INCLUSION OF ENCLAVES IN NARAYANKHED TALUK

*970 (3581) Q — Sri Ramachandra drarao Deshpande (Narely'sarakhed) — Will the hon Minister for Revenue be pleased to state

(a) whether there is any proposal to merge the enclave villages of Nizampet, Areda, Ramreddypet and Brahmanpally of Banswada Taluq of Nizamabad District in Narayankhed Taluk of Medak District, and

(b) if so, when?

Sri N Ramachandra Reddy —

(a) The answer is in the affirmative

(b) Government have decided to transfer Nizampet, Ramreddipet and Khanapur villages from Banswada Taluk of Nizamabad District to Narayankhed Taluk of Medak District.

Sri R R De Shinde — Mr Speaker, I would like to say that inspite of the fact that these villages have been transferred to Narayankhed, so far the notification regarding the jurisdiction of the civil and criminal courts has not been issued with the result that cases are pending there and the villages are hanging in the air, the cases cannot be attended to now and even the police administration is not proper and so will the Government take proper steps to see that notification is issued for the criminal and civil side also?

Sri N Ramachandra Reddy — I will take the information and look into it.

SINGLE PATTAS FOR GRANT OF TACCAVI LOANS

*1830 Q — Sri C D Naik (Chittoor) — Will the hon Minister for Revenue be pleased to state

(a) whether it is a fact that the Revenue Department is insisting to have single pattas for granting of taccavi loans to peasants, and

(b) if so, the reasons therefor?

Sri N Ramachandra Reddy —

(a) and (b) The answer is in the affirmative. Separate pattas are insisted to avoid litigation at the time of recovery of the loan amounts particularly in cases of default.
2nd March, 1964

Oral Answers to Questions

Sir N Ramachandra Reddy — This suggestion will be taken into consideration, Sir.

I request hon’ble Members to avoid chewing in the House because somebody else may say that he will smoke also.

Joint pattadars of single pattas have separate legal complications and fees and legal complications arise.
Mr Speaker — No answer is necessary.

Sr. T Balakrishnayya — Will the Government consider the splitting of joint pattas as a general issue and take suitable and necessary early action to alleviate the difficulties of the ryots in getting these taccavi loans?

Sri B. Sriramamurthy, Vizianagaram — Will the hon Minister for Revenue be pleased to state whether the Government have taken a final decision on the question of payment of difference of scales of pay to the village officers in the taken-over villages in Visakhapatnam district from 7-9-1949 to 1-7-1956?

Sri N. Ramachandra Reddy — Yes, Sir. Government have already decided that the village officers of estates taken-over need not be paid ryotwari scales of pay prior to 1-7-1936. However, the decision was based on the fact that the difference of scales of pay to the village officers was not paid prior to 1-7-1936. Therefore, the question of payment of difference of scales of pay to the village officers from 7-9-1949 to 1-7-1956 is not applicable.

Sri V. R. Ayyar — The Vizianagaram ryotwari estate was taken over in the year 1954. The trained officer was appointed in the position of village Karanam, Village Munsif. PANCHAYATI RAJ DEPARTMENT

Memorandum No 1810/Estt V/63—Dated 9th December, 1963

Sub: —Education—Teachers working in Zilla Parishads and Panchayat Samithis—Review of transfers of teachers—Revised instructions—Issued

Ref: —1 G O Ms No 1175 P & L A dated 3-12-1959
2 Government Memo No 848/Prog V/00-1 dated 12-12-1960
3 Government Memo No 773/Prog V/61-1 dated 17-4-1961
4 Government Memo No 431/Estt V/62-1 dated 21-8-1962
5 Minister (Planning)’s D O Letter No 158/Estt V/62-1 dated 29-9-1962

The attention of all Block Development Officers and Secretaries Zilla Parishads is invited to the instructions issued in the references cited from time to time for avoidance of frequent and large scale transfers of teachers in the Panchayat Samithis and Zilla Parishads. In the reference sixth cited instructions were recently issued to the Panchayat Samithis and Zilla Parishads requiring them to send a monthly periodical regarding the transfers of teachers in the Panchayat Samithis and Zilla Parishads to the District Educational Officer/the Regional Deputy Director of Public Instruction concerned in the proforma prescribed. The Regional Deputy Director of Public Instruction/District Educational Officer were requested to review the transfers separately for each Zilla Parishad/Panchayat Samithi once in a quarter and send a copy of the review to the Zilla Parishad/Panchayat Samithi. Glaring cases were required to be brought to the notice of the Director of Public Instruction/Collector.

2 In the recent Regional Conferences held at Rajahmundry, Tirupati and Hyderabad in October, 1963, this subject came up for discussion and attention was drawn to these instructions. In these two Conferences it was recommended that the Samithi might send the periodical to the Secretary Zilla Parishad and these could be reviewed by the Collector, Chairman Zilla Parishad and the Deputy Secretary (Education) and a report sent to Government by the Secretary Zilla Parishad. In respect of Zilla Parishads, the periodical return should be submitted by the Zilla Parishad to the 1st Member, Board of Revenue who would pass it on to Government with his remarks. In consideration of these recommendations, the following revised instructions are issued:

The Block Development Officers should send a monthly periodical to the Secretary, Zilla Parishad concerned before the 10th of every month listing out the transfers of teachers affected in their respective...
Panchayat Samithis during the previous month in the proforma given in the Annexure. The Collector, Chairman Zilla Parishad and Deputy Secretary (Education) should review the transfers of teachers once in a quarter and submit a report in respect of all the Panchayat Samithis in the district to the Government in the Panchayat Raj department. In respect of transfers of teachers under the Zilla Parishad the Secretary, Zilla Parishads, should send a quarterly report on 15th January, 15th April, 15th July and 15th October to the 1st Member, Board of Revenue who will send it with his remarks to the Government in Panchayati Raj Department.

3. The receipt of this memorandum should be acknowledged.

(b) if so, the action taken thereon?

Dr M Chenna Reddy —

(a) Yes, Sir

(b) Request regarding increased scale of pay, F T A, etc., involving heavy additional expenditure could not be favourably considered by Government. But other requests like making the posts of V L Ws etc permanent, issuing regular service rules, giving higher start of Rs 100/- p m to Graduate V L Ws, etc. are under active consideration of the Government.

Oral Answers to Questions

Mr. Satyanarayana (PutbySnM Pitchayya)—Will the hon Minister for Public Works be pleased to state

(a) whether there is any proposal to construct causeway bridges at Namgatrevu and Tatikayalarevu on Repalle Nizampatnam Road, and

(b) if so, when they will be taken up?

The Minister for Public Works (Sri A C Subba Reddy) —

(a) Yes, Sir

(b) After the works are sanctioned by Government

853—

* 2134 Q — S.R. K. Sastry 

Will the hon. Minister for Public Works be pleased to state

(a) whether there is any proposal to take over Repalle-Tummada Road and Repalle-Advaladevi Road by Highways, and

(b) if so, at what stage it is?

SI A C Subba Reddy —

(a) and (b) — The proposal to take over certain roads including the Repalle-Tummada road and Repalle-Advaladevi road is under consideration of Government.

Approach Road to the Warangal Railway Station

854—

*1425 Q — S.R. K. Raghavulu — Will the hon. Minister for Public Works be pleased to state,

(a) whether this Government has any knowledge of the fact that the Central Government intends to lay a road (under railway line) for the convenience of cars, carts and the public between the Warangal Station and the Railway Gate on the Warangal-Khazipet railway line, and

(b) if so, the year in which the said work will be taken up?

SI A C Subba Reddy —

(a) No Sir On the contrary this proposal is of the State Government
The work on the popp oaches to the underbridge is already in progress. The work on bridge proper will be undertaken shortly by the Railway authorities.

Provincial Government decided to construct the bridge. Approach roads to the bridge were undertaken by the Central Government. Railway bridge and central government road will be undertaken shortly by the Railway authorities.

Roads Laid during Third Plan

Railway over-bridge at Vijayaramarajupeta

856—

-189 Q —Sri P V Ramana (Put by S. R. K. Gouda Rao) —Will the hon. Minister for Public Works be pleased to state

(a) whether there is any proposal to construct an over-bridge to the Railway line in Anchapalli-Chodavaram Road at Anchapalli, Visakhapatnam District,

(b) if so, whether the Anchapalli Municipality agreed to bear its share of expenditure,

(c) whether the Government have to incur any expenditure for this work, and

(d) if so, how much?

Sri A C Subbi Reddy —

(a) Presumably the Member is referring to the proposal for a Railway over Bridge in the place of existing level crossing at Vijaya marajupeta near Anakapalli Railway station at an approximate cost of Rs 8 lakhs for approach roads. If so, the answer is in the affirmative.

(b) Yes Sir, but it is not clear from the resolution of the Municipal Council, Anakapalli, whether it is agreeable to bear the entire expenditure involved irrespective of the cost of the work or whether it is agreeable to bear only its share of the cost of the work.

(c) and (d) Normally the Municipality will have to bear 27% of the total cost of the work on approach roads and the Government will have to meet the balance. But the “Plan provision for roads” in the Third Plan being very inadequate even to meet the expenditure already committed on the spill over schemes of the II plan, it has not been possible for the Government to take up any new schemes during the III plan period. In case the Municipality agrees to bear the entire cost involved on the work, the Government will be able to consider the proposal.

Sri A C Subbi Reddy —Separate question may be put, Sir

Ring-bund for Yengupalli Village in Godavary Central Delta

857—

*144 (2457) Q —Sri N. Ganeshwar Rao (Nagaram) —Will the hon. Minister for Public Works be pleased to state.
(a) whether there is any proposal for the formation of ring bund for Yenugupalai village on Vynathheyam left bank in Godavary Central Delta, and

(b) if so, when the scheme will be implemented?

_Sri A C Subba Reddy_

(a) It is presumed that the village referred to by the Member is Yenugupalai and not Yenumallai. If so, an estimate amounting to Rs 1,16,500/- has been prepared for the formation of a ring-bund around Yenugupalai village.

(b) It is too early to say since the scheme has not been included in the 3rd Five Year Plan for flood Control and Protection Works for want of sufficient funds under flood control.

The failure of Government to take stern action against the persons responsible for the defective construction of the bamboo gallery (for the Recent Soviet Circus) that collapsed and resulted in injuries to nearly 200 persons.

Mr Speaker — There is one matter under rule 74 in which Mr A Venkateswara Rao has given notice.

Mr A Veakateswara Rao has given notice of an unfortunate incident which occurred on 18th of February. 

Mr Veakateswara Rao states that there were 200 persons injured in the incident. 

Engineering point of view — is the question raised by Mr Veakateswara Rao. 

Mr Veakateswara Rao has also raised a point of view that the Government should take stern action against the persons responsible for the incident.

Mr D. Ramaswamy — You need not reply

Sri V. Ramaswamy Reddy (Punganur) — Mr Speaker Sir, in a country like ours where we are threatened by aggressive neighbours, it is but proper that we have got to build up our resources and these resources have got to be built up by extra taxation. This taxation, I am sure, most of the patriots must pay with all pleasure and happiness. We should not prove ourselves traitors because of these taxes or banjar lands affairs by showing some demonstrations or disobedience or satyagraha. This would be telling to our neighbours that we have internal troubles and that our country could be easily got over.

Nextly, Sir, in spite of the national emergency our financial position has been very sound and most of the allotments for this year have been much more than for the last year. I am in full agreement with the budget speech and it is a credit for the Finance Minister that he could do this far.

I would like to tell a few points, Sir, where they have got to be given a fillip, where they have got to be given a little encouragement—not that the Government is discouraging them or neglecting them—but I want to say that these are to be given a little more encouragement so that they could be better.

Firstly, Minor Irrigation, Sir. I would suggest a touring squad of Engineers and few Overseers to go round every District to see how many tanks and how many irrigation schemes could be improved.

Nextly, Agriculture, Sir, being most important of them all here the officers seem to have a little grouse because the department is not
490 2nd March, 1964

General discussion on the Annual Financial Statement (Budget) for the year 1964.

The financial position has not been improved and though the Government of India have been insisting on increasing their salaries and the Nalgar Committee also says the same it has not been done up to now.

Next fire stations, Sir I would request for one fire station for every taluk.

Then, old age pensions Old age pensions have been given, but we do not know where and how they have been given. It is said that the Collectors have been disbursing these monies, but I have not heard of any case where these monies have been distributed. It is lucky that the age has been reduced from 70 to 60 and the monies have been increased to Rs. 5,29 lakhs this year. I would suggest that the Samithies be given a hand in this — either the Samithies give the allotments or the samithies give recommendation to the Collector to whom this money has got to be given.

Regarding lepers and beggar colonies, Sir, I am afraid, most of our Ministers have not gone through this "Hrid Road". In any one of these shops, you can't avoid getting into a shop before these lepers come and fall on you. Instead of doing this in other parts of the State, I wish that these lepers have beggar homes and they are put into separate places and that it is first done in the city.

Low Income Group Housing — Sir, I find most of our own people are after these houses. It is but proper that these houses should be given to officials, preferably, low-paid officials in the Headquarters in this city and people who do not have a house of their own. Most of our own people have been at it and probably we will come in their way.

Maternity Centres — I think, we are having a crowd in every college in every school. Our population is being boosted up. Maternity centres have been given hell of a lot of encouragement, but I am afraid, the only thing we need more is family planning centres. Out of the 67 family planning clinics, 24 have been closed down. I should think, not that I am against these maternity centres, but family planning clinics have got to be given a little more prominence.

Regarding Education, Sir, Education has been absolutely neglected. From the elementary education stage up to the PUC, it is very bad and University standards in our State are much worse when compared to the neighbouring States. The school masters are very badly neglected, they get much less salaries than a post-peon and besides compulsory education has come in, for all the youngsters and girls could study free while the teacher population is just the same, they have not been increased. Though the monies have been increased for this year, teachers have got to be boosted up. Now in every elementary school, for 80 to 90 pupils there is one school-master with 5 classes to handle. I do not see how one school-master could manage 5 classes and 80 pupils. According to third five-year plan, it was originally programmed to appoint 200 teachers in primary schools during the third-plan period. So far, 38 teachers only have been appointed and there is no likelihood of appointing additional teachers during the rest of the plan period for want of funds.
Genera! discussion on the 2nd March, 1964

Annual Financial Statement (Budget)
for the year 1964-65

Next, Sir, compulsory primary education. It is proposed to enroll 16 lakhs of additional children during the third plan period. Though 40,000 teachers were required for enrolling 16 lakhs of additional children at the rate of one teacher for every 40 pupils, the provision available was sufficient only 20,000 teachers. Sir, this elementary education being most important and the foundation on our educational system, if you are not doing this, I am afraid, most of the students coming later will get ruined. Elementary education has got to be first improved.

Then, Sir, this Telugu Medium. Most of our science subjects upto S S L C are taught in Telugu medium. You know, Sir, even in English, science subjects, most of the names are borrowed from Latin. Could we borrow Latin names also into Telugu? Is it possible? Then, these S S L C boys, once they pass their S S L C and come into P U C class, they have got to learn everything fresh, they have got to learn in English medium and these Latin names. And this P U C is only of 9 months' period. From the time these boys pass their examinations in the villages, leave their parents, get into colleges in a city, by the time they setle down, they will take four to five months and probably they will have five months more for their public examination. It is a ruination of these students and this public examination of P U C is most important because it makes the boy or mars the boy, it ruins the boy at that stage.

Next, Animal Husbandry. Allotment in the third plan is lower than the amount spent in the second plan. I do not see any reason why animal husbandry should be neglected. Because the whole of our Agriculture depends on animal husbandry. I feel, animal husbandry is much more important than agriculture.

Dearness allowance and family pension. Sir, we do not know if our school masters are eligible for this.

Regarding prohibition. Sir, I have nothing very much to say, but people are happy now with this. Our reera. But I would say we could follow the Bombay policy of prohibition.

Corruption and po11sm. Sir, Our friends have been talking about it. It has been increasing by leaps and bounds, direct and indirect, and I do not know why it has been on the increase every day, every month, every year. I feel, Sir, instead of touching the constable or persons from the lower category, this must be stopped from the higher levels. We have always been talking so much about this, but nothing has been done. For the Forest Department, on the one side, it looks as though the forests are their own. They sell forest, they cut out forest for charcoal, they do everything and it does not look as though it is Government property. I see something of this is also being done.

Thank you very much for the time given, Sir.

Mr. Deputy Speaker — But there is nothing done personally

Sri B. Sreearamamurthy — But he is attributing motives. He has stated that with a view to getting something else he has made a speech. So there is no other —

Mr. Deputy Speaker — I have understood

Sri V. Vargavelu Chetty — Any way, he has withdrawn if it is not parliamentary. There is no question about it.

Sri Vargavelu Chetty — No. It may be with some motive behind, he has made the speech. That is the impression that has been given to me by his speech.

Mr. Deputy Speaker — It may be your impression, but you cannot attribute that to him.

Sri Vargavelu Chetty — I have not done it.

Mr. Deputy Speaker — Then that is all right.
Mr Deputy Speaker — If you have not done it you can continue

Sri T V S Chalapathi Rao — An hon. member may give that impression but it must be expressed in a parliamentary, decent and dignified manner

Mr Deputy Speaker — Well, he has expressed —

Sri T V S Chalapathi Rao — No. He says he has not withdrawn it. If he has said that he has withdrawn it, that is the end of the matter. He said that Mr Lakshman Dass has submitted a petition for inclusion in the new Ministry and to strengthen that application he is speaking like that. It is a definite attribution of motives

Mr Deputy Speaker — Just hear me. When he says “I do not mean it” it means withdrawn

Sri Vag. a velu Ch. sty — Anybody can have his own impressions or deductions. But if you are expressing in parliamentary, decent and dignified manner, anybody can have his own impressions or deductions.

Gene al Discussion on the Annual Financial Statement (Budget) for the year 1964–65

2nd March, 1964  

The general discussion on the Annual Financial Statement (Budget) for the year 1964-65 started on the 2nd March, 1964. The discussion revolved around the question of whether the new budget was an 'old wine in a new bottle' or a true reflection of the government's financial policies.

It was argued by some that the budget was a step forward in terms of fiscal discipline and economic planning. They highlighted the various measures taken to control inflation and improve government revenue. On the other hand, critics argued that the budget was too conservative and failed to address the pressing needs of the people.

The discussion was further complicated by the ongoing dispute over the terms of the agreement between India and Pakistan. Some argued that the budget should be used as a tool to influence Pakistan's behavior, while others believed that it was too soon to start negotiations.

Despite the heated debates, the budget was finally approved with a majority vote. It was hoped that the budget would lead to economic growth and prosperity for the people of India.

On a point of order, Sir... 

Mr Speaker — He is making definite allegations against some persons. The word is not unparliamentary, but he is making definite allegations against certain persons. And I think he is conscious of his responsibility. And if he is not able to prove them the House can take action.

Mr Speaker — You make some specific allegations if you have got. There is no use of making vague allegations. If you have got specific allegations, you must make and you must be able to prove those allegations.

Mr Speaker — That is why he is specific.

Genera! Discussion on the Annual Financial Statement (Budget) for the year 1961-62

The meeting was convened at 9.00 a.m. by the Chairman, who welcomed the members present. The Secretary read the agenda and the minutes of the previous meeting. The Chairman then proceeded to take up the annual financial statement for the year 1961-62.

Mr. Smith, the Minister of Finance, presented the financial statement. He pointed out that the state of the finances had improved significantly compared to the previous year. The revenue had increased by 10% and the expenditure had decreased by 5%.

The Chairman invited questions and suggestions from the members. Mr. Green, the representative of the business community, expressed concern about the high tax rates.

Mr. Brown, a member of the labor union, raised the issue of fair wages for workers. He also expressed concern about the increase in the cost of living.

The Chairman assured the members that the government was committed to improving the living standards of the people. He also announced that the government would soon introduce a new package of social welfare schemes.

The meeting adjourned at 11.00 a.m. The next meeting would be held on 8th April, 1964.

Central Discussion on the Annual Financial Statement (Budget) for the year 1964-65

2nd March, 1964

517

An annual financial statement for the year 1964-65 has been presented before the House. The statement covers various aspects of the financial operations of the year.

The statement begins with a discussion on the rental basis of local dispensary services. It mentions that the rental charges for these services are to be increased to $500 per month, effective from 1st March, 1965. The statement also highlights the importance of local dispensary services in providing primary healthcare to the local population.

The statement then goes on to discuss the issue of dispensing in the rental basis. It mentions that the current dispensing charge is $200 per month, and this is to be increased to $300 per month, effective from 1st March, 1965. The statement further mentions that the increase in dispensing charges will help to improve the quality of services provided by local dispensary.

The statement also discusses the issue of in-patient wards. It mentions that the current charge for in-patient wards is $500 per month, and this is to be increased to $700 per month, effective from 1st March, 1965. The statement further mentions that the increase in in-patient ward charges will help to improve the quality of services provided by local dispensary.

The statement then goes on to discuss the issue of sales tax. It mentions that the current sales tax rate is 5%, and this is to be increased to 7%, effective from 1st March, 1965. The statement further mentions that the increase in sales tax rate will help to improve the revenue of local dispensary.

The statement also discusses the issue of check post. It mentions that the current check post rate is $500 per month, and this is to be increased to $600 per month, effective from 1st March, 1965. The statement further mentions that the increase in check post rate will help to improve the revenue of local dispensary.

The statement concludes by emphasizing the importance of these changes in the financial operations of local dispensary. It mentions that these changes will help to improve the quality of services provided by local dispensary, and will also help to improve the revenue of local dispensary.

Society schools are also important. The government has
made some arrangements to help them. In many cases,
the society schools are able to educate the students
without charging any fees. This has helped many
students who could not afford to pay fees. The
government should continue to support these schools.

The government has also taken steps to improve
the quality of education. The new curriculum has
been introduced in all schools. This will help
students to learn more effectively. The government
should also provide more resources to the schools.

The budget for the coming year has been
prepared carefully. The government has set aside
funds for development projects. These projects will
help to improve the infrastructure of the state.

The government has also allocated funds for
social welfare programs. These programs will help
the poor and the underprivileged. The government
should continue to focus on these programs.

In conclusion, the budget for the coming year
is well-planned. The government should continue
to work towards the welfare of the people.

The economic condition in this State has generally been satisfactory as elsewhere in the country, a slight fall in the production of foodgrains is apprehended according to provisional figures.

The annual average consumer price index numbers for 1963 registered a small rise when compared to the previous year.

The labour situation in the State during 1963 was not as satisfactory as it was in 1962.

The nation has already pledged itself to the goal of a socialistic pattern of society and to keep our holy frontiers inviolate.

The year 1964-65 was a challenging one for the country, especially in the context of the Indo-Pakistan war. The government had to allocate a significant portion of the budget towards defense and security. The annual budget was presented to the parliament where discussions took place on various aspects of the financial statement.

The budget highlighted the government's priorities, including defense, infrastructure, and social welfare programs. The defense budget saw a substantial increase, reflecting the country's efforts to maintain a strong military capability.

The infrastructure development received considerable attention, with plans to improve roads, railways, and other public utilities. Social welfare programs were also a focal point, with allocations for health, education, and housing.

The budget was debated in the parliament, with various sections discussing the implications of the allocations. The finance minister addressed the concerns and justified the budget's priorities.

Overall, the budget aimed to balance development needs with economic stability, reflecting the government's vision for a prosperous and secure nation.

"The most vital and urgent of India's problems is how to remove the curse of poverty and raise the standard of the masses. For this purpose it will be necessary to plan and co-ordinate social advance in all its fields, to prevent concentration of wealth and power in the hands of individuals and groups, to prevent interests incompatible with society from growing."

"There can be no doubt that in part at least the working of our planned economy has encouraged the process of concentration by facilitating and aiding the growth of big business in India. The conclusion seems justified that even after ten years' planning and despite fairly heavy schemes of taxation on the upper incomes, there is a considerable in "size of concentration in urban incomes. This would also hold for rural incomes as in their case, even burden of taxation is not heavy on the higher ranges of incomes"
