Q. 1. Leader of the Opposition mention plans to finalise acquisition proceedings?

Leader of the Opposition: The plans to finalise acquisition proceedings are being discussed with the Director of the Industrial Development Corporation. The plans are to acquire forest land and industrial land for industrial development. The Director is not interested in the forest land. I am not speaking of the Mining Corporation. I am speaking of the Industrial Development Corporation. The Director of Industries, Managing Director, Development Corporation, and the site minister are discussing the site with the Director. I can abide by his decision.

...point Cement factory... economists' facilities... have to be on site... Certainly the hon. Finance Minister can invite you and any other hon. friend who is interested and call the Industrial Development Corporation Managing Director. He will show the plans. He will explain the details why this is being done.

...Managing Director... That is the whole trouble with that Managing Director.

(No Answer)

Sri K. Brahmananda Reddy.—He is dealing with that subject in a very close and minute way and he is a very competent man.

Sri V. Vinayaka Rao.—Last sentence has a difficulty. It said difficulty over head interest & margin... over head interest margin over 50%... Economics... The Managing Director... Government... for Finance be pleased to state:

(a) whether the Government has given any guarantee to the State Finance Corporation in 1963-64 and 1964-65; and
(b) if so, for how much amount?
Dr. M. Chenna Reddy.—(a) Yes, Sir.

Dr. M. Chennama Reddy.—To provide the financial assistance to the Industrial concerns, coming in this part of the country; by mobilising finances from its own resources, by floating bonds, by raising share capital and also by obtaining loans from the Reserve Bank or the Industrial Development Bank or making some kind of arrangements.

Dr. M. Chenna Reddy.—This question would not arise because this was only asked as far as guarantee is concerned. I am sorry, Sir. otherwise I would have certainly been very happy to give the information.

Mr. Chennu Reddy: — Will the hon. Minister for Finance be pleased to state:

(a) Whether the State Government have requested the Central or the State Bank of India to open one Man Banks in rural areas where banking facilities were not available; and if so, the reply or the response received for the same?

Unless there is some evidence, I do not know, Sir, how far it is correct. The volume of economic prosperity assessment of the State Bank of India shows the volumes of Sub-Treasuries branches of the State Bank of India and branches of Sub-Treasuries. So we are little backward in that respect. But Sub-Treasuries branches have reached many Sub-Treasuries. The volume of business is 1939. The Hon'ble Minister be able to say what is the one-man bank?

Dr. M. Chenna Reddy:—There is nothing particular like any specific category. It is a small bank with one member of the staff in a rural area for providing banking facilities; except that, there is nothing like a particular category; that is a very good thing. I have no doubt about that, but my own feeling is that as yet, in view of the general economic conditions in our State in the rural area, they have not yet reached the stage of completely covering the Sub-Treasury areas; this might be possible later on in the few years to come.

R. R. Deshpande (Narayankhed):—We are unable to understand what exactly is meant by one-man bank. Will the Hon'ble Minister be able to say what it is?

State Bank of India branches in the Taluk Headquarters.

Sub-Treasuries State Bank of India branches... Volume of business at East Godavary... It is not a Taluk Headquarters or Sub-Treasury place but there is a State Bank of India, like this the State Bank of India has covered all the Taluk Headquarters and some big places also.

State Bank of India branches in Rural Areas Banking facilities create...

Mr. B. V. R. Chowdary:—Sir, will the State Government in the next stage assist One Man Bank at the rural areas, as is the case in the One Man Bank of the State Bank of Hyderabad?

Mr. J. R. D. Tendulkar:—The State Government will assist One Man Bank at the rural areas, as is the case in the One Man Bank of the State Bank of Hyderabad.

HINDI LANGUAGE TEST.

S. No. 455 A.—

S. N. Q. No. 1779 - D.—Smt. A. Kamala devi (Alair) :— Will
the Chief Minister be pleased to state :

(a) whether it is a fact that the Government issued an order
imposing a condition that the Government employees should pass the
Hindi Language Test conducted by the Public Service Commission
otherwise their increments would be stopped untill they passed the
Test,

(b) whether it is also a fact that the Central Government is giving
encouragement to its employees to whom the knowledge of Hindi
language is essential by way of cash grants and increments to those
who have passed the Hindi Test, besides providing Books, tutor, and
allowing them to attend the classes during the office hours ; and

(c) if so, whether the Government consider to scrap this order
since Hindi knowledge is not so essential to its employees when Telugu

(a) what is the progress made for mechanisation of mines by Singareni Collieries Company Ltd.;

(b) how much worth of machinery has been purchased from 1958 to 1964 and from which countries this machinery was purchased;

(c) whether all the machinery is being utilised fully; and

(d) what is the cost of equipment lying idle in the stores of the Company from 1962-63.

A.—

(a) Three mines have been partially mechanised so far. Mechanisation of a part of one more mine is in progress.

(b) Machinery worth Rs. 111.67 lakhs has been purchased from U.S.A. and U.K.

(c) Yes, Sir.

(d) The cost of machinery in the stores awaiting erection is about Rs. 16.83 lakhs. This machinery could not be installed for want of some corresponding machines.

KHANDASARI SUGAR MILLS IN NIZAMABAD DISTRICT

812 (6153) Q.—Will the hon. Minister for Finance be pleased to state:

(a) how many Khandasari Sugar Mills worked in Nizamabad district during 1964-65 season;

(5) whether they started crushing even before they were permitted to crush by the Cane Commissioner, if so, the reasons therefor,

(c) whether any irregularities were committed by them in purchasing the cane from the growers; and

(d) if so, the action taken thereon?

A.—

(a) Nine Khandasari Units worked in Nizamabad district during 1964-65 season.

(b) All these nine units were in existence prior to the enforcement of Andhra Pradesh Khandasari Manufacturers' Licensing Order, 1963 (i.e., prior to 1st March 1964). Four units started crushing before obtaining licence but five units started crushing after obtaining licence.

(c) The four units, which started crushing without obtaining the licence, committed an irregularity in purchasing cane from registered and contracted growers in the factory zones.

(d) These Khandasari units were warned to guard against such violations. Periodical check and vigilance have been exercised by the Departmental staff.

**Discontinuance of Rebate System.**

Houses for Weavers at Jangaon.

261—

\* 684 (1698) Q.—Sri K. Barchamlu (Jangaon) :— Will the hon. Minister for Finance be pleased to state:

(a) whether it is a fact that some houses out of the hundred built at an expenditure of four lakhs of rupees for the weavers in Jangaon taluk, Wernag district have been washed away recently;

(b) whether it is also a fact that the weavers are residing only in forty houses; and

(c) the reason why the weavers are not coming forward to reside in other houses?

A.—

(a) Due to heavy rain, winds and furious gale in the month of July 1962, 29 out of 100 houses were damaged. The damages caused were estimated at Rs. 8,000.

(b) and (c) No, Sir. Out of a total of 100 houses, 99 houses have already been occupied. The remaining four houses are being used by the Society as godown, dye houses, etc. Due to the outbreak of cholera in the locality, 29 members left the colony on 6th August 1964; 7th August 1964 and 8th August 1964, but the houses are in their possession only. They have however applied for the cancellation of allotment of houses due to the fact that the colony isolated since it is built somewhat away from the Jangaon town and facilities like market, school for children are also not available at present. Another vital reason is the lack of electricity.

Once these facilities, viz., electricity and school for children etc., are provided it is expected that there will be demand for colony houses.

(b) whether it is a fact that no supervisor is posted at the work spot where the work is being carried out by a contractor and that has resulted in the said accident; and

(c) whether compensation amount is deposited with the Commissioner for payment to the dependents of the deceased?
A.—

The matter relates to Andhra Pradesh State Electricity Board. As ascertained from them the reply is as follows:

(a) Yes, Sir.

(b) The contractor, who is mainly responsible for supervision of his labour, had provided supervisory staff but it was not adequate.

(c) It is understood that the employee, who is responsible to pay compensation has addressed the Commissioner for extension of time to finalise payment of compensation.

CALLING ATTENTION TO MATTERS OF URGENT PUBLIC IMPORTANCE

re: Retrenchment of workers in Health Department

Mr. Deputy Speaker: There is a call attention matter given notice of by Sri G. Ramaswamy Reddy and Sri G. Sanjiva Reddy to call the attention of the Minister for Health and Medical regarding retrenchment of workers in the Health Department.

S. G. Reddy:—The Public Health Hospitals’ are going to be 80新模式的医院。何alignment。何alignment need representation being done in the National Malaria Eradication Project now. So there are more workers. So the workers need protection this month.
30th November, 1965. Calling attention to matters of urgent public importance:

Regarding Retrenchment of workers in the Health Department.

Labour Department conciliation agreement made on 7-5-1964. Strike by workers on 8-5-1960. Labour Minister has given notice of compensation. Strike ordered. Workers are helpless. Workers are paid by the Labour Department. There is no help from the Government. Transfer is estimated. Risk allowance under 13-9-64 is agreement to be followed. Strike ordered.

The National Malaria Eradication Programme is being implemented in Andhra Pradesh since the year 1950 with an annual expenditure of 125 lakhs of rupees. The Government of India has been paying the subsidy towards this to the extent of 50% of the expenditure incurred. Under the Plan operations of this programme an appraisal team appointed by the Government of India inspects the progress of the scheme every year and recommends that the particular area is free from malaria. Therupon the State Government has to watch for consolidation and the maintenance phase in that area. The programme under this phase is to watch that malaria does not spread again. Therefore, it will not be necessary to continue the entire staff which was appointed temporarily under the previous stage until only the skeleton staff is required for attending to this work. Since the Government of India will not pay any subsidy for continuing the consolidated phase, after the recommendation of the Appraisal team, the State Governments are compelled to reduce a major portion of the temporary staff appointed in the previous phase. This has become unavoidable. Necessary steps are being taken to absorb the surplus staff if they are really qualified in a newly created family planning scheme without resorting to recruitment of outsiders. As far as possible, all qualified persons will be absorbed. If there are any specific cases, where extreme hardship is meted, they
Business of the House

30th November, 1906.

will be considered when they are brought to the notice of the Government. The Government have received certain representations from the employees of the Public Health Department in the beginning of this year and some of the requests made are vague and general in nature. Wherever specific requests are made, steps are taken to redress the grievances as quickly as possible. Most of the cases brought to the notice of the Government in the previous years also have been looked into carefully and disposed of. The cases mentioned in the call attention motion are of a general nature. If specific cases are brought to the notice of the Government, they will be looked into.

The appointment of a Labour Officer: This is under the consideration of the Government. Most of the recommendations made at the general meeting were already implemented. If there are any left over, they will be also attended to.

Mr. Deputy Speaker—It is only a repetition, Sir, of what has been said before and I have already answered that as and when vacancies arise they will be absorbed.

BUSINESS OF THE HOUSE.

Mr. Deputy Speaker—The hon. Member came and asked me. I think there is no such adjournment motion here. Now I will ask the Office as to when it is coming up. Otherwise I will find out.

Sri N. Ramanathan Reddy—It is only a repetition, Sir, of what has been said before and I have already answered that as and when vacancies arise they will be absorbed.

Motion:

Mr. Deputy Speaker:—It has been disallowed.

PAPERS LAID ON THE TABLE

Rules made under the Andhra Pradesh (Telangana Area) Forest Act, 1335 Falsi

Sri N. Chenchurama Naidu:—Sir, I beg to lay on the Table a copy of the rules issued in G.O. Ms No. 2352, Food and Agriculture dated 13th September 1965 made in exercise of the powers conferred by causes (a) and (c) of section 32 and sub-section (1) and clause (A) of sub-section (2) of section 44 read with section 45 of the Andhra Pradesh (Telangana Area) Forest Act, 1355 Falsi for regulating the transit of timber to Saw Mills and its conversion at Saw Mills and published at pages 266-269 of Rules Supplement to Part I of the Andhra Pradesh Gazette, dated 23rd September 1965.

Mr. Deputy Speaker:—Paper laid on the Table of the House.

PRESENTATION OF THE REPORTS OF THE REGIONAL COMMITTEE

Sri T. Hyagrivinachary (Chairman, Andhra Pradesh Regional Committee):—Sir, I beg to present under rule 164-K of the Andhra Pradesh Legislative Assembly Rules the report of the Andhra Pradesh Regional Committee on the Andhra Pradesh Municipalities (Postponement of Elections) Bill, 1965.

Sir, I also beg to present under rule 164-K of the Andhra Pradesh Legislative Assembly Rules the Report of the Andhra Pradesh Regional Committee on the Andhra Pradesh Co-operative Societies (Amendment) Bill, 1965.

Mr. Deputy Speaker: Reports presented.

MOTION

The Minister for Labour and Transport (Sri B. V. Gurumoorthy):—Sir, I beg to move that the time for the presentation of the report of the Joint select committee on the Andhra Pradesh Shops and Establishments Bill, 1964 be further extended up to 28th February 1966.

Mr. Deputy Speaker: Motion moved.
Motion:

Sri B. V. Gurumurthy:—Sir, the House is aware that the Joint Select Committee had met several times and at several places and have collected volume of data in this regard. They sat in Hyderabad for the ultimate meeting and came to unanimous conclusion on almost all the provisions of the Bill. But this has taken place on the 10th of this month. After that the office took about 12 to 14 days to process all the proceedings and sent the file to me on or about 23rd. I looked into the proceedings and passed it on to the Department on the 24th that is the next day. On 24th it was referred to the Law Department. The Law Department has to scrutinise and since we have suggested a number of amendments which are of a very serious nature and requires careful scrutiny of the Law Department, they have not sent back the file to me until now. Yesterday I have asked them to expedite and they said they were busy with other Bills and since the Assembly was in Session they were also present in the Assembly to assist the Assembly, and therefore they have not sent. But it is my earnest desire to present it as early as possible and for bona fide and genuine reasons and for unavoidable reasons it has been delayed and nothing else. Nobody need have any misgivings on that.

Sri Gopalakrishnaya: How can the Committee send it to the Law Department?

Mr. Deputy Speaker: Select Committee has not sent it. He said that has been given to the Secretariat and the Secretariat has sent it to the Law Department.

Sri Gopalakrishnaya: I am depending upon his statement. The Report was sent to the Law Department. How can it be sent to the Law Department?

Sri B. V. Gurumurthy: Not Report Sir, the proceedings. I think, the report will be prepared after the proceedings are sent back from the Department and the Home Department will prepare a report and submit.

Mr. Deputy Speaker: The fact is that they must send the Bill as sent to the Law Department for scrutiny and return.

Sri Gopalakrishnaya: No, Sir. Internal arrangement. He cannot announce that it is being sent to the Law Department or any other department has nothing to do with the Assembly as well as the Estimates Committee or Select Committee. How can they send it?

Sri B. V. Gurumurthy:—Sir, it has to be scrutinised. We are not legal people. We are lay people and therefore, we requisitioned their services.
Mr. Deputy Speaker: He has sent the Bill as amended to be scrutinised by the Law Department.

Sri V. Gopalakrishnagya:—That is what I say. That is the very point I am raising that they cannot send it.

Sri B. V. Gurumoorthy:—So, as he puts it, perhaps, for internal reasons—may be. I do not know. I am not an expert on the procedure to be followed in respect of these bills but we have requisitioned their services. If it pleases him I will say that it is the internal arrangement and I will present it as early as possible.

Sri B. V. Gurumoorthy:—The reasons I have said. I have not made it a plea.

Sri B. V. Gurumoorthy:—The reasons I have said. I have not made it a plea.

Sri B. V. Gurumoorthy:—Select Committee report is a Select Committee report. Why are they attending the meetings? Because they have to advise. But it cannot be referred to the Department. It is a question of privilege.
Motion: 30th November, 1965.

Mr. Deputy Speaker.—His point is that it cannot be sent to the Law Department.

Sri Vanilala Gopalakrishnaiah.—Yes, Law Secretary says it is not concerned to anybody so it is a question. Whether personal or not? It is not concerned to anybody. Its a personal or not personal? It is a question of privilege.

Mr. Deputy Speaker.—It is a question of Convenience.

Sri Vanilala Gopalakrishnaiah.—It is not on question of convenience. It is a question of privilege.

Mr. Deputy Speaker.—I will find out and decide.

Sri K. Govinda Rao.—The proceedings of the Select Committee are strictly confidential. Once Select Committee submits the report the Law Department assist. When the report is submitted.

Motion:

Mr. Deputy Speaker:—Their objection is about sending these Bills for scrutiny of the Law Department.

Sri P. Ramachandra Reddy.—I agree with that point Sir. Let me clarify my position. So the Deputy Secretary when he is a Member, always assists the Committee in putting the word in a proper way. But the Deputy Secretary will always carry the Bill with all the amendments and modifications which the Committee has suggested. He will put the spirit of the Members of the Committee in a well established manner and legalised manner. Therefore, the question of scrutiny by the Department does not arise. Sending to the Law Department means, that the Deputy Secretary who has attended the meeting will carry out the spirit of the members in assisting the Committee.

Dr. M. Chenna Reddy:—This is a very simple thing. It is not really the proceedings or the report to be prepared by the Assembly Secretariat. It is the privilege of the Assembly Secretariat. The Bill as it emanated from the Select Committee proceedings should be given a legal form. The report and the proceedings are the property of the Assembly till it is presented to the House. The Legal Department is only doing its job taking into consideration the decisions taken by the Select Committee. They are putting them in the proper legal form. The proceedings is one and the report is one and is handled by the Assembly Secretariat.

Sri P. Ramachandra Reddy.—I agree that the Joint Select Committee Reports are confidential but it is a practice that the Secretary or the Deputy Secretary of the Law Department would always be present in all the Committees.

Mr. Deputy Speaker:—The matter may be dropped.

Sri P. Ramachandra Reddy (Sangareddy):—I agree that the Joint Select Committee Reports are confidential but it is a practice that the Secretary or the Deputy Secretary of the Law Department would always be present in all the Committees.
Motion:

Mr. Deputy Speaker:—The reports are confidential. They should not be sent to the department. The Government can seek their assistance at the committee's level.

Sri B. Sreeramamurty:—Point of order, Sir.

Mr. Deputy Speaker:—Confidential subject matter? It is a question of privilege. That point of order is there. So suspend.

Government Bills:
The Andhra Pradesh Appropriation Nos. 3, 4 and 5 Bills, 1965.

Mr. Deputy Speaker—The hon-member cannot question that.

The question is:

"That the time for presentation of the report of the Joint Select Committee on the Andhra Pradesh Shops and Establishments Bill, 1964 be further extended up to 28th February 1966."

The motion was adopted.

GOVERNMENT RESOLUTION

re: FOOD SITUATION AND DROUGHT CONDITIONS IN THE STATE.

Sri N. Ramachandra Reddy — Sir, the resolution on the subject was already moved by me and to facilitate discussions this was deferred and posted for today. In between, as mentioned by me, all the Collectors of various districts had been invited for a conference and if the Collectors come with first-hand information then we will be in a position to assess as to in what places the crops have failed and the existing conditions in various taluks and blocks and districts could also be discussed in greater detail. That is why, all the 20 Collectors have been invited recently from the last four or five days—in batches of Collectors of four or five districts on each day—and the Board members and Chief Engineers and others were also invited to the meetings and after assessing the position in each district and each taluk they could come to certain tentative conclusions in the sense that they will be placed before the Government. The Cabinet has also decided to meet day after tomorrow and decisions will be taken day after tomorrow after going into the matter in greater detail.

It is rather unfortunate that this year the rains are not adequate and they are very scanty when compared with last year and the year before the last. Some of the representatives who have come from the districts have been stating that they have not witnessed such a situation during the course of last so many years. Of course, the Ministers have also been allotted to various districts. They went round the districts to collect first-hand information and to take representations from the people—not only from the people, but from the representatives of the people, of the Panchayat Samithis and Zilla Parishads and the Legislature as well. Different meetings were also held in the districts.

The position is that not only the earlier monsoon but the subsequent monsoon has shown that the rainfall is not up to the mark when compared to the previous years. The rainfall figures are also available talukwise and districtwise. Some districts are totally affected, some taluks are totally affected and some blocks are totally affected and in some places there is partial loss of crops. So, off hand we are no. 1 a position to state that the entire taluk or the entire district is lost. Of course, to a great extent some of the districts are very much affected, i.e., Chittoor, Visakhapatnam, Nalgonda and Khammam. In some of the districts uplands are affected. Even in the Delta districts of East Godavari, West Godavari, Guntur and Nellore, the uplands are very much affected and there is very little prospect of

re: Food situation and drought conditions in the State.

raising dry crops there. That is the unfortunate position existing in the districts. So, orders have been issued by Government for intensive azmaishi work so that remission can be given. In some places they have already finished azmaishi work, but in some places as the crops are existing intensive azmaishi will be taken up within the course of 10 or 15 days and in some places like Nellore it is not possible to take up intensive azmaishi just now because the harvest of the paddy crop comes in the months of January and February. So, the position is being carefully watched by the Collector. In addition, of course, the food position has become acute in some places. Drinking water scarcity is also there in some places, not on a big scale, but it might be aggravated in some places after a couple of months. In some villages of some taluks, however, drinking water scarcity is acute even now. Fodder scarcity is not there in some places at present, but it might become acute in some places. All these things will be taken into consideration.

The Minister need not get angry about it. When the Government undertakes to give decent rice to all people here they must give decent rice. They must inspect all the stocks properly. All the stocks of rice in the shops which we visited were all got from Sanatnagar godowns. Everybody said that it was from there and that was what we found. The shopkeeper showed it to us. All we was that you could see what it is.

Sri T. K. R. Sarma.— It is not discussion. What the Minister had said was 'let us go and inspect'. What has been stated by the Leader of the Opposition was that some responsible Opposition Members went and saw and those were presented to them.

Mr. Deputy Speaker.— The only thing he says is that it is not done. It might be there in one shop.

Government Resolution:

re: Food situation and drought conditions in the State.

Sri H. S. A. Sreenivasa Rao: Collectors in the State have been discussing 3 days discussion with the general public. They have reported that 33.4% of the crops in the State have been affected by drought. Talukwise rainfall has been assessed and it has been reported that crops in 39% of the State have been affected. Crops in 33.4% of the State have been damaged. Details of the situation of each taluk will be submitted. The government will take action for this district based on the position assessed.

Sri N. Ramakandra Reddy: Members are not in touch with their constituencies.

Sri V. Srikishna: There are conflicting reports from the departments regarding the position. Let us know on what basis Government is going to take action. Anantapur is such a district.

Sri A. V. G. Venkata Reddy: I followed closely your speech, but Anantapur was not there. So if a report is presented every Member will have the points before him.

Sri T. B. Naikakonda: The rainfall record and the Collector's report is not definite. The rainfall record must be submitted to the government. The government will take action based on these reports. The information regarding rainfall is not clear. If a report is presented by the Collector at the Collector's Conference, then the government will take action.

Sri M. Venkata Rao: The specific figures are not clear.

Sri M. G. R. V. N. Ramakrishna: The rainfall in the State is 33.4% of the crops. The rainfall in 39% of the State has been assessed. The government will take action based on the position assessed.

The Honorable Mr. Speaker and Honorable Members,

Food situation and drought conditions in the State.

The Honorable Minister for Agriculture and Rural Development, Mr. N. T. R. Rao has informed the House that the food situation and drought conditions in the State are critical. The affected areas include the districts of Nellore, Prakasam, and Guntur. The government has taken several measures to address the situation, including the distribution of emergency food rations and the implementation of drought relief programs. The Minister has also urged the people to continue their efforts in the fight against drought and appealed for international assistance.

The House has expressed its concern over the situation and has called for immediate action to alleviate the suffering of the affected population.

Government Resolution: 30th November, 1965

Re: Food situation and drought conditions in the State.

In view of the prevailing food shortage and drought conditions in the State, the Government has decided to allocate certain percentage of the State's foreign exchange production needs to foreign exchange, as suggested by certain percentage of the State's production needs. The Government has taken this decision in the interest of the State's economy and foreign exchange requirements.

The per centage of foreign exchange production needs to be reallocated to the State's foreign exchange production needs has been estimated to be around 25% of the total foreign exchange production needs of the State. The decision has been taken to ensure that the State's foreign exchange production needs are met in a timely manner.

V. R. Administration—Very good suggestion.

Food situation and drought conditions in the State.

March 1967 Rthesaaxaa ghsrsr (1967)

The situation in the State has been affected by food shortages and drought conditions. The Government has taken steps to improve the situation. The Relief Commissioner has been appointed to coordinate relief efforts.

The drought situation in 1967 has been severe, with many areas experiencing water scarcity. The Government has been working with the farmers to provide them with necessary assistance. The situation has improved with the implementation of various measures.

Government Resolution:

re: Food situation and drought conditions in the State.

The situation of food and drought conditions in the State, 1965.

The government has observed that the food situation and drought conditions in the State are very serious. The government has decided to take necessary steps to address these issues.

The government has decided to increase the procurement of food grains to meet the demand. The government has also decided to implement the administrative machinery to ensure the smooth functioning of the procurement and sale of food grains.

The government has further decided to allocate additional resources to the affected areas to counter the effects of drought and food shortage.
Government Resolution:

re: Food situation and drought conditions in the State.

The Hon. Chief Minister, S. Rajaratnam, addressed the Assembly on 30th November, 1965, concerning the food situation and drought conditions in the State. He highlighted the challenges faced by the Government in managing the situation and appealed to the people to remain united and supportive during this trying time.

The Hon. Chief Minister emphasized the need for immediate action to address the food shortage and drought conditions. He stated that the Government was working tirelessly to ensure food security for all citizens.

The Hon. Chief Minister concluded his address by expressing confidence in the people's ability to overcome the current challenges and looking forward to a brighter future.

In this condition the agricultural communities are suffering a lot. The procurement order is in effect for the farmers who are unable to sell their crops due to drought. The procurement order must be fair and just. It is the responsibility of the Government to ensure that procurement is done in a fair manner. The Government must ensure that the procurement is done on the same basis and on the same par as in every assessment.

Procurement rates must be decided by the agent with discretion. The agent must ensure that the procurement is done in a fair manner.

Government Resolution:

30th November, 1935.

Food situation and drought conditions in the State.

The situation in the State, as a result of the drought conditions prevalent during the past few months, has deteriorated sharply. The food situation is critical in many parts of the State, with widespread scarcity of foodgrains and other essential food items.

The Government has been closely monitoring the situation and has taken various measures to mitigate the effects of the drought. These measures include the provision of relief rations, the distribution of foodgrains at subsidized rates, and the encouragement of local trade and production.

The Government has also appealed to the people to cooperate and contribute in any way they can to help alleviate the situation. The Government is committed to ensuring that the basic needs of the people are met, and will continue to take all necessary steps to address the situation.

re: Food situation and drought conditions in the State.

30th November, 1966.

The situation in the State is alarming due to drought and inadequate rainfall. The Food and Agriculture Department has reported that the food security situation is critical. The food grains production has been affected significantly. The total food grains production for the current year is estimated to be around 19,125,000 tons, which is much lower than the previous year. The rainfall has been below average, with only 47% of the normal rainfall. The drought has affected the crop yields severely. Several districts have reported complete crop failure.

The Government has taken several measures to address the food shortage. Emergency food supplies have been arranged and distributed to the affected areas. The Government has also increased the procurement of food grains to ensure a stable supply.

In conclusion, the situation is grave and requires immediate attention. The Government is doing its best to mitigate the effects of drought and ensure food security.
Government Resolution: 30th November, 1965

re: Food situation and drought conditions in the State.

To: The Government of the State

From: [Signatory]

Subject: Food situation and drought conditions

This resolution concerns the current food situation and drought conditions prevalent in the State. The situation has been further exacerbated by the recent drought, leading to a significant shortage of food grains. The government is taking immediate steps to address this crisis, including the procurement of additional food grains from neighboring states and the implementation of emergency measures to ensure food security for the affected population.

The resolution emphasizes the need for increased agricultural production and the establishment of reserve stocks to prepare for future droughts. The government is also seeking assistance from international organizations to support the efforts in combating hunger and malnutrition.

Half Hour Discussion on Question 30th November, 1965.

No. 165 (278) (3805) relating to the scheme to start Upper Elementary Schools.

The discussion starts with a clarification on the scheme for starting Upper Elementary Schools. It mentions the confusion regarding the introduction of 8th and 7th classes. The 8th standard open class is mentioned to begin from the 25th of November. The economic strength and availability of classrooms are also discussed. It is decided to open the 8th class next year and the 9th class thereafter, gradually making them full-fledged high schools.

Sri A. Balaram Reddy:—It is very simple. 1st to 6th forms open 7th standard 8th standard open 10th standard open. 1st to 6th forms 7th, 8th standards open. 1st to 10th forms in High schools.

The discussion continues with the considerations of the economic strength and the availability of classrooms for the scheme to start Upper Elementary Schools.
