ANDHRA PRADESH LEGISLATIVE ASSEMBLY
Thursday, the 10th March, 1966

The House met at Half past Eight of the Clock

[ MR. DEPUTY SPEAKER IN THE CHAIR ]

ORAL ANSWERS TO QUESTIONS

AGREEMENT WITH SRI DHARMA TEJA FOR A THERMAL STATION AT RAMAGUNDAM

762—

*590 (1564) Q—Sarvasri Tennev Viswanatham (Madugula), A Ramachandrapul Reddy (Bhongir) and K. Ramachandrapul Reddy (Ramangapeta)—Will hon. the Chief Minister be pleased to state

(a) whether it is a fact that Government entered into an agreement with Sri Dharma Teja or a company under his control to get a Thermal Station erected at Ramagundam,

(b) if so, what are the terms of the agreement,

(c) whether a copy of the agreement be placed on the Table of the House, and

(d) whether the Government have been approached by Sri Dharma Teja to grant him a guarantee for four to six crores of rupees in connection with this project, if so, with what result?

The Chief Minister (Sri K. Brahmanand Reddy)—The matter relates to the Andhra Pradesh State Electricity Board. As ascertained from them the reply is as follows—

(a) The Andhra Pradesh State Electricity Board has entered into an agreement with Dr. J. Dharma Teja for the erection of a Thermal Station at Ramagundam by Dr. J. Dharma Teja and handing over the same to Andhra Pradesh State Electricity Board.
10th March, 1966
Oral Answers to Questions

(b) & (c) A copy of the said agreement is placed on the Table of the House.

(d) As per the terms originally agreed upon between the Andhra Pradesh State Electricity Board and Dr Dharma Teja, the Board has to give a bank guarantee from the State Bank of India for the Foreign Exchange Component of the contract price amounting to Rs 1,042.75 lakhs and a guarantee from any scheduled bank for the rupee component of the contract price amounting to Rs 610.20 lakhs. Subsequently, Dr J. Dharma Teja requested that the State Bank of India guarantee in respect of the Foreign Exchange component should provide for the issuance of 12 annual promissory notes and that he would not require the bank guarantee for the rupee component now. This has been accepted in principle by the Andhra Pradesh State Electricity Board. The Government of India have been addressed for their concurrence and this is awaited.

PAPER PLACED ON THE TABLE OF THE HOUSE

Agreement entered into this day of 7th May, 1965 at Hyderabad, Andhra Pradesh, India, between Dr J. Dharma Teja, Industrialist, son of late Sree Venkatanarayana, Villa Cachemire, Avenue Sole Mio, Cannes, France, now camping in Hyderabad, hereinafter called "the Contractor" (which expression shall include his heirs, executors, administrators, assigns and successors) of the one part and the Andhra Pradesh State Electricity Board, a statutory body constituted under the Electricity (Supply) Act, 1948 with its office at "Lingapur House" Himayatnagar, Hyderabad, hereinafter called "the Board", of the other part,

Whereas the Board, in the discharge of its statutory duty of promoting the co-ordinated development of the generation, supply and distribution of electricity within the State of Andhra Pradesh in the most efficient and economical manner has been endeavouring to establish an additional thermal plant at Ramagundam, in the Karimnagar District,

Whereas with the assistance of the United States Agency for International Development, the Board is executing a scheme for installation of one 62.5 M W Thermal Generating Unit at Ramagundam, Karimnagar District,

Whereas the Contractor by his letter dated the 27th April, 1963 addressed to the Board has offered to construct a Thermal Station at Ramagundam with three generating units of sixty M W each,

Whereas the Contractor has subsequently offered by his letter No JE/64 dated the 4th February, 1964 addressed to the Government of India, Ministry of Irrigation and Power, to construct a thermal station at Ramagundam with three generating units of sixty-six M W each and deliver the same to the Board and to provide certain facilities for the 62.5 M W generating unit being set up by the Board at Ramagundam on the terms and conditions detailed in that letter,

Whereas the offer made by the Contractor in his letter No JE/64 dated the 4th February, 1964 has been considered by the Board,

Whereas the Board in consultation with the Government of India and the Government of Andhra Pradesh has provisionally accepted the said offer by its letters No 31940-H2/64-3, dated the 15th September,
1964 and No 31940-H2/64-4 dated the 15th September, 1964, subject to the terms and conditions specified in the said letters,

Whereas the Contractor has agreed to the same and communicated his acceptance of the said terms and conditions in his letters dated the 8th January, 1965 and the 12th January, 1965,

Whereas the technical specifications No PD-3904047-A of September 1964 prepared by Mitsubishi Shoji Kaisha Limited and submitted by the Contractor as part of his proposals, have been scrutinised by the Board and the broad outlines thereof have been accepted by the Board subject to certain modifications communicated through the Board’s letter No 31940-H2/64-16, dated the 27th November, 1964,

Whereas the Contractor has revised the specifications in accordance with the Board’s letter dated the 27th November 1964 and resubmitted the same under specification No PD 4001109 of January 1965, which have been again scrutinised and accepted by the Board subject to certain modifications which have been incorporated as an addendum and appended to this contract as Appendix-IV,

Whereas the specifications and the general scope of the work have been settled as above by mutual agreement,

And whereas the terms in regard to the price, payments of price, performance guarantees, penalties and general terms of contract have been settled as denoted hereinafter,

It is hereby agreed and declared as follows —

1 (a) The Contractor shall supply all plant, machinery, material and equipment necessary for, erect, commission, test and hand over, a thermal station complete in all respects, comprising three thermal generating units, each of sixty-six M W maximum continuous rating, including boilers, turbines, generators, transformers, indoor and outdoor switchgear, fixed and mobile coal handling plants, ash handling plant, water treatment plant, fire fighting equipment, river works and water supply system, miscellaneous plant, natural draught cooling towers and all auxiliary and ancillary equipments, etc, and associated civil works including turbine house, repair bay, foundations for various items of equipment, stacks, buildings for locating administrative offices, workshop and stores, canteen, locomotive shed and vehicle service bay and a residential colony

(b) The items of works specified in sub-clause (a) above in relation to the three generating units of sixty-six M W each shall be such as to meet the requirements of the 62-5 M W unit also, being separately set up by the Board, in respect of the following items

1 Water treatment plant
2 Fixed coal handling plant
3 Mobile coal handling plant
4 Fire fighting equipment
5 River works and water supply system including reservoir
6 Connected civil works for the above items.
2 (a) All plant, machinery, material and equipment including all auxiliaries and ancillaries, cooling towers, river works, colony and all other items covered by this agreement and to be provided by the Contractor shall fully conform to the terms, conditions and specifications detailed in the Appendices hereto, mentioned hereunder,

APPENDIX—I

Board’s letter No 31940-H2/64-3, dated the 15th September, 1964 and the following specifications issued for the Kothagudem Thermal Scheme—

1. Boilers and ancillary equipment—APT 1/62
2. Turbo Generators and ancillary equipment—APT 2/62
3. High Voltage Switchgear, Transformers and ancillary Equipment—APT 3/62

Provided that all plant, machinery, material, equipment etc, shall be suitable for the three generating units of 66 MW each to be installed at Ramagundam

APPENDIX—II

Board’s letter No 31940-H2/64-4, dated the 15th September, 1964

APPENDIX—III

Board’s letter No 31940-H2/64-16, dated the 27th November, 1964

APPENDIX—IV

Specifications No PD—4001109 of January, 1965 Vols I & II, submitted by Dr J Dharma Teja with his letter dated the 8th January, 1965

APPENDIX—V

Letter dated the 26th January, 1965 from M/s Jayanti Engineering (Private) Limited to Andhra Pradesh State Electricity Board

APPENDIX—VI

Addendum to specifications No PD—4001109 of January, 1965 contained in Appendix—IV

APPENDIX—VII

Civil Specifications APT— in 6 (six) Sections, viz.,

Section I—General description of civil works
Section II—Detailed specifications for main civil works
Section III—Detailed specifications for structural steel work.
Section IV—Detailed specifications for cooling towers
Section V—Specifications for river works
Section VI—Specifications for water reservoir

APPENDIX—VIII

Details of spares

APPENDIX—IX

Details of Miscellaneous Plant

APPENDIX—X

General conditions of contract

APPENDIX—XI

Special conditions of contract

(b) Where there is repugnancy between Appendix-X i.e., general conditions of contract and Appendix XI i.e., special conditions of contract, the provisions in Appendix XI, i.e., special conditions of contract, shall prevail to the extent of such repugnancy.

Where there is repugnancy between Appendix—X on the one hand and the Appendices I to IX and the terms of the contract on the other hand, the latter shall prevail to the extent of such repugnancy.

(c) It is agreed that, if any technical aspect relating to any item of the supplies, designs and work relating to this contract is not specifically provided for by the terms of this contract or the specifications in Appendices IV to IX appended hereto, such aspect shall be governed by, and such item of supplies, designs or work shall be made, prepared or carried out, in accordance with the specifications applicable to the Kothagudem Thermal Scheme, as suitable to 66 M W unit, copies of which have been furnished to the Contractor with Board's letter No 31940-H2/64-3, dated the 15th September, 1964 and which are also appended hereto without any extra commitments to the Board and without enlarging the scope of supply in terms of this contract as detailed in Appendices IV to IX.

3. All engineering and construction drawings with all relevant details shall be submitted by the Contractor for prior approval to the officers of the Board authorised in this behalf, before the commencement of manufacture, or erection or construction, as the case may be. Any additional information required by the Board's Officers shall be promptly supplied by the Contractor. Such drawings shall be approved or commented upon by the Board's Officers within a period of thirty days from the date of receipt of such drawings by the said Officers. Provided that in the case of drawings relating to the additional requirements to be provided for the 62 5 M W unit as detailed in clause 1 (b) above, the period for approval or comment shall be sixty days from the date of receipt of such drawings. If no approval is accorded to comment made within the periods mentioned above, it shall be deemed that the drawings have been approved by the Board and the Contractor can proceed accordingly. Suitable modifications shall be made by the Contractor in the drawings to accord with the specifications on the basis of the comments of the Board's Officers, wherever necessary, without entailing extra commitments to the Board.
4 The Contractor shall guarantee that the heat consumption of each unit shall not exceed 2648 Kilo Calories per Kilo Watt Hour under the conditions specified for the performance guarantee test in the specifications. If the heat consumption of any unit as ascertained from the site acceptance test exceeds the guaranteed heat consumption (after allowing for the tolerances and corrections permissible under the specifications), then the Board shall be entitled to deduct from the amounts payable to the Contractor a sum equivalent to one percent of Rs 326 6 lakhs (Rupees three hundred and twenty six lakhs and sixty thousands) being the price of mechanical equipment of each unit, for each one percent increase in the heat consumption of that unit over the guaranteed figure after allowing for the said permissible tolerances. The deductions, if any, shall be in foreign exchange.

If the heat consumption of any or all units exceeds the guaranteed figure after allowing for the permissible tolerances by more than ten percent then the Board shall have the right in its sole discretion, to reject the unit or the units in which case the Contractor shall remove the rejected unit or units from the site at his cost and risk and shall reimburse the Board for any direct or indirect loss the Board may have sustained in that regard.

5 The Contractor shall furnish a manufacturer's guarantee for the plant, machinery, material and equipment against defective design, manufacture and erection to cover three years operation computed from the date of taking over by the Board. The Contractor shall also give a guarantee in the same terms. The Contractor will be responsible for the fulfilment of these guarantees by himself as well as his sub-Contractors and manufacturers.

6 (a) The Contractor shall obtain and furnish to the Board within a period of two months from the date of the agreement, a clear communication from the Government of Japan indicating that the terms of credit offered to the Contractor by M/s Mitsubishi Shoji Kaisha Ltd., in their letter No MAQ-B584, dated the 30th November 1964, are acceptable to the Government of Japan and also affirming that this credit would be outside the credits normally available to the Government of India from the Government of Japan. This agreement shall come into effect only on the receipt by the Contractor of a written intimation by the Board of its satisfaction and the satisfaction of the Government of Andhra Pradesh and the Government of India in respect of the aforesaid clear communication of the Government of Japan.

(b) If the Contractor proposes to obtain the plant, machinery, material and equipment from any supplier other than Messrs Mitsubishi Shoji Kaisha Ltd., Tokyo, he shall obtain the prior approval of the Board in writing.

7 (a) The land required for the contract works shall be made available to the Contractor by the Board, free of cost. The site for the actual thermal station and residential colony other than that required for river water works and water reservoir shall be suitably got levelled by the Board at its cost.

(b) The Board shall render all possible assistance to the Contractor to obtain timely supply of cement and steel, the requirements of which
shall be communicated by the Contractor to the Board six months in advance.

(c) The Board agrees to provide a railway line to the perimeter of the power house site. When it is opened to traffic, the Contractor can make use of the line free of charge for the transport of materials, etc. The lines within the perimeter of the power house site will be laid by the Contractor.

8 (a) The Contractor shall supply, erect, commission, test and hand over to the Board the first, second and third generating units, each of sixty six M W complete in all respects, within 30 (thirty), 33 (thirty-three) and 36 (thirty-six) months respectively from the date of grant of import licence or the first of the series of import licences to the Contractor in respect of this contract or the date of issue of export licence by the Government of Japan or the date reckoned thirty days after the date the Board gives the Bank guarantee, whichever is later, which date shall be called "the effective date"

Provided that if the export licence is not secured by the Contractor or the manufacturers from the Government of Japan within sixty days from the date of grant of import licence or the first of the series of import licences, the Board shall have the option to terminate the contract.

(b) All the items of works constituting the additional requirements for the 62.5 M W unit as detailed in clause 1 (a) above to be installed with the assistance of the United States Agency for International Development, shall be completed by the first day of April one thousand nine hundred and sixty seven or such other later date as the Board may specify to suit the commissioning of the said unit.

(c) With regard to the thermal station of three generating units of 66 M W each, the Contractor shall complete, commission, test, and hand over the river works and water supply systems including the reservoir and hand over the residential colony, administrative buildings, workshops, stores, Canteen, Locomotive Sheds and vehicles service bay within 30 (thirty) to 36 (thirty-six) months from the effective date mentioned in sub-clause (a) above, to suit the commissioning of the generating units.

9 The total contract prices for the above supplies and works shall be as detailed below —

(Rupees one thousand six hundred and eighty lakhs only)

The above prices are exclusive of Customs duty payable in respect thereof and such customs duty shall be the liability of the Board. The Foreign Exchange component of the total contract price payable in U.S. Dollars is U.S. $21,895,013 (Twenty one millions, eight hundred and ninety five thousand and thirteen) equivalent to Rs 1,042,75 lakhs (Rupees one thousand and forty-two lakhs and seventy-five thousand only). This is subject to clearance by the Directorate General of Technical Development. The rupee component of the contract price will represent goods and services rendered in India by the Contractor for this project and no portion of this shall be repatriable or otherwise usable in India for any other purpose.

10 The terms of payment to be made by the Board shall be as shown hereunder —

(a) Except as hereinafter provided, no payment shall be made until twelve months after all the three units (hereinafter referred to as “the complete thermal station”) are duly commissioned and taken over by the Board.

(b) The Board shall pay —

(i) The rupee component of the contract price under clause 9 sub-clause (a), (b) and (c) above in five equal annual instalments, the first instalment of which shall be paid after the expiration of one year from the date of taking over of the complete thermal station by the Board.

(ii) The rupee component of the contract price under clause 9 (d) above viz Rs 27.05 lakhs (Rupees twenty seven lakhs and five thousand only) immediately after the supplies and works specified in clause 1 (b) above are duly completed and taken over by the Board.
(c) The Board shall pay the foreign exchange component of the contract prices in twelve equal annual instalments, the first instalment of which shall be paid after the expiration of one year from the date of taking over of the complete thermal station by the Board.

(d) The Board shall pay simple interest on the total amounts payable to the Contractor under the contract (both rupee and foreign exchange components) at the rate of five per cent per annum reckoned from the date of taking over the complete thermal station by the Board.
(e) The payment of the instalments of price and interest thereon shall be in the following manner:

*B* Total foreign exchange component of the contract price

The amounts indicated above are subject to clearance by the Directorate-General of Technical Development indicated in clause 9 above.
(f) If due to 'force majeure' conditions the handing over of the complete thermal station to the Board is delayed beyond the period agreed to in clause 8 above, but the entire plant, machinery, material and equipment have been brought to Ramagundam site within thirty months from the effective date, the Board, after securing transfer of the complete and unencumbered title to all such plant, machinery, material and equipment and also to all the civil works executed by the Contractor at Ramagundam site, shall pay at the end of forty eight months from the effective date, a sum equivalent to the first instalment (foreign exchange and rupee components) as set out in sub-clause (e) above, and shall also pay at the end of sixty months from the effective date, a sum equivalent to the foreign exchange component only of the second instalment as set out in sub-clause (e) above. For the payments to be made to the Contractor by the Board, the Contractor shall furnish suitable guarantees from the State Bank of India before receiving the payments. For the payments so received, the Contractor shall pay interest at the rate of five per cent per annum for the period from the date of receipt of the advance to the date of its adjustment or the date of repayment, whichever is earlier. On the taking over of the complete thermal station by the Board, the payments made shall be adjusted against the first and second instalments mentioned in sub-clause (e) above and the remaining annual instalments shall be paid thereafter at intervals of one year. The transfer of title to the plant, machinery, material and equipment and civil works referred to above shall be without prejudice to the right of the Board to reject the plant under clause 4 above. If the erection, testing, commissioning or handing over of the complete thermal station is delayed due to force majeure, the time limits mentioned in clause 8 above shall be extended by the period of delay attributable to such force majeure, but under no circumstances the Contractor shall delay to erect, test, commission and hand over the complete thermal station to the Board, beyond a date immediately following the expiration of sixty months from the effective date of contract.

The Board shall furnish suitable guarantees from the State Bank of India for the payments contemplated above.

(g) In respect of monies paid by the Board towards customs duty on the plant, machinery, material and equipment imported and the amounts, if any, advanced to the Contractor under sub-clause (f) above or otherwise, the Board shall have a first charge on all such plant, machinery, material and equipment and all the buildings erected at the thermal station site.

11 (a) If the Contractor fails to hand over all or any of the generating units of the thermal station within the time limit specified by clause 8 (a) above or within such other time as may be extended by the Board, he shall pay the Board as penalty a sum to be fixed by the Board in its discretion, not exceeding one half of one percent of the price of each unit for each month of delay in respect of each unit. For periods of delay less than a month penalty will be computed proportionately.

For the purpose of this clause only, the price of each unit shall be reckoned as Rs 536 67 lakhs (Rupees five hundred and thirty six lakhs and sixty seven thousands only).
(b) If the Contractor fails to complete the work contemplated by clause 1 (b) above within the time limits specified in clause 8 (b) above, he shall pay the Board as penalty a sum to be fixed by the Board in its discretion not exceeding one half of one percent of the value of the work i.e., Rs 70 00 lakhs (Rupees seventy lakhs) per each month of delay. For periods of delay less than a month, penalty will be computed proportionately.

The total penalty imposed on the Contractor under sub-clause (a) and (b) above shall not in any event exceed rupees one hundred lakhs. The amount of penalty shall be payable in both foreign exchange and rupee in the same proportion in which the total price is computed between foreign exchange and rupee component.

The Contractor shall furnish a Bank guarantee from the State Bank of India to ensure payment of the penalty if any imposed, by the Board. The Contractor shall pay the amount of penalty imposed under sub-clauses (a) and (b) above within three months of the date of intimation of the order imposing the penalty. If such payment is not made, the Board shall be entitled to enforce the Bank guarantee and directly call upon the guarantor Bank to make the payment in both foreign exchange and rupee component in the same proportion in which the total price is computed between foreign exchange and rupee components.

12 Officers duly authorised by the Board shall have the right to inspect at any time the works of the Contractor and the Sub-Contractors including the plant and machinery under manufacture or erection for the purposes of ensuring compliance and conformity with the specifications and other conditions of contract and the Contractor and his Sub-Contractors shall provide necessary facilities for such inspections. Any directions given by the Board's Officers during or based on such inspections shall be duly complied with by the Contractor and his Sub-Contractors without extra commitment to the Board.

13 The Board may appoint a reputed consulting agency or agencies as Consultants to the Board for the Contract work under intimation to the Contractor.

14 The title to the entire thermal station or any part thereof shall vest in the Board as and when taken over by the Board, free from all encumbrances.

15 Any dispute arising with reference to matters covered by this contract or touching the same shall be resolved by arbitration in accordance with the provisions of the Arbitration Act, 1940 or any other Indian law for the time being in force in regard to arbitration read with section 76 of the Electricity (Supply) Act, 1948.

16 The Contractor shall provide at his cost training and inspection facilities in Japan for the Board's Officers as provided for in clause 1 15 of each of specifications APT 1/62, APT 2/62, and APT 3/62 mentioned in Appendix-I, and these facilities shall be arranged for fourteen trainees and six Inspectors.
10th March, 1966.

Oral Answers to Questions

In witness whereof Sri J V Narsing Rao for and on behalf of the Board and Sri J Dharma Teja have signed these presents on the day and year first mentioned above

Thank you, Sir,

TREATING OF HYDEL AND THERMAL POWER PROJECTS OF 500 MW AS CENTRAL PROJECTS

763—

*S. 536 (6357) Q—Sarvasri A Sarveswara Rao (Eluru), V Satyanarayana (Penugonda), K Marareddy (Rajampet), A Ramachandrapadda and J Vengal Rao (Vemsoor) —Will the Chief Minister be pleased to State

Whether the Centre has agreed to the proposal made by the State Government that Hydel and Thermal Projects of 500 MW of power such as Kothagudem shall be treated as Central projects and financed by Centre?

Sri K Brahmananda Reddy.—In consonance with the stand of the State Government that major and multi-purpose projects with long gestation should be the responsibility of the Central Government to finance, the State Government have requested the Central Government to finance among others the Srisailam Hydro Electric Project. The Central Government have not yet taken a decision in the matter.

Oral Answers to Questions

10th March, 1966

Sri K Brahmamanda Reddy — Financial assistance is being given by the Centre

It may be added that the Committee on Industry and Power of the National Development Council has recommended that at the request of the States concerned or with their consent the Centre may undertake to set up power stations at suitable sites which are endowed with primary energy resources or are advantageous and that in such cases the Central Government will finance, construct and operate power stations and supply power in bulk to the States and that the power schemes that are to be financed by the Centre should be determined well before the IV Plan is finalised or the requisite outlay may be provided in the central plan. The decision of the NDC or the Planning Commission on this recommendation is not yet known.

Sri Tenneeti Viswanadham — Thank you, Sir

Sri K Brahmamanda Reddy — About Rs 50 crores.
Cost of Srisailam project is about Rs 48 crores, and odd, Kothagudem project is about Rs 50 crores. Nyvelli power project is financed by the Central Government—both mining and lignite, etc., etc., that entire complex is financed by the Centre. We have raised the point that the power generated there should be available to the neighbouring States.

If they were to decide, Kothagudem is the proper place because it can be developed into a thousand M W and even more.
Oral Answers to Questions 10th March, 1966

**ELECTRICITY SUB-STATION AT NAGARI**

764—

*1248 Q — Sri D. Gopal Raju (Nagari) — Will hon. the Chief Minister be pleased to state

(a) whether land etc., have been acquired for the location of a Electricity Sub-station at Nagari, in Chittoor District as long as five years ago,

(b) whether the Government are aware that on account of the absence of a sub-station, there is high drop in voltage of the energy supplied and as a result, a large number of motors get burnt, thus causing damage to the farmers and affecting agricultural production, and

(c) when the sub-station will be erected at Nagari, for which estimates and plans are ready?

Sri K. Brahmamanda Reddy — The matter relates to Andhra Pradesh State Electricity Board

(a) Yes, Sir

(b) The voltage is satisfactory and the question of the motors getting burnt as a result of low voltage does not arise

(c) The necessity and justification for a sub-station are, however being examined and if considered necessary, the sub-station will be sanctioned and erected subject to availability of funds and materials

Sri K. Brahmamanda Reddy — I submitted, these are being examined in detail and if considered necessary the estimate will be sanctioned

Sri J. Kanapuri (K.R.) — The necessary funds for the sub-station are being considered, the need not being disputed at all.

Sri N. Sivarama Kishore Reddy — The irrigation scheme in question is a lift irrigation scheme.
I submit, these are being examined in detail, and if considered necessary estimates will be sanctioned.

The Chief Engineer Electricity Board has reported that the land was acquired for the location of 33/11 KV Electrical sub-station at Nagari in Chittoor District five years ago, that this sub-station was sanctioned in 1951-52 and that due to Pataskar Decision, there was change in the territories of the State and consequent on the change Nagalapuram and surrounding areas have been transferred to Andhra. It is stated that due to changed conditions the sub-station proposed at Nagari was shifted to Amalapuram as it was considered that Nagalapuram Nagar was load centre. Moreover the leads in Nagari have developed now and the scheme for erection of an electrical sub-station at Nagari also is under consideration.

It is being examined in detail and necessary steps will be taken.

MINERAL SURVEY IN RAYALASEEMA

765—

1437 Q — Sarvasri P. Ragopal Naidu and K Mara Reddy — Will the hon Minister for Finance be pleased to state

(a) whether the mineral survey is completed in Chittoor and other districts of Rayalaseema, and

(b) if so, whether a report on that survey be placed on the Table of the House?

The Minister for Finance (Dr. M. Chenna Reddy) — (a) No exclusive mineral surveys were conducted for each of the districts of Rayalaseema. However mapping of iron-ore bearing areas in Chittoor District is being taken up by the Department of Mines and Geology

(b) Does not arise
Oral Answers to Questions.

10th March, 1966

3. In respect of (minerals) —diamonds, gold, silver, copper, lead, zinc, non-ore minerals intensive deep investigations are being carried out in Kolar gold fields and southern regional extension and also in scope examine the occurrence of asbestos, lead, silver, gold, diamond. Diamond mines in Anantapur District, a famous place in Anantapur District, is being prospected. We are actually doing prospecting work Asbestos—the occurrence of Asbestos in Anantapur District is stated by Sri Tyagarajan and Sri K R Sastry, officers of the Geological Survey of India and investigations are in progress.

4. Is there information —diamond finds, gold finds in the Anantapur region? (Are there any indications of asbestos minerals from intensive investigations?)

5. In respect of —asbestos, diamond finds are reported and also in respect of Lime stone 60% and above, Cuddapah and Kurnool districts for silver and lead, which resources are available? (Are these resources available?)

6. In respect of —are there any anomalies around? (Are there any anomalies?)

Dr M Chenna Reddy —Investigations are in progress in Rayalseema. Final reports are awaited.
Dr M Chenna Reddy — As he has rightly said...
Oral Answers to Questions 10th March, 1966. 157

commence These loans are chiefly in respect of Major Irrigation and Power Projects, State Roads taken over by Highways Department and certain large and medium industries, such as Heavy Electrical Project, Synthetic Drug Project, Andhra Pradesh Industrial Development Corporation etc, in respect of which heavy capital expenditure is involved

(c) Short-term fertiliser loans—These are repayable in one instalment within 18 months of the date of drawal of the loan. The loan carries interest at the rate of 6\(\frac{1}{2}\) % p a, but, if repaid promptly and punctually by the expiry of 18 months, interest at the rate of 4 % p a only will be charged. These loans are usually given for the purchase and distribution of chemical fertilizers, improved seeds, Hyrid Maize and pesticides etc

(d) Other categories of loans—These include loans given for Plan schemes under the various Heads of Development such as Community Development, Grow More Food, Housing, Water supply and Drainage, Rural Electrification etc, and certain other non-Plan schemes, like Police Housing Schemes and National Scholarship loans etc. The number of instalments allowed for the repayment of these loans generally range from 10 to 30 years. The rate of interest charged for such loans which depends on the period of repayment is as shown under—

<table>
<thead>
<tr>
<th>Period of loan</th>
<th>Interest per annum</th>
</tr>
</thead>
<tbody>
<tr>
<td>10—15 years</td>
<td>5 %</td>
</tr>
<tr>
<td>16—30 years</td>
<td>5(\frac{1}{2}) %</td>
</tr>
</tbody>
</table>

The actual periods of repayment allowed for the several categories of loans sanctioned by the Government of India and the rates of interest payable on them during the past years have been shown in Appendix V to the "Explanatory Memorandum on the Budget for 1965-66"

The amount of interest paid to the Government of India during 1964-65 is Rs 7 32 crores

2. After the increase in Bank rate to 6%, the Government of India are charging the following rates of interest with effect from 1-5-1965 to the State Governments having regard to the periods of repayment of the loans

<table>
<thead>
<tr>
<th>Period of loan</th>
<th>Interest per annum</th>
</tr>
</thead>
<tbody>
<tr>
<td>Exceeding 1 year but not exceeding 4 years</td>

In the matter of (abolished) — Hon. Minister for Finance be pleased to state whether there is any Leather Research Centre in our State;
Oral Answers to Questions 10th March, 1966

(6) if so, the place where it is located,
(c) the nature of research being conducted in the above centre, and
(d) the annual expenditure incurred during the last financial year?

Dr M Chenna Reddy — (a) No sir,
(b), (c) and (d) Do not arise

Dr Af Combo Peppi — (a) No sir,
(b), (c) and (d) Do not arise

Dr M Chenna Reddy — (a) No sir,
(b), (c) and (d) Do not arise

Dr Af Combo Peppi — (a) No sir,
(b), (c) and (d) Do not arise

Leather Research Centre to the north of Leather Extension Centre is in progress at Hyderabad Tanneries, and its progress is awaited. Hyderabad Extension Centre in the south of Leather Research Centre is not in progress.

Exports by the Andhra Handloom Weavers Co-operative Society

* 693 (1417) Q — Sarvasri P Rajagopal Naidu, P Narayan Reddy (Mydakur) and K Mara Reddy — Will the hon. Minister for Finance be pleased to state

(a) whether the Government is exploring the possibility of Andhra Handloom Weavers' Co-operative Society entering directly into U.S. export market, and

(d) if so, the result thereof?

Dr M Chenna Reddy — (a) and (b) The Andhra Handloom Weavers Co-operative Society Ltd, Vijayawada has obtained an export quota direct from the Government of India. The Society has exported 1,39,000 yards of "Bleeding Madras" as against the quota of 2 lakhs yards sanctioned by the Government of India and the balance of 61,000 yards could not be exported by 30-9-1965 for want of orders from buyers abroad. In addition to the export quota of 2 lakhs yards already obtained, the Society has also secured another export quota for 4 lakhs yards.

Dr Af Combo Peppi — Demand ers, no, no, no! — Request anders, no, no, no! — The Central Co-operative Society Ltd is not in direct touch with Central Government. It is only with the Central Government that the whole approach is taken. Central Government who are you?

1. The Minister for Agriculture—Will the Minister in a reply on the allotment of All India basis allot a demand?

2. All India question. The question on the All India basis to the All India demand of the Central Co-operative Weavers Society in the field of the Central Government would be?

3. Restriction slump 60,000 export Central Co-operative Weavers Society?

4. Additional united states 3 United States export Central Handloom Export Corporation?

5. End slump?

RURAL ARTISAN TRAINING CENTRES IN THE STATE

1441 Q—Sri P. Rajagopal Naidu—Will the hon. Minister for Finance be pleased to state

(a) the number of rural artisan training centres in the State at present, and

(b) the kind of industries in which the training is being given?
Dr M Chenna Reddy—(a) There are 10 District Level Training Centres

(b) Training is being given by the District Level Training Centres in Carpentry, Blacksmithy, Leather Goods, Coir, Carpet Weaving, Bamboo and Rattan, Scientific Glass Apparatus, Neon signs, Handmade Paper, Lacquer, Wooden Toys, Weaving and Dyeing

Dr Af C A Afina (Af) There are 10 District Level Training Centres & Training is being given by the District Level Training Centres in Carpentry, Blacksmithy, Leather Goods, Coir, Carpet Weaving, Bamboo and Rattan, Scientific Glass Apparatus, Neon signs, Handmade Paper, Lacquer, Wooden Toys, Weaving and Dyeing.
Oral Answers to Questions

10th March, 1966

Retrenchment is an essential step in absorbing staff. The producing units are attached to Retrenchment Establishments. The practical work of Retrenchment is carried out by Production Establishments. The question is whether the retrained staff will be absorbed in the central pool?

Training Centres are attached to Production Centres. Production Centres close to Production Centres of the Leather Board, Marketing Centres, and Production Centres close to each other. The question is whether the training centres will be closed down. If so, how many centres will be closed down? It is suggested that the centres be closed down. The trainees will be retrained in 30 centres, 40 centres, 60 centres. The surplus staff is absorbed in the central pool.

Training Centres are attached to Production Centres. The question is whether the staff will be absorbed in the central pool. The centres are strengthened. Different centres are 20, 22, 20, 22, 22, 22, 22, 22, 22, 22. District Centres are 75, 75, 75, 75, 75, 75, 75, 75, 75, 75. Regional centres are 20, 20, 20, 20, 20, 20, 20, 20. The old training centres will continue.
Oral Answers to Questions. 10th March, 1966. 163

Because the batch has already been admitted, we don’t want to disturb them in the middle of the term. But that is going to be an end of that kind of procedure.

**TRAINING TO EXTENSION OFFICERS AT THE CO-OPERATIVE TRAINING INSTITUTE, RAJENDRANAGAR**

770—

* 1547 Q — * S. V. P. S. Satyanarayana Rao (Put by S. V. Venkatakrishna Reddy) — Will the hon. Minister for Finance be pleased to state

(a) whether it is a fact that some of the Extension Officers (Industries) are drafted for Training at the Co-operative Training Institute, Rajendranagar,

(b) if so, the duration of the course, and

(c) the number of candidates undergoing training at present?

Dr. M. Chenna Reddy — (a) Yes, Sir

(b) The duration of the General Basic Course is 36 weeks and duration of condensed General Basic Course is three months.

(c) At present 13 Co-operative Sub-Registrars, 13 Senior Inspectors, and 5 Extension Officers (Industries) are undergoing training at the Co-operative Training Centre, Rajendranagar in the Basic Course.

**NON-RECEIPT OF SALARIES BY LECTURERS IN NURSING COLLEGE**

771—

* 275 (3635) Q — S. V. P. S. Sarvaraya K. Mara Reddy, P. Narayana Reddy and C. B. Pai Reddy (Put by S. V. Rangopal Naidu) — Will the hon. Minister for Health and Medical be pleased to state

(a) whether it is a fact that more than four lecturers of the Nursing College, Hyderabad, have not received their pay for the past four months, and

(b) if so, the reasons therefor and action taken thereon?

The Minister for Health & Medical (Sri Y. Sivaramaprasad) — (a) Yes, Sir

(b) In the case of 9 Lecturers of the College of Nursing, Hyderabad, salaries for the periods during which they proceeded on leave could not be drawn by them as in most cases the leave applications were found defective and consequently delay occurred in sanctioning leave and issuing authorisation by the Accountant-General. All of them have since drawn their salaries.

SCHOLARSHIPS

429 (5340) Q — Sri S Venayya — Will the hon Minister for Social Welfare be pleased to state
(a) number of students to whom scholarships have been sanctioned during 1964-65, who are studying outside the State,
(b) whether it is a fact that the sanction was made in the month of March, 1965, and
(c) if answer to clause (b) is affirmative, the reasons for the delay?

The Minister for Social Welfare (Smt T N Sadalaxmi) —
(a) 140 students have been sanctioned State Government scholarships
(b) Yes Sir Some of the Zilla Parshads have sanctioned the scholarships in the month of March 1965
(c) Fresh applications were taken up in the month of March after completing the renewal proposals first as fresh applications are to be taken up only after the renewals are sanctioned The meeting of the Standing Committee of Zilla Parshads could not be held earlier and hence delay in sanctioning fresh scholarships

3. Who is a noted figure in the research field?

4. What are the recommendations for MLC?

5. What is the category 6 quota service?

6. What are the secret services?
10th March, 1966. Short-notice Questions and Answers

She deserves that award, Sir.

—Will the hon. Minister for Finance be pleased to state (a) whether the Cement was decontrolled from 1-1-1966 and whether it was a fact that the Quasi-Government Bodies, Small-Scale Industries and Agricultural requirement were to be forwarded through the Government of the State and whether it was a fact that all the Southern States Madras, Andhra Pradesh, Mysore, Kerala, Pondicherry, Andaman, Laccadives, Mincoy and Amangovis Islands should contact the Madras Office of the Cement allocation and co-ordinating Organisation (C A Co.), and (b) what was the retail rate in Andhra Pradesh and what was the allotted quantities for Quasi-Government Bodies, Small-Scale Industries and Agricultural requirements each and district-wise for the year 1966?

Dr. M. Chenna Reddy —A note is placed on the Table of the House.

Note placed on the Table of the House—VIDE Answer to Legislative Assembly (Short Notice) Question No 981-B (2744-I)

(a) The cement was decontrolled with effect from 1-1-1966. The Government of Andhra Pradesh have also rescinded the Andhra Pradesh Cement Control Order, 1962 in G O Ms No 1659, Industries, dated 27-12-1965. Consequent on the decontrol of cement, the Cement
Allocation and Co-ordinating Organisation has taken over the functions of State Trading Corporation of India, which were hitherto in-charge of the distribution of cement.

2. The applications for cement of Quasi-Government bodies, Small Scale Industries and Agricultural requirements are being received by the Office of the Director of Industries and Commerce and allotments are being recommended by the Additional Director of Industries and Commerce (Rural) to the Regional Co-ordinating Officer, from the quota of 15,000 tonnes tentatively fixed for distribution to the Quasi-Government Bodies for the period of January 1966. After decontrol it is not necessary for these demands to be routed through the State Government and it is open for the parties concerned to approach the Regional Co-ordinating Officer, Madras for obtaining supplies direct from producers. In view of the fact that the institutions concerned from an integral part of State administration and State Economy, the Cement Allocation and Co-ordinating Organisation desired that the State Government may designate a Liaison Officer who would screen the requirements of the Quasi-Government Bodies against the allotment made by the Cement Allocation and Co-ordinating Organisation to the State, and communicate the screened requirements to the Regional Office of the Cement Allocation and Co-ordinating Organisation to enable the latter to issue authorisations to the concerned Institutions on the Cement Factories. The Government of Andhra Pradesh have designated the Additional Director of Industries and Commerce (Rural) as the Liaison Officer at State level for the purpose. The above procedure is to be followed by other States in the Southern region. The Cement Allocation and Co-ordinating Organisation, Bombay is having Regional Cement Co-ordinating Officer at Bombay, Madras, Calcutta and Delhi. The Madras region has jurisdiction over the States of Madras, Andhra Pradesh, Mysore, Kerala, Pondicherry, Karikal, Mahe, Andaman, Nicobar, Laccadivi, Mincoy.

(b) The retail price at various centres, before decontrol was fixed by the Director of Industries and Commerce taking into consideration, the F O R destination price, handling and transport charges from the rail head to the dealers' godowns and dealers' margin. After the decontrol, the Cement Allocation and Co-ordinating Organisation is fixing the retail prices on the same basis and communicating to the dealers who are under its control and the dealers have to exhibit the rates at the godowns. The F O R destination price of 1 metric tonne of cement from 1-1-1966 in Andhra Pradesh State has been fixed at Rs 171.12. In fixing the retail prices, handling, transport charges, and dealers' godowns and dealer's margin will be taken into consideration for each of the places in Andhra Pradesh.

2. During the period of January 1966 (January-March 1966) 15,000 tonnes have been allotted to the institutions as noted below against their demands pending with Government.

**Another 2,000 tonnes is proposed to be allotted to cement-based industries for which district-wise break-up particulars are awaited from the Regional Joint Directors of Industries and Commerce.**
The above distribution comes to 7,650 tonnes, the balance against the State allotment of 15,000 tonnes has been allotted to the major Quasi-Government Institutions as follows:

1. The Chief Engineer, Andhra Pradesh Electricity Board 5,700
2. The Andhra Pradesh State Road Transport Corporation 1,500
3. The Housing Board 150

Total 7,350

In respect of the demands of the Agricultural, Co-operatives, particulars are awaited from the Director of Agriculture. The Chief Engineer (Local Administration) and the Chief Engineer (Irrigation) to whom bulk allotments are made are meeting Agricultural requirements to their programmes.

The Cement allocation and Co-ordination Organization desired that the State Government may designate a liaison officer who would screen the requirements of the quasi-government bodies against the allotment made by the Cement Allocation and Co-ordinating Organization. The Additional Director of Industries nominee liaison officer was nominate to the task by the organisation.
184 10th March, 1966. Short-notice Questions and Answers

After the decontrol Cement Allocation and Co-ordinating Organization is fixing the retail prices on the same basis. After the decontrol Cement Allocation and Co-ordinating Organization is fixing the retail prices on the same basis.

Manufacturing concerns, co-ordinating committee of Co-ordinating organization of the producers of cement Manufacturers have formed into an organization already and they have been entrusted with this work and they have set apart the representatives of the manufacturers in those regions as Regional Co-ordinating Organization.

Decontrol is primarily an economic question whether ordinary or quasi-govt. organization. eastern economist the question of economic organization. eastern economist the question of economic organization. eastern economist the question of economic organization. eastern economist the question of economic organization. eastern economist the question of economic organization. eastern economist the question of economic organization. eastern economist the question of economic organization.

As far as private people are concerned the position is that private consumers requiring cement for house construction, etc., are approaching the factories directly and no difficulty in procuring the cement has been brought to the notice of the Government. The cement stockists continue to get supplies on the basis of the past allocation from the new organization. The control over the stockists regarding proper distribution or sale rests entirely with the producers to whom they are affiliated.
Short-notice Questions and Answers 10th March, 1965

The rate of cement per ton has been increased by ten rupees for private concerns. Control on distribution is taken away and this is being organized in this manner.

It is merely for co-ordinating. Therefore co-ordination is not merely for Government and quasi-Government institutions but also for private organizations.
10th March, 1966

Short-notice Questions and Answers

1. What is the total number of private consumers requiring cement for house construction, etc., are approaching the factories directly?

2. Will not only try to clarify those cases but also clarify the whole position further.

3. Di M Chenna Reddy — One lakh and little more (subject to exact figure) not that quota of one lakh has been cut down. Quota of one lakh or even more it might be, we have not been able to get the figures.
of utilization of cement by private people as yet. But no impression should be created that as against one lakh, the quota has been cut down to 50,000. 50,000 is of the two specific categories.

According to the Central Industries Ministry this was due and at that time they have taken this decision of giving additional funds, with a specific understanding with the manufacturers that this would be ploughed back for bringing in new units to give impetus to the manufacture of cement. This is one of the steps they have taken.

Voting of Demands for Grants

The Government made a token provision of Rs 100 in the Budget for 1965-66. The token was a mere formality and did not amount to any substantial commitment.

Target date 31st December. In the absence of any clear deficiency of land revenue in the past, the department is not in a position to estimate the shortfall accurately. However, some steps have been taken to collect arrears.

Land reforms: A number of cases have been selected for the purpose of land reforms. In the cases selected, the department is trying to resolve the disputes and arrive at a compromise. The department is also making efforts to negotiate with the landowners and tenants to agree on a mutually acceptable arrangement.

The reservation system for the year 1966-67 involves reservation and reservation cancellation. The reservation system allows for a quota to be allocated to different categories. Reservation cancellation may occur if the reservation is not utilized.

19000 rent in 1 room, 7800 other rooms, and 7200 in other rooms. The reservation system ensures that the rooms are allocated to the right category.

Implementing rules and regulations allows for smoother operations. Rules such as orders pass are essential for the smooth functioning of the reservation system.

Shops

1-1-1966 onwards, 99 shops are closed, and 1039 shops are open. The shops are closed for 35 days, and the remainder are open.

15 shops are not involved in 15 shops, and 15 shops are fully involved.

The revised demands are intended to ensure the smooth functioning of the government services,
which are critical for the development of the country. The demands are subject to approval
by the legislative body of the state.

In conclusion, the government is committed to Since 1965, the government has been
striving to meet the demands of the people for better living conditions. The revised demands
are a step towards achieving this goal.

Annual Financial Statement (Budget) for 10th March, 1966
Voting of Demands for Grants

The year 1966-67.

Voting of Demands for Grants

In the year 1966-67, the following demands for grants were presented to the House of the Legislative Assembly:

1. Demand for Grants for the Education Department
2. Demand for Grants for the Health Department
3. Demand for Grants for the Agriculture Department
4. Demand for Grants for the Public Works Department

The demands were discussed and voted on by the members of the Legislative Assembly. The amounts voted on were as follows:

- Education Department: Rs. 50,000
- Health Department: Rs. 30,000
- Agriculture Department: Rs. 20,000
- Public Works Department: Rs. 10,000

The demands were passed with a majority vote of 30 members in favor.

The matters were discussed thoroughly and the points raised were adequately addressed by the responsible officials. The demands were a step forward in the development of the state and were expected to bring about positive changes in the respective departments.

Voting of Demands for Grants

5 10th March, 1966  Annual Financial Statement (Budget) for
the year 1966-67  Voting of Demands for Grants

Voting of Demands for Grants

The following demands for grants were considered:

Demand 1: For the purchase of new laboratory equipment.

Demand 2: For the expansion of the library facilities.

Demand 3: For the construction of a new sports complex.

Demand 4: For the renovation of the old administrative building.

Demand 5: For the provision of additional funds for the maintenance of existing facilities.

The above demands were voted on and approved by the governing body of the institution.

The total amount allocated for the above demands is Rs. 5,000,000.

The following demands for grants were not considered:

Demand 1: For the purchase of new laboratory equipment.

Demand 2: For the expansion of the library facilities.

Demand 3: For the construction of a new sports complex.

Demand 4: For the renovation of the old administrative building.

Demand 5: For the provision of additional funds for the maintenance of existing facilities.

The above demands were not considered due to insufficient funds.

The total amount allocated for the above demands is Rs. 0.

The annual financial statement for the year 1966-67 is attached herewith for your perusal.

[Additional information and details as mentioned in the previous documents]
Annual Financial Statement (Budget) for 10th March, 1966
Voting of Demands for Grants

As shown in the Annual Report of 1961-62, the total expenditure during 1961-62 was Rs. 5,00,000. This included Rs. 2,50,000 for salaries, Rs. 1,00,000 for general expenses, and Rs. 1,50,000 for capital expenditure. The total revenue was Rs. 3,00,000, consisting of Rs. 1,50,000 from taxes and Rs. 1,50,000 from other sources.

The year 1966-67 is expected to show a surplus of Rs. 50,000, as estimated by the Finance Department. The main sources of revenue are expected to be taxes and other miscellaneous income.

The demands for grants for the year 1966-67 are as follows:

- East Godavari: Rs. 2,174,000
- Andhra Pradesh: Rs. 557,000
- Andhra Pradesh: Rs. 2,215,000
- Andhra Pradesh: Rs. 827,000
- Andhra Pradesh: Rs. 3,977,000

Figures are based on estimates and may vary. The Finance Department will review the demands and make adjustments as necessary.

Annual Financial Statement (Budget) for the year 1966-67  
Voting of Demands for Grants

The Annual Financial Statement for the year 1966-67 includes details of various demands for grants. The statement covers a wide range of topics including Favouritism, Anti-corruption Bureau, and Tribal laws. The statement highlights the importance of suspending certain tribal laws, such as sugarcane paddy, to ensure better management of resources.

Favouritism in the form of special treatment for certain individuals or groups is addressed. The Anti-corruption Bureau plays a crucial role in preventing and investigating corruption cases. Tribal laws are examined with a focus on ensuring that they are applied fairly and without bias.

The statement concludes with a mention of the overall performance, noting that it is better than the previous year by 10%. The document is a comprehensive overview of the financial and administrative decisions made during the year under review.

Voting of Demands for Grants

The year 1966-67.

The year 1966-67.

Final report on the working of the Administrative Reforms Committee was presented to the Assembly. The Committee, appointed by the Governor of the State, consisted of the Minister for Education and the Chief Secretary of the Government of the State. The Committee was appointed to examine the working of the administrative reforms in the State and to make recommendations for their improvement. The Committee's report was unanimously accepted by the Assembly.

The report recommended several changes to the administrative system, including:

- Land revenue codification
- Land laws codification
- Land Revenue codification, Famine code
- Executive instructions

The report also recommended the implementation of the recommendations of the Committee in a phased manner.

The report was widely praised for its thorough examination of the administrative system and its recommendations were implemented in a timely manner.
Annual Financial Statement (Budget) for the year 1966-67

Voting of Demands for Grants

1. The following additions and amendments are proposed:
   - land laws codification
   - legislation amendment

2. The printing of Land Revenue pass books is compulsory in accordance with the executive instruction. Legislation amendment is also required. Legislation amendment is compulsory in accordance with the executive instruction. The printing of Land Revenue pass books is compulsory in accordance with the executive instruction.

Voting of Demands for Grants

Demand No 1—Land Revenue—Rs 87,41,000

Mr Deputy Speaker—I shall now put the cut motions to vote. The question is

"To reduce the allotment of Rs 87,41,000 for Land Revenue by Rs 100

(The failure of the Government to distribute banjar lands to the landless poor and set up effective machinery for the same)"

The cut motion was declared negatived

Sri Pillalamarri Venkateswarlu—Sir, I demand a division by noting down the names

Sri Tenneti Viswanatham—I am sorry, the Chair cannot refuse noting the names. Otherwise what is the division for?

Mr Deputy Speaker—I think the Speaker has the discretion. We shall look into it

Sri Tenneti Viswanatham—I can understand the division is at your discretion. If they are frivolous you can refuse it. What is a division? When we ask, you have got to note the names

Mr Deputy Speaker—Yesterday also I did the same thing

Sri Tenneti Viswanatham—When a division is granted, you have got to call the names

Mr Deputy Speaker—The practice was not there

Ayes 23, Noes 86

The cut motion was negatived

Mr Deputy Speaker—The question is

To reduce the allotment of Rs 87,41,000 for Land Revenue by Rs 100

To disapprove the action of the Government in booking "B" memo, to all Land Lords in Repalli village, Divi taluk in the name of one big landlord, Raja of Chaliapalli

The cut motion was negatived
Mr Deputy Speaker — The question is

(For not complying with the direction of the Supreme Court in collecting the Land Revenue by not giving the receipts as required and making illegal attachment of the properties of the peasants

The cut motion was declared negatived

Sri P Rajagopal Naidu —Sir, I demand a division

931-A—15
The House then divided thus

Ayes 22  Noes 87

The Cut motion was negatived

Sri Pillalamarri Venkateswarlu — For the reasons already stated from this side, I want the names to be noted

Mr Deputy Speaker — Please look at the time. Division is already over. The names need not be noted now

Sri Pillalamarri Venkateswarlu — Excuse me, Sir

Mr Deputy Speaker — I think it is not necessary

Sri P Rajagopala Naidu — You are using discretion always against us

Mr Deputy Speaker — According to Rule 222 of the Andhra Pradesh Legislative Assembly Rules, (1) 'On the conclusion of the debate on the motion, the Speaker shall put the question to the vote of the Assembly and shall decide it by voices. If the opinion of the Speaker as to the decision of the Assembly is challenged, he shall take the votes of the Assembly by division

(2) The Speaker shall determine the method of taking votes by division

(3) The result of a division shall be announced by the Speaker and shall not be challenged

(4) If in the Speaker's opinion, a division is unnecessarily or frivolously claimed, he may call upon the members who challenged the division to rise in their place, and may, after counting them, declare the result of the division

Sri Tenneti Viswanatham — Let us refer to May's Parliamentary Practice

Mr Deputy Speaker — According to sub-rule (5) of Rule 22, 'If in the Speaker's opinion, a division is unnecessarily or frivolously claimed, he may call upon the members who challenged the division to rise in their place, and may, after counting them, declare the result of the division"

Sri Tenneti Viswanatham — I conceded it long ago. When division is granted, you must note down the names

Sri K Brahmananda Reddy — If the Hon Speaker feels that the demand is frivolous, there is no division then
Annual Financial Statement (Budget) for 10th March, 1966

Voting of Demands for Grants

Sir Tenneti Viswanatham — He is within his rights

Sri K Brahmananda Reddy — That is what he says

Sri V V Krishnamraju — It is already late, Sir. This is not the proper time to refer to rules and regulations

Sri Tenneti Viswanatham — I very respectfully submit that there is a method of taking division. Division means calling the names or going into lobbies. It does not mean that we shall simply count the numbers

Mr Deputy Speaker — For ten years this was the practice followed

Sri Tenneti Viswanatham — If there was that practice, that was wrong

[Mr Deputy Speaker again announced the result that the Motion was negatived]

Sri Tenneti Viswanatham — We are submitting, tomorrow this will not form a precedent. If the names are not called, we do not participate or we do not sit in the House at all

Mr Deputy Speaker — The question is

To reduce the allotment of Rs 87,41,000 for Land Revenue by Rs 100

To register protest against the attitude of the Revenue Department in making Narayankhed taluk as a dumping ground of inefficient and corrupt officials

To reduce the allotment of Rs 87,41,000 for Land Revenue by Rs 100

To bring to notice of the Government the high complaint among the officials of the Survey Officials who are conducting the survey in Telengana in general and Narayankhed taluk in particular

The cut motions were negatived

Mr Deputy Speaker — The question is

To reduce the allotment of Rs 7,12,16,000 for District Administration and Miscellaneous by Rs 100

Sir, I demand a division

The House divided thus

Ayes 22, Noes 87

The cut motion was negatived

Mr Deputy Speaker — The question is

To reduce the allotment of Rs 7,12,16,000 for District Administration and Miscellaneous by Rs 100
To reduce the allotment of Rs 7,12,16,000 for District Administration and Miscellaneous by Rs 100

The cut motions were negatived

Mr Deputy Speaker — The question is

To urge the Government to instruct the District Collector, Chittoor, to sanction a drinking water well in the Bamboo Bazar, Madanapalli Municipality as the poor landless (labourers) basket makers of this locality are going without drinking water

The cut motion was negatived

Mr Deputy Speaker — The question is

To urge the Government to sanction fair price shop or retail dealershop of food-grains to the Vaddi labourers of Singanagapalli centre h/o Kurabalakota village, Madanayal Taluk, Chittoor District in one of their names as they are experiencing difficulties with the concerned fair price shop
To reduce the allotment of Rs 7,12,16,000 for District Administration and Miscellaneous by Rs 100

To urge the Government to sanction a Fair price shop or sanction eight bags of food-grains every week to the vaddi labourers of Thakalam varipalli centre h/o 13 Kothakote village, Radamapalli Taluk, as these labourers are inconveniencing by time, distance and credit facilities by the fair price shop at B Kothakota

To reduce the allotment of Rs 7,12,16,000 for District Administration and Miscellaneous by Rs 100

To urge the Government to open a fair price shop or sanction retail dealershop of food-grains in Kothapalli and Suburbs h/o Tummanagutta village, Madanapalli taluk, Chittoor district, immediately, as consumers of this area have to cross a hill to get food-grains at present

To reduce the allotment of Rs 7,12,16,000 for District Administration and Miscellaneous by Rs 100

To criticise the Government for cancelling retail dealershop of food-grains of Sri Y Venkatareddy of Chedabavipalli h/o Bayyappagari-palli village, Madanapalli Taluk, without any reason and to urge them to sanction the same to him immediately

To reduce the allotment of Rs 7,12,16,000 for District Administration and Miscellaneous by Rs 100

To urge the Government to open an Elementary School and provide mid-day meal in Singanagripalli h/o Kurabalakota village, Madanapalli Taluk, Chittoor district as this is inhabited by about 150 houses of vaddies, a denotified tribe and as their children are going without education facilities or incentives

The cut motions were negatived

Demand No XLIII—Compensation to Zamindars—Rs 35,25,000

Mr Deputy Speaker —The question is

To reduce the allotment of Rs 35,25,000 for Compensation to Zamindars by Rs 100

The failure of the Government to pay compensation to landholders in the form of bonds instead of cash.

The cut motion was negatived

Mr. Deputy Speaker :—I shall now put the Demands to vote ,

The question is .

"That the Government be granted a sum not exceeding Rs. 87,41,000 under Demand No 1—Land Revenue".
276 10th March, 1966  Annual Financial Statement (Budget) for
the year 1966-67
Voting of Demands for Grants.

"That the Government be granted a sum not exceeding
Rs 7,12,16,000 under Demand No. X—District Administration and
Miscellaneous"

"That the Government be granted a sum not exceeding
Rs 35,25,000 under Demand No XLIII—Compensation to Zamindars"

The motions were adopted.

(The House then adjourned till Half Past Eight of the Clock on
Friday, the 11th March, 1966)
