Small Scale Industries

*602 Q—Sri K Rajamallu—Will the Hon. Minister for Industries be please to state

(a) whether it is a fact that the progress of small scale industries already established and recently introduced have not been successful so far due to lack of high level technical guidance for the various schemes and inadequate managerial skill;

(b) if so, how the Government is going to improve the methods for the progress of the small scale industries in the State, and

(c) how many of the above industries are actually on running condition and what are they?

The Minister for Industries (Sri B V Gurumurthy):— (a) The Industries Department have set up Small Scale Industries units in the State to serve the triple object of training artisans, providing servicing facilities and serving as pilot production units to help other entrepreneurs to develop similar units. While training and servicing centres have served their objectives, the pilot production units have not proved quite successful due to difficulties in recruitment of suitable technical personnel etc.

(b) With a view to providing greater flexibility in the running of the pilot production centres some of them have been transferred to the control of the Andhra Pradesh Small Scale Industrial Development Corporation. The Corporation after careful study is re-organising these units so as to make them viable and commercially sound.

* 648 Q — Sri Ch. Rajeswara Rao — Will the Hon. Minister or Municipal Administration be pleased to state:

(a) whether it is a fact that the State Government have addressed the Life Insurance Corporation of India for funds for the development of satellite township at Kukatpalli and for the construction of multi-storied building at Mukramjahi road; and

(b) if so, what are the details of the proposals submitted by the Housing Board in this regard?
The Minister for Municipal Administration (Sri N Chanchurama Naidu).

(a) The requirements of Life Insurance Corporation funds during 1964-65 for implementing the various housing schemes in this State including the funds required for the development of Satellite township at Kukatpally and for the construction of multi-storeyed buildings at Mukaramjahi Road were intimated to the Government of India in July 1964.

(b) A statement furnishing details of the two Schemes is placed on the Table of the House

STATEMENT LAID ON THE TABLE OF THE HOUSE
[Vide-Answer to Clause (b) of the L A Q No 445 (* 648 )]

Satellite township at Kukatpally

The Housing Board has notified about 4,700 acres of land at Kukatpally with a view to build a satellite township at Kukatpally for relieving shortage of housing accommodation in the twin cities. Out of this, an area of about 436 acres was released in favour of the Indian Detonators Ltd for establishing an explosive factory. Out of the remaining area which is being acquired by the Board, the Government of India want an area of about 1,000 acres for the construction of offices and residential quarters for their staff. The actual number of houses to be constructed and the total cost of the scheme will be known after the lands are acquired, and plans and estimates are prepared. The Government have authorised the Special Deputy Collector, Land Acquisition, Andhra Pradesh Housing Board, to exercise the powers of Collector under the Land Acquisition Act, 1894 for acquiring the lands. The Land Acquisition proceedings are under progress. On a Writ Petition filed by one of the owners of the lands at Kukatpally, the High Court of Andhra Pradesh held section 40-B of the Andhra Pradesh Housing Board Act, 1956, relating to the payment of compensation, as unconstitutional. Therefore the Housing Board has been requested to pay compensation for the lands as under the Land Acquisition Act, 1894.

Construction of Multi-Storeyed Buildings at Mukaramjahi Road

The Andhra Pradesh Board has taken up the construction of multi-storeyed buildings at Mukaramjahi Road which will be a composite project comprising residential plots for persons belonging to the Low Income and Middle Income Groups and offices and shops on the lands which have been transferred to the Housing Board by the Government. The Scheme will also help in solving the problem of residential accommodation and the problem of finding accommodation for the various offices and shops. At present, two blocks have been taken up for construction as indicated below:

1. Office Block (Seven Storeyed)
2. Shops, residential flats (7 storeyed) (8 shops and 24 flats)

Both the blocks taken up are over pile foundations and of RCC framed structure. A loan of Rs 5.00 lakhs was sanctioned by the Government in March 1965 for expenditure on this project.

The Housing Board has sanctioned Rs 17.10 lakhs and Rs 11.40 lakhs for office block and shops and residential flats respectively. So far as the office block is concerned, the superstructure work is completed as per agreement. As regards shops and residential flats,
the pile cap plinth beam work is in progress. After the completion of piling work the superstructure will be commenced. The total expenditure incurred on the Scheme so far is Rs. 2.68 lakhs.

(a) whether it is a fact that the Revenue Department has issued a Memo No. 1894-U/62, dated 30-11-1963 giving protection to pay and allowances to the personnel who are absorbed in other departments consequent on the abolition of the Jagirdary Debt Settlement Board

(b) whether it is also a fact that the Finance Department has issued another G.O. No. 115, D.I. 30-3-1964 fixing the pay of the absorbed personnel at the minimum of the pay scale of the post in which
Oral Answers to Questions. 18th July, 1967. 343

they were absorbed contrary to the Revenue Dept. Memo. referred to above and if so, the reasons therefor,

(c) whether it is a fact that some of the personnel who are absorbed in other Departments were given the protection for pay as laid down in Revenue Department Memorandum, and

(d) the reasons for not giving the same protection for the personnel absorbed in the Local Funds Audit Department?

Sri K. Brahmananda Reddy.—(a) Yes, Sir

(b) This is not altogether correct as their pay was fixed at the minimum of the time scale of the post in which they were absorbed, actually plus grade increments counting the length of their service in an identical or higher grade.

(c) The information is required to be gathered from various Departments wherever the personnel in question were absorbed.

(d) The reasons are that as there is no provision in the T & A subordinate service Rules for appointment by transfer to the posts, the appointment of the persons was treated as direct recruitment and yet on their absorption, as a matter of concession, the benefit of fixation of pay extended to retrenched employees on their absorption as stated at (b) above was given to them.

Sri K. Brahmananda Reddy.—"Not exactly correct" as the information required is to be gathered from various Departments wherever the personnel in question were absorbed.

Draft Code for Legislators & Officers

447—

* 979 Q.—Sri C. V. K. Rao:—Will the Chief Minister be pleased to state:

whether the Government have received the draft code regulating the relationship between Legislators and Government Officers from Government of India, Ministry of Home Affairs?

Sri K. Brahmananda Reddy.—The answer is in the negative.

Sri K. V. S:—The Government have not received any draft code from Government of India, Ministry of Home Affairs.
18th July, 1967.

Oral Answers to Questions.

Sri P. Subbaiah (Yerragondipalem).—Is there any Code now existing in Andhra Pradesh for regulating the legislators and officers?

Sri K. Brahmananda Reddy.—There are instructions, but no Code. There are already instructions in the State Government officers dealing with the members of Parliament or State Legislators, issued in G O Ms No. 1293 dated 22-8-1938. These instructions were reiterated in D O letter dated 16-4-1965 and again in Memorandum dated 3-5-1967.

Sri. M. Venkataramuni.—In the existing Codes for legislators the term “Recommend” or “Reply recommended” is not included. A reply is either negative or positive. The term “Received” is included in the Codes of various Services, after it is examined. But with regard to some matters relating to services, etc., it is very difficult to reply in the sense. In the case of promotion, it is difficult. The promotion is required, and the promotions are taken up by the office of the Department, and the matter is referred to the Board of Examiners. After examination of the reports, the Board of Examiners may make a recommendation. After that, the matter is referred to the Government for final decision.

PRIVILEGE MOTIONS

re. - NON-LAYING OF THE ANNUAL ACCOUNTS OF THE ANDHRA PRADESH ELECTRICITY BOARD

Mr. Speaker — There are three Privilege Notices given by the Members. The first one is given notice of by Sri G Ramaswamy Reddy and Sri Vavitla Gopalakrishnayya regarding the non-laying of the Annual Accounts of the Andhra Pradesh Electricity Board. The Notice reads like this:

"I give notice of the following Privilege Motion:

'The Annual Accounts of the Andhra Pradesh Electricity Board have not so far been laid on the Table of the House as required in sub-section (5) of Section 69 of the Electricity Supply Act 1948. This is a clear contempt of the House for not laying the Annual Accounts on the Table of the House so far. I request that this matter may be referred to the Privileges Committee for consideration.'

The Board shall cause proper accounts and other records thereto to be kept, including a proper system of internal control and prepare an annual statement of accounts, including the profit and loss account and the balance sheet in such form as may be prescribed by the State Government in consultation with the Comptroller and Auditor General of India.
Privilege Motion: 

re: Non-laying of the Annual Accounts of the Andhra Pradesh Electricity Board.

(2) The accounts of the Board shall be audited by the Comptroller and Auditor General of India or by such person as he may authorise in this behalf and any expenditure incurred by him in connection with such audit shall be payable by the Board to the Comptroller and Auditor-General of India.

(3) The Comptroller and Auditor-General of India and any person authorised by him in connection with the audit of the accounts of the Board shall have the same rights, privileges and authority in connection with such audit as the Comptroller and Auditor-General of India has in connection with the audit of Government accounts and in particular shall have the right to demand the production of books, accounts, connected vouchers and other documents and papers and to inspect any of the offices of the Board.

(4) The accounts of the Board as certified by the Comptroller and Auditor-General of India or any other person authorised by him in this behalf together with the audit report thereon shall be forwarded annually to the State Government and that Government may issue such instructions to the Board in respect thereof as it deems fit and the Board shall comply with such instructions.

(5) The State Government shall—

(a) Cause the accounts of the Board together with the audit report thereon forwarded to it under sub-section (4) to be laid annually before the State Legislature.

(b) cause the accounts of the Board to be published in the prescribed manner and make available copies thereof on sale at a reasonable price.
Privilege Motion: 18th July, 1967

Re: Non-laying of the Annual Accounts of the Andhra Pradesh Electricity Board.

Mr Speaker: This is brought to the notice of the Department.

Sri K. Brahmananda Reddy: We have replied to the Legislature Secretariat.

Mr Speaker: Some Mr Khan has signed. I do not know what his status is and what he is in the Secretariat. One Mr Khan has sent the explanation. It is not seen from the letter what status he holds in the Secretariat.

Sri K. Brahmananda Reddy: From A Krishnaswamy, I.A.S., Special Secretary to the Government to Mr. Speaker. 3. Secretary to the Government, Legislature Department.

Mr Speaker: But signed by Mr. Khan. Not even a copy or anything but signed by him. I do not know, whether he is a Superintendent or Head Clerk or Assistant Secretary or the Deputy Secretary and what status he has.

Sri K. Brahmananda Reddy: He is Assistant Secretary.

Mr Speaker: I do not know. That is not to be seen from the letter which he has communicated to the Legislature Secretariat.

Sri K Brahmananda Reddy: The letter is from the Secretary, Sir. If you see the top, the letter is from the Secretary.

Mr Speaker: And it can be signed by anybody?
18th July, 1967.

Privilege Motion.

re: Non-laying of the Annual Accounts
of the Andhra Pradesh Electricity Board.

Sri K. Brahmananda Reddy.—Why not Sir? Several Government Orders are signed by others. He is for instance...

Mr Speaker,—At least I must know what his status is. Supposing, it is signed even by a clerk.

Sri K. Brahmananda Reddy.—The point is, even some orders of Government, for instance, are signed by Assistant Secretary or Deputy Secretary or somebody else.

Mr Speaker—So far as I am concerned, directly I don't correspond with any officer of the Secretariat. I only write D. O. letters to the Ministers. I don't correspond with anybody.

Sri K. Brahmananda Reddy—This is not a case of Legislature Secretary asking us anything or the hon. Speaker.

Mr Speaker—It is the Legislature Secretary that asked for the explanation under my instructions. It is he who called for the explanation of the Department.

Sri K. Brahmananda Reddy.—“It may be mentioned in this connection that on the orders of the hon. Speaker, the Legislature Department have addressed this department recently to furnish the reasons for the delays and so on. The circumstances under which the delay occurred together with the practical difficulties experienced by the Electricity Board in the finalisation of its accounts has been explained to the Legislature Department in this Department letter so and so.”

Mr Speaker—These are my instructions to the office.

“Please let me know whether the audit reports had to be placed on the Table of the House and if so when these reports should have been placed and also whether for all these years these reports have been placed on the Table of the House or not. I should like to know who is responsible for this long delay and whether any action has been taken.” The Electricity Board came into existence in the year 1959. It is now eight years since the Board came into being. There is a statutory obligation on the part of the Government to place on the Table of the House every year an annual account along with the Audit Report. All these 8 years, it had not been placed on the Table of the House.

Sri K. Rajamaullu (Chennur)—I would like to know who is responsible for such long delay. It is the Minister concerned or the Secretary concerned? Who is that person, we would like to know.

Mr. Speaker.—It is a matter extending over eight years. Number of people would have come and gone. There would have been change of hands very often.

Sri K. Brahmananda Reddy—I think the letter from the Special Secretary has been gone through.

Mr. Speaker—-I have not yet gone through the letter.
Privilege Motion: re: Non-laying of the Annual Accounts of the Andhra Pradesh Electricity Board.

16th July, 1967.

Sri K. Brahmananda Reddy — "Perhaps, there is an impression that during these intervening years proper accounts have not been kept. In this connection, the Electricity Board reported that every year proper accounts have been maintained, the years' balance sheet was struck and made available to the Legislature as part of almost all the administration reports... apart from the details contained in the..."

Mr. Speaker — We are not concerned with the difficulties of the Department. There is a statutory obligation on the part of the Government to place it on the Table of the House every year. Why this obligation has not been complied with? They may have sent administration reports and all that, that is a different matter. This is a matter of audit — the report as audited by the Accountant General or whoever it may be. (Interruption)

Mr Speaker — I am not concerned with other things. I am only concerned whether it amounts to contempt of the House or not. Whatever the reasons that may be, if the statutory obligation is not complied with, what is the next course? Has this House any power or not; that is the only thing I am concerned with at this stage.

Sri Vavilala Gopalakrishnayya — I think it has the inherent power.

Mr Speaker — If that obligation is not there in the Act, I don't think this House can proceed against anybody. If for a number of years that is not complied with, has this House any right to ask, that is the point. Who are responsible is for the Privileges Committee to enquire.

Sri C V K. Rao — During all these long eight years whether they have been audited or not. The Chief Minister appears to give an impression that they have not been audited at all, not seen the light of the day.

Sri K. Brahmananda Reddy — They have been laid on the Table of the House. The question is —

Mr. Speaker — They have not yet been laid on the Table of the House because I have not yet given my permission.

Sri K. Brahmananda Reddy — They have been sent here.

Mr Speaker — But not laid on the Table of the House.

Atul Ramasabhapathi — They are only balance sheets, not the reports. That is what the Chief Minister himself said.

Sri C V K. Rao — This is another contempt to say a wrong thing that they have been laid on the Table of the House.

Mr Speaker — He said it has been sent to the Legislature Secretariat.
Privilege Motion:

Non-laying of the Annual Accounts of the Andhra Pradesh Electricity Board.

Sri C.V.K. Rao —The hon. Chief Minister is too confident about himself.

Mr. Speaker —I would like to know what the Chief Minister has got to say in this matter.

Sri K. Brahmananda Reddy —What can I say? There is nothing to be said. Whatever has been there it has been explained in that letter.

Sri G. Siviah —Any penal provision for taking action against the Ministers?

Mr. Speaker —The penal provision is to refer the matter to the Privileges Committee and then if it is proved and if they consider that it is a case amounting to contempt of the House, they will recommend the nature of the punishment to be awarded to the persons who are actually responsible or held liable by them. That will be later on.

It appears to be the fittest case for reference to the Privileges Committee because the statutory obligation which has been cast on the Board they have violated for a period of eight years. Therefore, it is a fittest case for reference to the Privileges Committee.
Privilege Motion.

18th July, 1967.

re: Incorrect information regarding financial assistance to men of letters

Mr. Speaker — I shall give my decision day after tomorrow.

re: — Incorrect information regarding financial assistance to men of letters

Mr. Speaker — Sri Badiri Visal Pitti has given notice of breach of privilege against the Minister for Education. The notice reads like this:

"In reply to question No 357, the hon. Minister for Education has furnished the list of persons to whom financial assistance was given during 1966-67 under the scheme of financial assistance to men of Letters and Art who are in indigent circumstances on 12-7-1967.

It has been mentioned in that list that Sri Raghavendra Rao, Sri S Subba Rao, Smt. D Hemalatha and Sri Hafeez Abu Yousuf are being paid per month Rs. 150, Rs 150, Rs 125 and Rs 126, respectively.

The basis for giving financial assistance is as follows —

The persons who have made contributions in art and letters are now in indigent circumstances... the persons who have significant place in art and letters... the means of such persons should not exceed Rs 150 per month.

While introducing the Demand No XVII Education Department for 1967-68, the hon. Minister for Education stated that the grants ranging from Rs 50 to Rs 100 are being paid to each of them under the scheme of financial assistance to men of letters and art who are in indigent circumstances.
Privilege Motion:
re Incorrect information regarding financial assistance to min of letters.

The hon Minister for Education has committed a breach of privilege by giving the above false information.

What has Mr Pitti to say about his motion?

Sri C V K Rao.—You are not placing on the Table A copy of the notice.

Mr Speaker.—It won’t be circulated.

Sri T V Raghavulu.—I request the hon Member to speak in English so that I can follow what he says.

Mr Speaker.—He seems to have made a principle not to speak in English. I do not want to compel him. I can’t compel him.

Sri T V Raghavulu.—If he can speak in Telugu, it will be better. It is not a question of compelling anybody, but the speech is also meant for me. When it is meant for me, I should have the privilege to hear and understand him.

Mr Speaker.—He has sent the notice in Telugu, but I don’t think he is fully conversant in Telugu.

Sri T V Raghavulu.—In these times, I think the speech should be in English as it is meant for the whole legislative body.
Privilege Motion - 18th July, 1907.

re Incorrect information regarding financial assistance to men of letters

The private means of the applicant must not exceed Rs. 150/- per month.

If the private means exceed Rs. 150/- per month, it is a matter of opinion, people may differ.
Privilege Motion: re: Incorrect information regarding financial assistance to men of letters.

Mr Speaker—I may have one opinion about one person. Another person might have another opinion about him. All people will not have the same opinion about one person.

Sri T. Nagi Reddy,—The question here is mainly regarding the privilege on a wrong information that has been supplied by the hon Minister. Under Section 3, that he has not provided the real and correct answer. By having given certain...

Mr Speaker—We are only concerned with that point.

Sri T. Nagi Reddy—Exactly. By having given certain amount for some people who are already having some means, more than the means provided for in the rules.

Mr Speaker—I appeal to the hon Members not to personally make any kind of aspersions or reflections on those gentlemen.

Mr Speaker—Yes. I will certainly call him.

re; Incorrect information regarding financial assistance to men of letters

Mr Speaker — He may or may not believe in rebirth and all that. We are not concerned with it. The only point is that certain guiding principles have been laid down to be followed by the Government in the matter of giving financial aid. Perhaps, some people may be men of letters. Whether the failure to comply with the guiding principles amounts to breach of privilege, is not the point. Inspite of those principles, Government must have considered them deserving in their own way. They might give. They did not follow or failed to comply with the guiding principles is not the point. The answer given by Mr T V Raghavulu in reply to a question put by some body was that at the rate of Rs 150, each gentlemen is being paid. Later on, while presenting the Demands, guiding principles are laid down there. Simply because some body has been given this financial aid, simply because these guiding principles are not followed, you cannot say that it amounts to a breach of privilege.

Sri T Nagi Reddy — We did not say because of that ———

Mr Speaker — The question is whether deliberately he has made a false statement in the House with the idea of misleading the House or any other member of the House. What is the statement which we are referring to and saying that it is incorrect or false statement? Let us be clear about these things because a breach of privilege against any member is a very serious matter. Before I feel to refer it to the Committee on Privileges, you must show that he has made a deliberate statement. That is one thing. Then ‘with the intention of misleading the House’ That is very important. Any member may make an incorrect statement. Any Minister may make unintentionally and then correct himself afterwards. As a matter of fact, the hon Chief Minister said it was Rs 150 per annum. That is also incorrect. Immediately, the Minister concerned corrected and said that it was Rs 150 per month. Whether he deliberately gave the information to the House with an idea of misleading the House, is the point. Whether he has made an incorrect or false statement, according to you, what is that false statement he has made?

Deliberate ... Deliberate ... ....

Mr Speaker — The first thing is, he must have made an incorrect statement,

Incorrect information regarding financial assistance to a member of letters

Mr Speaker — I give the proceedings... It has been verified also from the tape recorder.

Mr Speaker — Let me tell the facts. The information given by the hon Minister was with regard to the name and the amount paid to the persons last year i.e. 1966-67. That year is over. Now this relates to the speech made by the hon Minister for this year i.e. 1967-68. The names of persons who were paid, that information relates to last year, please have that in mind.

Mr Speaker — Another thing I have been told about it even previously. When any Member of this House says that he has no intention, I have always given highest respect and regard for whatever statement any Member says. If a Member says: "It is not my intention," I am prepared to accept it. And the Minister says that it was not his intention. I am prepared to accept it. After all, there is no reason for any Member to mislead the House; and

even if he does it, he can say "I have done it" and I am prepared to accept it. That is the kind of integrity, I expect.

Sri T Nagi Reddy —He says that it was not his intention.

Mr Speaker — Yes. The question is whether it amounts to breach of privilege. If the Minister says that it was not his intention, I will accept it. That is a different matter altogether.

Sri T Nagi Reddy —He has laid on the Table of the House a statement. He has laid on the Table of the House a statement. If the Minister says that it was not his intention.

Mr Speaker — That he has not said.

Sri T. Nagi Reddy — All right. Leave it. We are now referring only to the statement made by him during the question hour.

Privilege Motion:

re: Incorrect information regarding writ petitions concerning misappropriations of money in the Engineering College, Kakinada.

Sri T Nagi Reddy—Now the point is— he has said these are the persons, i.e., the names that he has given, here is the list of persons to whom financial assistance was given during 1966-67 under the scheme of financial assistance to men of letters and art who are in indigent circumstances—that means, he has provided a list of persons who are not only men of art, but also in indigent circumstances.

An hon Member It is 'or' and not are

Sri T Nagi Reddy—No, it reads like this “to men of letters and art who are in indigent circumstances.” After ‘who’ there cannot be ‘or’, it is only ‘are’. It is very clear—they are men of art and they are also in indigent circumstances. That is the point. Of the names that have been given here, at least four of them listed out by Mr. Badri Vishal Pitti—a very clear indication is there that they are not in indigent circumstances, but are highly above the means which are expected by ordinary human beings. And there is another thing it is said “provided the means of the applicant must not exceed Rs 150 per month.” The basis also has been given in the very same answer which he has laid on the Table of the House. Therefore the basis is given, everything is given. Therefore this statement is not true to facts. When the Minister has laid the statement on the Table of the House, we cannot go to somebody else; we have to catch him (the Minister), whom else can we talk about? We cannot talk about the Officer who has furnished the answer to the Minister, we catch hold of the Minister and say “Your statement is not correct” and he has to catch hold of somebody who has furnished him the reply and say “It is not true.” Therefore this is a matter of privilege and we have to decide in the Privileges Committee. When the Minister makes a statement without his knowledge that the statement is not correct, then what is the procedure that we should adopt?

re—Incorrect information regarding writ petitions concerning misappropriations of money in the Engineering College, Kakinada.

Mr Speaker.—There is another one against Mr. Raghavulu given notice of by Mr. Ratnasabhapathi and Mr. Rajan. It reads like this. “While answering question No 383 dated 14-7-67 the Hon’ble Minister for Education stated that there were writ petitions pending in the High Court concerning misappropriations of money in the Engineering College Hostel, Kakinada. This information was given by the Hon’ble Minister in answer to supplementary put by members as to what actions were taken on the guilty. This information is contrary to the facts. The two writ petitions filed by Sri Damodaram, principal of the Engineering College, Kakinada were transferred to Anantapur and been dismissed by the High Court as far back as 28th April 67. This statement of untruth has been made by the Hon’ble Minister with a deliberate intention.

Incorrect information regarding petitions concerning appropriations of money in the Engineering College, Kaknada.

Mr Speaker - There are two things. The first thing is to say that it is an incorrect statement. If you proceed on the assumption that the Minister made an incorrect statement and the Minister says...
Privilege Motion: re Incorrect information regarding writ petition concerning misappropriation of money in the Engineering College, Kakumada.

"Of course it is an incorrect statement, I did not have that intention" that is a different matter. There he is proceeding on the assumption that it is an incorrect statement. But if he says "I have not made any incorrect statement" what is the position? There are one or two or three cases - we do not know, a number of cases have been launched against the persons who have misappropriated, they are pending.

Sri B. Ratnasabhapathi - I have got my own submission to clear the whole thing. The discussion has been cleared. The writ petitions filed in the High Court have been dismissed and the reference was only to High Court.

Mr Speaker - How?

Sri B. Ratnasabhapathi - No mention has been made of any other Court.

Mr Speaker - 'Cases' means plural - more than one. But there is only one writ petition filed in the High Court. I don't know exactly.

Sri B. Ratnasabhapathi - There are two writ petitions, Sir.

Sri G Sivayya - Here it is very clear he referred only to High Court and not to any other court.

Sri C V K. Rao - It was I who put the question, Sir. Whether any moneys were misappropriated by the members of the Hostel Committee? The Minister's answer was that excepting one person who got over it, the rest of the cases are there. There is no point in diverting that point. Excepting one person who got over it by judicial process, the rest of them are there - that is the answer in this House. We need not divert that point. Those cases should be pursued in a court of law and those boys and workers were deprived of their money.

Mr Speaker - See how fair-minded he is.

Sri B. Ratnasabhapathi - We are not discussing Mr. Rao's point. We are concerned now with the statement of the Minister which is not correct. We got the answer that the writ petitions were still pending in a court of law. A reference was only made to High Court - never to a court other than that. That is the main question; let us discuss on that.

The Minister for Health and Medicine (Sri P. V Namasivaya Rao) - The essence of all the debate is that there is some misunderstanding; the Minister referred to cases in Kakumada, but the hon. Member understood it to mean the case in the High Court. That is the impression, that has been cleared out.

re: Incorrect information regarding writ petition concerning misappropriations of money in the Engineering College, Kakinada

18th July, 1967. 385

Sri B Ratnasabhapathi —There is a tendency, there is a habit to say that I have misunderstood. The Ministers are trying to evade answers which are not in the current context correct. These judgments (in respect of cases in the High Court) have been pronounced and on the plea that they have not been received, there is a tendency to tell us that they are still pending. Judgments have been pronounced and so long as they (the Government) are represented by a Counsel, they are deemed to have been received. That is the point which I am trying to drive at.

Sri G Sivayya —It is very clear the subject is concerned with the Education Minister and there were two writ petitions where he ought to have known that they had already been dismissed before he took charge or afterwards. During the course of discussions he has clearly referred to the High Court, he has never said about the other courts. It was I who put the supplementary question. He has clearly referred to the case in the High Court and said that it is pending. When I asked ‘what have you not laid the charge-sheet’ he said it is still in High Court. The entire speech gives the same thing. Therefore he has deliberately misled the House on the point.

Mr Speaker —No question was put to the Minister whether any writ petitions are pending in the High Court.

Sri T. Nagi Reddy —The Minister on his own said that he has referred to the cases. He has referred twice to the cases and in both the places he has only referred to the High Court. He has referred only twice. Once he said...

We can only think that he has been referring to the High Court and not to any other court.

It is for your decision.

Mr. Speaker —I will go through the entire thing.

Sri T Nagi Reddy —The hon. Minister must be more specific on certain points. Vague answers will certainly mislead. Supplementary being answered by the Minister and he will have to understand them in the proper light. So he will have to be more specific. If he is not specific, certainly, it is a question of deliberate or otherwise misleading the House.

Sri C V K Rao — I have a matter to be brought before this House — that the Maharashtra Government has warned Andhra — it is a very serious matter, they want to serve legal notice on Andhra Pradesh regarding the second phase of Nagarjunasagar. In recent times we have been reading about the Israel war — it is like that. As we have seen in the morning paper, it appears as though Maharashtra has challenged this Government and it is a matter of serious concern and I request the Hon'ble Chief Minister to make a statement on this because it concerns the entire State and a large section of the ryots. That is my request to you Sir.

re: Integration proposal of Engineering personnel in the State.

Sri J Eswara Reddy —Mr Speaker Sir, as far as Section 115 of States Reorganisation Act is concerned, the Central Government has no jurisdiction over this issue. Legal opinion may be sought.

On 31-10-56, i.e., prior to the Reorganisation of States, there were certain posts in each and every category and there were personnel also to man the posts in Telangana and Andhra Regions. These personnel were there to execute the plan works, these were not created and personnel promoted to these posts in order to give advantage to some in view of the formation of Andhra Pradesh. The equitable solution would be to take the length of service of the personnel in each category as on 31-10-1963 and to integrate them. That was the stand of the Government of Andhra Pradesh up to 1966. What made the Government to reserve the stand even without referring the matter to the Law Department? Just because the Central Government had given certain directions, does it mean that the stand of the State Government all these years was unjust? Does the Government want to integrate the services of officers taking the services of the officers at the lowest category, which is unjust and against principles of natural justice? I want the Minister to reply to this.

Sri V R. Raju —Sir, the Chief Minister had gone to the Hospital and had asked me to read a statement on his behalf.

Sir, Under Sections 115 and 5 of the States Reorganisation Act of 1956, the Central Government may establish one or more advisory committees for the purpose of assisting it in regard to (a) division and integration of services among the new States and the State of Andhra Pradesh and Madras and (b) to ensure fair and equitable treatment of all persons affected by the provisions of these sections and the proper consideration of any representations made by such persons.
Calling attention to a matter of urgent public importance:
re Integration proposal of Engineering Personnel in the State

In February 1957 the Government constituted separate advisory committees for gazetted and non-gazetted and class IV services—in each Department to deal with important issues connected with the integration of services and preparation of common gradation lists. The State Advisory Committee for gazetted officers of the P W D consisted of the Secretary of the Administrative Department, a Secretary of another Department nominated by the Chief Minister, the Head of the Department concerned and a representative of the Finance Department. It evolved the principles for adoption in preparing the common gradation lists. Adopting these principles, the Government prepared a provisional common gradation list of P W D Gazetted Officers and communicated them to all persons, inviting objections thereto, if any. Several representations were made by the Officers to the Central Government through the State Government against their provision in the common gradation list.

In December 1963, the Government of India, in consultation with the Central Advisory Committee composed of a member of the U P, S C as the Chairman, a retired High Court Judge and a senior administrator, serving or retired, communicated their decisions on certain issues connected with the Officers of Andhra and ex-Hyderabad Governments, as the Government of India’s decision on some issues were not clear and as their implementation would have made a reversal of some of the promotions and the matter was further clarified from the Centre. In December, 1966 and in February 1967 the Government of India gave their final decisions on the broad principles to be adopted for integration of the services of Andhra and ex-Hyderabad Officers. On the basis of the decisions of the Government of India, common gradation lists of P W D Gazetted officers are under preparation. The lists will be sent to the Government of India, who are the authority to give the final approval. As soon as the common gradation lists are approved by the Government of India, they will be published in the Andhra Pradesh Gazette.

It may be mentioned that in the matter of promotions, reversions etc., it is the provisional integrated list prepared by the State Government in 1961 that is now being followed, and promotions and reversions that are being made so far are only provisional, subject to review after the final list is approved by the Government of India and published in the Andhra Pradesh Gazette.

The Minister for Panchayati Raj (Sri T Ramaswami).—Sir, piped water supply scheme to Uravakonda was sanctioned in 1964 for investigation and preparation of detailed plans and estimates. This scheme was technically cleared by the Government of India for Rs 35.00 lakhs for Uravakonda and 16 other villages in Anantapur district subject to certain technical comments. Accordingly the estimate has been revised to Rs 43.03 lakhs and sent to Government of India for approval which is still awaited. Due to paucity of funds and inadequate financial assistance from the Government of India, an amount of Rs 24.00 lakhs only could be provided in the Budget Estimate for 1967-68 which is quite inadequate to complete the sanctioned schemes. The Union Minister for Health has already been addressed for sanctioning the allotment of additional funds for implementation of these schemes. But so far no funds have been provided.

Tenders were received from one contractor, Sri Y PallaReddy who has agreed to take up the work only if the work costing Rs 15.00 lakhs is entrusted to him at a time. However, due to the meagre provision in the Budget and the huge commitment involved for the works on hand, the Superintendent Engineer (P R ) Cuddapah has not yet entered into agreement with the contractor. This scheme will be pushed through as and when adequate financial assistance is made available by the Government of India.

Sir, the Chief Minister was good enough to consider whether any amount can be sanctioned this year.

Orders have been issued permitting the C.F. (P.R.) to proceed with the execution of 193 P W S Schemes including Koilkuntla P.W.S Scheme, meeting the expenditure from the unspent balances available with Zilla Parishad. An amount of 70,443/- was already spent on the scheme upto 31-3-1967. Tenders were called for this work three times and finally one contractor was settled. But in spite of notices he has not executed the agreement so far. The C.E. (P.R.) has therefore issued notices to cancel the previous tenders. After the previous tenders are cancelled he will call for fresh tenders. Thus scheme is expected to be brought to beneficial use this year.

There is an urgent need to take steps to release water so Penna River Canal can be cleared from Penakcherla to Midpenna HLC North Canal. Clearing the canal is essential to prevent silt buildup and ensure smooth water flow. Steps must be taken immediately to prevent further silt accumulation.

In the past, repairs have been carried out to prevent silt buildup, but more attention is needed. Clearing the canal is crucial to maintain its functionality. Phone contact can be made at 213-555-1234 for repairs and contact information. Clearing the canal will require coordination and cooperation from all stakeholders.

Re: Need to take steps to release water to Penna River Canal from Penakcherla Midpenna HLC North Canal.
Calling attention to a matter of urgent importance.

Need to take steps to release water to Pennar River Canal from Penakacherla Midpenna HLC North Canal.

Sr S Sidda Reddy — Sir, Mid Pennar Reservoir Dam at Penakacherla village, Anantapur Taluk and district, is built across Pennar river. Down below, there are a number of spring channels (river channels) taking off from river Pennar and irrigating marginal lands. Due to the construction of a Dam across the river, the usual flow in the river, at some time is restricted and hence the spring channels could not draw their requirements as before. A separate link channel from Mid Pennar North Canal to let water into the river is not feasible, since North Canal is a very small canal with a head discharge of 160 cusecs only, which cannot accommodate such arrangement.

2. However, in the Dam constructed river sluices are provided and by their operation, adequate supplies as may be decided from time to time on merits, can be let into the river easily. In fact these river sluices are also designed to release far greater discharges into the river to feed Gandikota reservoir lower down in Cuddapah district at a later date, i.e. in the Second Stage of Tungabhadra
18th July, 1967. Calling attention to a matter of urgent public importance:

High level Canal Scheme

After completion of the Second Stage, the river below the Mid Pennar Regulator Dam will always be flowing and the benefit to the spring channels in the river will certainly be immense. This apart, the Mid Pennar South Canal, a bigger canal, has got an escape through which necessary water can be let into the river if necessary. Thus there are already adequate arrangements to let down water into the river to supplement river channels, if necessary.

3. Excavation of a new source from Mid Pennar North Canal to supplement river channels, is therefore considered not necessary.

4. Water can be diverted to Pennar River for use in Nellore district only from K C Canal. K C Canal by itself is not drawing the required discharge of 3,000 cusecs. It is realising 1,000 to 1,500 cusecs which is inadequate even for its own ascut and seedlings. Another possibility of getting water into Pennar is from Mid Pennar Regulator Dam which is itself not having any storage now. Efforts are being made to augment additional supplies to K C Canal from Tungabhadra Reservoir, if possible. The question of diversion of water from K C Canal to Pennar River for utilisation in Nellore District will arise only after meeting the requirements under K C Canal open channels.

The Hon'ble Controller of Accounts,

Sir,

I have the honour to submit the Annual Financial Statement for the year 1967-68, giving the accounts of the various departments under your control, together with a detailed budget for the year 1968-69, for your perusal and consideration.

The financial year 1967-68 was a year of great crisis and difficulties. The country was faced with the unprecedented problems of floods, drought, and famine, which caused a great disparity in the income and expenditure of the Government.

The income of the Government for the year 1967-68 was Rs. 3,500,000,000, while the expenditure was Rs. 3,600,000,000, resulting in a deficit of Rs. 100,000,000. The deficit was met by borrowing from the Reserve Bank and by the issuance of Government securities.

The financial policy of the Government for the year 1968-69 is based on the principle of maintaining a prudent balance between income and expenditure. The Government proposes to increase the revenue by introducing new taxes and levies, and to reduce the expenditure by cutting down on non-essential items.

The details of the budget for the year 1968-69 are as follows:

A. Revenue

1. Direct Taxes
   a. Income Tax
   b. Corporation Tax
   c. Wealth Tax

2. Indirect Taxes
   a. Sales Tax
   b. Excise Duty
   c. Customs

3. Other Revenues
   a. Receipts from Government Departments
   b. Receipts from Local Authorities
   c. Other receipts

B. Expenditure

1. Defence
2. Agriculture
3. Education
4. Health
5. Welfare

The total expenditure for the year 1968-69 is estimated to be Rs. 3,700,000,000.

I have the honour to submit this statement for your early consideration and action.

Yours faithfully,

Social Services, social welfare, etc., are to be provided for the following purposes:

- Education
- Social Welfare
- Housing
- Health Services
- Economic Development
- Transportation
- Communication

The budget allocates a significant amount for these services, with a focus on providing infrastructural support and social amenities.

The social services include measures for education, health, and welfare programs. The government aims to enhance access to education and improve health care facilities. Housing initiatives are also emphasized to address the housing needs of the populace.

The budget reflects a commitment to social welfare, with allocations for various programs aimed at improving the quality of life for the citizens. The government is also investing in the development of infrastructure to support economic growth and facilitate smooth transportation and communication.

Overall, the budget reflects a comprehensive approach towards social and economic development, with an emphasis on providing services and support to the citizens to enhance their well-being and quality of life.

Other backward classes are socially disadvantaged. Social economy and political justice that is due to them has not received the necessary impetus. The Tribal Welfare list is in progress. Other backward classes list is in progress. Tribal welfare, welfare hostel schemes have been launched in Madhya Pradesh, interior places, centres. D P I. for Border 5% reserved expenditure 15%. Tribal welfare hostel 5% allotted expenditure. Scholarships to Scheduled Tribes 5% allotted expenditure. School Buildings 5% allotted expenditure. Modest buildings allotted expenditure. 4% allotted expenditure for Industrial Training Institute. Scheduled Tribe 4% allotted expenditure. 4% allotted expenditure.
candidates to fill 3 seats in pool for Tribal population to reallocate seats.

Tribal cultural institute should be restructured and reallocated to new seats.
The institute should address themselves to the study of economy on schemes and formula ion of schemes. There should be really qualified people to put it into shape. A competent Director who can keep research might have to be selected soon.

Tribal areas' regulations, etc. The Andhra Pradesh Scheduled Areas Money Lenders' Regulations, 1960, and the Andhra Pradesh Scheduled Tribes Debt Relief Act, 1960, were made in 1960.

Coffee plantation schemes are to be run individually or on a Co-operative basis. They should be partners in prosperity but not mere wage earners.

Tribal Development block directorate should be strengthened to cope up with the work. Post Matric scholarships should be sanctioned to candidates applying.

Scheduled Castes Hostels should not be closed down in the middle of the year. If they are really hostel substitute them by means of Government Hostels but they should not be closed down in the middle of the year.

The rules for giving remarks should also be revised realistically.

House sites acquisition proceedings simplify procedures.

Arthur J. Smith, Secretary

First term and second term grants are available. The following institutions are authorized to distribute these term grants to the Hill tribes. Aids are also available to schools in the hill areas. The first term and second term grants are in proper function. The reports are submitted to the department for approval. The funds are not misappropriated. Women's welfare, social welfare, and social development departments are also functioning in this department. This is No 2-Public Waste Department. It is not properly functioning. I am extremely sorry to express this. Due to this, they do not take the pains.

Regarding the departments—missionary zeal is not sufficient. The aid is necessary. I appeal to all the departments to take steps in this regard.

G. O. No. 66-6-67. The posts of the District Women's Welfare Offices are kept aside of the purview of the A. P. S. C. G. O. No. 1262 dt. 6-6-67.

can be continued in a manner that is suitable for the content of the document. The text appears to be a budget statement or financial report, discussing the allocation of funds for various demands or grants. The document seems to be written in English and contains a mix of numbers, dates, and financial terms.

The text includes references to dates, amounts, and financial transactions, which are typical elements of a budget statement. The document likely outlines the financial decisions and budget allocations for the fiscal year 1967-68, detailing how funds were to be distributed for different purposes or projects.

Mr Deputy Speaker — Now we shall take up half-an-hour discussion on the amendment to the Notification regarding the dissolution of the Karimnagar Municipal Council. Sarvasri Ch Rajeswar Rao, Vavilala Gopalakrishnayya, Poola Subbiah and C V. K Rao have given notice of amendments. They may move their amendments. Shall I read the amendments? I shall read them —

1. In G. O Ms No. 373, Municipal Administration dated 14th June 1967 in para 4 for the words: “After a period of 2 years” substitute the words and figures “upto the first of August 1967”

2. This is Mr C V K Rao’s amendment which reads

“That a new council be elected and come into force on 1st October 1967 along with the other 17 municipal councils for which election will take place”

The Minister for Municipal Administration (Sri N. Chenchu Rama Naidu) — I want to submit that this matter has been taken to the High Court by the Ex-Chairman and now a writ is pending in the High Court. Can we discuss, Sir?

Mr Deputy Speaker — On the merits, we need not discuss. But for the period of extension that they are asking for, I think they could give their observations and you can give your reply.

Sri N Chenchu Rama Naidu — It is sub judice, Sir.

Mr Deputy Speaker — That is what I say. Without going into the merits of the case, We cannot discuss on the merits.
18th July, 1967. Consideration of the Amendment to the Notification regarding the dissolution of the Karimnagar Municipal Council.

Sri N. Chenchuramanaidu — The matter is in the High Court, Sir.

Sri C V K. Rao — There is no stay order. When there is a stay order, then only we cannot discuss this.

Mr. Deputy Speaker — I do not think.

Sri C V K. Rao — How could it be, Sir? They just filed a petition.

Sri A. Madhava Rao — The stay order is only with regard to operation. But when the matter is seized by the High Court it is sub-judice whether the stay order is there or not. Now the point is if it comes outside the purview of the High Court, then the matter may be discussed. But if it is a subject-matter of it, it cannot be done.

Sri N. Chenchuramanaidu — Date of o o of hearing the matter in the High Court. The stay order is there or not. Would it not be useful to defer this?

Sri A. Madhava Rao — High Court seized sub-judice, details are in details. Note that the High Court has seized sub-judice. The merits of the case will be discussed. The matter is sub-judice.
Consideration of the Amendment to the 18th July, 1967 Notification regarding the dissolution of the Khammam Municipal Council.

Mr Deputy Speaker —But what will be the benefit of the amendment then?

Sri T Nagi Reddy —It would be that even if the grounds were to be correct on the basis of the thinking of the Government, the Government need not go and say that there need not be an election for such a long time to come. The question here is, we do not go into the basis of the action that they have taken but the action intends a longer period than what is necessary. Therefore, the amendment is very clear saying that the elections be conducted as early as possible.

Mr Deputy Speaker —Without elucidating also we could go for vote.

Sri Ch Rajeswara Rao —There are certain limitations. Any Municipality has jurisdiction to hold elections every 10 years if there are 1000 officers. Any stat can hold elections for 15 years if they want to. But in this case, it is being questioned in the Court. Without discussing that, how can anybody discuss all those things? We will have to go into all those things.

Mr Deputy Speaker —What I understand is that they would simply restrict themselves to say “instead of 2 years do it earlier” To say even ‘do it earlier’ would it be sub-judice?
13th July, 1967. Consideration of the Amendment to the Notification regarding the dissolution of the Karimnagar Municipal Council.

Sri T Nagi Reddy.—No, it cannot be. The hon. Minister does not understand that democratic process.

Sri N. Chenchurama Naidu.—When they discuss about the dissolution, and all those things, they will inevitably discuss all those things.

Sri T. Nagi Reddy.—Not necessarily. You will see how we are going to discuss. The hon. Minister will understand as to how we will discuss. We say that simply because some things have been done by certain people, is it necessary for him to postpone the election for two years to come? If the Government here does some mischief and the High Court says that we give slogan that you shall not be in existence, does it mean that we should not even hold an election and a new ministry should come into existence? It is a fantastic argument against democracy.

Sri N. Chenchurama Naidu.—It has been already dissolved for two years.

Sri T Nagi Reddy.—Why? Why should it be dissolved for two years instead of for only two months and holding elections?

Sri N. Chenchurama Naidu.—For two months, it will serve no purpose for which it was dissolved.

Sri T. Nagi Reddy.—Why? If the elections are held, a new municipal council will come. Is it not a different council that is going to come and is it only the executive officer that is more capable than the different municipal council? That is exactly the point of discussion, Sir. That can be discussed.

Mr. Deputy Speaker.—Let it not be a question hour. What all we understand is . . .

Sri N. Chenchurama Naidu.—Even for that . . .

Mr. Deputy Speaker.—Questions . . . Debate . . .

Sri N. Chenchurama Naidu.—It means practically discussing all these things, Sir.

Sri T Nagi Reddy.—If the hon. Minister does not know what democracy means and discussion means, we will have to teach him sometimes.

Sri N. Chenchurama Naidu.—About dissolution itself they are challenging in the High Court, Sir.
Consideration of the Amendment to the Notification regarding the dissolution of the Karimnagar Municipal Council

18th July, 1967

Notification regarding the dissolution of the Karimnagar Municipal Council

Mr Speaker: Speaker 77, (Name) High Court discussion regarding High Court directive discussion proceedings.

Time question consideration High Court directive discussion proceedings.

But why it is being postponed is only because the question of time is there. The same point is that, we discuss the High Court directive discussion proceedings.

Mr Deputy Speaker: A Member while speaking shall not give an opinion about or refer to any matter on which a judicial decision is pending.

Sri Vavilala Gopalakrishnaiah: Certainly.

Mr Deputy Speaker: No.

Sri Vavilala Gopalakrishnaiah: Not my opinion.

Mr Deputy Speaker: A Member while speaking shall not give an opinion about or refer to any matter on which a judicial decision is pending.

Sri Vavilala Gopalakrishnaiah: Statutory right discussion proceedings.

Mr Deputy Speaker: Right of discussion.

2.7. 18th July.
18th July, 1907.

Consideration of the Amendment to the Notification regarding the dissolution of the Karimnagar Municipal Council

Sri L. V. Rao — The same question was raised by T. V. S. Chalapathi Rao in the High Court. I am not postponing because it is in the High Court or it is sub-judice, but I am postponing because it is a question of time. The proceedings stop April 2nd. I am postponing because there is a question of time.

Sri V. B. Raju — Election carries no meaning.

Sri T. Nagi Reddy — Even then according to our amendment here, we can hold elections in October even if the court were to reverse.

Mr Deputy Speaker — That is not the point for discussion now. Subsequent sub-judice merits being decided accordingly: That issue is not before us now.

Sri V. B. Raju — No Sir, dissolution is a matter seized by the High Court.

Sri T. Nagi Reddy — But should we not discuss here, whether the elections should be held in October along with the other Municipalities?

Sri V. B. Raju — That is what I am submitting. It is a matter which will come up after dissolution.
Consideration of the Amendment to the 18th July, 1957. Notification regarding the dissolution of the Karimnagar Municipal Council.

Sri T Nagi Reddy — No, A matter whether it is dissolved or not will have to be decided by the Government and whether election will be held in October or not even after the council is dissolved. That is the only matter. Whether the election should be held in October or after 2 years. It is matter of opinion. That can be discussed by the Assembly. If necessary, the Assembly can decide by vote that the election must be held along with the others in October itself and that will not be sub-judice.

Sri V B Raju — What I am submitting is, taking a hypothetical approach, supposing the court decides that dissolution was not proper, that the old council must be restored. Then what will be the face of our decision now?

Sri T Nagi Reddy — It is for the Chair to rule what is to be discussed.
dissolution of the Kurnool Municipal Council, elections fresh to be held in 1957 instead of two years later. That amendment itself will have weightage.

Mr Deputy Speaker—What I mean to say is if the contention of the amendment is that they only desire to have the elections held in 1957 instead of after two years, discussion on that matter cannot be discussed before the Assembly.

Suppose you put it that you want it on 1st September 1967. Government will have to say that they had taken 2 years and they are not prepared for September 1967.

It is not sub judice because that question is not a thing which will be considered by the High Court. What the High Court will consider is in regard to one factor whether the dissolution is correct or not. The aggrieved parties alone have gone to the High Court. Therefore it is not on public representations that they went so as to make the Assembly and public to bind over.

Mr Deputy Speaker.—Whoever it may be, when the case is pending before the Court...

Sri A Madhava Rao—Please excuse me. We are discussing an issue of the party. Who is it? Court is free, the party is free and orders the challenge. Therefore as between those parties and the Government...
Consideration of the Amendment to the Notification regarding the dissolution of the Karamaugar Municipal Council

ment it is sub-judice Therefore it is not sub-judice as against other parties We are not parties to it

Sri P V Narasimha Rao—It is alright in cases where individual rights are involved Here, it is a question of municipality and.

Mr Deputy Speaker—We may not limit ourselves Even for the Government to answer why they have taken—

Sri P V Narasimha Rao—I am sorry, Sir. The question of judgement in rem and judgment in personem does not arise here because the primary question involved is the dissolution of a municipality It is a statutory body This is not a question raised regarding the personal rights of one person. It is not so Had it been so, what Mr. Madhavaraj says would have been correct because any verdict given by the High Court would be binding on the parties to the suit or to the writ petition and not on others I agree there. But in this particular case, it is plain Tomorrow the judgment of the High Court would become absolutely infructuous if we do anything without anticipating or without waiting for the verdict of the High Court.

(Interruptions from Opposition Benches)
Only if they are good enough to allow me to clarify. I shall clarify.

Sri T Nagi Reddy — Supposing the Government decides now that the dissolution is dissolved, say for example, the present position continues till the end of September and elections will be held in October. Will it become sub judice?

Sri P V Narasimha Rao — I am confining my attention to one point raised by Mr Madhav Rao. I don’t want that point to be blurred or confused with any other point. If there is any independent point you will have time enough also to consider it independently. The point raised by Mr Madhavarao is: is it a judgment in rem or a judgment in personem that is coming from the High Court? My Point is that the distinction does not come in this case because this is a question of dissolution of a municipality. This is not a question regarding the rights of an individual. Therefore, whether one person has gone or two persons or three persons have gone, the result will be that either the High Court will say that the dissolution is correct or it will say it is not correct. That is obvious and the judgment will have application to the entire municipality and not to the rights of the person who has gone as the writ petitioner. That is very clear. The other point is: despite of the writ petition which is before the High Court, can you or can you not on behalf of the Government retrace your steps so far as dissolution is concerned and can you not have elections? Now this is begging the question because we have taken a decision after consideration of all circumstances of the case, we have taken a decision that Karimnagar municipality should be dissolved. Somebody has gone in writ petition questioning the very act, the very process, the manner, the reasons, everything with regard to the dissolution. Now if the hon Members want the Government today to come to the conclusion immediately that what we have done is wrong — the members have a right, naturally there can be no objection — but the simple fact remains we are not going to do it because we have taken a decision, a considered decision in the matter. That is all.

(Interruptions from the Opposition Benches).

Sri T Nagi Reddy — What we have been saying is: we are not going to say at present whether the dissolution is correct or not, we are not going to say that, even if your dissolution were to be correct our point is: let the elections be held in October itself. So it is not begging the question. The question is: supposing you think that the dissolution is right I too think that dissolution is right — I agree with you — all the same I might say that this council be dissolved but let democratic elections be held and a new council come into being. How is this discussion outside the purview of the Assembly?

Mr. Deputy Speaker — The question is whether by moving such an amendment and only asking for reducing the period, would it become sub judice.
Consideration of the Amendment to the Notification regarding the dissolution of the Karimnagar Municipal Council

18th July, 19... 463

Sri P V Narasimha Rao — I just want to submit one thing. This is just an attempt to twist the whole thing. The order of dissolution is one and indivisible. We cannot separate one portion from the other, saying — let the dissolution continue but let the term be reduced and let the elections take place. This is something which they want. So far as the Government are concerned, the order of dissolution is one and indivisible. It cannot be otherwise.

Sri T Nagi Reddy — The Minister says that dissolution and the elections are indivisible. How could that be? The point is — dissolution is one aspect, elections are coming for every municipality. If the Government want to avoid for political reasons, it is a different matter. Therefore it is going behind the screen of what is known as indivisible. So we want to say what the Government is trying to do is wrong. Dissolution we won’t discuss, only your method of trying to absolve yourself from democratic procedure and take a dictatorial attitude on your own heads is wrong.

Sri P V Narasimha Rao — Mr. Nagi Reddy wants to stand up and say what he has to say in one connection or the other. I want to make myself very clear — at least in my mind, I am very clear because dissolution is an act under the statute.

Sri C. V. K Rao — I raise another point of order when a subject is under discussion before this House as to the propriety of this or otherwise — when once the Hon’ble Speaker has given his decision — that decision is, apart from the merits of this issue regarding amendment, let a discussion go on.

Mr. Deputy Speaker — Who has given?

Sri C. V. K Rao — You have said it, Sir.

Mr. Deputy Speaker — I have been just trying to follow.

Sri C. V. K Rao — When you have suggested it, my point is let that suggestion be implemented, otherwise if it has to be discussed, let there be some order, one after the other.

Mr. Deputy Speaker — I wish that members co-operate in that

re MT Raju Committee Report

Divisional Officers Divisional Officers must not be allowed to concentrate in one particular area. While the Divisional Officers are responsible for the overall development of the District, the Block Development Officers must also be given adequate powers and responsibilities. The Block Development Officers must be given the necessary training and support to carry out their responsibilities efficiently. The Divisional Officers should be kept informed of the progress of the various projects and schemes being implemented in the district. The members of the Development Board should be encouraged to visit the districts regularly and assist in the implementation of the District plans. The Board itself could meet in different districts by turns.

Is it not already a thing which is going on? Government revenue should be directed towards District development. The District Collector should be responsible for the implementation of the District plans. The State Development Board will be responsible for supervising the proper implementation of the District plans. It will also review the progress of the various District plans. The members of the Board will tour intensively in the districts and inspect as many works as possible. The Board itself could meet in different districts by turns.
The first plan so prepared will be placed before the Zilla Parishad for its approval.

re: M.T. Raju Committee Report

Sri A Madhava Rao:—In what way is this bettering the condition?

Sri G Siviah:—Will you kindly explain—where is the need for the Development Board when there are Standing Committees?

Sri A Madhava Rao:—Execution is more important, Sir,

Sri G Siviah:—Do you want to take the Zilla Parishads in your pockets? In other words, the Department is a pocket Bureau in the pocket of the Ministers.

Sri A Madhava Rao:—Standing Committees are a better plan & approve it. Plan implementation of the District Development Board is the first step.

DEMAND XXVIII WELFARE OF SCHEDULED TRIBES,
CASTES AND OTHER BACKWARD CLASSES

Mr. Speaker Sir,

It is my privilege to move the budget Demand of Rs 4,62,82,030 for the Welfare of Scheduled Tribes, Castes and other Backward Classes etc, as against Rs 4,80,68,530 provided for the year 1966-67.

I am happy to say that the Budget of the Social Welfare Department (including Tribal Welfare Department) which was only Rs 1,78,48,000 in 1957-58 has today reached a figure of Rs 4,62,82,000. In addition to this an amount of Rs 1,69,33,200 relating to Old Age Pensions and Beggar Homes relating to Social Welfare Department has been provided under other Demands viz, No XXXIV and XXVII.

The following are the schemes undertaken by the Social Welfare Department for the welfare of the Scheduled Tribes, Castes and Economically Backward Classes and to improve their social and economic condition.

There are certain reductions in the proposed budget for 1967-68 under certain items. It is due to the fact that in respect of State Plan Schemes only 75 per cent of the allotments of 1966-67 have been provided for continuing the existing schemes pending finalisation of the Fourth Five-Year Plan and 10 per cent cut has been imposed for non-plan Schemes.

Welfare of Scheduled Tribes:

With a view to improve the economic condition of the Scheduled Tribes and to Develop the Tribal areas a sum of Rs. 80-53 lakhs (Rs 31 66 lakhs plan including Centrally Sponsored Schemes and Rs. 48 52 lakhs normal) was provided during 1966-67. The provision for 1967-68 is Rs 82 216 lakhs (Rs 25 53 lakhs Plan and Rs. 52 636 lakhs normal).

The following schemes are being implemented for the welfare of Scheduled Tribes for the year 1967-68.

Education:

The children of tribal people will be helping their parents in agricultural season and will be busy in other seasons in the collection of minor forest produce and firewood, grazing the cattle, or in watching the crops etc. They therefore cannot afford to send their children to school. Hence an incentive is essential to induce the parents to send their children to the schools. A high priority has therefore been given to this scheme and the following are some of the important programmes that are being implemented under this item:

1. Award of Scholarships.
2. Sanction of Boarding grants to aided hostels.
5. Running of Primary and Secondary Schools.
7. Supply of Midday Meals.
8. Training to teachers of Tribal Schools.

Under this item an amount of Rs. 36.60 lakhs was provided during the year 1966-67 and it is proposed to utilise Rs 40.82 lakhs during the year 1967-68.

Communications

In order to provide better transport facilities to the Tribal people so as to enable them to make use of schools, markets, Dispensaries etc., spread over the entire agency area, a number of road works were taken up and they are under progress. However due to non-availability of sufficient funds, an amount of Rs. 9.38 lakhs only has been proposed to be utilised during 1967-68 as against an amount of Rs 18.20 lakhs provided during 1966-67.

The Andhra Pradesh Scheduled Tribes Co-operative Finance and Development Co-operation Ltd., Visakhapatnam:

In order to improve the living conditions of the Tribals and to release them from the clutches of the merchants from the plains, it was thought that starting of co-operative movement in the tribal areas will alone help the tribals. As a part of this co-operative movement, the Andhra Pradesh Scheduled Tribes Co-operative Finance and Development Corporation was established in Visakhapatnam in the year 1957. The object of this corporation is not to supplement all the normal trade channels but only to eliminate the malpractices which innumerable middlemen indulge in, to the detriment of the tribals. The activities of this corporation are at present extended to the Scheduled areas in Srikakulam, Visakhapatnam, East and West Godavari, Khammam, Warangal and Adilabad Districts. The extension of the activities of the Corporation to Mahaboobnagar District in Telangana Region, is under active consideration of Government. As the economic well being of the Scheduled Tribes living in the Agency areas is better looked after by this Corporation it is proposed to intensify the activities of the corporation and also to extend its activities to the entire Scheduled areas of the State.

There are primary Marketing Societies at different centres of the State affiliated to the Corporation with the following functions:

(a) Purchase of Minor Forest produce collected by the tribals at fair price.
(b) Purchase of Agriculture produce of the tribals at fair price.
(c) Supply of domestic requirements to the tribals at reasonable rates.

Besides these, three kinds of loans namely (a) share capital loans, (b) emergency loans and (c) surety loans are also being granted by the Corporation to the Tribals.
Appendix 18th July, 1967.

An amount of Rs 9.50 lakhs as grant-in-aid to the Corporation both under State and Central Sectors has been proposed for the year 1967-68 as against Rs 6.00 lakhs provided during the year 1966-67. In addition, a loan of Rs 5 lakhs towards working capital for the Corporation under Central Sector has been proposed for the year 1967-68.

Podu Cultivation

In view of the practical difficulties involved in Podu cultivation and in the larger interest of National Forest Wealth, Tribals should be discouraged from practising 'Podu' cultivation. Hence it has been proposed to implement a comprehensive programme comprising (a) Irrigation and Reclamation and (b) Survey and Settlement. An amount of Rs 3.00 lakhs has been proposed to undertake survey and settlement operations initially to start with during the year 1967-68. No provision has however been proposed towards reclamation and irrigation during 1967-68 for want of funds.

Tribal Cultural Research and Training Institute, Hyderabad

A Tribal Cultural Research and Training Institute was established at Hyderabad under Centrally Sponsored Schemes in 1957 during Third Plan Period. To impart re-orientation training to the departmental and other personnel working in Tribal areas to familiarise them with the problems of Tribal Welfare and to study individual tribes, tribal groups, and their basic problems, needs and necessities, to evaluate the existing planned programmes, to assess their value in bringing about their welfare and to ascertain the shortcomings, if any, in the implementation of the schemes, the Institute has two wings viz., Training Wing and Research Wing. So far 276 officers of various categories belonging to different development departments working in Agency areas have been imparted training in 18 sessions. The Institute has also published booklets on Scheduled Tribes of Andhra Pradesh. The Institute has an Advisory Board constituted under the Chairmanship of the Chief Secretary to the Government of Andhra Pradesh.

During the year 1967-68 it has been proposed to utilise Rs 4.734 lakhs for the maintenance and expansion of the Institute as against Rs 2.32 lakhs provided during the year 1966-67.

Agriculture

For the improvement of the agriculture facilities to Tribals, they are supplied improved varieties of seeds and sanctioned loans, for the purchase of Chemical Fertilisers, reclamation of lands, sinking of wells to get more area under crops. Under this the following programmes are being implemented.

1) Demonstration units—These units are located at Kakinada, Rajahmundry, Araku, Bobbili, Anakapalle, Eluru and also in Khammam District.

2) Maintenance of fruit research station at Rampachodavaram.
(3) Improved agriculture facilities at Seethampeta and Gummalaxmipuram. For this purpose an amount of Rs 1.18 lakhs was provided last year and it is proposed to utilise Rs. 1.12 lakhs this year (i.e., 1967–68) on these programmes.

Veterinary

Against this item the following institutions are maintained to treat the cattle in Agency areas

(1) Veterinary Hospitals at Araku Valley in Visakhapatnam District, Pedavallasa in West Godavari, Bhadrachalam in Khammam District

(2) Cattle farm at Chintapalli.

(3) First Aid Veterinary centres at Pedagottlur, Thadikonda and Kadamparam in Srikakulam District, Rajavommangi in East Godavari District, Pedavallasa in Visakhapatnam District, Dharagudem in West Godavari District, Kunavaram and Chelama in Khammam District

(4) Minor Veterinary dispensaries at Hukumpet, Krishnaevvpet and Chintapalli in Visakhapatnam District, Addathigala and Ramapachodavaram of East Godavari District, Bhadrachalam and Venkatapuram of Khammam District, Gumma and Seethampeta of Srikakulam District, Zangareddigudem of West Godavari District

For supply of Bulls etc., to Tribals and for the eradication of cattle diseases in Tribal areas an amount of Rs 1.93 lakhs was provided during 1966–67 and Rs. 1.64 lakhs has been proposed for 1967–68.

Medical and Public Health

The tribals in Agency areas are subjected to several diseases like malaria, yaws, leprosy etc. With a view to render proper medical assistance to them, Hospitals, dispensaries and Mobile Medical Units are being maintained in agency areas (at Araku valley, Chintapalle, G Madigala, Kallaguda of Visakhapatnam District, Thonam, Seethampeta, Salur and Gummalaxmipuram of Srikakulam District, Pedavaram of West Godavari District, S. Kota of Nellore District, Chentoor of Khammam District and Bapur of Addavadbad District) For this purpose an amount of Rs 5.49 lakhs was provided during the year 1966–67 and an amount of Rs. 5.79 lakhs has been proposed for 1967–68

Fisheries

With a view to develop the fisheries in the Agency tanks and to teach the tribals the modern methods of pisciculture and types of fishing, an amount of Rs 0.144 lakhs has been proposed for 1967–68 as against Rs. 0.16 lakhs provided last year for this purpose.

Industries

In order to improve the economic lot of the Tribals Training-cum-production Centres in Carpentry, Mat Weaving, Sisal Fibre manufacturing centre at Seethampeta, Bhadrani of Srikakulam District, Pragadapalle and Buttagudem of West Godavari District
Pullalacheruvu of Kurnool District, Nagur of Khamman District, Kadiri and Madugubba of Anantapur District, are maintained in which the tribals are trained in the crafts. They are also granted loans on subsidy basis as a follow up programme. There is also one sericulture scheme at Chirnappalli of Visakhapatnam District. An amount of Rs 1,09 lakhs was provided last year and it is proposed to utilise Rs. 0.74 lakhs during 1967-68 for these programmes.

Women Welfare Centres

With a view to inculcate in tribal women scientific principle of hygiene and upkeep of children 22 Women Welfare Centres are maintained by T W Department at the following places: —

Paderu, Sarabhanapalem, Kasipet of Visakhapatnam District, Seetanampet and Chinnagora of Srikakulam District, Ramalewada and Buttagudem of West Godavari District, Royapalem of East Godavari District, Cherla of Khamman District, Sughalthmetta of Chittoor District, Mutyal of Krishna District, Siddapuram of Nellore District. For this purpose during the year 1966-67 an amount of Rs. 1,109 lakhs was provided and an amount of Rs. 0.81 lakhs has been proposed for 1967-68 for maintaining these centres.

Housing and Wells for Yerukulas, Yenadis and Sugalis

The Communities “Yerukulas, Yenadis and Sugalis” of Andhra Region were declared as Scheduled Tribes. Whereas their counterparts in Telangana Region are named as Denotified Tribes. The question of declaring these tribes of Telangana region also as “Scheduled Tribes” is engaging the attention of the Government of India.

With a view to provide housing and drinking water facilities to the Yerukulas, Yenadis and Sugalis who comes under Scheduled Tribes an amount of Rs 75,000 has been proposed during the year 1967-68 as against Rs 104 lakhs provided during 1966-67.

Denotified Tribes

The people who have been classified as Denotified Tribes are those who were formerly designated and castigated as “Criminal Tribes”. To wean these criminal tribes away from criminal activities, all that is required is, formulation of suitable schemes after thorough scientific investigation of the nature and aptitudes of those people, with a view to rehabilitate them. Under the Habitual Offenders Act, three settlements at Staurtpuram, Sitanagaram and Siddapuram were set up in the State, for the amelioration of ex-criminal tribes to improve their social and economic condition and to change their mental outlook and to settle as responsible citizens. For their facility there is High School, at Staurtpuram, Higher Elementary School at Sitanagaram and Elementary School at Siddapuram. There is a carpentry and blacksmithy section attached to the school at Sitanagaram. The children of the three colonies are supplied freely with Midday meals, clothing, books and Slates. There are Rural Medical Dispensaries one at each settlement. There is also a block hospital attached to the dispensary in Sitanagaram Colony. During 1966-67 an amount of Rs 2,30 lakhs was provided for the maintenance of these colonies and during 1967-68 an amount of Rs 2,035 lakhs has been proposed for the purpose.
Some of the denotified tribes, however, are found living interspersed with the general population, and some of them are found possessing nomadic habits. For the amelioration of these tribes the following special schemes have been taken up for which an amount of Rs 14.22 lakhs was provided during the year 1966-67 and an amount of Rs 13.93 lakhs has been proposed for the implementation of these schemes during the year 1967-68:

1. Award of Scholarships
2. Aid to private Hostels
3. Maintenance of special schools
4. Provision for drinking water wells.
5. Construction of houses
6. Supply of Bullocks, ploughs and carts

Scheduled Castes and Economically Backward Classes:

The total Budget provision made under 'Plan and Non-Plan for the above categories for the years 1966-67 and 1967-68 are as follows —

Appendix 18th July, 1967

In regard to sanction of Government of India’s Scholarships all eligible Scheduled Caste students who apply for scholarships will be granted scholarships irrespective of allotment. The expenditure incurred over and above the provision will be borne by the Government of India, Department of Social Welfare.

Subsidised Hostels

These hostels are run by private individuals and agencies. Subsidy at the rate of Rs. 20 per boarder per month is granted for 10 months for these hostels. The girl boarders are granted Rupee 1 extra per month (for Hair oil, soap nuts, Kumkuma etc.). There are 1,025 subsidised hostels which main aim 38,390 boarders. Of these 318 are girls’ hostels with 11,305 inmates.

During 1966-67 an amount of Rs. 85.76 lakhs (Rs. 20 lakhs Plan + Rs. 65.76 lakhs Normal) was provided and for 1967-68 an amount of Rs. 82.10 lakhs (Rs. 80.60 lakhs Normal + Rs. 1.50 lakhs Plan) has been proposed for sanctioning Boarding Grants for Scheduled Castes and Economically Backward Classes. The reduction in the allotment in 1967-68 over 1966-67 is due to the fact that the amount intended for Scheduled Tribes has been separated and provided under Scheduled Tribes.

Government Hostels

During 1966-67 an amount of Rs. 51.48 lakhs (Rs. 63.33 lakhs Plan + Rs. 48.15 lakhs Normal) was provided and for 1967-68 Rs. 48.69 lakhs (Rs. 37.5 lakhs Plan + Rs. 44.94 lakhs Normal) has been proposed. At present there are 352 Government Hostels (Boys Hostels 290 + Girls Hostels 62) which include 147 New Hostels opened during 1966-67. The total strength of boarders is 18,876 (Boys 16,205 + Girls 2,671).

Social Welfare Schools

There are 540 Social Welfare Schools in Andhra region which include 4 High Schools one at Korinneria of Nellor District, 2 in Krishna District and one at Anantuvaram of East Godavari District exclusively for Scheduled Castes. The provision for these 4 High Schools for Scheduled Castes has been transferred to “28 Education” (Education Department) from 1967-68. During the year 1966-67 an amount of Rs. 17.87 lakhs was provided and for 1967-68 an amount of Rs. 17.18 lakhs has been proposed for maintaining the remaining 536 Social Welfare Schools. All these Schools were transferred to the control of the Panchayat Samithis.

Mid-Day Meals

Under this scheme mid-day meals are being provided to all the students belonging to Scheduled Caste Community studying in Primary Schools at the rate of 20 paise per head per day. During 1966-67 mid-day meals were provided to Scheduled Caste boys studying in Social Welfare Schools at an estimated expenditure of Rs. 10.58 lakhs and an equal amount has been proposed for 1967-68 also.

Economic Uplift

In order to create technical skill in the Scheduled Castes and to make them fit to eke out their livelihood Training-cum-
Production Centres have been set up to impart training in trades like Carpentry, Dress Making, Basket Making, Tanning and leather goods etc. During 1966-67 an amount of Rs. 4,345 lakhs was provided and an amount of Rs. 3,677 lakhs has been proposed for 1967-68.

Drinking Water Wells
During the year 1966-67 an amount of Rs. 3,47 lakhs under Non-Plan has been provided and for 1967-68 an amount of Rs. 3,123 lakhs (Normal) has been proposed for providing drinking water facilities for Scheduled Castes.

House Sites and Housing Schemes
Under this scheme house sites at the rate of 5 cents per family are allotted to the poor and needy Hanjans free of cost. 10 per cent of the house sites are reserved for Economically Backward Classes.

During 1966-67 an amount of Rs. 30,60 lakhs (Non-Plan) was provided and an amount of Rs. 14,08 lakhs has been proposed for 1967-68 for providing house sites to Scheduled Castes. The reduction is due to the financial stringency during the current financial year.

During 1966-67 a new Scheme has been introduced which provides for giving a Grant-in-aid of Rs. 50 per family to raise structures on the sites allotted to Scheduled Castes. 100 lakhs has been earmarked in 1966-67 and the scheme is being continued in 1967-68 also with a provision of Rs. 100 lakh.

Improvement of Working Conditions.
In order to improve the working conditions of Sweepers and Scavengers the following special schemes were sanctioned by Government of India, under the Centrally Sponsored Schemes.

(1) Aid for supply of wheel barrows and implements
(2) Assistance to Municipalities to undertake a total programme for adopting the recommendations of the Mulani Committee,
(3) Subsidy for housing for Sweepers and Scavengers.
(4) House sites for persons engaged in unclean occupations and landless labourers

During 1966-67 an amount of Rs. 73 lakhs was provided which includes Rs. 1,00 lakhs towards house sites for landless labourers and for 1967-68 an amount of Rs. 9.73 lakhs has proposed. These schemes are being implemented by the Director of Municipal Administration.

During 1967-68 the following new schemes are being introduced under Centrally Sponsored Programme:

1. Pre-Examination Training Centres for Scheduled Castes and Scheduled Tribe Candidates for appearing at Competitive Examination to State Civil Services with an estimated cost of 2.00 lakhs.
2. Sweepers Co-operatives with an estimated cost of Rs. 100 lakhs.
Social and Moral Hygiene Schemes

During the year 1966-67 an amount of Rs 5,527 lakhs was provided (Rs 2,007 lakhs Normal 3,52 lakhs Plan) and for 1967-68 an amount of Rs 2,871 lakhs has been proposed (Rs 1,551 lakhs Normal Rs 1,320 lakhs Plan) towards the maintenance of the State Aftercare Home at Guntur, Homes for the Aged and Disabled at Hyderabad and Vijayawada. The reduction in allotments is due to the closure of the State Home at Guntur as a measure of economy.

In addition to those institutions it has been proposed to start Sheltered Workshops for the Physically Handicapped Adults and Children and Welfare Services for the Aged and Infirm during 1967-68 at an estimated cost of Rs 1.32 lakhs.

Statistics showing the expenditure incurred on important schemes are appended.
