Reorganisation — statistical department is one of the main departments for statistical data. Every time that I go in for some statistical data I must search only in the central statistical data department. Besides that we prepare 1964 or 1965 statistics somewhere in 1938 or 19.9. Why can’t we be more up-to-date?

BUSINESS OF THE HOUSE

Mr Speaker—Yes There is an adjournment motion given notice of by Sri T Nagi Reddy, Sri Anjana Reddy, Sri Vavitala Gopalakrishnayya, Sri Kaza Ramanatham and Sri K Govinda Rao, about forcible methods that have been used for collection of loans in a few villages in Anapatu district

Sri T Nagi Reddy —During the forcible collection of loans in Madakasira taluk

Mr Speaker —That is separate

Mr T Nagi Reddy —That is one thing That is disallowed

Mr Speaker,—I have passed orders “Disallowed as the matter cannot be considered as one of recent occurrence, nor is it of recent urgent public importance to suspend the business of the House admitted under Rule 74. Inform the Minister and call it on a day convenient to him. Inform the Member.”
Mr Speaker—Under Rule 74, he can certainly make a statement, and other members—one from each party can make a statement. I would ask the Minister to make his statement, and if necessary allot 2 hours.

Sri T Nagi Reddy—I agree. But I would like through you to suggest to the hon. Minister—I don't know what happened to that case of arrest and beating. I brought this adjournment motion and you did not allow it. But the hon. Minister promised to get information and give it to us. So far it has not come. Now, this is one instance and I have given other instances of Hindupur taluk.

Mr Speaker—But the notice does not say as to when the incident took place.

Sri T Nagi Reddy—The other one is general.

Mr Speaker—I have gone through the entire notice.

Sri T Nagi Reddy—Unfortunately, Sir, the people who are struggling do not give the date. But the seriousness of the incident is so very bad that all his paddy has been reaped by the Government and confiscated, they have taken it away without telling how much they have taken away from the land.

Mr Speaker—If he wants to get it admitted as an adjournment motion, he must bring it under the rules.

Sri T Nagi Reddy—It is true. It is our difficulty and it is your difficulty also, how am I to know the date when I have not received it when the incident took place.

Mr Speaker—in the case of a similar notice in regard to collection of loan arrear, I have disallowed it after hearing the Member and the statement of the Minister for Revenue. I don't consider that a case for giving my consent. I have admitted it under Rule 74. Now, there is another one also and this may be clubbed with that one. As it is, I am admitting them under Rule 74.

Sri T Nagi Reddy—Can we have a word from the Minister about the date when he will be able to answer.

Mr Speaker—I will give him intimation.

Sri Gopala Rishnayya—Let harassment be stopped.
17th July 1967

Business of the House.

Mr Speaker — He says that people had been harassed, that ryots had been harassed in the matter of collection, I do not think the Government will admit it.

Sri V B Raju — I think matters are being very much exaggerated here.

Sri T Nagi Reddy — No, No.

Sri V B Raju — I have got the report with me. These questions get publicity.

Mr Speaker — I have admitted these two notices under Rule 74. I will merge the two notices. What have you got to say?

Sri V B Raju — I want to make one point clear. The reports that Collectors are getting are not actually correct to the fact.

Sri T Nagi Reddy — They are still worse than what his subordinates get.

Sri V B Raju — If that is so, let it be permitted. The Government is prepared to place all reports before the House. But let not reports be exaggerated here.

Sri T Nagi Reddy — The Government is prepared to place the reports of revenue officials and police officials as they give, and the Government is not prepared to take our word for investigation.

Sri V B Raju — The hon. Members get reports from their sources and the Government get reports from their sources.

Sri T Nagi Reddy — He is actually an instigator of force.

Sri V B Raju — I refute the charges. But the fact is, even on this adjournment motion I got a report, and it has been very much exaggerated.

Sri T Nagi Reddy — Nothing. I only want the Revenue Minister to go over to that place. We have been explaining this matter not only in the House, but even previously when the Ministers have come to the districts, they have not cared to come, they get reports from the Revenue Department and the Police. How can justice be done? Even last year, I had warned you that revenue officers are being instigated against the peasantry. Now we hear the Minister's statement and it is going to instigate still further. I only expected that the statement of the opposition will be taken by the Minister.

Sri V B Raju — But, what the Collector has said is, it is so surprising that actually a crime case was launched against the party; the village headman actually went there and he was assaulted by the party; so a case has got to be taken to court. The hon. Member gives a different version here.

Sri T Nagi Reddy — That is police report. Is the Minister prepared to come along with me to the place and make an enquiry about it? Is it not true that they have taken away the crop?

Sri V B Raju — Law and order has to be maintained in the State. They are creating lawlessness in this State.
Mr Speaker — I don’t think the Minister will take the risk of going along with Sri Nago Reddy and conduct a joint enquiry. If it is like this in this House, what will happen there when you go to the joint enquiry? My fear is, when he is getting so much excited here, I do not know what will happen when you together go there.

Mr Speaker — It looks as though when so many Members allege so many things, there seems to be some truth in it.

Sri V B Raju — We are actually doing it. In fact, whenever an hon. Member brings anything to the notice of the Government, immediately by trunk telephone or by telegraphic message we are getting all the reports, and we are at it. We are particularly careful to see that no harassment is made. When the truth is actually brought to the notice of the Collector, he will look into it, but certain things are being exaggerated.

Mr Speaker — The matter is subjudice. Therefore, don’t say anything about the truth or otherwise of the matter. It is for the court to decide.
Mr Speaker - The matter is sub-judice, let the Court decide.

Mr Speaker - That matter is sub-judice, let the Court decide.

POLY OF INFORMATION

re — SCARCITY OF WATER in KRISHNA DELTA

Mr Speaker — Give notice today and I will ask the Minister to make a statement tomorrow.
Mr Speaker—Irrigation Demand is coming up for consideration before the House. He may refer to all these things and the Minister will make a statement.

Mr Speaker—Pay Commission report produce soon. It is likely to be received some time. Does the Government receive the report? Has the Government given extension of time? If the Government has received the report, we want to know when it would be placed before the House, for us to discuss. That has been our request in the last session. I hope the Ministry will take this into consideration and place the report before the House as early as possible.

Sri K Brahmananda Reddy.—I do not know, Sir, it is likely to be received some time.

Sri T Nagi Reddy.—That time is over, 15th is over. How can time be extended?

Sri K Brahmananda Reddy.—What I said last time was that it will be received after 15th.

Sri T Nagi Reddy.—How can it be after 15th? the time can be as at 15th or at 30th, it cannot be after 15th.

Sri C V V Rao—-I want to know whether the Government are going to place it on the Table of the House or not, let it not be lost after this is over. Is there any attitude that the Government wants to escape this session itself. Let the Government tell us and be frank on this point.

Sri K Brahmananda Reddy.—The report must be received. As soon as it is received, we will have to examine it. There is no question of discussion. What has got to be said has already been said. There is no question of discussing the Pay Commission
Business of the House.

The Government will have to study it and take appropriate decisions later on. Now, I do not know what happened in these 2 or 3 days. But, till about 14.15 it was not received, the Commission also said that they will get the report by 15th, that they will take a few days to submit. That is what was said. Tomorrow I will make further enquiries, whether it is received, if received, it is all right, if not received, when it is likely to be received, and I will inform the House tomorrow.

Sri T Nagi Redd.: — Very good. At the same time serious problem. I received a note on Table which was not received. I received a note on Table which was not received. Assembly rules form the discussion. I enquired from the Commission that they will get the report by 15th of the month. They also said that they will take a few days to submit. That is what was said. Tomorrow I will make further enquires, whether it is received, if received, it is all right, if not received, when it is likely to be received, and I will inform the House tomorrow.

BUSINESS OF THE HOUSE

Sri G Sivanah — Mr Speaker, Sir, I have given an adjournment motion on the Pay Commission's report.
Mr Speaker — I am extremely sorry for the allegations he is making. I will take out from the old records and inform the House how many times I called him during question hour. He is really wounding my feelings.

Mr Speaker — I am really sorry at this rate, if members go on making allegations against me, I don’t think—

Sri Vavilala Gopalakrishnaiah — I do not want to wound you. I never intended to wound you. What I said is not against you.

Sri K. Brahmanna Reddy — His complaint is not against the Speaker. His complaint is against the front benchers who always—

Sri Vavilala Gopalakrishnaiah — That is my complaint. It is not at all against you.

Mr Speaker — Is it the complaint that I am only seeing the front bench men and not the people in the back?

Sri Vavilala Gopalakrishnaiah — Not at all.

Mr Speaker — They have a say behind, so they don’t look around and see who is standing there. It is for the Speaker to see and call one after the other.

Sri K. Govind Rao — If the same arrangement is proposed for the Ministers also, we have no objection.

Mr Speaker — Every hon. Member is labouring under a wrong motion and it is a misnomer to think that only people in the front benches are able to attract my attention and not those who are sitting in the back benches.
Sri K. Brahmananda Reddy:— They attract your attention better.

Mr Speaker.— Everybody is able to attract. There are some people who by their behaviour or conduct are able to attract my attention better.

Sri G Siviah.—I have given an adjournment motion regarding the water pumping schemes.

Mr Speaker.— I do not remember whether it has come to me or not.

Sri G Siviah.— It is most urgent, Sir.

Mr Speaker.— So far, it has not come to me and if I have already passed orders it will be communicated to you.

Sri G Siviah.— I have given a call attention motion under Rule 74 which has been admitted by you regarding T C Mills, Tirupathi. The hunger strike is going on there and the employees are thrown out and there is a lock-out of the mills. The date has to be given by the hon. Minister for Labour. Please direct him to give a date. This is a serious matter in that from 15th last lakhs of people are going on hunger strike.

Mr Speaker.— I have already admitted it under Rule 74. I have asked the office to fix the date in consultation with the Minister. As soon as he gives the date it will be communicated to the hon. Member.

"Don’t think that it is a great thing to wear terylene slack shirts. Even pick-pocketeers wear them. It is disgraceful and shameful on your part. Don’t show me your face and so forth.

making adequate bulk purchases. Stores purchasing agents should
be instructed to make provision for larger orders in the present
year to deal with the anticipated increase in demand. Stores

other departments. Special attention should be given to

Customers undertakings are subject to teething troubles. A number
of medical stores are already manufacturing in their stores.

Stocking facility for such stores is desirable. Samples are being
tested to ensure their quality. The annual financial report
of the Stores Department suggests a need for a more systematic
approach to the matter of stocking facilities. It is proposed
that the Stores Department should undertake the testing of
samples and ensure their quality. The Stores Department
should also provide facilities for the testing of samples.

A sum of Rs 3 37 lakhs is provided for these homes

Under the Social and Moral Hygiene programme, 4 District Shelters were being run as short stay Homes and these shelters were to serve as feeders to the State Homes. As it was considered unnecessary to have such shelters due to the fact that people come to the State Home straight away, the 4 District Shelters have been converted into two service homes, Vijayawada and Warangal with a sanctioned strength of 30 Adults and 15 Children each. The Homes were opened during 1966-67 and have now a strength of 20 adults and 11 children at Warangal and 25 adults and 5 children at Vijayawada.

The provision made for these Homes is Rs 28,600.

The total provision on account of Women Welfare Department under this grant is Rs 4 28 lakhs

**Beggar Homes**

The Beggar Homes which were under the control of the Director of Social Welfare were transferred to the control of Municipal Corporation of Hyderabad in the year 1963. The Director of Social Welfare releases funds under "Grants-in-aid to the Municipal Corporation, Hyderabad". The Scheme is implemented by Corporation.

In the year 1966-67 an amount of Rs 22,000 was released to Municipal Corporation, Hyderabad. An amount of Rs 61,000 is provided in 1967-68 in the budget for the maintenance of Beggar Homes. The allotments during 1966-67 and 1967-68 are given in the Annexure.

The Municipal Corporation, Hyderabad had an unspent balance of Rs 41,600 of previous year. Taking into consideration this available balance with the Corporation only an amount of Rs 22,000 was released in 1966-67 and the balance of Rs 41,600 available under this provision was surrendered to the Government.

The reduction in R.E. 1966-67 and B.E. 1967-68 is due to the retrenchment of certain staff and 10 percent cut.

The existing Beggar Home at Lallapet (Secunderabad) under the control of Corporation is having a sanctioned strength of 200. This is subsequently raised to 300 by the Managing Committee of the Home. The present actual strength is 132.
