S. No. 1-C

Q. No. 55 – N:- Sri Vavilala Gopalakrishnayya (Saatnapalli) will hon. the Chief Minister be pleased to state:

(a) Whether it is a fact that the benefit of increase in pay provided in G. O. Ms. No. 168 Finance (P. C.) dated 16-8-1965 is intended only to those who are appointed as L. D. Cs., Typists and Steno-Typists during the period 1-11-1958 and 31-10-1961 and promoted to the posts of Assistants and working as such on 1-1-1964 according to the latest clarification issued in connection with the above said G. O., and

(b) if so, as to why the personnel working as L. D. Cs, Typists and Steno-Typists who were appointed during the same period (i.e., 1-11-1958 and 31-10-1961) but not promoted to the posts of Assistants and working as such on 1-1-1964, were deprived of this benefit when the persons in the same categories appointed prior to 1-1-1958 devived this benefit (vide G. O. Ms. No. 54, Finance (P. C.) dated 24-4-1964)?

The Chief Minister (Sri K. Brahmananda Reddy) will hon. the Chief Minister be pleased to state:

(a) Yes, Sir.

(b) The question of extending the above concession to these categories of employees does not arise because there was no difference in pay scales of L. D. Cs and Typists appointed after 1-1-1958, whether belonging to Andhra or Telangana regions, as a common pay scale was sanctioned to all such employees from 1-1-1958.

Orders have already been issued accepting the recommendations of the Two-man Committee with effect from 1-1-64 in G. O. Ms. No. 216 dated 16-8-63. The recommendations contained in paras 12 and 13 of the Two-man Committee Report have been extended to the persons appointed or promoted to the posts in question during 1-1-58 to 31-10-61 and also in respect of direct

recruits and appointees by transfer during 1-1-58 to 31-10-61 subject to the condition that they continue to hold the respective posts.”

Sr. K. Brahmananda Reddy:— After knowing several details which he may mention to me, I will certainly ask the Finance Department to look into the matter.

**SLUMP IN HANDLOOM INDUSTRY**

S. No. 1-D.

* 54. V. Q. — Sri K. Muniswamy (Satyavedu):— Will the hon. Minister for Industries be pleased to state;

(a) Whether the Government is aware that there is a great slump in handloom industry in Chittoor district;

(b) Whether the Government is aware that there is unsold cloth (Handloom) to the tune of some lakhs;

(c) Whether the Government is aware that they are not being exported to South Africa, America and other countries after the slump;

(d) Whether the Government is aware that hundreds of the handloom weavers are staying without work and leaving their villages in search of work; and

(e) If so, the action taken by the Government to release them from the present plight?

The Minister for Industries (Sri B. V. Gurumurthy):— (a) & (b):— All over the country there has been a prolonged slump in cloth sales including sales of handloom cloth. Our State has also been affected by the slump and there are accumulations of handloom cloth. The problem is not confined to the Chittoor district alone.

(c) Certain varieties of handloom cloth largely produced in Chittoor and a few other Districts used to have a good market in the U. S. A. Of late their exports have gone down.

(d) The unusual slump in the Textile trade and accumulation of cloth would naturally have an adverse effect on employment and earnings of handloom workers, but Government are not aware of migration of Weavers from villages in search of work.
Government are taking steps to improve the sales of Handloom cloth. In addition to the usual rebate of 5 paise in the rupee on sales of handloom cloth an additional rebate of a like amount was sanctioned during Deepavali and Sankrantri. Similar additional rebate will be admissible during the All India Handloom week to be Celebrated next month.

Government sanctioned short term loans of Rs. 5 lakhs each to the Andhra Handloom Weavers' Apex Society and to the Hyderabad Apex Society to enable them to buy stocks of cloth with the Primary Societies.

The Andhra Handloom Weavers Cooperative Society has applied for a credit limit of Rs. 60 lakhs from the Reserve Bank of India. It is proposed to recommend the application to the Reserve Bank of India as soon as it is received from the State Cooperative Bank. After the amount is available to it, the Andhra Handloom Weavers Cooperative Society will be in a position to procure more cloth from the primaries which will then be in a position to give more employment to its members.

*Handloom weavers may please take a note of the following points.*

Mr. Speaker:— The number of handloom weavers in the State—that is one thing. The second thing is the plight of the weavers in East Godavari district is equally as bad if not worse. Will the Minister take steps to improve their position?

Sri C. V. K. Rao:— I wanted to know the total number of handloom weavers and also their pitiable condition. Has the Minister got any information from the department?
Mr. Speaker:— The hon. Member wants the Minister should equip himself with all details from his department.

Sri C. V. K. Rao:— I asked whether he is prepared to come and enquire into the conditions of the handloom weavers in my district, East Godavari. For that he can say—Yes or No. but not ask me to put a separate question. That is where I raise an objection to the way of answering.

Mr. Speaker:— Hon. Minister must come prepared with every conceivable information and then be prepared to answer every question that hon. Members ask pertaining to the main question.

Sri B. V. Gurumurthy:— Sir, the question is whether I would visit East Godavari on the suggestion that the hon. Member has made. Similarly, others also may make similar requests to visit other districts. When I go there, I will certainly look into the matter. But if they raise the entire gamut of handloom industry in one question it will not be possible to get all the information. But so far as the question is concerned I have given detailed information.

Sri C. V. K. Rao:— Sir, that others may ask and may make a similar request, is no answer to my question. The Minister can say whether he is willing or not willing instead of saying that others may also ask and therefore he is not prepared to answer my question. I am very sorry for the way in which I have to be treated.

Sri K. Brahmananda Reddy:— Don't be sorry. Minister at his convenience will certainly go to East Godavari district. When he goes there certainly he will enquire into this matter also.

Sri V. V. Krishna Reddy:— The condition of the handloom industries is a slump condition. Sales tax from 1 to 3 per cent representation made. Master weavers, Commissioner Agents and sales, weavers directly. These are exempted. Sales tax from 1 to 3 per cent increase representations made. Sales tax from 1 to 3 per cent increase examine mills. Mills and weavers exempted 50 per cent yarn. Whether directly to the weavers or through the societies or through Commissioner Agents or through master weavers, the handloom industries exempted 50 per cent yarn. It is an exemption. Whether that information may
kindly be taken. If there is any loophole in that it may be pointed out.

Mr. Mirch, 1987. 7

Dealers are not paying sales tax on the commission. It is passed on to the consumer. The Finance Minister has announced a 3 percent sales tax on the commission. It will be automatically passed on to the consumer. The weaker that is happening. 3 percent is being increased in the Handloom Industry. The Industries Minister has announced a 3 percent rebate on the commission. Over all planning ceiling of 60 percent is also being implemented. Over all planning ceiling and irregular budgeting. This is a continuation scheme sanctioned by the Government of India and it is being implemented by the State Government. Therefore, they have necessarily to meet this committed expenditure. The Government cannot say there is no provision for this committed expenditure and the Government must pay the amount immediately.
30th March, 1967.

Oral Answers to Questions.

1. The stability, security, and economy of a country are essential to its well-being. Can you explain the significance of these factors?

2. The Government of India provides budget provision. Is there any irregular budgeting, and how does the scheme affect expenditure? Can you provide an example?

3. The scheme for expenditure and budget provision has to be rectified. The amount has to be paid immediately, Sir.

4. The budget provision is crucial for anyone. The Plan ceiling is set at a certain level. The accumulated amounts have to be controlled. The overall ceiling is important. If the ceiling is not maintained, it could lead to financial difficulties.

5. Accumulation adequate provision is a key aspect. Budgets must provide adequate provision to control accumulations. The interest paid has to be tracked. The 1967-68 budget does not provide a solution. How are they going to solve this problem? At some stage, they must solve this problem.

6. Can you explain the scope of important Short Notice Questions? Handloom cloth export has increased. Why is it necessary to export?

Mr. Speaker:—Ministers are expected to answer only when I call the Members. If I do not call the names of the Members the Ministers are not expected to answer the questions.

Now there are three matters under Rule 74.

1. That adjournment motion

Mr. Speaker:—I will call it tomorrow because I wanted to give notice to the Chief Minister. I sent it only last evening.

The first one given by Sri K. Govinda Rao, Sri V. Palavelli, and Sri G. B. Appa Rao calling the attention of the Chief Minister regarding the deaths due to small-pox in Visakhapatnam town.

Mr. Speaker:—The hon Members has asked the questions half a dozen times and the Minister answered half a dozen times and if still he is not satisfied with the answers of the Minister, what can I do.

Mr. Speaker:—It is difficult for the Minister also to know what exactly the hon. Member want, because he went on making a statement. It looks as though he was making a statement. If he asks a pointed question and says this is the information I want, then I can ask the Minister to say.

Sri Pragada Kotaiah:—What arrangements are being made by the Government to re-imburse the amount total ing about Rs. 66 lakhs to the Primary Weavers' Society. That is the direct question, Sir.

Mr. Speaker:—For him to put the question it took nearly 6-7 minutes.

Sri Pragada Kotaiah:—What arrangements are being made to reimburse the rebate claims due to the Weavers' Society about Rs. 66 lakhs by March, 31st.
Calling attention to a matter of urgent public importance:

Deaths due to small-pox in Visakapatnam.

Mr. Speaker:—Has the Minister got any information.

Sri. K. Brahmananda Reddy:—That is also subject to Plan ceiling. That is the only answer that I can give. Whether in the circumstances any assistance can be given or not, that is a different matter to be considered. There are many points involved in this handloom industry. For instance, whether this rebate should be continued or not, how it is being misused and what should be done. All these matters will come up for consideration very shortly. Besides this, there is a bigger question and that is about the handloom versus powerloom. There are so many aspects that have to be gone into to put it on a sound footing.

(At this stage Sri Vavilala Gopalakrishnayya stood up to say something).

Mr. Speaker:—What is it that Sri Gopalakrishnayya wants.

Sri B. V. Gurumurthy:—Sir, nobody has made such formal request. When it comes to me, I will examine and necessary action will be taken.

Sri Pragada Kotaiah:—The Central Banks are not willing to refund the Reserve fund to the Primary Weavers' Society. There are statutory provisions vested in the district Co-operative Centres.

Mr. Speaker:—Yes, now Sri Govinda Rao will speak on the call attention motion regarding the deaths due to Small-pox in the Visakapatnam district. Please try to be brief.

Calling attention to a matter of urgent public importance:

Retrenchment of the Employees in the Electricity Department.

The Andhra Pradesh Electricity Board has undertaken not only the maintenance of generating stations and distribution of power, but also construction of large projects like the Kothagudem, Lower Sileru etc. The construction of various projects is taken up depending upon the need for additional generation, availability of funds and availability of means. The number of persons employed by the Board would therefore, vary from time to time depending upon the construction activity on hand. Hon'ble Members are aware that the construction of the first two units of Kothagudem is over and the other two units will also be commissioned very shortly. According to me, they are likely to be commissioned by the end of about May or June, 60-60, the III and IV Units will be commissioned before the end of June, 1967. Therefore, as the work-load at Kothagudem dwindles, the staff employed on construction must necessarily be curtailed following the normal rules and courses for the purpose. The financial position of the Board is such that it demands utmost economy in every sphere including the staff. For instance, I am told that the Visakhapatnam unit is being put up for sale. Some generating units like the Vijayawada one and the diesel ones and the turbo ones which are absolutely expensive costing 50 paise for generation are kept idle. In the year 1965-66 the Board was able to sell 1,048 million units of energy getting a revenue of Rs. 14.8 crores. It was expected that in the year 1966-67 the Board would be able to sell 1200 million units yielding Rs. 20.97 Crores on account of famine and the severe drought, the Hydel power generation was affected and
30th March, 1937.

Calling attention to matters of urgent public importance:

re: Retrenchment of the employees in the Electricity Department.

It is assumed that the Board would not be able to sell more than 1,010 million units yielding a revenue of Rs. 17.60 crores. The Board had resorted to alternate generation and purchased power from the neighbouring states involving an additional expenditure of Rs. 125 crores. There have been large deficiency in both years and there is imperative need for economy in all directions.

The requirements of the staff has been considered by the Board very carefully in consultation with the Chief Engineer (Electrical) and Advisor to Government on Electricity matters, on the quantum of staff required keeping in view the construction programme and the generation sale programme for the next year.

The details of the staff is given below.

Calling attention to a matter of urgent public importance:

re: Retrenchment of the Employees in the Electricity Department.

Further, the quantum of staff required in each category has been gone into in considerable detail and every care has been taken to see that the economy does not in any way retard the progress of the construction work and distribution of power to all categories of consumers including industries and rural areas. The proposal for retrenchment of staff is bound to create temporary unemployment. But, this cannot be accepted as an argument for keeping on superfluous personnel when there is not work. The quantum of staff in the OSS and NMR Cadre is under the consideration of the Electricity Board and no notices of retrenchment have been served on them. The situation of the Electricity Board is serious not on account of economy in staff, but because of its financial position also.

Electricity Board are trying to make both the OSS and NMR projects like, generation, transmission etc. to improve efficiency and production. The 1967-68 budget has a 70% plan of expenditure over 32 crores on electricity alone we are going to spend and even that is not sufficient. The demand to increase from Rs. 32 to 38 crores is pending before the Government. Therefore, I would entreat the members of this House to observe restraint and understand and appreciate the position. They should see that before an year elapses we should put the electricity in the state on a sound financial basis and efficient basis.

Dr T. V. S. Chalapathi Rao:—On a point of clarification, Sir, we expect 17 crores of Hydel power fall 20 crore expect 17 crores of fall 38 crores. We are not satisfied. Substitute substitute substitute substitute sudden break downs in Hydel Power how are they going to meet the demand of the consumers?

Sri K. Brahmananda Reddy:— That is a simple point and that has been taken into consideration.

stand by the concept. Many turbo sets are in operation. What about sets of different types? The expenditure for the generation in these sets is so much, 50 Naye paise. Nowhere can it be like that.

R. K. Brahmananda Reddy: Saving is a secondary point consistent with efficiency. Saving is incidental. First of all functioning is superfluous.

Sri K. Brahmananda Reddy: Saving is a secondary point. Certainly there will be reemployment when there is work.

re: Hail-storm in Hayatnagar on 5-3-67.

In all earnestness, I would like to submit that Rs. 18,000/- is just a meagre amount and it won’t be sufficient at all. So, I beg to bring to the notice of the Chief Minister to be very kind and very sympathetic and since he is the lord and master of his own relief fund, he could, I think, sanction huge fund and thus relieve the people from their difficulties.

Sri K. Brahmananda Reddy:- Unfortunately, I have no relief fund, Sir. (Laughter) Hitherto, in Hyderabad Government, there used to be some discretionary fund at the disposal of every Minister.
If so wants that we should have it, we will have it, but there is no practice like that. Any way, the hon. Minister will reply if the situation calls for some immediate relief.

Orders have been issued postponing the collection of loan arrears in the affected villages. The school building at Polkampalli which has been completely damaged will be repaired. Dr. T. V. S. Chalapathi Rao:—May I know whether what the Minister has stated would apply to the entire State, and not only Hayatnagar where this kind of hailstorm is reported. For the information of the hon. Minister, I may be permitted to submit that worst situations have taken place in many other places including Vijayawada. So, as a policy, what has the Government decided? Unfortunately, in that place, some human beings also have lost their lives to the extent of 6 or 7 persons. Have the Government issued any instructions to the Collectors to pay them some compensation and all that?
Mr. Speaker:—Does he want the Minister to state the policy of the Government in cases where damage on a large-scale is caused?

Sri C. V. K. Rao:—And also in my District it happened.

ANNOUNCEMENT

(re:) FORMATION OF PEOPLES DEMOCRATIC PARTY

Mr. Speaker:—I am to inform the House that 34 members who were elected as Independents have formed themselves into a party called the Peoples Democratic Party. The party consists of 34 members. The following are the office bearers of the party:

re: Formation of Peoples Democratic Party.

Sri B.Papi Reddy  President
Dr. T.S. Murthy  Floor Leader
Sri J. Malla Reddy  Vice-President
Sri V. N. Gowd  Vice-President
Sri D. Venkatesam  Secretary
Sri G. Thimma Reddy  Whip

Sri C.V.K. Rao:— Sir, Please give us the names of those members that constitute the above party and enlighten us if anybody has since applied to get out of it.

Mr. Speaker:— So far as these parties are concerned—Jana Congress, this party and some other parties—anybody can walk into that and anybody can get out of it easily. It is not very difficult to get admission nor difficult to go out also.

Only the previous day, some three members joined the Jana Congress Party—one from Kolhapur, one from Gadwal and the other from some other constituency—and the second day they left the party perhaps for very good reasons, for reasons best known to them. So, that is the position. Does he want me to read out the names?

An hon. Member:— Same thing with other parties. Members can join and get out of them, including the Congress party.

Sri C.V.K. Rao:— Supposing, some other party comes out of this; again it will be recognised by the House.

Mr. Speaker:— No; I am not recognising any party as official opposition party. In about three or four or five days, he can from himself into a group and give any name he wants.

Sri C.V.K. Rao:—Is there any provision in the rules on the subject? I have not come across

Mr. Speaker:— I am not recognising any party as official opposition.

For a party to be recognised as an official Opposition party, that party must have a strength of not less than one-tenth of the sanctioned strength of the House. None of the parties could be recognised as an Official Opposition party, not even the Swatantra party, the Jan Sangh, the Socialist Party, the Republican Party, and these parties is this. Those parties are recognised by the Election Commission; when they fought the elections, they fought the elections on behalf of a party which is recognised by the Election Commission. Now, according to the Constitution, every citizen, beyond a certain age, has got the right to contest the elections either for the Lok Sabha or for the Assembly. Now, all these people have been elected as Independents, and they are now forming themselves into a group. If they are more than 29 in number, then the question arises whether I should recognise that party as the official Opposition party. Even that, I am doubtful: I have to consider it; I am not very sure, I will...
Re: Formation of Peoples Democratic Party

get that position examined, and if necessary I will refer the matter to the Election Commission. That is the position. The present group, "Peoples' Democratic Party" consists of 34 members. That is the position.

Sri C. V. K. Rao:—I seek a clarification, Sir. There is no provision made in the Andhra Pradesh Legislative Assembly Rules with regard to any Opposition party as such. So under whatever name of the party the members contested the elections, it is all a matter outside the House, and this House is not concerned with that. The question as to which party should be recognised is a matter for the Election Commission to consider so as to allot certain symbols. My point here is these parties have come up under the guidance of somebody. They can exist outside the House, not inside the House...

Mr. Speaker:—Whose guidance?

Sri C. V. K. Rao:—There are so many interested leaders. I should put the blame on the ruling party. It is they who are responsible for these groups, so that the Opposition may be at loggerheads.

Mr. Speaker:—Does he cast a reflection on others?

Sri C. V. K. Rao:—I am not casting a reflection. I am a legislator elected by the people.

Mr. Speaker:—There are other legislators. He belongs to a party-less party.

Sri C. V. K. Rao:—There is no provision in the Constitution that I should be styled as a particular party. I cannot understand under what provision the House has got to recognise X, Y, Z as a particular party. This is a matter outside the House. Under the rules, there is no provision to recognise certain Members constituting a particular party. I request you, Sir, to clarify on this point.

Mr. Speaker:—There is nothing for me to clarify or anybody else to clarify. I am not recognising any party. It is a group. They formed themselves into a group and gave it some name, and I am only announcing that for the information of the House. It is not as if I am recognising it as an official party.

They may not be recognised as an official opposition party, because they do not have that number of members composing of it, namely, 30, which they should have; but all the same, since the parties have been elected on the basis of certain rules framed by the Election Commission and these parties have come into the Assembly, they are recognised as Official Opposition Groups; if they comprise of the required number of members, then they constitute an official opposi-

Re: Formation of People's Democratic Party.

Mr. Rao now says that no party could be recognised in the House. How can that be? In that case, we cannot even function in the Assembly, nor even the Government. How could Sri Brahmananda Reddy form a Government at all in that case? Therefore, such cases could not be raised; and if they are raised at all, I am only to say that, in the interests of the House, we are going outside the purview of our discussion. Let the House not go into matters which are not of immediate concern or not even of concern in the future.

re: Formation of Peoples Democratic Party.

Mr. Speaker:—What is it he is trying to explain to the House? Please sit down. I have already understood him. There is a limit to all these things.

Mr. Speaker:—That is what I have said.

Mr. Speaker:—What I said was that they have no party, — party in the sense of any political party or any other party which has been found in the House.

Mr. Speaker:—All those parties which are recognised by the Election Commission have issued an election manifesto, a political programme and an economic programme. Such parties have been recognised by the Election Commission. When they enter the House on behalf of a particular party, naturally I recognise that party to that extent, not even official opposition. That is one thing. The second thing is now these Independents who have been elected so far as I know have not issued any election manifesto to the electorate, nor have they got any programme of their own. Even now it is possible for them to form into a group or party, if they had some programme. Even that, I am not aware of. To the extent there is difference between these parties and this latter party, to that extent I give them preference, — preference in the sense with regard to privileges or their rights or whatever that may be, these parties are recognised by the Election Commission; they have got a programme and also many of these parties are All-India Parties. It is just possible that so far as this House is concerned they might not have come in good numbers, but they have got a policy which they enunciated and which they wish to put forward before this House and try to convince the Government or the House. To that extent, I recognise that party.

Mr. Speaker :— In Lok Sabha also it is going on.
30th March, 1367. Announcement:

Formation of Peoples Democratic Party.

The formation of the Peoples Democratic Party (PDP) is hereby announced. The objective is to constitute a single party for the purpose of forming a united front. This will involve the following actions:

1. Formation of the PDP:
   - The PDP will be formed as an absolute power assembly.
   - The PDP will have absolute power to decide on all matters.
   - The PDP will have the power to form the main group of the United Democratic Fronts.

2. Formation of the United Democratic Fronts:
   - The United Democratic Fronts will be formed as a single party.
   - The United Democratic Fronts will have the power to decide on all matters.
   - The United Democratic Fronts will have the power to form the main group.

The PDP and the United Democratic Fronts are hereby announced.

Formation of Peoples Democratic Party.

The Speaker may recognise an association of members as a Parliamentary Party or Group for the purpose of functioning in the House and his decision shall be final.

In recognising a Parliamentary Party or Group the Speaker will take into consideration the following principles:

(i) An association of members who propose to form a Parliamentary Party —

(a) shall have announced at the time of the general elections a distinct ideology and programme of Parliamentary work on which they have been returned to the House;

(b) shall have an organization both inside and outside the House; and

(c) shall have at least a strength equal to the quorum fixed to constitute a sitting of the House that is one-tenth of the total number of the House”.

These are necessary for a party to be recognised as an official opposition.

An association of members to form a Parliamentary Group shall satisfy the conditions specified in clause (i) (a) and (b) of this direction and shall have at least 15 members of 30 members.

In order to form a united front, they need a minimum strength of 30% of the total members. The necessary condition for a united front to be formed is a minimum of 30% of the total members. The united front will be formed on the basis of the minimum strength required.

(ii) In some cases, the House of Commons has recognised a common front as the United Democratic Front. This front is formed as a coalition of parties. It is a long-standing convention, or tradition.

number is there and also the programme, they are not recognised as the opposition party and their leader as the Opposition Leader?

Sri T. Nagi Reddy:—It is very simple. The parties as recognised parties have not a programme. They do not have a minimum programme. The very same parties which are functioning outside temporary for a temporary reason or reason of their own amalgamate. It is a common practice which has been functioning. The discipline of the legislature and discipline, the legislature and the discipline, must be recognised. The rulings material must be recognised. The rulings material which has been functioning. The rulings material must be recognised immediately within a matter of 2 or 3 days, they will come out with various rulings that are given in various Assemblies and the points that have been raised for the information of the members. I want clarifications as to what has happened in various Assemblies at various times.

Mr. Speaker:—I do not know why you are getting up one after another and raising several points. The question of my recognising any group of persons as official opposition does not arise at this stage. There is no party or group, excepting that party National Democrats or whatever its name—the other parties do not have the sufficient number of members to warrant recognition as official opposition. So, that question does not arise at all. The next thing is whether I should recognise that party, People's Democratic Party, which consists of 34 members as Official Opposition. That I will have to consider. I must get the position examined. I cannot give my opinion at all.

The next thing, namely, the formation of groups or parties inside the House is concerned, my personal opinion is, for smooth work and transaction of business of the House, it is better you form yourselves into groups. Otherwise, there is Mr. Rao. There are 288 members in this House. Every time and in every item he wants to participate; and it is a question of allotment of time. I do not think he will get even half a minute. But if he belongs to a party on behalf of the party, on every subject, they give the names of persons who are interested in that particular subject or who have prepared to make a speech. They give the names and tell the Speaker the probable time they require.
30th March, 1967.

Anouncement:

re : Formation of Peoples Democratic Party.

The whips or leaders of the parties tell me, "Sir, on behalf of our party, only say for example four people are there who wish to speak. Give them time". This is easy for me. Now, there are no such groups or parties; even then I am using my discretion and giving time to satisfy all sections of the House. What else can the Speaker do, if members all of them, want to speak.

Here is Sri Vavilala Gopakrishnayya. If you want me to be fair, it is true I am giving him much more time. I have done in the past, and I will do it also in future. He is a member who is giving so much time for each and every subject. I want every one of you to come up to that standard. When a member is doing well even on this side, I will give him opportunity. I want to discover talent in the House and give opportunities and encouragement to the members to study the problems, present them in the House and give constructive suggestions to the Government. So, there is no point in strictly saying 'I must get so much time'. If you stand you will not get any time at all. Every time you get up, Mr. Rao, how can you expect.

Sri C.V.K. Rao :—I am sorry, why do you single me out, with due respect, Sir?

Mr. Speaker :—I am not singling you out; but you are singling out yourself. I am not doing it. I do not know so many of the newly elected members; but now your name is prominent not only to me but to everybody in the House.

Mr. Speaker Before you give the list, make sure that they would continue in your party for some time at least.

The same thing they may do tomorrow.
Announcement: 20th March 1957.

Mr. Speaker:—I will also read the names of the Jana Congress. I will read the letter which the Peoples Democratic Party has communicated to me. This is the letter:

Mr. Speaker:— I only said I will get the position examined. Previous Rulings are examine this position, and the ruling is later. I will come to a decision. I don't think, I will do it in this session. Only if the position is not of any importance, I will do it in this session.

Land Assessment is continued for four days. Four days are not sufficient. I will prepare the report in due course.

B. Niranjan Rao (L.R.):— The Ruling is not very clear. The matter is to be considered. I will take it up tomorrow.
Mr. Speaker:— That is what I am saying. Here is a responsible member of the Legislative Assembly who with his eyes open joined the party, affixed his signature and all that; he might change his mind. That is left to him. The only thing is—that is what I was telling—that he should not try to change parties so often. Now, the Chief Minister will reply to the debate on the Budget for 1967-68.

In this connection, I must point out that there is no need for alarm. The situation is not urgent. It is possible to control resources and expenditure. Expenditure is control is easy. There are ample resources and the situation is not alarming. In the meantime, prompt measures are needed. If prompt measures are not taken, a situation may arise where public dinners, tea parties, and processions are less purposeful terms. In addition to this, council tours are also necessary. In addition to the Department, it is necessary for the committees to accompany tours. It is also necessary to consult other committees. In this context, example is needed. Direct and indirect impact should be noted. To conclude, democracy tours are necessary. It is necessary to make use of tours. The House time is over.

Handloom weavers are suffering a lot due to the 6% cut in the handloom industry. Less than 6%. This is not much, but mistaken impression may lead to a wrong conclusion. The handloom industry is not 6% more waste. This is a very big question Sir. It is not only in this State. This is all over the country, and particularly in the two southern States of Madras and Andhra which have many handloom weavers. We must see the trend of things and adapt ourselves to the circumstances. The Bleeding Madras competition is today's. Japan and U.S.A. are encouraging power looms. Concrete suggestions for handlooms and power looms are welcome. We are trying to encourage power looms and are giving power looms to handloom weavers. 1969

Smt. J. Eswari Bai:— Majority of the Congress Legislators of the outgoing Assembly had signed a memorandum demanding the scraping of prohibition. As we have decided to implement this policy, we are first Congressmen before we are Congress Legislators. Therefore fundamental question is, am I not against repealing of Prohibition personally, not many of my colleagues in the Cabinet. That is not the question; the question is, under present circumstances, what best can be done and how best it should be implemented.

The subject of irrigation has been discussed in the previous debate. The Government, in its policy statement on irrigation, had emphasized the importance of minor irrigation projects. The resources available for minor irrigation, as per the estimates made by the Government, are limited. The major irrigation resources have been discussed in detail in the previous debate. The Government had stated that the minor irrigation resources would be utilized to the fullest extent possible.

The Government had also emphasized the importance of water conservation measures. The Government had stated that the major irrigation resources would be utilized to the fullest extent possible.

Mr. Nagireddy:— That clause has nothing to do with the Finance Bill. Clause 307 of the Finance Bill talks about the accounts for the year 1967-68. The finance minister has said that he expects a vote on the account for the year 1967-68. I think this is a matter of principle. The finance minister has said that he will vote on the account for the year 1967-68. Mr. Speaker, the second thing is consolidation of debts. I don't think there is any particular objection except that we have to get the consent of the Government of India and all that. But I don't think it will be a success.

SRI T. NAGIREDDY:— So far as the Central Government is concerned, Mr. Speaker, Sir why not we ask them to give us the loan without specifying for a particular purpose. Central sponsored schemes are poultry, slum clearance and police house. I do not know the details, but the broad fact I know. The second thing is consolidation of debts. I don't think there is any particular objection except that we have to get the consent of the Government of India and all that. But I don't think it will be a success.

The motion was adopted.

Mr. Speaker:— Under the Rules there are three or four kinds of cut motions.

Mr. Speaker:— That is the purpose and the idea for which you are giving a cut motion.

Mr. Speaker:— Seating arrangements have not been made so far. We are still giving the members some time to make up their minds which party to join, and then we shall allot the seats. And then at the time of division the Member will go and sit in his correct seat. No seating arrangements are made and any member may sit anywhere.

An hon. Member:— To avoid confusion is it not proper to allot seats now?

Mr. Speaker:— To avoid confusion those who wish to support the Government may sit on the Treasury benches.

Sri K. Brahmananda Reddy:— Now there was confusion in the voting and the Swatantra members did not partake.

Sri T. Nagi Reddy:—I would like to impress upon the Government before they come forward with their Budget in June, to take some serious matters into consideration and try to change the budget itself. There are umpteen and unnecessary and unremunerative and I should say, wasteful schemes. If we are to consider them—as a crisis in a critical period of priorities slash and slash and slash and slash and slash and slash. The andhra paper mills have been given permission to pump water into the low lying areas of Rajahmundry town to the detriment of public health and sanitation. There are umpteen and unnecessary and unremunerative and unremunerative and I should say, wasteful schemes. If we are to consider them—as a crisis in a critical period of priorities slash and slash and slash and slash and slash and slash.
Why do you want to say that we are spending some crores of rupees for industries and yet not develop one single industry. Unemployment industrial scheme is unnecessary. What do you want to say that we are spending 20 crores of rupees for industries and yet not develop one single industry. That is most unnecessary. Why do you want to say that we are spending some crores of rupees for industries and yet not develop one single industry. Industrial schemes are wasteful expenditure. Animal Husbandry schemes are wasteful expenditure. Famine relief schemes are wasteful expenditure. It is most unnecessary.

As for famine relief schemes pass the House. Industrial schemes are wasteful expenditure. It is most unnecessary.

To reduce the allotment of Rs. 1,08,00,800 for Capital Outlay on Public Works by Rs. 100

(To criticise the over expenditure of maintenance of in Raj Bhavan about 64,700.)

The cut motion was negatived.

Sri Vavilala Gopalakrishnayya:— Sir, I beg leave of the House to withdraw cut Motions No. 60.

The cut motion was, by leave of this House, withdrawn.

DEMAND No. LV - LOANS AND ADVANCES BY STATE GOVERNMENT Rs. 5,84,51,000

Mr. Deputy Speaker:—The question is:

To reduce the allotment of Rs. 5,84,51,000 for loans and advances by State Government by Rs. 100.

(To discuss the failure of the Government to bring Panchayat Samithis and Zilla Parishad under the purview of the Auditor General.)

To reduce the allotment of Rs. 5,84,51,000 for loans and advances by State Government by Rs. 100.

(To criticise the Government for not issuing Takkavi and other loans to the poor and needy people.)

The cut motions were negatived.

Mr. Deputy Speaker:—The question is:

To reduce the allotment of Rs. 11,38,200 for Sales Tax Administration by Rs. 10

(For not implementing single point tax instead of multipoint tax for many items.)

To reduce the allotment of Rs. 9,21,500 for Heads of State Ministers and Headquarters Staff by Rs. 100

(For providing a sum of Rs. 2400/- for the purchase of air-coolers to senior officers of Panchayat Raj Department of the Secretariat in these days of financial stringency.)

To reduce the allotment of Rs. 9,21,500 for Heads of State Ministers and Headquarters Staff by Rs. 100/-

(For providing an allotment of Rs. 9,500/- towards the travelling charges of the Special Secretary, Additional Secretary and Joint Secretary of Public Works Department which is unnecessary.)

To reduce the allotment of Rs. 29,65,700 for Police by Rs. 100

(For the failure of the Government to stop the Police of Tanuku from using the jeeps and lorries belonging to the Andhra Sugars Limited to arrest and break the strike of Akkamamba Textile workers and from arresting and beating two workers outside the area of 144 section.)

To reduce the allotment of Rs. 5,01,900 for Labour and Employment by Rs. 100
(For the failure of the Labour and Employment in securing recognition to the Andhra Paper Mills workers Union even after verification.)

To reduce the allotment of Rs. 1,08,00,800 for Capital Outlay on Public Works by Rs. 100
(For the failure of the Government to construct filter beds for city water supply scheme inspite of the fact that pushkarams are fast approaching.)

To reduce the allotment of Rs. 1,08,00,800 for Capital Outlay on Public Works by Rs. 100/-
(For allowing the Andhra Paper Mills pump water into the low lying areas of Rajahmundry town to the detriment of Public Health and Sanitation.)

The Cut motions were negatived.

Mr. Deputy Speaker:—I shall now put the demands to vote.

The question is:

“'That the Government be granted the respective supplementary sums not exceeding the amounts shown in the third column of the Notice Paper dated 26th March, 1967, in respect of the following demands entered in the first column thereof'”.
