(Mr. Speaker in the Chair)

ORAL ANSWERS TO QUESTIONS

† Q. No. 668 (* 1609) and 669 (* 2839)

NEW SYLLABUS FOR PRE-UNIVERSITY COURSE.

670

*467 (4371) Q. Sri G.C. Kondaiah (Put by Sri Vavilala Gopala Krishnayya)—(Sattenapalle):—Will the hon. Minister for Education be pleased to state:

Whether the Andhra University announced a New Syllabus for Pre-University Course this year (i.e.) 1968?

The Minister for Education (Sri P.V.G. Raju):—Yes, Sir.

Will it be supplied to the members?

Sri P.V.G. Raju:—I have no objection. It is a regular syllabus. I will certainly get copies and supply.

Sri Vavilala Gopala Krishnayya:—What is the difference between the new and old syllabus?

Sri P.V.G. Raju:—I am sorry, I did not study. The new syllabus is there. I am not competent to tell the difference. I must study personally to give the difference.

Sri S. Vemayya (Buchireddipalem):—May I know whether there is any change?

Sri P.V.G. Raju.—There are some changes. It is a new course introduced by the University.
Sri T.K.R. Sarma (Kurnool).—Is the new syllabus different from the syllabus available in the other two Universities?

Sri P.V.G. Raju.—These are details. How can I say these things. It is for the Academic Council of each University to determine this fact. There must be some difference between one University and the other.

Sri P.V.G. Raju.—I have no knowledge about the All India Pattern. What the Inter-University Board has decided I do not know.

Sri P.V.G. Raju.—These are all subjective opinions which are being expressed. The facts are that each University is in charge of its own University area and prescribes its courses and books.

Sri P.V.G. Raju.—I want notice for that question. I cannot answer that in a supplementary. They are eliciting my opinion. I have no opinion except to state the facts.

Sri P.V.G. Raju.—I have already stated that it is not part of my functions to go into the University courses unless something specific is raised.
Oral Answers to Questions. 12th March 1964. 441

Sri P.V.G. Raju.—We are going outside the field of this question. My submission is that a new syllabus has been introduced. It is in conformity with the powers and duties of the University to issue new syllabus. They have done it.

Sri S. Vemayya.—May I know whether this new syllabus is common to all other Universities also or whether this new syllabus is on par with other University syllabus.

Sri P.V.G. Raju:—I do not know what reply the Hon. Member wants for that question. Certainly this syllabus pertains to the Andhra University area. It need not be on par. It cannot be similar to other Universities but it tries to maintain the same standard because it is governed by the Inter-University Board regulations.

BLOCK GRANTS PAID TO THE UNIVERSITIES.

671—

*391 (4458) Q. Sri A.P. Vajravelu Chetty (Put by Sri Vavilala Gopala Krishnayya).—Will the hon. Minister for Education be pleased to state:

the amounts of block grants paid to Andhra, Venkateswara and Osmania Universities during the year 1961-62 and 1962-68?

Sri P.V.G. Raju:

Sri A.P. Vajravelu Chetty.—As such, are you satisfied with these results? I am very satisfied. Thank you very much. How is the Chancellor finding these results?
Sri P. V. G. Raju — There is no reason in the sense of the term. These grants have been given on the basis of the past two years.

Sri P. V. G. Raju — The different requirements of the University would vary in relation to the development work in the particular University. Hon. Members should not forget that in the case of Andhra University the development has taken many years, while Sri Venkateswara is a new University and in Osmania University there are different problems, in determining the criteria of giving the grants.

Sri P. V. G. Raju — There is always a complaint that the grants are insufficient.

Sri Vavilala Gopalakrishnayya — That is the very reason why we are asking the reason for this discrimination. While Osmania was given 68 lakhs and Venkateswara 16 lakhs, Andhra University is given only 15 lakhs. I do not know whether this is done to stop educational progress. Why did it happen?

Sri P. V. G. Raju — There are colleges which are under the Osmania University. 11 constituent colleges are run by the Osmania. That is why there was the highest block grant. The grants, as I have submitted, vary in relation to the cost of development.

Sri Vavilala Gopalakrishnayya — We are not able to understand the difference in progress. For instance Osmania University was also an old University which has developed to the highest standard. Are we starving the progress?

Sri P. V. G. Raju — The figures pertain to 1961-62 and 1962-63 at a time when I was not in charge of the department. So I can only give the facts as they are and there are differences in the development tempo of the three Universities and also there is difference in the figures for the last few years which are placed before hon. Members. It is for the hon. Members to express their views in the general debate.

Sri Vavilala Gopalakrishnayya — If it is so, will the Minister be pleased to state whether there are special grants for the current year and next year?

Sri P. V. G. Raju — There will be differences. Naturally, the Osmania block grant is greater than the other Universities because there are 11 constituent colleges run by the University. If the Osmania University stops running the constituent colleges, then the block grant will be diminished.
Sri P.V.G. Raju.—Yes, I think that is correct. As far as possible, it is the desire of the Government to give equal grants to all the Universities.

STARTING OF NEW EDUCATION INSTITUTIONS.

672—

*S596 Q.—Sri A. Sarveswara Rao.—Will the hon. Minister for Education be pleased to state:

whether it is a fact that no New University, or College or High School will be started during this year by the Government because of the cuts made by the centre in allotments to Education?

Sri P.V.G. Raju.—Yes, Sir.

Sri P. V. G. Raju.—A token grant of Rs. 10 lakhs was put in the Third plan for starting a new University. That 10 lakhs was surrendered when there was a cut of 5 crores in the Education plan Budget.

Shri P. V. G. Raju.—Hon. Members are aware of the cuts in the Plan allotment for education and therefore I have nothing further to add except to say that there was a cut in the plan in the Education Budget.
Sri P. V. G. Raju: The decision has been that we are cutting the Education Plan. The House is fully aware of the fact that over Rs. 5 crores of the budget for education was cut and unless it is restored I am not in a position to fulfil the physical targets of establishing new universities or colleges.

Sri P. V. G. Raju.—A separate question.

Sri Vavilala Gopalakrishnayya.—In the Third Plan we have envisaged a new University. Are we going back on the Third plan itself?

Sri P. V. G. Raju.—That 10 lakhs has been lapsed. Not only Rs. 10 lakhs, Rs. 5 crores of the Plan pertaining to Education have been cut. Hon. Members know it. The mid-term appraisal has been provided to each member. A debate has also taken place in the other House. The facts are known. What more can I add?

Sri P. V. G. Raju.—If I have money, I shall implement a number of schemes in consultation with the M.L.As.
School नेवा 8 जी G O. इंस्ट्रक्टर स्थानीय राज अधिकारी द्वारा नम्बर पाँच में राज्य सरकार के लिए विभिन्न मामलों में सहायता की जाती है। क्या किसी भी ढंग से relax है, इसलिए open हैं या नहीं?

Sri P.V.G. Raju:—A grant of Rs. 20 lakhs has been released for the current year for spending the money for completing the middle and secondary schools wherever necessary. That work has already been undertaken.

Total Budget expenditure और actual education में बढ़ता है, expenditure और educational comparative रेट प्रतियोगी education दर से बढ़ता है। अतिरिक्त facts and figures रिपोर्ट से दर्जे और provision की है।

BASIC TRAINING SCHOOL, PURUSHOTHAPATNAM.

673—

*1469 Q.—Sri Vavilala Gopalakrishnayya: Will the hon. Minister for Education be pleased to state:

(a) whether the Government have received any representation from the students of Thota Pullappa, Basic Training School, Purushothapatnam, Narasaraopet taluk, Guntur district about the difficulties of the students; and

(b) if so, what was the action taken so far?

Sri P. V. G. Raju.—(a) Yes, sir.

(b) The case is being investigated by the Regional Deputy Director of Public Instruction and is under consideration of Government.

Sri S. Venayya.—May I know the nature of the difficulties expressed in their memorandum?

Sri P. V. G. Raju.—The students have said that the staff have not been behaving properly. The students have said that the teachers have asked them to work in the fields. An enquiry was made by the Regional Deputy Director, Guntur and it was found that some of the complaints made by the students are not very accurate. In other words, in the dispute the students are not blameless. I will go into the matter and settle the dispute.

Some of them ही अभी हैं जुलूस के बावजूद base ही नहीं हैं अभी नहीं? Base ही है, at what stage it is;
Sri P. V. G. Raju — When there is a dispute between the parties, it is assumed that both the parties are right and wrong. There is some trouble in this particular school. The students are against the staff. The staff felt that the students were not behaving correctly. The report has come to us on 3rd March, i.e., one week back, and the policy of the Government would be to try and settle the matters in such a manner that the school would continue to function without any disruption of work.

Sri P. V. G. Raju — Our report is that substantially the complaint made by the President of the Basic Pupil-Teacher Association on behalf of the teachers is basically incorrect, that only in trivial matters could there have been complaints against management and broadly speaking the onus of the blame is on the part of the students in this context.

Sri P. V. G. Raju — Yes, Sir, there was a memorandum.

Sri P. V. G. Raju — Stipends are being distributed as per the normal rules in vogue in the department, Sir.

URDU ELEMENTARY BASIC TRAINING SECTION IN SIDDIPET.

874—

*526 Q.—Sri Sultan Salahuddin Owaisi (Pathergatti) :—Will the hon. Minister for Education be pleased to state:

(a) whether it is a fact that the Urdu Elementary Basic Training Section in Siddipet of Medak District was closed last year;

(b) whether it is a fact that after receipt of more than 60 applications and holding interviews for admission, the authorities concerned refused to continue the Urdu section;
(c) whether Government received any representation from "Anjuman Tahafuz-e-Urdu, Andhra Pradesh" in this regard; and

(d) if so, the action taken by the Government?

Sri P. V. G. Raju: (a) The Urdu Elementary Basic Training Section in Siddipet was not closed last year, but selections were stopped.

(b) 68 applications were received for admissions but only 25 candidates appeared for interview. Hence the Urdu section was not continued.

(c) Yes, Sir.

(d) The representation was examined by Government. In view of the fact that the Urdu medium teachers are surplus of the actual requirement, no action was taken on the said representation.

CONSTRUCTING OF MATERNITY WARD AT YELLAREDDY.

675—

*18 (1284) Q.—Sri K. Rajamallu (Chinnur):—Will the hon. Minister for Health and Medical be pleased to state;

(a) the reasons for the delay in the construction of maternity ward at Yellareddy taluk headquarters of Nizamabad district for the last four years; and

(b) whether the Government propose to take necessary steps to hasten the construction work?

The Minister for Health and Medical (Sri Y. Sivarama Prasad): (a) The contractor to whom the work was let out in 1955-1956 by the former District Board of Nizamabad abandoned it in April 1958 after doing part of the work.

(b) The Zilla Parishad, Nizamabad has taken up the construction of the Maternity Ward and the work is in progress. The work is expected to be completed by the end of December, 1963.

Mr. Speaker:—Why are you putting all these questions, Mr. Vasudeva Rao. We all know what is happening. (Laughter) Why put all these questions?

Mr. Speaker:—I do not think anybody will take part in the auctions if purely neera is going to be used. It is only toddy shops that are being sold though they are called in the name of Neera. Why all these things? We know it. All of us know it. It is an open secret.

Sri P. Sundarayya (Gannavaram):—That is exactly why we are bringing once again on this floor why don't you abolish the so-called prohibition which everybody including Ministers know that it is not a success.

Mr. Speaker:—It is for the Government to consider all these things. In the name of neera, toddy is being sold.

Sri P. Sundarayya:—That everybody knows and in the name of prohibition toddy's tappers are paying every month fixed amounts to the authorities concerned and they are all fixing quota of cases. All these things every body knows, but still the Government says prohibition is a success and it goes on doing it. Why this deception?

When are they going to end this deception?

Mr. Speaker:—When that Demand comes up Members can speak on that. Next question.
Mr. Speaker:—We are not sitting in the evenings. (Laughter). There is no trouble if it is sold in the morning. If it is sold in the evening when there is session then there may be trouble in the House.

Sri Vavilala Gopalakrishnayya:—No, Sir. It is a fact. You can refer to Assembly proceedings. 

Sri P. V. G. Raju:—Sir, I am sorry. I was also a member. It is not fair. He is casting aspersion on a member who is not here to defend himself. He happens to be a member in Tamil Nadu. I don't think it is fair on Mr. Gopalakrishnayya to say that.

Sri Vavilala Gopalakrishnayya: I think he should not talk of people who do not belong to this State, Sir.

Mr. Speaker: Let us not enter into discussion

Sri Vavilala Gopalakrishnayya:— I think you must ignore that hon. Member in Madras State. It is very unfair for him to say about (Interrupted by Sri Vavilala Gopalakrishnayya) that portion of debates about that gentleman in Madras should be expunged. It is very unfair, Sir. Regarding an hon. Member in the State of Madras, we cannot say such things.

Sri Vavilala Gopalakrishnayya: How can I deny a fact when it happened in Madras?

Sri P. V. G. Raju: No, Sir. It is no a fact, Sir.

Sri Vavilala Gopalakrishnayya: It is a fact, Sir.
Sri P. V. G. Raju: About that being fact, the hon. Member said it categorically. I think you should ask him to substantiate it by getting information from the other House, Sir. Otherwise, it is not fair to cast an aspersion about a member in a neighbouring State who is not here to defend himself.

Mr. Speaker:—I will see whether it is a true allegation.

Sri P. V. G. Raju:—Thank you, Sir.

FINANCIAL AID TO NASHABANDI LOKA KARYAKSHETRAS.

686—

*1119 (4917) Q. Sri K. Rajamalli: Will the hon. Minister for Excise and Prohibition be pleased to state:

(a) the total amount of financial aid given so far to the State Sarvodaya Mandal to run the two “Nashabandi Loka Karyakshetras” and

(b) the details of the activities of these Karyakshetras?

Sri M. R. Appa Rao:—(a) A sum of Rs. 5,000 being the first instalment has been granted to the Andhra Pradesh State Prohibition Council for running the two “Nashabandi Loka Karyakshetras” at Hyderabad City and Kodada village in Nalgonda district.

(b) The two centres have just started functioning.

availability of funds
Will the hon. Minister for Excise and Prohibition be pleased to state:

(a) whether the Prohibition Study Team appointed by the Central Government headed by Mr. Justice Tek Chand consulted the State Government; and

(b) if so, the nature of the opinion given by the State Government in this regard?

*1605 Q. Sri P. Rajagopal Naidu.—Will the hon. Minister for Excise and Prohibition be pleased to state:

(a) whether the Prohibition Study Team appointed by the Central Government headed by Mr. Justice Tek Chand consulted the State Government; and

(b) if so, the nature of the opinion given by the State Government in this regard?

Sri M. R. Appa Rao.—(a) The Prohibition Study Team visited this State, met Ministers, Officials and non-officials and recorded their views.

(b) The State Government did not give any opinion as the Team had only to make a study of the existing position.

Individuals.—Individuals did not consult the Team.

Sri M. R. Appa Rao.—We are awaiting the report Sir.
12th March 1964.

 Oral Answers to Questions.

Mr. V. Visveswara Rao.—On a point order, sir, I am not using point order for the purpose of repetitive discussion on the Resolution. The failure to enforce the law is due to the fact that the Minister for Excise and Prohibition believes it is a success. The Home Minister has also indicated his readiness to accept the Minister's word without question. The Minister for Excise and Prohibition believes it is a success.

Mr. Speaker:—You can't prevent them from having their own belief. They believe it is a success. The Minister for Excise and Prohibition believes it is a success.
Mr. Speaker: What is it then? You raise a point or order and you want a ruling. Questions of policy cannot be discussed during question-hour; but at the same time, members can put questions whether Government will consider such and such a thing.

Sri T. V. Raghavulu.—That is exactly what I want, so that we may know the scope of the question-hour.

Mr. Speaker.—You cannot go into the details of the policy. A member can say this: Are Government prepared to consider such and such a thing.

DISTILLERIES

688—

*1118 (4916) Q.—Sri K. Rajamallu.—Will the hon. Minister for Excise and Prohibition be pleased to state:

(a) whether the Government decided to invite some foreign experts to look into the products and advise the Government to improve the quality of distilleries in Andhra Pradesh; and.

(b) whether the Government propose to purchase new machinery for the two Government distilleries for modern methods of brewing in order to improve the quality?

Sri M. R. Appa Rao:—(a) The answer is in the negative.

(b) This is under the consideration of the Government.

SUPERSESSION OF DRAKSHARAMAM MUNICIPALITY

689—

*2942 Q.—Sri Tenutti Viswanadham (Put by Sri T. K. R. Sarma).—Will the hon. Minister for Municipal Administration be pleased to state:

(a) whether the Government have superseded the Draksharamam Municipality and;

(b) if so, what are the reasons for supersession?

The Minister for Municipal Administration (Sri A. Venkataramayya):

(a) Yes, Sir.

(b) The Council was superseded as it was torn of factions and was incompetent to perform the duties imposed on it by law. Further, the Municipal Council itself agreed to the proposal for supersession.
Mr. Speaker.—Unless it is very important, don’t put supple-
mentaries.

Dr. Answers to Questions.

(a) whether there is any proposal with the Government to consti-
tute either a Municipal Committee or a Panchayat for Kothagudem,
Khammam District;

(b) if so, when it will be constituted; and

(c) if not, the reasons therefor?

Sri A. Venkatramayya: (a) Yes, Sir.

(b) No decision has yet been taken.

(c) Does not arise.

CONSTITUTION OF A PANCHAYAT FOR KOTHAGUDEM

*689 Q.—Sri K. Butchaiah (Burgampahad).—Will the hon.
Minister for Municipal Administration be pleased to state:

(a) whether there is any proposal with the Government to consti-
tute either a Municipal Committee or a Panchayat for Kothagudem,
Khammam District;

(b) if so, when it will be constituted; and

(c) if not, the reasons therefor?

Sri A. Venkatramayya: (a) Yes, Sir.

(b) No decision has yet been taken.

(c) Does not arise.
EASING OUT OF LANDS OF SRI SEETHARAMASWAMY AND KADEMMA TEMPLES IN POLAVARAM

631—

*2170 Q.—Sri K. Babu Rao (Polavaram)—Will the Hon. Minister for Religious and Charitable Endowments be pleased to state:

(a) whether it is a fact that the lands belonging to Sri Seetharamaswamy and Kademma Temples in Polavaram, West Godavari District are being given on lease without any public auction by the local trustees;

(b) whether any representation dated 28-8-1963 from Sri Podipireddi Suryarao resident of Polavaram has been received by the Government;

(c) whether any enquiry was conducted in the matter;

(d) if so, the action taken thereon; and

(e) whether the Government will be pleased to lease out the above lands by public auction for the coming years?

The Minister for Religious and Charitable Endowments (Smt. T. N. Sadalakshmi): (a) The lands belonging to Sri Kodamma Varli temple are not leased out in public auction. As regards the lands belonging to Sri Seetharamaswamy temple, details of the leases are not available for want of records which are in the possession of the ex-trustee.

(b) and (c): The answer is in the affirmative.

(d) The Executive Officer of a nearby temple was appointed as a Trustee to the temples. He is taking necessary action against the ex-trustee.

(e) The trustee of Sri Kodemma temple has been instructed to lease out the lands by public auction in March, 1964, after obtaining relinquishment letter from the sitting tenant. In regard to Sri Seetharamaswamy temple lands, necessary action will be taken after taking over the records, etc., from the ex-trustee.

Mr. Speaker.—I do not know whether you are yourself satisfied with the answer. What is the point in saying that so far as Seetharamaswamy temple is concerned, details are not available, as records are in the possession of the ex-trustee?

Smt. T. N. Sadalakshmi.—Yes, Sir. Details are not available, for want of records which are in the possession of the ex-trustee.

Mr. Speaker.—Could not Government take any action against the ex-trustee? What action has Government taken so far?
Smt. T. N. Sadalakshmi.—Government has issued notice to him. There was no response. We filed suit in the Court. That is pending. That is a supplementary question.

Mr. Speaker: I cannot believe that Government is so helpless as not to be able to get records from the ex-trustee.

Smt. T. N. Sadalakshmi: We have given three notices. He has not given any reply.

Mr. Speaker: He could have been prosecuted.

Smt. T. N. Sadalakshmi.—Yes, Sir. We are doing it. It is now pending.

Mr. Speaker.—So far it has not been done. The answer is that records are not available. So ‘I am not in a position to give any information’.

Smt. T. N. Sadalakshmi.—What can we do, Sir? We have approached the Court, and that is pending in the Court.

First Class Magistrate.—Does it mean that God is behind the Trustee and against the Government?

Mr. Speaker: Mr. Sarveswara Rao, I find you are very assertive in putting questions and your questions also are very searching at the same time, always preceded or accompanied by sarcastic observations or insinuations. Please avoid those things.
Sri P. V. G. Raju.—About the Defence of India Rules, I think some other matter has been brought into the question, Sir. I think it is not fair to bring in the Defence of India Rules. This is a civil matter and it has nothing to do with the Defence of the realm as such. Proceedings are taking place and a case has been filed against the trustee for misappropriation of temple moneys or records. That has been replied to by the Minister. Naturally, the matter is in the court, and nothing more could be said at the moment.

Sri Vavilala Gopalakrishnaiah:—Point of order Sir, how can it be that it is not a criminal offence. When documents are taken away and when registers have been taken...
away and when money has been misappropriated, it is a criminal offence, and he can be arrested. I do not know how the hon. Minister can say it is not a criminal offence.

*Sri P. V. G. Raju*—It is subject matter in a court of law. If the court finds him guilty, naturally, in the course of punishment, he will be arrested. Till the court gives a finding, you cannot say it is a criminal offence.

*Shri P. Sundarayya.*—That means that every arrest warrant is issued by a Court only after the Court finds him guilty.

*Mr. Speaker.*—I do not think he is himself a lawyer. Once an offence is proved, he will be punished. He may be either imprisoned or sentenced to pay fine. But before an offence is proved, if it is a cognizable offence, certainly he could be arrested and remanded to custody.

*Sri P. V. G. Raju.*—That is true. That is why it is in the court. A case was filed by the Department. What more could be done in the situation?

*Sri T. K. R. Sarma.*—The question that was put here by one of the members is whether a civil suit was filed or a criminal case was filed and whether the same trustee has been given the right to auction the property. That aspect of the question has not been answered.

*Smt. T. N. Sadalakshmi.*—It is a civil case.

*Mr. Speaker.*—No criminal case has been filed. You were saying a case was launched in the Magistrate's Court.

*Mr. Speaker.*—Last supplementary.

*Sri Vavilala Gopalakrishnayya.*—Not the last supplementary. Sri. It is an important question.

*Mr. Speaker.*—That is all right.
Smt. T. N. Sapalakshmi.—A petition under Section 87 of the Act was filed before the First Class Magistrate. That petition is pending.

Smt. T. N. Sadalakshmi.—The Executive Officer of a nearby temple was appointed as trustee to the temple. He is taking necessary action.
12th March 1964.

**Oral Answers to Questions.**

Mr. Speaker:—Since he is not replying in spite of 8 or 4 notices having been issued to him, since he has not furnished the record, why not any criminal action taken against him?

Mr. Speaker — There is no point in Ministers themselves quarrelling with each other.

Sri E. Ayyapu Reddy — The trustee and the ex-trustee have got a right under the H.R.E. Act. Whenever a trustee is removed, there is a provision in the H.R.E. Act to take possession of the records as well as the temple properties, i.e., an application is made under Section 87 of the Act before the First Class Magistrate to take possession of the records as well as property from the ex-trustee. If the Ex-trustee appears before the First Class Magistrate and puts forward a claim that the properties belong to him or puts forward any bona fide claim, that will be enquired into by the First Class Magistrate and then he will issue an order to surrender the properties. Then the trustee or the Executive Officer or the Government will execute the order of the First Class Magistrate. If the ex-trustee violates those orders then the First Class Magistrate will suitably punish him for contempt of court. That is the procedure under the Act.
I may also submit that that provision of the Act is now being examined. Today also it is referred to a Bench of the High Court: what are the rights of an ex-trustee under Section 87. That is still pending. The matter has also been referred to the Supreme Court. It is not so easy that Government can take action and it is not as if the Government has got a right to punish him immediately.

Mr. Speaker.—Government have a right to take either criminal or civil acion against such of those people who misappropriate temple property or who do not hand over records. I think there is a provision under the Penal Code also.

Sri E. Ayyapu Reddy.—That is the provision under the H.R.E. Act: he has to make an application under Section 87 of the Act to the First Class Magistrate. The First Class Magistrate has to take action.

Mr. Speaker.—With due respect to you I know also that there is a provision in the I.P.C. for taking action for such an offence. I am not now in a position to quote that section as it is. Suppose, a Panchayat Board President, once he ceases to be the President, and if he refuses to hand over the records, don’t you think there is a provision under the I.P.C. to take action against him?

Sri E. Ayyapu Reddy.—Certainly, there is provision. But what I am submitting is this: if an order is passed by the First Class Magistrate under Section 87 of the H.R.E. Act, a revision is filed by the Ex-trustee before the High Court and the matter will still be pending. That is why Government will not be able to take any action immediately.

Mr. Speaker.—You are not holding a brief for the Minister for Endowments.

Sri E. Ayyapu Reddy.—I am merely giving an explanation because it is with reference to the H.R.E. Act and because the Leader of the Opposition has stated that the Government has got powers. Neither the Government nor any party can have any right outside the provisions of the Act.

(Sri Vavilala Gopalakrishnayya rose to put a further question).

Mr. Speaker.—There are twenty minutes more, and I have still got another half-a-dozen questions. The Minister says she will get the whole thing examined and see that suitable action is taken.
Mr. Speaker.—She is not able to say clearly whether the Executive Officer is in charge of the temple properties or some trustee of the nearby temple. Anyhow she is prepared to furnish full information.

Sri Vavilala Gopalakrishnayya.—We are in darkness.

Mr. Speaker.—Yes, we are in darkness. Certainly, you try to enlighten her.

PAPERS LAID ON THE TABLE.

AMENDMENT TO THE ANDHRA PRADESH GENERAL SALES TAX RULES 1957.

The Minister for Revenue (Sri N. Ramachandra Reddy) (on Behalf of the Chief Minister):

I beg to lay on the Table a copy of the amendment issued to the Rule 33 of the Andhra Pradesh General Sales Tax Rules 1957 issued in G.O. Ms. No. 35, Revenue, dated 9th January, 1964 and published.
in Rules Supplement to Part-1 of the *Andhra Pradesh Gazette* date 30-1-1964 as required under section 39 (4) of the Andhra Pradesh General Sales Tax Act, 1957.

Mr. Speaker.—Paper laid on the Table.

**BUSINESS OF THE HOUSE**

Mr. Speaker.—Now we resume discussion on Medical and Health Demand.

Sri P. Sundarayya.—What has become of your Ruling, Sir?

Mr. Speaker.—It is not yet ready. I will give my ruling tomorrow.

Sri A. Venkateswar Rao.—Sir, a long time back I have given one privilege motion. While hon. Sri K.L. Narasimha Rao was arrested, information was not given to the House. What decision the hon. Speaker has taken in this regard, of course, I am unable to know.

Mr. Speaker.—That is regarding the failure to inform the Speaker about the arrest of hon. Sri K.L. Narasimha Rao. I think I have called for information so far as the other side is concerned. I have called upon the Government as to what they have got to say in the matter. As soon as that is received I will call it in the House and then decide the matter.

Sri A. Venkateswar Rao.—The very fact raises the privilege. So that could be referred to the Privileges Committee *prima facie*.

Mr. Speaker.—Before I decide the matter, I would like to hear the other side also. That is why I have given them notice as to what the Government have got to say in the matter. I will take it up in a day or two. That is what I remember.

Sri A. Venkateswar Rao.—It may be taken up on the 16th at least.

Mr. Speaker.—I have given notice to the Government saying that Sri A. Venkateswara Rao has given notice regarding breach of privilege. I must know what they have got to say in the matter. I may take it up in the House in one or two days.

Sri P. Sundarayya.—The whole morning, will the discussion on Medical Demand go on Sir; or is the Revenue Demand also going to be taken up. Is the Revenue Demand going to be taken up in the afternoon today or tomorrow?

Mr. Speaker.—We can finish this demand in the morning. say about IO' clock. We can have the Revenue Demand. We are working tomorrow morning and evening, is it not? Otherwise on 16th. We will do one thing, Mr. Sundarayya. By 16th morning, we will be able to finish the Revenue Demand. 16th evening, we sit and take up the Education Demand.
Mr. Speaker.—According to the convenience of the hon. member.

Sri P. Sundarayya.—Tomorrow evening, it will be impossible, Sir, 14th and 15th are holidays. The hon. Members would like to go away.

Mr. Speaker.—That is why, we will finish this Revenue Demand on the 16th morning and take up the Education Demand on the 16th evening.

Sri P. Sundarayya.—So, today, can I take it, Sir, that only Medical Demand will be over and no Revenue Demand will be taken and it will be taken up only tomorrow?

Mr. Speaker.—If there is time, we shall have the Revenue Demand introduced and have one or two members speak and afterwards we will resume the discussion.

Sri. P. Sundarayya.—Then let us take up Revenue Demand tomorrow itself, Sir instead of taking this thing. Or after the hon. Minister introduces, adjourn the House so that we can take it.

Mr. Speaker.—It is all right. I do not want to deprive any hon. Member his opportunity of speaking. Supposing this Demand is over by 12'Oclock, 12-30 p.m. to 1 O'clock.

Sri P. Sundarayya.—Is there any possibility of its being over?

Mr. Speaker.—Supposing it is over. There are not many members who want to speak. There are only five or six members to speak. That is why I am saying.

12th March 1964
Sir, I feel thankful to you for having given me this opportunity of participating in the discussion. Of course, the subject of Medical and Public Health is a very vast subject which no one can hope to cover up all the aspects in the short time that is allowed. But any way I will touch a few points avoiding all the points that have been raised by the honourable members who spoke previous to me.

I find that these two subjects are placed under ‘Minor Heads’ but I think that they should occupy a more honourable place and occupy a place of major head in the budget. Of course, the honourable Minister for Health has done his best to allot as much amount as possible, but it is not enough. Considering the health of the community, it must be given a top priority to all the other subjects in the budget. So, he ought to have claimed more and spent more money for the public health because the health of the nation is an asset to the whole State.

It is gratifying to note that all the monies have been spent for the purchase of life saving drugs and especially to increase diet to the patients in the hospitals and the construction of new hospitals in the various district and taluka places. But in the capital expenditure much of the amount that has been given is all spent only for the water works in Hyderabad, but not for any other place. Other places require as much attention in this aspect as Hyderabad itself. While appreciating these measures, I venture to suggest some of the urgent need in the mofussil stations. As far as district hospitals are concerned it is quite satisfactory but there is much overcrowding. In that taluk hospitals the work is not being properly carried out due to want of certain equipment. I suggest that at least an X-ray apparatus when supplied to taluk hospitals, much more work can be turned out. Similarly a small laboratory also is worthwhile providing for. This would not only improve the work of the taluk headquarters hospitals but would avoid the rush to the nearby district headquarters hospitals.

As far as primary health centres are concerned, if at least a small microscope is allowed, the doctors would take more interest in the proper diagnosis of cases and treatment, and people need not go to Block Headquarters for this small purpose.

One more appalling feature in this country is, when I go to villages and other places, I find so many crippled children all around. They may be due either to cerebral palsy or Polio Malitis. The experience of such crippled children in the villages when once seen is not likely to be forgotten. Our revered leader, Pandit Jawaharlal Nehru once said in one of his speeches that only people who have love and sympathy for the children can do the sacred duty of rehabilitation of the children. So, I request the Government to start these rehabilitation centres also wherever possible in our Andhra Pradesh.

Nextly, another aspect is that there is lot of stress and strain nowadays on the mental condition of various kinds of people, officers, school going children. Due to this stress and the impact of economic and...
social development of the State it accentuates mental faculties. More psychotic hospitals also can be provided for in the taluk headquarters hospitals in our district centres. This is much more necessary for the students. I have seen a number of students who have gone deranged in mental conditions. So, a health centre may be provided wherever universities are situated to cater to the needs of the students.

Another factor I want to lay stress upon is drug research. In Andhra Pradesh there is a good number of herbs all around us. We do not know the medicinal properties of these drugs. A drug research station is much needed in this province.

Regarding expanded nutritional programme, it is being done through the panchayat samithis. But that is not adequate and it is not done properly. Once Dr. C. Gopalan, Director of Nutrition and Research Laboratory, Indian Council of Medical Research, in 1963-in Hyderabad itself said to the effect that the planners and administrators are not fully aware of the importance and magnitude of the problems of malnutrition and under-nutrition. The average Indian physician is fully diet conscious. He is interested in prescribing drugs only for the cure of diseases but he is not able to evince as much interest in the diets of the patients as in the prescription of drugs.

Another point I want to lay stress is about Cholera. It is not to our credit that while other countries have eradicated cholera some hundred years back, still that disease is visiting our places periodically and in epidemic for r. Apart from the research measures that are being done on the curative side, far more effective measures are sanitation, proper health education and safe water supply, besides immunisation. Immunisation alone cannot be the proper thing that is needed. And we have also launched upon the National Eradication Programme of Malaria and Small-pox. National programme is coming to a close. But that should not be stopped there. Surveillance operations must be carried on further.

Another factor is about family planning. So many members have talked about family planning. I agree with all the reasons and causes for this deficiency in the vasectomy operation but the Hon. Minister for Health has said that the number of cases that have been operated in these hospitals is very small. But if the growth of the population is to be checked properly, at least 12,000 operations should be performed in each block every year. According to the version of Sri C. D Deshmukh, we have to go into the reasons of this state of affairs. My friends have put forward so many reasons but I may also add one or two more without touching upon them while agreeing with those reasons also. Of course, there are certain cases of failure in the case of vasectomy operations. But this may be either due to a faulty technique or not observing the rules after vasectomy by the patients that have undergone operations. Another factor is some more persons can come for the vasectomy operation if we dispel from them the fears some people have got in their minds that after sterilization they will not be able to have children again if family circumstances change in future. But if we equip hospitals with doctors who are efficient not
only in vasectomy but who are able to get together the two cuttings of this vas or by some other means and provide such facility that people may have child even after vasectomy if they want again, it would be better. This is possible because I know that one Dr. Jawahar in Indo-e claims to have developed a technique by which sterilization is made to stay temporarily. If we send people and educate our doctors in that field also many cases will come forward for this sterilization operation. Another important factor is if we offer help in the way of money to the poor people, the things would be much better.

Coming to the old age pension, it is being given to old people but that is not enough. If we give money they will eat away. When once we spend money it must be properly utilized. We must look to longevity of these patients.

Finally, as I have not got much time, I want to lay stress on one point. I have been given to understand that there are some irregularities that are found in the office of the Director of Medical Services. I hear the words that he is not carrying out the wishes of the Ministers at times and in the matter of selection, communal problems have been coming up. If that matter is clarified, I will be much thankful to you.

I thank you very much for the opportunity given to me.

12th March 1964. 491

The financial year 1964-65, which ended on 31st March 1965, has
been a period of severe economic difficulties. The country was
faced with a shortage of raw materials and a decline in exports. Despite
these challenges, efforts were made to increase production and
improve efficiency. The government took several measures to
mitigate the effects of the economic downturn.

The annual budget for 1964-65 was presented to the parliament in
February of that year. The budget aimed to provide a framework for
the economic policy of the government. It included provisions for
various sectors such as agriculture, industry, and education.

The budget was accompanied by a detailed financial statement,
which provided a clear picture of the government's financial
position. The statement included details of revenue, expenditure,
and the overall balance of the government's accounts.

In addition to the budget and financial statement, the annual
report of the government also included a comprehensive review of
the year's economic performance. This report highlighted the
challenges faced by the country and the steps taken to address
them. It also provided an outlook for the future, indicating the
government's plans and strategies for economic development.

The government's commitment to ensure economic stability and
growth was evident in the budget and financial statement. It
highlighted the importance of cooperation and collaboration
between all stakeholders in promoting economic progress.

Overall, the annual financial statement for 1964-65 provided a
comprehensive overview of the government's financial situation,
offering insights into the economic challenges faced and the steps
taken to address them. It was a testament to the government's
efforts to navigate through difficult economic times.
Mr. Deputy Speaker: (To the Health Minister) Do you need any assistance because he is speaking in a language which you do not understand and because you have to reply to some points raised by him? If you need some assistance, I would request somebody to help you.

The Minister for Health (Sri Y. Sivarama Prasad): Departmental people are taking notes, Sir.

Mr. Deputy Speaker: So they are taking notes and they will supply. Then that is all right.

D. M. S. 12th March 1964.

The Hon'ble Governor.

To

Sirs,

I am directed to forward the following Annual Financial Statement for the year 1965-6, in pursuance of the provisions of the Andhra Pradesh Finance Act, 1963, and to solicit your approval for the same.

The budget for the year 1965-6 is estimated on the basis of an average annual increase of 5% in the index of food prices. It is expected that the budget will provide a balanced and stable economic environment.

The budget is designed to achieve the following objectives:

1. To achieve a budget deficit of Rs. 100 million.
2. To increase the public sector's contribution to the state's economy.
3. To promote social welfare and development programs.

The budget includes the following items:

A. Revenue收支
   - Taxation
   - Non-taxation

B. Capital capital
   - Development schemes
   - Infrastructure projects

The budget is accompanied by a detailed report on the performance of the previous year's budget and a comprehensive analysis of the state's financial situation.

Yours faithfully,

water. The staff had to cope with such diseases as typhoid, dysentery, diarrhea, pneumonia, influenza, and typhus. The hospital also treated inmates for mental illness and mental retardation. Staff included doctors, nurses, and orderlies. The hospital provided medical, surgical, and psychiatric care to patients in all departments.

Inpatient Care: The hospital had 12 wards for inpatients. Each ward had its own medical and nursing staff. Patients were treated for a variety of conditions, including tuberculosis, heart disease, and mental illness. The hospital also provided care for patients with chronic conditions such as diabetes, hypertension, and chronic obstructive pulmonary disease.

Outpatient Care: The hospital had a well-equipped outpatient department. The staff provided medical advice, treatment, and consultation to patients. The department was open from 8 am to 1 pm and 2 pm to 5 pm. The staff included doctors, nurses, and paramedics. The hospital also had a well-equipped pharmacy and laboratory.

Conclusion: The annual financial statement showed a significant increase in the number of patients treated in the hospital. The hospital was able to provide higher quality care to patients due to the increased funding and improved infrastructure. The hospital was committed to providing high-quality care to patients and improving the health of the community.

(Sri K. Punnahav in the chair)

Sir, I wish to draw your attention to a matter which is of great importance. During the last financial year, the situation with regard to the availability of medical facilities was not satisfactory. The number of medical beds was insufficient to meet the demand. The situation was further exacerbated by the shortage of medical students.

Vaccination

It is a matter of great concern that the vaccination program did not achieve the desired success. Smallpox, a preventable disease, remained a major health issue. The National Plan for the elimination of smallpox was not implemented effectively. The success rate was only 20%.

Smallpox

Vaccination is the key to controlling smallpox. The Smallpox National Plan was designed to achieve this goal. However, the success rate fell short of expectations. 40% of the vaccines were not effective.

Medical Facilities

Primary Health Centres

I wish to draw your attention to the condition of Primary Health Centres. Only 10 of the 50 centres were functioning properly. The rest were in a state of disrepair. The situation is dire and requires immediate attention.

Backward Tribal Areas

Medical facilities in Backward Tribal Areas are inadequate. The need for contribution from the Central Government is evident. The existing medical facilities are insufficient to meet the needs of the population. Apart from the lack of medical facilities, there is also a shortage of medical students. The higher education institutions need to be supported to increase the number of medical students.

M.G.M. Hospital

The bed strength of M.G.M. Hospital needs to be increased. There are only 50 beds in the hospital. This is insufficient to meet the demand.

Medical Students

The number of Medical Students in the first year of the course is low. This needs to be addressed to ensure a steady supply of medical professionals.

To reduce the allotment of Rs. 48,64,500 for Compensation to Zamindars by—Rs. 100.

**Purpose:**

Mr. Speaker.—Cut motion moved.

Mr. Speaker.—Mr. Tenneti Viswanatham will begin the discussion.

Mr. Speaker. He has circulated a note.

Sri Tenneti Viswanatham:—He has not circulated anything for the budget of this year.

Mr. Speaker:—You mean so far as this Demand is concerned he has not circulated anything.

Sri N. Ramachandra Reddy:—I will cover up everything in my reply, Sir.

Mr. Speaker: He might have furnished some information in the course of his reply. He is not aware of it.

Sri N. Ramachandra Reddy. I have no objection to read the note that has been supplied.
Mr. Speaker.—He says he is not aware of it.

Sri N. Ramachandra Reddy.—As I said I have no objection to read the note that has been supplied.

Mr. Speaker.—All these things are not supplied to me. They are supplied to the members. To be plain with you, I do not receive the copies that are circulated to the members. I may get all the information. That is different.

Sri Tennesi Viswanadham.—It is the practice in Madras to supply the Speaker with copies.
Further action is going to be taken in 1964-65. 

Sri N. Ramachandra Reddy: In effect, it is not like that. Particulars of 1963-64 and what action is going to be taken in 1964-65 are also there. So many items are there, I can specifically mention the action that is going to be taken. It is also mentioned there.

I was also present in the Council. I do not think any special note has been supplied. The Chief Minister might have mentioned in his reply.

Sri Tennon Vissenadh. —Why not before the reply?

Sri N. Ramachandra Reddy:—I have got all the figures. Last time when I was about to speak you said that time should not be wasted unnecessarily and you wanted me to speak in my reply at the end. So I thought naturally the same procedure will be repeated this year and that is why the note has been circulated.

The House stands adjourned to 8-30 a.m., on 18-3-1964.

The House then adjourned till Half-past Eight of the clock on Friday, the 18th March, 1964.
NOTE ON THE ADMINISTRATION OF THE REVENUE DEPARTMENT DURING THE YEAR 1963-64.

1. Land Revenue:

Land revenue consists of the assessment payable on ryotwari lands and the water cess payable for water taken from Government sources of irrigation. The gross 'ryotwari and miscellaneous' receipts for the year 1963-64 are estimated at Rs. 18 crores. This estimate includes the collections under the Andhra Pradesh Land Revenue (Additional Assessment) and Cess Revision Act, 1962 and also a part of the arrears of the previous years expected to be collected during the year.

The Andhra Pradesh Land Revenue (Additional Assessment) and Cess Revision Act, 1962 has been brought into force from 1st July 1962. The anomalies brought to the notice of the Government in the actual implementation of the Act have been considered and appropriate relief has been granted, wherever necessary. A point for consideration arose as to whether certain sources of irrigation like the Yeleru river with its net work of channels and tanks should be treated as a single source of irrigation for purposes of notification under the Act. This question has been referred to a Committee consisting of the Chief Engineer (Irrigation) and the First Member, Board of Revenue. The Committee has been requested to examine all such cases and report. The Committee's report is awaited.

Arrears of Land Revenue to the extent of Rs. 5.73 crores have accumulated in all the districts. It is quite necessary to collect a major portion of these arrears so as to provide funds for the implementation of development schemes. Government have, therefore, launched a special drive for collecting these arrears by appointing special staff also. In most of the districts the special drive commenced from 1st January 1964. The collection position as on 8th February 1964 regarding land revenue is as follows:

<table>
<thead>
<tr>
<th>Demand Rs.</th>
<th>Collection Rs.</th>
<th>Balance Rs.</th>

According to Rule 40 of the Hyderabad Land Revenue Rules, the following dates have been fixed for payment of land revenue in Telangana area:

- Kareef and Abi crops: From 1st to 21st January.
- Rabi crop: From 1st to 21st April.
- Tabi crop: From 16th to 30th June.

On account of certain difficulties in the implementation of the Andhra Pradesh Land Revenue (Additional Assessment) and Cess
Revision Act, 1962 there was some delay in the settlement of demand for Fasli 1872. To avoid hardship to the ryots in the payment of land revenue the kist dates were revised as follows during Fasli 1872:

- **Kareef and Abi crop**
  - From 1st Jan. to 15th Mar.

- **Rabi crop**
  - From 1st to 21st April.

- **Tabi crop**
  - From 1st to 31st July.

The position with regard to the implementation of the Additional Assessment Act being now settled there was no further need to have these extended dates for the kist collections. With a view to ensure speedy collections hereafter without detriment to the interests of the agriculturists Government have reverted to the old dates with slight modification and fixed the Kist dates as follows:

- **Kareef and Abi crops**
  - From 1st Jan. to 31st Jan.

- **Rabi crop**
  - From 1st to 21st April.

- **Tabi crop**
  - From 16th to 30th June.

The House is aware that Government have introduced the system of issuing provisional and final land revenue receipts. The Pattadars Pass Book has also introduced pending legislation on the abolition of Joint Patta System. With a view to avoid scripory work at the level of village officers, the final Land Revenue Receipt Form and the Pattadars' Pass Book Form have been integrated and the issue of the Pattadars' Pass Book in the integrated Form has been ordered in G.O. Ms. No. 1690, Revenue, dated 1st October 1968. Instructions have been issued to the Board of Revenue and all Collectors to see that the Pattadars' Pass Book and the provisional land revenue receipt are issued in all cases. But reports from the districts end to show that the progress is not rapid. The Board of Revenue has reported that unless the introduction of Pass Book is made compulsory and put statutory responsibility for its proper upkeep both on the Revenue Officers and the pattedars the object of it would not be achieved fully. A Bill to this effect would be sponsored soon.

A revised Bill to provide for the levy of assessment on lands used for Non-Agricultural purposes was introduced in the Assembly during March 1968. This Bill has been passed and published as Andhra Pradesh Non-Agricultural Lands Assessment Act, 1968. This Act has been brought into force with effect from 1st July 1968.

With the enforcement of the Additional Assessment Act, Government felt that the remission rules should be liberalised. The rules for remission and suspension of land revenue in Andhra area are contained in Board’s Standing Orders No. 13 and 14. The corresponding rules in Telangana area are in the Hyderabad Land Revenue Rules of 1951, Finance Resolution No. 28 of 13th Meher 1346 Fasli and Circular No. 12 of 9th Sherewar 1346 Fasli. Government have examined these rules with a view to evolve uniform policy and issued
"The Integrated Remission Rules" in G.O. Ms. No. 231, Revenue, dated 12th February 1964. These rules among other things provide for remission at the following scales on paddy and irrigated dry crops:

Seasonal Remissions.

(a) Paddy crop:

Where the yield is 150 Kgs. (4 maunds) and below per acre  ..  Full remission.

Where the yield is 300 Kgs. (8 maunds) and below per acre  ..  Half remission.

Where the yield is above 300 Kgs. (8 maunds) per acre  ..  No remission.

(b) Irrigated dry crops:

Where the yield is 1/8th and below  ..  ..  ..  Full remission.

Where the yield is 1/4th and below but above 1/8th  ..  ..  Half remission.

Where the yield is above 1/4th  ..  No remission.

Widespread Calamities.

Remission will be granted on dry crops at the following rates:—

(1) 4 annas and less yield of crop  ..  Full remission.

(2) Above 4 annas but not more than 6 annas yield of crops  ..  Half remission.

Remission of revenue on wet lands will be granted according to the scale prescribed for seasonal remissions. However, Government can grant remission on a higher scale if the calamity is grave warranting grant of such remission.

2. Taccavi Loans:

The Land Improvement Loans Act and the Agriculturists’ Loans Act and the rules framed thereunder are now in force in the entire State. The following are the allotments provided in the Budget for 1964-65:—

Loans under Special Rules for pumping installation  ..  ..  Rs. 0.40 lakh.

Loans under Special Rules for agricultural implements  ..  Rs. 0.40 lakh.
Out of the total demand of Rs. 5,11,31,453 an amount of Rs. 1,80,62,183 has been collected till 15th February 1964 leaving a balance of Rs. 3,30,72,271.

In the case of overdue instalments penal interest has to be charged at 6 per cent per month. Government have examined the question of giving relief to the Agriculturists from the payment of penal interest and issued orders in G.O. Ms. No. 184, Revenue, dated 7th February 1964, that collection of penal interest be waived on arrears of loans taken by agriculturists for land improvements and similar purposes and interest charged at normal rates provided the overdue loan instalments are all cleared in full by the end of June 1964. This concession will not be available where the overdue amounts are paid only partially.

3. Penalty for Irregular Irrigation:

With a view to check effectively irregular irrigation which is becoming widespread, Government issued orders in G.O. Ms. No. 419, Revenue, dated 15th March, 1963 amending the existing Rules so as to levy the maximum penalty of 20 times the normal water-cess for irregular irrigation. The officer levying the enhanced water-cess, in the case of first occasion of irregular irrigation, could remit such portion of enhanced water-cess as he deems proper having regard to the gravity of irregular irrigation involved. In G.O. Ms. No. 839, Revenue, dated 14th May 1963, the Government, however, granted certain concessions for Fasli 1372 only, according to which irregular irrigation in that Fasli may be treated as first occasion with a view to enable the levying officers to exercise the discretion conferred on them for reducing the penalties. On further representations, the Government have now re-examined the matter and have decided to reduce the quantum of penalty for irregular irrigation to 10 times the normal water-cess and also to empower the appellate authority to remit, at his discretion, any portion of the water-cess up to 5 times the normal cess in the case of second and subsequent occasions of irregular irrigation. Necessary draft amendments to the Rules have been published and they will be confirmed after observing the due formalities.

4. Assignment of Land:

As pointed out in my speech last year, as soon as the Emergency is over, the position in respect of assignment of Government waste lands would be reviewed and the general ban now imposed on assignments would be lifted. The extent remaining after meeting the requirements of the military personnel would again be thrown open for assignment to landless poor.

According to the Rules issued for the assignment of land to the Jawans in G.O. Ms. No. 743, Revenue, dated 30th April 1963, all Jawans domiciled in Andhra Pradesh and serving in the defence forces of India, will, after demobilisation, be eligible for the assignment of land in their own villages or elsewhere. However, in the case of death of a Jawan who dies in active service during the present emergency, his family will be entitled for the grant of land, even during the period...
of emergency. In the case of death of Jawan after demobilisation and before grant of land, his family will also be entitled to the grant of land. Under the rules each Jawan will be eligible for the grant of an extent of Ac. 2.50 wet or Ac. 5.00 dry land provided that the total extent of land already owned plus the land assigned to him, shall not exceed Ac. 2.50 wet or Ac. 5.00 dry. Land assigned should not be sold or otherwise alienated for a period of ten years. There are other concessions in regard to the waiver of sub-division fees and also tree value up to Rs. 30, etc.,

5. Administration of Bhoodan and Gramdan Lands:

With a view to bringing in a uniform piece of legislation for the regulation of the Bhoodan and Gramdan lands in the entire State of Andhra Pradesh, a Bill called the Andhra Pradesh Bhoodan and Gramdan Bill, 1968 was introduced in both the Houses of the Legislature in December, 1968 and the Bill has been referred to a Joint Select Committee.

6. Rights of Shikmidars:

To safeguard the interest of the Shikmidars, section 67-A of the Andhra Pradesh (Telangana Area), Land Revenue Act, 1917 F. has been suitably amended. The President's concurrence has since been obtained and the amending Act, viz., the Andhra Pradesh (Telangana Area), Land Revenue (Amendment) Act, has been published in the Gazette Extraordinary, dated the 26th February, 1964.

7. Reclamation of Waste Lands:

In G.O. Ms. No. 755, Revenue, dated 1st May 1968, the Government have sanctioned a scheme for reclamation of Government Waste lands in blocks of 250 acres and more. The scheme is to be implemented according to a phased programme for 8 years. Under the scheme 21,979 acres of land will be reclaimed and brought under cultivation and 5,210 families of landless agricultural labourers will be settled. The scheme is a Centrally sponsored one and is eligible for financial assistance from the Centre.

The Government have recently decided to reduce the assessment on eroded private lands from half of the normal assessment chargeable thereon to quarter of the assessment until the lands are re-formed.

8. Adverse Seasonal Conditions:

The expenditure on adverse seasonal conditions which is debited to "64-A Famine Relief" falls under three categories, viz., floods, famine and fire. All these three categories of calamities occurred in certain parts of the State during 1962-63 and 1963-64, and the Government had to deal with the situation created thereby and incur large amounts of expenditure to provide suitable relief to the distressed.

Floods.—There were heavy rains in September and October, 1963 in parts of Visakhapatnam, East Godavari, West Godavari, Krishna, Nellore and Guntur districts, and in the twin cities of Hyderabad and
Secunderabad, causing considerable damage to life and property by floods. Government sanctioned immediate relief to the victims by way of free distribution of rice, clothes, etc., and remission of assessment was sanctioned in respect of the crops damaged during Fash 1872 in Guntur, Krishna and Visakhapatnam as follows:

Proposals for grant of remission to the tune of Rs. 17,98,989.52 in West Godavari district are under the consideration of Government.

In October, 1968, again there were heavy rains in the districts of Visakhapatnam, East Godavari, West Godavari, Krishna and Guntur and considerable damage was caused by floods in the Budameru, Thammilleru, Yerrakalva and other rivers and drains. Government immediately ran to the succour of the victims and spent large amounts to give them immediate relief by way of supply of food, clothing, etc., The District Collectors sanctioned immediate relief to the extent mentioned below:

An additional allotment of Rs. 1,50,000 was sanctioned to the Collector of Visakhapatnam for giving relief to the flood victims.

Large Amounts by way of remission of assessment will have to be granted in all these districts as the crops were affected by floods. Tentative proposals for remission of assessment have been received from all the Collectors, and they are under active consideration. The total amount of remission to be sanctioned will be about Rs. 50 lakhs.
Several roads and irrigation sources in the above districts were damaged by floods and the following amounts have so far been sanctioned for repairs to minor irrigation sources:

A proposal to sanction special loans for the reclamation of sand-cast lands in Visakhapatnam district is under consideration in Food and Agriculture Department.

Famine.—Prior to the heavy rains of October, 1968, there were drought conditions in the upland areas of East Godavari and Nellore districts and parts of Srikakulam, Nalgonda and Warangal districts, as the monsoons failed. Even subsequent to October, 1968, scarcity conditions were felt in Warangal and some other districts. Proposals for postponement of collection of land revenue and loans and remission of assessment are expected from all these Collectors. On the proposal of the Collector of Nalgonda for the suspension of Khariff Kist pending remission, to an extent of about Rs. 1,65,000, orders were issued in G.O. Ms. No. 216, Revenue, dated 6th February, 1964 postponing the collections till the end of June, 1964. The Collectors of East Godavari and Warangal have submitted proposals for sanction of relief road works to the tune of more than Rs. 3 lakhs. An amount of Rs. 1.10 lakh was sanctioned to the Collector of East Godavari for the sanction of subsidy wells in the upland areas of the district in addition to the wells already sanctioned under the New Well Subsidy Scheme. The proposal of the Collector of Warangal for sanction of Rs. 2 lakhs for relief works has been sanctioned.

Fire Accidents.—Severe fire accidents occurred in several places during 1963-64, and in addition to the relief granted by the District Collectors according to rules (at the rate of Rs. 30 to Rs. 50 per family), Government sanctioned Rs. 20,000 for giving additional relief to the victims of fire accidents in the districts of Srikakulam and West Godavari, Rs. 2,500 in Guntur, and Rs. 1,000 in Srikakulam, from the Prime Minister’s National Relief Fund.
Hail storms and other sudden calamities.—There were hail storms in March-April, 1968, in some villages of Nellore, Medak, Nizamabad and Warangal districts, and the Collectors concerned granted remission of assessment in respect of the lands affected thereby.

Lightning.—Two bulls belonging to one professional cart-driver of Nimbagal village of Uravakonda sub-taluk of Anantapur district, were struck by lightning and died, and Government sanctioned a sum of Rs. 800 to him to purchase two bulls.

One jatka driver of Bapatla in Guntur district was washed away by floods, and Government sanctioned a sum of Rs. 100 to give relief to his family.

9. Abolition of Intermediaries:

Abolition of Estates in Andhra.—In the Andhra area almost all the zamindar and under-tenure Estates and most of the inam and sub-divided Estates have already been notified and taken over under the Andhra Pradesh (Andhra area) Estates (Abolition and Conversion into Ryotwari) Act, 1948. The particulars of the number of taken over Estates up to December, 1968 are as follows:

About 51 more estates have been notified but could not be taken over owing to stay orders from Courts, etc., and there are only about 213 under-tenure and inam villages which are likely to fall to be notified and are at various stages leading to notification.

10. Abolition of Malguzari and Muttadari Systems:

In the hilly and remote agency parts of this State, there are certain outmoded systems of land-tenure known as Malguzari system in Nugu taluk (Khammam district) and Muttadari system in East Godavari and Visakhapatnam districts. In accordance with the declared policy of Government to abolish the system of intermediaries and to bring the ryots of these areas directly under the Government the question of abolition of Malguzari and Muttadari systems is under the active consideration of the Government for sometime past. The Government have taken policy decisions to do away with these systems of land tenure. As the areas concerned are scheduled areas, these systems of
land tenure have to be abolished by means of suitable Regulations as required under paragraph 5(2) of the Fifth Schedule to the Constitution. Accordingly suitable Regulations have been drafted and will shortly be placed before the Tribes Advisory Council of this state. The assent of the President of India has also to be obtained before the Regulations are brought into effect.

11. Jagirs in Telangana:

Out of a total number of 950 Jagirs situated in the Telangana Region (including Mixed Jagirs), commutation sum in respect of (786) Jagirs has been finally fixed. In respect of the rest of (164) Jagirs, provisional awards have been passed and they will be finalised soon.

12. Survey and Settlements:

The progress so far made in the Survey of the taken over Estate areas is as follows:

A scheme for the Survey of the twin cities of Hyderabad and Secunderabad has been sanctioned, and the progress of the Survey of twin cities is as follows:

   - (a) under demarcation: 85 blocks covering an area of 52.8
   - (b) under measurement: 14 blocks covering an area of 3.8

13. Rectification of Survey Errors:

As a result of representations from the public as well as from M.L.As. particularly in Visakhapatnam, Srikakulam and Chittoor districts to the effect that there were several errors in the conduct of survey and settlement operations in estates taken over, the matter was carefully examined by the Government, and as a result they have granted time to all the ryots who have been aggrieved by such errors to prefer application for correction of survey and settlement errors to the A.S.Os. concerned before 15th December, 1962. This time limit was extended from time to time at the requests of the public and legislators to 31st October, 1963. Similar representations have also been received by the Government to the effect that the rates of assessment levied under the Andhra Pradesh (Andhra Area) Inam Assessment Act, 1955 were unduly high when compared with the rates fixed in settlement operations in their adjoining areas based on correct soil classification. In this regard also, Government have permitted the ryots aggrieved by such high fixation of assessment to prefer application before the A.S.Os. concerned from time to time, the last date for their receipt being 31st October, 1963. Up to the end of October, 1968 as many as about 177,484 survey errors were reported to have been corrected.

14. Splitting of Joint Pattas:

The Government have already taken a policy decision for the splitting up of joint pattas in the entire State. According to the information available with the Government, the number of joint pattas is as large as about 11 lakhs. At present splitting up of joint pattas as envisaged in the B.S. Os. is not compulsory and can be done either on application by the ryots concerned or as and when joint pattas come to the notice of the Revenue Officers during their tours. Suitable provisions have, therefore, been drafted by the Law Commission in the Land Code as well as in the Land Revenue Code for the compulsory splitting up of joint pattas throughout the State. It has been proposed that in future all joint pattas should be compulsorily split up except in the case of those of undivided Hindu Families which form separate units. Separate single pattas shall be issued to the extent so sub-divided. The provisions of the Land Code and Land
Revenue Code are under examination and it is proposed to bring in legislation at a very early date.

At present the ryots have to pay a sub-division fee of Rs. 3 for sub-division whenever their holdings are sub-divided, during the course of the normal maintenance work. Even after this compulsory system comes into vogue the prescribed fees will be collected compulsorily.

15. **Land Reforms:**

(A) The Andhra Pradesh Ceiling on Agricultural Holdings Act 1961 was brought into force with effect from 1st June 1961. Under Section 5 of the Act, 23,346 declarations were filed by the landholders out of which enquiries have been completed in 19,968 cases upto the end of December 1968. The Act is still in the process of implementation. The extent of surplus land that would be available as a result of the implementation of the Act as a whole has not yet been determined.

(B) The Andhra Pradesh Tenancy Bill (Bill No. 15 of 1962) is still before the Joint Select Committee. The Committee has considered all the provisions of the Bill and is likely to finalise it in April 1964 and submit a report to the Assembly for consideration during the next meeting of the Legislature.

(C) The period of protection of the tenancy rights conferred under the Andhra Tenancy Act, 1956 will expire by 31st May 1964. Suitable legislation to extend the period beyond 31st May 1964, pending enactment of the unified Tenancy Bill, is being taken up separately.

(D) The Andhra Pradesh (Telangana Area) Tenancy and Agricultural Lands (Amendment) Bill, 1968. Providing for validation of any alienation or other transfer of agricultural land that took place on or after the 10th June, 1950, but before the 21st February 1961, has since been enacted into Act No. 6 of 1954. The rules to be issued under the Act are being finalised.

(E) Inams abolition.—The Hyderabad Abolition of Inams Act, 1954, came into force with effect from 20th July 1955. But the operative provisions of the Act relating to grant of ryotwari patta, etc., were kept in abeyance pending enactment of amending legislation to remove the defects noticed in the general scheme of the Act. The draft amending Bill has been finalised by the Government, and it has been referred to the Government of India for their concurrence as required under the rules. As soon as the concurrence of the Government of India is received, the Bill will be introduced in the Assembly. Similarly certain difficulties were experienced in the working of the Andhra Inams Abolition Act, 1956. A proposal to amend the Act suitably so as to overcome the difficulties is also under the consideration of Government, and a suitable Bill for the purpose will be brought before the Assembly as early as possible.

16. **Registration and Stamps:**

The Registration and Stamps Department is mainly concerned with the administration of the Indian Registration Act, 1908, and preventing the evasion of payment of proper stamp duties under the Indian Stamp
Act. It is headed by the Inspector-General of Registration and Stamps who is also “Collector” under the Indian Stamp Act of 1899 for the City of Hyderabad, Registrar of Societies, Registrar of Firms and Registrar-General of Births, Deaths and Marriages. The e are at present 15 Registration districts (12 in the Andhra area and 3 in the Telangana area). There are 197 Sub-Registry Offices in the Andhra area and 43 in the Telangana area. No new Sub-Registry Office has been opened either in the year 1962-63 or in the current financial year due to financial stringency, though there is imperative necessity to strengthen the Department. However to cater to the needs of the registering public, itinerating system of registration of documents is being introduced at suitable places. In the current year, this system was introduced in two places in the Andhra Area, viz., Gokavaram in East Godavari district and Veeravalli in Cuddapah district.

17. Law Commission and Land Revenue and Land Codes:

The State Law Commission have sent their final report on the draft of Land Revenue Code and it is now under the consideration of Government. As regards the Draft of Land Code prepared by Law Commission, the remarks of the Board of Revenue have also been called for.

18. Village officers:

As the Hon’ble Members are quite aware the systems of village offices existing in both the Andhra and Telangana areas are based on the principles of hereditary succession and in a recent Judgment in WP. No. 183/59, the Supreme Court of India has declared the principle of appointment to village offices based on the rights of hereditary succession as ultra vires of the Constitution. Various recommendations of the Unni ban Committee constituted in this connection for formulating proposals for an alternative system of village administration eschewing the hereditary principle are under active consideration of the Government. Pending such reorganisation, the village officers and the village servants have been granted interim relief from 1st January, 1962 and they continue to get the same, involving Government in an additional expenditure of Rs. 82 lakhs per annum. Government have also extended the scheme of supply of forms, paper and stationery to the Village Officers in Telangana area on the same scale as is in vogue in Andhra area. Government propose to set up departmental staff councils at the divisional and district levels consisting of the local R.D.Q. or the Collector as the case may be and representatives of the local Village Officers’ Association, and hear and dispose of all complaints of a general nature relating to the Village Officers once in six months or thrice a year. Village Officers have also been permitted to undertake subsidiary occupations such as Document Writers with only 50 per cent of the prescribed licence fee if they confine that activity to their charge villages.

NUKALA RAMACHANDRA REDDY,
Minister for Revenue.
