Sri Y Swarupa Prasad—The first proposal is only to use the ground floor as a temporary measure for the out-patients, for the administrative offices and 50 in-patients. To that extent equipment will be fitted in. Engineers have said that the building is in a very weak condition and in course of time fresh building has to be constructed by the side of it. Then it will provide for 200 bed-hospital.

Sri T Nagi Reddy—I think the hon. Minister did not catch my point. They have purchased the equipment. If it is not in use and if it continues to be kept idle like that, is it not that the equipment will not get spoiled by the time we build the building or construct the whole of structures necessary?

Rulings from the Chair

(1) On the privilege motion re — G. O. enabling legislators of Scheduled Castes only to issue caste certificates to Harijans, etc.,

Mr. Speaker — Sri T. K. R. Sarma, Member of the Samyukta Socialist Party, has given notice under Rule 174 of the Andhra Pradesh Legislative Assembly Rules, stating that as the orders of the Government issued in G. O. Ms No. 2302, Education Department, dated 2nd August, 1964 authorising only legislators of Scheduled Castes to issue caste certificates regarding the castes of the applicants belonging to Scheduled Castes and not legislators of other communities, is discriminatory in character and a serious matter, affecting the privilege of a legislator which needs an enquiry into the matter either by the Privileges Committee or by this House.

The only point for consideration which arises in this case is whether it is a fit case for reference to the Privileges Committee or decision by this House.

Neither Sri T. K. R. Sarma, nor other members who spoke in this regard, have thrown much light as to how it amounts to breach of privilege of the members in the matter of discharging their duties or affecting their rights.

The Minister for Social Welfare, Smt. T. N. Sadalakshmi, while replying to several points raised in the course of the discussion, stated that it was absolutely not the intention of the Government to confine members of other communities besides Scheduled Castes to the issue of G. O. and that the clause only stipulates that the issue

that the members of Scheduled Castes Communities would be in a better position to know the people of their own community and as such, they will be more competent to certify whether a particular applicant belongs to Scheduled Castes or not.

Moreover this G.O. which is objected to by members was issued on 22nd August, 1964, when the present Minister for Social Welfare was not in charge of the portfolio at that time.

It is seen from the G.O. that—

(i) the Members of the Scheduled Castes Communities,
(ii) all Gazetted Officers of the Social Welfare Department,
(iii) all Officers of the Revenue Department below the rank of Deputy Tahasildars,

are authorised to issue community certificates for Scheduled Castes etc. It is not clearly known why Legislators of other communities are excluded from issuing certificates. However, while this is a case for the Government to review the entire matter in the light of the feelings expressed by several members of this House, and issue a revised G.O. which does not admit of any such discrimination, in this regard, I do not consider this as a fit case for reference to the Committee of Privileges as I am of opinion that there is no breach of privilege involved therein. I have also gone through the statements of the Members for Social Welfare on the 15th March, 1966, made on this regard, and find that there is no sufficient material to constitute breach of privilege.

I, therefore, hold that this is not a fit case to be referred to the Committee of Privileges.

Mr Speaker — Sarvasri T. Nagi Reddy, A-Venkateswarao, Parsa Satyanarayana and K L Narasimha Rao, members of the Communist Party led by Sri T Nagi Reddy have given notice under Rule 63 of the Andhra Pradesh Legislative Assembly Rules seeking the adjournment of the business of the House for the purpose of discussing the matter of urgent public importance, according to them, namely, a sense of insecurity created in the minds of the general public of the districts of Warangal, as a result of the Commission of atrocities by the Police by resorting to torture of people by inhuman methods, rape of women etc, in the district of Warangal for sometime and that this sense of insecurity has spread to other districts in the State, namely, Khammam, Guntur and Anantapur District where political opponents are being done away with by getting them murdered and that the Police have taken a partisan attitude, as a result of which, this sense of insecurity has spread to other districts in the State. Since the allegations made in the notice against the police are of a very serious nature, this matter was taken up for consideration yesterday in the House to find out from the members concerned regarding the accountability of this motion according to rules. Sri P Sundarayya, another member of the party led by Sri T Nagi Reddy, who is present in the House, referred to some of the offences which are alleged to have taken
40  30th June, 1966.

Nominations to the Committee on Government Assurances

place in the district of Warangal in April, 1965 and August, 1965. In the course of his statement, he made very serious allegations, against the police, such as torture etc. I do not consider it necessary to refer to all the several allegations made by him in the course of his statements.

Sri K. Brahmananda Reddy —Chief Minister while replying to several allegations made by Sri P. Sundarayya disputed the truth of the allegation with equal vehemence. At this stage, I am only concerned with the admissibility of the motion under the rules.

From the notice, given by Sri T. Nagi Reddy and other members, it is not clear as to where, when and by whom the said atrocities were committed except making general allegations. As such, it is difficult to find out whether this notice conforms to several conditions of admissibility under Rule 65 of the Andhra Pradesh Legislative Assembly Rules. Sri P. Sundarayya also whom argued in this regard has not furnished sufficient specific information regarding as to when, where and by whom the alleged atrocities were committed except referring to Maheswaram incident in August, 1965 about which, there was discussion in this House during last November Meeting. He has however not furnished sufficient material to satisfy the conditions laid down in Rule 65 of Andhra Pradesh Legislative Assembly Rules regarding admissibility.

Moreover during the discussion on the Governor's Address which has been going on from 26th June, 1966, several members including Sri P. Sundarayya, Sri T. Nagi Reddy and others have referred to this matter in the course of their speeches.

For the above reasons I do not consider it as a fit case for admission. Hence disallowed.

Announcement re. Nominations to the Committee on Government Assurance

'Mr Speaker —I am to announce to the House under Rule 202(b) of the Andhra Pradesh Legislative Assembly Rules, I nominate the following members to the Committee on Government Assurances for a period of one year from 1st July 1966.

1. Sri J. Vengal Rao

POINT OF INFORMATION

re: Nominations to the Legislative Council

Mr Speaker—Has the Chief Minister got any thing to say about it?

Mr Speaker—Yes the Chief Minister got any thing to say about it?

Mr Speaker—Their point is this. They want to know the qualifications which are necessary for being nominated so that some of their own people can qualify themselves for the posts. (Laughter)

Mr Speaker—That point is this. They want to know the qualifications which are necessary for being nominated so that some of their own people can qualify themselves for the posts. (Laughter)

30th June, 1966.

Point of Information:

Nominations to the Legislative Council.

Mr Speaker—Members have got every right to put any question they want. But they can not take the Ministers or the Speaker by surprise. The hon. Members may send the question I will consider according to the rules. Not that they have no right, they have got every right to question. Under the rules if they want to elicit information with regard to anything they are at liberty to send the question.

Mr Speaker—The hon. Member is also a Member of the Rules Committee.

Sri Pillamarri Venkateswarlu—Points of submission are not mentioned in the rules Sir. You know that and I know that.

Mr Speaker—that is under the consideration of the Rules Committee. We may provide some such amenities rule, so that any member can ask any question at any time he wants.

The Members to be nominated by the Governor under Sub-clause (a) of Clause (3) shall consist of persons having special knowledge or practical experience in respect of such matters.

(This is an illustrative one, Sir)

as the following:—namely, literature, science, art, co-operative movement and social service.

Mr Speaker—all of them come under the category of social service. (Laughter)

Sri Vanka Satyanarayana—Is it the social service or co-operative movement?

Sri K. Brahmananda Reddy—I also saw in the newspapers....
M A. Ajamuddin in sitting Member.
He is an advocate besides being a Social Worker, Cooperative etc, Smt A Sayamaladevi is the Chairman of the State (Welfare Board for the last six years, i.e., last two terms. She is a good social worker and has got ample social service at her credit and she is from backward classes. She is a very respectable lady. Sri Pasala Suryachandra Rao—Sir, many of our members were responsible for electing him as Deputy Speaker in the Andhra Legislative Assembly in Kurnool. In fact, Mr. Vavilala Gopalakrishnayy withdrew in his favour. Apart from that, he is the President of the Sangeetha Natika Academy of the State. He is an artist and he is fairly a literary man. He has some social service to his credit.

Therefore, in the opinion of the Governor they are eminently fit to be nominated to the Legislative Council.

Business of the House

Sri K. Bra'mananda Reddy—Sir, why should he protest against promotion Sir?

Sri Visveswara Rao—No, Sir. It is demotion, Sir.

Mr. Speaker—Mr. Speaker—The 10th Member has brought it to the notice of the Government. Let see what they will do.

Business of the House

Mr. Speaker:—According to the existing rules, these statements should not be signed by anybody. That matter is under consideration before the Rules Committee.

Sri T. Nageswara Reddy:—If you are going to allow discussion on this, we must be given an opportunity to participate.

Mr. Speaker:—What he said was that he is bringing to the notice of the Government about the bombing.

Sri T. Nageswara Reddy:—If the Member wants to support the American Government, the Member can give a notice and the House can consider it.

Mr. Speaker:—This is far from our intention to displease any party or any Member. We want to be very liberal. I think the Members in the Congress Party have every reason to complain against me that we have not been giving them time in proportion to their numbers. We are not able to give time. Do not misunderstand me.

Sri T. Nageswara Reddy:—Certainly we do not misunderstand you, Sir.

Sri V. K. Naik (Sultan bazaar):—It is not at all my intention that a party should not be given an opportunity to participate. As far as possible I am giving opportunity to all.

Speaker:—Personally I do not know under what circumstances Sri Naik could not oblige him.

Mr Speaker — o1 member S Jagannadham himself told me that he might be given 5 minutes and that he will be satisfied

Mr Speaker Mr. Gopalakrishnayya wanted to give him some time. Mr. Jagannadham himself said that he does not want more than 5 minutes. There were 8 names. Sri R. Dasadhammi Reddy has withdrawn after withdrawal he said that he could not speak. Then he told the Speaker that he is withdrawing and time may be given to the other speakers. This is not the first time.

Mr Speaker:—We will have it in mind and see that such things are not repeated.

The Hon. Governor,

Sir,

I am directed to lay before this Assembly a Report on the Address of your Honor to the Legislature for a Resolution for the adjournment of the Legislative Assembly for the period ending the 12th of July, 1966.

The Government of the State of Tamil Nadu is fully conscious of the need to maintain the control on prices and wages to ensure stability in the economy. The control on retail prices has been effective in ensuring that the price of essential commodities remains within the reach of the common man. The control on wages has also been successful in preventing the exploitation of workers.

The Government is aware of the need to control the rate of inflation and has taken steps to implement measures to combat inflation. The control on the food grain price index has resulted in a decrease in the rate of inflation. The wholesale price index has also shown a decrease.

The Government is committed to ensuring the welfare of the workers and has taken steps to implement measures to improve the working conditions in the Staff Canteen. The Government has also taken steps to ensure the availability of wholesome food at an affordable price in the Staff Canteen.

I have the honor to submit this Report for your consideration and approval.

Yours faithfully,

Motion on Address by the Governor.

30th June, 1967

1) The address of the Governor was presented on 30th June, 1967. It contained the following:

- The total population of the state has increased from 8,850 (1960) to 14,860 (1966).
- The number of villages has decreased from 1960 to 1966.
- The expenditure on education has increased from 16,800 (1960) to 24,800 (1966).
- The number of schools has increased from 102 (1960) to 147 (1966).
- The number of teachers has increased from 1,960 (1960) to 2,605 (1966).
- The number of students has increased from 292 (1960) to 417 (1966).

2) The Governor also mentioned the progress made in various fields, including:

- The increase in agricultural production.
- The development of infrastructure.
- The improvement in health care.
- The enhancement of social welfare programs.

3) The Governor thanked the people for their support and emphasized the importance of continued efforts to achieve further progress.

4) The address concluded with a call for unity and cooperation among all sections of the society.
Has our Government got the guts to take such decisions? Has our Government got the guts to take such decisions? Has our Government got the guts to take such decisions?

It is said that the rupee is not devalued. I think all Governments say it prior to devaluation. The British said it too firmly. They devalued the pound after three days."

(Mr. Deputy Speaker in the Chair)
The strategy of the World Bank and the U.S. Government would be to keep India on a short lease for some time to come committing aid only for specific purposes and relatively short periods and tie up such aid with policy recommendations of the sort that would probe our defence in particular areas. This strategy has so far succeeded and the next step will be therefore most probably to consolidate these gains and offer some additional aid for the coming year for maintenance of exports in return to an assurance that we shall carry forward the process of liberalisation by devaluating the rupee and liberalising all imports.

Some aid will also be forthcoming for investment in economic and social overheads. Once the assumptions underlying this kind of policy package are accepted by India, the logic of subsequent developments would be expected to force changes in policy over a period of time. Devolution of the rupee and liberalisation of imports would lead to beggar's bowl. Some aid will be forthcoming for investment in economic and social overheads. Once the assumptions underlying this kind of policy package are accepted by India, the logic of subsequent developments would be expected to force changes in policy over a period of time.

Motion on Address by the Governor.

World Bank experts recommended a blueprint for the development of the state. The proceedings of the World Bank experts were sent to the Governor for consideration. The foreign exchange reserves were $4.6 crore, and 2.9 rupees of foreign exchange were paid for the payment of $17. The Governor forwarded the World Bank's dictation to the House. He emphasized the importance of self-reliance in the context of drought conditions and foreign aid in the 1966-67 fiscal year. World Bank directives for a blanket ban on world bank purchases were also discussed. The United States of America froze aid to the state in 1966-67. The Governor noted the need to authorise foreign aid and freeze the aid of world bank imperialists. The guided economy, unfortunately, leaves a bad taste in the mouth. We had a guided democracy in some other country which came to grief. So, guided economy sometimes becomes misguided in relation to our objective.
Motion on Address by the Governor.

30th June, 1966.

Foreign capital has been referred to in your address, and it is clear that without foreign aid, the economic growth and development of any country are impossible. We always speak of foreign aid, but that foreign aid must be in conditions where we, and not the donors, dominate our economy. Foreign aid must be in such a way that it does not control our economy. Foreign aid must be in terms that dictate our terms of export trade. The terms of foreign aid must be such that we maintain our economic independence. Therefore, we must always be careful in accepting foreign aid. We must always be aware that foreign aid is not something that we can take for granted.
