PRIORITY COMMITTEES.

*2507 Q.—Sarvasri A. Sarveswara Rao (Eluru) and V. Satyanarayana (Penugonda):—Will hon. the Chief Minister be pleased to state:

(a) whether Priority Committees are formed under the provisions of the Restriction and Control Act for distribution of power for different areas;

(b) whether there are any non-officials in those Committees;

(c) whether a considerable number of schemes were executed without prior sanction of the Priority Committees?

The Chief Minister (Sri K. Brahmananda Reddy):—(a) Yes Sir, at present, however no such priorities Committees are in existence.

(b) No, Sir.

(c) Does not arise, as the committees were formed to determine the priorities for new loads and not to sanction schemes for execution.

2518—1
30th March, 1966.

Oral Answers to Questions.

Sri K. Brahmanandam Reddy:—The recommendation of the Chief Engineer is that there need be no Priority Committee.

(i) Sri. A. Ramalingappa (Mahanthadri).—It is not probable that Priority Committees should be formed.

But it is not probably incumbent that Priority Committees should be formed.

(ii) Sri. A. Ramalingappa.—The Secretary was not drawing any pay, but was allowed.

(iii) Sri. A. Ramalingappa.—The Secretary was not drawing any pay, but was allowed.

ELECTRICITY CONSUMER'S CO OPERATIVE SOCIETY.

1128—

Q.—Sri M. Ram Reddy (Mahanthadri).—Will hon. the Chief Minister be pleased to state:

(a) when the Mahabubnagar Electricity Consumers' Co-operative Society has been taken by the Government;

(b) who was the Secretary of the Society and what was his pay;

(c) is he still drawing his pay:

(d) what was the actual share capital amount subscribed by the consumers of the Society and what was the balance at the time of taking over by the Electricity Board and what is the present balance; and

(e) why the accounts have not been finalised and why the share amounts have not been returned to the members and who is responsible for the delay?

(b) Sri K. Siddalingappa was the Secretary. He had not drawn any pay, but was allowed allowance. This allowance was at the rate of Rs. 125 p.m. until June 1954 ; Rs. 175 p.m. from July 1954 to November, 1957 and Rs. 300 from December, 1957 to December 1960.

(c) No, Sir.
(d) The actual share capital subscribed by the consumers of the Society was Rs. 119,825.06, and it was the same at the time of taking over and it still remains the same.

(e) The audited accounts upto the vesting date, were made available by the Registrar of Co-operative Societies to the Government in March, 1964 and to the Acquisition Officer in March 1965 and they are now under scrutiny by the latter. The share-amounts can be returned only after finalisation of the compensation payable with reference to the audited accounts. The delay has occurred mainly in getting the accounts of the Society audited.

Accounts test Examination by Electricity Board.

Sri S. Venugop (put by Sri A. Saroswara Rao):—Will hon. the Chief Minister be pleased to state:

(b) if answer to (a) is in affirmative what will be the fate of the others who have put in several years of service as L. D.C.s and U.D.C.s.

Sri K. Brahmananda Reddy:—(a) Presumably, the hon. Member is referring to advertisement published by the Andhra Pradesh State Electricity Board, on 15th November, 1965, inviting applications for direct recruitment to the posts of Accountants under the Board the answer is in the affirmative.

(b) Direct recruitment of Accountants by the Electricity Board is resorted to only against 50% of the existing permanent posts in that category as per rules. Even the departmental candidates in the categories of L. D. C’s and U. Statement by Sri Satyanarayana Sinha in the whips Conference at Bangalore.

Is it not a calamity on the opposition side? Is it all right on the ruling party's side? It is 40 years that two parties have been functioning in India. In factories, in shops, in homes, in all the places of work, they are two parties. Our institutions are based on the two-party system. The Constitution is based on the two-party system. Even in the field of politics, it is a matter of fact that there are two parties. In this country, there are two political parties, the Congress and the non-Congress. It is a fact that the two parties have their differences, their disagreements, their conflicts. Even in the field of politics, it is a matter of fact that there are two parties. In this country, there are two political parties, the Congress and the non-Congress. It is a fact that the two parties have their differences, their disagreements, their conflicts.

Who explained the importance of the roles of whips of both the ruling party and opposition and pointed out that they had areas of understanding and areas of disagreement, areas of mutual cooperation and also areas of conflict. Even in areas of disagreement and conflict they should not doubt the motives.

Leader of the Parliament, Sri Sitamayana Sinha, has spoken out in the legislature, as the leader of the opposition party. He has mentioned the privileges of the opposition parties in the state legislatures. The whole legislature is being insulted by the leader of the Parliament, Sir, he says. I regret that I do not mean that. I regret the proceedings of the privileges committee. He says that he has proceeded by order of the Parliament. Sri Sitamayana Sinha has been speaking for the minister, Sir.

Mr. Deputy Speaker:—That I have heard. General re House issues.

Mr. Deputy Speaker:—That I have heard. General re House issues.

Sri P. V. Narasimha Rao:—Mr. Speaker, Sir. In this particular case, Sir, we have to depend more or less on press reports. An authoritative copy of the proceedings of the Conference has not been received so far. And therefore, on both sides we are depending only on the press reports.

Sir, the speech or the statement which is attributed to Sri Satyanarayana Sinha was made by him while presiding over the conference. Therefore, the statement represents one of the opinions that came before the conference for discussion and appropriate recommendation. I would like to submit to the House that, in addition to the statement which is attributed to Sri Sinha which lays down one aspect of the matter, several other aspects also came up for discussion. I am reading from “The Hindu” of the 8th, Sir, in which it is clearly reported:

“Referring to increasing scenes of disorder, the conference suggested that the chief Ministers of States should discuss the matter with the opposition leaders and the whips of various parties. Much of the disorder in the State Legislatures was mainly due to the fact that Ministers and Departmental Heads did not pay prompt attention to the letters of complaint made to them. In many cases replies were not sent at

re: Statement by Sri Satyanarayana Sinha
in the Whips Conference at Bangalore.

all. That revealed, the conference said, an unhealthy state of affairs
and that for the proper working of the democratic system, Ministers
should be responsive to the communications by the Legislators."

So, it is quite clear, Sir, that several opinions were expressed. Some
of the opinions were critical of the opposition members, some of
the opinions were equally critical of the Ministers and the Heads
of Departments and Governments in general. Now, applying these
statements to our own legislature is not good, as has been admitted
time and again that we are a set of very good boys on both sides of the
House. The Ministers are responsive. They cannot be charged
with unresponsiveness. The hon. members of the Opposition cannot be
charged of disobedience. Therefore, if there is any statement like
this we should at least see how far we come into the picture, how far
the statement applies to us. It is quite possible that if this statement
had been slightly qualified by saying; “in some of the legislatures”
perhaps, all this misunderstanding would have been avoided. But,
even so, what is the intention? Let us see. What were the attending
circumstances? What was the atmosphere? What was the forum? Considering all these things, it will be very clear that the
conference was exploring ways and means of improving the tone of
legislatures in the whole country. Even coming to Parliament, Sir,
one House of the Parliament has not witnessed such scenes, viz., the
Rajya Sabha. So, whatever was said applied only to places where such
scenes were witnessed unfortunately. And in the best of, interests of
democracy, it was felt in all sincerity that such scenes should be avoided.

Finally, the recommendation, as read out by Mr. Vavilala Gopala-
krishnayya as had emerged from the conference, it refers neither to
the first criticism nor to the second criticism. It takes into account the
facts as they are and in a very general way saying that this should
not recur. That is how the conference has recommended. But since
the minutes are not there, the proceedings are not there, we are not in a
position to say who spoke what. From the reports it is very clear that
on both sides, there have been comments and comments will have to be
there for the sake of discussion and if in the course of a discussion, one
of the participants in the discussion, expresses a particular view and
that view is pounced upon by us as a statement which is derogatory to
us, than perhaps, no discussion would be possible at all. Therefore,
Sir, I submit that the statement which is attributed to Mr. Sinha as
the statements that are attributed to the other members criticizing
the government and heads of departments are not both applicable to us.
Therefore, we should not take cognisance of it.

Not only that; we have the latest case of General Carinappa in which
our own hon. Speaker has given a very pertinent and a very detailed
ruling. That ruling completely applies to us in this case also because
there also we find that Gen. Cariappa has made certain general remarks.
He did not particularize a particular Assembly or a member or a section.
But his remarks were general. Here a least, Sir, there is a possibility of particularizing because this applies to Assemblies where disorderly
scenes have been witnessed. It cannot be said by any stretch of
imagination that we here sitting in this Assembly, the Opposition
parties of Andhra Pradesh created disorderly scenes in Uttar Pradesh.
Privilege Motion: 30th March, 1966.  

Statement by Sri Satyanarayana Sinha in the Wapi Conference at Bangalore.

Yesterday, Sir, I came across one sentence in a report which exactly coincides with the situation here. The report is like this:

"Most of the murders taking place in Hyderabad as well as the districts of Andhra Pradesh are due to factious tendencies on the part of the local people."

Now, if in Karimnagar district which is a very good district, because it is my district, no murder has taken place, is it possible for any person from Karimnagar to say that he has been charged with factious tendencies? It is not possible. Therefore, this kind of a thing can apply only to places where murders have taken place. Murders have taken place because of such tendencies mostly. Therefore, it is not possible to stretch this language. As I submitted, it could have been circumscribed by saying that in some of the States and things like that. But even so, the intention is so clear that Sri Satyanarayana Sinha cannot be said to have said anything about the opposition parties of the Assemblies where there are no disorderly scenes. In fact, the entire burden of his song was that there should be no disorderly scenes. So from the attendant circumstances and from the intention of the person to whom the statement is attributed......

Mr. Deputy Speaker:—That it is general and not particular.

Sri P.V. Narasimha Rao: Even so, even if it is general, the idea is not to condemn everybody outright. We can make a statement like this. A doctor can say, an expert can say that blindness among men is due to so and so cause. It does not mean all men, because all men are not blind. So, it is a very simple question of logic, and application of a particular statement to a particular state of affairs.......

"The Indian Express" dated 5th January.

"He said the proceedings of the Parliament and Legislatures brought out the widely prevalent practice of the abuse of the right to raise a point of order. It was resorted to in most cases to create disorder, to interrupt the proceedings and to induce irrelevancy. This was a kind of levity which lowered the prestige of the members and also of the Houses.'

Sri P.V. Narasimha Rao:—Even there, he said in most cases.
Privilege Motion:
re: Statement by Sri Satyanarayana Sinha in the Whips Conference at Bangalore.

Mr. Deputy Speaker:—He has referred only to Cariappa's case.

Sri P.V. Narasimha Rao:—In the ruling on Cariappa's case also the hon. Speaker has referred to several other rulings previously made and he has come to the conclusion that the spirit of the Assembly should be that such things should not be taken very narrowly and it does not redound to the dignity and decorum of the House that such generalized statements should be taken seriously and applied to itself where it is not warranted, Sir. Therefore, it does not come under the privilege and there is no need of sending it to the Privileges Committee.

Sri P.V. Narasimha Rao:—Considerations will not vary from man to man. What he has said is the thing to be seen.

"Resolved that Sri V. Brahmayya Sastry be declared eligible to hold the post of Professorship in Bio-chemistry."

"Your letter dated 18th November 1962. Resolved that the Director of Medical Services, Andhra Pradesh, be informed that the University is of the view that V. Brahmayya Sastry, M.Sc., Reader in Bio-chemistry, Kakinada, cannot be promoted as Professor of Bio-chemistry in the same college unless he obtained a Doctorate degree."

"With reference to this Office letter of even number dated 2nd September, 1963, I am to inform you that the Syndicate at its meeting held on 10th July 1965 considered the Syndicate resolution dated 17th August 1963 and the application dated 6th May 1963 of V. Brahmayya Sastry and resolved as follows:

"Resolved that inmodification of the Syndicate resolution dated 17th August 1963 the conditions that V. Brahmayya Sastry, M.Sc., should possess a Doctorate degree be waived and that he be declared eligible to hold the post of Professor in Bio-chemistry, "

Mr. Deputy Speaker:—That I have already read.

"With reference to your letter cited I am by direction to inform you that the exemption has already been given by the Vice-Chancellors at the Conference held on 16-3-63 and to add that this University stands by this decision. I am also to add that according to the rules approved at the last conference held on 25, 27 January, 1964 (referring to the same thing) D.Sc., Ph.D. or M.Sc. is an adequate qualification for holding Professorship in Bio-chemistry subject to the requirement of medical degree being relaxed which is already being done at the Vice-Chancellors Conference . . . ."

Professorships and degrees. . . . .
Privilege Motion:

re: Statement by the Minister for Health in the Assembly.

It was not based on practice and misleading. Intention was not to mislead or give wrong information to the Assembly. Before I proceed to clarify the rules position, I would like to make it clear that the senior-most professor where there are more than one professor, and the professor where there is only one in any speciality of the medical colleges in the State, is treated as head of that particular department. In the case of bio-chemistry speciality, each medical college has only one post of professor and he is also the head of the department. The Indian Medical Council, while making certain general recommendations have also prescribed specific post-graduate qualifications for different categories of posts in each speciality. To get a correct appreciation of the rule position, it is necessary to read the specific recommendations along with the general recommendations. The Indian Medical Council requires that a person including the Director and Head of the Department should among others be a medical graduate. This is the rule quoted by the hon'ble Mr. P. Venkateswarlu also. The Hon'ble Member has himself subscribed to this interpretation in his privilege motion.

Similarly my statement in respect of recommendations of the 2 Vice-Chancellors and subsequent disagreement of the
Andhra University, I reiterate is fully correct both in fact and in spirit as will be evident from the resolution No. 208 of the Syndicate meeting of the Andhra University held on 17th August 1968. While the Vice-Chancellors in their meeting found Sri Brahmayya Sastry as eligible for the post of Professor in Bio-Chemistry, it is specifically rejected by the Syndicate of the Andhra University on the plea that he cannot be promoted as professor in bio-chemistry in the same college unless he obtained a doctorate degree. The hon. Member has referred to the latest resolution passed by the Syndicate of Andhra University agreeing with the view taken by the other two Vice-Chancellors but it has not been communicated either to the Director of Medical Services or the Government. I would however like to mention that neither the resolution of the three Vice-Chancellors nor the decisions of the Syndicate of the Andhra University were in keeping with the recommendations of the Indian Medical Council which require that the Head of Department should invariably possess basic qualifications in Medicine as the post involved was that of the Head of the Department. In pursuance of the resolution of the Syndicate of the Andhra University, the Secretary of the Rangayya Medical College Education Society, Kakinada, in his letter No. 5959 requested the Government to withdraw Sri Brahmayya Sastry as he is not qualified to hold the post of Professor in Biochemistry as per Andhra University regulations. Hence he was withdrawn and posted as Tutor in biochemistry in Andhra Medical College, Visakhapatnam. Sri Brahmayya Sastry while eligible to hold any post in the department of biochemistry except of the Head of Department is not qualified to hold the post of Professor-cum-Head of the Department in terms of the qualifications laid down by the Indian Medical Council and also those laid by the Andhra Pradesh Medical Service Rules. The qualifications laid down under the latter rules are quoted hereunder: In the old Andhra Medical Service Rules before August, 1964—(1) Must have obtained a degree of M.B.B.S. of a University in the State and (2) Must have obtained a degree of Ph.D. or M.Sc. or B.Sc. (Hons.) in bio-chemistry of a University in the State or must be a fellow of the Royal Institute of Chemistry of Great Britain and Ireland. Special Rules for Andhra Pradesh Medical Department in force from August 1964—Basic qualification of M.B.B.S. is necessary for Professor, M.Sc. with bio-chemistry as special subject or Ph.D. So according to this it has been done, Sir. I have not misled the thing. I have told clearly. Hon. Member's quoting of the rules is also the same as mine and the only differences, he understood Head of the Department to be something else, but I said the Professor is the Head of the particular Department of which he is the Professor.

re: Tampering of letters addressed to the Members of the House.

(a) Mr. V. C. Gopalan:— Madam, I have to refer to the first portion of the portion of the letter addressed to the Members of the House. Section 26 (1) of the Indian Post Offices Act 1898, Central Act VI of 1898 empowers Central Government or a State Government or any Officer specially authorised in this behalf by the Central or the State Government to direct by order in writing that any postal article or class or description of postal articles in course of transit by post shall be intercepted or detained etc. These powers are exercisable on the occurrence of any public emergency or in the interests of public safety tranquility according to such circumstances warrant. If it is the suggestion of the Hon’ble Member that the letters addressed to the Members of this House as such are being tampered with, it is not correct. In any case I am not replying to that part of his speech. If he gives Rule 74 notice, then I will find out.

The Adangals are now out in the regular circulars. The Adangals are now out in the regular circulars.
The Minister for Revenue (Sri N. Ramachandra Reddy):--The Collector of Anantapur has reported that no instructions were given to the Village Officers of Uravakara sub-taluk to re-write the Adangals so as to enhance the estimates of outturn of crop. On the other hand according to him the crop cutting experiments which are undertaken intensively on the existing crops has resulted in a different out-turn much lesser than the higher estimates in the entire sub-taluk. Almost the out-turn was below 4 acres making the farmer eligible for revision under the special remission rules.
