Oral Answers to Questions.

Sri N. Ramachandra Reddy:

Name. | Original Loan. | Penal interest.
---|---|---
1. Sri Durjati Venkata Subbaiah of Somasundaram. | Rs. 300 | Rs. 320
2. Sri Miriyala Muniswamy Setty. | Rs. 300 | Rs. 372.48
3. Sri Vanka Muniswamy | Rs. 500 | Rs. 581.28
4. Sri Durjati Venkata Subbaiah | Rs. 400 | Rs. 402.90

My question:—Since the late 1950s, the people have been facing difficulties. Is the government planning to write off the loans they have taken? Is the government planning to waive the loans they have taken?

My question:—In the 1950s and 1960s, all the people were treated equally. But now, there is discrimination in the write off provision. Why?

Sri Ramachandra Rao Deshpande (Narayankhed):—Mr. Speaker, Sir, the question asked by Sri Mara Reddy has not been answered. The question was whether the Government would consider the grant of timber permits in addition to Rs. 50 because the people who are the victims of the fire accidents would, I would say, be in a harassed condition and embarrassed condition. Would the Government consider the matter?

Sri N. Ramachandra Reddy:—I said, as per the existing rules, it does not arise. ‘Consider’ means, certainly if there is any proposal, there is no objection in considering it.

Sri Ramachandra Rao Deshpande:—No. No. The suggestion by the Member itself might be taken as a proposal. Would the Government consider it? It is not as though the proposal has come from some other source......

Sri N. Ramachandra Reddy:—Already such proposals were made by so many members even in this House and they are being considered from so many days.

(b) 686 acres.  
(c) 143.80 square miles at the proposed barrage site.  
(d) Yes, Sir.  
(e) Yes, Sir.  
(f) It is not a storage scheme and so the capacity is not accountable. It is proposed to divert 25 per cent of the yield available at site and supply water for four months in Abi season only.

Sri Ramachandra Rao Deshpande:—While answering this question and particularly the portion (e), the Hon'ble Minister said 'Yes' Sir. I do not understand the result of all that. He has not said that fact that particular a petition was given by the concerned that this scheme is not favourable to them. Will the hon. Minister consider that whether it would be feasible at all to take up the scheme and whether it would not be a waste of money?

Sri Ramachandra Rao Deshpande:—I would like to know whether any investigation was carried on after the petition was submitted because they have specifically stated that impartial enquiry should be held as to whether it is feasible and possible also.

Sri Ramachandra Rao Deshpande:—After the submission of the final stay order the enquiry should be held as to whether it is feasible and possible also.

Sri Ramachandra Rao Deshpande:—Is the stay order final?

SEIZURE OF WIRELESS TRANSMITTER ETC. FROM REV. J. EDWARD

1506 Q.—Sarvasri A. Sarveswara Rao and V. Satyanarayana: Will the hon. Minister for Home be pleased to state:

(a) whether an unlicensed wireless transmitting set, cameras, several documents, files, etc., were seized in a raid conducted by the Deputy Superintendent and others for two days in the third week of September, 1965 in the residence of Rev. J. Edward, Director of the H.C. Children’s Home at Rajahmundry; and

(b) if so, the outcome of the investigation?

The Minister for Home (Sri Mir Ahmed Ali Khan):—(a) Yes, Sir; the search was conducted on 15—9—1965.

(b) The Court convicted and sentenced the accused to pay a fine of Rs. 2,000 in default to undergo rigorous imprisonment for 4 months in C.C. No. 147/65, dated 1—10—1965. The accused was released on payment of fine.

Sri A. Sarveswara Rao: Sir, there was a strong rumour that this gentleman is an agent of Pakistan and he did havoc at Rajahmundry. Is it a fact? It is true that this gentleman styling himself as the Director for the Children’s Home acted as an agent of Pakistan during that trouble period?

Sri Mir Ahmed Ali Khan:—Sir, there was no evidence that he was indulging in any espionage activities.

Sri V. Sree Krishna:—Is it a fact that this gentleman has transmitted some news to America from Pakistan? Is he an intermediary for transmitting news from Pakistan to America?

Mr. Deputy Speaker:—How could he give that information arising out of this answer?

Sri Vavilala Gopalakrishnayya: The transmitter is intended for it. That is why, he put that question.

Sri Mir Ahmed Ali Khan:—There is no evidence of such thing.
Oral Answers to Questions.  

7th March, 1966.

Sri G. Lachamma:—Sir, when it was found out that Rev. J. Edward was having an unlicensed transmitter, did the Government enquire into the fact how long he was holding it, the purpose of his holding it and the activities he carried on?

Sri Mir Ahmed Ali Khan: Sir, he was in Norway from 1962 to 1963 64. He smuggled many things from there: a portable wireless transmitter set contained in a suit-case with accessories, a portable movie camera of U.S. make, a Tape-recorder Tanver, Stepso made in Norway, Philips tape-recorder made in Holland and so many things. Among other things, this was also there without any licence.

Sri Vavlala Gopalakishnaya:—Let him read all those things.

Some members rose—

Mr. Deputy Speaker:—They want you to read all those things, if it is not long.

Sri Mir Ahmed Ali Khan:—Western Master second movie camera of United States of America make with exposure camera Yeska made in Japan with flash light. These things were found in the search.

Sri Pillamarri Venkateswarlu: Were any documents seized when he was arrested and when his house was searched?

Sri Mir Ahmed Ali Khan:—Search was made fully on the 15th September and no documents except these things were found.

Sri Pillamarri Venkateswarlu:—Information is that some documents were seized at the time of the search.

Mr. Deputy Speaker:—But he says no.

Sri V. Sree Krishna:—Which indicates that he is transmitting news to America from our side utilising all these transmitters.

Mr. Deputy Speaker:—He has no information for all that. If he puts some specific questions, he will be able to give them answer.

Sri V. Sree Krishna:—Sir, there was an inquiry and that inquiry report is there. The materials were seized; some documents were seized. He must have full information with him. We are made to understand that he has transmitted news from India to Pakistan and America. Was it a fact?
Sri Mir Ahmed Ali Khan — A search was made in detail from 10-30 a.m. to 3 p.m. on 15th September and only these things were found.

Sri Mir Ahmed Ali Khan — He was fined and the articles were confiscated.

Mr. Deputy Speaker — He wants to know whether that report of the enquiry will be placed on the Table of the House.

Sri Mir Ahmed Ali Khan — That matter will be considered, Sir.

Dr. T V. S. Chalapathi Rao — One supplementary from this side, Sir. Will you be pleased to permit me to put on supplementary?

Mr. Deputy Speaker — I will call you.

Dr. T V. S. Chalapathi Rao — By that time, the supplementary which I want to put may be put by the other side. (Laughter). You kindly give us at least one chance when you gave two chances to that side; that will balance the situation.

Mr. Deputy Speaker — I will give them equal chances.
Dr. T. V. S. Chalapathi Rao:—I don't mind even equal chances. Whether he used the transmitters for this or that is a different matter. According to the information given by the hon. Minister, it looks as though he is a very big smuggler. Does he deserve to be retained in this country? Has the Government taken any steps to turn him away from this country? If not, will the Government now take steps to send him away from this country because he happens to be the biggest smuggler. Whether he transmitted information that is a big matter and he is not in a position to tell us, but does he deserve to be allowed to stay in this country for any length of time? According to the information of the Government, he smuggled so many articles not one, and when he is an offender in so many respects apart from other offences he might have committed, will the hon. Minister be pleased to state—

Sri Mir Ahmed Ali Khan:—He is an Indian, Sir. (Laughter).

Dr. T. V. S. Chalapathi Rao: He must be put under D.I.R. He cannot be a free citizen by mere fine.

Sri A. Sarveswara Rao: Subject to correction, it seems that the Chief Minister has answered about the activities of the Pakistan agents in the Council. In that connection, this is also mentioned. So, I think the Chief Minister will be in a better position to give a comprehensive answer. Will you see this is done, Sir?

Sri K. Brahmananda Reddy:—There is nothing to add or say beyond this. The house was searched and all those things were seized; a case was filed and he was fined and all that, as he revealed. No other incriminating thing was detected.

Sri Ramachandra Rao Deshpande (Naravankhed):—In the very answer that was given by the hon. Minister, it was stated that along with the camera there were certain exposures. Were the exposures developed and anything found out as to what they were? If so, what were the pictures that were taken and what was the action taken on that?

Sri Mir Ahmed Ali Khan:—Except these things, nothing was found and there was no proof of espionage activities. Only smuggling and keeping transmitters without licence was there and he was charge-sheeted and fined.

Sri Ramachandra Rao Deshpande:—My question is not answered. I specifically put a question, because in the very answer given by the hon. Minister, he said there were certain
exposures in the camera. My question is whether those exposures were developed and if so what were the pictures that were taken?

Sri Mir Ahmed Ali Khan: I did not mention.

Sri Ramachandra Rao Deshpande:—Let him read the answer once again.

Sri Mir Ahmed Ali Khan:—I will again repeat.

Mr. Deputy Speaker:—Only six articles?

Sri Mir Ahmed Ali Khan:—Only these things.

Sri Tenneti Viswantham:—He was referring to the exposures. Have they examined what they were and who was the investigation officer?

Sri Mir Ahmed Ali Khan:—Police Inspector, Rajahmundry town, registered this crime number and took up investigation. He investigated.

This search and investigation has been done at the peak of the struggle that was going on between our country and Pakistan. In that connection, a search was made. And what is the sentence given to him? Rs. 2,000 fine or four months imprisonment. He has got a wireless set to suspect his activities. I want to know why he was not sent to jail under the Defence of India Rules as a detenu?

Sri Mir Ahmed Ali Khan:—He was arrested and he was charge-sheeted. The court fined him, he paid the fine and he was released.

Mr. Deputy Speaker:—His point is Government should have taken him under D.I.R.

Sri K. Brahmananda Reddy:—I don’t think the hon. Members would make much out of this matter. Apart from those articles that were found, no other information was available as to his other activities. Therefore, Sir, we need not make much out of it. In any case, Sir, I will assure the House that I will again contact the Inspector-General of Police, find out any more details which can give me and then if there is anything serious certainly some action will be taken. But so far there is nothing which can be considered as very serious,
Sri V. Sree Krishna:—We know the attitude of the U.S.A. at the time of Indo-Pakistan conflict and we know that certain materials without licence have been found in the house of that gentleman. I would only request the Chief Minister to go into the matter seriously and see whether such people are still there who are left free to do havoc or damage to our country at any moment. That should be taken seriously, because at that time we know the attitude of the U.S.A. in the Indo-Pakistan conflict.

Mr. Deputy Speaker:—That he said he will enquire.

Sri V. Sree Krishna:—But he said do not make any incrimination about that gentleman. That is what the Chief Minister was telling us. The enquiry was made by a petty officer who could be tackled very easily.

Information bulletin is not for nothing he is keeping all those things. Under such circumstances, how is he left scot-free with almost a fine of Rs. 2,000 or four months imprisonment. Is it a punishment at all? Why was he not detained under the Defence of India Rules?

An hon. member rose—

Sri Pillalamarri Venkateswarlu:—I want a reply and not a counter-question. What is the reply?

Sri Mir Ahmed Ali Khan:—I have nothing to add to what I said.

Sri Pillalamarri Venkateswarlu:—I had put a serious question. Why was he not detained under D.I.R.?

Sri K. Brahmamanda Reddy:—That is a matter for the Government.

Sri Pillalamarri Venkateswarlu:—No, it is for the country.

Sri K. Brahmamanda Reddy:—No, no. He must allow the Government to view the matter in its context. Therefore, Sir, I can assure the House that if it is found that his being at large is dangerous to this country, certainly stringent action will be taken. There is no doubt about that. Therefore, I would like to assure the hon. Members that I will further go into the matter, but let us not rush to conclusions just because some articles were found.
REVISED SCALES OF SUBSIDY FOR R.M.Ps. AND MATERNITY ASSISTANTS

715—

* 574 (1460) Q.—Sarvasri A. Sarveswara Rao and V. Satyanarayana: Will the hon. Minister for Panchayati Raj be pleased to state:

(a) whether the Central Body of the State Rural Medical Practitioners Association requested the Government in May, 1965, to implement forthwith the revised scales of subsidy to all Rural Medical Practitioners and Maternity Assistants as recommended by the Pay Commission; and

(b) if so, the action taken thereon?

The Minister for Panchayati Raj (Dr. M. N. Lakshminarayya):—(a) No, Sir.

(b) Does not arise.

Sir, there is some mistake in the question. In the question, it is said "Central body". Is it Central Body or General Body? "Central body" by "General Body" or "working committee meet"?

INsUFFICIENT NUMBER OF R.T.C. BUSES IN TELANGANA

720—

* 121 (6526) Q.—Sri K. Rajamallu:—Will the hon. Minister for Labour and Transport be pleased to state:

(a) whether the Government are aware that the operation of buses on certain routes in Telangana area was stopped for want of sufficient buses during the last six months ending 31st May, 1965; and

(b) if so, the action taken so far by the Road Transport Corporation to improve the situation?

The Minister for Labour and Transport (Sri B. V. Gurumooorthy):—(a) Yes, Sir. The Government is aware of the acute vehicle position in the Road Transport Corporation and also of the cancellation of certain trips in some depots for want of buses.

(b) The Corporation has taken the following steps to improve the situation:

(i) Overhaul facilities are improved by entrusting a part of this work to the private firms. The working hours in the Central Workshop at Hyderabad have been increased for facilitating overhaul work.

(ii) Training facilities are being provided both for operating and mechanical staff.

(iii) From 1st April 1964, about 288 new vehicles have been pressed into service replacing the old buses and the vehicles not fit for overhauls are scrapped.

(iv) Necessary spare parts are being procured expeditiously from the firms at Bombay and Calcutta.

(v) To reduce the breakdowns due to minor defects, the drivers have been supplied with tools.

Dr. M. N. Lakshminarasayya:—No, Sir.

Dr. M. N. Lakshminarasayya:—No, Sir. Dr. M. N. Lakshminarasayya:—I will read the relevant portion.

In pursuance of these revised orders, the District Superintendent of Police is said to have proceeded with these 7 changes...
sheets. The Collector, Karimnagar, has reported that out of these 7 cases, the accused in 3 cases approached the High Court and succeeded. The High Court discharged them. In the remaining 4 cases also, the accused went in revision to the District Court on the strength of the High Court order. Later on, the matter has been referred to the High Court by the Sessions Court, Karimnagar where the orders of the lower Court were quashed by the High Court. Thus all the seven prosecution cases failed ultimately. This is the information

Sri A. Ramachandra Reddy wants information for the first one.

What I told is for the second one. Government have not withdrawn the cases.

We want a complete statement of the entire case. Particularly after the previous answer of the previous Minister was read out I think it is only proper that this question should be taken up after he places on the Table of the House a complete statement from the beginning to the end.

Mr. Deputy Speaker:—Day after tomorrow, when the statement is given.... .......

What are the original orders? What are the revised orders? All those particulars may be placed on the Table of the House. Oral replies correct. original orders—revised orders 1000 words table.

BUSINESS OF THE HOUSE

Sri Ramachandra Rao Deshpande:—Some five or six days back, I have given a call-attention notice regarding the proposed hunger-strike of the Bhadrachalam village officers. They have issued notices to the Government. I do not know the fate of the call-attention notice. This is a very important matter pertaining to a number of village officers in Bhadrachalam taluk, Khammam district. I would like to request that it may be admitted and I be intimated as to what had happened.

Mr. Deputy Speaker:—I think it has been disallowed.

Sri Ramachandra Rao Deshpande:—Certain clarification was asked for by the office.

Mr. Deputy Speaker:—The hon. Member has given a call-attention notice and that has been disallowed.

Sri Ramachandra Rao Deshpande:—It was not completely disallowed. Certain information was asked for and that clarification I have already given. After giving that clarification, it must be either allowed or disallowed. I was not communicated the result.

Mr. Deputy Speaker:—The hon. Member will get the communication. I may tell him that it has been disallowed. If he wants that a communication will be sent.

Sri Ramachandra Rao Deshpande:—There, it is said that when the clarification is given it will be admitted.

Mr. Deputy Speaker:—All that I can tell the hon. Member is that he has given a call-attention notice and that has been disallowed. He will get the communication.

Sri Ramachandra Rao Deshpande:—The whole thing is: a clarification was asked and after that clarification was given it must have been either allowed or disallowed. What had happened, I do not know.

Mr. Deputy Speaker:—After the clarification also, it has been disallowed. He will get the communication.

Sri P. Subbaiah:—Mr. Speaker, I gave a call-attention motion on the 18th February regarding grant of loans to ryots in the famine-affected areas. It has not come up so far. What is the use of our giving call-attention motions if they do not come up even after several days?
296

Mr. Deputy Speaker:—I think it has gone to the Revenue Minister.

Sri P. Subbaiah:—Similarly about scholarships.

Mr. Deputy Speaker:—After the Ministers get notice we give time. They will come up soon, I think.

Sri P. Subbaiah:—But I have given it long ago.

Mr. Deputy Speaker:—After the Ministers get notice we give time. They will come up soon, I think.

Sri P. Subbaiah:—But I have given it long ago.

Sri K. Govindarao:—You are competent to allow or disallow. Indian officer is not an insult. I am told the hon. Member has given short notice question. It will come up.

Sri K. Govinda Rao:—We do not know when it will come up. We are helpless. We need your protection. We have already sent a letter to the Chief Minister.

Mr. Deputy Speaker:—I shall find out from the Chief Minister.

Sri V. Sri Krishna:—The same point was raised in the general discussion. The same attention motion regarding strike in the mica godowns. We have already sent a letter to the Chief Minister.

Sri D. Seetharamaiah:—I have given a call-attention motion regarding strike in the mica godowns.

Mr. Deputy Speaker:—There is no point in raising all of them here. If they are allowed they will come up; if they are disallowed the hon. Members will get intimation.
CALLING ATTENTION TO A MATTER OF URGENT PUBLIC IMPORTANCE

re: STABBING INCIDENT AT PARKAL ON 13-2-66

Sri Bh. Nagabhushana Rao (Warangal):—Mr. Speaker, Sir, on 13-2-66 at Parkal town, a stabbing case has taken place, and one mistry from Parkal block stabbed a koya and his brother. The brother died on the spot and the other brother was immediately taken to the hospital. He was serious at the time and a report was given to the police station. The police saw the culprit on the spot, left without taking him into custody. I have come to know that even today the culprit has not been arrested. I request the Home Minister to give a full account of what had happened. What was the reason for the stabbing etc. I came to know that it was due to political rivalry. If so, let the Home Minister enlighten us.

Sri Mir Ahmed Ali Khan:—The accused Sri D. Rajeshwar Rao was a temporary mistry of Parkal Block. The deceased Sri Nampally Ramaiah and his brother-in-law Sri Sangu Raja Malliah are tailors by profession and residents of Parkal. Two days prior to 13-2-66 the accused had a petty quarrel with Sri Sangu Raja Malliah in the Parkal Samithi Office premises.

On 13-2-66 at about 18-30 hours the accused Sri D. Rajeshwar Rao was standing on the edge of the main road of Parkal near the house of Excise Sub-Inspector, Parkal. At that time the deceased and his brother-in-law were walking on that road, when the latter pointed at the accused and told the former (deceased Sri Ramiah) that the accused had challenged him two days earlier and had abused him. The accused, who heard these words, again challenged him. Then Sarvasri Raja Malliah and Ramiah approached him. The accused at once whipped out a pen-knife and attacked Raja Malliah, inflicting incised injuries near the abdomen and over the right ribs. Seeing this Ramiah confronted the accused. The accused then attacked Ramiah and caused a deep incised wound on the right side below the ribs. Immediately there was profuse bleeding and Ramiah collapsed on to the ground. Kodala Rajiah, who was standing closeby witnessed the incident from the beginning and tried to apprehend the accused, but the latter took a big stone and hurled it at him. The stone, however, missed Rajiah and he ran away. Nadikonda Rami Reddy, Dao Agiah and Chandupatla Komma Reddy, who were all witnesses to this murder tried to apprehend the accused. The accused, in spite of their efforts, made good his escape through the fields situated on the
south-east, within ten yards from the scene of offence. The
matter was reported at the Parkal Police station about 15 minutes
after the occurrence and a case in Crime No. 9/66 under Sec-
tions 302 and 307, Indian Penal Code was registered. The Sub-
Inspector of Police immediately proceeded to the scene of the
offence with all the available men and took up investigation.

The Police officials including Deputy Superintendent of
Police, Jangaon have taken prompt action in this case. Vigo-
rinous steps are being taken to arrest the accused and recover the
pen-knife. There was no slackness or inefficiency on the part of
the police in this case and they have been doing their best in the
matter.

Annual Financial Statement (Budget) for the 7th March, 1966, Voting of Demands for Grants.

In the Annual Statement (Budget) for the year 1966-67, the scope of the statement, the voting of demands for grants, and the statutory rationing were discussed. Procurement orders were also mentioned.

In the context of statutory rationing, it was noted that:

- Procurement orders were subject to statutory rationing.
- The procurement orders were subject to the statutory rationing rules.
- The procurement orders were subject to the statutory rationing regulations.
- The procurement orders were subject to the statutory rationing framework.

These points were made in the context of the Annual Financial Statement for the year 1966-67.

The Food Corporation is a significant entity in the provision of essential food items. The annual financial statement for the year 1966-67, along with the voting of demands for grants, is presented below.

Orders

As per the orders of the A.C. Food Corporation, the rates for local food have been adjusted as follows:

- First rate 60
- Second rate 69
- Third rate 73

The cuts at 40 rupees have been applied across the board. The Food Corporation is implementing these changes for the benefit of its constituents.

The statement also mentions the implementation of rate cuts, with the second rate 63 and third rate 69, which have been applied for the benefit of local food providers. The Food Corporation has also made adjustments to the local food rates, with the second rate cut at 60 rupees.

The financial statements and voting of demands for grants are crucial for the proper functioning of the Food Corporation, ensuring that the entity can continue to provide essential food items at affordable rates.

Annual Financial Statement (Budget) for the 7th March, 1966, Voting of Demands for Grants.

In the year 1966-67, Rationing and supply were the main issues. The budget for the 7th March, 1966, 3M.

Demand denotes the demand for supply. The demand for supply is 10 times more than the actual supply.

Control rate is 40, 80, or 90. The rate of supply is determined by the control rate. An increase in the demand for supply will increase the control rate.

G.O. is a government order. If the demand for supply exceeds the control rate, the government may issue a G.O. to increase the supply.

In conclusion, the demand for supply is greater than the actual supply. The government may issue a G.O. to increase the supply to meet the demand.

The civilization has developed in such a way that power over others now appears to reside in the hands, not of those who produce the essentials of life—food, not even of those who wield the greatest military power, but of those who control money.

In fact, the impact of money is only of indirect importance. It gives power only if it enables its possessors to control what is needed for life and for survival; and these essentials are weapons of defence, and offence, fuel and above all food.

Annual Financial Statement (Budget) for the year 1966-67, Voting of Demands for Grants.

In the Budget for the year 1966-67, the following demands for grants have been voted:

1. Foreign exchange
2. Extension officers
3. Construction and maintenance
4. Other items

The total amount voted for these demands is Rs. 3,37,438.
Sri P. Narsa Reddy (Virmal):—Mr. Speaker, Sir: I support the demands moved by the hon. Minister for Food and Agriculture. In the circumstances that we are really in now, the Minister for Agriculture is not in an enviable position, especially in view of the food situation that we are confronted within the State. We have been dubbed as the granary of the country; and, as such, certain duties have been imposed upon us to supply adequate foodgrains to other States which are terribly short of food, such as Kerala, Mysore and other States. Thus, while, on the one hand, we will have to cater to the needs of our State itself, one the other, in accordance with the assurances given and demands made by the other States and also the requests of the Central Government, we have to make supplies to other States equally. In this context, in spite of all odds, we should congratulate our hon. Minister for Food for courageously standing up to all the difficulties that are confronting us today.

So far as food procurement is concerned, in our State, of and jowar, it has been entrusted to the Food Corporation of India. Many of the members who have spoken earlier have thrown much light on this aspect—about the incompetency, or the unsuitability of the Food Corporation of India to enter the trade and buy foodgrains on the one hand and make it available to the public on the other. So far as the Food Corporation is concerned, there was an announcement the other days by the Corporation that where co-operatives have failed they have succeeded and have made a maganimonous job out of it. Mr. Speaker, we have been listening to the views of the members in the House as to what magnanimous role in Food Corporation of India has played in our State. Apart from the fact that they are selling about Rs. 8 to 10 above the rate at which they have procured, the delay that is being caused in procuring essential commodities is one of the greatest factors. The delay in procurement is a fact, through the Corporation denies it and also denies that they are taking more than what they have incurred by way of expenses. The reasons might be several; to begin with, the staff that has been employed by them are given 20 per cent over and above what the regular staff gets. Apart from the fact that the State Government has given greatest assistance, nothing substantial has been turned out by
them. To quote some of the instances, they pay only 90 per cent of the price of the foodgrain, and make arbitrary cuts as and when they deem fit depending upon the whims and fancies of the quality inspectors. Before they had embarked upon procurement, they had announced that they would have co-operatives as agents in various parts of the districts; but, unfortunately, it could be seen that the Corporation, for reasons best known to it, engaged private agents for procurement whenever it was most easy and convenient, and wherever it was very difficult for them to make procurement they have entrusted it to the co-operatives, because they were confident that in such bad conditions all the blame could be thrown on the co-operatives and whatever could be easily obtained would be to their credit. My experience, so far as procurement is concerned in my district is, the Corporation had entrusted some procurement to the co-operatives. To tell you the truth, from my experience with them, the quality Inspector seems to be the most important person in the entire organisation. The Quality Inspector being an ordinary person, it is clear the question of partiality comes into boost up their own private agents and their own name, resulting in adjudging the good procured through private agents as the best compared to the foodgrains procured through co-operatives. So, I would suggest that, instead of the State Government giving all assistance and the Corporation selling at Rs. 8 or Rs. 10 above the rate at which the foodgrains were procured, the State Government may directly either through co-operatives or by its own organisations make procurement and arrange supplies to the concerned.

About another point, I would like to say a few things. That is, regarding the cotton development in the State. The State Government should be congratulated for all the efforts it had made in encouraging bumper crops in every short span of 3 or 4 years. Especially, the sea-island cotton, which is a superfine superior long staple cotton recently introduced in the State, made great progress in our State and this has also been acknowledged by the Indian Central Cotton Committee only recently in its meeting. So far as Sea-Island cotton variety is concerned, it has been stated that valuable foreign exchange is also saved and imports of that type of cotton have been cut. Some of the trade elements are trying to undermine the quality of the cotton grown in the State, but the efforts made by our Cotton Extension staff demonstrating the durability of the quality of the cotton before the Research Institutes have shown that our cotton produced in our State is as equally good as any other cotton produced in
any other State of India and also abroad. So, in order that we
may give greater impetus cotton growers in our State, I would
suggest the State Government should pay special attention is
giving necessary fertilisers to cotton-growers and also necessary
effective pesticides, so that the cotton that we are grown in our
State may reach the target which we have envisaged so far as the
Fourth Plan is concerned. So special quotas such as we are try-
ing to give for paddy and sugarcane should also be ear-marked
for cotton development.

The other aspect which some of my friends have referred to
was regarding the question of making adequate facilities for
marketing the cotton that we grow. Unless we make adequate
facilities to the growers to dispose of their cotton which they
have grown with much labour and cost, and create good market
for them, there would be no incentive for the growers. So far
as cotton plant is concerned, it is susceptible to many diseases
and therefore calls for greater care and expenditure. I there-
fore urge that adequate marketing facilities shall have to be given
to all cotton growers. So far as fertilisers or concerned......
