*958 (2396) Q — SRI K. SESHASAYI APPALANAI [Put by SRI VENILALA GOPAL KR SHAIKH (SVITAMPALLI)] — Will the hon. Minister for Revenue be pleased to state:

(a) the action taken by the Government on the petitions and telegrams sent by the ryots during November 1962 to the Chief Minister and Revenue Minister stating that Sri Kambu Raminaidu, Deputy Munisff of Sankili Village, Palakonda Taluq, Sriakulam District had embezzled thousands of Rupees of Government land revenue collections,

(b) the reasons why the Munisff, Sankili, was allowed to join duty even before the completion of the investigation though he was placed under suspension till the completion of the investigation,

(c) whether it is a fact that the District Collector cancelled the suspension order passed by his predecessor, and

(d) if so, the reasons therefor?

The Minister for Revenue (SRI N RIMACHANDRA REDDY) —

(a) The Collector, Sriakulam has been requested to enquire into the matter

(b) to (d), The Village Munisff was first kept under suspension by the Revenue Divisional Officer Parvatipur for neglecting collection work. These orders were stayed by the Collector, Sriakulam. The Village Munisff was again placed under interim suspension by the Revenue Divisional Officer, Parvatipur pending enquiry into charges of misappropriation. As enquiry into this case could not be finalised early the Collector allowed the Village Munisff to join duty as he considered that the interim suspension order should not be continued indefinitely. The case was finalised later and the Village Munisff was dismissed from service. The amount misappropriated was Rs 212-28 NP

Mr Speaker —Ultimately he has been dismissed
Sn Vavilala Gopala krishna —No, Sir This is a serious charge
Mr Speaker —He has been removed from service
Sn Vavilala Gopala krishna —But the responsibility is with the Collector —
Sn N Ramachandra Reddy —I do not follow
Sn Vavilala Gopala krishna —He was suspended for the first time. After that the District Magistrate enquired and cancelled his suspension Am I correct?
Sn N Ramachandra Reddy —Yes, yes
Sn Vavilala Gopala krishna —Am I correct? He was suspended for the first time. After that the District Magistrate enquired and cancelled his suspension Am I correct? Preliminary enquiries were made. influences are
Sn N Ramachandra Reddy —Suspension was for an indefinite period. That is why for more than one year he was kept under suspension. That is why the Collector thought it was not proper to keep him long for an indefinite period. That is why stay orders were vacated
Sn N Ramachandra Reddy —For more than one year he was kept under suspension
Sn Vavilala Gopala krishna —Enquiries were made not by the Collector. enquiries were made by the local Tahsildar and the Collector is now enquiring into the matter as to why the Tahsildar delayed the matters
Mr Speaker —I think the members have heard the Minister correctly. What he said was first of course some charges were framed
against him for some irregularities, not for misappropriation, by the Sub Collector. The enquiry protracted for nearly a year or so and then afterwards some cases of misappropriation were also detected against him. So, when the Collector thought that he was being kept under suspension for a long time and since the enquiry was likely to take some more time he allowed him to join duty, but later on some cases of misappropriation were brought to notice and again he was kept under suspension. Ultimately after full enquiry he was removed from service. That is the answer I think he gave.

Why was he not prosecuted for the offence he committed?

Sri N Ramachandra Reddy — Already he has been dismissed from service. I think this is one of the major punishments.

The matter was discussed with the village officer's association, all these matters were discussed threadbare and instructions were issued to the various officers that immediate action should be taken.

సెండిగా స్థానికం ఉండటానికి ప్రస్తావించింది.
Sri P Ramachandra Reddy — Is the Government considering any fixation of time limit to issue this statement of property books and is the Government also considering to issue instructions to Tahsildars to make it compulsory to inspect every village so that every villager or owner of the land will get such certificates?

Sri N Ramachandra Reddy — As I said just now, the question is being examined whether to make it compulsory or not. Now it is voluntary. When we make it compulsory, certainly we will fix a time-limit and see that all these pass books are distributed within a specified time.

Sri N Ramachandra Reddy — That will lead to dual system. It is not possible. Whenever registration is made in Sub-Registrar’s office, these records will be sent to the village officers and they will incorporate all those things.

BUSINESS OF THE HOUSE

Mr. Speaker — We will continue general discussion on the budget

Mr. Speaker — Perhaps you gave it to the Secretary

Mr. Speaker — I have not yet received, I have sent it to the office, I have not yet received it back

Mr. Speaker — Tomorrow I will give my ruling

Mr. Speaker — Such things I send to the office, again they send it to me with the office note

Mr. Speaker — Whenever you give an adjournment motion to me straightaway I cannot give my opinion I will send it to the office and get it examined and then they will put up for orders, that is the practice

Mr. Speaker — What I usually do is this Mr. Sundarayya. Whenever a notice is given I go through it, when I feel that it is a matter of urgent nature, immediately I come to a decision, but if I feel it is a matter that can wait for a day or two I usually send it to office

Sr. P. Sundarayya — If it is not very urgent you will rule it out.
Mr Speaker — I may again consider, I may just consider next day Supposing it is a case where circumstances are very imminent or a case where a calamity has happened involving loss of life or something like that, immediately straightaway I will allow it. After all, in an interval of 24 or 48 hours I don’t think an adjournment motion loses its importance

Mr Speaker — That is what you feel

Mr Speaker — Very good, I will do one thing, hereafter as soon as you give me notice I will go through it and straight away pass orders in your very presence Is that sufficient for you?

Sri P Sundarayya — We don’t want you to pass orders like that. We want that the question should come before the House

Mr Speaker — If I feel it is a case for allowing I will say “Allow it” in your presence straight away, otherwise I may straight away disallow it. I think that will solve the problem.

Mr Speaker — I do agree that all urgent adjournment notices should be disposed of as quickly as possible

Mr Speaker — One thing I can assure the hon Members, it was not intentionally done.

We are not blaming anybody. The adjournment motion has got its own importance and we want that it should be given the importance that is due to it.

In a discussion on the 28th February, 1964, annual financial statement for the year 1964-65, it was announced that the government had incurred a deficit of Rs. 5,000,000. This was because of increased expenditure on defense and development projects.

It was also pointed out that there was a need to increase taxes to meet the increased expenditure. The government had proposed an increase in income tax and corporate taxes.

In response, some members of the parliament argued that the increase in taxes would discourage investment and hinder economic growth. They suggested alternative measures such as borrowing from international organizations.

The president of the parliament, in his closing remarks, emphasized the need for a balanced budget and the importance of fiscal responsibility. He assured the parliament that the government would take necessary steps to ensure the smooth functioning of the economy.

The greatest problem facing the people was that of food
grains production. They were not worried even if the production of
cars was reduced or for that matter all the factories in the country were
closed.

But, if the food problem could not be solved and allowed to

the businessmen and those connected with the grain trade. Then no

Mr. President, Members of the General Council,

In the context of the Annual Financial Statement for the year 1964-65, I would like to draw your attention to the long routes and local services that need to be considered.

The current long routes, which include 120, 40 and 20 routes, are not sufficient to cover the local services. We need to expand our services to cater to the needs of the people.

On the other hand, the local services are not being adequately served. The current number of local routes is not enough to cover the demands.

In conclusion, I urge the Council to seriously consider expanding both the long and local routes to ensure that all areas are adequately serviced.

Thank you.
