to state:

(a) the reasons for choosing only one officer by the Government to look after the affairs and the activities of the two corporations, i.e., Andhra Pradesh Industrial Development Corporation and Andhra Pradesh Mining Corporation:

(b) whether there is any move now to entrust the same person any other corporation which requires expert handling:

(c) whether there is any paucity of personnel capable of heading these huge corporations in our State:

(d) if so, what has the Government done to remedy the situation?

Sri N. Sanjiva Reddy :— (a) The Government considered that the work of Managing Director of the Andhra Pradesh Industrial Development Corporation is not full time at present. As a measure of economy, the duties of this post were combined with that of Managing Director, Andhra Pradesh Mining Corporation with effect from 21-12-62.

(b) No, Sir.

(c) No, Sir.

(d) Does not arise.

Sri K. V. Narayana Reddy :— The Government did this as a measure of economy. But I do not find any similarity between Andhra Pradesh Industrial Development Corporation and Andhra Pradesh Mining Corporation.
There is some similarity between the Andhra Pradesh Industrial Development Corporation and Andhra Pradesh Small Scale Industries Corporation. Therefore, why not the Government think of a proposal to merge all these three corporations into one and have a Managing Director instead of managing these two corporations.

*Sri N. Sanjeeva Reddy* :— It is as an experimental measure we have merged these two Corporations and if we are satisfied that there is not enough work even after merger of both these, certainly merge the third also. There are two I. A. S. officers. When there is not enough work we can think of it. Even the officers felt that there was not enough work. Therefore, it has been merged. If ultimately it is found that these two do not give them enough work, we will merge the third also.

*Jr. Member* :— Why not consider merging the three into one?

*Jr. Member* :— Start activity in the area. Start study. Take up projects. Develop activity. You cannot build up the work even in the first year or the second year. First you will have to build up the whole organisation and it takes time, it needs money also.

*Jr. Member* :— Is it possible to consolidate the organization?

*Jr. Member* :— Work build up is of the utmost importance. I do not think it is possible.
Sri K. V. Narayann Reddy:— Whether the Government is satisfied with the performance of the I. A. S. Officer’s handling of such Corporations without having any technical knowledge? Or is there any proposal with the Government to hand over such Corporations to technical hands?

Sri N. Sanjeeva Reddy:— The difficulty is we have to manage not only these Corporations but also our public sector concerns, only with the administrative officers. Therefore, the Government of India is considering now whether training could be given to some people from the Administrative services particularly in Business Management and all that. Otherwise if we hand over the Corporations to private individuals without commercial experience, it may lead to so many problems—new problems.

MINING EQUIPMENT PLANT AT
KOTHAGUDEM

512—

* 1659 Q.— Sivrasri P. Rijugopal Naidu, A. Saruswara Rao and K. Rajamallu:— Will hon. the Chief Minister be pleased to state:

(a) whether there is any proposal to start a Heavy Mining Equipment Plant at Kothagudem by the Government of India; and

(b) if so, the details thereof?

Sri N. Sanjeeva Reddy:— (a) A tentative proposal has been received from the Government of India and the matter is still in the intial stage.

Sri K. Rajamallu: Is there any Agency now for importing mining equipment to be supplied to the mining owners on instalment basis?
Sri N. Sanjeeva Reddy: I do not know. There must be. Otherwise, how are the mines running? There must be some company which must be supplying. Even our Kothagudem Collieries is purchasing from some company. But there must be one.

GOVERNMENT GLASS WORKS, GUDUR

513—

* 1253 Q.—Sri A. Ramachandra Reddy:— Will hon. the Chief Minister be pleased to state:

(a) the amount of profits gained or loss sustained as the case may be by the Government Block Glass Works, Gudur during 1959-60, 1960-61, 1961-1962 respectively; and

(b) the steps taken by the Government to prevent the losses sustained during the said years and to run the same on profitable lines?

Sri N. Sanjeeva Reddy:— (a) The losses incurred are as follows:

1959-60... ....Rs. 33,979
1960-61.........Rs. 52,513
1961-62........Rs. 43,829

(b) Steps are being taken to purchase the required machinery to improve the quality of production and to minimise the wastage. The labour is also being trained in the manufacture of glass-ware.

* 1672 Q.— Sri P. Rajagopal Naidu (Put by Sri P. Subbayya):— Will hon. the Chief Minister be pleased to state:

(a) whether the Glass Factory at Gudur has been closed at present; and
(b) if so, the reasons therefor?

*Sri N. Sanjappa Reddy:* — (a) No, Sir.

(b) Does not arise.

Sir P. Venkata Krishnareddy (Nandikotkur): — Will hon. the Chief Minister be pleased to state;
(a) the number of writ petitions filed by Government servants and admitted in the High Court in 1962: 

(b) how many of them have been disposed of and how many are still pending?

Sri N. Sanjeeva Reddy:— (a) 63.
(b) 22 and 41 respectively.

It is a very delicate matter.

and Co-operation be pleased to refer to question No.1997
answered on 7-12-1963 and state:

(a) what action the Government have taken on the
various recommendations made by the Two-man Commit-
tee appointed by the Government to go into the ques-
tion of anomalies in the pay scales; and

(b) whether a copy of the report will be placed on
the Table of the House?

Sri K. Brahmananda Reddy: —(a) The report of the
Two-Man Committee is under the consideration of
Government.

(b) A copy will be placed on the Table of the House
after the Government takes decision thereon.
12th December 1963

Sri K. Brahmananda Reddy:—I can only say, Sir, that the matter is under the active consideration of the Government.

1) To consider anomalies in the scales of pay and allowances to posts of a near-identical nature where the basic qualifications for appointment of the employees and the duties and responsibilities are reasonably the same one;

2) To consider whether there are any anomalies in the pay scales, of pay and allowances, for two different posts in the same department.

Sri K. Brahmananda Reddy: That is also one of the items which are under consideration.
Mr. Speaker: He is trying to be very evasive. What is the use of trying to put questions?

Two man Committee namely arise 130 + 10 = 140 apparent. Two man Committee anomalies arise name pay scales chances of promotion differences.

Evasive. Under the active consideration of the Government obviously, active is that which is not inactive.

(a) the number of fire accidents and names of the villages which were affected in Andhra Pradesh in general and in Srikakulam District and Sompeta Taluk in particular since 24th December, 1962;

(b) the nature of relief provided by Government in each case and the amount spent; and

(c) whether the Government are having any proposals to prevent these fire accidents?

A:—

(a) Total No. of fire accidents in the State, including Srikakulam District, since 24th December, 1962 is 2,157.

In Srikakulam District .... .... 267

In Sompet Taluk .... .... 13

(b) Free grant of timber and other building materials and free distribution of clothes and food grains also in certain cases were sanctioned. In cases where building materials are not available in Government lands, cash grants were made at the rate of Rs. 30 per family, and in some special cases where it was felt necessary, cash grants
upto Rs. 50 per family were also made. The total amount spent towards cash grants in the entire State, including Srikakulam District, during the period is Rs. 8,56,282-32nP.

The amount spent in Srikakulam District, is Rs. 1,42,780

The amount spent in Sompeta taluk is 17,490

(c) There are no proposals at present. But in respect of Srikakulam District, the Collector was asked to permit such of the Panchayats as could afford to purchase fire-fighting equipment, to do so. In view of the frequency of fire accidents in Sompeta taluk, a regular Fire Station was established in that taluk during 1962-63.

**ADJOURNMENT MOTION**

re: Explosive situation in Akkurthi Village, Kalahasti Taluq due to pressures exerted by a group of landlords against the poor peasants

Mr. Speaker: Now, there is one adjournment motion given notice of by Sri Nagi Reddy and certain others.

Worsening of the situation has developed in Akkurthi village of Kalasti taluk, Chittoor District, as a result of all types of pressures exerted by a group of landlords against the poor peasants. The latest action of the landlords in the already tension ridden village has further worsened the situation.
The House of Sri Radhakrishna Chetty was burnt away in the dead of the night. There was social boycott such as stopping the services of washermen, baleer, and other village servants of the minority group. Social boycott continued for some time. The cultivation season was an explosive situation. The local authorities had to crack down the situation. The House of Sri Radhakrishna Chetty was burnt away in the dead of the night. There was social boycott such as stopping the services of washermen, baleer, and other village servants of the minority group. Social boycott continued for some time. The cultivation season was an explosive situation. The local authorities had to crack down the situation.
12th December, 1963

Adjournment Motion

Mr. Speaker: There is one difficulty. The matter seems to be pending in a court.

Si N. Sanjeeva Reddy: The whole point is pending in a Court.

Mr. Speaker: Whichever party is able to get an order from the court, I think the Government will certainly try to enforce that order.

Sri T. Nagi Reddy: The point that may be pending in a court is the question of the way to the land.
They want to enforce their right only through this way. They want to come only this way. They want to come only this way. They want to come only this way. They want to come only this way. They want to come only this way. They want to come only this way. They want to come only this way. They want to come only this way. They want to come only this way. They want to come only this way. They want to come only this way. They want to come only this way. They want to come only this way. They want to come only this way. They want to come only this way.

Mr. Speaker: In view of the fact that the matter is pending before the court and in view of the statement made by the Chief Minister that necessary arrangements for enforcing the law and order have already been made, I do not consider it necessary to give consent. I am disallowing the motion.
CALLING ATTENTION TO MATTERS OF URGENT PUBLIC IMPORTANCE

re: Introduction of Three Naye-paise Coins

The Central Government has announced the introduction of three new coins, namely, 1 np, 2 np, and 3 np. The design of these coins is as follows: 

- 1 np coin: Features a depiction of a wheat sheaf.
- 2 np coin: Depicts a pair of scissors.
- 3 np coin: Illustrates a bird, possibly a parrot.

These coins will be in circulation from 12th December, 1963. 

(Mr. Deputy Speaker in the chair)

(re: Closure of VI, VII and VIII Standards of the Higher Elementary School at Gnntakal)

The Central Government has ordered the closure of VI, VII, and VIII standards of the Higher Elementary School at Gnntakal due to...
Sri P. V. G. Raju: When the Deputy Inspector of Schools, Kanakal, visited the Higher Elementary School, Guntakal, on 2–5–1963, the students on roll were 3.5 and 1 respectively in Classes VI, VII and VIII and as the strength was very uneconomical he recommended immediate closure of those classes. But he was asked to watch the position with the hope that the strength will improve, and to submit another report in the matter. The Deputy Inspector again visited the school on 10–7–1963 and found that the position had not improved. Further, there is another Middle School at Bommonaval within a distance of one mile running with equally uneconomic strength and not a single pupil was being sent to appear for the VIII Standard Public Examination for the last five years. It was considered by the local District Educational Officer that continuance of Higher Elementary classes at Guntakal was a sheer waste of public funds and the Zilla Parishad was therefore asked to close down those classes. But as it was the middle of the school year the closure of the classes was not actually given effect to and the Secretary, Zilla
Parishad, has asked the District Educational Officer to consider the position and send a report again in the middle of June, 1964. The question of closing these classes will therefore be considered by about the beginning of next school year according to the then existing conditions.

**Re: The Water-supply and Drainage Scheme for Eluru Town.**

There is water everywhere but not a drop to drink there. That is the real position.

seeds are an important factor in national economy. The Industries Minister has said so. Rural industries have a crucial role to play in rural development. Reporting starred and unstarred questions on rural industries, the Minister has said that they will be established in rural areas. What are these rural industrial projects? Are they going to give you in return what we are planning them to be established? What are your reports so far on those that have been established? Are unemployment doles 6/55, 8/58, 7/59 to be given to rural industries projects as unemloyment doles? Let us be confident of our own selves. There shall not be self-deception and also deception of others. Call the name in its proper form and see these doles to rural industries or industrialists or call them by whatever name,
potters or cobblers and so on and so forth. The 6,58,000
rural industries projects scheme and the
6,00,000 rural industries projects centrally
sponsored scheme grants to under rural industries pro-
jets scheme are both largely time-bound. This
I should say is one of the most wasteful expenditure
that I have known and it has been happening for the past 15
years. Will the government stop it at a certain stage or
not? One economic factor that is most essential
is to grow your bigger industries on the basis of which the
purchasing power of the people will grow, on the basis of
which the other smaller industries will try to sustain on
their own. A major economic problem is major econo­
mic problem and industrial development is divert from mind to divide.
Community Development Projects are review and enthusiasm among
people is not enthusiastic. The majority of the people
in the village call them agricultural labourers, call them
poor peasants or even middle-class peasants who are not
receiving any benefit of community development projects
is not enthused by these projects. Why is there no
enthusiasm in the people question need to be
socio economic deal with help in
20 pilot projects for the utilisation of rural man power. We began with a pilot project. It is an experimental scheme. We began with a centrally sponsored scheme. We began with a centrally sponsored scheme. The recurring expenditure increase thereby, the returns are now centrally sponsored scheme. Therefore my concrete suggestion to the government is centrally sponsored scheme.

More and more we will be dependent on the Central Government and therefore a stage is coming to Andhra Pradesh in its economy that we will not be an independent...
unit but always be subservient to the Central Government and its economy. Appropriation Bill

Central Government has decided to focus on two main objectives in the current year's Economic Planning. These objectives are: (1) to increase the country's agriculture production and (2) to improve the quality of life by providing electricity and irrigation facilities.

The State Planning Commission, under the Central Government, has set priorities for the current year's planning. These priorities include: (1) agriculture production, (2) irrigation, and (3) electricity. All schemes, both individual and industrial, are expected to cut wasteful expenditure and achieve a good rate of return.

Last year's irrigation schemes showed a wasteful expenditure of 100%. This year, the irrigation schemes are expected to show a better rate of return. The electricity schemes showed a rate of return of 64.5%, which is satisfactory. However, the industrial progress and rural electrification schemes showed a rate of return of 6%. These schemes are expected to show an improvement in the current year.

Medium size projects are expected to suffer a good rate of return. Small projects are expected to show a rate of return of 6%.

The coordination committee is working on adjusting the priorities and planning. The State Planning Commission is working on the priorities and planning. The priorities are expected to show a good rate of return.

Sri C. D. Naidu: With the permission of the honoured Chair, I seek tolerance from all my brother Members of this House who are supporting this Bill, to say a few words. I oppose this bill with a very delicate heart because it is of a delicate nature. But I oppose it with a certain amount of seriousness because it relates to me and to the Members of this Assembly and therefore it relates to us. Our status is of a peculiar nature in the society; our association with all sections of people exist and we are also indirectly associated with the problems of various sections of people. We have been endeavouring very sincerely through our hard work to better the conditions of the poorer sections of the society but we are sure that we have not been able to achieve satisfactory results. As the same time, I realise the dignity and status attached to a Member of the Assembly apart from the duties also. There is justification for an increase in the salary to our Members but there are various other sections of people in our society whose needs are more immediate and deserve to be looked into earlier than ours. In this connection, I may remind my brother Members and appeal to them that we are representatives of people first and it is our duty to help others before we help ourselves. In bringing this legislation, I am afraid that we are trying to help ourselves. I am sure in some capacity or other we have asked and requested our people to sacrifice and wait irrespective of the party to which we belong. Now with the same intention, I appeal to all the Members of this House to wait and sacrifice for some time before we can think of any increase in our salaries. Let us wait for better times. As public men and as Members of the Assembly representing the people, we are bound to give weight to public opinion. I am confident that at this juncture the public would only be against this
move because whether there is justification or not, they are against the quantum of rise in the salary. I am sure all the Members would agree with me that people of all sections would be allergic to such an increase in salaries, not with regard to the quantum, but with regard to the principle behind the increase of the salary when the salaries and emoluments of the other sections of people are not raised.

We know that there is heavy taxation, that there is a rise in the cost of living and prices are going up. In the initial Bill that was given to us, in the objects and reasons of the Bill, cost of living was included as a reason, but later it was removed. But the fact is established and wellknown that that has been covered up in the second Bill that has been given to us Therefore I oppose this Bill and I appeal to the Members to consider the various aspects of the matter and withdraw the Bill for the present. And there will come a time later when we can introduce the Bill and when we can pass it unanimously.

The Andhra Pradesh Payment of Salaries and Removal of Disqualifications (Amendment) Bill, 1963

The paper is a legislative document outlining amendments to the Andhra Pradesh Payment of Salaries and Removal of Disqualifications Act. It discusses various movements and changes in the Act, potentially including salary payments and disqualification removal procedures.

The text is partially visible and cut off. It appears to be a legislative bill aimed at modifying specific sections of an existing law. The document is dated 12th December, 1963, and seems to address concerns or adjustments related to the payment of salaries and the removal of disqualifications within the context of the Andhra Pradesh region.

[Note: The text contains detailed legislative language, discussing amendments and perhaps clarifying sections of the Act.]

Agitated, excited, separate backward areas, merge integration services, sadharana charitra chetana manadana,

Mr. Speaker: The question is:

"That the Andhra Pradesh Payment of Salaries and Removal of Disqualifications (Amendment) Bill, 1963, be read a first time."

The motion was adopted.

Sri N. Sanjeeva Reddy: Sir, I beg to move:

"That the Andhra Pradesh Payment of Salaries and Removal of Disqualifications (Amendment) Bill, 1963, be read a second time."

[12th December, 1963]
Mr. Speaker: Motion moved. (Pause)

Mr. Speaker: The question is:

"That the Andhra Pradesh Payment of Salaries and Removal of Disqualification (Amendment) Bill, 1963, be read a second time."

The motion was adopted.

Mr. Speaker: There are four amendments given notice of by the Members.

Clause 2

Sri C. D. Naidu: Sir, I beg to move:

"Delete clause 2."

Sri Vavilala Gopalakrishnayya: Sir I beg to move:

"In clause 2 for the words "two hundred rupees" substitute the words "one hundred and forty-nine rupees."

Sri M. Ramgopal Reddy: Sir, I beg to move:

"In clause 2 for the words "two hundred rupees" substitute the words "two hundred and fifty rupees."

Sri M. Ramgopal Reddy: Sir, I beg to move:

"In clause 2 for the words "two hundred rupees" substitute the words "three hundred rupees."

Mr. Speaker: Amendments moved.
Mr. Speaker: Do not enter into controversy.

Sri Vavilala Gopalakrishnaya: I am not going to enter into controversy. I can assure you.

Sri N. Sanjiva Reddy: But don't compare...
Mr. Speaker: Please do not speak in that spirit!

It seems to me that the people are too small to be brought in this small affair. We are all too far away from Mahatma Gandhi. Gandhism, the theory and practice of voluntary poverty—how many of us, including Gopalakrishnayya, are able to follow him? Therefore, let us not bring in that great man for this small debate of salary and try to exploit his name.

Sri Vavilala Gopalakrishnayya: It is very unfortunate, Sir, I am not going to exploit anybody. We have given notice of an amendment. Why go on replying.
to all the points raised by the Chief Minister. Speak on the amendment. Unfortunately we have no time.

Mr. Speaker:— I suppose, no more members are speaking:

The question is:

"In clause 2 for the words "two hundred rupees" substitute the words "three hundred rupees".

The amendment was negatived.

Mr. Speaker:— The question is:

(3) "In clause 2 for the words "two hundred rupees." substitute the words "two hundred and fifty rupees".

The amendment was adopted.

Mr. Speaker:— The amendment No. 2 of Sri Vavilala Gopalakrishnayya is out of order. Now, I shall put the amendment No. 1 of Sri C. D. Naidu to vote.

The question is:

(1) "Delete clause 2."

The amendment was negatived.
Mr. Speaker:—The question is:

"That Clause 2, as amended, do stand part of the Bill."

The motion was declared adopted.

Sri Vavilala Gopalakrishnaiah demanded a poll and the House divided:

Ayes: 125 Noes: 44

The motion was adopted.

Clause 2, as amended, was added to the Bill.

Clause 1

Mr. Speaker: The question is:

"That Clause 1 do stand part of the Bill"

The motion was adopted.

Clause 1 was added to the Bill.

Preamble

Mr. Speaker: The question is:

"That Preamble do stand part of the Bill"

The motion was adopted.

Preamble was added to the Bill.

Sri N. Sanjeeva Reddy: Sir, I beg to move:

"That the Andhra Pradesh Payment of Salaries and
Removal of Disqualifications (Amendment) Bill, 1963, be read a third time."

Mr. Speaker: Motion moved.

Mr. Speaker : The question is.

"That the Andhra Pradesh Payment of Salaries and Removal of Disqualifications (Amendment) Bill, 1963, be read a third time."

The motion was declared adopted.

Sri P. Sundarayya : I press for a division.

The House divided.

Ayes 125: Noes 40.

The motion was adopted.

THE ANDHRA PRADESH (TELANGANA AREA) LAND REVENUE (AMENDMENT) BILL, 1963

(As reported by the Regional Committee)

Sri N. Ramachndra Reddy : Sir, I beg to move:

"That the Andhra Pradesh (Telangana Area) Land Revenue
(Amendment) Bill, 1963 (as reported by the Regional Committee) be read a second time.

Mr. Speaker : Motion moved.

Mr. Speaker : Have you anything to say?

Sri N. Ramachandra Reddy : Nothing, Sir.

Sri A. Venkateswara Rao : Sir,....

Mr. Speaker : Just a minute, please be brief. There are four more Bills. If the House is prepared to sit till about 2.00 P. M. today, it will be possible for us to finish them off. Otherwise, we have to sit in the afternoon also. At 5.00 P. M. today, we have a meeting.

Sri T. Nagi Reddy : Are there many more Bills for tomorrow?

Mr. Speaker : Yes.

Sri T. Nagi Reddy : We have no objection; instead of sitting in the afternoon again, we can as well finish off these bills now itself, as early as possible.

Mr. Speaker : There is time. I have no objection.

Sri N. Sanjeeva Reddy : I would like to tell the House that the King of Jordan is arriving here at 2.30 P. M. If we sit till 2.00 P. M., we will have then to go home, have
our lunch and then proceed to aerodrome to receive the
guest. I am afraid some of the hon. members also wish
to come to the aerodrome. Even for those of us who are
having cars, it may not be possible to reach the aerodrome
before 2.30 P. M., if the House sits till 2.00 P. M. When
an honoured guest is coming, we are expected to be at the
aerodrome and it would be impossible for us to go, if we
sit here till 2.00 P. M.

*Mr. Speaker*: Then we will go on as much as possible
now. Tomorrow within the two hours allotted, we must
be able to finish off the remaining work of today

The Andhra Pradesh (Telangana Area)
Land Revenue (Amendment) Bill, 1963

[12th December 1963]

The text of the document is in Telugu. It appears to be a legislative bill, possibly discussing land revenue and amendments in the context of the Andhra Pradesh (Telangana Area). The document includes dates and references to historical dates, indicating its legislative context.

The text contains the following key points:
- The title of the bill
- The date of the bill
- A discussion on land revenue
- Amendments

The document is structured in paragraphs, each discussing different aspects of the bill, such as the purpose, amendments, and implications.

The document is a formal legislative text, typical of such bills, detailing the necessary changes and their implications.
After the words "in the prescribed manner" (in Clause 2 (Section 67-A (ii), add the following:

'and after providing a reasonable opportunity to the effected Pattedar to make representations, if any'.

Mr. Speaker: Have you given any amendments?

Sri Ramachandra Rao Deshpande: No. I am making my suggestions. It is left for the hon. Minister to accept them if he so feels. But let me make my observations on the Bill.
My next suggestion is: In Clause 2 (67–A(iii), delete the existing sub-clause and substitute the following sub-clause in its place:

‘Where a Shikmidar is declared to be a pattedar in respect of any land under clause (i) or Clause (ii) and has received the price payable thereof from the shikmidar, the Deputy Collector shall give notice to the pattedar and the Shikmidar who is declared as pattedar and to all other persons who appear to him to be interested, of the date, time and place at which he proposes to enquire into the matter and on the completion of the enquiry, he shall determine the reasonable price payable for the land by the Shikmidar to the former Pattedar.’

"Delete the sub-clause while retaining the proviso with the amendment substitute the figures 1963 for the figure 1952."
Mr. Speaker: The question is.

That the Andhra Pradesh (Telangana Area) Land Revenue (Amendment) Bill, 1963 (as reported by the Regional Committee) be read a second time.

The motion was adopted.
