684—

* 1669 Q—Sri P Mahendranath (Nagarkurnool).—Will the hon Minister for Revenue be pleased to state

(a) whether it is a fact that the Revenue Divisional Officer, Nagarkurnool had passed orders for the assignment of gairan lands bearing S No 87 and 376 of Papagal village, Nagarkurnool taluk, Mahbubnagar district to the local Harijans as patta under Circular No 14 of 1954 through his office Proceedings No B/2784/61, No B/3443/61 and No B 2785/61, dated 9-4-1962; and

Oral Answers to Questions

This is the real picture. As information is created, the system is populated with data. How can we properly distribute it?

In the real picture, information is distributed, but how can we ensure proper distribution?

Will the hon. Minister for Irrigation be pleased to state:

(a) the steps taken by Government to supply diesel or kerosene to the ryots at controlled rates for oil engines in Nalgonda district;
Oral Answers to Questions. 2nd March, 1966

(b) whether the kerosene supplied by the Indian Oil Company is being supplied at controlled rates by the dealers and agents of the Company, and

c) whether Government has issued any instruction to Tahsildars to supervise whether the kerosene is sold at controlled rates and issue permits to the ryots for the purpose of the oil engines?

Sri A. C. Subba Reddy—(a) The Collector, Nalgonda district was instructed to make immediate arrangements for the adequate supply of high speed diesel oil or kerosene, for agricultural pumpsets by contacting the local agents of oil companies.

Government have delegated powers under sub-clause (i) of clause 4 of the Kerosene (Restriction on Use) Order, 1963 to all Collectors to permit use of kerosene for power tillers and small irrigation pumpsets used for agricultural purposes.

(b) Kerosene supplied by the Indian Oil Company is being supplied at fixed rates by the dealers and agents of the company and no complaints have been received so far by the Collector in this regard.

(c) The Collector, Nalgonda had issued necessary instructions to all the Tahsildars in the district to see that the kerosene is sold at fixed rates in accordance with the Andhra Pradesh Kerosene (Price Control) Order, 1963.

DECREASE IN SUGARCANE AREA IN NIZAMABAD DISTRICT

691—

* 1589 Q—Sri K Satyanarayana [put by Sri A Ramachandra Reddy]—Will the hon Minister for Irrigation and Agriculture be pleased to state—

(a) whether the Government are aware that there is substantial decrease of sugarcane area in Nizamabad district this year, and

(b) if so, what is the acreage of decrease and the reasons therefor?

Sri A C Subba Reddy—(a) The area planted (adsali crop) under Nizamsagar Canal between June 1965 and September 1965 is estimated at about 13,000 acres as against about 22,000 acres in 1965-66 thus showing a shortfall of about 9,000 acres. This shortfall is mainly due to lack of sufficient rains in the monsoon months and uncertainty of water supply from Nizamsagar Project consequent on the silting up of the reservoir.

(b) Due to insufficient water in Nizamsagar, planting of Eksali sugarcane, i.e., planting from December 1965 to March 1966 has been prohibited. Thus, the estimate in the area under reduction in Eksali is about 3,000 acres in the Nizamsagar ayacut as compared to about 6,000 acres in 1965-66. Thus, there is a shortfall of about 3,000 acres under rotation in Eksali. The total area under sugarcane in the two sugar factory zones is estimated to be about 12,000 acres less than that in the previous years. In the other cane-growing taluks outside the Nizamsagar area the cane areas are expected to be normal. Plantings are still going on and it is too early to furnish the areas planted.

Q 4. Mr. K. N. Reddy—Are there any areas where growing area and paddy growing assessment were not done properly? In case the same, specific attention should be paid. Reference to cane growing assessment of 1960 and 1965 show cane growing area. Cane growing assessment was not done properly. Attention is invited to any false figures. In case, any cane growing assessment is not done properly, it is alarming.

Q 6. Mr. K. N. Reddy—Is any sugar factories in some cane growing dairies?

Q 7. Mr. K. N. Reddy—Are there any sugar factories in some cane growing areas?

Mr. Deputy Speaker—I expunge that word.

* 205 (1879) Q—Sri P V Ramana—Will the hon Minister for Home be pleased to state

The Minister for Home (Sri Mir Ahmed Ali Khan)—(a) There are one Lady Sub-Inspector, 6 Lady Head Constables and Lady Police Constables

(b) The Women Police Force is primarily used for dealing with matters pertaining to women, such as guarding and escorting prisoners, tracing missing girls, abducted women, kidnapped children and juvenile offenders (girls), searching culprits, hospital guard duty for women, arrangements on the occasion of satyagrahas and processions by women, enquiries in connection with issue of passports of Pardha Nasheen ladies, enquiries concerning the arrival and departure of Pakistani ladies, verification of character and antecedents of ladies and watching the activities of women organisations etc

Sri A. Sarveswara Rao (Eluru)—Is the Government satisfied with the force on hand in view of so many demonstrations in which a large number of women are participating. Don't they think that if the women police are used they can handle the situation better because we hear about a lot of brutalities when the situation is handled by men police?

Sri Mir Ahmed Ali Khan—The increase in the Police Force is not under consideration in view of the emergency and I think what is being continued will continue

Sri Mir Ahmed Ali Khan.—What I said was that due to the emergency, the increase in the women police is not being considered.

Is it for want of money or for want of women?

Sri Mir Ahmed Ali Khan.—Not for want of women. For want of funds.

re Strike by the workers of the A.C.S. Mills, Guntakal

Sri B V Gurumoorthy—Sir, the Andhra National Textile Workers’ Union, Guntakal, raised demand for payment of bonus for the years 1961-62, 1962-63 and 1963-64 in the year 1964. Even in August, 1964 I convened a Joint Meeting of the parties and it was decided then that if the Bonus Commission’s recommendations were given retrospective effect the management would implement the recommendations accordingly. But only, recently the Government of India have passed the Bonus Act on the basis of the recommendations of the Bonus Commission and it is up to the management to implement the commitments made in the Joint Committee meeting convened by me. The management contends that the Bonus Act is not applicable to them in respect of year 1961-62 to 1963-64 and in spite of the best efforts of Commissioner of Labour who convened another Joint Meeting of the parties in November, 1965, the management still are of the view that the Bonus Act does not extend to the demand for bonus for the years mentioned above. In view of this attitude of the management there is no other go for the Government than to refer the dispute over the demand for the payment of bonus to adjudication.

Under section 33 of the Payment of Bonus Act any dispute regarding payment of bonus in respect of any accounting year ending on any day in year 1962 the bonus should be paid in accordance with the provisions of the Payment of Bonus Act, notwithstanding the fact that no such dispute was pending in respect of subsequent accounting years. I would like to clarify here, that the dispute over the payment of bonus was taken up under conciliation by Labour Officer, Anantapur in August, 1964 and he sent a failure report to Government. It is incumbent upon the Government that pending adjudication of the industrial dispute, to see that industrial peace is also maintained and
accordingly an order has been issued prohibiting the strike in the Andhra Co-operative Spinning Mills, Guntakal, which commenced from 1-1-1966. But I understand that in spite of the prohibitory orders the strike is still continuing, causing inconvenience to the workers and also contributing to the loss in production. I would, therefore, appeal to you, members, and also to the workers and their leaders through you not to continue the strike and to await for a little more time for the award of the Industrial Tribunal, which the Government will see that the management implements without delay.

I would like to clarify one or two more points. As has been mentioned by the hon. Member, Sir, we expected a meeting to be held on the 28th. I had discussed this matter with my colleague, the hon. Minister for Co-operation who has also agreed to send for the representatives of the management as well as the Registrar of Co-operative Societies. Unfortunately the Registrar is not here at the moment. He is expected in the town on 3rd or 4th. As soon as he returns, I and the hon. Minister for Co-operation will sit with the Registrar, with the representatives of the Managements, and the workers and try our best to effect a settlement.

re Dispute between the management and workers of Kavutha Steel Products

Sir B V Gurumoorthy—Sir, I understand that there is no retrenchment in the Kowtha Steel Products, Ramavarappadu as alleged by the member but only a lay-off of 10 workers. The lay-off of the 10 workers has been necessitated due to lack of work and power cut imposed by the Government. The hon Member was referring to only power cut. But the reasons adduced, as my information goes, is, lack of work also. The Regional Assistant Commissioner of labour, Guntur convened a joint meeting of the parties on 31-12-1965 and advised the union to raise an industrial dispute over the lay-off, but the union has not given a reply so far. Though the union has alleged that the management has been systematically adopting anti-labour policy the union has not been able to adduce any malafides against the action of the management in laying off the workers. This is the position. Sir.

A joint meeting of the parties on 31-12-65 was held and advised the union to raise an industrial dispute over the lay-off so industrial dispute adjudication Section 10 of Industrial Disputes Act invoke Grievances redressal Section 10 of Industrial Disputes Act union dispute Section 14 of Industrial Disputes Act.

Hunger strike by Sri Chokalingam General Secretary of the Praga Tools Ltd.

piece to the public sector company strike workers as consequence of unpaid labour practice, victimisation by Management, INTUC crush workers company Defence industry. Emergency situation as result of crush workers company clash workers company.
Serious situation. Sir, the Praga Tools Ltd, has been bifurcated into two divisions from 1-4-1965 and the foundry section has been shifted to Kukatpalh. This is the only section for both the factories at Kavadiguda and Kukatpalh. The management introduced, 'a group incentive scheme' in this section from 8-6-1965, and had put up a notice indicating its effective implementation from 12-10-1965 and during the initial period of this scheme, 17 workers were alleged to have not cooperated with the management and they were transferred from the foundry section without following the required procedure for issuing punishments. All these workers were reported to have not co-operated with the management on 14-10-1965 and immediately were transferred to Security Department without assigning any work but without effecting their emoluments. This is the attitude of the management, Sir. On 27-11-1965 the management transferred 9 out of the 17 workers from Security Department to Die Section at Kavadiguda and 3 more workers to Forge Shop at Kukatpalh where there are no substantial posts of the nature of trade to which these workers were accustomed. On 11-12-1965 the remaining 5 workers were also transferred to Forge Machine Shop.

These 17 workers are said to be highly skilled and seniors of the factory as accepted and agreed to by the management during the joint meetings before the Regional Assistant Commissioner of Labour. As a result of these transfers the workers suffered loss of group incentive wages. That is the loss they have sustained as a result of this transfer. The management has also not given any notice as required under section 9-A of the Industrial Disputes Act. The usual procedure of calling for explanation etc., required to be followed when the transfer is effected as a measure of punishment, has not been followed.

In these circumstances Government have referred the dispute over the transfer of these 17 workers to adjudication to the Industrial Tribunal, Hyderabad.

Hunger strike by Sri Chokalingam
General Secretary of the Praga Tools Ltd

Under the agreement, dated 20-12-1963, the Praga Tools Ltd retrenched 92 workmen with effect from 1-1-1964. Out of the 92 workers, 41 workers filed Writ Petition No 1501 of 1963 and against the judgment in the Writ Petition, 28 workers of the 41 workmen filed a Writ Appeal No 37 of 1964 against the orders of the High Court passed in Writ Appeal No 37 of 1964 against Writ Petition No 1501 of 1963, the management of Praga Tools Ltd filed an application for leave to appeal to the Supreme Court. It is a fact, Sir, that they have appealed to the Supreme Court over the decision of the High Court and to this perhaps, Sri Sanjeeva Reddy was referring to as litigant attitude of the management in a public sector concern. The Government Pleader, High Court, was informed that it is not necessary to contest the leave application as Government felt that there were no important legal issues involved.

As far as legal aid is concerned, I may say that Government would not be interested in contesting all appeals on their own but only such as involve a point of law. They cannot also aid the union in any way to obtain legal aid, as such assistance to union will be construed as a partisan attitude on the part of the Government.

This is the statement I have made in respect of call attention notice given by hon Sri G Sanjeeva Reddy, Sir. There has been some hunger-strike, Sir. But according to the grievance procedure or Industrial Disputes Act, hunger-strike have no specific importance under the Act. Under any scheme of things, generally that is resorted to by many people, Government might have sympathies, but that cannot solve a problem as soon as some body goes on hunger-strike. Better counsel should prevail. The grievance machinery is there. That has to be taken advantage of. I have discussed this matter with Mr Kelkar also a few days back. I tried to contact him. He was not there. He had been to Delhi. Later on he came back. Again, I was told that he has gone to Madras. I am trying to contact him, Sir. But two more unions are concerned in this. One is affiliated to AITUC and the other is to INTUC. At Kukatpalli, INTUC seems to be having a majority. In the over-all industry, the AITUC seems to be having a majority. The management also has played a certain role to which Mr Sanjeeva Reddy perhaps, rightly takes exception to. But, Sir, after all the industry has to run. Industrial peace has to be maintained.

and towards that end the Government will try to take all steps and also seek your co-operation, Sir, because you are also in a way associated with that industry as a Director.

Mr Deputy Speaker—Is he making a reference to what hon Member Sri Saneerva Reddy said?

Sri Pillalamarri Venkateswarlu—No, no. He is also a representative of the workers and capitalists. He is also a representative of INTUC, APTUC, workers' waitage, working of the industry proper.

Mr Deputy Speaker—Not, during the time of call attention.

Sri N. C. Pandey—Oh, Public sector and management are Government of India Undertaking, Sir, perhaps a few shareholders also might be there. But there is no management who are trying to exploit the workers. Perhaps there is some misunderstanding between the Managing Director and the workers.

Mr Deputy Speaker—I do not think he has said that.
Mr Deputy Speaker—He said that he discussed with Mr Khelkar

Sri B. V. Gurumurthy—I said that. Sir may note that public sector undertaking a partisan attitude towards public sector workers was not justified. He may also note that public sector workers were not justified in engaging in litigation. I do not want to make any legal point, but it has been settled in dispute between public sector undertakings and workers that there is no room for partisan attitude. The public sector undertakings are public sector enterprises, and public sector workers cannot have a partisan attitude.

What is it that our State is following? Government is acting in haste and repenting at leisure. That is what is happening exactly. What happened to this University Act? We have so many educationists and Vice-Chancellors. Even with their opposition we pushed through the Act. We are now coming back repenting to amend it. Is it not a procedure and hasty procedure? They want to hold examinations in April. Have they got an idea about the children's psychology? Can they pick up within one month to answer their examinations? Can they understand the anxieties of the fathers? Can they understand the difficulties of the teachers? No. They want to follow their own procedure. Why I am telling this particularly is that wherever there are wells, at least they must be supplied current so that the production might increase.

"I am glad to inform you that things have begun to look quite bright with the agreement entered into by Dr. Dharma Teja with the Electricity Board for generating 200 M Ws power at a cost of nearly Rs. 17 crores within a comparatively short
time of 36 months from the date of agreement. The terms offered by Dr Dharma Teja are, indeed, favourable, and, I am sure, you will agree with me that it is a generous offer aimed at helping the State on to an era of rapid power generation.”

things have begun to look quite bright with the agreement entered into by Dr Dharma Teja...
In terms of the decision of the Board of the Corporation at the meeting held on 3rd January, 1964 Sr V K. Rao, I.C.S., Special Secretary to Government, Industries Department and Deputy Chairman of Andhra Pradesh Industrial Development Corporation Limited was nominated as Director on the Board of Directors of M/s Republic Forge Company. Another condition for issue of guarantee to the company was that the company should raise their entire share capital of Rs 120 lakhs within six months from the date of issue of guarantees (i.e.), by November 2, 1963. The company could not do it and requested for extension of time up to May 1964. The Corporation while agreeing to the request for extension of time stipulated that a sum of Rs. 15 lakhs shall be deposited with the Corporation before May, 1964. The company, however, did not either raise their share capital or deposit Rs 15 lakhs before May, 1964, but approached for further extension of time up to September, 1964. The Corporation at its meeting held on 14th July, 1964 decided to extend the period up to September, 1964. On 30th October, 1964, the Managing Director, Industrial Development Corporation told the Committee “The position, as we gather, is that this company is not able to raise the share capital”. The Committee is amazed at the way the Corporation went on agreeing for extension of time for raising of share capital and for depositing a sum of Rs. 15 lakhs by the company. Their failure to do so raises grave doubts about their financial capacity. How far the Industrial Development Corporation will be able to recover the sum of Rs 120 lakhs for which the Corporation has stood guarantee for deferred payments to the foreign collaborator, is a matter for enquiry. The Industrial Development Corporation must guard itself sufficiently well before entering into financial obligations with such companies which are unable to raise even a sum of Rs 15 lakhs to deposit in a space of two years. The Committee feels that the Government should share the responsibility in this matter because they approved financial assistance to this company, possibly after a detailed enquiry into the financial capacity of the company. The Committee recommends that this matter needs a thorough investigation.”
