GOVERNMENT OF ANDHRA PRADESH

ABSTRACT.

AGRICULTURE—Chemical Fertilisers—Pool Nitrogenous fertilisers—distribution in the State—procedure—revision—Ordered.

FOOD AND AGRICULTURE (F. P. I.) DEPARTMENT

G. O. Ms. No. 2084 Dated 16-10-1967. Read the following:

1. G. O. Ms. No. 2053, Food and Agriculture, Dated 3-8-63

2. G. O. Ms. No. 1369, Food and Agriculture, Dated 2-6-66

ORDER

In supersession of all the previous orders issued on the above subject to the extent necessary for the implementation of the instant J. No. 101. (101)
orders, the Government direct that the following revised procedure shall be adopted in the distribution of pool nitrogenous fertilisers in the State until further orders:

(i) The Director of Agriculture shall continue to place indents for obtaining the quotas of nitrogenous fertilisers allotted to the State as at present and also to allot fertilisers to the dealers, Manure Mixing Firms and other bulk consumers. The Director of Agriculture will decide the districtwise allotments taking into account the previous demand, consumption level, cropping pattern etc. He will specifically take into account not only the variations in the popularity of several fertilisers districtwise but also keep in view the changes that take place from time to time.

(ii) Seventy percent (70%) of the allotments made to the State may be continued to be distributed by the District Cooperative Marketing Societies through the agency of the primary societies. The primary societies to whom the stocks will be supplied by the District Cooperative Marketing Societies shall sell the fertilisers to the cultivators without any permit. Where there are no primary societies the District Cooperative Marketing Societies shall open their own depots and sell the fertilisers to the cultivators without permits. The District Collector will no longer be concerned with regard to allocations and the distribution of fertilisers either villagewise, societywise or blockwise. In place of the Collectors, the District Cooperative Marketing Societies will select primary societies and decide the quantities to be supplied to these societies and also the despatch of stocks, blockwise and societywise.

(b) The District Cooperative Marketing Societies or primaries shall not sell the fertilisers allotted to them to private traders or to Manure Mixing Firms or to merchants.

(c) The District Cooperative Marketing Societies shall not sell fertilisers direct to cultivators at district headquarters. They should sell only at the retail depots opened by them in places where no primaries are functioning.

(d) The Registrar of Cooperative Societies will take necessary steps to ensure that the stuff is actually transported to the primaries and sold at the primary level by the Cooperatives.

(i) The balance of 30% (thirty percent) of the State's quota will be allotted to private trade. Anyone who obtains a dealer's licence will be eligible for allotment of fertilisers and the fertilisers so allotted can be sold by them direct to the cultivators without any permit. For all fertilisers supplied to the dealers, administrative charges at the rate Rs. 10-00 per metric tonne shall be collected in addition to Rs. 1-00 collected towards fertilisers promotion fund.

(iv) Such of the Manure Mixing Firms who want to deal in straight fertilisers besides continuing the Manure mixing operations can do so by obtaining a dealer licence. The extent, however, the nitrogenous fertilisers allotted to them are made use of by the Manure Mixing Firms for manufacture of mixtures, the latter shall strictly abide by all the rules and regulations prescribed for the manufacture and sale of fertilisers mixtures under the Fertilisers (Control) Order 1957.
(v) The sale of fertilisers by both the cooperatives and the private traders in the straight form should strictly conform to the provisions of the Fertilisers (Control) Order.

(vi) The stocks allotted to a particular district shall be distributed only in the district. Any sale or movement of fertilisers to places outside the district shall be only with the permission of the Director of Agriculture.

2 Separate instructions will issue with regard to distribution of fertilisers to the export oriented commercial crops like tobacco, jute, cotton etc. and also for supplies to the cooperative sugar factories.

3. This order shall come into force with immediate effect. The Director of Agriculture and the Registrar of Cooperative Societies shall take necessary steps to see that the revised procedure ordered above is implemented without any loss of time.

4. The results of the revised orders will be reviewed in March, 1968 taking into account the working of the instant procedure during the next Rabi season.

5. "Fertilizer distribution free". Last year this was free. What was the number? I think it has gone over 1100 or 1200.

6. "Are the prices (of fertilizers) high?" The prices are the same, but the quality has improved.

7. "What is the programme?" This year's programme is up to end of March. The bag limit is 10, and the state government has raised it to 8, but the cooperatives still limit the amount. The price pressure is now reduced. Free bag distribution has been reduced.

8. "Why is there a "suffocation" problem?" The cooperatives cannot sell more than that. But if they reduce we cannot restrict. In several districts they sell at 50 per cent above the margin. In Guntur it is being undersold by Rs. 4 per bag.

Mr. R. Dhondi:—(in Telugu) free sales 36 months stand by. Free sales 36 months stand by. We have got enough stocks and the stocks are over 2 lakh tons as much as the stock sufficient for one year as we had in 1964-65. We have standing stocks.

STATE FARMS

1087—

* 1719 Q.—Sarvasri Vobbillisetty Rama Rao (Vizianagaram) and A. Madhava Rao:—Will the hon. Minister for Agriculture be pleased to state:

(a) number of State Farms in the State;

(b) whether it is a fact that the yield in 1964 and 1965 in Government Farm in Visakhapatnam was very low per acre to that of a Private Farm;

(c) if so, will the Government abandon the State Farms in favour of individual farms; and

(d) what is the yearly loss per acre, for the last four years 1963 to 1967?

Sri P. Thimma Reddy:—(a) There are 30 State Seed Farms in the State.

(b) There are no private farms maintained for production of improved seeds except the various lands cultivated by private individuals. Further, the yield of crops depends on the soil and climatic conditions. In view of this, the yields of crops per acre in Visakhapatnam differ from one locality to another. Hence, it is not possible to compare with the yield of crops of different areas.

(c) Does not arise in view of the answer to clause (B) above.

(d) A statement showing the loss incurred on the seed farms in Visakhapatnam District is placed on the Table of the House.

N. B.:— The total loss indicated above is included all expenditure on cultivation, contingencies, Wages of watchmen and staff charges.
What is the total acreage covered by these 30 farms? What are the reasons for the losses in the Visakhapatnam district and what action has been taken by the Government?

Sri P. Timma Reddy: For the first part of the question I need notice.

The need for Government farms is very great and very necessary.

It is because...
Government has put certain investment upon that.

I have asked the department to examine wherever such big plots of unreclaimed land or sub-

jungles are available. If the soil is suitable and if the stretch is up to 8 to 10 thousand acres or little more, that will be very suitable.

**BUDGET OF KUMARAPRIYAM PANCHAYAT**

1089—

* 1540 Q.— Sri Vavlala Gopalakrishnayya :- Will the hon. Minister for Panchayat Raj be pleased to state:

(a) whether it was a fact that the budget of the Village Panchayat of Kumarapriyam of Samalkota Samithi of East Godavari District was rejected for the year 1965-66, 1966-67, if so, what was the action taken so far and whether any representation was received by the Government for the dissolution of the Panchayat and;

(b) if so, the action taken thereon?

Sri T. Ramaswamy:—(a) The revised budget estimate for 1965-66 and the budget estimate for 1966-67 of the Gram Panchayat, Kumarapriyam were not sanctioned as four members of the Gram Panchayat out of the total strength of seven opposed the budget without assigning any reasons on 24-12-65, 7-1-66 and 14-5 66. In exercise of the authorisation made to him, the Collector, East Godavari under Section 49 of the Andhra Pradesh Gram Panchayats Act, 1964 appointed the Extension Officer (Panchayats) Samalkota to perform the function of sanctioning the budget of the Gram Panchayat and the Extension Officer (Panchayats) sanctioned the said budget estimates on 13-10-66. The Panchayat Samithi, Samalkota, approved the budget estimate of the Gram Panchayat on 17-11-66. No representation was received for the dissolution of the Panchayat.

(b) Does not arise.
Mr. Speaker:— The hon. Member wants to know why the Government did not consider dissolving the Panchayat?

Mr. Speaker:— Dissolution of a Panchayat is an important step, and should not be taken lightly. Suo moto why should the Government dissolve the panchayat, Sir?

C. A. TO HANUMAKONDA PANCHAYAT SAMITHI STAFF

1090—

2251 Q. — Sri R. Narasimha Ramiah [Put by Dr. T. S. Murty] Will the hon. Minister for Panchayat Raj be pleased to state:

(a) whether it is a fact that the office of the Hanumakonda Panchayat Samithi is situated in Warangal City Municipality; and

(b) if so, whether city allowance is paid to the staff of the said office; if not, the reasons therefor?

Sri Ramaswamy:— (a) Yes, Sir.

(b) Yes, the staff is paid C. A. as per the rates admissible under the rules.
స్రీ. రామాశ్వమ్య:—అమీరు, సింగారం-నాను మండలం పంచాయతీ సమితి కేంద్రం ఉండదు, పనచయతీ సమితి కేంద్రం ఉండదు. నార్త్ మండలంలోని పంచాయతీ సమితి కేంద్రం ఉండదు. మండలంలోని పంచాయతీ సమితి కేంద్రం ఉండదు. పంచాయతీ సమితి కేంద్రం ఉండదు. పంచాయతీ సమితి కేంద్రం ఉండదు. పంచాయతీ సమితి కేంద్రం ఉండదు.
Sri T. Ramaswamy:— The question is:

(a) Whether it is a fact that the office of the Hanumakonda Panchayat Samithi is situated in Warangal City Municipality; and

(b) if so, whether city allowance is paid to the staff of the said office; if not, the reasons therefor?

Mr Speaker:— That is not the question the Hon. Member has sent. Whoever has sent the question, the question is whether it is situated in Warangal City Municipality. He says 'Yes' and whether the City allowance was being paid, he says 'yes.' The hon. Member has not asked as to why the office was located in the Warangal Municipal limits when buildings were available in another village Sangam.
The Minister says he has not got the full information.
Dr. T. S. Murthy:—When he says to put a supplementary question, I feel this question arises as supplementary from the answer he has given.

Mr. Speaker:—The hon. Minister will please see the answer as furnished by the Department and so far as other things are concerned what he says may be correct. But the Minister is not in a position to answer at this stage. What he says is please give me a separate question and I will get the whole thing examined and furnish the information to the House, I do not want to imagine and give the information, that is what he says.

Mr. Speaker:—There is no use of simply making all kinds of allegations.

Sri Vavilala Gopalakrishnayya:—No, Sir. It is a basic thing.

Mr. Speaker:—Rightly or wrongly, certain thing was done.

Mr. Speaker:—Since the Panchayat Samithis are intended for rural development they must be located in rural areas, that is the first point. They should not as far as possible be located in municipal limits. Even if it is located in municipal limits we have got to pay the employees the City Allowance. We do not know in what year the office was located in Warangal Municipal limits. Because it is situated in the municipal limits they are paying the City Allowance. You are questioning the justification for locating the headquarters in Municipal limits of Warangal. If you want full information you can put a separate question. I will ask the Minister to collect the information and give.

Mr. Speaker:—He might give whatever information he has got. He is prepared to place it before the House. But if he wants him to give more information he says “I am not in a position to give now at this stage.”

Sri Vavilala Gopalakrishnayya:—We are raising the issue in this House. Can’t he take notice of it?
Oral Answers to Questions. 20th February, 196?.

Mr. Speaker:—I too feel why the headquarters were located in Sangam....But he does not know anything about it.

Mr. Speaker:—Local members might be knowing all these things. The Minister of course does not know which Panchayat Samithi is located in which place. That information he has got to get from the department.

Mr. Speaker:—If any Member or Minister thinks he is omniscient, they are thoroughly mistaken. Nobody is omniscient in this world.

BUSINESS OF THE HOUSE

Mr. Speaker:—The adjournment motion given notice of by Sri B. Ratnasabhapathi regarding MLA quarters has been disallowed since it does not comply with any of the conditions laid down for admissibility.

Sri B. Ratnasabhapathi:—Sir, now that you have made an announcement—

Mr. Speaker:—I asked him to come and discuss with me in the chambers. Do not put me to the painful necessity of disclosing any matter concerning MLA quarters.
20th February, 1968.  

Business of the House.

Sri B. Ratnasabhapathi:—Certain decisions were made and you announced in the Assembly. I want to know why they have not been implemented.

Mr. Speaker:—If you want me to tell the House why those decisions have not been implemented, I have to disclose several things which I am not prepared to disclose. Yesterday, I wanted you to come and discuss with me.

Sri B. Ratnasabhapathi:—This is a matter concerning every member of the House.

Mr. Speaker:—It is a very delicate question you are asking me on the floor of the House. I am sorry, I am not prepared to answer that question on the floor of the House.

Sri B. Ratnasabhapathi:—Because some of us are put to a lot of inconvenience, I have to raise it here. Is there no solution for this? The point is, certain decisions were made and announced in this Assembly. If the decisions had been announced by the Government, it would have been a separate question altogether. There is a great sanctity attached to the announcement and decisions made by the chair; that is how I understand. Therefore, this is one part of the question. The second point is the inconvenience some of us are put to while others are enjoying the benefit of the quarters who are not entitled to these privileges.

Mr. Speaker:—You are compelling me to the painful necessity of telling the House the reasons. If it is a question of disclosing as to why that decision has not been implemented, I will have to give the reasons. Should I not give the reasons?

Sri B. Ratnasabhapathi:—Then, those reasons will not solve the problems. My only point is, there must be some solution found for our difficulties.

Mr. Speaker:—On that I asked you to come and discuss with me in my chambers. Can I give the names of the members who are allowing outsiders to remain in their quarters? In spite of enquiries made, they are themselves coming forward with their own explanation and putting us to the painful necessity of ordering an enquiry against them. Number of reasons I have got. I can give the names of the members.

Sri K. Brahmananda Reddy:—It is a matter which you can kindly dispose of in your chambers.

Mr. Speaker:—He is not satisfied with that.

Sri B. Ratnasabhapathi:—That discussion has already taken place. Important problems do not get solved that way.

Mr. Speaker:—He does not seem to understand my difficulty at all. In spite of my telling him why does he put me to the necessity of giving out the reasons. If he can't understand my difficulty is I am really sorry.

Sri B. Ratnasabhapathy:—Why should you be sorry? There is no need. I do not ask for sympathy. I ask problem or problems.
do not get solved. There must be some solution. Kindly show the solution. That is all what I am asking.

Mr. Speaker:—On the floor of the House, you want me to give a solution.

Sri B. Ratnasabhapathi:—If a solution had been given and our problems solved, there won't be any need for me to give notice of an adjournment motion.

Mr. Speaker:—I only announced to the House the decisions of the House Committee and if the decisions of the House Committee have not been implemented, there are various reasons. If you want the reasons, I have no objection. I shall ask the House Committee to furnish the reasons and all the reasons will be read out as to why these decisions have not been implemented.

Sri C. V. K. Rao:—What further steps are to be taken in the matter in order to implement your orders? May be, I can as well bring to your notice that after this Assembly session started two guests were dead in the rooms. It is a tragic state of affairs and we are there. We should not be put to such a state of affairs. Some steps are called for. If the guests come and they are dead, what is the purpose of our staying there? We are in an unfortunate situation. You need not make any reference to any member. You need not bring out any unpleasant thing.

Mr. Speaker:—It is very unfortunate that you are asking this question and it is equally unfortunate that several things are taking place which I am not prepared to disclose on the floor of the House.

Sri C. V. K. Rao:—This should be put an end to. We should not be placed in such a situation.

Mr. Speaker:—Whatever your difficulties, you please bring them to the notice of the House Committee. It will consider all these things and decide and I am prepared to implement the decisions of the House Committee. Whatever difficulty you are experiencing, you bring them to the notice of the House Committee.

Mr. Speaker:—The only forum is the members themselves. If the members realise their responsibility and if they do not resort to irregular actions, everything will be all right.

Sri B. Ratnasabhapathi:—That is a pious belief. You have just made an appeal and if that appeal is not heeded, what is the way out? In fact, you announced some decision in the House which you said will be implemented, if necessary, with police force. Having made an announcement, should it not be implemented?
20th February, 1963.

Business of the House.

Mr. Speaker:—Please tell me the way-out. There is the House Committee.

Mr. Speaker:—Let me explain my position. If I remember correct, a decision was taken by the House Committee that in the case of members who are allowing outsiders if they don't reside themselves and if they allow outsiders to reside in their quarters, penal rent will be levied on them i.e., if they still do not send those outsiders out, the rent will be increased, which may be twice or thrice. Naturally, some of the members of the staff and also one member of the House Committee made enquiries and sent reports to me saying that in as many as about 40 or 30 family quarters outsiders were residing. Naturally, I asked the House Committee to put an end to this practice by giving notices to the members for collection of penal rent. Every member came forward with an explanation that he has not allowed any outsider to remain in his quarters. They are saying that they themselves are residing in the quarters. Well, I know a number of cases where the member concerned is a Harijan, but the people residing in the quarters are Muslims. I do not know how those Muslims are related to these Harijan members. (LAUGHTER) I am not prepared to give the names of those members. There are several things like that. When a member says that he has not allowed outsiders to remain in his quarters, should I believe his word or not? You still want me to hold an enquiry into the matter! If a member says that he has not allowed any outsider to remain in his quarters, I am prepared to accept his statement. I do not expect any member to make a false statement.

Sri B. Ratnasabhapathi:—This situation was taken into account when the House Committee took the decision. I was also present.

Sri K. Brahmananda Reddy:—May I appeal to you Sir this is not a matter which can be solved on the floor of the House?

Sri B. Ratnasabhapathi:—There is no other place where it can be solved at all at this rate. In spite of the announcement of the decisions which were acclaimed by all the members of the House as the right step—
Mr. Speaker:—What is it that you want me to do? There is the House Committee.

Sri B. Ratnasabhapathi:—That is only advisory in nature. That is not a statutory body. I cannot ask the Chairman of the House Committee to do this and that.

Mr. Speaker:—What is it you want me to do?

Sri B. Ratnasabhapathi:—It is for you. You are the final authority.

[ Sri T. Nagi Reddy rose in his seat ]

Mr. Speaker:—I tell you my difficulties. When members say that they have not allowed any outsider to reside in their quarters, should I believe their statement or not? Should I still hold an enquiry if a member claims that he has not allowed any outsider to reside in his quarters? Will it be proper for me to question the correctness of his statement and order an enquiry? Well, you say that we should have anticipated all these difficulties.

Sri B. Ratnasabhapathi:—We have visualised. The House Committee discussed all these delicate issues and still we came to a decision. That is my submission.

Mr. Speaker:—When the House Committee took a decision, it did so in the full hope and confidence that members will make correct statements and when the members made statements I am prepared to accept their version and say that they have not allowed any outsider to remain in their quarters. Even now when a member says that he has not allowed anybody, I said, “All right, I cannot collect penal rent.”

Sri B. Ratnasabhapathi:—Allowance to reside in family quarters is decided by House Committee proportionate to party strength. That is the first problem.

Sri B. Ratnasabhapathi:—Allowance to reside in family quarters is decided by House Committee proportionate to party strength. That is the first problem.

Mr. Speaker:—280 members, 10 Ministers, Speaker, 30 members family quarters 10 members single rooms. And 30 family quarters 100 members. In House Committee proportionate to party strength, it is allotted. Of parties
February 20th, 1963.

Business of the House.

Sri B. Ratnasabhapathy: That is not my intention when I gave notice of an adjournment motion. Parties were required to make an application for fair shares and special quarters that is not an impossible thing. Subsequent to vacating houses, families were tempted to make an application. The announcement that some of us were tempted to make an application was incorrect. The logical end should have been reached and people who are not entitled to the houses should have been evicted.

Mr. Speaker: The question of collecting penal rent has not been given up. If a member has been given notice, when he says that he is not allowing outsiders, should I accept his statement or not? That is the point.

Sri B. Ratnasabhapathy: I won't go into that question at all.

Mr. Speaker: The question of collecting penal rent has not been given up. If a member has been given notice, when he says that he is not allowing outsiders, should I accept his statement or not? That is the point.

Information evictions decision. Therefore whether the statement made by the members is to be depended upon or relied upon does not arise. Now, I am not going into the question and if at all we want to know whether the family residing in a particular quarter is a genuine family or not I have got incontrovertible information and I can prove I have documentary proof that in so many houses some other are residing in the quarters allotted to members. When people are entitled legally and morally entitled for the houses are now rotting not even in the M. A. S. hostel, but outside the hostel, paying higher rents every day more than what the Assembly is giving them. That is my problem.

Mr. Speaker:—There must be unimpeachable evidence to show that a Member is not residing in the quarters, but some outsiders are residing.

Sri B. Ratnasabhapathi:—I will stand on that.

Mr. Speaker:—I want you to give the name of that member.

Sri B. Ratnasabhapathi:—I have got here that telephone number.

Mr. Speaker:—Let us see what that member has got to say. You said only one member.

Sri B. Ratnasabhapathi:—I have got many.

Mr. Speaker:—We have got material with regard to 50 members.

[Sri B. Ratnasabhapathi rose in his seat.]

Mr. Speaker:—Unless the members co-operative with the House Committee, what is it they can do?

Sri B. Ratnasabhapathi:—The position regarding some members refusing to co-operate has been visualised when the decision was announced. This situation was visualised. The Chief Minister participated in the House Committee and certain decisions were taken taking into consideration all these delicacies and all these problems. Therefore, Sir, it is not like that. That member need not be disregarded, but the decisions have to be implemented; that is all my submission.

Mr. Speaker:—The House decide—on—
most of us here belong to various parties, except a few, and every Party Leader will have to take the responsibility of the members of their parties.

Mr. Speaker:—May I offer one suggestion? I am prepared to discuss the matter with all the Leaders of the Parties and we shall come to certain decisions. (INTERRUPTION. That is the only way out.) In my Chambers, I am prepared to discuss with the Leaders of all Parties and one or two representatives of the unattached independents also. You give me some suggestions. Let us see how best we can solve the problem. After all, we are interested in seeing that members who are really in need of the family quarters are supplied and not members who are allowing outsiders to remain in their quarters. I have no objection to discuss with the Leaders of the Parties. The only thing is and what I am saying is it may not be proper on the floor of the House to discuss that question. That is all what I am saying.

Mr. Speaker:— No. Not on the floor of the House.

Sri G. Sivaiah:— Many of our Members are only speaking about Quarters. There are many people like me who do not want Quarters and want to stay only in Hostel Rooms. No Leader is staying in Hostel Room. They may not know the difficulties what we are facing in the Rooms. Therefore, I am not prepared to accept that this issue will be discussed with only the Leaders. All of you are staying in Quarters and we are staying in Hostel Rooms and they may not know our difficulties. I have got many things to discuss about...

Sri K. Brahmananda Reddy:— All friends like Sivaiah who are Leaders of Leaders.

(Laughter)
Sri G. Sivataiah:—I have got one submission Mr. Speaker, Sir. I sincerely believe that all these mis-things are on account of certain officers. I have not seen the Deputy Warden or Warden inside the Hostel. I am sincerely saying Sir that I have not seen the Warden and asked to come and enquire things. Many things are going on only due to the Warden. It is unfortunate that his term has been extended for two more months.

Mr Speaker:—Unless members cooperate it is difficult for us to enforce decisions of the House Committee. Members must cooperate.

Mr Speaker:—It is easy to take decisions. But if it is a question of implementing the decisions, then the difficulty arises.

Mr Speaker:—My decisions are not implemented not only by those members but even all the Members. When I ask you to resume your seat, you never implement my decision.

Privalige Motion:

re: Disparaging remarks made by Sub-Inspector of police, Bichkunda against Sri J. Vittal Reddy, M. L. A.

Sri J. Vittal Reddy (Jukkal):—On 27th October, 1967 at about 1.00 p.m. I went to the Bichkunda Police Station to represent a case of Kodapugal. Some gondas have looted the jawar crop of one Sri Gopal Rao, Advocate. I told the Sub-Inspector to take strong action in this regard as occasionally this is happening on that land. The Sub-Inspector misbehaved with me and told that "it is Police Station not Gandhi Chowk. You get away from here" (Ye Police Station Hai. Ye Gandhi Chowk Nahi Hai, Aap Yahan So nikal jao, M.L As. ko doora kam kuchi bhi nahi hai). While telling these words, Mr. Gopal Rao, Advocate was also with me.

Thus, the Sub-Inspector of Bichkunda has insulted me and he did not allow me to represent the case. Thus, he obstructed the privilege of a member.

I, therefore, request you Sir, that this case may be referred to the Committee of Privileges of the Assembly.
Privilege Motion:

20th February, 1968.

re: Disrespectful remarks made by Sub-Inspector of police, Bchkunda against Sri J. Vittal Reddy, MLA.

That that sub-inspector is a very straightforward man and he never loses his balance. His work and control over the anti-social elements is appreciated by the local public. The privilege motion is to satisfy one's conscience.

(1) Is that true? — Yes.

(2) Is that true? — Yes.

(3) Is that true? — Yes.
Privilege Motion:

Re: Disparaging remarks made by Sub-Inspector of Police, Bichkunda against Sri J. Vittal Reddy, MLA.

Mr. Speaker:—At this stage we are not concerned with the truth or otherwise of the statement made by Mr. Vittal Reddy before this House. On the presumption that what Mr. Vittal Reddy has stated is true, the question is whether there is a prima facie case for referring to the privileges committee, or if the House wants to decide it by itself, it is a different matter. The question is whether there is a prima facie case proceeding on the presumption that Mr. Vittal Reddy's statement is true. If subsequently it is found to be not correct, it is a different matter. The question is on the presumption that it is correct because we are not going into the truth or otherwise of the statement made by Mr. Vittal Reddy. It is for us to decide. We do not know whether he may be making a correct statement or those people may not be making a correct statement. Over and above that I do not know whether the enquiry in under Criminal Procedure Code. If it is under Section 162 of the Cr. P. C. you do not find the signatures of the parties. I do not know whether Mr. Gopal Rao has made a signed statement. We are not concerned with those things. The question is on the presumption that it is a correct statement, whether there is a prima facie case. The House can enlighten me on that point.

Sri B. Ratnasabapathy:—It is not for him to remind us whether it is a police station or a Gandhi Chowk. After all he is a petty official.

Mr. Speaker:—He is alleged to have said: "It is police station and not Gandhi Chowk. You get away from here—Yeh Police Station Hai, Gandhi Chowk Nahi Hai."
Privilege Motion:  20th February, 1968.

Sri K. Govinda Rao:—To say: "You get away from here" is itself a breach of privilege, Sir.

Mr. Speaker:—"Get away"  aadhi  aadadu.

Sri B. Ratnasabhapathy:—We are not to take lessons from a petty police officer, Sir.

Mr. Speaker:—It amounts to that.

Mr. Speaker:—I will call one member after another to speak. Let Sri Ch. Rajeshwar Rao speak and let the other members please sit down.
Privilege Motion:

re: Disparaging remarks made by S b-Inspector of Police, Bichkunda against Sri J. Vittal Reddy, MLA.

Mr. Speaker — Whatever it may be, I would ask the hon. Members to clear my doubts. Here is a case concerning an advocate. The advocate who is expected to know the law thoroughly could have gone to the police station and made a complaint. The man who is engaged in the profession of giving legal advice to others was not in need of any advice by himself. He could have gone to the police station and made a complaint by himself. Where was the necessity for the M. L. A. to accompany him and speak to the sub-inspector on his behalf?
Privilege Motion; 20th February, 1968, 157

re: Disparaging remark made by Sub Inspector of Police Bhukunda against Sri J. Vittal Reddy, MLA.

Mr. Speaker:— So far as this is concerned, they have not gone into the matter at all. The Privileges Committee has not given any finding.

Sri B. Ratnasabhapathi:— The matter has been referred to the privileges committee.

Mr. Speaker:—The matter has been referred to the privileges committee not because I felt that there was prima facie case. The privileges committee has not given any finding whether it amounts to breach of privilege or not in view of the apology tendered by the officer. They said that it was not necessary to go into the matter.

Mr. Speaker:—You are mistaken. It was not I that held..

Sri A. Madhava Rao:—I am sorry if that is to be construed like that.
Prerogative Motion:

re: Disparaging remarks made by Sub-Inspector of Police, Bichkunda against S. V. R. Reddy, M.L.A.

Mr. Speaker:—I never gave my finding that there was a prima facie case for reference to the privileges committee. It was the House that felt that it should be referred to the privileges committee.

Sri A. Madhava Rao. —In this case the language used by the Sub-Inspector is more serious. 

Mr. Speaker:—I am not allowing any further discussion.

The House can decide it by itself. I will ask your opinion. Such of those who are in favour of referring it to the privileges committee may stand and those who are against it.

Mr. Speaker:—When it is likely to be referred to the privileges committee, it is better you don't express any opinions on that.

Mr. Speaker:—Supposing I do not agree with that view. Then I can put it to the House. Those who are for leave being granted for referring it to the privileges committee please stand in their seats.

Mr. Speaker:—Since the number of members who are for leave being granted is 57, i.e. more than 30, leave is granted for reference to the privileges committee.

Mr. Speaker:—Formally, some hon Member might move for leave being granted to refer the matter to the Privileges Committee.

Sri Vavilala Gopalakrishnayya:—Sir, I beg to move:

"That leave be granted to refer the matter to the Privileges Committee."

Mr. Speaker:—The question is:

"That leave be granted to refer the matter to the Privileges Committee"

The motion was adopted.

Attention to a matter of urgent public importance: Agitation of students in Telangana area over the enhancement of tuition fees.
Calling attention to matter of urgent public importance:

re: Agitation of students in Telangana Area over the Enhancement of tuition fees

The Minister for Education (Sri T. V Raghavulu)—Since the formation of Andhra Pradesh in 1956, many concrete steps were taken to foster the pace of integration between the two regions in the best interests of both avoiding as far as possible hardships to either. In this sphere of Education also, with a view to evolve a common and as far as practicable uniform set of educational rules for the two regions, a Committee was constituted by the Government of Andhra Pradesh. Based on its recommendations, the Integrated Andhra Pradesh Educational Rules were brought into force and enforced with effect from the school year 1966–67. As a result of this, the rates of tuition fees that were being levied in secondary schools in Telengana area were raised to the level of fees in force in Andhra area. Although this revision in the rates of tuition fees was ordered to be brought into force with academic year 1966–67, the instructions were issued for the collection of the enhanced fees only from the current school year 1967–68. There is ample justification for the enhancement of tuition fees in secondary schools in Telengana area. Apart from the fact that there was no revision of fees in Telengana area during the last 32 years, the revised rates bring the fees structure in the Telengana area to the same level as in Andhra area thus securing uniformity in the two regions.

In this context, it is also not out of place to highlight the various educational concessions that are now available to a great majority of the students in Andhra Pradesh, including Telangana. Among them, the following deserve special mention:

Free education for both boys and girls upto now VIII class.

Free education for girls right upto XII class.

Free education upto XII class for the children belonging to scheduled castes, scheduled tribes and vimuktha jathies.
20th February, 1908

Calling attention to a matter of urgent public importance:

re: Agitation of students in Telangana Area over the Enhancement of tuition fees.

Children of NGOs, Local Bodies employees, teachers and economically backward people whose income is below Rs. 2,400 per annum enjoy half fee concessions.

In addition, the students in Telengana region enjoy full freeship to the extent of 20% of the total enrolment in each class in the districts and to the extent of 15% of the enrolment in each class in the twin cities.

There are also ryaiti scholarships for bona fide poor students.

Further, the revised tuition fees as per the A.P.S.C. rules are to be collected for the months in the year as against 12 months hitherto.

It may also be mentioned that the number of secondary schools in Telengana area has now increased ten-fold since 1956. Thus though there is justification for the revision of rates of tuition fees in Telengana area, the students of various schools started an agitation against the enhancement of tuition fees and organised strikes. They also indulged in unlawful activities at certain places and caused much damage to private and public property, etc.

After considering the representations received by Government that the enhancement in tuition fees would cause hardship to parents, the Government have reduced the rates of tuition fees leviable in high schools and higher secondary schools in Telengana area, as follows:

<table>
<thead>
<tr>
<th>Class</th>
<th>High school</th>
<th>Higher secondary &amp; Multi-purpose</th>
</tr>
</thead>
<tbody>
<tr>
<td>IX</td>
<td>Rs. 3 per month</td>
<td>Rs. 4.50</td>
</tr>
<tr>
<td>X</td>
<td>Rs. 3-25</td>
<td>Rs. 4.75</td>
</tr>
<tr>
<td>XI</td>
<td>Rs. 3-50</td>
<td>Rs. 5-00</td>
</tr>
<tr>
<td>XII</td>
<td>Nil</td>
<td>Rs. 5-50</td>
</tr>
</tbody>
</table>

The fees at the above rates are ordered to be levied from 1st October, 1967 instead of from the beginning of the school year 1967-68. Consequently on the reduction of the rates of tuition fees ordered by the Government, the students of several schools who went on strike have called off the strike and the schools are now functioning normally. As the various schools in Telengana area might have lost considerable number of working days due to the strike staged by the students and it will not therefore be possible for the schools to complete the portions of lessons, as scheduled before the commencement of the public or annual examinations, as the case may be, instructions have already been issued by the Director of Public Instruction Andhra Pradesh, Hyderabad, to all heads of secondary schools asking them to put in extra work days this term to the extent possible and complete the syllabus as per the schedule.
Business of the House.

Mr. Speaker:—You have given the notice today. I have not seen the notice. Apart from that, it is a matter pertaining to the Central Government.

Mr. Speaker:—I shall consider as to what should be done.

ANNUAL FINANCIAL STATEMENT (BUDGET) FOR 1968-69
(GENERAL DISCUSSION)

The estimate was not an account of the revenue receipts. That difficulty you know, Sir, was explained then. Now it is the revised estimate. That is all.
Annual Financial Statement (Budget) 20th February, 1968.

Sri K. Brahmananda Reddy:—There is nothing, Sir. Supposing during the course of an year some grants are received from the Central Government.

Mr. Speaker:—So far as the budget is concerned, it is only estimated receipts and expenditure. Is it not?

Sri K. Brahmananda Reddy:—Supplementary estimates have nothing to do. That is the expenditure. It is not of the receipts.

Mr. Speaker:—For the coming year in the estimation of the Government, they are receipts and expenditure. Of course, so far as the supplementary budget is concerned, you have also taken into account these things and shown them for the information of the House.

Sri K. Brahmananda Reddy:—Yes, Sir.

Mr. Speaker:—That will be placed before the House for its approval. It is coming up on the 25th or 24th. Even before that how can they find place in the budget?

Sri Vavilala Gopalakrishnayya:—How was it approved?

Mr. Speaker:—That is all right. You are only raising a technical objection. The House is going to approve the revised estimate or budget whatever it may be.

Mr. Speaker:—Let us not go by technical things.

Sri Vavilala Gopalakrishnayya:—How was it approved? Would be put to vote in the House.

Mr. Speaker:—There is no question when the budget demands would be put to vote in the House.
Mr. Speaker:—It is not as though the House is going to vote the budget. There is no question of the voting on the budget. They show in the budget that so much receipts and expenditure for the coming year.

Mr. Speaker:—I do not feel that there is any irregularity or anything in this.

Sri K. Brahmananda Reddy:—All right. We will get some revenues from Central Government. Where do we have to show it.

Revised Estimates 69.

Revised Estimates 69.
Annual Financial Statement (Budget) 20th February, 1968. 169

for 1968-69 (General Discussion).

Sri C. V. K. Rao:—How is it possible that the budget estimates for 1968-69 could come up when the revised estimate has come before the House. It cannot be treated as though figures are shown here or there. It should get the proper sanction of the House and then only after the accounts have been settled. Then only for 1968-69 comes up. So, there is a gross irregularity in this.

Mr. Speaker:—This is a practice which is being followed year after year. It is not as though a novel practice is resorted to for the first time.

Sri K. Brahmananda Reddy:—There is no irregularity.

Mr. Speaker:—Even if there is an irregularity it need not be taken seriously.
Annual Financial Statement (Budget) for 1968-69 (General Discussion).

Mr. President, Members:

The Annual Financial Statement for the year 1968-69 is submitted for your consideration. The budget for the year has been formulated with due consideration to the financial position of the college. The college has been running at a loss for the past few years, and it is hoped that with the implementation of the policies discussed here, the college will be able to achieve a surplus.

...proposals should be considered carefully. It is true that some expenditures may be necessary in the short-term, such as for irrigation schemes. However, it is important to consider the long-term implications of these expenditures. Development tax and betterment tax are two types of taxation that may be considered. These taxes can be used to fund irrigation projects in the future.

Minor irrigation schemes and medium irrigation schemes have been proposed. These schemes require contributions from the budget. The policy on irrigation development should be reviewed to ensure that these contributions are effectively used.

Annual Financial Statement (Budget) for 1968-69 (General Discussion)

184 20th February 1961.

The financial year 1960-61 was a year of balanced budget, with expenditures and revenues closely matched. The budget for 1968-69 was prepared with the aim of achieving a surplus, but various unforeseen factors led to a deficit. The budget for 1968-69 was presented to the Parliament on 5th March 1961.

The budget for 1968-69 included provisions for various social welfare schemes, including education, health, and housing. The budget also provided for the development of infrastructure, such as roads and bridges.

The budget was praised for its emphasis on social welfare and development, but criticisms were also made regarding the allocation of funds for specific projects.

The budget for 1968-69 was passed by the Parliament with a majority, and the government began implementing the budgetary plans.

In conclusion, the 1968-69 budget was a significant step towards achieving economic stability and social welfare in the country. However, the government faced challenges in implementing the budgetary plans, and the economic situation remained volatile.

192 20th February, 1963. Annual Financial Statement (Budget) for 1968-69. (General Discussion)

Economic recession is one of the major issues facing the country. According to the latest data, industrial production has declined by 8%. Even though the overall trend is negative, there are some sectors that have shown improvement. For instance, the textile industry has seen a growth of 6.3%. However, the overall picture is still worrying. The government is considering various measures to stimulate the economy and mitigate the effects of recession. One of the proposed plans is the implementation of a new infrastructure project that could create jobs for 10,000 people. Economic recession can be a challenging time for the economy, but with the right policies and measures, we can emerge stronger.
