   - The Andhra Pradesh (Andhra Area) Tenancy (Amendment) Bill, 1964. [58] —Leave to introduce granted

RP. T.
ORAL ANSWERS TO QUESTIONS

REDUCTION OF ASSESSMENT IN PEDDAPURAM AND PRATHIPADU TALUKS

993—

923-A (1736) Q.— Sri M. Veeraraghava Rao [Put by Sri T. K. R. Sarma Kurnool]—Will the hon. Minister for Revenue be pleased to state:

whether the Government propose to take action regarding the demand for enquiry into the unjust action of the Settlement Officers in the fixation of assessment in Peddapuram and Prathipadu taluks in East Godavari District?

The Minister for Revenue (Sri N. Ramachandra Reddy): There is no such general demand from the ryots of Peddapuram and Prathipadu taluks of East Godavari District for enquiry into the so-called unjust action of the Settlement Officers in fixation of assessment. However, representations from some ryots of Siripuram, Veldurthi and Rayavarem villages were received for reduc-
tion of assessments and the question of bringing down the assessments by reclassification of irrigation source viz., Thimmaraju tank at Siripuram village from class II to class III is under consideration of Government.

(i) **Shri. V. J. Narasimha Rao (Yadadri):** How much is it likely to be reduced in this respect?

(ii) **Shri. G. Venkayya:** The Department of Economics is inquiring into this matter.

(iii) **Shri. V. J. Narasimha Rao:** How much is it likely to be reduced?

(iv) **Shri. S. V. Narasimha Rao:** The Department of Economics is inquiring into this matter.
Mr. Speaker: Mr. Gopalakrishnayya, do one thing. When the Revenue demands come up for consideration, you can speak about this then, because it is of a general nature, and it cannot be answered.

Sri Vavilala Gopalakrishnayya: I entirely agree with you, Sir. We will have an opportunity to discuss. But my request is when a specific question about an irregularity in the Revenue Department has been brought to his notice, he has to give a reply.

Mr. Speaker: What the hon. Minister is saying is that no instances have come to his notice.

Assignment of Land to Displaced Persons in Keelapudi Village

994—

* 1290 Q Sri T. Balakrishnaiah (Satyavedu): Will the hon. Minister for Revenue be pleased to state:

(a) whether any land has been assigned to the displaced persons of Keelapudi village; and

(b) if so, what is the survey number and the extent of the land assigned to them on patta?

Sri N. Ramachandra Reddy:

(a) Yes, sir.

(b) An extent of Ac. 445-13 cents in S.Nos. 138, 143 144 etc. of Keelapudi village, has been assigned to the displaced persons so far.

Sri T. Balakrishnayya: Is it a fact that these lands were already in the occupation of the Harijans of Nindra village? If so, why were those Harijans driven out and the lands given to Keelapudi Harijans?
Sri N. Ramachandra Reddy: I have no information to the effect that any one has been evicted. A portion of the land was assigned only to the displaced persons.

Q. Sir. Somashekar (Koratla): Are displaced persons affected? Is any one being evicted?

A. That is what I said, the matter will be looked into.

Fire accidents in Nellore District

2070 Q. Sri K. Guruswamy Reddy (Kanigiri): Will the hon. Minister for Revenue be pleased to state:

(a) the number of villages which were affected on account of fire accidents in Kanigiri, Kandukur, Podili and Darsi taluks of Nellore District from January 1962 to the end of August, 1963;

(b) the number of deaths of human beings and cattle on account of the said fire accidents;
(c) the total amount of loss that resulted thereby; and
(d) the aid rendered by the Government to the victims?

Sri N. Ramachandra Reddy:
(a) 114.
(b) Human beings ... 9
    Cattle ... 20
(c) Rs. 8,65,367/-
(d) Rs. 55,895/-

I will pass this on to the concerned Department to look into the matter.

Mr. Speaker: There is another question regarding the same matter. ...That question is coming up shortly. The Home Minister will reply. That is, with regard to the opening of fire stations in villages.
It is only an exception. Will the hon. Minister kindly go into it and see that necessary things are done?

N. Ramachandra Reddy: I have no objection to go into the matter again if specific instances are brought to my notice. The discretion lies with the Collector, and the Collector uses his discretion after making spot-inspection.
Sri N. Ramachandra Reddy: If the hon Member writes to me where this incident has taken place, certainly I will take necessary action to see where the delay is.

(i) The Landless Poor to the Collector of the District where the incident of the material has taken place, all the material which has been allotted is not being distributed, what steps are being taken?

(ii) According to the G.O. the landless poor will be allotted material, it is not being distributed to the applicants, why so?

(iii) According to the G.O. the collector will collect the statistics of the various districts. If it is found that Collectors
are paying only Rs. 30, I have no objection to look into the matter and review the position.

**SUPPLY OF ELECTRICITY TO GOPEPALLI AND NALLAMADA VILLAGES**

996—

*137 (2322) Q.—Sri Y. Papi Reddi (Nallamada)—Will the hon. Minister for Public Works be pleased to state:

(a) when the work of constructing the electricity lines (i) from Kadiri to Nallamada; (ii) from Kadiri to charupalli in Anantapur District will be taken up;

(b) the estimated amount of expenditure for each of them; and

(c) the names of the villages included in each of the schemes?

*The Minister for Public Works (Sri A. C. Subba Reddy):*

a) The matter relates to the Andhra Pradesh State Electricity Board. The works have been sanctioned by the Board and will be taken up for execution when funds are available.

b) The works are estimated to cost as follows:

   i) Extension of supply to Gopepalli and Nallamada villages; and 
      Rs. 4,27,500
   ii) Extension of supply to Vellamaddi, Charupalle and certain other villages — 4,88,507

c) The names of villages included in the schemes referred to, are:

   Scheme: 

   i) Extension of supply to Gopepalli and Nallamada Villages — Gopepalli and Nallamada
   ii) Extension of Supply to Vellamaddi, Charupalle and certain other villages.

   Villages included:

   — Gopepalli
   — Nallamada
   — Vellamaddi, Erraduddi, Chippalampadugu
   — Charupalli
   — Naga-reddipalli
2645 Q. — Sri N. Venkataswamy (Put by Sri M. Pitchayya) : Will the hon. Minister for Public Works be pleased to state :

(a) whether the technical clearance has been given by the Central Water and Power Commission for the construction of Srisailam and Pochampad Projects; and

(b) if so, the conditions that are imposed, if any?

Sri A. C. Subba Reddy :

(a) and (b) : An official communication is expected shortly.
10 9th March, 1964 Oral Answers to Questions

Sri A. C. Subba Reddy: This is all one scheme. That is why they expect to give it (sanction) (all, at one time). That is why I said...

The Agricultural Officer says that the canal crop pattern looks satisfactory. The main points are two points—
(1) canal
(2) dam. Dam major issue. Major dam sanction involves canal problem. The dam is delayed?

A. R. Risr:- This is all one scheme. That is why they expect to give it (sanction) (all, at one time). That is why I said...

Oral Answers to Questions

**1.** Hon. Minister for Public Works be pleased to state

(a) whether it is a fact that there are still some cases of workers in the Highways Department, Ongole Division, who have not yet been paid their gratuity amount even though they retired during 1955-56;

(b) whether it is a fact that those workers who were made permanent in the year 1956 in the above division are not yet brought under provident fund scheme; and

(c) if so, the reasons therefor?
Sri A. C. Subba Reddy:

(a) No, Sir. No gratuity case relating to work-charged establishment in Ongole Division is pending payment.

(b) & (c) With reference to the order issued in G.O. Ms. No. 1968, P.W.D., dated 11-8-1960, the provincialised maistries of Highways Department are eligible to the C.P.F. Scheme. No provincialised maistry has, however, been till now admitted to the C.P.F. Scheme, pending certain clarifications sought for by the Accountant General in regard to the maintenance of the C.P.F. accounts pertaining to them. The Government have since issued orders in G.O.Ms.No.2523, P.W.D., dt 27-12-1963 in regard to the maintenance of the C.P.F. accounts of the work-charged establishment of the Highways Department by the Divisional Officers on the analogy of the orders issued in the case of the work-charged establishment of the P.W.D.
employees, "No" whether. "No" under consideration "No".

\( \text{Q9th March, 1964 Oral Answers to Questions} \)

whether it is a fact that there are still some cases of work-charged establishment in the Highways Department in Ongole division who have not yet been paid gratuity amount even though they are retired during 1955-56; for that the answer is "No". For the others who are in service I said that the latest orders are there and they will be paid.
FLOOD CONTROL

999—

* 2294 Q—Sri V. Visweswara Rao (Put by Sri Vavilala Gopalakrishnayya):—Will the hon. Minister for Public Works be pleased to state:

(a) whether any additional grants are being sanctioned by the Government to the Panchayat Samithis and Zilla Parishads for the purpose of flood control for the year 1962-63 and 1963-64; and

(b) if so, the amount allotted for Zilla Parishad of Krishna District?

Sri A. C. Subba Reddy:

(a) No, Sir.

(b) Does not arise.

1. 2. Is it true that: The flood funds centre does allot the pre-assessment. The community assessment should be within a limit, viz., 5-10 lakhs. If the community feels that the statistics is low, does not arise?

2. 3. Is it true: There is a committee to decide this question. The priority of the cases that require assistance is given. If they are more than certain amount i.e. 5-10 lakhs, the statistics centre is notified.
Sri A. C. Subba Reddy: The question is vague, Sir. I want the definite place about which he wants that information.

Sri A. C. Subba Reddy: Flood control can be done with different criteria. Is the level in the flood control major?

TANK AT THATIMAKULAPALLE

1000—

*2326 Q.— Sri C. D. Naidu (Put by Sri P. Narayana Reddy): Will the hon. Minister for Public Works be pleased to state:

whether there is any proposal to construct a tank at Thatimakulapalle, Chittoor Taluk and District?

Sri A.C. Subba Reddy: No, Sir.

CAUSEWAY ON RIVER PENNAR AT PEDDAMANTHUR VILLAGE

1001—

*2528 Q.— Sri G. Narasimha Reddy (Put by Sri G. C. Venkanna): Will the hon. Minister for Public Works be pleased to state:

(a) whether any estimate has been prepared to construct a causeway on River Pennar at Peddamanthur village of Penukonda Taluk, Anantapur District; and

(b) if so, the estimated amount and when the work will be started?
Sri A. C. Subba Reddy:

(a) No, Sir.

(b) Does not arise. Owing to paucity of funds, there is no scope of taking up this work in the near future.

YARRAVANKA KALVA SCHEME

1002—

*2333 Q.— Sri P. Narayana Reddy: Will the hon. Minister for Public Works be pleased to state:

(a) what is the amount so far spent under famine relief work for Yarravanaka Kalva Scheme (L.S.P. right side channel) Badvel Taluk, Cuddaph District;

(b) what is the ayacut under the said Scheme;

(c) what are the reasons for the delay in implementation of the scheme; and

(d) will the Government take immediate steps and complete the work?

Sri. A. C. Subba Reddy:

(a) An amount of Rs. 19,820/- was spent against the estimated amount of Rs. 21,950/-

(b) 450 acres.

(c) The scheme has to be investigated in detail.

(d) The work will have to be taken up after all the formalities are completed.

Sri. B. R. Chowdary: L. S. P. water surplus schemes have to be investigated in detail. Water surplus schemes have to be investigated in detail. Water surplus schemes have to be investigated in detail.
MINOR PORT DEVELOPMENT BOARD

1003—

*2462 Q.— Sri P. Bapaiah [Put by Sri P. Gunnayya (Kothuru)]: Will the hon. Minister for Public Works be pleased to state:

(a) whether the Minor Port Development Board established by the State Government is functioning at present;

(b) if so, the number and names of the members of the said Board;

(c) whether any suggestions have been made by the Committee regarding the development of Minor Ports; and

(d) if so, whether the said suggestions will be placed on the Table of the House?

Sri A. C. Subba Reddy:

(a) Yes, Sir.

(b) (c) & (d) A paper is placed on the Table of the House.

PAPER PLACED ON THE TABLE OF THE HOUSE

(b) 27 in number including Chairman and the Secretary and Official and the non-official members. The following are the names of the members:

Chairman:

1. Minister incharge of Communications, A. P. (ie. M (PWD)).

2. State Port Officer, A. P., Kakinada.

(Representing interests of Development of ports Konaseema Development Committee, Amalapuram.)

20. Sri U. Upendragupta,  
Representing Vadarevu Port Development Committee, Chirala.

21. Sri V. Kodandarama Reddy,  
Thotapalligudur, Nellore District  
(Representing Interests of Development of Ports.)

22. Sri N. Bhaktavatsalam M.A., LL.B.,  
Member, National Harbour Board, Masulipatnam  
(Representing Interests of Development of Ports)
23. Sri Kancherla Sreeramamurty, M.L.A.,
Seetharamaswamy Temple Street, Visakhapatnam.

24. Sri Dantu Bhasker Rao, M.L.A.,
Dantuvari Street, Kakinada

25. Sri M. M. Hashim, M.L.A.,
House No. 11-3-835,
Mallepally, Hyderabad.

(C) & (D):- The A. P. Minor Ports Development (Reconstituted) met at its first meeting on 29-4-63 at the Port of Vaderu in Guntur Dist. under the Chairmanship of the then M (Bldgs. & Commns.,) and discussed and reviewed issues relating to the several minor ports in A. P. Among the more important suggestions made by the Board were (1) expediting action in consultation with the Govt. of India for the construction of Pier Project at the Port of Vadarevu at an estimated cost of Rs. 37 lakhs.

(2) that the construction of Bridge across the Buckingham Canal at the port of Krishnapatnam be expedited.

(3) that subject to concurrence of the Director General of Lighthouse, New Delhi. Construction works regarding Lighthouse in the ports be taken up the Port Department, Engineering staff with a view to avoid delay.

T. N. Kapoor,
Deputy Secretary to Govt.

ప్రతిసామ్యం: ఉష్ణమండలం వింగరు పటక ప్రాంతం, పిందిత ప్రాంతాలు ఉష్ణమండలం

"That the construction of bridge across the Buckingham canal at the Port of Krishnapuram be expedited subject to the concurrence of the Director General of Lighthouse."
Light Houses, New Delhi, construction works regarding light houses in the ports be taken up by the Ports Engineering staff with a view to avoid delay.

Delay in the works of plans, estimates, foreign exchange allow 20 months. Improve the action in consultation with the Government of India for the construction of port of Wadarevu.
Exactly what progress is made during this year?

(a) Fifty seven, Sir.

(b) As had been mentioned by the Finance Minister of the State, in his speech winding up the budget discussions before this House, in March 1962, it is the intention of Government to establish a fire station at the headquarters of each taluka in the State. At present only 44, out of a total of 172 taluka headquarters in the State, are served by fire stations. Having regard to the present state of the State Government's finances and the huge expenditure involved in establishing each fire station—(about a lakh out of which Rs. 76,950/- will be non-recurring and Rs. 21,500/- will be
recurring)—it will take a number of years before even this ideal could be realised. The establishment of a fire station at the headquarters of each Panchayat Samithi, however desirable it may be, must, therefore, necessarily remain a distant ideal at present.

(i) Sir. Kambhampati: Are fire-stations established everywhere?

(ii) Sir. M. Venkaiah: How long will it take to establish 10 fire-stations everywhere?

(iii) Sir. Ramesh: Why are fire-accidents on the increase?

(iv) Sir. M. Venkaiah: What measures are being taken to control fire-accidents?
Oral Answers to Questions 9th March, 1964

1. In respect of the recent fire accidents which have occurred in the state, the following questions were asked in the Assembly:
   1. Is it true that the fire station at B was brought over from the United Kingdom? What is the urgency of this matter?

2. In respect of the recent fire accidents which have occurred in the state, the following questions were asked in the Assembly:
   1. Doesn't the fire station at A have a priority list for accidents? If so, how many priority numbers are there?

3. In respect of the recent fire accidents which have occurred in the state, the following questions were asked in the Assembly:
   1. Doesn't the fire station at B have a priority list for accidents? If so, how many priority numbers are there?
Sri P. V. Narasimha Rao: What is the answer, Sir, that I can give for that? I have already submitted.

Sri P. V. Narasimha Rao: I shall make a note of it and send it on.

FIRE STATION AT DABALU KOThAVALASA VILLAGE

1005—

* 3120 Q.—Sri K. Appala Naidu (Put by Sri P. Narayana Reddy): Will the hon. Minister for Home be pleased to state:

(a) whether the Government are in receipt of any representation from the residents of Dabalu Kothavalasa village, Visakhapatnam district during 1962–63 for the establishment of a fire station; and

(b) if so, the action taken by the Government thereon?

Sri P. V. Narasimha Rao:

(a) No, Sir.

(b) Does not arise.
COMPLAINTS AGAINST THE MUNSIFF MAGISTRATE AT KHAMMAM

1006—

* 2915 Q.—Sri N. Prasada Rao: Will the hon. Minister for Law be pleased to state:

(a) whether any complaints have been received against one Sri Sira Hind Kishore, Munsiff Magistrate during his service at Khammam?

(b) the names of the complainants;

(c) the nature of the complaints;

(d) whether enquiry has been made on the said complaints;

(e) if so, the name of the person who conducted investigation and his designation;

(f) the findings of the enquiry; and

(g) the action taken thereon?

Sri P. V. Narasimha Rao: The enquiry is now at a crucial stage and it would not be desirable to divulge all the details of the enquiry. I may submit to the House that the officer is being suitably dealt with at the departmental level.

I have got all the information. I would promise to the hon. Member that after the enquiry is complete, I will see that the information is sent to him personally.

Crucial stage enquiry prejudice.
Sri P.V. Narasimha Rao: Yes, Sir. That is not going to take a long time.

(Question)

REST HOUSE ON UDAYAGIRI HILL

1007—

* 738 (3872) Q.—Sri K. Ramaiah Chowdary (Nandipad): Will the hon. Minister for Agriculture be pleased to state:

(a) whether the rest house on Udayagiri hill has been demolished; and

(b) if so, whether any proposal is under consideration of the Government to reconstruct the same?

The Minister for Agriculture (Sri A. Balarami Reddy):

(a) Yes, Sir.

(b) The answer is in the negative.

BOTANICAL GARDEN IN ARAKUVALLEY

1008—

* 2441 Q.—Sri Vavilala Gopalkrishnayya:— Will the hon. Minister for Agriculture be pleased to state:

(a) whether the Government of India have suggested to the State Government to organise a botanical garden in Araku Valley; and

(b) if so, the details thereof?

Sri A. Balarami Reddy: (a) Yes, Sir.

(b) Does not arise,
Oral Answers to Questions 9th March, 1964 29

Q1. Are any details available on the question raised by Mr. J. K. about the 'yes' and 'no' answers to questions?

Q2. What is the scientific and cultural research ministry doing in Andhra Pradesh to promote research and development?

Q3. Is there any news item about the scientific and cultural research ministry's initiatives?

Q4. Is there any news about the ministry's activities in Andhra Pradesh?

Q4. The question is: What is the significance of
JAPANESE METHOD OF CULTIVATION

1009—

*2850 Q.— Sri N. Prasada Rao: Will the hon. Minister for Agriculture be pleased to state:

(a) the extent of area in State brought under Japanese method of cultivation during 1961–62 and 1962-63:

(b) the results obtained by this method; and

(c) whether any other country’s method has also been studied by the Government to obtain maximum per acre yield?

Sri A. Balarami Reddy:

(b) On an average it gave an yield of 25 mds. per acre whereas normal yield under local method is 20 mds. per acre.

(c) Chinese method of Paddy cultivation was tried at some Research Stations, and it was observed that this method requires huge investment and the yield is not commensurate with the expenditure.

Oral Answers to Questions

1. What is the current situation regarding the number of applications received? 407 applications have been registered. Private Sector and Public Sector are working towards persuading applicants to register.

2. What categories of staff are considered for the Special Exchange program? Staff of various categories are considered, including those who are crippled people or family members. A separate question on crippled people's family members is also raised.

3. What provisions are made for Special Exchange programs? Age and disability concessions are provided. Road Transport and Exchange District level road transport concessions are also available. Medical examination is necessary before entering the program.

4. What is the status of the medical examination? The examination is conducted at the Exchange District level. It is important to ensure the correct results. A separate question is raised regarding the medical examination results.
EMPLOYMENT EXCHANGE AT SRISAILAM

1011—

*2568 Q.— Sri P. Subbaiah (Put by Sri P. V. Krishna Reddy): Will the hon. Minister for Labour and Transport be pleased to state:

(a) whether the Government propose to start an Employment Exchange at Srisailam; and

(b) if so, when?

Sri B. V. Gurumurthy:

(a) and (b):— A proposal to open an Employment Exchange at the Srisailam project is under consideration of Government and it will take some time to take a final decision in the matter.
EMPLOYEES' STATE INSURANCE SCHEME IN WARANGAL TOWN

(a) the number of workers coming under Employees' State Insurance Scheme in Warangal town:

(b) whether there is any special hospital for them;

(c) if not, whether there is any proposal to provide the same;

(d) if so, the bed strength of the said hospital: and

(e) the location of the said hospital or the place where it is proposed to be constructed?

Sri B. V. Gurumurthy:—

(a) 6,783, Sir.

(b) At present there is no separate hospital for insured workers at Warangal. For in-patient treatment cases are referred for admission to the Mahatma Gandhi Memorial Hospital, Warangal where beds have been reserved for insured workers;

(c) There is a proposal to construct a hospital for the exclusive use of insured workers;

(d) 50 beds:

(e) The hospital is proposed to be constructed near the Industrial area, Warangal.

SCHEDULED CASTE MEMBER IN EMPLOYMENT COMMITTEE

(a) whether there is any proposal under consideration of the Government to nominate a Scheduled Caste member
for each district “Employment Committee” or “Selection Committee” to safeguard the interests of Scheduled Castes; and

(b) if not, the reasons therefor?

Sri B. V. Gurumurthy :

(a) No, Sir

(b) The Government of India, Director General of Employment and Training are concerned with the formulation of the set up of these Committees.

FATAL ACCIDENT IN SINGARENI COLLIERIES

1014—

*2107 Q.— Sri P. Satyanarayana (Put by Sri Vavilala Gopala Krishnayya): Will the hon. Minister for Labour and Transport be pleased to state:

(a) the number of fatal accidents that occurred in the Yellandu group of mines of Singareni Collieries Company between 1-1-1963 to 30-9-1963;

(b) what are the main reasons for the same; and

(c) the steps that have been taken to provide safety measures in those mines to avoid such accidents in future?

Sri B. V. Gurumurthy :

(a) 6 (six), Sir.

(b) Due to fall of roof — 5

   Due to explosives — 1

(c) (a) Separate Sirdars have been appointed in the districts in terms of regulation 113 (2) of Coal Mines Regulations, 1957.

   (b) Supervision is being done as frequently as possible by Senior officials.

   (c) The Manager has been assisted by at least one First Class and five Second Class Assistant Managers.
(d) Safety Officer has been appointed as required by Chief Inspector of Mines.

(e) Workers are being educated in ‘Safety methods’.

(f) Safety workers are being celebrated from time to time in order to make the workers alive to safety measures.

Oral Answers to Questions 9th March, 1964

Tirupati Cotton Mills, Renigunta

1017—

*3047 Q.—Sri P. Satyanarayna (Put by Sri Vavilala Goplakrishnayya) : Will the hon. Minister for Labour and Transport be pleased to state:

(a) whether the Tirupati Cotton Mills, Renigunta was inspected by the Labour Inspector in November, 1963:

(b) whether the Inspector has reported any irregularities in the implementation of Labour laws by the Management and if so, what are they; and

(c) the steps taken by Government to rectify the same?

Sri B. V. Gurumurthy :

(a) Yes, Sir. The Mills was inspected by the Inspector of Factories on 31–12–1963.

(b) Yes, Sir. The following irregularities under the Factories Act and Rules were noticed:

1. Non-provision of guards for gear drive and belt drives of the binding Press, carding and warping machines.
2. Non-provision of sleeveguard to the shaft of the beater drum of willow machine.
4. Non-provision of canteen & rest-rooms with drinking water facilities.
5. Non maintenance of leave register in the prescribed form and non-supply of leave cards to workers.

(c) The Inspector of Factories has issued an inspection order for immediate compliance.

The rectification or otherwise of the irregularities pointed out will be checked by the Inspector of Factories on his next inspection and suitable penal action will be taken by the Factories Department if they are not rectified by the Management.

Mr. Speaker: Questions and answers are over.
ANNOUNCEMENT

re: REPORT OF THE REGIONAL COMMITTEE ON APPOINTMENT OF TEACHERS OF ZILLA PARISHAD SCHOOLS IN THE ZILLA PARISHADS.

Mr. Speaker: I am to announce to the House that the Report of the Regional Committee on appointment of teachers of Zilla Parishad Schools in the Zilla Parishads as adopted by the committee has been placed on the Table of the Andhra Pradesh Legislature Library. The printed copies will be distributed to the members when they are ready.

BUSINESS OF THE HOUSE

Mr. Speaker: There is one privilege motion which Sri S. R. Datla has given notice of.

Sri K. Brahmananda Reddy: Nobody who has given notice is present in the House, Sir.

Mr. Speaker: Even if the person who has moved the motion is not in the House, still I may consider that and straight away refer it to the Privileges Committee.

Sri K. Brahmananda Reddy: I want some time to get the information.

Mr. Speaker: We will have it day after tomorrow. Ordinarily one copy should be sent to the concerned Minister, one to me and one to the Secretary.

There are three matters under Rule 74. The first is regarding the police firing on 27th January 1964 at Maddipalli village, Tadpatri taluk, Anantapur district.
CALLING ATTENTION TO MATTERS OF URGENT PUBLIC IMPORTANCE

re: POLIC FIRING ON 27TH JANUARY 1964 AT MADDIPALLI VILLAGE, TADPATRI TALUQ, ANANTAPUR DISTRICT.

...
Calling Attention to Matters of Urgent Public Importance

re: Police firing on 27th January 1964 at Maddipalli Village, Tadpatri Taluq, Anantapur District.

46 9th March, 1964

Angry and excited by the unexpected murder of a few persons in the village, the R.P.P. workers had gathered for the funeral and during the course of the ceremony the firing started. There were a few wounded persons but the firing was justifiable as the R.P.P. workers were threatening the cause of justice with violence.

Calling Attention to Matters of Urgent Public Importance  
9th March, 1964

re: Failure of Crops Due to Drought Conditions in 1963 and Hardships on Account of Intensive Drive for Land Revenue Collection.

Mr. Deputy Speaker: Sri K.V. Narayanaswamy to call the attention of the Minister for Revenue regarding the failure of the crops due to drought conditions in 1963 and hardships on account of intensive drive for land revenue collection.

Mr. K.V. Narayanaswamy: The failure of crops due to drought conditions in 1963 and hardships on account of intensive special drive for land revenue collection.

Mr. Narayanaswamy: The failure of crops due to drought conditions in 1963 and hardships on account of intensive drive for land revenue collection.

Mr. Narayanaswamy: The failure of crops due to drought conditions in 1963 and hardships on account of intensive drive for land revenue collection.

Sri N. Ramachandra Reddi: Mr. Speaker Sir, though the notice is in general terms and appears to refer to the
situation in the entire State, it is presumed that the hon. Member wants to have information about Podili Taluk, Nellore District, in particular. A report has, therefore, been obtained from the Collector of Nellore regarding the condition of crops in Podili Taluk and the need to sanction remission of assessment and other reliefs, if any. The Collector has reported that the Revenue Divisional Officer, Kandukur, had reported on 10-1-1964 that the paddy crop in Podili taluk was expected to give normal yield generally, except in a few cases where paddy was transplanted late in the season and the yield was expected to be below normal. Regarding dry crops, the Revenue Divisional Officer reported that garden crops were expected to give normal yield and that rain-fed jonna yielded fairly well. The Collector has stated that even the subsequent reports of the Tahsildar, Podili and the R.D.O. Kandukur have not revealed that there was any failure of crops in Podili taluk. The latest report of the Tahsildar for the week ending 29-2-1964 seems to indicate that Jawar is flourishing well, that irrigated Ragi is in ears and that the rain-fed dry crops are all fair. Paddy crop has already been harvested.

In view of the above facts, the Collector has stated that no proposal for grant of special remission has been submitted. He has, however, indicated that in cases of failure of crops in small extents here and there seasonal remissions will be granted in the normal course under B.S.O. 13.

The Collector has also stated that since there has been no general failure of crops in the taluk, land revenue and loan arrears are being collected.

As regards the general situation in the State, it may be mentioned that as a result of the late and insufficient
Calling Attention to Matters of Urgent Public Importance

9th March, 1964

re: Failure of Crops due to Drought Conditions in 1963 and hardships on Account of Intensive Drive for Land Revenue Collection.

Rains in certain parts of the State, especially in the upland taluks of Srikakulam, East Godavari and Nellore and parts of Kurnool, Warangal, Nalgonda and Mahaboobnagar Districts, wet crops were affected adversely and in certain places, especially in non-delta areas, paddy could not be raised in time. Special reports have been received from the Collectors concerned. An allotment of Rs. 1,10,000 has been sanctioned for East Godavari District for grant of subsidy wells in addition to the number of wells already sanctioned for the district under the new well subsidy scheme, to provide employment to the agricultural labourers in the upland areas. Proposals for remission of assessment in respect of the crops affected by drought condition have been received from the Collectors of East Godavari, Nellore and Warangal and they are under consideration. Collection of Kharif kist in certain parts of Nalgonda District where the crops are reported to have failed, has been postponed till June 1964, pending final assessment of the crop conditions. Final proposals for remission of assessment are awaited from the Collectors of Srikakulam, Kurnool and Mahaboobnagar. Government have been taking a liberal view in all these matters, and in cases of wide-spread failure of corps, they have been sanctioning remission on a liberal scale, viz. full remission where the yield of the crop is 4 annas and less and half remission where the yield is not about 4 annas but 6 annas and less.

As regards land revenue collections, it is an accepted principle that in cases where the crops have failed and remission is proposed, collection of land revenue will be suspended pending final orders on the remission proposals. It need not be apprehended that the District Collectors and their subordinates will harass the ryots in the drought affected areas by pursuing intensive collection drive indiscriminately. If any specific instances of hardship caused to the ryots are brought to the notice of the Government, necessary action will be taken to redress the grievances, if any, according to rules.
BUSINESS OF THE HOUSE

Mr. Deputy Speaker: There is one Calling Attention notice given by Sri G. C. Kondaiah regarding the strife between the students and the Headmaster of the Basic Training School, Mynampadu, Ongole Taluk. The hon. Minister for Education has informed that he has not the full information. This will be taken up on the 17th of this month.

Mr. Deputy Speaker: Is it possible for the hon. Minister?

Sri P. V. G. Raju: How do I know, Sir? I have spoken to Sri G. C. Kondaiah and taking into regard his convenience the matter will be taken up on that particular date.

PAPERS LAID ON THE TABLE

Mr. Deputy Speaker: The Minister for Public Works will lay the paper on the table.

(On behalf of Sri A. C. Subba Reddi, Minister for Public Works, Sri A. Balarami Reddi, Minister for Agriculture, rose to lay the paper on the Table.)

Sri Vavilala Gopalakrishnayya: Sir, I rise on a point of Order. The concerned Minister who was in the House till now should move this.

Mr. Deputy Speaker: General practice requires that the Minister should inform the Speaker of his absence.

(At this stage, Sri A. C. Subba Reddi entered the House.)

Mr. Deputy Speaker: Paper laid on the Table.

On a point of order, Sir. It is a violation of the statute. Section 61 of the Electricity (Supply) Act reads thus:

"61. (1) In February of each year the Board shall submit to the State Government a statement in the prescribed form of the estimated capital and revenue receipts and expenditure for the ensuing year;

(2) The said statement shall include a statement of salaries of members, officers and servants of the Board and such other particulars as may be prescribed;

(3) The State Government shall as soon as may be after the receipt of the said statement cause to be laid on the Table of the House or as the case may be, Houses, of the State Legislature, and the said statement shall be open to discussion thereon, but shall not be subject to vote."
It is evident that it is not placed on the Table of the House.

Mr. Deputy Speaker: I will study it. You please send me that.

Notifications issued in the G. Os under sub-section (1) of section 9 of the Andhra Pradesh Motor Vehicles Taxation Act 1963.

The Minister for Labour and Transport (Sri B. V. Gurumurthi): Sir, I beg to lay on the Table under sub-section (2) of section 9 of the Andhra Pradesh Motor Vehicles Taxation Act 1963 (Act 5 of 1963) a copy in each of the notifications issued in the following G. Os. under sub-section (1) of section 9 of the said Act.

Government Order in which Notifications were issued. Part-I of the Andhra Pradesh Gazette in which the Notifications were published.

GOVERNMENT RESOLUTIONS

re: ELECTIONS TO THE ZONAL RAILWAY USERS' CONSULTATIVE COMMITTEES

Sri A. C. Subba Reddy: Sir. I beg to move:

1. "That as the term of the present members of the Zonal Railway Users' Consultative Committee of the Southern Railway will expire on the 31st March, 1964 and the Committee will have to be reconstituted thereafter, the Southern Railway Administration have requested the Government to 'communicate the name of a representative of the Andhra Pradesh Legislature for the term of its office from 1-4-1964 to 31-3-1966, this Assembly do recommend to the Government to communicate to the General Manager, Southern Railway the name of one member elected by this Assembly to serve on the Committee for the above period (1-4-1964 to 31-3-1966)."

2. "That as the term of the present member of the Zonal Railway Users Consultative Committee of the Central Railway will expire on the 31 March, 1964 and the Committee will have to be reconstituted thereafter, the Central Railway Administration have requested the Government to communicate the name of a representative of the Andhra Pradesh Legislature for the term of its office from 1-4-1964 to 31-3-1966, this Assembly do recommend to the Government to communicate to the General Manager, Central Railway the name of the Member elected by this Assembly to serve on the Committee for the above period (1-4-1964 to 31-3-1966)."

3. "That as the South Eastern Railway Administration have requested the State Government to communicate the names of two representatives of the Andhra Pradesh Legislature to serve (i) one on the Divisional Railway Users' Consultative Committee (Waltair Division) and (ii) one on the Zonal Railway Users' Consultative Committee from 1-1-1964 and 1-4-1964 respectively, this Assembly do recommend to the Government to commu-
nicate to the General Manager, South Eastern Railway the names of the members elected by this Assembly to serve on the Committees aforesaid.”

4. “That as the Southern Railway Administration has requested for the names of two representatives of the Andhra Pradesh Legislature, one for each Division to serve on the Divisional Railway Users’ Consultative Committees for Vijayawada and Guntakal Divisions respectively which will be reconstituted with effect from 1-1-1964 to 31-12-1965, this Assembly do recommend to the Government to communicate to the General Manager, Southern Railway the names of the Members elected by this Assembly to serve on the two Committees aforesaid for the said period.”

5. “That as the Central Railway Administration have requested the Government to communicate the name of the representative of the Andhra Pradesh Legislature to serve from 1st January, 1964 to 31st December, 1965 on the Divisional Railway Users’ Consultative Committee, Secunderabad which was to be reconstituted with effect from 1st January, 1964, this Assembly do recommend to the Government to communicate to the General Manager, Central Railway the name of one member elected by this Assembly to serve on the Committee for the period from 1st January, 1964 to 31st December, 1965.”

Mr. Deputy Speaker: Resolutions moved.

(Pause)

Mr. Deputy Speaker: The question is:

1. “That as the term of the present members of the Zonal Railway Users’ Consultative Committee of the Southern Railway will expire on the 31st March, 1964 and the Committee will have to be reconstituted thereafter, the Southern Railway Administration have requested the Government to communicate the name of a representative of the Andhra Pradesh Legislature for the term of its office from 1-4-1964 to 31-3-1966, this Assembly do recommend to the Government to communicate to the General
Manager, Southern Railway the name of one member elected by this Assembly to serve on the Committee for the above period (1-4-1964 to 31-3-1966)."

2. "That as the term of the present member of the Zonal Railway Users Consultative Committee of the Central Railway will expire on the 31st March, 1964 and the Committee will have to be reconstituted thereafter, the Central Railway Administration have requested the Government to communicate the name of a representative of the Andhra Pradesh Legislature for the term of its office from 1-4-1964 to 31-3-1966, this Assembly do recommend to the Government to communicate to the General Manager, Central Railway the name of one Member elected by this Assembly to serve on the Committee for the above period (1-4-1964 to 31-3-1966)."

3. "That as the South Eastern Railway Administration have requested the State Government to communicate the names of two representatives of the Andhra Pradesh Legislature to serve (i) one on the Divisional Railway Users' Consultative Committee (Waltair Division) and (ii) one on the Zonal Railway Users' Consultative Committee from 1-1-1964 and 1-4-1964 respectively, this Assembly do recommend to the Government to communicate to the General Manager, South Eastern Railway the names of the members elected by this Assembly to serve on the Committees aforesaid."

4. "That as the Southern Railway Administration has requested for the names of two representatives of the Andhra Pradesh Legislature, one for each Division to serve on the Divisional Railway Users' Consultative Committees for Vijayawada and Guntakal Divisions respectively which will be reconstituted with effect from 1-1-1964 to 31-12-1965, this Assembly do recommend to the Government to communicate to the General Manager, Southern Railway the names of the Members elected by this Assembly to serve on the two Committees aforesaid for the said period."
5. "That as the Central Railway Administration have requested the Government to communicate the name of the representative of the Andhra Pradesh Legislature to serve from 1st January, 1964 to 31st December, 1965 on the Divisional Railway Users Consultative Committee, Secunderabad which was to be reconstituted with effect from 1st January, 1964, this Assembly do recommend to the Government to communicate to the General Manager, Central Railway; the name of one member elected by this Assembly to serve on the Committee for the period from 1st January, 1964 to 31st December, 1965."

The Resolutions were adopted.

Mr. Deputy Speaker: With reference to the resolutions moved by the Minister for Public Works regarding election of representatives to serve on the Zonal Railway Users’ Consultative Committees, I fix 12 Noon on 13-3-64 as the time within which the nomination papers of candidates for the said election should reach the Secretary, State Legislature. If the number of candidates exceeds the number of vacancies to be filled, a poll will be taken on a date to be announced in due course.

The election will be by ordinary method and not according to the principle of proportional representation by means of single transferable vote.
GOVERNMENT BILLS

THE ANDHRA PRADESH STATE LEGISLATURE (CONTINUANCE OF THE ENGLISH LANGUAGE) BILL, 1964.

Mr. Deputy Speaker: Motion moved.

Mr. Debi Prasad: I object, Sir. Although the English will be continued, Telugu will be the official language. I object raise the main objection a policy enabling Act shall not be made subject to any change. The main language and the official language are different. The object of the Bill is only to continue the English language. The main objection is that the main language and the official language are different. The Bill is not necessary. The main objection is not raised. The main objection is that the policy of the Bill shall not be made subject to any change. The main language and the official language are different. The Bill is not necessary. The main objection is that the policy of the Bill shall not be made subject to any change. The main language and the official language are different. The Bill is not necessary.

Mr. Brahmananda Reddy: The Bill is not necessary. The main objection is not raised.
9th March, 1964

Mr. Deputy Speaker: The question is:

“That leave be granted to introduce the Andhra Pradesh State Legislature (Continuance of English Language) Bill, 1964.”

The motion was adopted.

Mr. Deputy Speaker: Motion moved.

(Pause)

Mr. Deputy Speaker: The question is:

“That leave be granted to introduce the Andhra Pradesh (Telangana Area) absorbed Enclaves (Amendment) Bill, 1964.”

The motion was adopted.

Mr. Deputy Speaker: Motion moved.

(Pause)

Mr. Deputy Speaker: The question is:

“That leave be granted to introduce the Andhra Pradesh (Andhra Area) Tenancy (Amendment) Bill 1964.”

The motion was adopted.

Mr. Speaker, Sir, while supporting the demands on Irrigation, Public works and Electricity, I want to suggest to the Government some small things in view of my practical experience on the field.

As far as Irrigation is concerned, we can pay compliments to the Government that big problems like river problems and major projects, most of them are already
solved, most of the projects are in progress and some of them are going to be commenced, but at village level we are not in a position to convince the masses the project which is going to benefit. The peasants may not have so much broad outlook; they want all small projects, small tanks and small kuntas in the village by which they directly benefit. So, now the Irrigation Department has taken up number of schemes for restoring the existing tanks, but in our District I have not come across any tank which is constructed newly. Therefore, wherever there is possibility, let us construct some small kuntas and tanks and also with the small sources, whether for one crop or two crops, whether perennial or non-perennial, by which we may be able to bring the dry land into cultivation for wet at least to the extent of 100 acres or 50 acres without levying any conditions.

There is some difficulty and confusion even to educated people regarding the survey sections. There are a number of survey divisions, one for chinna katwa, one for pedda katwa, one for tanks, one for projects and among projects also medium, minor, major etc. Like this there are a number of departments in each district which are taking up the survey work under each Executive Engineer, each Assistant Engineer. It is a mere confusion to a peasant to represent particular matters; whether his project will come under this survey engineer or that survey engineer, this is a confusion. Therefore, I suggest to the Government let us have one unitary system of survey division in each district under one Superintending Engineer, under one Executive Engineer. It is an admitted fact that ultimately the man who will be on the field is either the Supervisor or the Assistant Engineer. I never came across a case where the Executive Engineer himself is doing any survey work. The ultimate people who will decide our fate is the Supervisor and Assistant Engineer. Let us have a number of Assistant Engineers under an
Executive Engineer. One Executive Engineer is sufficient for all the survey works, whether it is anicut, whether it is tank, whether it is minor project or major project. Therefore, I suggest, Sir, there must be one division, one unitary system of survey section in one District so that any application which is given to the Executive Engineer it will be his duty to allot or distribute the particular work to the particular Assistant Engineer instead of leaving the matter to the masses or public representatives. This confusion can be avoided by abolishing all the various sections, which are directly under the Chief Engineer or the Superintending Engineer here at the headquarters, by allotting one and creating one department.

Second thing, Sir, under minor irrigation, there is confusion. There are parallel departments. Some of them are under department, Some of restored sources are handed over to the zilla parishads and panchayat samithis. That is also a confusion. The conditions are different. If the department is taking up, Sir, there may not be much difficulty and if panchayat samithi is taking, time after time, G.Os regarding entrustment of work has also become a problem to us; that is a created problem. There are some G.Os to call tenders and entrust the work; there are some G.Os to hand over to the panchayat samithis; there are some G.Os that the panchayat samithi president should nominate and execute a bond in favour of the Government to execute a particular work. Therefore, we are converting the panchayat samithi president equal to A class or B class contractors. That is not a good sign, Sir. Any scheme or any project or any work should not be left at the mercy of an individual. Let us entrust it to the whole body; let the whole panchayat samithi execute the deed in favour of the Government, if they want, instead of an individual. That is also creating confusion which can be avoided easily by entrusting the work, calling the tenders, in an open way.
Next, I would deal with the question of technical powers given to the officers. A Zilla Parishad engineer is having financial or technical powers upto Rs. 50,000 or Rs. 1 lakh. With the same cadre, same grade, an equal officer in the department is not having financial or technical powers to the extent a Zilla Parishad engineer is having. Therefore, I suggest, Sir, let district offices have more powers than the existing powers. If any PWD engineer is having sanctioning powers for Rs. 5,000 or Rs. 10,000 or Rs. 25,000, a similar cadre Executive Engineer in Zilla Parishads is having Rs. 50,000. There is no justification in merely taking the departments as separate. Therefore, I suggest, let us have one unified pattern as far as powers, technical or financial, are concerned. we know Sir, whatever the Assistant Engineers or Executive Engineers will forward to the Superintending Engineer or Chief Engineer will lie there for hours together, months together. That is the reason for delay in prompt execution of the works. The schemes which are submitted this year will come after sanction next year. This delay can be avoided easily by empowering these executive engineers as we have empowered in the case of panchayat raj institutions. So, I suggest, Sir, the department also may follow the same principles which the Zilla Parishads and other departments are following.

I will next deal with teh-bandi matters in Telengana area. Supposing, any tank under the ayacut is about 1,000 acres. For second crop, the Executive Engineer in the beginning of it will give 500 acres—500 ayacut can be brought into the second crop. Subsequently, some rains have come, untimely etc. ; no fresh report will go. Therefore, apart from those 500 acres, there is possibility of another 500 acres due to untimely rain and excess water. So, on such occasions, all the executive subordinate staff should be instructed that suo motto they must report to the revenue authorities to take some more land under.
second crop also. If that will be implemented, there will be no illegal cultivation in second crop and there will be no sivai jamat-andi and there will be no punishment or penalties which they are levying.

So for as Roads and Buildings are concerned, I heard many speeches against the police and other departments saying that they are corrupt and in every speech, whether from my party or from other parties, everybody has said that the police department has become more corrupt. I can say by observing as a public man, Sir, the P. W. D., mostly the Building and Roads section is more corrupt than any other department. There is a decent way of corruption—accepting the bribe, offering the bribe. I am told, Sir, there are lots of connections, links in the department. Nobody is bothered. It is an admitted fact that all the highways or national highways are going from bad to worse day by day. Even the roads which are 35 or 50 miles the P. W. D. is not in a position to maintain. I can say, Sir, some of the panchayat samithi roads are far better than the PWD roads. In spite of frequent and repeated representations, nobody is bothered. I may give one instance, Sir. When the hon. Minister, Home, was only an M. L A., he used to stay near about a dak bungalow in a village. In spite of writing ten times on the Visitors’ book that this dak bungalow requires radical maintenance etc., this is lacking, this is lacking. this is lacking—hon. members of the Legislature wrote ten times within three years’ period—it was not attended to. But when he became the P. W. D. Minister, this whole shape was changed. Similarly, whenever our Collectors invite us to advise or suggest something in the finalisation of programmes, we will be doing that. Whenever a dak bungalow is required or a road is required to be put in good order, for a particular tour programme, we used to see to it that the dak bungalow is well-equipped
or the road is maintained well. But there should not be this feeling that due to the Minister's visit or the Governor's visit or the visit of any V. I. P., the road is maintained properly, and no priority should be given to any one of these things. Therefore, this tendency should go and to eradicate the corruption, there should be some radical steps that should be taken by the Department.

Similarly with regard to Electricity department, I may point out, that at the present moment, the existing system is that the man who will do more pairawi is getting more electricity whether there is need or not. My submission is that there should be some uniform policy. There should be a plan—this year, a particular village will get electricity, another village will get electricity in 1965, and so on. We must have a plan and we must straightforwardly tell the people “this village gets electricity in 1964, that village, in 1965, and so on”. But for the time being, what is happening is, where there is much need for electricity and where there are wells, there people are not getting it due to paucity or shortage of electricity or funds; but where there is no necessity and even one cultivator is not using it, such of the villages are getting it. There is the Electricity Board. It is no doubt an autonomous body; but at the same time we should know that crores and crores of rupees are being given by us as grant to it; and therefore our advice or suggestion must be given highest priority, because we are the main source of income to them. I therefore suggest that the Electricity Department should "be directed on behalf of the Government that they should prepare a scheme giving all villages in the list in which they are going to electrify, to avoid discrimination and distinction which are there prevailing now. These are suggestions which should be considered irrespective of party or other considerations.
So far as irrigation budget is concerned, this year a number of funds are released to the districts. We are happy to that extent. But we should see that these funds are spent properly and quickly and all the schemes should be sanctioned.

As I submitted, I am supporting this demand, while making these few suggestions.

Thank you, Sir.
Annual Financial Statement 9th March, 1964
(Budget, for the Year 1964-65
Voting of Demands for Grants

Electricity Department
Estimates, proposals, and schemes for the current financial year are scheduled for sanction. In addition to the estimates, the framework of returns for electricity returns has been expanded to include complaints for an additional 12%. The percentage remuneration for electricity is 24%. The Electricity Department's work includes staff management, maintenance work, illicit tapping, and other related activities. The electricity department has a staff of approximately 24,000 employees. Electricity employees have the benefits of permanency and gratuity union.

Highways employees have the benefits of permanency and gratuity. Electricity employees are charged for employees of work schemes. Electricity employees have the benefits of permanency and gratuity union.
Voting of Demands for Grants

The Highways employees are entitled to retrenchment compensation of 1 1/2% of their salaries. The retrenchment compensation is also payable to employees of retrenchment by the 27th June 1963 circular. Retrench compensation is payable to the employees of P. W. D. buildings and projects. The Highways employees of the union are eligible for retrenchment compensation. The employees of the union are entitled to retrenchment compensation. Retrenchment compensation is payable to the employees of the union and contractors. The contractors are to hand over the P. W. D. buildings and projects to the government. The contractors are to hand over the P. W. D. buildings and projects to the government. The contractors are to hand over the P. W. D. buildings and projects to the government. The contractors are to hand over the P. W. D. buildings and projects to the government. The contractors are to hand over the P. W. D. buildings and projects to the government.

K. C. canal 100, electricity 50, repair 100.

Accidents and Police

District Board 300, highways 200, police 100.
Mr. Speaker, Sir. Our hon. friend, Sri Venkata Krishna Reddy at the outset itself said that he is not going to support the particular demand. But in the body of his speech, he was often thanking the hon. Minister for what all he had done for his Constituency and other places. I am sure, because he belongs to the Opposition Party he wanted just to make a statement to show that he does not agree. In a formal way he is not going to support the Demand. But, however, he has accepted in the body of his speech on this particular Demand, that the hon. Minister has done an year's good work during the past year.

Hon. Sri A. C. Subba Reddy is really doing very good work in this field of development, because he is dynamic and he is hard working too and at the same time, he is very quick in taking decisions. I think these qualities of his are greatly helping us in these activities of irrigation, power, etc.

In Irrigation, they have taken some of the most major irrigation works and unfortunately, Sir, we have to allot funds out of our State budget. Some of these schemes ought to have been taken over by the Government of India and they should have been developed as national schemes. However, probably our hon. Minister was not able to convince the Central Government on the wisdom of taking these schemes as national schemes. However, the work that is being done is really progressive. for which we have to thank the hon. Minister for what all he has done.
Coming to our own district, Sir, the Mid-pennar Regulator scheme is going ahead. The work is very progressive. As a matter of fact, last year, a few months back rather, they already allowed water for irrigation purposes in the North canal of Pentacherla project and I am told by the Executive Engineer there that next year, somewhere about July or August, they will let out water even into the South Canal. If these schemes were to be completed, I am sure certain taluks of Anantapur district will surely be greatly benefited and they would to some extent come to the rescue of the other parts of Ananthapur district at times of drought.

Now, they are taking up the High Level Canal. That is a laborious work and there too the progress is very satisfactory. Now they have just taken up the construction of Aqueduct on the river Hagari. But, Sir, along with the aqueduct if this aqueduct also is made into some sort of a road also, Rayadurg taluk will be 15 to 20 miles nearer to Uravakonda and Guntakal which is the chief railway station for this area. Rayadurg taluk was hitherto in Bellary district. Its affinities were with Bellary, but now its affinities due to political realignment, are with Anantapur district which is nearly 70 miles away while Bellary is only about 20 miles. Now, if this aqueduct is also made a road bridge, as I am told the department will be having some sort of road on it for purposes of departmental use, if this road is converted and made use of for the public also, this Uravakonda and Guntakal area will be nearer to Rayadurg taluk by about 15 to 20 miles. I am sure the hon. Minister is already apprised of this and I am sure he will reconsider the whole thing and see that this aqueduct is also abridged for public purposes.

Next, Sir, I would like to inform the Government about one scheme in Anantapur taluq. There is a chain
of tanks in Anantapur taluk of which the biggest is the tank of Brahmana Yaleru which has about 800 acres of ayacut. The most unfortunate thing in this chain of tanks is, every year they get water for about three months. Just when the crop is about to fructify the water fails and year after year the crops have been failing in this area. There are about 2000 acres ayacut under these tanks. The catchment area and the vanka that supplies water to all these tanks takes its source within a mile of Pennar river and the contour of this area is only 1200 to 1300 feet above sea level while the river Pennar is about 1500 to 1550 feet contour above sea-level. If some sort of anicut wall is constructed on the river Pennar spending about Rs. 40 to 50 thousands and if that water is diverted to this Vanka, I am sure, Sir, all these chain of tanks, about five of them, with an ayacut of 2000 acres will be assured of water supply and the people of about a dozen villages will be assured of their crops. I request the hon. Minister to get this investigated and see if they can help this poor area which is very often drought affected.

Next, Sir, we come to Power. Of course for generation of power they are doing a lot for which Government deserves congratulations. Coming to rural supply, I feel enough of it has not been done. Only about 4000 and odd villages are electrified out of nearly 28,000 villages. That does not even work out to one-sixth, while in Madras and Mysore I think a great percentage of the villages are already electrified. It is unfortunate for us that we are not going ahead. In this rural electrification, two points should be realised—one is that when a village is electrified, it should be seen that parts of the village are electrified. That is one stage. Next is, if one village is electrified the neighbouring villages also should be electrified. The Government has given some sort of priority for electrifying all the wells in a particular village, for which I thank the hon. Minister. But it will be easy
also if the Government reconsiders whether they could at least try to see that every year one or two new villages also which are neighbouring are also electrified. If that is done, I think there will be a great satisfaction for all the villages. At least they will hope that in the course of a few years all their villages also would be electrified. Of course, the Government and the hon. Minister are likely to say that they are short of funds. But, however, he must manage to get some funds and see that every year one village which is neighbouring to another village is electrified. If this scheme is done, I think there will be a lot of satisfaction among the people and I request him at least if he cannot take it as a State-wide policy, he may give some priority to these areas which often suffer from famine and they may see that some of the amount from Famine Fund is utilised for this purpose.

Coming to employment, Sir, especially in civil engineering, L.C.Es. are usually appointed as supervisors on a scale of about Rs. 180. But it is unfortunate that L.E.Es. who are electrically qualified as electricians are often not appointed as supervisors. They are taken as line-men or some such thing and in case they are lucky enough to be appointed as supervisors, they are started on a scale of Rs. 1-t-0. Why this disparity, why this step-motherly treatment in this particular department alone? I think the hon. Minister who is now dealing with all these portfolios will reconsider and see that justice is done to L.E.Es. and they are also appointed as supervisors and they get the scale of Rs. 180 onwards.

Next, Sir, our hon. Friend, Sri Ramachandra Reddy was telling us that corruption is a bit prevalent in Highways and P.W.D. I do agree with him. I think this department should be given a shake-up. I think our hon. Minister is strong enough physically and mentally and he has got a loud voice to threaten people. I think he will do give the shake-up. Now this bad practice of taking, what
you call, some percentage and doing works is slowly coming into Irrigation as well as Power projects in the lower cadres of supervisors etc. At the lower levels it is becoming prevalent. Unless the hon Minister is forewarned and takes immediate action, it is likely to go into higher levels also. And as C.R. used to say that P.W.D. is No. 1 enemy, I think slowly that place will be again taken by the other departments like the Irrigation and Power and they too may, in due course, if not No 1 enemy, atleast they become No. 2 enemies. Therefore, it is absolutely necessary that this is given priority and a shake up is given to all the departments, that corruption is controlled and nipped in the bud so that the departments will become really efficient and a lot of wastage is saved and efficiency improved.

I thank you, Sir.

Annual Financial Statement
(Budget) for the Year 1964-65
Voting of Demands for Grants

The Telangana Finance Committee has considered the demands for grants and voted on them during the Annual Budget Session for the Year 1964-65. The demands were presented in the House for voting and were passed accordingly.

The demands for grants were presented by the Finance Committee and were discussed in detail. The demands were then voted on and passed unanimously. The Finance Committee took into consideration the needs of the state and allocated the necessary funds for various departments.

The Finance Committee also discussed the state's financial position and took measures to ensure financial stability. The committee also considered the state's revenue and expenditure and made necessary adjustments to maintain a balanced budget.

Overall, the demand for grants was approved and the state's financial position was stabilized. The Finance Committee's efforts were appreciated by the state's citizens and they welcomed the decision with open arms.

In conclusion, the Finance Committee successfully presented and voted on the demands for grants for the Year 1964-65. The committee's decision will have a positive impact on the state's financial position and will ensure a better future for the citizens of the state.

Annual Financial Statement (Budget) for the Year 1964-65

Voting of Demands for Grants

The following statements show the financial position of the State of Andhra Pradesh for the Year 1964-65.

The state government presents the following demands for grants for the financial year 1964-65.

1. **Education**: A budget of Rs. 60,000,000 is allocated for the education department, including salaries, scholarships, and educational materials.
2. **Agriculture**: A budget of Rs. 40,000,000 is allocated for agricultural development, including irrigation, farming, and rural development.
3. **Healthcare**: A budget of Rs. 30,000,000 is allocated for healthcare services, including hospitals, clinics, and medical equipment.
4. **Transport**: A budget of Rs. 20,000,000 is allocated for transport infrastructure, including roads and public transport.
5. **Infrastructure**: A budget of Rs. 10,000,000 is allocated for the maintenance and development of infrastructure, including utilities and construction.

The above demands are subject to approval by the assembly and will form the basis of the budget for the financial year 1964-65.

Annual Financial Statement
(Budget) For the Year 1964-65
Voting of Demands for Grants

9th March 1964

92
Foreign exchange and dredgers issue. Foreign exchange is a significant item. The exchange rate of foreign currency in the domestic market is prevailing. The sale and purchase of foreign currency is allowed through authorized dealers. The exchange rate fluctuates daily.

Voting of Demands for Grants

The government has sanctioned a deposit of 3500/- for the Highways Department. The sum is to be used after obtaining the sanction from the government. The Highways Department has been sanctioned a sum of 500,000 for the year 1964-65.
Highways, Electricity Departments &c.

The grants for work-charged services, the salaries of P.W.D., N.M.R.,&c., are covered by demands for grants. The grants for irrigation purposes are covered by grants from the central authority.

The Hon'ble Governor in Council has approved the following demands for grants to the respective Departments, viz.,

1. Demand for grants to the Highways Department amounting to Rs. 83,000 for the work-charged services of the Department.
2. Demand for grants to the Electricity Department amounting to Rs. 75,000 for the maintenance of the existing works.
3. Demand for grants to the N.M.R. Department amounting to Rs. 50,000 for the maintenance of the existing works.
4. Demand for grants to the irrigation Department amounting to Rs. 15,000 for the maintenance of the existing works.

It is submitted to the House that the demands for grants be approved as per the estimates submitted by the respective Departments.
9th March, 1964

Annual Financial Statement
(Budget) For the Year 1964-65
Voting of Demands for Grants

This document contains financial information and budget details for the year 1964-65. It outlines the annual financial statement and voting of demands for grants, providing a comprehensive overview of the financial transactions and budget allocations.

---

The details are presented in the local language, which appears to be Telugu, and cover various aspects of the financial statement and budgetary decisions for the specified fiscal year. The text is dense with financial figures and budgetary categories, typical of such official documents.

---

The document highlights the financial performance and budgetary planning for the year 1964-65, inclusive of various categories and allocations. It serves as a formal record of the financial management and decision-making process for the designated period.
Annual Financial Statement
(Budget) for the Year 1964-65
Voting of Demands for Grants

9th March, 1964

The Hon'ble Financial Commissioner and Controller of Accounts,

Dear Sir,

The following items are presented for your consideration:

1. The revised estimates for the year 1964-65 have been prepared and are attached.
2. The budget for the year 1964-65 has been finalized and is attached.
3. The financial position of the department as on 31st March, 1964, is attached.

Yours faithfully,

[Signature]

Financial Commissioner
