Stainless Steel Quota

2—

*753 (2459)Q.— Sri T. Narasimha Reddy (Jammalamadugu) :— Will the Hon. Minister for Finance be pleased to state:

(a) what is the stainless steel quota for Andhra Pradesh for 1963-64;

(b) how many permit holders are there in the State and in particular Cuddapah District, how much is allotted to each permit holder; and

(c) what is the basis of allotment?

The Minister for Finance (Dr. M. Chenna Reddy):—

(a) There is no allotment exclusively for stainless steel sheets. But the Government of India have allotted foreign exchange to the value of Rs. 18,10,003/- for the first half year period April-September, 1963, out of which an amount of Rs. 6,15,950 has been utilised for stainless steel sheets. Out of foreign exchange allotment of 16 lakhs for the second half year (Oct. 1963 to March 1964) an amount of Rs. 6,05,000/- has been utilised for stainless steel.

(b) There are 103 small scale Industrial units in the State, out of which two are in Cuddapah District. Import licenses are issued to each unit based on the Foreign Exchange allotted to the State and the previous allocations made to the units. A list of these units is placed on the Table of the House.

(c) Allotments are based on the previous allocations made for the two licensing periods i.e. April-September 1962 and October 1962 to March 1963 and other relevant
factors such as the cost of machinery installed, their productive capacity, etc., and weightage is being given to old established units.

**STATEMENT PLACED ON THE TABLE OF THE HOUSE**

reimburse within 30 days or what is the action to be taken?

Mr. Shridhar: The action to be taken is that the auditing report figures are adjusted for the subsequent period and reimbursement is made. Refund to the Government of the grants given under this scheme. At the close of each year the balances should be refunded to the Government according to the general principle of refunding amounts on a general principle at the close of the financial year. The position is that the refund to the Government in the years 1956-57 and 1962-63 is as follows: 1956-57 Rs. 8,50,480; 1962-63 Rs. 9,30,849.78. Total refund to the Government on the principle of refunding as per the grants given. What are the refund conditions?

Mr. V. B. V. Patil: The All India Khadi Board has given advances to the Khadi Board for the Khadi Board to provide loans to the Khadi Board. The report shows that the report is not available. The position is that the loans given for the Khadi Board are not for industrialisation, but for the programme of the Khadi Board to the tune of Rs. 30,90,106. The amount has not been refunded to the Government so far till April, 1963. Each year ending balance is not refunded.
Mr. Speaker: I would request Mr. P. Thimma Reddy to give the full information to the Members of the House because he was in charge of the Khadi and Village Industries Board.

Dr. M. Chenna Reddy: I can obtain the details regarding the position of the working of these......

Mr. Speaker: Shri Thimma Reddy may be in a position to give the details. From his experience he can give full information to the Members as to how the Board is functioning, whether satisfactorily, what is the amount due from the Board, and whether some of the Khadi Boards are existing or whether there bogus bodies....... He can give the full information to the Members.

Shri P. Thimma Reddy: — (Vayalapadu) I submit that in respect of the Khadi Board, auditing was not done from year to year. It was taken in 1961-62 seriously.
Prior to that no auditing was done. When I took over charge, funds of the Government of India, to an extent of 70 lakhs was in the Banks and I got the amount refunded to the Government of India. Some of the units have not been visited and have not been audited. Some special staff has been appointed and on account of the increase of staff, the expenditure on establishment has also gone up and Government to increase some more money so that the Khadi Board has made a request to the State auditing of those units could be carried on. We tried our best. We have launched a number of criminal cases for defaulcation and there are some others against whom proceedings are launched and the Police and other Departments are giving their best cooperation now. I think in a short time, now that Mr. Bhagavantha Rao has taken over, he should be able to clean up the whole thing now. As a matter of fact, there are some industries—some varieties of industries—which may not thrive. For instance, hand-pounding rice was also seriously discussed in the Assembly once and I have also made a reference to it. As a matter of fact, the hand-pounding rice must be discouraged. There are one or two other varieties of industries which must be discouraged. There are a few other types of industries which deserve encouragement and it would be useful to give grants and loans. We have got also some technical staff now and I think in future they may be able to run the establishment properly.

Mr. Speaker: Now, we go to the next question.

Consultative committees

Consultative committees
Mr. Speaker:— By private negotiations? Sometimes they demand high prices.

Mr. Speaker: What he is saying is, instead of acquiring by adopting the procedure, why not the Government try to acquire by private negotiation? People are prepared voluntarily to give land. They do not require the help of the Government at all. What he is saying is, why not expedite these things by private negotiations instead of adopting this cumbersome procedure.
7. Will the hon. Minister for Social Welfare be pleased to state:
(a) whether it is a fact that house site petition of the Harijans of Kudithipalem village, Nellore Taluk and District has not been considered for the last seven years; and

Smt. T. N. Sadalakshmi:

(a) & (b) The petition of Harijans relating to the provision of house sites in Kudithipalem village is pending from 1960. Want of fund is the main reason. The sites in S. The suitability certificates are awaited from the District Health Officer, Nellore and the Executive Engineer, Zilla Parishad, Nellore. Rules issued in G. O. Ms. No. and Date

Reference to the Gazette with dates.

*Mr. Deputy Speaker:* Papers laid on the Table.

*Presentation of the Report of the Joint Select Committee on the Andhra Pradesh Tenancy Bill, 1964.*

*Sri N. Ramachandra Reddy:* Sir, I beg to present the report of the Joint Select Committee on the Andhra Pradesh Tenancy Bill, 1964—

*Sri P. Sundarayya:* Point of order. I think that motion is out of order according to the rules of procedure. First, he can move for presentation of the Joint Select Committee Report before the House and after presentation of the Joint Select Committee Report certain time should be given. I think the normal procedure is three days if I remember the rules. Then only the Minister-in-charge can bring a motion to have the first reading of the Bill as introduced. I do not know, Sir, whether the Speaker under his special powers has waived that three days' rule. Normally, Sir, even if that has to be done, the parliamentary custom is that it should be taken in the Business Advisory Committee. Even if that is there we should be informed, but in any case even if the Speaker has given it—I do not know whether he has given it or not—it should be taken in the Business Advisory Committee. Even then, there should be two motions; the first one is that “I am presenting the Joint Select Committee Report here” and then the next one is “this Bill as reported by the Joint Select Committee be taken for first reading.”

Here, I find an entirely new procedure which is completely in contradiction of the rules of procedure of the House,
nannay, that "I am presenting this Report and I am moving to refer it to the Regional Committee." It is a very extraordinary procedure and as such I want your ruling that this motion is out of order and the Government may come with proper motions even if the Speaker has given the necessary permission wherein the normal rules of procedure——

*Mr. Deputy Speaker:* Just refer to Rule 128 (B). It says: "When a regional Bill is introduced, or on some subsequent occasion, the member-in-charge may make one of the following motions in regard to his Bill, namely: that it be referred to the Regional Committee——

*Sri P. Sundarayya:* No; that is all right. This is regional Bill, no doubt; I am not questioning it.

*Mr. Deputy Speaker:* So, one of the two motions may be moved, that it be referred to the Regional Committee.

*Sri P. Sundarayya:* That he can move it. Earlier when the Bill was first introduced in this House, the motion made by the Minister was that the Bill be referred to a Joint Select Committee. It has gone to the Joint Select Committee and he is now presenting the report from the Joint Select Committee.

*Mr. Deputy Speaker:* So, you want these two motions to be separate.

*Sri P. Sundarayya:* Not only that, Sir. I could not quote immediately the rules of procedure, but there is a specific rule saying this, that the first motion should come before the House, that "I am presenting the Joint Select Committee Report." That is the first motion he has to make. After presentation of the Joint Select Committee Report, certain time should be allowed before the motion
is made either for referring it to the Regional Committee or for taking into consideration. Any motion he can make, but there should be certain lapse of time after presentation of the Joint Select Committee Report. That time has not elapsed. This morning at 8.30 we see this on the table. Naturally, presentation of the Report, I can understand but where is the time between that presentation and the motion made to refer it to the Regional Committee. That time is not allowed. Second thing I can understand Speaker giving special permission to waive that rule and allowing the Minister concerned to move that motion immediately, but that has to be a separate motion. So, in both things, the motion as it is, is out of order according to our rules of procedure. He cannot combine the two motions and say: “I am presenting the report of the Joint Select Committee and I am also moving that the Bill be referred to the Regional Committee”. That, he cannot do. The question of allowing time in between the two motions— I think the time limit prescribed is three days or so—is very important. This is a very important Bill, and we have not been able to see what the Joint Select Committee recommended. The Regional Committee is expected to take into consideration the views of the members expressed during the first discussion, and then only the Regional Committee can exercise its mind over the provisions of the Bill. This procedure has not been followed. On the other hand, this is an extraordinary procedure that is being followed. In any case, my main point is that the form in which it is there is against our rules and as such is clearly out of order.

Sri Kavilala Gopalakrishnaya: Please refer to Rule 125, Sub-rule 1. It says: “The report of the Select Committee on a Bill together with the minutes of dissent, if any, shall be presented to the Assembly to the Chairman or in his absence by any member of the Committee”. Sub-rule
(2) says: "In presenting a report, the Chairman, or, in his absence, the member presenting the report shall, if he makes any remarks, confine himself to a brief statement of fact, but there shall be no debate at this stage". Rule 126 deals with printing and publication of report. Rule 127 speaks of the motions that may be moved after presentation of the report of the Select Committee. As you have mentioned, Rule 128 is there which deals with the scope of debate on report of the Select Committee. Then we come to rules which regulate the procedure regarding regional Bills. Rule 128-B says "the member-in-charge may make one of the following motions in regard to his Bill, namely,

(a) that it be referred to the Regional Committee, or
(b) that it be circulated for purposes of eliciting opinion..."

So, there are two positions: one position is, presentation of the report. The other is the Regional Committee stage. These two positions are quite different. Even the Bill could have been sent to the Regional Committee earlier; but that is not the point. One position, as I said, is presentation of the report of the Joint Select Committee to the House. The other is reference of the Bill to the Regional Committee. The Regional Committee reference might come either before or after. It is only the Report of the Joint Select Committee that should be presented to the House now. This cannot be combined with the other position, namely, referring it to the Regional Committee. Such a procedure is against the rules of Assembly.

Sri P. Rajagopala Naidu: I want to support that. According to the procedure of the Assembly the Minister has to present the Report of the Select Committee to the House first; then, afterwards, he may move that the Bill be referred to the Regional Committee. Therefore, we want the procedure to be adopted as prescribed by the Rules.
Sri N. Ramachandra Reddy: The first thing is, presentation of the Joint Select Committee Report to the Assembly, and the next thing is reference of the Bill to the Regional Committee. Objection has been raised by the Leader of the Opposition that these two motions are clubbed. But at the same time, he expressed that the Speaker is competent to waive the rule also and grant permission to move both the motions at one time. I do not think that it would make any difference, because the Bill has been discussed threadbare. It was first introduced in the Assembly and the first reading was over; now the Joint Select Committee has also presented its report. Later it will go to the Regional Committee, and after full discussion again the Bill will come before the House, and members will have an opportunity to offer their suggestions of amendments, etc. I do think it will make any difference. The Speaker is also competent to waive the rules. I request the Speaker to give a ruling on this point.
Presentation of the Report of the Joint Select Committee on the Andhra Pradesh Tenancy Bill, 1964

Presentation of the Report of the Joint Select Committee on the Andhra Pradesh Tenancy Bill, 1964

[27th June, 1964]

Direct a Regional Committee through Assembly if impropriety is found, present to the Regional Committee. It will be the property of the Assembly then they can refer to the Regional Committee. Independent proposition can combine instructions unconstitutional illegal and irregular.

Procedure: Presentation of the report to the House, refer Regional Committee. Once a motion is made either for reference to the Regional Committee or not, the House has right to debate. Therefore at this stage of presentation, if the Minister concerned wants to make any remarks, he can make a brief statement of fact relating to the proceedings of the Select Committee. He has got a right to make a brief statement, as we are now at the first stage of presentation of the Report of the Joint Select Committee, but there is no question of any debate at this stage.

Under Rule 125(2), “In presenting a report, the Chairman, in his absence, the member presenting the report shall, if he makes any remarks, confine himself to a brief statement of fact, but there shall be no debate at this stage.” Once a motion is made either for reference to the Regional Committee or not, the House has got the right to debate. Therefore at this stage of presentation, if the Minister concerned wants to make any remarks, he can make a brief statement of fact relating to the proceedings of the Select Committee. He has got a right to make a brief statement, as we are now at the first stage of presentation of the Report of the Joint Select Committee, but there is no question of any debate at this stage. After presentation is over today, then only either tomorrow or the day after — I cannot say the rule concerned, but it is generally accepted that any bill or report, immediately on its introduction, cannot be taken into considera-
tion, but sometime should be given, and the minimum time is three days.

Mr. Deputy Speaker: What I say is that I will discuss this with the Speaker, whether he has, for the sake of convenience, allowed these two motions to be clubbed together. Otherwise, the rule says . . .

Sri P. Sundarayya: Even the Speaker will never do it. The rule is very specific.

Mr. Deputy Speaker: I will give a ruling after consulting him on this point.

Now, I request the Minister for Revenue to move his next motion.

GOVERNMENT BILL

The Andhra Pradesh Revenue Recovery (Amendment) Bill, 1964

Mr. Deputy Speaker: Motion moved.

(PAUSE)

Mr. Deputy Speaker: The question is:

"That leave be granted to introduce the Andhra Pradesh Revenue Recovery (Amendment) Bill, 1964".

The motion was adopted.
Presentation of the Report of the Joint Select Committee on the Andhra Pradesh Municipalities Bill, 1963

Mr. Deputy Speaker: There is an earlier item standing in the name of Minister for Municipal Administration, Sri Alapati Venkatramayya. He will now move it.

Sri P. Sundarayya: It is not in today’s agenda.

Sri Vavilala Gopalakrishnayya: Supplementary agenda was given.

Sri P. Sundarayya: I have not seen. I raise a point of order. In the agenda that was circulated yesterday night, it was not there. Then, this morning when I came here at 8.30 A.M., it was not there in my papers on the table. Later on only, probably, it was circulated. Now, this is a very serious Bill. A serious bill of this nature cannot be introduced at any time the Minister concerned likes, unless there is an agreement between all the groups and parties. Otherwise, what happens is Government, at any time, because they have got a majority, can bring any Bill any time, introduce it, withdraw it and so on. We have rules of procedure are there intended to give Opposition members proper time to study and criticise the Bill. Even for the members of the ruling Party also, it is in their interests to have proper time to go through the provisions of the Bill. As such, I do not know why the Government is so extra-ordinarily anxious to overcome the normal procedure and rush through these Bills. Therefore, because of that—since proper notice is not given, let the Bill be held up till tomorrow for introduction.

Sri Tenneri Viswanatham: We have no objection for its being presented tomorrow.
Mr. Deputy Speaker: What I am told is that this is given in the supplemental agenda and the supplemental agenda has been circulated.

Sri P. Sundarayya: Today, at what time, Sir?

Mr. Deputy Speaker: Not after 8.30 A.M. Before the session started.

Sri Pillalamarri Venkateswarlu. It was distributed only after the Speaker has taken the Chair.

Mr. Deputy Speaker: For convenience sake, it may be only that it was placed on the table and you have seen it at 8.30 A.M., and before the House began its meeting.

Sri P. Sundarayya: That is exactly why I am raising this objection. Unless, there is an agreement between the parties, this should not be done. Now it is 10.30 A.M. Another supplemental agenda can be given and another bill could be introduced. There must be some understanding of the rule.

Mr. Deputy Speaker: For presentation, would you have serious objection? Today it is only for presentation.

Sri P. Sundarayya: It may be presentation. But at 10.30 A.M. another Bill can be presented. I want to know what is the procedure.

Mr. Deputy Speaker: They have followed this procedure only for today. Hereafter, we shall see that this is not repeated. The Government will come in time or the things will be placed before you giving you sufficient time. As regards, presentation, I hope the House will not have any objection. If it were to go to the Regional Committee. We shall have another motion for reference to the Regional Committee later. Today it will be presented only.
Sri P. Sundarayya: That is a different thing. My point of order is...

Mr. Deputy Speaker: On that I gave an assurance that this will not be repeated.

When I use ‘may’, it means ‘shall’. Now, I hope the House will agree for the presentation of the Select Committee Reports of both the Bills. Motion relating to reference to the Regional Committee can be taken up on Monday or Tuesday.

Sri Vavilala Gopalakrishnayya: Now, I think the Minister will delete the last portion, namely ‘and to move under Rule 128-B of the Andhra Pradesh Legislative Assembly Rules read with sub-rule (1) of Rule 164-J of the said Rules that the Bill as amended by the Joint Select Committee be referred to the Regional Committee for consideration and report to the Assembly’. This thing will be deleted in the motion, and the Minister will confine to the earlier portion only.

Mr. Deputy Speaker: When they want they would like to have two separate rulings. Convenience House satisfaction.

Sri. Alapati Venkatramayya: Sir, I beg to present the Report of the Joint Select Committee on the Andhra Pradesh Municipalities Bill, 1963”.

Mr. Deputy Speaker: Report presented.
Mr. Deputy Speaker: Report presented.

GOVERNMENT BILLS

Mr. Deputy Speaker: Motion moved.

M. Deputy Speaker: The question is:

"That leave be granted to introduce the Andhra Pradesh (Telangana Area) Abolition of Inams Bill, 1964".

The motion was adopted.

Mr. Deputy Speaker: Motion moved.

Sri P. Rajagopala Naidu: I oppose it.

"Water Courses" means any channel or pipe not maintained at the cost of the Government. Channels are channels and channels are channels and channels are channels. Channels are not maintained at the cost of the Government. Channels are Channels are Channels are Channels. Channels and Channels and Channels are Channels and Channels are Channels and Channels are Channels. Channels are Channels and Channels are Channels.
The Collector may order the recovery of the cost of construction of any water course including the amount of compensation payable or that may have been paid for the purpose, from the owners of the land served by the water course constructed by the Irrigation Officer under Section 8 in proportion to the extent of land owned by them.

Sri N. Ramachandra Reddy: These are details in working. Hon'ble Member is competent and he can raise objection on the merits and demerits of the Bill. But now I am requesting only for leave to introduce the Bill.

Mr. Deputy Speaker: The question is.

"That leave be granted to introduce the Andhra
Pradesh Irrigation (Construction and Maintenance of Water Courses) Bill, 1964.”

The motion was adopted.

*The Andhra Pradesh Objectionable Performances (Amendment) Bill, 1964.*

The Minister for Home (Sri Mir Ahmed Ali Khan) : I beg to move for leave to introduce the Andhra Pradesh Objectionable Performances (Amendment) Bill, 1964.”

Mr. Deputy Speaker : Motion moved.

(PAUSE)

Mr. Deputy Speaker : The question is:

“That leave be granted to introduce the Andhra Pradesh Objectionable Performances (Amendment) Bill, 1964.”

The motion was adopted.

**ANNOUNCEMENT**

re : The Governor’s Address on 25th June 1964.

Mr. Deputy Speaker : I have to acquaint the House that on the afternoon of the 25th June 1964, the Governor was pleased to address Members of this House which I had for greater accuracy obtained and placed a copy on the Table of the House. Amendments to the Motion of Thanks to the Governor’s address will be received in the Secretariat upto 5 p. m. on 29th June 1964.

**BUSINESS OF THE HOUSE**
Dr. Chenna Reddy is here,

Mr. Deputy Speaker: Yes, Dr. Chenna Reddy is here in the House.

Sri T. V. S. Chalapathi Rao (Vijayawada - South): Dr. Chenna Reddy is here.

Mr. Deputy Speaker: It is a point of emptiness...

Sri P. Sundarayya: When I raised the point, Dr. Chenna Reddy did not say that he was here. Our point, is that when a Minister is here he should follow the proceedings.

Mr. Deputy Speaker: It is true that Ministers should be there and they must listen to what is being said. Probably Dr. Chenna Reddy was busy discussing something with the Chairman of the Regional Committee.

Sri P. Sundarayya: When I raised the point that the Treasury Benches were empty and that there was no Minister who was taking note of the proceedings, you also agreed and sent for the Ministers .......

Mr. Deputy Speaker: Yes, but we did not notice Dr. Chenna Reddy. It is not necessary that he should sit in his place.

Sri P. Sundarayya: At least he should say that he is taking note of the proceedings. I just looked at the Treasury Benches and they were empty.
Mr. Deputy Speaker: Apparently he was having a talk with the Chairman of the Regional Committee and was busy with something.

Sri Vavilala Gopalakrishnayya: That only shows that they are indifferent to the Assembly and they are doing their own work or business in the Assembly.

Mr. Deputy Speaker: It is not like that. I would however request the Ministers to be present in the House and take note of the proceedings.

Sri Vavilala Gopalakrishnayya: Who is taking note now?

Mr. Deputy Speaker: Dr. Chenna Reddy is hearing your point. It is not necessary that he should be sitting in his place.

Sri P. Sundarayya: Now I want to raise a point. Who is the Minister that is looking after the proceedings of the House.

Mr. Deputy Speaker: As I said, Dr. Chenna Reddy is here and it is necessary that he should sit in his place.

Sri P. Sundarayya: But if he is in charge of the proceedings he should sit in his seat. Let him say that he is taking note of the proceedings.
It appears that he is not in charge. How can the Deputy Speaker speak for the Ministers? There are other Ministers also—Sri Ramchandra Reddy, Sri P. V Narasimha Rao, Sri Alapati Venkataramaiah and Dr. Chenna Reddy. Who is in charge now?

**Mr. Deputy Speaker:** I think we need not insist on it.

**Sri Pillalamarri Venkateswarlu:** We members would like to know.

**Mr. Deputy Speaker:** For a particular subject, if a particular Minister is there he is in charge.

**Sri Pillalamarri Venkateswarlu:** There are three or four Ministers who are in the House, but who are not in their seats.

**Mr. Deputy Speaker:** The particular Minister for the particular subject is in charge. In his absence, the other Ministers will be in charge and carry on the proceedings of the House.

**Sri Pillalamarri Venkateswarlu:** You say that. Dr. Chenna Reddy is in charge, but by his silence she does not seem to be in charge.

**Sri P. Sundarayya:** I want to raise a point. Sri Vavilala Gopalakrishnayya rose and said he wanted to raise a point of privilege.

**Mr. Deputy Speaker:** He said 'convention'.

**Sri P. Sundarayya:** Yes, Convention. When an important point is raised here by a member in the House, it must be dealt with by the Minister concerned, and no Minister was there in his seat. Of course, we have the Leader of the House and on his behalf any Minister can certainly act. The other day when the Chief Minister was not here, Sri Ramachandra Reddy moved a motion.
Now also Sri Ramachandra Reddy is there but not in his seat.

Mr. Deputy Speaker: What is your point?

Sri P. Sundarayya: The Ministers who are holding certain ranks should take their seats accordingly and take the responsibility when the Chief Minister is not there or when the Minister concerned is not there. Let the Chief Minister say that in respect of a certain subject or when he himself is not there, let some Minister — whether it is the Minister for Law or the Minister for Finance — take charge. Who is in charge of the House now.

Mr. Deputy Speaker: There is no question of who is in charge. When a particular subject is dealt with the Minister concerned with that particular subject will take note of the proceedings and when he is not there whichever Minister is in the House will take note of the proceedings.

Sri T. Viswanatham: You are perfectly correct. The only thing is no Minister is on the front benches. They are all sitting on the benches behind. When you are throwing a suggestion that any Minister can take note of the proceedings no Minister is doing it.

Sri T.V.S. Chalapathi Rao: Mr. Deputy Speaker, discussion that is now going on leads us to the question whether the absence of a Minister from the front benches or from his seat amounts to a total absence from the House. How is it open for any Member to say that even though Dr. Chenna Reddy is physically present, he should sit only in his seat or to question whether he is taking notes? I request for your ruling.

Sri T. Viswanatham: May I request your indulgence? There is a misunderstanding about the import of what has happened. We did not question the presence of the
Minister in the House or whether he is taking notes. What I said was that in spite of the suggestion coming from the Chairman that any Minister can take note of the proceedings, no Minister comes forward and says that he is doing it. Every time you make the suggestion they go one bench behind. We are not in any way questioning what they are doing, but let some Minister say that he is taking note of the proceeding.

Dr. M. Chenna Reddy: No Minister is going to the rear benches. Once there is a Minister present here, as soon as a member starts a speech, the Minister will naturally take note of what is being said. It does not require anybody to tell us what we should do.

Sri T. Viswanatham: Now that the Minister has said that I am thankful to him, I am now satisfied that he can hear us from even a greater distance!

Sri P. Sunderayya: When Sri. Vivilala Gopalakrishnaya was speaking on a point, I did not see any Minister on the Treasury Benches. You also looked at the Treasury Benches and since no Minister could be seen you sent an Officer to fetch the Minister. In the meanwhile, another hon. Member pointed out that some Minister was there but even then the Minister did not say that he was taking note of proceedings. If the proceedings are to be respected only this much, we are doing a disservice to the House and the hon. Members.

Mr. Deputy Speaker: What you said is true. I too did not see Dr. Chenna Reddy and sent for the Minister. Obviously, Dr. Chenna Reddy was busy speaking with the Chairman of the Regional Committee. He could have stood up and said that he was taking note of what was going on. He probably did not notice what we were discussing but another hon. Member pointed out that he was there. It is implied that the Minister who is in the House should take note of what is going on.
Sri P. Sundarayya: For the least 10 years it has always been the custom that the Minister who is sitting in the House always used to say that he was taking note of what was being said.

Mr. Deputy Speaker. No, let us continue.

Mr. Deputy Speaker: What has the Government to say? Sri, Vavilala Gopalakrishnayya has raised a point of procedure and convention. He says that the Unnithan Committee Report on Village Officers was first circulated in the Legislative Council yesterday while actually it ought to have been circulated in the Assembly first.

Sri. N. Ramachandra Reddy: The copies were sent to the Legislature Secretariat and it was for the Legislature Secretariat. I do not know when they were presented in the Council and why they were presented there first.
Mr. Deputy Speaker: I also understand that the copies were sent to the Legislature Secretariat. They are being distributed in the Assembly today. The Office ought not to have distributed the copies in the Council earlier.

Sri. Vavilala Gopalakrishnayya: So, it is not officially received!

Mr. Deputy Speaker: They have been officially received.

Sri. P. Sundarayya: Have the copies been distributed in the Council?

Mr. Deputy Speaker: They have been distributed.

Sri. P. Sunderayya: If they were distributed in the Council, why were they not distributed in the Assembly?

Mr. Deputy Speaker: I will call for the information from the hon. Chairman of the Council. I will write to them and tell you as to how it has been done and why it was done?

Sri. P. Sundarayya: I am not raising an objection for distributing......

Mr. Deputy Speaker: But that is the procedure and convention that is followed — he has raised it.

Sri. P. Sundararayya: That is a different point. If it is a fact that it has been distributed to the hon. members of the Council —— and it seems so from what you said and from what hon. Sri. Vavilala Gopalakrishnayya has said why it was not distributed yesterday morning in the Assembly? Even if the copies were received at 3 O’ clock why were they not distributed here this morning?

Mr. Deputy Speaker: Yesterday, because the condolence Resolution was there......
Sri. Tenneti Viswanatham: This morning also two condolence Resolutions were there.

Sri. Vavilala Gopalakrishnayya: Council also had Condolence Resoultion yesterday.

Mr. Deputy Speaker: The particular thing —— I will refer this matter and objection to the Chairman and find out and report to you. Apparently it looks taht it should have come here and then circulated here.

Sri. Tenneti Viswanatham: Why not today, why was it not distributed today? Are we not entitled to it?

Mr. Deputy Speaker: It ought to have come to us today. I shall see that the office does not repeat these things. It happened by an over-sight or some such thing on the part of the office. We shall see. We will regularise the procedure.

Sri. Tenneti Viswanatham: Very good, Sir, thank you.

Mr. Deputy Speaker: Regarding the Statement I will call the information and then submit to you.

Sri. P. Sundarayya: My point is this. The Statement of revenue collections is very important mostly in our debate on the Governor's speech.

Mr. Deputy Speaker: Was it said that it will be circulated?

Sri. P. Sundarayya: Last time the hon. Speaker said that whatever material is there, it would be given by the end of the meeting and the hon. Minister himself promised that he would get all the material regarding revenue collections up to the end of the Fasti-March or April-and submit talukwise demand and collections. The hon. Speaker also at the time said that he should give the actual demand, actual collections, arrears pending in particular years and the hon. Minister promised he would do it.
Sri. N. Ramachandra Reddy: I have already issued instructions Sir, long time back and the material is being collected.

Mr. Deputy Speaker: But they have not received the statement. It was promised to them earlier.

Sri. N. Ramachandra Reddy: They will receive it, Sir, Before we adjourn the Assembly, I think they will have

Sri. Tenenti Viswanatham: The idea is not before we adjourn the Assembly. But we have to use the material for discussion on the Governor's Address.

Sri. N. Ramachandra Reddy: From all the districts, we have not received, Sir; for some districts we have received.

Mr. DppMfj; Speaker: But you will know their difficulty. The Governor's address is to be discussed and some observations are to be made by them. And last time the House was assured that the statement will be supplied to them. As it is there is delay.

Sri N. Ramachandra Reddy: I never said that on the opening day it will be submitted. I said it will be certainly circulated to the hon. members.
Mr. Deputy Speaker:— Could you do that by this evening or by tomorrow morning — for the information you have received so far?

Sri N. Ramachandra Reddy: That has to be printed—cyclostyled. It cannot be done by this evening.

Mr. Deputy Speaker:— A copy atleast may be placed on the Table.

Sri. N. Ramachandra Reddy:— By Monday — not all the districts.

Sri. Tenneti Viswanatham:— When one copy can be placed, 300 copies can be placed, Sir. It is only cyclostyling. They will get 300 copies.

Sri. N. Ramachandra Reddy:— Tomorrow is Sunday; how is it possible?

Is it our responsibility? Or should the hon. Speaker’s assurance be violated?
The main subject is that an assurance was given to the hon. Speaker. Whether it should be implemented or not, you please decide upon it.

Sri Vavilala Gopalakrishnayya:— If it is so, you please refer the proceedings whether the hon. Speaker said it must be given before the Assembly adjourns.

Mr. Deputy Speaker:— Is it there?

Sri Vavilala Gopalakrishnayya:— Yes.

Mr. Deputy Speaker:— I do not think so. I will find out, if it is so.

Sri Tenneti Viswanatham:— You can assume that it is so and then tell them.

Mr. Deputy Speaker:— Let there be no assumptions. You try to obtain copies on Monday. I take it that you will supply them.

Sri N. Ramachandra Reddy:— What ever is available.

Mr. Deputy Speaker:— What ever is available you can give.

Sri Tenneti Viswanatham:— There is another thing. In March when there was a conference, we asked atleast information for all the districts: current and progressive arrears upto that date. After all for 20 districts 20 sets of figures. There is no difficulty and the Revenue Secretary who was present at the conference said it could be supplied. I had reminded the hon. Chief Minister also. At least even if it is not available for all the taluks, he must be able to give for the districts — atleast for the entire
State — whatever demand is there, what are the arrears and what is the progressive total of arrears.

Mr. Deputy Speaker:— He has assured to give on Monday.

Mr. Ramchandra Reddy:— Yes.

Mr. Deputy Speaker:— Do I take it that on Monday before 8-30 a.m. it will be circulated?

Mr. Ramchandra Reddy:— As early as possible.

Mr. Deputy Speaker:— I request Dr. T. V. S. Chalapathi Rao to move the Motion of Thanks to the Governor.

Motion of Thanks on the Address by the Governor.

Dr. T. V. S Chalapathi Rao:— I beg to move:—

That an Address be presented to the Governor as follows:—

to deliver to both the Houses of the Legislature assembled together on the 25th June, 1964”

Mr. President,

I am grateful to the Government for the decision to provide compensation for nervous breakdowns. This is important for several reasons. Firstly, it is a recognition of the fact that nervous breakdowns are a real problem and can be caused by various factors, including stress and strain. Secondly, it is a step towards ensuring that those who suffer from such conditions receive the support they need. Finally, it is a way to prevent potential compensation claims in the future.

The proposed compensation scheme should be comprehensive and cover all cases of nervous breakdowns, regardless of the cause. It should also be flexible enough to cater to the specific needs of each individual case.

I would like to commend the Government for considering this proposal. It is a positive step towards improving the mental health of our community.

Yours faithfully,

Mr. President.

Scheduled Banks, as you know, are important institutions in the economy. They help in stabilizing the market. The government has taken several steps to improve their functioning. The Scheduled Banks have been directed to ensure that advances are made on time. The authorities have reviewed the advances to be made and have increased them to 10% in the case of 31, 32 and 33. The Grain Purchasing Officer has been instructed to ensure that the market is well-supplied. The banks have been directed to honor the cheques drawn on them. The banks are also being asked to ensure that the stock supply is maintained. The Grain Purchasing Officer has been directed to order the supply of grain. The banks are being asked to maintain a stock of 24,000 tons. The levy system is being reviewed. The government is planning to procure rice from the market. The Fair Price Shops are being asked to maintain a steady supply of rice. The ration is being distributed through these shops. The prices of essential commodities are being kept stable. The government is also trying to ensure that the chemical process undergoes an uninterrupted flow. The Fair Price Shops are being asked to keep long queues at bay.
The quality of rice is crucial. The Nutrition programme emphasizes the need for quality rice. Milled rice is rich in Vitamin B.

Hand-pounded rice retains the quality of rice, but hand-pounded rice is labor-intensive. Fair Price Shops offer quality rice at reasonable prices.

The season and distribution of rice are important. The government has taken steps to ensure the availability of quality rice.

The motion of thanks recognizes the efforts of the Governor.
Grateful. As a bank, we facilitate the availability of funds to various institutions and firms as required by the central bank. In 1948, the 5th of October, the Central Bank, in a joint statement, confirmed that the Apex Bank has the ability to lend moneys to commercial banks. According to Prof. D. R. Gadgil, professor, Indian Council of Economic Affairs, New Delhi, the Apex Bank is in a position to lend moneys to commercial banks.
That apex bank is in a position to lend money to commercial bank.

Motion of Thanks on the Address by the Governor.

On the occasion of the Address by the Governor, I would like to highlight the significant steps taken by the government towards improving the socio-economic conditions of the people.

1. Extension of Free Education: The government has taken a significant step towards extending free education to all students. This initiative will ensure that every child has the opportunity to receive a quality education, which is crucial for their future. The S.S.L.C examination has been simplified to make it more accessible to all students.

2. Income Tax: The government has introduced a new income tax policy. The tax bracket for income up to 100,000 rupees has been reduced to encourage lower-income groups. Similarly, the tax bracket for IVth class employees has been reduced to 100,000 rupees. This measure will provide a significant relief to the middle and lower-income groups.

3. Employment: The government has initiated several schemes to provide employment opportunities to the unemployed. These schemes include training programs and vocational courses to equip the youth with the necessary skills for employment. The government aims to create 1200 new jobs per month to address the unemployment issue.

In conclusion, the government's efforts towards improving the socio-economic conditions of the people are commendable. The steps taken towards free education, income tax simplification, and employment creation are expected to bring positive changes in the lives of the citizens. I commend the government for its efforts and look forward to seeing more positive developments in the future.

Mr. Deputy Speaker: Who will speak from this side?

Sri P. Sundarayya: I will speak. Why has that doubt come?

Mr. Deputy Speaker: Because, names given were...

Sri P. Sundarayya: I do not know who gave the names ...

Mr. Deputy Speaker: I just called for the Chief Whip...

Sri P. Sundarayya: That is true. But the practice is that on the Governor's Address, after the motion of thanks was moved, the Leader of the Opposition will speak.

Mr. Deputy Speaker: I am also very particular to follow that procedure, but in the absence of the Chief Whip, I could not....

Sri P. Sundarayya: We were in the Business Advisory Committee.
