Oral Answers to Questions 23th March, 1964

Mr. Pandu (Vijayawada):— Hon. (a) whether it is a fact that lease of land for a period of three years to the Collective Farming Co-operative Society, Sarvepalli village, Nellore Taluk, and District has been delayed by the Revenue Department for the last 10 months though the Cooperative Department is requesting for the same; and

(b) if so, the reasons there for?—

Sri N. Ramachandra Reddy:— The Collector of Nellore addressed the Government through the Board of Revenue in
July 1963 for renewal of lease for a period of three years to the Harjan Coop. Collective Farming Society, Sarvepalh. Orders renewing the lease were issued by the Government on 19-2-1964. The time taken is due to the fact that matter had to be examined in detail in consultation with the Board of Revenue, as it involved deviation from the rules.

POLICE RAID ON GAMBLING HOUSES AT VIJAYAWADA.

1340—

* 3783 - Q.—Sri M. Pitchaiiah:—Will the hon. Minister for Home be pleased to state:

(a) whether the Police have raided the gambling houses at Vijayawada and Guntur towns during 1963; and

(b) if so, the number of cases launched in this regard?

The Minister for Home (Sri Mir Ahmed Ali Khan) :—

(a) The answer is in the affirmative.

(b) Vijayawada 834.
   Guntur 318.

Sri V Visweswara Rao :— When we see the figures, they are going up. Will the Government examine why there are so many cases?

Sri Mir Ahmed Ali Khan :— Sir, in the name of recreation clubs, there were so many clubs, but the Inspector-General of Police has stated that as a result of these police raids these registered clubs have ceased to exist.
Sri V. Visveswara Rao:— Government is freely giving licences to the gambling houses, clubs and lodges. Will the Government see that they are restricted?

Sri Mir Ahmed Ali Khan:— Now they are more, they have ceased. They took permission in the name of recreation clubs, but it was found that gambling was going on and raids were conducted and now they do not exist.

Sri V. Srikrishna:— Is the Government aware that these licensed clubs are the promoters of these gambling dens?

Sri Mir Ahmed Ali Khan:— They were booked, Sir, and they were convicted. Out of 834 cases which were launched, 696 cases were convicted and about Rs 2,895-63 nP were also seized at the time of the raids in 1963 and they were all fined by the courts and these clubs are not now in existence.

Sri V. Srikrishna:— My question is, whether the Government is aware that these licensed clubs are the promoters of these gamblers and if so are they prepared to refuse to give the licences to the clubs? Will the Government change its policy of giving licences to these clubs?

Sri Mir Ahmed Ali Khan:— The licences will not be given in future, Sir, because they have proved to be gambling dens.

Sri M. Pitchayya:— Is the Government aware of the fact that these gambling houses are being run with the help and support of the people, because these gamblers are indirectly paying monthly payments to the police?

Sri Mir Ahmed Ali Khan:— Those recreation clubs have ceased now. On roads also, gambling sometimes goes on and they have also ceased. About 1,350 cases in Vijayawada and 3,395 cases under Section 12 of the Gambling Act were launched in connection with gambling which was going on the roads. So, the police is taking action against those people also who are gambling on the roads and streets.
Mr. Speaker:— His question is, with the connivance of
the police, these gambling dens are going on; regular payment
of mamoools to the police is going on; police themselves are
responsible for these things. What has the Minister got to
say about this thing?

Sri M. Pitchayya:— That is correct, Sir.

Mr. Speaker:— For that there is no answer. You go on
saying so many cases were launched and so on.

Sri Mir Ahmed Ali Khan:— I am not aware of any such
cases. If any particular case is brought to our notice, severe
action will be taken against the police.

Sri Tenneti Viswanatham:— What is the stake in playing
cards? What is the stake beyond which you call it gambling
and below which you call it game?

Mr Speaker:— Gambling does not depend upon the
stake.

Sri Tenneti Viswanatham:— I would like to be
enlightened.

Mr. Speaker:— I do not know even if he knows it. He
knows nothing about gambling or cards playing or anything.
Gambling does not mean only in playing cards. There will be
number of other games which come under gambling.

Sri Tenneti Viswanatham:— I am aware of it. So far
as cards are concerned—

Mr Speaker:— You want the Minister to say what
amounts to gambling

Sri Tenneti Viswanatham:— What amounts to gambling
in cards playing?

Mr. Speaker:— That will depend upon stake

Sri Tenneti Viswanatham:— Whether any action has
been taken in various clubs where gentlemen of high standing
resort to this cards playing with very high stakes running to thousands? Is the Minister aware of it? And there are certain clubs where even the police officers participate in these games?

Sri Mur Ahmed Ali Khan:— Whether they are high or low, if anybody comes under the Gambling Act, they are being dealt with. If police officers are also taking part, they will be severely dealt with, if any particular case is brought to our notice.

Sri Tenneti Viswanatham:— What the Speaker suggested is at what stage will you call cards playing gambling?

Sri Mur Ahmed Ali Khan:— I am not aware of the details.

Sri A. C. Subba Reddy:— If it is above the means of the players that are playing, then it comes under gambling (LAUGHTER).

Sri Tenneti Viswanatham:— That is how public works are going on. (LOUD LAUGHTER.)

Mr. Speaker:— You see anybody is running a house for profit and if from the proceeds of the game he collects some portion of that proceed and then runs a gambling house and that man derives profit from it, then it comes under gambling dens – that is a gambling place – and if people go on playing there they are gamblers.

Sri T V. Raghavulu:— But if it is registered under —

Mr. Speaker:— Even then what? The Cosmopolitan club, Madras, though it is a regular club, people found playing cards and if I remember correct the decision of Justice Rajamannar was whether it is a licensed club or not all depends upon whether money is taken out from the proceeds for running that club.
Sri Tennesi Viswanatham:—Supposing, the club accounts show that they derive some income from the sale of cards to the players who play in that club for hours and hours together even after mid-night —

Mr. Speaker:—I think we have taken enough time over these questions.

Sri A. Venkateswara Rao:—Is the hon. Minister aware of the fact that at the taluka headquarters and district headquarters, all the officials who are members of the club are patronising such gambling centres?

Sri Mir Ahmed Ali Khan:—I am not aware of any officers taking part in it. If any particular case is brought to our notice, action will be taken.

Mr. Speaker:—What is the use of putting all these questions to Mr. Mir Ahmed Ali Khan who does not know anything about these things? He does not know about gambling, does not know cards-playing, has not visited clubs. How can he say? A man who visits the clubs, who knows, who tries to understand what is going on that is different. He is a straight-forward man; he does not know anything (LAUGHTER)

Sri Vavilala Gopalakrishnayya:—What is the criteria of gambling, because the hon. Minister for Public Works said —

Mr. Speaker:—You are not trying here to test the knowledge of Mr. Mir Ahmed Ali Khan.

Sri Vavilala Gopalakrishnayya:—Regarding gambling, the hon. Minister for Public Works was kind enough to say that it would depend upon the income. As such, I am putting
the question: whether the criteria will be decided by the income they are deriving, the stake in the society?

Mr Speaker:— That has nothing to do.

Sri Mir Ahmed Ali Khan:— So far as Bezwada and Guntur are concerned about which the question is related, they have taken so much action and so many thousands of cases have been booked by the police and so many thousands of persons have been convicted. So, it cannot be said that no action has been taken.

Mr Speaker:— What they say is, in the very heart of the city, regarding a club like Scindia Club where things are going on, what action Government has taken to put down
these things. That is what he says—not that all cases come
under gambling.

_Sri K. Rajamallu_:— Is the Minister aware that most of
these gambling houses are promoted and encouraged by the
police themselves and these people are paid in return some
remuneration

_Mr. Speaker_:— That was the question put by Mr.
Pitchayya. The same question he is putting again. The
question is whether the police are taking mamools in running
these—?

_Sri Mir Ahmed Ali Khan_:— I have no information.
_Several hon. members rose_—

_Mr. Speaker_:— There is no point in going on indis­
criminately putting questions

SRI N. RAMACHANDRA REDDY :— (a) 151 villages in Srikakulam Dt. and 69 villages in Visakhapatnam Dt. are being
administered under the provisions of the R.R. Act, 1947, now.

(b) It is not correct to say that no repairs of water

Repairs were carried out to a large number of M.I. sources in
R.R. villages in Srikakulam Dt. which were damaged during

Mr. Speaker: As soon as possible, as early as possible...

Dr. M. Chenna Reddy:—No, Sir, that is not correct, as far as this question is concerned. I have stated here:“...at a meeting proposed to be convened by the Planning Commission shortly,” because it is not the meeting that the State Government is proposing to convene. It is the Planning Commission and they have communicated as towards the end of March. That is why when this answer was prepared, they said ‘shortly’.

Dr. M. Chenna Reddy: It involves analysis of all available data having a bearing on the improvements made in several developmental fields and conduct of survey for obtaining additional socio-economic data on certain things.

INVESTIGATION ABOUT DEATH OF
Smt. ANNAPURNAMMA.

1520—

* 4004 (Q) Q.— Sarvasri V. Sri Krishna, Vanka Satyanarayana and K. Babu Rao — Will the hon. Minister for Home be pleased to state.

(a) whether the Inspector General of Police received a petition dated 20-12-1963 from Sri Sanivarapu Venkata Lakshmi Narasimha Murthy of Tanuku, West Godavari dist, requesting to cause investigation in connection with the sudden death of Shrimathi Annapurnamma, wife of Sri Gangadhara Sastry, then residing at Secunderabad, and

(b) if so, the action taken so far in this matter?

Sri Mir Ahmed Ali Khan:— (a) The Inspector General of Police, had received one petition dated 30-12-1963, (but not dated 20-12-1963) from Sri Sanivarapu Venkata Lakshmi Narasimhamurthy of Tanuku, West Godavari district, requesting to cause investigations to be made into the sudden death of Shrimathi Annapurnamma, wife of Sri Gangadhara Sastry of Secunderabad.

(b) The Inspector General of Police, Hyderabad had got this case enquired into by the Central Crime Station, Hyderabad and the said enquiries had revealed that the death of Shrimathi Annapurnamma was a suicidal one.
Sri V. Srikrishna:— The petitioner stated in his petition dated 30-12-1963 that he would be ready and willing to furnish all such details as will be required by you in this inspection of the case. Did the Police department go and investigate the matter and enquire the petitioner at least once?

Sri Mir Ahmed Ali Khan:— The petitioner was searched, but he was not to be found anywhere, neither in the address where he has given in Hyderabad nor Secunderabad. No where he was found.

Sri V Srikrishna:— No, Sir. He has given the address. Did the police enquire the petitioner first?

Mr. Speaker:— That is what he says. That man is not available.

Sri V. Srikrishna:— He is alive. He has given his address.

Mr. Speaker:— That is what you say, Mr. Srikrishna. But what he says is that the police tried to get at him but they could not get at him.

Sri V. Srikrishna:— No, it must be investigated, Sir, because he is alive and he has given his address and he is there. I saw him day before yesterday.

Sri Mir Ahmed Ali Khan:— About yesterday, I do not know, Sir. Perhaps he might have gone somewhere. But the police searched for him at the address at Hyderabad and Secunderabad also. But his whereabouts were not found for a long time—two or three months back. But if you give his address now we will again see him.

Sri V Srikrishna:— He is alive and he is here. The petition was given in December 1963. It is already three months. If you could enquire any officer in the district or any person in the village they would have given the address. I shall give you the address. Are you going to institute an enquiry if I give you the address of the person?
Sri Mir Ahmed Ali Khan:— The address of the person is here. But for a long time he was not found either at his address or in Hyderabad or Secunderabad also. That is what the police report says.

Mr. Speaker.— Have the police after completing investigation sent up any final report to the concerned magistrate?

Sri Mir Ahmed Ali Khan.— Concerned Magistrate?

Mr. Speaker.— Yes, they have to. They have to investigate into the case. After they register the case they have to investigate into the case and after investigation is over they send a final report to the Magistrate informing the magistrate whether they are laying a charge sheet or whether they have referred the case as undecidable or false or whatever it may be. Have they sent the final report to the Magistrate? If you do send a final report to the Magistrate there is an end of it. Then the Magistrate also passes a final order saying whether he agrees with the police or not. In case he does not agree he will call for further investigation to be made into the case. That is the procedure because once police have sent a final report, then they cannot do anything more.

Sri V. Satyanarayana (Penukonda):— The petitioner himself has stated in his petition. "I the petitioner Sri Sivavarapu Venkata Lakshminarasimha Murthy, resident of Tanuku...."

— Mr. Speaker:— All that is true. But his contention is that that man was not available when enquiry was made.

Sri V. Satyanarayana:— No, he is a native of Tanuku, Sir, he has got his own house at Tanuku also. He is ex-propritor's clerk, Sir. He is always available at Tanuku. He is also a known person, Sir. So, even the local police have not enquired about Mr. Lakshminarasimha Murthy.

Mr. Speaker:— Now the hon. Minister has given the assurance that if you furnish his correct address, he will make further enquires into the matter.

Sri A. Balarami Reddy:—(a) There was a decrease of 4.8% in the area under groundnut during the year 1962–63 and not 29%.

(b) During 1962–63, due to late receipt of rainfall in some districts like Visakhapatnam, Nellore, Anantapur and Hyderabad, the sowings were delayed. The crop was damaged due to drought conditions in some parts of Nellore and Anantapur districts. There was, therefore, a slight decrease in area during 1962–63.

Sri A. Balarami Reddy:—(a) The answer is in the negative.

(b) Does not arise.
Only two bulldozers are available in Warangal Subdivision. These were working in Mulug taluk up to August, 1963.

They are in working condition. During August, 1963, they were withdrawn for seasonal check up and minor repairs.

Item 1: Confirmation of the Minutes of the First Meeting of the State Apprenticeship Council held on 2–11–1963.

The Minutes of the First meeting of the State Apprenticeship Council held on 2–11–1963 were confirmed.

Item 2: Action taken on the resolutions passed at the previous meeting.

(a) Affiliation of the State Apprenticeship Council to the Central Apprenticeship Council under section 23 of the Act.

Assistant Secretary, Education Department stated that necessary action has been taken by the Education Department in the matter.

(b) Placement of trainees in industries under the Apprenticeship Act

The Chief Engineer, Irrigation, P.W.D., referred to the opening speech made by the Hon’ble Minister for Education in the First State Apprenticeship Council Meeting and stated that the Act appeared to apply only to Private Industrial Establishments and not to the Government Workshops. It was clarified by the Vice-Chairman that the opening remarks made by the Hon’ble Minister were of general nature and that the Act was applicable to his workshop. He was also informed that in all the other neighbouring States, the Act has been implemented both in the public and private undertakings. However, the Assistant Apprenticeship Adviser was instructed to meet the Chief Engineer, P.W.D Workshops personally and clarify all the doubts and if necessary seek clarification from the Directorate General of Employment and Training.
In the meanwhile, the Chief Engineer, P.W D Workshops was requested to take up the question of financial implications involved for arranging training facilities for the apprentices in the Workshops with the concerned Secretariat Department.

(Action - Asst. Apprenticeship Adviser)

(c) To determine the Establishments in which the facilities for basic Training Course should be Organised under the management.

Sri Guru Prasad, Secretary, Messrs Allwyn Ltd, pointed out that the Basic Training for the full-term apprentices of 3 years recruited by his Company should be arranged at the local Industrial Training Institutes as there were certain practical difficulties to arrange for the basic training in the industries.

It was clarified that in the past such training facilities could be arranged by Government at the local Industrial Training Institutes and the cost of such training was being re-imbursed by the Industries to Government but according to the recent instructions from the Directorate - General of Employment and Training, this arrangement had to be stopped. The Basic Training has therefore to be arranged by the Industries (employing more than 500) themselves. The related theoretical training will however continue to be provided in the Industrial Training Institutes.

Sri Guru Prasad raised the question of existing apprentices and their related instructional training. It was agreed that the apprentices who were not in the category of ‘Workers’ may be treated as ‘apprentices’ under the scheme and related theoretical training may be provided to them.

It was also resolved by the Council that a simplified Agreement Form may be adopted by the Industries in such a manner that it did not clash with the provisions of the Act. The approval of the State Apprenticeship Adviser should however be obtained.
(d) To form an Appellate Committee of the Council to hear and adjudicate the appeals preferred against the decision of the State Apprenticeship Adviser.

The matter is under consideration of Government.

Item 3:— To review the progress so far achieved in the implementation of the Apprenticeship Act in the State of Andhra Pradesh:

The progress made so far by the State was noted. It was not very satisfactory as compared with the States of Uttar Pradesh, West Bengal and Madhya Pradesh. In order to take suitable action against the defaulting industries, it was resolved to constitute a sub-Committee consisting of the following to examine the matter further:

1. Special Secretary, Industries Department.
2. Special Secretary, Education Department.
3. Secretary, Public Works Department.
4. Secretary, Finance Department.
5. Chief Engineer, Electricity Board.
6. Chief Engineer, Public Works Department.
7. Director of Industries and Commerce.
8. Commissioner of Labour and
9. Director of Employment and Training.

(Action - State Apprenticeship Adviser)

Item 4:— To discuss ways and means of accelerating the progress of the implementation of the Act.

It was resolved that wide publicity regarding the provisions of the Act should be given by the State Apprenticeship Adviser.

(Action - State Apprenticeship Adviser)

Item 5:— To discuss and recommend additional trades as suggested by the Govt. of India which could be brought under the Act.

It was decided that notification of additional trades by the Directorate-General of Employment and Training may be awaited.
Item 6:— To consider the appointment of a Sub-Committee of the State Apprenticeship Council to assist the Directorate in the Inspection of Industrial Establishments where Apprenticeship Training Programme is in operation:—

It was resolved that a sub-committee may be formed to suggest ways and means for the speedy and effective implementation of the Act. The sub-Committee should consist of the following:—

1. Director of Industries and Commerce.
2. Labour Commissioner
   and
3. Director of Employment and Training.
   (Action - State Apprenticeship Adviser)

Item 7:— To discuss problems arising out of the implementation of the Act and make suitable recommendations for the solution of the same.

and

Item 8:— To discuss inplant training facilities to passed out trainees of Industrial Training Institutes arising out of the introduction of the short-term apprenticeship course under the Act.

In order to have an idea of the magnitude of the problem of Inplant Training for the award of the National Trade Certificate, the Vice-Chairman desired that details of the Industrial Training Institute trainees desirous of receiving this training should be obtained from the Principals of Industrial Training Institute. After examining the matter, it should be placed before the State Council of Technical and Vocational Trades and the State Apprenticeship Council in order to solve the difficulties if any faced by the trainees.

   (Action - State Apprenticeship Adviser)

Item 9:— Any other matter with the permission of the Chairman.
It was decided to substitute Sri Guru Prasad’s name (Secretary, Allwyn Metal Works) as a member of the Appellate Committee in place of Sri R. M. Patni, Works Manager.

(Action – State Apprenticeship Adviser)

Sd/- S. A. Abbas, 
Secretary.

Sd/- L. N. Gupta, 
Chairman.

Calling attention to matters of urgent public importance re exclusion of Broadcasting programme in Telugu intended to foreign countries,

Sri K Brahmananda Reddy:—Sir, the subject “currency and mint” are Central subjects, and the State Government are not concerned. This Department is not having any information in this regard. re: exclusion of Broadcasting programme in Telugu intended to foreign countries.

The availability of technical and other resources, the importance of the area intended to be served and the order of priorities has been drawn up by the Government of India covering the existing services as well as those to be introduced in future as and when resources permit.

Moreover, in view of the emergency the emphasis is shifted to services which explain and interpret to foreign audiences India's position and viewpoints in the situation created by the Chinese aggression. In this context, Government of India have stated the primary need today is to strengthen and augment the existing services in foreign languages and to add new services in other foreign languages only when they are likely to add any more of the most vital areas in the

Calling attention to matters of urgent public importance re: scarcity of drinking water in Sallapuram, Hanumapuram and Anchanahallu villages.

Unsocial elements are reported to have already started occupying the lands worth standing crop and harvest. Police have been taking prompt action. Cases No. 67 of 63 under sections 147, 148 and 324 I.P.C., 75 of 63 under 323, 448 and security cases. Action has been taken in 40 cases of boycott of crops. The situation is under control.

re: Scarcity of drinking water in Sallapuram, Hanumapuram and Anchanahallu villages.
The Minister for Revenue (Sri N. Ramachandra Reddy). — The villages referred to by the hon. Member are chronic water scarcity areas where situation is repeated every year and local arrangements are made to meet the situation. There are no wells in Sallapuram village and people use Vakkareni water for drinking and domestic purposes. Even the Vakkareni water does not last more than a few weeks. There is also a separate pond for cattle which is said to have dried up this year. In Hanumapuram there are Vakkareni which are also said to have dried up. There are two wells but the water is not fit for domestic use. This scarcity exists from March to June every year and crops make their own
arrangements to transport water from the nearby river by bullock carts. The Revenue Divisional Officer has been asked by the Collector to send up proposals in consultation with the Panchayats concerned for the supply of water by means of lorries.

With regard to Anchanahallu the existing Vakkareni which is insufficient for the local use is being deepened by the Panchayat Samithi and this has cut the supply of water partially. A sum of Rs. 18,000 is said to have been sanctioned for the purpose. Other sources are being explored for the present and the Revenue Divisional Officer has been asked to submit proposals immediately to overcome the situation. The Collector has promised to send the proposals urgently in this regard and action will be taken immediately on receipt of the same.

Res: Harassment of the Revenue Officials while collecting land revenue in Mylavaram Firkha, Vijayawada Taluk

Sri N. Runachandra Reddy:— According to Rule 40 of the Hyderabad Land Revenue Rules the kist date for Khareef and Abi crops in Telangana is from 1st to 31st January till fasli 1371. The A.P Land Revenue (Additional Assessment) and Cess Revision Act, 1962 has been brought into force from fasli 1372. As a result of the subsequent amendments made to this Act there was some delay in preparing the initial accounts for Fasli 1372. To avoid hardship to the ryots in the payment of land revenue, the kist dates for Kharif and Abi crops were extended up to 15th March. The circumstances which necessitated the extension of the kist date ceased to exist afterwards. The matter has therefore been re-examined and the date has been revised as “From 1st January to 31st January.”

Re: Harassment of the Revenue officials while collecting revenue in Mylavaram Firkha, Vijayawada Taluk.
Calling attention to matters of urgent public importance
re: harassment of the Revenue Officials while collecting land revenue in Milavaram Pithka, Vijayawada Taluq.

Sri N. Ramachandra Reddy:— Sri T. Narsiah of Gurrajapa’em village of Vijayawada Taluk owns 7 acre 15 cents of land bearing an assessment of Rs. 27-60. Many demands for payment of the amount were made on the defaulte in January, 1964. But the amount was not paid. Sri Narsiah is reported to be a consistent defaulter in the payment of land revenue. As he refused to pay the amount and to receive the demand notice even, further action had to be taken by the Local Officers. After serving a demand notice on 17-1-1964 (presumably by affixture) the bull of the defaulter was attached. At the time of attachment Police protection was taken as esistance was apprehended. Even after attachment of the bull the defaulter did not pay the amount. The bull was therefore sold on 24-2-64 according to rules. One Sri Butchiah, of the same village has put in a petition to the Tahsildar, Vijayawada Sub-Collector, Vijayawada and Collector of Krishna that the bull attached by the authorities belongs to him but not to Sri Narsiah. It is reported that the bull was attached only at the residence of Sri Narsiah after enquiry.
and after ascertaining the fact. Further action was therefore taken to hold the sale. It is reported that the representation of Sri Butchaiah was apparently to delay matters. It is understood by the Sub-Collector, Vizayawada that Sri Butchaiah intends to file a suit in a Civil Court. The matter therefore becomes sub-judice and it will be decided by the Court. The Sub-Collector, Vizayawada, however, promised to conduct a detailed enquiry into the matter.

**re: the failure of crops in Yelamanchili Taluk during 1963–64.**

It is proposed to sanction special remission
on a liberal scale viz., full remission in cases where the out-turn of the crop is 4 annas and less, and half remission where the out-turn is more than 4 annas, but 6 annas and less. Suitable orders will issue as early as possible. As regards postponement of collections, the Collector will no doubt take action for the suspension of the collection drive in villages where grant of remission is proposed.

re: the death of three students after taking breakfast in a hotel at Narasapur.

The death occurred on 26th March, 1964 at the hotel "Shree Narasapur" in the town of Narasapur. The three students, all male, were staying at the hotel. Shortly after breakfast, they went to their rooms to rest. At around 10:00 AM, they were found unconscious in their rooms. The cause of death was attributed to carbon monoxide poisoning. The management of the hotel was informed and arrangements were made to transport the bodies to the nearest hospital for further examination. The police were also informed and an investigation was conducted to determine the cause of death.
Calling attention to matters of urgent public importance:

re: the death of three students after taking breakfast in a hotel at Narasapur:

One Komanapalli Ananda Raju, put in a petition in December, 1963 in which it was alleged that his mother’s sari caught fire while cooking, that she was taken to the house of the Medical Officer at 6.30 a.m. as she sustained severe burns, that she was taken to the hospital from there as per advice of the Medical Officer, that the Medical Officer attended the hospital at about 10 a.m. only and gave some injections and that on account of the delay made by the Medical Officer in giving treatment to her, she expired. On 18-12-63, the D. M. O. West Godavari was asked by the D. M. S. to conduct an enquiry.

Sri Y Sivarama Prasad—Dr. V. Gopalakrishna Murthy, L M P., Civil Assistant Surgeon has been working at Government Hospital, Narasapur, West Godavari District from 19th June 1961.
into the matter and send a report. The report of the D.M.O. is awaited.

Another representation was received from Nalli Suryakantamma, wife of Nalli Krishnamurthy of Sakmetipalli, Razole Taluk, East Godavari District on 17-3-1964, in which it was alleged that the dead body of Nalli Krishnamurthy was kept in the store-room of the dead bodies of the Government Hospital, that the Medical Officer was said to have taken Rs. 4,500/- for keeping it there for some days and to prepare a false document to the effect that a destitute by name Subbaiah was dead. On this also, the D.M.S. asked the D.M.O. West Godavari to enquire into the matter and send a report. The report of the D.M.O. is still awaited.

The above two representations were received by the D.M.S. He took prompt action in asking the D.M.O. West Godavari to conduct enquiries and send reports. No representations have been received by Government in the matter.

On 24-3-64, the Chairman, Municipal Council, Narasapur, West Godavari District addressed the D.M.S. demio-officially stating that the council passed a resolution No 595 dated 22-1-64 resolving to move for the transfer of the present Medical Officer of the Government Hospital, Narasapur and for posting of a substitute in his place.

The D.M.O. or the A.D.M.O. West Godavari could not be contacted on phone by the D.M.S. to ascertain the present stage of enquiries on the representations referred to. The D.M.S. will be asked to obtain the enquiry reports quickly and take suitable action as may be considered necessary.

Mr. Deputy Speaker:— Please instruct the officers to get reports early because the Speaker felt that reply should be sent to the member concerned.

Sri Y. Sivarama Prasad:— The reports are awaited.

Sir,
Calling attention to matters of urgent public importance: re - the extension of the period of supply of Mohwa flower by the Excise Commissioner

Mr. Deputy Speaker: — Give instructions and take action accordingly.

Mr. Deputy Speaker: — No discussion please.

re: the extension of the period of supply of Mohwa flower by the Excise Commissioner.

Sri M. R Appa Rao: — Mr. Speaker, Sir, The Board of Revenue had called for tenders for the supply of Gulmohwa from outside the State for the year 1963-64 in the month of November 1963. Three tenders were received, details of which are as follows:
Though the rate of Sri Jayantilal was the lowest, he had agreed to supply only 300 tons as against 1330 M. tons required by the Government Distillery, Narayanguda till the local flower was available from June 1964. Since the terms and conditions in respect of both the quantities and costs were not favourable, the Board called the three parties to negotiate with them with regard to the rate and quantity-out of the three, only Sri Kalva Suryanarayana and Sri Jayantilal approached the Board within the prescribed time and gave their revised terms. Sri Kalva Suryanarayana agreed to supply the entire quantity for Rs 439-00 per M. ton i.e. at Rs. 2/- less than the lowest tender and promised to supply the entire quantity required. Sri Jayantilal also offered to supply the entire quantity at Rs. 441-00 per M. ton on certain conditions. The Board, therefore accepted the Kalva Suryanarayana's offer. According to the tender conditions the suppliers are required to supply half of the quantity i.e. in this case 665 M. Ton by the end of February 1964 and the remaining of the end of March 1964. Sri Kalva Suryanarayana supplied about 598 tons by the end of February 1964 and applied for extension of time till the end of June 1964 for the following reasons:

(i) The General Manager, Government Distilleries is not in a position to pay the cost of Gulmohar supplied so far for want of funds and it would be difficult for him to further supply mohwa flower as the money invested by him is locked up.
There is no sufficient accommodation or storage facilities at the Government Distilleries, Narayanguda to store the remaining mohwa flower.

There is adequate stock of gulmohwa with the General Manager which will suffice for the need of distillery till the end of September 1964 and the distillery will not undergo any loss if extension of time is given.

The Board satisfied itself that reasons 1 and 3 were correct. The Board felt that supply of gulmohwa from the State is purely a seasonal affair and the average supply from Telangana is only 52% of the guaranteed quantity. The Government Distilleries, Narayanguda uses rectified spirit and gulmohwa liquor for manufacture of potable country liquor. The supply position of the Government Power Alcohol Factory, Bodhan in respect of rectified spirit had become very acute and it was not possible even to get half the quantity from the Government Power Alcohol Factory, Bodhan. Since this would result in the consumption of gulmohwa going up and since there was every possibility that if rectified spirit is not supplied to the Government Distilleries, Narayanguda, from other sources, the gulmohawa would hardly suffice for another 4 to 5 months. The Excise Commissioner decided after examining the case in great detail, that the present contractors should be given a chance to supply the remaining quantity also within a further period of three months. Calling fresh tenders would have taken another five months for the new tenderers to supply the quantity as against the three months extension given by the Board. The rate also quoted by the new tenderers revealed that in certain districts like Adilabad and Karimnagar the rates are higher this year than those of last year and further the gulmohva from outside the State would be required in addition to the local flower.

re: the scholarships to the Backward Class students of the Osmania College Hostel, Kurnool.

In the above circumstances, the only course was to extend the tenure of supply rather than calling for fresh tenders to see that the distilleries do not run short of raw materials.

As the Collectors have been authorised by the Government to sanction all the State scholarships from the current year in G.O. Ms. No 2522, Education (S.W) department, dated 26-9-1963, all the fresh applications received by the Director of Social Welfare have been forwarded to the Collector, Kurnool along with the applications of other institutions of Kurnool District, details of which are appended.

BACKWARD CLASSES AND HARIJAN CONVERTS

All the applications received could not be sanctioned by the Collector, Kurnool as the minimum of marks fixed for the sanction of scholarships to College students at 56% and 53% for backward classes and Harijan converts respectively taking into consideration the funds allotted to his district upto 17-3-1963, could not be secured by those who were not granted scholarships. On 26-3-1964, additional funds have been released as follows taking into consideration the additional funds sanctioned by Government and the demand received from all the districts:

Ten scholarship applications of scheduled tribes and scheduled castes have been rejected by the Collector as the Government of India scholarships have been granted to those students by the Director of Social Welfare.

Renewal scholarships of 2 students have been rejected. One for the reason that the income of his parents exceeded the limited of Rs. 3,600/- per annum and the other as the candidate has failed in B.Sc., as no failures are allowed in Art-courses.

Calling attention to matters of urgent public importance
re: the scholarships to the Backward Class students of the Osmania College Hostel, Kurnool.

As per the latest instructions of the Government of India vide letter No. 5-2-143-Sch 4 dated 29-6-1964, Ministry of Education Scholarships in regard to economically poor students, shall be sanctioned subject to certain income limits i.e. Rs. 2000/- per annum for all post matric courses of study except engineering and medicine where the income limit is Rs. 3,400/- per annum.

During the current academic year 1963-64, a sum of Rs. 8.89 lakhs was spent on renewals out of the total allotment of Rs. 13,29,800 out of the balance of Rs. 4,40,700 a sum of Rs. 64,044/- has been spent for sanctioning scholarships to all notified tribe applicants. The remaining amount of Rs. 3,76,656 was granted to the applicants who belong to income group of Rs. 30/- per month and below. As the allotment was not sufficient to consider all the applications of Rs. 30/- per month group, sanctions were accorded in the order of merit (i.e. no. of marks scored by the students) as per Government of India instructions.

Such being the position, only 7 applicants of Osmania College, Kurnool who have come up within the criterion fixed, were sanctioned scholarships and six defective applications within Rs. 30/- income group are rejected and the rest 95 left out. The reasons for rejection of the 6 applications are given below:

1. Applicants have not signed on declaration form of the application form
2. Parent's signature not available.
3. Forwarding certificate not signed by the Principal.
4. Over-writings in the income certificate.
5. Overwriting in the income certificate.
7. Conflicting income certificates by Tahsildar etc.
**The increase of buses on Pulivendula Dorigallu Road.**

*Sir B.V. Gurumurthy:*— The hon'ble Member has sought to draw the attention of Government to the increase in the number of buses plying on Pulivendula - Dorigallu road in Cuddapah District.

There is no bus route like Pulivendula to Dorigallu as such. Pulivendula is in Cuddapah District and Dorigallu is in Anantapur District. It may however be stated that two buses are authorised to run from Pulivendula to Ambakepalle which lies between Pulivendula to Dorigallu. Of these two buses one has been stopped for over one year and no one has applied even for a temporary permit to run a bus in its place. Further, the road condition between Ambakapalle and Dorigallu is reported to be unfit for bus traffic.

The Regional Transport Officer, Cuddapah inspected the route personally on 17-3-1964. The road is about 14 miles of
which 11 miles lie in Cuddapah District and the remaining 3 miles in Anantapur District. This road is intervened by a ghat through which no motorable road is in existence. Even jeeps cannot go for more than two furlongs in that ghat and Dorigallu is still about 3 miles away from that point. Hence, the question of opening a new route from Pulivendula to Dorigallu does not arise.

The Regional Transport Officer, Cuddapah appears to have contacted the Hon'ble Member at Pulivendula on 17-3-1964 and ascertained from him that his intention in giving this call attention notice is only to see that a portion of the route i.e. from Pulivendula to Ambakapalle should be provided with one more bus in the morning or afternoon as both the buses that are running now on this portion are authorised to go to Ambakepalle in the evening and come back to Pulivendula the next morning.

In this connection it may be pointed out that one Sri K. Bah Reddy, Bus Owner, Muddanur who is running his bus on the route Pulur to Pulivendula had applied to the Regional Transport Authority for extension unto Ambakapalle with afternoon timings. While the matter was under consideration, the Hon'ble Member addressed a D O Letter to the Collector, Cuddapah for sanction of one more bus to start from Pulivendula. The proposal regarding variation was considered by the Regional Transport Authority, Cuddapah on 18-2-1964 and it was rejected on the ground that the sector Pulivendula to Ambakapalle of 8 miles, for which the variation was sought for is adequately served.

It is reported that Sri V. Ramreddy one of the operators on the sector has applied for revision of timings in respect of his bus APID 986 and that proposal will be taken up by the Regional Transport Authority, shortly.

The Andhra Pradesh Appropriation

(No. 2) Bill, 1964

The Government Bills, which are now being presented for your consideration, are
necessary for the financial transactions of the Government. The Government has
been survived by many unexpected expenditures, which have necessitated the
introduction of these bills. The Government has undertaken various projects,
which are expected to boost the economy and provide employment opportunities.
These bills are necessary to fund these projects.

The first bill, the Andhra Pradesh Appropriation Bill, 1964, is for the
financial year 1964-1965. It provides funds for the various departments of the
Government.

The second bill, the Andhra Pradesh Appropriation (No. 2) Bill, 1964, is
for the financial year 1965-1966. It also provides funds for the various departments
of the Government.

These bills are in accordance with the budgetary decisions of the Government.
They are necessary to carry out the programmes and projects that have been
undertaken for the benefit of the people of the State.

I urge all members to support these bills to ensure the smooth functioning of
the Government and the welfare of the people.

Where administration merges into policy, the danger of wastage inevitably grows, for the action at each stage always presents itself as a choice between difficult and in many cases expensive courses—

It is difficult to dissociate the pattern of organisation of the construction or productive agency from the scheme of cost-reduction.

The Sub-Committee constituted to go into the question of ensuring economy submitted its recommendations and the State Governments have been requested to act on those recommendations: The Committee made the following recommendations:

2. Adequate investment before taking up a project.
3. Relaxation in specifications and designs criteria.
4. Improvements in design with the assistance of model tests.
5. Designs of all components of a project to be consistent with the useful life of the scheme.
6. Proper planning of the method and programme of construction.
7. Proper choice of agency for construction.
8. Procuring and stock-piling of stores and equipment.

10. Relaxation of the diverse conditions and specifications of contract and ensuring quick payment.

11. Profitably utilising the knowledge gained in other projects.

Again G.O. Ms. No 1902 Revenue dated 4-12-1962. This is a faked G.O. All the M.H.Cs. posts were downgraded to U.D.Cs. Luckily this is applied to only Andhra area.

Mr Speaker:— So far as your own groups are concerned you can raise all these things in your own party meeting. You could have brought these to the notice of your Leader or the Congress Party or something like that. Why bring in those things here... I can understand if it only belongs to one party and not the other parties. There is a point in the Opposition Parties claiming representation in the Committees.

Very good. Go on...

Corruption and delays cut short opposition's chances of administrative reforms.

Opposition officials, however, have accused the administration of corruption and delays that have been cut short. The anti-corruption department has been indifferent to the charges.

S. K. Venkataramaiah (Bill) acknowledges the importance of administrative reforms and supports the bill. He notes that the anti-corruption department has not been effective in curbing corruption and delays.
Mr. Speaker:—Without placing the answers on the Table of the House, the Minister was saying "that answers are
placed on the Table of the House.” Such things should be avoided in future. Without placing the answers on the Table of the House, the Minister was saying openly in the House that “answers are placed on the Table of the House.”

Shri K. Brahmananda Reddy:— That, of course, will be avoided. I do know whether the defect was the with the Legislature Secretariat or ourselves. We do not know.

Mr Speaker:— I do not know why only in the case of one Minister such things are happening. I cannot understand why the Legislature Secretariat is wantonly doing in the case of one particular Minister.

Shri K. Brahmananda Reddy:— I will certainly look into the matter, Sir.

Mr. Speaker:— For two questions he said that answers were placed on the Table of the House; they were not placed on the Table of the House at all. That was misleading the House and misleading the Chair.

Shri K. Brahmananda Reddy:— Our intention is not to mislead the House or the Chair. I will find out why that incorrect information is made here.
