INCREASE OF EMOLUMENTS TO N G.Os.

1189—

*2168 Q—Sarvarsi N Venkata Swamy (Paruchuri), C.D Naidu (Chittoor); P Subbathan (Verragondipalem); P Shyamsunder Rao (Achanta); G. Rama Rao (Guduwada); A. Sarveswararao; K Baburao (Polavaram) V Satyanarayana and G. C. Kondaiah (Nellore)—Will the hon. Minister for Finance be pleased to state?

(a) whether any representation has been received by the Government from any of the State Government Employees Organisations for increase of emoluments to neutralise the rise in prices;

(b) if so, the action taken by the Government thereon?

The Minister for Finance (Dr M Chenna Reddy) :—(a) Yes Sir.

(b) The Government have decided to introduce a scheme for supply of foodgrains at a reasonable price for the non-gazetted officers.
The details of the scheme are being worked out separately. Meanwhile as an interim measure the Government have decided to sanction an increase of Rs. 5 per mensem to the non-gazetted officers getting Rs. 150 and below and to those who are getting above Rs. 150 and up to Rs. 500 an increase of Rs. 6 per mensem in Dearness Allowance.

It has also been decided to sanction an increase of Rs. 3 p.m. to employees in work-charged establishment and Village Officers and servants.

This is a question which came in September, 1964. So, there should be no confusion about the answer.

Mr Speaker:—Although the question came in September, 1964, the answer must have been revised subsequent to this.

Dr M Chenna Reddy:—This is the revision which we have made at that time, i.e., in the last session, the question could not be taken up in the Legislature.

Sri Pillamarri Venkatavarlu:—What is the latest position, Sir?

Dr. M Chenna Reddy:—This is the latest position, the D A and all those were given. As for supplying foodgrains at reasonable rates, we are negotiating with the different organisations of the N.G Os and they have given us certain proposals because it is the Government’s feeling that unless the N.G Os. themselves take an active interest and are associated with it, this will not be successful and ultimately lead to their discontentment. So, we are trying to enlist their full cooperation. In that direction, we were having discussions. Myself, the Chief Secretary and the Finance Secretary discussed the matter with them and after that they have given subsequent proposals with certain details and that is under examination.
Oral Answers to Questions. 5th March, 1965.

PRESENTATION OF THE REPORTS OF THE REGIONAL COMMITTEE.

I also beg to present under Rule 164-K of the Andhra Pradesh Legislative Assembly Rules, the Report of the Andhra Pradesh Regional Committee on the Hyderabad Municipal Corporation (Amendment) Bill, 1964

Mr. Speaker: — The reports are presented.

POINT OF INFORMATION.

re CENSORING OF COPIES OF SPEECHES (F M L A S BY THE POSTAL DEPARTMENT

Mr. — I have been requesting members a number of times in the House so far as private complaints are concerned to bring them up under some provision of the Rules. What is the use of making an oral request?

Mr. Speaker — Even in the House of Commons such matters are being raised.

Mr. Speaker — Whatever matter you want to bring before the House you please bring it under some rule. I cannot bring private complaints to the notice of Ministers. My prestige is involved.

Mr. Speaker — It is not a private complaint; it is a matter of public importance.

Mr. Speaker — Bring it under some provision of the rules before the House, and we shall take necessary action,
Sri Pillalamari Venkateswarlu — By that time the Assembly session will be over and the Censor Department will go on delaying these things.

Mr Speaker — If it is really of matter of urgent public importance I shall admit it under Rule 74 or as a Short-notice question.

Sri Pillalamari Venkateswarlu — Even if it is a short-notice question the Minister will have to agree to it. That is why I am bringing this to your notice.

Mr Speaker — You can agitate all these matters before the House under some provision of the Rules. If they still do not take action I know what to do.

Sri Pillalamari Venkateswarlu — I want the Chief Minister to reply if he has anything to say.

Mr Speaker — The Chief Minister cannot reply without my permission.

Sri Pillalamari Venkateswarlu — That is why I am requesting you.

Mr Speaker — Please give me notice. Then I shall certainly call upon him.

re: Steel Plant at Vizag.

"The Chief Minister Sri K. Brahmananda Reddy today said in the Legislative Council that the Centre had not accepted the proposal of the State Government for setting up a steel plant at Visakhapatnam in the fourth plan."

Sri K. Brahmananda Reddy — What paper is it?

Sri V. Srinivasa — The ‘Indian Express’.

Sri K. Brahmananda Reddy — I am so very sorry that I should have been quoted like that.
Mr. Speaker—I shall arrange to get a copy of the reply of the Chief Minister from the Council and have it placed on the table of the House.

Mr. Speaker—I shall arrange to get a copy of the reply of the Chief Minister from the Council and have it placed on the table of this House.

Sri K. Brahmananda Reddy—In fact I was very clear. The question was whether the proposal was accepted by the Government. I said: 'not yet, Sir'.

Mr. Speaker—We are all trying to get a steel plant.

Sri V. Srikrishna—That is why I brought it to the notice of the Government.

Mr. Speaker—We shall get a copy from the Council and have it placed before this House.

Sri Pillannar Venkateswarlu—I submit this is not an oral request. This is a serious thing and a matter of public importance and that is why I have brought it to your notice.

Mr. Speaker—I did not say that this is not a matter of public importance, but the difficulty is there is some procedure laid down. So bring it under some provision of the rules.

Sri Tenet Visswanatham—are we clear or are we not clear that the speeches delivered in the Assembly should not be a subject matter for censor? It is a matter for the Chair also and not the Chief Minister only. The Speaker might be pleased to consider that matter.
Mr Speaker — You are doing the same thing which Sri Pillalamarri Venkateswarlu has done. If all these things amount to a breach of privilege, give notice of a privilege motion. If the proceedings of the House are not reported properly, certainly we can take action against the paper concerned for breach of privilege.

Sri Pillalamarri Venkateswarlu — Such remarks have to be expunged from the proceedings. He cannot go on speaking like that.

Mr Speaker — That is exactly what I told him.

Sri Pillalamarri Venkateswarlu — Such remarks have to be expunged from the proceedings. He cannot go on speaking like that.

Mr Speaker — We are following a uniform procedure. Unless members use unparliamentary language, we do not expunge. For instance Sri Lakshmana Doss has used very strong language, but as long as it is parliamentary language we do not expunge all those things. It is not a question of expunging every thing.

Sr Tenneti Venkateswara Rao — I do not think when a member says anything it should be expunged at all. It stands to his credit or otherwise.

Dr. T.V.S. Chalapathi Rao — Mr Speaker, Sir. As a result of what had taken place here on the 1st, I understand the S.S.L.C. examinations are likely to be postponed. Is there any truth in it?

Mr Speaker — Notice under Rule 74 has been given notice of by Sri Pillalamarri Venkateswarlu and originally it was posted to the 6th March, but the Chief Minister has said that he would make the statement on the 8th.
Statement by the Chief Minister regarding postponement of S.S.L.C. Examination in certain centers of the State.

Sri R. Rajagopal Naidu — If it is 8th, there is very little time for postponing the examinations.

Mr Speaker. — I do not know for what reasons he wanted to make a statement on the 8th, but if somebody on his behalf can make a statement tomorrow it would be better.

Sri K. Brahmananda Reddy — I shall find out, Sir.

GENERAL DISCUSSION ON THE ANNUAL FINANCIAL STATEMENT (BUDGET) FOR THE YEAR, 1965-66

...
Statement regarding postponement of S S L C Examination in certain centres of the State.

Sri K Brahmananda Reddy—A letter endorsements requesting for postponement of S S L C Public Examinations of March 1963 on the plea of non-completion of portion of syllabus due to suspension of classes consequent on Anti-Hindi agitation have been received. After careful consideration, the D P I has come to the conclusion that there is no necessity to postpone the examinations. The various reasons which have convinced him in this decision are as follows—

(1) Generally in all high schools where the distribution of syllabus month-wise in 11th and 12th classes, syllabus in all subjects will be so arranged that it would be completed by the end of January. During February, only the portions will be assessed. The suspension of classes took place in February 1963 by which time it was expected that the syllabus in all the subjects would have been covered.

(2) There are no representatives from the Heads of Schools or departmental officers expressing any difficulty in covering the syllabus.

(3) The suspension of classes in a majority of the schools in Chittoor district took place only for a few days. At other places in the Sri Venkateswara University and the closure of schools was only partial.

(4) There are many administrative difficulties in postponing the examinations at this stage. All the arrangements for the conduct of the examinations are completed. The number of candidates taking the S S L C and Higher Secondary and Multi-purpose School Leaving Certificate public examinations in March 1963 is about 42,000 and 13,000 respectively. To order the postponement of examinations for such a large number of candidates in about 806 centres for the S S L C public examinations and 108 centres for the higher secondary and multipurpose school leaving certificate examinations now would dislocate the schedule of conduct of examinations. It will also cause considerable delay in the publication of results which in turn will inconvenience candidates seeking admission into colleges. If the examinations are postponed, the results can be announced only towards the end of June or early in July. The tabulators required to finalise the results will not be available as schools will reopen in the middle of June. If teachers are to be drafted to serve as tabulators and work for the examinations, the regular work in the schools suffers.

(5) The S S L C public examination is common for all students throughout the Andhra area in the State and as such it is not possible to postpone the examination in one University area. Moreover many candidates have already prepared them for the examination as per schedule and to postpone the examination will adversely affect them.

(6) The action of Sri Venkateswara University in having postponed their examinations stands on an altogether different position. Suspension of classes in colleges in that area was more widespread.
Further the University may be able to manage with a schedule of examinations even after postponing the examinations by some days; whereas it is very difficult for the Commissioner for Government Examinations to do it because of many examinations to be conducted including T S L C and E S L C public examinations.

GENERAL DISCUSSION ON THE ANNUAL FINANCIAL STATEMENT (BUDGET) FOR THE YEAR 1965-66.

The University, which was stagnating, has been able to manage its financial statement (budget) for the year 1965-66. The stagnation of the regional imbalances and the local imbalance has been addressed. The agricultural income tax has been increased, resulting in an increase in the M.L.A. budget. The budget has also included the management of examinations even after postponing them by some days.

100% of the revenue deficit is financed by loans. In this context, the concept of deficit financing should be considered. In cases where the state has a surplus, it is considered beneficial. In cases where the state has a deficit, it is considered harmful. In the case of deficit financing, the state borrows funds from banks or other financial institutions.

Our experience has shown that while the poor have been making the sacrifices, the rich have been making money. The food-grain trade in particular has behaved at rociousty. They have let down the country and the Government which had placed enormous faith in them. We can not experiment in reformation any more.

It is not use making various speeches against the merchants on the one hand and allowing them a position in society from where they can blackmail the nation. In our set up, the merchants had the upper hand because the trade was solely with them. It felt it was best to change the system which gave the merchants a hold over the people, we change it through the introduction of monopoly purchases of jawar and rice by the State. My critics may not know this but we went in for monopoly purchases in Maharashtra without consulting either the Centre or the Congress High Command because we felt strongly that what is good must be done.

As concerns organizational and governmental and quasi-governmental bodies, the following should be emphasized:

- For internal organizational control, a credit system is recommended, which would help in preventing financial malpractices.
- Food grains monopoly trade has been strengthened, and the availability of food grains has been improved. The price of rice has been increased, and the price of wheat has remained unchanged. The price of sugar has been reduced.
- The number of buses owned by R.T.C. has decreased, and foreign exchange crisis has been alleviated.
- In 1961, 15% of the buses were out of service, and in 1968, 16% of the buses were off the road due to foreign exchange crisis. In 1969, 15% of the buses were out of service, and the crisis has been alleviated.

5th March, 1936.

Mr. Speaker in the Chair,

We have before us the Annual Financial Statement (Budget) for the year 1935-66. The Budget has been presented by the Finance Minister for the year 1935-66.

Mr. Speaker, the Budget is a statement of the financial policy of the Government for the year 1935-66. It is a statement of the financial resources of the Government and the expenditure proposed for the year.

The Budget for the year 1935-66 is presented in the following manner:

1. **Financial Statement**: The financial statement is the most important part of the Budget. It contains the details of the revenue and expenditure for the year. The revenue includes taxes, duties, and other receipts. The expenditure includes salaries, pensions, interest on loans, and other expenses.

2. **General Discussion**: The general discussion is the part where Members of Parliament can make speeches on the Budget. The Budget is discussed in detail, and Members can express their views on the financial policy of the Government.

3. **Administrative Machinery**: The Budget is not just about financial matters. It also deals with the administrative machinery of the Government. The Budget includes the details of the administrative machinery of the Government and the plans for its development.

4. **Minimum Wages Act**: The Minimum Wages Act is a piece of legislation that sets the minimum wage for workers. The Budget includes the details of the Minimum Wages Act and its impact on the economy.

5. **Economy**: The Budget is also about the economy of the country. The Budget includes the details of the economy of the country and the plans for its development.

6. **Other Matters**: The Budget includes other matters that are important for the development of the country. These matters include education, health, and welfare.

In conclusion, the Budget for the year 1935-66 is a comprehensive statement of the financial policy of the Government. It is a statement of the financial resources of the Government and the expenditure proposed for the year. The Budget is discussed in detail, and Members can express their views on the financial policy of the Government.

Yours sincerely,

Mr Speaker—In the Morning Sri V. Srikrishna, said that the Chief Minister has made a statement in the Legislative Council. I have got a complete proceedings of the Legislative Council. He may please go through them and see if the Chief Minister has made a statement to that effect, and if you think that the Press Report is correct, five minutes before 1:00 we will bring it to the notice of the hon Minister for Finance. I do not think he has made any such statement. Anyhow you can go through the proceedings, the answer given by the Chief Minister, the question and the answers given to the supplementaries; you can go through the entire proceedings. I have got the proceedings.

Sri V Srikrishna—Yes

Mr Speaker—Now, the hon. Finance Minister will reply.

The revised estimates therefore give a realistic picture. Payment to landholders under Section 59 and so on was revised to Rs 4 lakhs at the time of fixing the revised estimates for 1961-62 based on the actual expenditure reported by the Accountant General for the first eight months of this year. The large increase appears to be due to the estimates of the previous years adjusted during the current year.

With all humility we entirely agree with your suggestion and earnestly appeal to let us not create an alarming situation—not that, as a friend, as a colleague. Let us discuss monopolies, politics, food situation, and all over that of regional imbalance of equal economic development will cease to have any effect world over. Planning Commission or State Planning Commission, too, will have to sit and ponder over it, as it is a very serious issue. It will cease to habit in speeches. Regional imbalance is the root of all evils. So practical is it to sit and ponder over it, as it is a very serious issue. 750 crores have to be mobilised from private sector and only 100 crores from the public sector. In recent years, a large sum of money has been borrowed, mainly from private sector, and these are now being repaid. The Government is trying to reduce the total debt by encouraging private investment. However, there are still many areas where private investment is required. In the next few years, the Government plans to continue its efforts to encourage private investment. The Government is also committed to providing a stable and predictable policy environment for business and industry. This will help to attract more private investment into the country.

The original draft of the financial statement (Budget) for the year 1965-66 includes a discussion on the Annual Financial Statement (Budget) for the year 1965-66. The draft mentions the drainage works scheduled for the year. However, the draft also highlights the need for a crash programme out of the plan due to vague requirements. Vagueness is required in some places, and it may be necessary to clarify some points, such as the vague mention of local economy. The draft also mentions the importance of scheduled funds, with a clear indication of the funds required for different items. Despite doubts and apprehensions, we have to take our own way and shall definitely go ahead.
shall try to do this programme in 2,000 crores. On the Annual Statement (Budget) for the year 1933-34, targets will be made to try to do this programme in 2,000 crores. I assure you, as Finance Minister, that they are well secured, they are not utilized or squandered or invested in some useless things, and that the programme can be carried out. We propose to adopt a procedure to follow up the figures in the audit report, and to have a review of the programme. If it involves 52 crores, some of them are really very objectionable. If we can point out the irregularities, establish them, and adopt a procedure to follow up the figures, we will be able to clear the objections. If we can establish some of the irregularities, it will be possible to clear the objections. If we can establish some of the irregularities, it will be possible to clear the objections.

Sir,

The Annual General Discussion on the Annual Financial Statement (Budget) for the year 1965-66 was held on 5th March, 1963.

The discussion was initiated by Mr. J. R. N. J. D. who presented the financial statements for the year. He highlighted the significant achievements and the financial challenges faced during the year.

Mr. N. R. C. T. then presented a detailed analysis of the financial statements, focusing on the revenue and expenditure figures. He also discussed the impact of inflation on the budget and the measures taken to mitigate its effects.

Mr. S. R. D. and Mr. T. R. C. then delved into the specifics of the financial statements, discussing the performance of various departments and sectors. They also highlighted the need for streamlining the budget process to ensure better utilization of resources.

The discussion was concluded with a vote of thanks to Mr. J. R. N. J. D. for initiating the discussion and Mr. N. R. C. T. for his comprehensive analysis.

Yours sincerely,

[Your Name]

General discussion on the Annual Financial Statement (Budget) for the year 1965-66.

This Assembly provides the leadership for the State. In 1964-65, the Assembly had a major role in formulating the annual financial statement. The Assembly discussed the budget for 1965-66 and approved it. The budget aimed to balance the needs of the state with the available resources. The Assembly also debated on various issues related to the budget, such as education, health, and infrastructure development. The budget emphasized on providing better services to the people, with a focus on social welfare and economic development. The Assembly's role was crucial in ensuring the budget was aligned with the state's priorities and goals. As a leader, I believe that our responsibility is not just to ask what our country can do for us, but also to ask what we can do for our country. The slogan 'Ask not what America will do for you, but what you can do for liberty' is a call to action for all of us. It is our duty to work towards the betterment of our country and the world. Let us strive to do our part in making a positive impact on society.
