Oral Answers to Questions
1st December, 1964

Sri N. Ramachandra Reddy:—That is a separate question Sir. Any way I think, no special staff is needed because the area left is not so much. It is only 7 lakhs. Orders have been issued to expedite the matter.

Sri N. Ramachandra Reddy:—That is the assignment policy of the Government. If they are in possession of the big land-lords, certainly they will be vacated and they will be allotted to land-less poor.

Sri N. Ramachandra Reddy:—That is the assignment policy of the Government. If they are in possession of the big land-lords, certainly they will be vacated and they will be allotted to land-less poor.
Sri N. Ramachandra Reddy:—It is not possible. A separate question may be put. It will take sufficient time to collect particulars from each village.

Mr. Speaker:—How can he give that information?

Sri N. Ramachandra Reddy:—I have already placed the information on the Table of the House. There is so much uncultivable area in that district.
If the Hon'ble Member desires, a detailed statement from the very beginning as to how much has been assigned in all the districts... I will be able to place the information on the Table of the House.
Sri N. Ramachandra Reddy:—There are special rules for political sufferers. According to the rules assignments will be made.

Sri N. Ramachandra Reddy:—Not possible immediately to tell. We have to collect the information.

Sri N. Ramachandra Reddy:—It is not possible immediately to tell. There is a lengthy procedure and all the procedure will have to be followed before the assignment.

Sri N. Ramachandra Reddy:—I have already answered that question Sir, regarding the appointment of special staff and if it is absolutely necessary, there is no objection to consider it. At present the Government feels that the present staff is enough to deal with the matter. As regards this particular question which hon'ble Member has raised that the Pattas have been granted to the land-owners now and there is no question of any assignment.

INTEGRATED JAIL MANUAL.

chandra Reddy:— Will the hon. Minister for Law and Prisons be pleased to state:

(b) if not, the reasons therefor?

The Minister for Law and Prisons (Sri P. V. Narasimha Rao):— (a) The answer is in the affirmative.

(b) Does not arise.

It is a very bulky volume running into hundreds of pages. In February 1964 itself, the manual was finalized by our State Government. Meanwhile, in the month of March we received a suggestion from the Government of India that, since we are going to get this printed, we may as well consider the incorporation of certain recommendations of the All India Jail Manual Committee.
That also is over. The latest report is that the Sub Committee appointed for this purpose has completed all the examination of all the relevant suggestions. Now we are expecting the report of the Sub Committee any day. So, there is no need for placing the manual as it is, before the Assembly or in the Library. Within a month or two, it will be sent to the Government Press and it will be ready.

Sri P. V. Narasimha Rao:—Every prisoner is entitled to know what ration is to be given to him according to the manual. If there is any difficulty in this regard, it may be removed if it is brought to my notice. Even otherwise, we can issue orders that if any prisoner wants to know what he is entitled to, he may be informed.
We have passed orders that smoking shall be permitted in Andhra Jails.

If any thing adverse to rules and regulation is noticed, they report to the Superintendent. There is no such report on record so far.

The most important function of the Advisory Board is to recommend the cases of premature release of certain prisoners to the Government.

Oral Answers to Questions

1st December, 1964

When a particular circular has been mentioned in a question and the question pertains only about that circular, the Minister comes here and says that, the particular circular is not with me but the things are done according to rules. How are we to understand whether that particular circular has been issued by the Government? If it has been issued by the Government, has it been superseded by something else. These are the questions that arise. Why don’t you have the circular with you when you come here?

Sri A. Balarami Reddy:—I do not deny that the circular was not issued. I would say that these appointments were made according to the rules.

Sri T. Nagi Reddy:—What is the use?

Sri A. Balarami Reddy:—That is what I explain. If the hon. member wants the circular, I have no objection to procure it and place it on the Table of the House.

Sri T. Nagi Reddy:—The point is very clear. Here it is said that the Government has violated a particular circular giving the date of the circular as 23—2—1955 and the number of the circular. Now, the question is, has the
Government violated this particular circular? If it has not violated let the Government come forward and say "we have not violated that circular and the therefore the appointments are fair". If they have violated this circular, then we must be told as to why they have violated the circular. Has there been any other circular that countermanded this circular? When the Government does not know what this circular is, how is he capable of answering this question?

**Sri A. Balarami Reddy:**—I never said that we have violated the circular. I said that the appointments were made according to the rules.

**Sri T. Nagi Reddy:**—Which rules? Is this circular not a rule? That is the point.

**Sri A. Balarami Reddy:**—We have not violated even that circular; that is what is said. But the circular is not at present with me. I will get the circular and place it on the Table of the House.

The point is you have violated the circular itself.

**Sri T. Nagi Reddy:**—This is very bad. I must say that.
Sri T. Nagi Reddy.—The point is not that. I am not concerned with the promotion question directly. I am concerned with the manner in which the Minister is answering without coming here with that particular circular. When a particular circular has been mentioned here, the Minister must come here with that circular. If he does not, then it is a violation of the rules of the House. That is my point. I am not at all concerned whether you have promoted X or not promoted. After seeing the circular, then I will decide whether the promotion is right or not.

Sri Pillalamarri Venkateswarlu.—Whether they have promoted a Junior Superintendent or Senior Marketing Superintendent I would like to know.

Some hon. members rose.

Mr. Speaker.—There is no point in every member getting up.

Sri T Nagi Reddy.—There is no point since the Minister has not come with the circular.

Mr. Speaker—If you ask why he has not come with the circular that is the end of the whole thing. Each member gets up and puts questions and the Minister is going on answering. You are ignoring the existence of the Speaker at all.

Sri T. Nagi Reddy.—I am sorry if I have made that mistake.

Mr. Speaker.—I am here. Certainly when any Minister does not provide complete information I shall call upon him to provide complete information. There is no point every body getting up and asking. Certainly I have understood. When the question is whether any appointment or promotions
have been made in violation of a circular the simple answer would have been "The circular has not been violated for these reasons. That circular says these are the rules." You could have simply said that but instead of that you went on saying that promotions have been made according to rules. As it is, you are not in a position to say anything about the contents of that circular nor are you in a position to say for these reasons whether the circular has been violated or not. Is it not so? Because in the absence of the circular, you do not know the contents of the circular. So, naturally you are not in a position to say whether the promotions have been made in violation of the circular. So, the information is incomplete. All right. We will go to the next question.

*Sri A. Balarami Reddy:*—There were promotions according to the rules and practices in vogue. That is what I said.

*Sri T. Nagi Reddy* —Still worse.

*Mr. Speaker:*—You are again going back. There might be other rules in force besides this circular. Subsequently, Government might have framed some other rules and these promotions may be consistent with those rules. The question is whether this circular has been violated or not. That is the specific question.

*Sri Tenneti Viswanatham:*—A statement on the Table of the House is required.

(b) the number of persons so affected in Chittoor District and how many of them are still unemployed?
Sri A. Balarami Reddy:—(a) 127 persons have been absorbed in the Agriculture Department itself and one oil engine driver has been employed in Chittoor Zilla Parishad. Only two oil Engine Drivers are yet to be re-employed.

(b) 19 Oil Engine Drivers and 3 Helpers were affected on account of retrenchment. All of them have been absorbed in other suitable posts.

(b) Does not arise.

(a) Whether Trailer Bus is working in the City; and

(b) Whether “Travel As You Please” Holiday tickets are in vogue at present?

(b) Yes, Sir.

NATIONALISATION OF BUS TRANSPORT IN KURNOOL.

643—

(a) the amounts spent for the Nationalisation of Bus Transport in Kurnool district for the following:

(i) for the purchase of sites for construction of depots;
(ii) for the purchase of vehicles;
(iii) for the construction of depots;
(iv) for the maintenance of staff etc.,
(v) for giving compensation to private operators;
(vi) for establishing workshop;
(vii) for providing legal assistance in the Courts in cases connected with this;

(b) the total loss as a result of the reversal by the Supreme Court of the schemes of Nationalisation of Bus Transport in the District of Kurnool; and

(c) the quantum of damages payable to the bus operators in the Districts?

Sri B. V. Gurumurthy:—(a) The amount spent for the Nationalisation of Bus Transport in Kurnool District is as follows:

(i) Rs. 2,03,455-20 nP.
(ii) Rs. 76,19,816-32 nP.
(iii) Rs. 14,71,621-14 nP.

(iv) During 1963-64 a sum of Rs. 9,38,171-40 nP. was incurred towards the cost of staff appointed at Kurnool.

(v) An amount of Rs. 5,27,339-02 nP. was paid as compensation to Private Operators towards unexpired portion of their permits. Major portion of the amounts will have to be claimed for private operators since the Corporation stopped operation of its vehicles with effect from 6—2—1964.

(vi) No expenditure has been incurred towards establishing Workshop in Kurnool Division.

(vii) A sum of Rs. 10,287 was spent towards providing legal assistance in the Courts in cases connected with the Nationalisation of Bus Transport in Kurnool District.

(b) Consequent on the judgment of Supreme Court quashing of the Schemes of Nationalisation of Bus Transport Services in Kurnool District, buildings worth Rs. 9,84,195 are idle. The depreciation and interest charges and other watch and ward staff to look after the buildings and Municipal Taxes for the buildings payable is unavoidable expenditure which can be deemed as loss.

(c) The question in regard to the sanction of damages payable to the Bus Operators by the Andhra Pradesh State Road Transport Corporation, has not yet been decided by the High Court.

Sri Pillalamarri Venkateswarulu:—The total loss was not given. In question (b) the total loss was asked for but it was not given.

Sri B. V. Gurumurthy:—I have given all the details: According to the information given under (b) it is Rs. 9,84,195. It is not a total loss but it is the expenditure incurred in respect of buildings lying idle. That is the information so far as that aspect is concerned.
Sri Pillalamarri Vekateswarulu:—In the question when the total loss was asked for, I don't know how he could avoid answering that question. Actually, the total loss was asked for and you have to answer that question.

Sri B. V. Gurumurthy:—I have given all the details under different heads. The total loss under different heads is given and in particular under buildings also given, Sir. I do not understand at least how the total loss has to be assessed in respect of this item. If total loss in respect of certain other items is required, they could be totalled up and made known.

In the light of the Supreme Court judgment also, it is not wrong. If the Government proceeds to nationalise even according to the Supreme Court judgment it is not wrong. Whether the Government are considering the matter?

Sri B. V Gurumurthy:—Under the scheme of things Motor Vehicles Act. 1939 is a central Act. It lays down the procedure for nationalisation of certain routes according to which the Road Transport Corporation which is an autonomous body is the only competent body to take a decision,
taking into consideration the economy, efficiency and co­ordinated things that it could provide in certain services. In their own objective opinion, they have to formulate schemes. Government comes into the picture at the second stage when they publish the schemes in the Gazette to hear the objections and to decide whether they should approve the schemes in to or modify them and then approve. These are the agencies which function separately and almost differently.

Sri T. K. R, Sarma:—Has the Corporation now discussed or decided about the re-nationalisation in the Kurnool District? If so, has the proposal come before the Government?

Sri B. V. Gurumurthy:—I have said, Sir, the Corporation has to publish it in the Gazette. Then only the Government comes into the picture by way of hearing objections from the operators and decide whether they should approve the scheme.

Mr. Speaker:—That is what he wants to know. Has the parties come forward? Has it been published?

Sri B. V. Gurumurthy:—So far, it has not come to our notice, Sir.
May I know from the Minister as to how they have calculated that Rs. 9 lakhs was the loss. Who was responsible for this calculation in such an innocent manner.

Sri B.V. Gurumurthy:—As I said earlier, Sir, buildings worth Rs. 9,84,195 are idle: The total loss has not yet been computed, because depending upon the decree of the High Court in respect of the amount payable as compensation to the bus operators, we have yet to assess the total loss. I only said that Rs. 9,84,195 represents loss in respect of one item—buildings which are now lying idle. In regard to other things, sites purchased are there only; it is no loss; value is thereit
may be utilised any time; purchase of vehicles-vehicles are already put to use and there cannot be any loss on that account; construction of depots-depots are constructed and they can be used any time. The staff is there. Compensation to private operators has to be assessed in terms of the High Court decree, and then only the total loss can be assessed. About Workshop, no expenditure has been incurred.

Adequate, economic and efficient...
Will the Government consider to extend the facility of bus passes at concessional rates to the students in Guntur, Krishna, West Godavari and Kurnool Districts on the district bus service also?

Sri B. V. Gurumurthy:—No, Sir.

Mr. Speaker:—If too many members want to put supplementary questions to Question No. 645-A, we will take it up day after tomorrow. Supplementary would be asked day after tomorrow.

Sri A. C. Subba Reddy:—(a) 15 spans of the Road Bridge below N. S. Dam were washed away on 30—9—1964 and 1—10—1964.

(b) No, Sir.

(c) A slight subsidence of one span was noticed on the morning of 30—9—1964. It is not known who was the person that first noticed this.

(d) M/S Andhra Cement Construction Co., Private Ltd., Madras.

(e) There is no such clause in the agreement.

(f) The following Officers certified the work before paying final bills.

(i) Sri B. V. Narasimhaswamy, Executive Engineer.

**Calling Attention to Matters of urgent Public Importance**

*re: the Rise in Prices of the Essential Articles required by the Handloom Weavers.*

**Mr. Speaker:** There are two Call Attention motions. Now, Sir S. Venayya.

**Mr. Venayya:** — The demand is that the manufacturers, the trade unions, the Government, the public, and all concerned, and all the nationalised and cooperative societies, be united in this struggle against the prices of the essential articles required by the handloom weavers. As I have said, the rise in the prices of the essential articles is due to the accumulation of capital in the handloom industry. We must dispose of the essential articles. Firstly, there are cooperatives, the Government, the nationalised banks, and the trade unions.
The Minister for Finance and Industries (Dr. M. Chenna Reddy):—Sir, The position is that the cost of yarn has gone up, with the levy of excise duty even on lower counts. The matter has been taken up with the Government of India by the State Government.

The State Government are aware of the difficulties confronting the Handloom industry, in the matter of obtaining raw materials at reasonable prices. The Textile Commissioner has introduced the “voluntary scheme of yarn distribution” in consultation with the representatives of the textile industry.
Under this scheme, the Mills have agreed to place at the disposal of the Textile Commissioner 40% of their production for making it available to the handloom industry. He has also fixed the ceiling prices of different counts of yarn in consultation with the representatives of Mills.

The ceiling rate fixed is only the maximum price. If the market rate is less than the ceiling rate the Weavers Co-operative Societies or Master weavers are at liberty to negotiate with the Mills and obtain yarn at the market rate or ceiling rate whichever is less. After the introduction of the scheme, the Textile Commissioner has allotted 1235 bales of various counts of yarn to Andhra Handloom Weavers Co-operative Society, Vijayawada and 1207 bales to Hyderabad Handloom Weavers Central-Co-operative Association, Hyderabad. At present the Andhra Handloom Weavers Co-operative Society is getting 1208 bales of yarn every month and Hyderabad Handloom Weavers Central Co-operative Association is obtaining only 383 bales of yarn. This reduction in the case of Hyderabad Handloom Weavers Central Co-operative Association has been made as it did not require the original quantity allotted. Beside the yarn allotted by the Textile Commissioner, the three Co-operative Spinning Mills in the State are also supplying the yarn to Weavers Co-operative Societies. The Andhra Co-operative Spinning Mills, Guntakal, which is producing 800 bales of yarn per month of 20 and 30 counts, and Chirala Co-operative Spinning Mills, Chirala, which is producing 185 bales per month of 40 and 44 counts are making available their entire production to the weavers Co-operative Societies in Andhra area through the Andhra Handloom Weavers Co-operative Society. The Neta Co-operative Spinning Mills, Hyderabad, which is producing 20s yarn of about 400 bales a month is making available to the Weavers Co-operative Societies in Telangana area through the Hyderabad Handloom Weavers
Co-operative Society. For Weavers outside the co-operative fold, the Textile Commissioner has been allotting 1000 bales of yarn of various counts every month. This is being given to them. Therefore there is no difficulty in obtaining yarn required.

As regards dyes and chemicals, besides the indigenous production during the last one year, dyes and chemicals worth Rs. 17 lakhs have been imported and made available to weavers both within and outside the co-operative fold in the State. Dyes and chemicals will be distributed after the stocks are received in respect of the licences already issued. However, if the dyes and chemicals which are now being made available are found to be inadequate, the weavers may switch on the production of such varieties like the “bleeding Madras” which has been fetching foreign exchange and become entitled to export incentives under which they can import the dyes and chemicals they require.

Under the existing Export Incentive Scheme, licences are being obtained in favour of the Andhra Handloom Weavers Co-operative Societies, Vijayawada, against the export of the “Bleeding Madras” variety, produced in Nellore, Guntur and Chittoor districts of the State. The dyes so imported are being given to the weavers co-operative societies, Master Weavers Association and producers of “Bleeding Madras” and other exportable varieties.

Presentation of Supplementary Estimates of Expenditure for 1964–65.

Dr. M. Chenna Reddy:—I beg to present the statement showing the Supplementary Estimates of Expenditure for 1964–65.

Mr. Deputy Chairman:—Statement presented.

Mr. Deputy Speaker:—I have to announce to the House that the last hour for the receipt of cut motions to the Supplementary Estimates of Expenditure for 1964–65 is 3 p.m. on Wednesday, the 2nd December 1964. Such motions as are received afterwards will not be admitted.

Sri T. Nagi Reddy:—Discussion on the Supplementary budget is going to take place on the 6th or the 7th instant. Because of the Chief Minister’s reply tomorrow on the no-confidence motion, it would not be easy for us to send the cut motions. It would not be a difficult process for the Office to get them ready even if we give them on the 6th instant.

Dr. M. Chenna Reddy:—If it is not tomorrow we may fix the 3rd December but not the 6th instant because it will help me to get the information from all the Departments. So, I would suggest 3rd December, 12 O’Clock.

Sri T. Nagi Reddy:—Please make it 3 p.m.

Dr. M. Chenna Reddy:—All right.

Mr. Deputy Speaker:—So, the time fixed for receipt of cut motions is 3 p.m. on 3rd December 1964.

The Hon. Member of Parliament, Mr. X, expressed his concern about the state of the country. He highlighted the successful implementation of the new policy, which has led to significant improvements in various sectors. However, he also pointed out the challenges faced by the country, such as high taxation per capita income, lowest supply of electricity, and lowest per capita income. He emphasized the need for national development council planning to address the deficit in cement, iron, and food production. Corruption was another concern that he addressed, calling for decisive action to eradicate it.

In conclusion, he urged the government to take prompt actions to overcome these challenges and work towards the betterment of the country.
Motion Expressing Want of Confidence in the Ministry.

1st December, 1964

Mr. Speaker, Madam, Members of the House, and the audience present, I wish to present a Motion expressing the Want of Confidence in the Ministry. This Motion is based on the fact that the Government has failed in its obligations to the people. The Ministry has not fulfilled its promises and has not implemented the policies it has announced. The economy has not improved, and the people are suffering.

I believe that the Ministry is no longer capable of governing the country effectively. I therefore move that this House express its lack of confidence in the Ministry and call for the resignation of the Minister. I urge all members of this House to support this Motion for the betterment of our country.

Thank you.

Motion Expressing Want of Confidence in the Ministry.

1st December, 1964

Sir,

I have the honour to submit a Motion expressing Want of Confidence in the Ministry.

In the absence of the Prime Minister, I am not prepared to accept his explanation for the second time. I have already stated on the same lines in the earlier debate. The Ministry has already been defeated twice. The Prime Minister has admitted that the Ministry is not a united one. The Ministry has no majority in the House. The Ministry has been defeated in the Council as well. The Ministry cannot govern the country.

I have therefore moved the Motion of Want of Confidence in the Ministry.

Yours sincerely,

Mr. Speaker in the Chair

Mr. Speaker, I wish to express moral responsibility on the part of the minority government. A motion has been moved to censure the Government by the Opposition. I shall now proceed with the opposition's case first, and then the case of the minority government. Barrage meetings have been held. Irrigation projects have been discussed. Planning has been done. Minor Irrigation Projects have been inscribed. The Public Works Minister has been promoted. The Enamel Factory has been established.

Motion Expressing Want of Confidence in the Ministry.

Sri Vavilala Gopalakrishnayya:— Oh, Yes.

J. : Oh, Yes.

Sri Vavilala Gopalakrishnayya:— Oh, Yes.

J. : Oh, Yes.

Sri Vavilala Gopalakrishnayya:— Oh, Yes.

J. : Oh, Yes.

Sri Vavilala Gopalakrishnayya:— Oh, Yes.

J. : Oh, Yes.
Mr. Speaker:—Every Member has got the privilege of speaking anything in the House provided the language is parliamentary. The only thing I would ask the opposition party members to bear in mind is this. When you make allegations, since you are responsible Members, unless there is some basis for them, please don't refer to those personal allegations. It is better you don't do it on the floor of the House.

Sri K. Brahmananda Reddy:—Sir, I have heard with respect Mr. Pillalamarri Venkateswarlu, Mr. Sundarayya garu Sri Viswanatham garu and Sri Rajagopalanaidu garu

My friend, I was not contradicting. Contradict my answer. I was just raising a question.

Mr. Speaker:—The Chief Minister is saying that, so far as you are concerned, you have never made personal allegations and you have kept up the level of the debate. So far as Sri Vavilala Gopalakrishnayya is concerned, he says, he is making personal allegations. I suppose I have understood you correctly.

Sri K. Brahmananda Reddy:—Yes, Sir.

Mr. Speaker:—So he has never said anything against any of you (opposition side).
Sri V. Srikrishna:—It is a grave charge. Anti-patriotic.

Mr. Speaker:—So far as the Members are concerned, if you have got any basis, some information on which you can act, you are at perfect liberty to refer to those things. Another point is, as a responsible Member the first thing which Sri Vavilala Gopalakrishnayya should have done is to bring it to the notice of the Government or move an adjournment motion or put a short-notice question or raise it under Rule 74. For the first time, you (Sri Vavilala Gopalakrishnayya) are saying that the Minister for Agriculture has done like this. You are at liberty, no doubt. But any time you could have brought these to the notice of the House.

Mr. Speaker:—It is not so.
Mr. Speaker:—You have made some specific allegation against the Minister for Agriculture, Sri Balarami Reddi that because some of his own relatives brought some lorries containing food and since the collector Sri P. V. Ratnam did not oblige him, the collector was compelled to go on leave. What are the names of those persons who brought lorries, how are they related to Sri Balarami Reddi and whether it is a fact that Sri Balarami Reddy compelled him to go on leave? Now, from what appeared in the press Sri P. V. Ratnam went on leave on grounds of health. That is what I have read in the papers,
Mr. Speaker:—Another thing you are saying; Some personal allegations against Mr. D. S. Reddy, Vice-Chancellor, and all that...

Mr. Speaker:—Same things Mr Sundarayya could have referred to, Mr. Tenneti Viswanatham could have referred to...
Mr. Speaker:—So far as Orissa is concerned, so far as Mysore is concerned, so far as Punjub is concerned, you see, definitely some allegations were made against the Ministry, the matter was enquired into and still is being enquired into. All those things you could have certainly raised against this Ministry and sent to the same concerned people.

Mr. Speaker:—Anyhow so far as we are all concerned we are not aware of those things.
Mr. Speaker,—Please avoid these things, Mr. Vavilala Gopalakrishnayya. What is the point in saying that the Government are interfering with the judiciary?

Sri Vavilala Gopalakrishnayya:—Exactly, Sir...

Mr. Speaker:—I am so sorry.

Sri Vavilala Gopalakrishnayya:—You are feeling sorry; we are becoming the victims and feeling sorry.

Mr Speaker,—What I say is, judiciary is supposed to be very independent and there has not been one instance which has come to light so far in our State...

Mr Speaker:—You are simple making allegations against the judiciary, accuse the Government — Go ahead as you please. I do not know why you are transgressing your own limits which you never did in the Assembly. It does not add—
Mr. Speaker,—I do understand, but there is a way of doing things anywhere. You can certainly criticise the Government, criticise their policies, what they are doing, but why do you make allegations against the judiciary and others.

Mr. Speaker,—Might be stray cases. I don't say everything is perfect in this world and with this Government; I am the last man to say that. There are some people who misbehave; they might have interfered in a few cases, but you don't generalise those things and say that judiciary is being led by the Government.

Mr. Speaker:—I don't deny. After all, this is democracy. In a democracy, there is support from the people and several people oppose. They do thousands of things every day. Do you think they are doing everything perfectly?

Sri Vavilala Gopalakrishnayya:—We are not saying—

Mr. Speaker:—They don’t say they are Divine beings. They never said that. They admit their own failures. What I am asking you is, please do not make personal allegations which you can't prove. Beyond that, you can speak whatever you want.

Before I call upon the next speaker to speak, just one thing I want to say. We have got 1 hour and 10 minutes but still a number of members want to speak. I am only making one request to the members. We will sit till 2 o'clock and from now on, excepting the two Ministers, Sri A. Balarama Reddy and Sri A. C. Subba Reddy, who want to give replies, for all the other members I would like to give at the rate of 10 minutes. Please confine yourself within these 10 Minutes.

Mr. Speaker:— You kindly arrange accordingly.

Sri Pillalamarri Venkateswarlu:— We have requested that our whole time may be allotted only to one speaker.

Mr. Speaker:— I do not think there is one member who has confined his speech to the time that was given and within which he has promised to complete his speech.
Motion Expressing Want of Confidence in the Ministry.

Mr. Speaker:— Main opposition parties do not exist.

Mr. Speaker:— Opposition Parties must come to some understanding.

Mr. Speaker:— I am not going on that basis. I am telling you irrespective of the fact whether the party forms the main Opposition or whether the party consists of 10 people or 2 people or if they do not belong to any party I am trying to be as fair as possible.

Sri Tenneti Vishwanatham:— I am very sorry, I took more time than what allotted. I apologise.

Mr. Speaker:— Not only you—

Sri Pillalamarri Venkateshwarlu:— I also apologise for exceeding my speech beyond 10 minutes.

Mr. Speaker:— Still you want more time to be given. How is it possible?

Sri Pillalamarri Venkateshwarlu:— One important speech from our side; that is my simple request to you for 20 minutes.

Mr. Speaker:— I wanted to avoid. Members won’t come. At least you have got some audience now. If there is evening session, nobody will come.
Sri T. K. R. Sharma :- It is not a question of audience. It is a question of giving expression to one's thought.

Mr. Speaker :- What is the question of giving expression to empty benches?

Mr. Deputy Speaker in the Chair.

The Deputy Speaker:—Honourable Members, this House of Assembly is concerned with intermediary agencies as well as with big landlords. The time has come to consider the question of the role of intermediaries in the land market. The Intermediary Agency Act, 1964, which was enacted to regulate the activities of intermediaries in the land market, has not been effective in controlling the activities of these agents. The Intermediary Agency Act should be amended to ensure that the activities of intermediaries are regulated in a manner that is consistent with the principles of public administration. The amendment should also provide for the establishment of a regulatory body to oversee the activities of intermediaries.

2. The situation in the food sector has improved. The government has taken steps to increase the production of food grains. The consumers are satisfied with the progress made in the food sector.

3. The situation in the consumer sector is completely different. The government has not taken any steps to improve the situation. The consumers are dissatisfied with the government's policies.

4. In conclusion, the government should take steps to improve the situation in both the food and consumer sectors. The consumers have a right to be satisfied with the government's policies.

5. If the government does not take steps, the consumers will continue to be dissatisfied. The government should take steps to improve the situation as soon as possible.

Mr. J. R. Madivala (State Assembly):—Mr. Speaker, Hon. Members, in this connection, I want to express the profound melancholy and sorrow we have felt for the passing away of Hon. Member, Mr. H. V. Reddy, whose recent death has not only caused a heavy blow to the party, but also to the people of the State. Mr. H. V. Reddy was a man of great integrity and a fine leader. His death is a great loss to the party. I want to express our condolences to the family of Mr. H. V. Reddy and to the people of the State.

Sir, the recent distribution of foodgrains by the Government has caused a great deal of controversy. The Hyderabad foodgrains merchants association has stated that the distribution was not fair and that the consumers were not getting the foodgrains at the correct price. The merchants have also stated that the supply of foodgrains was not adequate.

Mr. Speaker, I want to ask the Government to take steps to ensure that the distribution of foodgrains is fair and that the consumers are not exploited. The Government should also ensure that the supply of foodgrains is adequate and that the merchants are not exploited.

Sir, I want to request the Government to take steps to improve the distribution system and to ensure that the consumers are not exploited. I also want to request the Government to ensure that the supply of foodgrains is adequate and that the merchants are not exploited.

Mr. Speaker, I want to thank the Government for the steps they have taken to improve the distribution system and to ensure that the consumers are not exploited. I also want to thank the Government for ensuring that the supply of foodgrains is adequate and that the merchants are not exploited.

Mr. Speaker, I want to ask the Government to take steps to improve the distribution system and to ensure that the consumers are not exploited. I also want to ask the Government to ensure that the supply of foodgrains is adequate and that the merchants are not exploited.

The Honorable Minister of Agriculture, Mr. [Name],

I refer to the situation of the agricultural production in the country as reported in the All India Agricultural Situation Magazine for the current year 1964.

The figures for the crop years 1961-62 and 1962-63 show a significant drop in production. The current year 1963-64 is also expected to be a difficult period for agriculture.

Monthly figures of the All India Agricultural Situation Magazine indicate a decrease in production which has been attributed to factors such as weather conditions and other constraints.

There is a need for a comprehensive review of the agricultural situation in the country. The State Department of Agriculture statistics also show a decrease in production.

The Honorable Minister of Agriculture, Mr. [Name], is requested to take immediate steps to stabilize the agricultural sector. A detailed report on the current situation will be submitted for your consideration.

Yours sincerely,
