Sri T. Rama Swamy - The Divisional Panchayat Officer Nellore has since reported that the Sarpanch produced records on 5–9–67 and that no serious irregularities are noticed during the present term.
With regard to the irregularities relating to the previous term they are related to the Superintendent of Police, for investigation. When did it come to your notice that he is not using his powers properly? When did you give him notice? When did he give a reply? On what basis did you remove his name from the powers of drawing money? I will be able to understand the problem.

When there is a report from the Divisional Panchayat Officer or an Extension Officer, Panchayat that he is misapplying or misusing the funds, certain procedure has got to be followed before cheque drawing powers are withdrawn. According to the Act certain procedure has got to be followed before cheque drawing powers are withdrawn. Under that Act, I do not know whether it is the Divisional Panchayat Officer...

or who does it—he has to necessarily give notice ordering withdrawal of powers. It is only after his explanation is received, then he can take a decision. As against that, an appeal lies to the Collector, if I remember collect.

Sri T. Ramaswamy—An appeal lies to Collector.

Sri T. Nagi Reddy—That is true, Sri T. Chandra Babu. The content of the explanation has to be received. If he is given an opportunity to explain, then he can take a decision. As against that, an appeal lies to the Collector.

Mr Speaker—if any such irregularity was committed in the case of a particular Sarpanch, that Sarpanch could have certainly appealed to the Collector saying that he has not been given an opportunity to explain the position.

Sri T. Nagi Reddy—I agree. The Minister here should give us a reply which will be useful for us to understand the problem. What is the use of saying that he does not have the dates and yet he was suspended and later the suspension was removed and since we found that the changes are against the previous term and not this term—that is the answer which the Minister should not give.

Mr Speaker—When there was a report that he has misused the fund he has evaded to produce the record. In order to prevent his further misuse this order was passed after giving notice to him. He had a right to appeal to the Collector also.

Sri T. Nagi Reddy—that is why, why does he not give us the dates?

Sri T. Ramaswamy—I do not have.

Sri T. Nagi Reddy—Why does not the Minister have the dates here? When a question is put on the question of withdrawal of power, Mr Speaker, does not he know that whether a notice was given will be asked immediately? Is he not aware that a supplementary question to the effect that when did he give notice, when was the answer received and what was the final decision of the Government is the immediate question that will come and the Minister says that he does not come with answers. Then I am surprised even after experience of one and half years.

Sri T. Ramaswamy—I have got the reasons for.

Sri T. Nagi Reddy—What is the use of the reasons without dates?

Sri T. Ramaswamy—What is it?

Mr Speaker—if he has got any information with regard to a particular Sarpanch that the procedure laid down under the rules has not been followed, that of course, the officer who withdrew the powers or who misused his powers of abused his powers, then certainly he you can put a question to the concerned Minister saying whether it is a fact that irregularity has been committed. Now here, I do not know the names of Sarpanches whose powers have been withdrawn—nearly about 20 or 30.
Mr Speaker — Some reasonable time is given to the Sarpanch to offer an explanation. If within that time he does not offer an explanation, the officer concerned is at liberty to take any decision he thinks desirable.

Mr Speaker — I will get the record if he wants.

Sri T Ramaswamy — They have put a specific question about a particular.

Sri T Nagi Reddy — The question is he did not bring the dates. Why?

Mr. Speaker—Not only cheque-drawing powers should have been withdrawn, but people should have been—

Sri T Nagi Reddy—It is not a question of ‘Not should have been’ On the basis of the answers, we will decide whether it is proper to withdraw that. The question is for getting information. We want the information to reach proper conclusions. But when the Minister refuses to give proper information, what is the use of drawing conclusions?

Mr. Speaker—He has given the information. This is not the first time. That seems to be his method of answering.

Sri T Ramaswamy—I have given all the information that I have.

Mr. Speaker—It is unfortunate that members should be making very serious allegations like this without any basis for it. We do not know who those people are, to which party they belong and if they have got any information that a particular man was
Why should they presume things and put a question? Supposing, he is a non–Congress party man, then they will say, because he is a non–Congress party man, they have taken action against him. We do not know who they are. He has got information that the powers of cheque drawing have been withdrawn from them. That is all. Nobody knows to which party they belong.

If the House wants, Sir, I will certainly get it and place it on the Table of the House before this Assembly.

STATEMENT PLACED ON THE TABLE OF THE HOUSE
WITH REFERENCE TO PART d) OF L A Q No 2696-U (STARRED) (*1189)

On receipt of the D O letter Dated 19th July from Government I started to Warangal and drove straight to the Collector's residence, and met the Collector there (Sri M A Haleem I A S.) at 6-30 p.m. and was with him up to 9-0' Clock to get the necessary information. The Collector told me whatever is contained in the Police report.

The Principal of the Medical College was not at the Headquarters and therefore the Collector phoned to the Vice-Principal to go over to his residence. The Vice-Principal came to the Collector's residence while I was with the Collector. In the morning I went to the Medical College. The Principal was not there. Therefore I met the Vice-Principal. The Vice-Principal took me to the Professor of Forensic Department and gave me attested copies pertaining to the case ( ) at 11-0' clock. He also told me that this was the case of natural death and not of starvation or poisoning and there was no external injuries. From there I went to the Collector and desired him to get the material what ever be available with him. He made search enquiries from the Office and asked to see him later in the evening. However the Collector told me that there is no report regarding the institution indulging in Anti National and Anti Social activities. From there I went to the Superintendent of Police and met him. He gave me (attested copies leg (B) pertaining to the case, after getting them typed at 5 p.m. on my 4th visit and told me that the Police has closed the case. The Superintendent of Police also told me that with regard to Anti National and Anti Social activities of the institution nothing has come to his knowledge. From there I went straight to the Principal, St. Gabriel High School and met the Principal there at 1 p.m. today 20th July. It was an optional holiday and the School was closed, and therefore no boy was present there. I enquired the principal and requested him to produce all the papers on the subject. The principal told me that after the death of the boy the matter was reported to the Police and no letter on the subject was issued to the District Educational Officer. After the scrutiny of the school records by the Principal in my presence it is established that the institution did not send any communication to the District Educational Officer. But however he says that the District Educational Officer was verbally informed and he was later told by the Ex-Principal that the District Educational Officer had been to his institution on 18th and 19th. As he was engaged
otherwise he did not see the District Educational Officer in the school. From the log Book of the District Educational Officer's Office it appears that the District Educational Officer had been to the institution on 18th March and had also seen the Superintendent of Police on the same day (i.e.) 18th March as entered in the log book. And this confirms the statement of the principal that the District Educational Officer had been to the institution. It can be presumed that this visit might have been in connection with the incident. There is no record in the District Educational Officer's Office to show that any report was sent to the Director of Public Instruction. The attested copies of the records that were available in the school has been supplied by the principal. The correspondent of the school (Brother John of God) told me that the school is functioning. But there are some teachers who are instigating the boys. But as it was a holiday its working could not be seen. The principal told me that the idea of the institution is to open the hostel when the students become fully disciplined, and not to close down indefinitely. The building of the hostel was not constructed by Government grant or by any public donation. As the death of the boy as revealed by the report of Post Mortem, is natural, it cannot be attributed to any Mal-management of the institution or starvation. The accommodation of the closed down hostel is now being used for classes and Science Lab.

I am inclined to hold that the institution should have sent a communication to the District Educational Officer, as was done to the Police. The collector wanted me to see him again in the evening so that during this hour he may get his Office record further searched whether any further material is available in his office. In the night I went to see him as desired. But the collector told me that he has nothing further to add. However the collector told me that the District Educational Officer used to see him in matters pertaining to schools. He further told me that, before this incident there was a strike in the school in September, 1966, the District Educational Officer conducted an enquiry into the affairs and kept him informed. The report was sent by him to the Director of Public Instruction. At the time of this incident the death of the boy he was out of Headquarters on 17th and 18th March 1967. I also enquired the District Educational Officer about the Anti-National and Anti-Social activities of the institution.

The District Educational Officer told me that there is no record in the Office in this regard.
Mr Speaker.—When everybody has done it, why not he does it? (Laughter)

Mr Speaker.—No answer is necessary Please bear it in mind.
Mr Speaker — Purposely, they are asking question with an intention to provoke him. Do not get excited unnecessarily. Calmly hear the questions and give the answer calmly. Please take it in good spirit and answer it in good spirit. Do not get excited. They are doing it with an intention.

Sir T V Raghavulu — Thank you Sir. Excite your grievances.

Mr Speaker — Answers to the remaining questions will be laid on the Table of the House.

Now, there is a short notice question No. 1210-A:

**SHORT NOTICE QUESTION AND ANSWER.**

**LOOTING IN THE AGENCY AREAS OF PARVATIPURAM AND KOTHURU**

S No 1210-A

S N Q. No 5348-W Q Sarvasri J Joti (Palakonda) & S Prataparudra Raju (Nagur).—Will hon the Chief Minister be pleased to state —

(a) Whether the Government is aware of the fact that some of the shandies have been looted by some particular gang in the agency areas of Parvatipuram and Kothuru in the months of December 1967, January, 1968 and February, 1968,

(b) If so, what is the total estimate of the property that was looted by the said sections, and

(c) If so, what action has been taken, if not, the reasons therefore?

The Chief Minister (Sri K Brahmananda Reddy) — (a) Yes, Sir. No shandies were looted in the agency areas of Srikakulam districts in December, 1967. Subsequently however, the shandy at Seethampet was looted on 8-1-68 and again on 22-1-68, and the Kurupam shandy was looted on 1-2-68. An attempt to loot the Gummalapuram shandy was made on 31-1-68 but in vain.

(b) The value of the property looted has been estimated at Rs 658/-

(c) The Police have arrested some culprits and registered some cases. About Rs 250/- worth of looted property was also recovered. Necessary bandobust arrangements have been made to prevent recurrence of disturbances.
Short-notice Question and Answer  
24th February, 1938

Sri T Nagi Reddy —I am also for it, Sir. I am for it. I hope the hon Chief Minister and yourself would agree to this.

Mr Speaker —Now, I think, hon Sri Madhava Rao has given notice on what is taking place in Nellore district. We are calling it as call attention, on one and the same day.

Sri T Nagi Reddy —So far as call attention notice is concerned, there cannot be a discussion.

Mr Speaker —No discussion. Now I think the hon Chief Minister will make a statement.

Sri T Nagi Reddy —That is true. But the point is that certain allegations are being made all round either at Parvatipuram or at Nalgonda or at Warangal, or at Nellore or at Vijayawada or any other place. I would like to have, Sir, at least for the M L As to understand the position as it exists, some kind of a discussion and it would be necessary for the government also to understand both the points of view and try to enquire into the matter from both ends. It is no use just trying in a few things and saying that Left Communists are indulging in these matters without understanding the facts. Quite a number of them are not true.

Mr Speaker —The Police Demand is going to come up for discussion before the House on 4th March. Members can certainly refer to these things during the course of the discussion. Why should there be a separate discussion?
Mr Speaker — It does not mean that only hereafter they will take.

Mr Speaker — No more discussion about this. The notice relates to the armed struggle on the Naxalbari pattern in the agency areas of Srikakulam and Visakhapatnam districts. After all, now, policemen have become politicians. Their statement exists.

Mr Speaker — When a member wants to draw the attention of Government to a matter of urgent public importance, he must bring to the notice all the particulars of the incident, the date on which it took place, the consequences of certain acts, etc. After all on 4th March we are going to have the demand.

Mr Speaker — It does not mean that only hereafter they will take.
Mr Speaker — After all there are other things also to be spoken on Police Demand. I have got quite a number of other things to speak. Concentrated on this issue the House discusses. The House has discussed the question of allotting a resolution to this subject. The House takes into consideration the hon. chief minister can note all these facts and give whatever reply he likes. But he will get to know certain facts.

Mr Speaker — If the leader of the House and the leaders of the Opposition Parties agree to sit on a particular day, I have no objection.

Mr Speaker — I do not want Members to press the impartial enquiry committee. Enquiry Committee has no power to discuss the particular gang looting. It does not help. Home Demand.

Ordinary law and order matters at particular gang looting extension. Ordinary law and order matters at particular gang troubles. Politicians and police troubles. It does not help.

Mr. Speaker, Sir, the production in the course of two years will be almost equal to the outlay you make at Nagarjunasagar Dam. If you increase the production in these sectors, there will be sufficient resources available for decentralization. A production increase will also benefit other sectors, such as irrigation, electricity, industries, and the development of industries oriented towards agriculture. We should not neglect agriculture. At no time, Sir, with all our anxiety for quick industrial development, with all our anxiety for electricity development etc., we should not lose sight of better agricultural production.

We are in the process of decentralization, Sir, while at the same time in certain matters there need to be some centralization also for effective functioning. Some of these local institutions, they are not intended to replace any of these local institutions, they are intended only with a specific purpose.
They should also see to setting up small industries in several areas. A prudent approach is necessary, and we must see that works are expended to see that we achieve results in agriculture, irrigation, etc. etc. After all, ours is a pragmatic approach, we want results, we want action, we want necessary production, that is the fundamental thing. You may have your opinions about several institutions, that is a different matter. Opinion apart, ours is a pragmatic approach, we want results, we want action, we want necessary production, that is the fundamental thing.

Sri K. Brahmanada Reddy,—Very good (Laughter) Madam. Boarding grants in the case of 120 students of the college were fixed at Rs. 65.60 per annum in 1965-66, whereas in 1968-69 it was reduced to Rs. 51.24. In 1968-69 there was a reduction of Rs. 13.36. Ten government boarding homes were opened, in which 60 students were to be accommodated. Out of these, 10 students could be accommodated, leaving 50 students to be accommodated in the government boarding homes. The government gave Rs. 10 per month as boarding grant. But it is expected that this should be increased.

Sanitary arrangements were made, and arrangements were made for house sites.

Mr. Reddy.—Mr. Reddy.—Another important point in the budget is Drought relief 65-66. A grant of Rs. 30 was made for drought relief. As an advance, a sum of Rs. 30 was given to each student.
Land Mortgage Banks, land valuation is calculated as follows:

In the Andhra area, thousand rupees, Rs 800 for red soil land, Rs 800 for black cotton soil areas, Rs 600 for chalk lands.

In the land valuation, Rs 800 for red soil land, Rs 800 for black cotton soil areas, Rs 600 for chalk lands.

There is no 10 per cent cut.
