RULING FROM THE CHAIR ON THE ADJOURNMENT MOTION

re: Prohibitory order banning public meetings and processions in the twin cities

Mr. Speaker:—Sarvasri T. Nagireddy, Leader of the Communist party (Marxist) and Sri Vavilala Gopalakrishnayya an Independent Member of the House, have by a notice dated 11-9-1967 under Rule 63 of the Andhra Pradesh Legislative Assembly Rules, sought to move for the adjournment of the business of the House for the purpose of discussing a definite matter of urgent public importance, in their opinion, namely the situation which has arisen on account of the issue of the prohibitory order banning public meetings and processions during the discussion on important matters in the Assembly, a provocative step leading to serious consequences and hindering freedom of expression. Another Notice dated 12-9-1967 by Ch. Rajeswara Rao, membe,
Ruling from the Chair:  
On the Adjournment Motion.  
re. Prohibitory order banning public meetings and processions in the twin cities.

of the Communist Party of India, was given under Rule 63 of the Andhra Pradesh Legislative Assembly Rules for adjournment of the House on the ground that the Commissioner of Police of the twin cities of Hyderabad and Secunderabad has banned the procession of the Government Employees on 11-9-1967, who wanted to submit their memorandum to the Speaker of the Andhra Pradesh Legislative Assembly regarding the recommendations of the Pay Committee. Since both the notices related practically to the same prohibitory order issued by the Commissioner of Police, they were clubbed together, though the notice given by Sri. Ch. Rajeswara Rao is not strictly in conformity with the Rules.

Since it is not clear from the two notices as to when the order was issued by whom, and the nature of order, the period during which it will be in force, were not clear from the notices. They were called on 12-9-67 with the idea of hearing the Hon. members regarding the admissibility of the motion given notice of by the members.

During the discussion which ensued thereon, several members. Sarvasr, T. Nagi Reddy, Vavilala Gopalakrishnayya, Ch. Rajeswara Rao, G. Latchanna, C. V. K. Rao, one after another, who participated instead of confining themselves strictly regarding the admissibility of the motion, dwelt at length on the manner in which the prohibitory order has affected the rights of the citizens in the matter of going in processions and presenting petitions to the Assembly for ventilating their grievances, which could have been done only under the rules after the admission of the motion.

I may here observe that the Commissioner of Police of Hyderabad has issued two notifications on 8-9-67, one under section 22 (1) (a), (b) and (3) of the Hyderabad City Police Act, prohibiting all processions in the twin cities of Hyderabad and Secunderabad carrying of weapons etc and the other one under section 22, sub-section (1) (a), (b) and (d) of the Hyderabad City Police Act, prohibiting every kind of assembly of five or more persons within a radius of one mile from the Andhra Pradesh Legislative Assembly premises, both orders to be in force with effect from 11-9-67 to the midnight of 17-9-1967.

The Chief Minister while replying to the points raised by the members of the Opposition Parties on 12-9-67 stated that it was far from the mind of the authorities issuing the prohibitory order to restrict the freedom of expression and that only necessary precautionary measures were taken to ensure peace and public safety as otherwise lawless elements were likely to take advantage in indulging in acts of violence resulting in damage to life and property.

Whether the authorities had sufficient grounds or justification for notifying the above orders, it is not for me to express any opinion thereon.

From the notices given by the Hon. members, it is not clear as to which of the two prohibitory orders, they are complaining against, since the notice refers to only one prohibitory order. Whatever that may be, the point which arises for consideration is whether the subject matter referred to by the members is of a grave urgent public
important which warrants the adjournment of the business of the House, for discussion of the same.

It is seen from the notifications issued by the Commissioner of Police that both the above orders referred to by me, were issued by the Commissioner of Police in exercise of the powers conferred on him by law for preservation of public peace and security according to him which has naturally the effect of infringing the rights of the citizens in the larger interests of the general public, which action on the part of the Commissioner of Police amounts to action taken by the authorities in due administration of law. As per the accepted code of guiding principles laid down by the Lok Sabha as far back as in 1958, in consultation with the Leaders of different Political Parties, invariably followed by all the Legislatures in this Country i.e. item No. 36, namely “Action taken by authorities in due administration of Law cannot be subject matter of adjournment motion.”

For the above reasons, since I consider that the order or orders issued by the Commissioner amounting to action in the due administration of law, I am disallowing the motion given notice of by the members under Rule 63 of the Andhra Pradesh Legislative Assembly Rules.

Sri C. V. K. Rao:—You are aware, Sir, that we have given notice about this curtailment of civil liberties and we are going to defy the ban. As such, it would have been better if an opportunity is given to us to discuss this thing, because it is a very urgent matter of public importance.

Mr. Speaker:—Under what rule?

Sri C. V. K. Rao:—Any way, let the Chief Minister make a statement on this.

Mr. Speaker:—Now, non-confidence motion is under discussion by the House; you can raise all these points,

Motion:

No-confidence in the Council of Ministers.

Mr. Deputy Speaker:—I fully associate myself with the condolence motion moved by the Chief Minister and the sentiments expressed by members on the demise of Sri Mutyala Pothuraju. I did not have the opportunity of knowing him intimately. I have seen him in the House while he was a member of this august body. Yet I know now that he has lived a very good life and set an example to others. As a true Congress worker he has no doubt devoted himself to the uplift of the masses all these years. Such a person was really very valuable to our country. Let us all pray that his soul should rest in peace.

The question is:

"That this House places on record its deep sense of sorrow at the demise of Sri Mutyala Pothuraju, a former member of the Andhra Pradesh Legislative Assembly and conveys its deep sense of sympathy to the members of the bereaved family."

The resolution was adopted NEM CON all members standing in silence for a minute.

rc: No-confidence in the Council of Ministers.

In the context of today’s discussion, it is important to note that the technical point raised by the honorable member in her motion is valid. However, it seems that the source of the problem lies elsewhere.

The root issue seems to be one of confidence in the Council of Ministers. In order to address this, it is necessary to consider the resettlement rates. It is evident that the current rates are not sufficient to meet the needs of the affected communities.

In conclusion, it is recommended that the government considers raising the resettlement rates in order to ensure a fair and just outcome for all affected parties.

No-confidence in the Council of Ministers.
The late President Kennedy said:

"We tell the world—we proclaim to the world that we are free citizens. Our country is the highest democratic country, but is not our conscience pricking when we talk to the world like this? Our negro has no right to vote for his representative to a certain office. His children cannot attend the same school [with the white man], he cannot travel in the same compartment in the train, he does not enjoy any freedom—how can we talk of equality?"
Not only that; I am also reminded of what Abraham Lincoln the greatest President that America ever produced, said. He fought to shake the shackles of the slaves. He said "Still the Negros are full of these shackles."

re: No-confidence in the Council of Ministers.

The Hon. Member for Hambantota moved the following motion:

No-confidence in the Council of Ministers.

Mr. Speaker, I have no personal objection to the need for a change in the leadership of the Government. But I have no confidence in the new leadership. We have not got a democratic style of Government. We want a style of Government where we trust in the Government to do things for the people. For example, when they give us a promise, they give us a promise when they know it is possible to fulfill it. We want a style of Government where we expect the Government to carry out its promises. We do not want a Government which cannot carry out its promises.

The Hon. Member for Hambantota then moved the following amendment:

Mr. Speaker, I move the following amendment:

Motion: 14th September 1967

re: No-confidence in the Council of Min'rs.

Communist party has failing track record. They are a threat to our national security. They are not interested in the welfare of the country. They are only interested in their own interests. They are responsible for the current economic and political crises. They should be removed from power.

The Congress party has been in power for many years and has shown signs of decline. They have not been able to address the issues of the people. They are not able to provide effective leadership.

The BJP has been in power for the past few years and has shown signs of progress. They have been able to address the issues of the people and provide effective leadership.

The Communist party should be removed from power and the Congress party should be replaced with the BJP. This will ensure the stability of the country and the welfare of the people.

Mr. K. Brahmananda Reddy, Chief Minister of Andhra Pradesh, stated here today that he would like to leave the decision on the question of the abolition of land revenue to the new Government.

The State could ill-afford to lose the revenue. Asked whether the Union Government and the Planning Commission had to be consulted before a decision on the abolition of land tax was taken, Mr. Reddi replied that in the first instance a State was free to do what they like. He felt that consultation in this matter with Planning Commission and the Union Government was desirable.

Asked what step he was going to take in this matter so far as his State was concerned, the Chief Minister said that just before

the elections it was too late for the existing Government to consider the issue in a comprehensive way. It is for the new Government to take any appropriate decision, he added. He added that the total income on land revenue would be . . . . . .

That is faithfully reported, Sir. Now I am reading from the Indian Express.

"Mr. K. Brahmananda Reddi, Chief Minister, said here today that the Government would collect the necessary data and all particulars conned with land tax in all other aspects to facilitate a decision on the subject. The Chief Minister said that they could not afford to lose revenue from land tax now and they had to consider an alternative source."

"Deccan Chronicle dated 7th October: The question of abolition of land revenue in Andhra Pradesh will be left to the decision of the new Government. He did not want to take any decision now on this, lest it should be construed as an election stunt by the opposition.

re: No-confidence in the Council of Ministers.

The Left Communists bore a grudge against the village of Upparpalli who voted for the Congress candidate. On 31st March, 1967, at 5 A.M. in order to take revenge, over a hundred Left Communists under the leadership of Sri Venkateswara Rao, ex-MLA and Sri Omkar, who stood for Parliament once, armed with axes, spears, sticks and cycle chains raidied Upparpalli village with the common intention of committing murder and looting.

Sri T Nagi Reddy:—On a point of order, since the case is in court, I did not refer to that particular incident in detail. When the case is in the court, I don't think it is possible for us to discuss.

Sri K. Brahmananda Reddy:— I am not discussing the merits or demerits. I am only reading a factual statement.

Sri T. Nagi Reddy:— Whether it is factual or not is yet to be decided by a court of law.

Nerug Kurmariah and his brother Nerugu Sathiah, they chased them and caught hold of the diseased and bear him with sticks, spears and axes. They then proceeded to the hut of the diseased and looted and carried away Rs. 2,300. and gold ornaments worth Rs. 1,058. The accused then entered the house of Veera Mallu, a strong Congress supporter, and took away cash of Rs. 9,000 and gold ornaments.

I am not sitting on judgement over these allegations.

Not that I am not prepared to make a statement on that. But the point is, I would again like to remind him that if he wants to
narrate that incident in detail, then he would be doing an injustice to a case which is already in the court, and I would like him also to take note of what all happened previous to this in that village when a cart load of things along with the bullocks was thrown into a well. Well, has it come to the notice of the Government that such a thing had happened in the same village because of the very same landlords against whom you say now that somebody had taken some action? So, history is there, and I hope the Chief Minister will remember that history also. All these things I had brought to the notice of the House in the previous session.

re: No-confidence in the Council of Ministers.

Mr. Siddaramaiah: —We consider the step taken by the Council of Ministers to be unwarranted and unnecessary. The only reason given was the examination of the Air Force. But it only speaks of the culture of the man. The following categories of prisoners may be released prematurely by remitting the unexpired period.

All convicted prisoners whose cases for premature release were recommended by the Advisory Board;

All convicted prisoners who are aged 60 years and above;

All convicted prisoners who have completed 14 years of sentence including remission;

All convicted prisoners who have completed 10 years of sentence including remission and also completed one year actual work at the Prisoners' open Air work Camp at Bithol and Prisoners' Agricultural Colony, Anantapur.

I do not want to say strong word, Sir. I do not want to offend my friend—Because it is not my nature—Because it is not my nature...
