| ANNUAL FINANCIAL STATEMENT (BUDGET) FOR THE YEAR 1966-67 (General Discussion)—Not Concluded. | .. | .. | 132—176 |
Mr Deputy Speaker — I am happy to inform the House that I had a telephone message from Dr Naik Hon’ble Speaker’s blood pressure is all right, he had a sound sleep yesterday night. Anyway he needs rest and he must be carefully watched for four or five days. Members may go to see him, but he should not be disturbed.

Sri Tenneti Viswanatham — I suppose that applies to those who have not already gone to see him.

ORAL ANSWERS TO QUESTIONS

CEMENT FACTORIES IN ANDHRA PRADESH

622—

* 1021 (1433-G) — Sri T Balakrishna (Satyavedu) — Will hon the Chief Minister be pleased to state —

(a) what are the cement factories that are producing cement in Andhra Pradesh; and
(b) what is the production in each factory and what is the control that the State Government exercising over those factories in distributing the cement?

The Chief Minister (Shri K Brahmananda Reddy)—(a) The following are the Cement Factories in the State —

(1) M/s Panyam Cement and Mineral Industries, Ltd., Cementnagar, Kurnool District
(2) M/s The Andhra Cement and Company, Vijaywada—3
(3) M/s Ramakrishna Cement, Macharla, Guntur District
(4) M/s Krishna Cement Factory, Tadapalli, Guntur district
(5) Mancherial Cement Factory

(b) (i) Production in each factory is as follows —

- Actual monthly average production in Tonnes
  - M/s Panyam Cements and Mineral Industries Ltd 13,800
  - M/s The Andhra Cement Company Ltd 15,500
  - M/s Ramakrishna Cements 14,200
  - M/s Krishna Cements Factory 20,000
  - Mancherial Cement Factory 35,700

(2) Till the end of the year 1965 the State Government used to control the distribution of Cement allotted by the Government of India to the State. But the Andhra Pradesh Cement Control Order, 1962 has since been rescinded with effect from 1st January, 1966.

Mr. K. Brahmananda Reddy—It is a separate matter, Sir.

But we have not been receiving any wide range complaints.

Sn K. Brahmananda Reddy—Thanks to Sn Venkanna Garu.

Mr. K. Brahmananda Reddy—The new capacity is installed.
The point is this. On the representation of the Cement Industry that the present tardy growth of the industry was due to the lamentable lack of internal financial resources and the inability to pay their shareholders dividends at rates paid by other industries which resulted in their not being able to attract sufficient fresh capital, Government of India considered the matter and decided to lift the control.

According to the arrangements between the Government of India and the Cement Industry the price of cement has been increased by Rs 16 per ton. The Government requirements upto the extent of allocations made by the Government of India against trade contracts would be available with a rebate of Rs 6 per ton, i.e., 50% of the increase; 50% increase:

*Note: The difference between actual production and production capacity.*
Sri K. Brahmananda Reddy — I will let him know how the distribution is made. They have asked for the reasons.

We must understand that these are all private factories.
1st March, 1966.

Oral Answers to Questions.

Mr. Brahmawada Reddy—I have not taken part in those discussions at any time. Information shows that the Government of India had consulted several State Governments and came to that decision.

My friends feel that decontrol is not proper. There is a chance for that opinion also. However, let us see how this works.
Oral Answers to Questions  
1st March, 1966.

That will go on. The other point is that when the Government of India consulted naturally they must have sent for all the Ministers for Industries and discussed this matter along with the officers of the Government. I presume our State Government also have been consulted.

Sr K Brahmananda Reddy—Cement is not in the public sector.
Of course, some increase is due to rise in sale price and price of cement. It is the cheapest river valley project in the country.

Hyderabad Chemicals and Fertilizers

623—

*S 925 Q—Sarvasri A Vasudeva Rao (Huzurnagar) and K Rajamallu (Chinnur)—Will hon the Chief Minister be pleased to state

What is the progress made in Hyderabad Chemicals and Fertilizers Ltd, since it started production at Moula Ali in Hyderabad?

Shri K Brahmananda Reddy—The Moula Ali factor of the Company was commissioned early in 1963. The factory produced the following Fertilisers during 1963 to 65—

Oral Answers to Questions 1st March, 1966

Fertilizers distribution is a main problem. The production and distribution of fertilizers is a main problem.  

Sri K. Brahmananda Reddy—Telangana area, Sir

We have given financial aid and what amount each year was given, I cannot say now.

Sri K. Brahmananda Reddy—There are many selling agents.
96 1st March, 1966  Oral Answers to Questions

(No answer)

Sr K Brahmananda Reddy—Andhra has become Telangana

Sr K Brahmananda Reddy—What is there after all All is same

Sr K Brahmananda Reddy—I have no information

Sr K Brahmananda Reddy—Selling agents are not receiving factory percentage of sale. Selling agents are selling in their own area

Mr Deputy Speaker—Distribution is going on very well. It is improving very well

Sr V Visweswara Rao—I agree. But what about the control over distribution? I think there is no control that is what I am feeling

Sr K Brahmananda Reddy—Distribution also is made through selling agents. There are many selling agents. Through them, the distribution is made

Sr K Brahmananda Reddy—that is a separate question
Oral Answers to Questions.  

1st March, 1966

Question 3—

(a) Whether it is a fact that Hyderabad Chemicals and Fertilisers Co., incurred a loss in 1962-63,

(b) If so, what are the reasons for the loss,

(c) Who was the Managing Director during the above period, and

(d) Whether there are any complaints against the Managing Director?

Sri K Brahmananda Reddy—(a) Yes, Sir

(b) Main reasons are—

1. Large over-head expenses on the new units at Moula Ali which did not work continuously

2. No manufacturing activity at Bellampalli during the greater part of the year, as the various plants there worked only to a restricted extent,

3. Payment of compensation to retrenched workers to the tune of Rs 58,000 and wages for employees and over head expenses at Bellampalli altogether accounting for a loss of Rs 4,89,000, and,

4. Steep fall in the turn-over during the year,
(5) Shortages in raw materials and stocks to an extent of Rs 50,000

(c) Sri A Ramamuthi

(d) No, Sir

Mr Deputy Speaker—I know, he knows it

Sri M Ramagopal Reddy—Yes, Sir I loss

Mr Deputy Speaker—I will consider that

Sri K Brahmananda Reddy—I will consider that

Production and distribution dispute is not Production conflict of and defective distribution and Selling agents to appoint the authority to Coramandals Factories from time to time in accordance with Agriculture Department the distribution arrange the Agriculture Department control

Sri K Brahmananda Reddy—Marketing Co-operative Societies with a net work of societies were preferred in the matter of appointment as distributors for the company's fertilizer products and even co-operatives from society what are the difficulties ?
Oral Answers to Questions
1st March, 1966
99

Mr Deputy Speaker—Co-operatives are

Sri K. Brahmanna Reddy—Anyway, I will again look into
the matter and find out whether this cannot be routed through
marketing societies. If it is necessary also and the co-operatives
cannot do it, we consider the Director of Agriculture. Any way,
the co-operatives should be preferred.

Mr Deputy Speaker—He has already replied to that. He
will look into that.

Mr Deputy Speaker—Does the question relate to
the amendment?

Mr Deputy Speaker—Does the question relate to
the amendment?

Sri K. Brahmananda Reddy

No, Sir—What is 'No'. My information is 'No'.

Sri K. Brahmananda Reddy—No, Sir I will also look into that. My information is 'No'.

Sri K. Brahmananda Reddy—That is also good. I will try.
If the information is available
Certainly it is good, I will try to get it

Dr N Satyanarayana Rao—That can be found and placed on the Table of the House

Mr Deputy Speaker—He is going to place all the details on the Table
I have no objection to take everybody into confidence

Sri K Brahmananda Reddy—I cannot say, 'within two days' I will find out from them. If the information is available I will place it on the Table of the House

**Watch Manufacturing Unit**

625—

* 1328 Q—Sri P O Satyanarayana Raju (Kosigi)—Will hon the Chief Minister be pleased to state

(a) whether any expert team from Switzerland or U S S R visited our State in connection with location of a watch manufacturing unit in our State,

(b) if so, whether any decision was arrived at, and

(c) the place selected for the location of the unit?

Sri K Brahmananda Reddy—(a) No, Sir

(b) Does not arise

(c) Does not arise

**Profit and Loss of Amudalavalasa Sugar Factory**

626—

* 714 (3315) Q—Sri S Jagannadham (Put by Sri V Visweswara Rao)—Will hon. the Chief Minister be pleased to state

(a) the profit gained or loss sustained by the Co-operative Sugar Factory, Amudalavalasa in Srikakulam district for the crushing year 1963-64;
Orai Answers to Questions

1st March, 1966

(b) what is quantity of sugarcane purchased and crushed by the factory during the year 1963-64, and

(c) what is the rate fixed per ton on the sugarcane supplied to the factory by the ryots and what is the rate actually paid by the factory to the ryots?

Sri K. Brahmananda Reddy—(a) The Amudalavalasa Cooperative Agricultural and Industrial Society, Ltd, sustained a loss of Rs 9.18 lakhs for the co-operative year 1963-64 (un-audited figures)

(b) The quantity of cane crushed during 1963-64 was 1,50,868 m tonnes

(c) The minimum rate fixed by the Government of India for 1963-64 in respect of this factory was Rs 48.50 per ton. The society paid to the cane growers at the rate of Rs 33.20 per ton
1st March, 1966.

Oral Answers to Questions

The Chief Minister — Mr. [Name]

1. What is the position of the State Government regarding the construction of a new textile mill in the area?

The Minister for Industries — The State Government is actively pursuing the construction of a new textile mill in the area. The project is expected to start soon and will create significant employment opportunities for the local population.

2. What is the status of the ongoing development projects in the region?

The Minister for Planning — The ongoing development projects in the region are progressing well. The budget allocation for these projects has been increased to ensure timely completion.

3. What steps are being taken to improve the quality of education in the state?

The Minister for Education — The government is implementing various initiatives to improve the quality of education. These include teacher training programs, upgradation of school infrastructure, and the introduction of new curricula.

They are picking up well and they will pick up in due course.

Of course, they are encountering various difficulties. Even the established Nizam Sugar Factory is having various difficulties. We must have a sympathetic view. Let us not go with the impression that the societies are not working properly.

For instance, I just now read out that out of the total of Rs 9 lakhs and odd, Rs 7 lakhs was being paid to the growers. Sir, the price paid for the growers is the highest and to that extent large number of families are benefited.

1. In your view, from time to time, a progressive loss of part
   of the proceeds of the joint stock of 1933 up to 1964,
   amounting to 30,000 shares at 14. But we have been
   informed that the balance of 1,000 shares has been
   lost, and that the shareholders have not been
   notified. Am here to inform you that the loss

Q. Could you please provide the Land Revenue reference in the process of absorbing the Land Revenue?

A. The reference in the process of absorbing the Land Revenue is:

- General matters refer to the appointment of:
  - Land Revenue
  - General matters for:
    - All matters refer to:
      - Lend
      - Age
      - Absorb

Q. That question does not arise.

A. P. Rajagopal Naidu—“That question does not arise”. Sir.

Therefore, he must look into the matter.
1st March, 1966.  

Short Notice Questions and Answers.

Sir, T.N. Viswanatham—Generally that is the usual practice. If there is still anything, if the hon. Member passes on the information I shall look into it.

It is as much a part of the Government or the Corporation. We allow the people to go only for three years on deputation. Unless specific permission is taken extension is not possible. In very rare cases extension is given for one or two years more. If prima facie it appears that there is some irregularity, that these people have been allowed to be there for more than years.

S.N. 2743-R Q.—Sarvasri B. Ram Dev (High Court), P. Subbaiah and P. V. Ramana (Kondakarla)—Will the hon. Minister for Social Welfare be pleased to state

(a) whether it is a fact that a sum of Rs. 20 lakhs was sanctioned for the old age pensions in the year 1965,
Short Notice Questions and Answers 1st March, 1966

(b) whether it is a fact that there is much delay in payment of old age pensions in all the districts in general and Hyderabad and Kurnool districts in particular, and

(c) if so, the reasons for the delay?

The Minister for Social Welfare (Smt T N Sadalakshmi) —

(a) Yes, Sir An amount of Rs 20 lakhs was sanctioned in addition to the original provision of Rs 40 lakhs for the current year 1965-66.

(b) There was some delay in allotment of additional funds to all the districts and this was not particular to Kurnool and Hyderabad districts.

(c) In view of the present emergency and the tight financial position resulting therefrom and also the need for economy, the additional amounts required for payment to applications sanctioned already had to be ascertained from the Collectors to limit the additional allotment to the barest minimum needs and this naturally took some time.
From the ordinary Rs 6 or 7 lakhs in the previous year it has gone up to Rs 50 lakhs for 1965-66. We have received complaints that the tempo rules to relax in the BDOs. We have been asked to provide the facilities. From the ordinary Rs 6 or 7 lakhs to Rs 20 lakhs.

It is an obligation which the Government has undertaken and it must discharge that obligation, but complaints have come from some areas, especially from Hyderabad, that this is being treated differently and therefore it became necessary for Government to enquire into the matter. If necessary, we are going to appoint one or two Tahsildars for the purpose. It is not our purpose to distribute it as an act of patronage to everybody. We said relaxation of age may also be done. Doctor's certificate is enough. Even though so many things are happening, my submission is there is no question of Government going back, absolutely no question of going back on the commitment. The responsibility taken will be fulfilled.

Mr Deputy Speaker — The only thing is, the delay must be minimized.

Si K Brahmananda Reddy — The delay is there because from Rs 5 lakhs it has gone up to Rs 100 lakhs. There is something
Initially wrong and it is Government's business to check it. It therefore took some time to provide the old age pensions.

- A process that relaxes rules, Rejection endorsement if allotted funds exhaust or where, applications pass wrong certificatespensation. Want of allotted funds exhaust reputation & pass in order.

- A process that relaxes rules, Rejection endorsement if allotted funds exhaust or where, applications pass wrong certificatespensation. Want of allotted funds exhaust reputation & pass in order.

- A process that relaxes rules, Rejection endorsement if allotted funds exhaust or where, applications pass wrong certificatespensation. Want of allotted funds exhaust reputation & pass in order.

A process that relaxes rules, Rejection endorsement if allotted funds exhaust or where, applications pass wrong certificatespensation. Want of allotted funds exhaust reputation & pass in order.

I entirely agree with the Chief Minister's statement on mischief mongers. Deserving applicants are treated with due regard and respect.
Short Notice Questions and Answers

March 1st, 1966

(a) Whether the Government is taking steps to hold public examinations for 7th Class in all the schools.

(b) whether the Government are aware that the course intended for the 7th Class has not been completed in all the schools though the scheme is to be implemented this year i.e., 1965-66,

(c) whether the Government propose to educate the pupils on model papers, and

(d) if so, when and how?

The Minister for Education (Sri A Balaram Reddy) — (a) Yes, Sir

(b) All the Heads of Institutions are expected to complete the course intended for the 7th class before the end of the academic year, sufficiently in advance before the conduct of common examination in April, 1966.

(c) & (d) Model Question papers set by teachers who are actually teaching the subjects for VII class common examination, have been sent to the District Educational Officers with instructions to communicate the same to the Heads of Institutions and obtain their comments in this regard so that final papers may be set suitably.
Short Notice Questions and Answers.

1. Model papers DEO a schools 1st year 7th class at the end of 7th class prepare Text books at step standards.

2. Common Examination Government examination.

3. Questions print Schools Staff Government Examinations procedure School.

4. Short Notice Common Examination 7th class 7th class.

5. common syllabus Common Examinations.
Short Notice Questions and Answers.  1st March, 1966  123

We are going to introduce a sort of common examination to prepare pupils to face public examination in the year 1967 and that is why we are giving all sorts of concessions in the conduct of these examinations.

ELECTIONS TO PRESIDENT, ANDHRA SARANALAYAM

635—

*247 (1628) Q —Sir S. Jayaraju (Allagadda)—Will the hon Minister for Social Welfare be pleased to state—

(a) whether it is a fact that elections to elect President for Arundathi Anadha Saranalayam, Allagadda, Kurnool District were not conducted so far; and

(b) if so, the reasons for the same?
Written Answers to Questions. 1st March, 1966

A—(a) Yes Sir

(b) An attempt was made by the District Women’s Welfare Officer, Kurnool on 4th April, 1961 to get the President elected, but she could not succeed as only 4 members attended the meeting. As the election of the President is a matter pertaining to the members of the Mahila Mandal, the Women’s Welfare Department could not, therefore, do anything further in the matter.

बुधवार नामक statement बताया गया (सभी)

re Deaths due to Injection of Triple Antigen Vaccine

Sri Y Sivarama Prasad—Sir, Yesterday, I was asked about the death of children at Bellampalli. I said I would give the information today. I will give it now.

4 deaths occurred on 24th February, 1966 in Bellampalli proper among the school children being vaccinated with Triple Antigen by the Colliery Health Staff belonging to their Hospital, to give protection against Diphtheria, Tetanus and Whooping Cough. It was detected later, that one vial of Scoline, a muscle relaxant used in anaesthesia, got mixed up with Triple Antigen Vials. The empty scoline vial was found in the kit carried by Sri Ram Babu, Assistant Sanitary Inspector. Neither the Compounder Sri Aaron, who was keeping these drugs and vaccine in
Points of Information

1st March, 1966

re Deaths due to Injection of Triple Antigen Vaccine

the refrigerator in his store, nor the Health staff receiving them noted this Scoline Vial. The Health staff also did not note this at the time of giving injections.

When some children fainted, the Assistant Sanitary Inspectors rushed to the Hospital and brought the ambulance. 12 children were carried, of whom 4 died by the time they reached the hospital. Prompt and energetic treatment was given by the incharge Chief Medical Officer and his staff, due to which others survived. 14 more children brought by the anxious parents were also treated and discharged on the same evening and the next day.

Necessary investigations are in progress including the post-mortem of the dead bodies. Both the vaccine and scoline have been sent for analysis.

Instructions have been already issued for placing the persons responsible for giving and administering vaccine, under suspension immediately pending further enquiry into the matter. It is understood that action is being taken by the Police, and the concerned Sanitary Inspector and Store Keeper are being prosecuted by the Police under Section 304-A Indian Penal Code (Rash and Negligent Act causing death).

Dr B V L Narayana—I gave a call attention notice under Rule 74. I am not given a chance to ask some of the points, Sir.

Mr Deputy Speaker—Yesterday only we have received it.

Dr B V L Narayana—I want just one clarification in that. In the statement made by the hon Minister he said that there was one vial of scoline. It cannot be so because one vial cannot be given to 35 children. There must be many more. I would request the hon Minister to go into the matter and relieve the public of the doubt. One scoline vial is not a correct information.

Sri Y Sivarama Prasad—One scoline vial was not given to 30 children. But only 10 children would have received that particular injection. There were 26 children injected. Because they suspected on some children fainting, they brought all the 12 children to the hospital. The anxious parents of other 14 children also took them to the hospital and they were also treated. No thing happened to them. Only 4 boys died.
Mr Deputy Speaker—Any way please instruct them to have full investigation by the police authorities

(General Discussion)

1st March, 1966

The financial statements for the year 1966-67 are presented here. The budget for the year includes various financial details and discussions on the financial aspects.

The budget covers various aspects such as revenue, expenditure, and financial projections for the upcoming year. The discussion highlights the key areas where the organization plans to focus and the strategies to achieve financial goals.

The statements are detailed and include figures and percentages to illustrate the financial health and projections. The budget is a comprehensive document that provides a clear understanding of the financial position and future plans of the organization.

The general discussion section further elaborates on the implications of the budget and the importance of adhering to the financial projections.

In conclusion, the annual financial statement and budget for 1966-67 provide a comprehensive overview of the financial status and future plans. The detailed analysis and discussions in the general section are crucial for understanding the financial strategy and planning for the upcoming year.

Dr M Chenna Reddy—I am not entering into any argument. I only wanted to understand whether the figures that he is quoting relate to the current year. Because the way he is speaking may create an impression that these figures relate to this year. My own feeling is that these relate to last year, because for the figures of the current year some more time is required for compilation.

College

The Annual Financial Statement (Budget) for the year 1966-67, includes the report of the Experts Committee on the Emergency building policy. The report recommends the construction of new buildings at the Polytechnic College. The report also discusses the preparation of a master plan for the college.

The Annual Financial Statement also includes the Protected Water Supply Scheme, which involves the installation of underground drainage systems in the college constituency.

In the area of hospitals, the college has initiated the construction of new buildings for the Girls Polytechnic College. The report suggests the finalisation of the master plan for the college and the construction of communication bridges.

The annual financial statement also includes the construction of bridges in the town area. The report indicates that the contribution towards the construction of bridges and communication infrastructure is significant.

Annual Financial Statement
(Budget) for the year 1966-67,
(General Discussion)

The annual financial statement for the year 1966-67, shows a significant increase in demand for electricity. The demand for electricity has grown in line with the expansion in agriculture and other sectors. The budget for the current fiscal year has been prepared with a margin to cater to the increased demands. The budget for agriculture has increased as compared to the previous year.

In Zone (9), the buffer stock of rice is 2 tons, which is sufficient for the current fiscal year. The disposal of rice is planned to be undertaken in the next fiscal year.

1st March, 1966.
Annual Financial Statement
(Budget) for the year 1966-67,
(General Discussion)

As regards irrigation, the general discussion should be
brief. The recent drought, the failure of the monsoon, and
the subsequent dry spell have created a very serious
situation. The damaged crops and the reduced
harvest have caused great loss to the farmers. The
Government has taken several steps to mitigate the
damage. However, more efforts are needed to
rehabilitate the affected areas.

In conclusion, the financial year 1966-67 was
challenging due to the adverse weather conditions.
The Government has tried to address the issues and
prepare a budget that reflects the situation.

(End of General Discussion)
The House then adjourned till Half-past Eight of the Clock on Wednesday, the 2nd March, 1966.
