rates viz Rs 360 to Rs 410 p.r year were more than the minimum rates of wages fixed under the Minimum Wages Act, 1948 i.e. in 1961 Rs 300 per year. There was no demand from other farm servants belonging to other communities. Also no previous notice of their intention to strike work was received. The strike was ultimately called off unconditionally on the 3rd day without any meeting ground between landlords and the agriculture labour. There is no village by name “Attur” in Chittaur District, Chandrajir Taluk, but there is a village by name “Allur”.

(b) During the commencement of paddy season there was some unrest among the casual agricultural labour demanding wages at the rate of Rs 1,25 per day for a male and Rs 10 per day for a female in addition to midday meal already provided. One section of the landlords who did not accept the demand for higher wage, arranged to get their work done by the labour belonging to neighbouring villages by paying extra wages so that the transplantation work might not suffer. After the transplantation work the tension prevailing in the village during the period subsided. Since then there was no unrest because higher wages are being paid viz Rs 1 25 per day with two meals for male worker and Rs 10 per day with one meal to women worker.
Mr Speaker—Without meals they work from early morning from 4 O’clock. They will be served food in the morning and again at 2 O’clock. That is the practice that is obtaining in the villages.

4 1950 Q - Sri Vavlala Gopalakrishnayya —Will hon. the Chief Minister be pleased to state,

(a) whether it was a fact that Kumari M Sarathma, resident of Akkampeta was murdered on 10-1-1966 at Akkampeta village of Sulurpet taluk, Nellore district and whether a case was booked by the Sulurpet Police, and

(b) if so, whether any investigation has taken place and if so, at what stage the case stands?

Sri K Brahmananda Reddy —(a) Yes, Sir. It is a fact that Kumari M Sarathma, resident of Andagundla village near Akkampeta in Nellore Dist was found murdered with dead body floating in Rajakunta Tank near Akkampeta village on 10-1-66. A case in Cr No 4/66 under section 302 IPC was registered in Sulurpet Police Station.

(b) The case was investigated into by the local police, as also by the Crime Branch, C I D, Hyderabad. For want of evidence, direct or circumstantial, the case had to be treated as undetectable.

On 10-1-1966 probably at about 8 P M or so, somewhere in the night it happened, Sir. The next day, because the body was floating on 10-1-1966, the police were sent to the tank. Not being satisfied with it, we have sent C I D also into it. But unfortunately, Sir, because there was no possibility of getting direct evidence and it was done in the night on the tank bund and circumstantial evidence was not forthcoming. They made their efforts but that could not come. I really feel very sorry for the way in which this thing happened. Unfortunately an innocent girl was coming in the night from some place and there were people in the village - 3 - 4 suspects who have been making overtures to her. She seems to be a very intelli gent girl and she seems to have courted any trouble from that, and at the same time avoiding them. Unfortunately this thing happened. We made all efforts and as I said earlier we sent C I D also but when no evidence either direct or circumstantial is forthcoming we feel helpless in the matter.

re: FIRE ACCIDENT IN KAKINADA

Mr Speaker — When he met me in my Chambers and brought this to my notice, I told him that I have admitted it under Rule 74 and it will be called on a day to be fixed and intimated to him why should he again ask about that. Please sit down.

Sri C V K Rao — The Chief Minister can as well assure us.

Mr Speaker — Without giving notice to the Chief Minister, how can I ask him to make a statement? I said that I have admitted the notice. Again he is raising this.

Sri C V K Rao — Yes, Sir because, this is an urgent matter. This is the second time it has happened and I cannot keep quiet. Sir, when people are suffering. Therefore I sought your assistance.

Mr Speaker — Please sit down.

Sri C V K Rao — I am prepared to sit down, if you are going to ask the Chief Minister to make a statement.

Mr Speaker — There are limits. Please sit down.

Sri C V K Rao — I am telling you, Sir, that the people are suffering.

Mr Speaker — Very good, Sir, that is exactly, why I have admitted the notice under Rule 74 and I said that I would call tomorrow or day after. If it is not an urgent matter, I would not have admitted it.

Sri C V K Rao — Sir.

Mr Speaker — He cannot waste the precious time of the House. Please sit down.

Sri C V K Rao — But.

Mr Speaker — May I request him to resume his seat? I am very sorry for his attitude in the House. I have been liberal. Please sit down.

Sri C V K Rao — I cannot help Sir. Why do you adopt this attitude when 2,000 people are rendered homeless? Be good enough. Tomorrow this matter may be taken up. Am I not having any right to request, Sir?

Mr Speaker — Please sit down.

Sri C V K Rao — I am prepared to sit down if it is taken up tomorrow. I will certainly resume my seat.
Mr Speaker — When he met me in my chambers before coming to the House, I told him that I have admitted it under rule 74 and it would be taken up tomorrow or day after because it is an urgent matter. Again he is raising the same issue. We have wasted nearly 10 minutes precious time of the House.

Sri C V K Rao — Let me give my personal explanation.

Sri K Brahmamanda Reddy — No matter which is not in the Agenda should be published in the Papers.

Sri C V K Rao — Let me give my personal explanation. As a matter of fact, at the Zero hour, I rather wanted that this matter may be taken up tomorrow. If it is taken up tomorrow, I shall be very glad. That is all.

Mr Speaker — I am not prepared to give any assurance. I have admitted it under rule 74 as it is an urgent matter of public importance. According to the convenience of the House and the Minister, it will be called. Because it is an urgent matter, it may be called tomorrow or day after.

Sri C V K Rao — If that was the case, I go and assist the people. This is the second instance wherein 2000 people are affected.

Mr Speaker — There are number of ways to give relief to the people who are affected. If he wants to go immediately, he can as well meet the Chief Minister and the concerned Minister and represent them and ask them to proceed and take immediate action in the matter and give some relief to the affected people.

Sri C V K, Rao — The House is one of the means to bring to the notice of the Government. The present situation is...

Mr Speaker — I have understood the present situation and the point raised by you in your notice and that is why I have admitted it under Rule 74.

Sri K Brahmamanda Reddy — Such a serious incident at Kakinada certainly requires his presence there.

16. Death of Tota Kotiah in Kanchikacherva Village, Krishna District
Calling attention to a matter of urgent public importance
re Impending danger to several villages under Pochampad Project due to floods

Sri P Naras Reddy (Nirmal)—Mr Speaker, Sir, there are four villages under the Pochampad Project, which are likely to be inundated even by slight floods in the Godavari, two villages are in Adilabad district and two are in Nizamabad district. The hon Minister for Irrigation Sri S Sidda Reddy has personally seen the fate of those villages.

As regards the Pochampad Project itself, the bund has come right into the villages affecting about 20 houses of Harijans and other people, and the fields that were acquired round about the village have also been dug out for taking out sand and earth for the earthen dam. Apart from the fact that the Government have rehabilitated the people, the ring of the bund has come round the villages and the water that would come during floods would naturally inundate these villages. Last year, the attention of the Government was invited to this fact that there was need to rehabilitate the villagers. The hon Chief Minister said that there was no anxiety in as much as the water would not come. But, at the first rain the Public Works Department gave a warning to the villagers that they will have to settle themselves elsewhere because the flood water is likely to inundate the village. Now, the villagers are kept in such a state that they do not know what their fate would be when the rains come next. I do not think we are trying to do any justice to these villagers. Therefore, I submit that this is a matter of great public importance and that these

villagers have sacrificed for the bund in as much as they are being uprooted for the sake of construction of this project. On the plea that there are no funds available to rehabilitate them, I submit, the Government cannot be complacent about it, and urgent action is necessary. I hope and trust that the Hon'ble Chief Minister would take immediate action.

The other day Dr K L Rao, the Union Minister for Irrigation, has also inspected these villages, and he was also of the opinion that necessary action would have to be taken for these villages. A few days back the Godavari was again in spate and the flood water reached the banks. Again, the villagers are in a state of surprise and anxiety as to what their fate would be. I would request that urgent action in the matter may be taken for these four villages at the earliest.

Sri K Brahmananda Reddy —I appreciate, Sir, that certainly the matter is fairly urgent so far as the four villages are concerned.

The Government are fully aware of the position that Pochampad village would come under submergence of the Project in 1968-69 and that the other three villages mentioned in Notice, viz., Lolam Keshavpur and Kojan Kothur may also come under submergence during flood season of 1968-69. Compensation has already been paid for the structures, etc. acquired in Pochampad and Lolam villages and in respect of the remaining two villages also it will be paid before the end of March 1968. The rehabilitation policy to be adopted in the case of displaced persons is under active consideration of the Government and they would take all necessary steps for rehabilitating the displaced persons in time in the case of villages that would get submerged in the flood season 1968-69.

re Refusal of the management of Andhra Steel Corporation, Vizag, to take back the workers even after the lockout being declared illegal.
Calling attention to a matter of urgent public importance

5th March, 1968.

Mr. N. Lakshman Bapuji

The management of Andhra Steel Corporation Ltd., Visakhapatnam, had declared a lockout in the Rolling Mills on 10-12-1967 on the grounds -

1) that the workers had indulged in violent activities and resorted to wrongful confinement of Officers and Staff on 8-12-1967, and

2) that the workers resorted to violence and threatened staff with dire consequences and refused to carry out the orders and instructions.
38th March, 1968

Citing attention to a matter of urgent Public importance

re Refusal of the management of Andhra Steel Corporation, Vizag, to take back the workers, even after the lockout being declared illegal.

The management, therefore, said that they were unable to continue working and that they had decided to close down the working of the Rolling Mills with effect from 10-12-1967 till the situation comes to normality.

On 21-12-1967 and 4-1-1968 discussions were held before me. For the first meeting the workers' representatives could not come and for the second meeting the representative of the management could not come. However, on the basis of the discussion and in the light of the conciliation report of the Regional Assistant Commissioner of Labour, Visakhapatnam, in respect of the demands raised by the Union, the Government referred the following seven issues to adjudication on 5-1-1968:

1. Treating five workmen as on duty and payment of wages for the period 29-9-67 to 7-10-67,
2. Treating 57 workmen as on duty and payment of wages etc. from 3-11-67 till their re-employment,
3. Payment of subsistence allowance to the workers suspended during the strike period,
4. Payment of Bonus at the rate of 12½% for the year 1965-66,
5. Payment of lay-off compensation to 76 workers laid off in Roughing Mill,
6. Lockout/closure from 10-12-1967,
7. Dismissal of 17 workers.

As normally was not restored even after the reference, the Commissioner of Labour convened a Joint Meeting on 24-1-1968. The representatives of the Union attended the meeting, but the Director of the Company intimated the Commissioner of his inability to attend, consequent on his indisposition. The Government had subsequently, on 1-2-1968, while making a second reference on the following five issues to adjudication prohibited the continuance of the lockout in the Rolling Mills and strike in the Steel Foundry to restore industrial peace:

1. Payment of wages for the strike period,
2. Abolition of contract system in manufacturing process,
3. Payment of interim relief as recommended by the Central Wage Board for Engineering Industry,
4. Payment of wages to two suspended workers,
5. Reinstatement of five dismissed workers.

It may, however, be pointed out that Government did not declare the lockout as illegal as mentioned by the Hon'ble Members. It is noticed that in spite of all efforts by Government and assurances
from either side to maintain industrial peace the parties do not seem to have kept up their word and have continued to complain against each other even after prohibiting the lockout and the strike. There have been representatives from the Union that the strike was called off, but the management despite putting up a notice lifting the lockout are not allowing the workers to resume duty. The management, on the other hand, have represented that then Director and certain other officials were assaulted and that though the lockout was lifted the Union leaders were preventing and stopping the workers from going to work in the Factory.

The concerned Regional Assistant Commissioner of Shramika Shakha reported that the Rolling Mills has resumed normal working with a complement of 135 workers excluding monthly paid workers. The rod cutting section in the Rolling Mills with a complement of 42 workers could not be started as the cables had been burnt. Further, the management could not take about 250 workers to work as the contractor who employs them is reported to be at Calcutta and 20 to 30 workers of these contract labour have, however, been taken to work. It will be possible to absorb the other workers as and when the second shift in the Rolling Mills is started. It is also reported that 57 workers of the Rolling Mills have either been dismissed, suspended, resigned, removed from service or not reported for duty and not available having left the place.

Many instances of violence, illegal acts and mutual bad treatment have occurred between the parties, and both the parties do not seem to have any desire to develop a better understanding between themselves. Under the circumstances to bridge the gulf, the Shramikha Shakha and the Government are doing their best to the extent possible. In cases pending sub judice I do not want to mention anything. The Police have started the cases and they are pending before a court of law.

Communists do not believe in things like looting of shandies. If you want to say that communists have done it, say so. I am not bothered about it, because falsehood will never become truth in the long run and that will boomerang. In no way is the Communist party bothered, because we are confident the truth will certainly go into the people in the days to come. I must tell them openly that we are living in a fool's paradise. It is not so. My only point is, let open enquiry be held and everybody will be surprised. The situation is abnormal, abnormal, abnormal, but we are going to create greater problem of law and order in the state than any body else. All parties must take the responsibility to maintain law and order. Yes, Sir. As the leader of the Communist Party, I do say I take the responsibility to maintain law and order, but at the same time, I must say I have got the right to agitate for justice to the people who are being done injustice. With that right in my hand, I am prepared to maintain law and order. But immediately we take that right, and in a place—a remote place, if anybody should say that forced labour should not be there, law and order is broken by whom?—not by the landlords, but by the communists who say that forced labour should not be there. We are not going to hide that fact. Let the police complete their investigation. That is a very dangerous trend which is going on. Can you stop it? I want to ask you. If you cannot—and I know you cannot because the Government based on land lords, the Government based on monopolists—certainly it cannot go against them. One district is enough. The phenomenon in one district is sufficient to demonstrate the dangerous trend. One district is enough. One district is enough. That is the trend. One district is enough. That is the trend. One district is enough.

truthful about it. I am reasonably certain that the situation is far from
being normal. The Government is making every effort to bring things back
into track. In the meantime, the situation is very serious. I am sure that
people are aware of the type of dangers we are facing internally,
economically, sociologically etc. A crisis is existing in the country
in this period landlords for the first time are raising their heads
again and all those feudal types of exploitation have come back into the
village. I see it in my own district, in the village of Pamaduthi.
The fact of the matter is the feudal landlords are raising their heads
again in every village in our State. The danger is that, will the Government
agree and at least enquire and do justice. That is the only way that the situation can be
saved. It can be saved and law and order could be maintained if
justice prevails as against landlords who are today raising their ugly
heads again in every village in our State. That is my warning to the
Government. I therefore request the Government that they do justice
and whatever mistakes we commit, those mistakes can be rectified, if
they are prepared to do this justice as against the landlords.

"Let us, therefore, make demands for such grants as are necessary for the benefit of the community." We should urge the M.C. to approve.

For instance, we need a new hall for the school. The present hall is too small and we need a bigger one. The M.C. should approve the demand for this grant.

Similarly, we need funds for the library and for the playground.

Let us make sure that our demands are properly justified and that we have the support of the community.

Voting of Demands for Grants

Sri G. Sivayya—Mr. Speaker, Sir. In the speech of the Chief Minister it has been clearly stated that the year 1967 proved a crucial year for the Police of the State in view of the series of agitations launched by the various parties, students, labour and service organisations on several issues. Having gone through this part of the statement, I would like to charge this Government as the chief promoters and abettors of various stakes etc., in this State for the following reasons.

There was a school fee in the Telangana area where the students had to pay 80 paise and odd. The Government increased it to Rs. 8. The kids came out from the schools and took to strike. When this had been done, the Government has come down from Rs. 8 to Rs. 4. The kids again thought if they continued the strike, the Government may come down still. They continued the strike. Finally, the Government said no school fees for the High Schools. Is not the Government responsible for encouraging the students to go on strike and thus damaged the property and also bring in indiscipline among the students? Should I not charge the Government as responsible for this, for the failure of the law and order in that particular aspect? In the same aspect, Sir, I would like to bring one more thing, the Language issue. I know we are for three languages. We all completely agree with the Chief Minister. I do not know whether the Chief Minister has borrowed from our ideas. When the Language issue has come up and taken a serious attitude, should not the Government think immediately and call for the leaders of the various political parties and
also the Assembly to discuss the matter and decide it? So that the way the strike went on could have been avoided. Therefore, I say, Mr. Speaker, Sir, it is the Government which has encouraged this sort of strikes etc., rather throwing the blame on others. I would like to charge that the Government is itself responsible.

The same is the thing even among the workers. It has been well discussed here about the way in which the strike went on at Charminar Cigarette Factory. If the Government had taken immediate steps there and then, such things would not have continued. Therefore, I only charge that this Government is responsible for that.

I would like to state one more fact Sir, we have got illicit attack in the Telangana area. Particularly in the City, Mr. Speaker, Sir there is rival group fighting to have the monopoly to manufacture the illicit attack to sell in the areas. They have divided and they are maintaining gangsters. There is one gang fighting against another gang to have the monopoly of the sale of arrack in the areas. That is how the Government was not able to put down and encouraging the increase of crimes etc. At the same time we have got gambling dens. It is very notorious in these areas. Even in the gambling the same things are continued, Sir. At the same time I hear many reports from the Hyderabad City regarding the immoral traffic that people are maintaining institutions and there is a fight between two institutions and police went with mamools etc. Therefore, I submit that the Government is not taking sufficient care to view in future and also to put down certain things.

Then coming to the Anti-Corruption, Mr. Speaker, Sir I do not call it as corruption. It is only a by-word of mamool. It is a fact that it is going on from place to place. There is no sufficient care or sufficient interest infused in the Police to take action against these things. If we need a welfare state and if we need the prices to be controlled and many other things we need the activities of the Police to have a greater part in the social development of this country. How far the Police department is playing its role in these matters? I have discussed with the ordinary constables, Sub Inspectors. They have got their own complaints. A constable has to maintain with Rs 70 or 100 maximum. He is unable to maintain. The same difficulty the others are also having. Unless the sufficient scales are increased for the ordinary policemen, I do not think they can play a prominent part to put down this anti-corruption and anti-social elements which is a nuisance to the society, Sir. We need to view in that view and we need to meet the interest of the ordinary policeman so that we can make them active in the field to put down all such things. That is what we need to think about on this Police Budget, Sir.

Sir, coming to the administration, I have got a lot of things to suggest. I do not know why the British Government has created these DIGs. Why is the need for a DIG in between the IG and SP? Certainly there is no need. Because of this DIG's post the matters have been delayed and I do not think it helps the administration. In the same way, Sir, between the Inspectors of Police and SP, Where
is the need for Deputy Superintendent of Police. The Constitution provides for all these things and we need to run the administration within the frame-work of all these things but it will be difficult. We need to think in a revolutionary way to bring certain changes in order not to delay matters. There is abnormal delay between the SP and Inspector of Police. What is the Deputy Superintendent of Police doing? Nothing. It is only a post-office to pass on things. Therefore, we need to think about these things also.

One more issue. At the taluk level the Tahsildar is a Gazetted Officer, the BDO is a Gazetted Officer, the Doctor is a Gazetted Officer. Well, the Inspectors say 'I am not a Gazetted officer.' He feels inferiority complex before the Gazetted officers. When we have done all such things at the taluk level we need to promote or bring up the Inspectors also to the Gazetted rank so that they will have equal status to maintain the law and order in the taluk levels.

There are many departments which do not need jeeps but are having jeeps. The Police department is most essential department at the taluk level. After all, there may be IGP or DIG they may not do anything in the lower levels but it is the ordinary Police below the rank of Inspectors who have to do many things. Therefore, every circle needs to be provided with jeeps. This is most essential. There are many departments which do not need jeeps. For example, the Industries Department. Why do they need jeeps, Sir? The Education department. Why do they need jeeps, Sir? Whereas for Police it is necessary for various obvious things. Therefore, a jeep for a circle and not for DSP as Mr Thimma Reddy has suggested has to be provided. This is necessary for meeting certain things. So, in view of these things the Government has to take a little more serious attitude for these suggestions.

Regarding the misuse of power by the Police, just now Mr Rageswararao was telling one incident where in one Kanugula village in Sircilla taluk it is alleged that a person murdered his wife on 1-2-1968. There were no proceedings in the matter. The Police and the alleged murderer’s side patched up with Rs 3000 and the case ended. I also believe, and I was told that the deceased's brother gave a petition to the IGP to enquire into the matter. When such things are going on, certainly we cannot tolerate. We need a stern attitude in these matters.

Coming to Jails I have got only one suggestion. There is a proposal in the Budget speech that the Department is thinking of handing over the sub-jails for supervision to the Jail Department. Most worst of it, Sir. At present in sub-jails it is only the unwell prisoners and convicted prisoners who are undergoing less than a month who are kept there. Such prisoners will be in the safe hands of a Magistrate rather than the Jail Department. Therefore, for Heaven's sake and for God's sake let it not be changed. Let it be in the hands of the Judicial officers themselves so that they may take care of their own boys as their children under whom they are in the sub-jails.

These are the few suggestions I have got to make.

Thank you, Sir.

Voting of Demands for Grants

80 5th March, 1968  Annual Financial Statement (Budget) for 1968-69

Maintenance of law and order” and "Maintenance of disorder and promotion and development of crime” are the two main issues discussed in the document. The former involves maintaining public order and security, while the latter focuses on disorder and crime prevention. The document highlights the importance of balancing these two aspects to ensure a stable and secure environment.
Mr Speaker, Sir, while opposing the Demand moved by the Chief Minister Sri K. Brahmananda Reddy for Police and the Demand for Jails moved by Shri M. Ibrahim Ansari, let me at the outset sound a note of warning to the Congress Government of Andhra Pradesh that if it does not change its policies and keep the police and the prisons above parties, it will become disillusioned one day. The crime position in the State is alarming. Though the position is good when compared to the neighbouring States, the figures furnished by our Chief Minister show them on the ascendency. If there were murders in 1966 in the Capital city of Andhra Pradesh, it rose to 26 in the following year, and so was the case with regard to dacoits, robbery, house-breaking, rioting and ordinary thefts. The incidence of murder is found to be the largest in Kurnool district, while it was 83 in 1966, it rose to 89 during 1967. It is because of the partisan attitude of the police on the one hand and preventive detention measures being taken on the other. In a democratic set-up, the police have got to change with the times. The police must be above influences and not become tools in the hands of the rulers, whoever it may be or whichever party it may be. We are told time and again that our State is better. The police have to be the guardians of law and order and protect the weak and punish the culprits, and this is a different story with our Police department. With some exceptions here and there, corruption is rampant from top to bottom, and one hears complaints of police zulm and their atrocities. Instead of protecting the poor and weaker sections, they are a party in such unsocial activities like illicit distillations, keeping gambling dens, brothel houses and what not. If details are needed, I can furnish them with numbers. My friend Mr. Pitti has furnished some details as to what is going on in Hyderabad City, yesterday.

105—11
Today I would illustrate some things happening in some other parts in Secunderabad including Lalaguda, Sithapalamandi, Regimental Bazar and Boiguda, in these places and behind the house of Smt D. Sanjugaya (Boiguda) one can see goondambas being sold day in and day out without any check under the very nose of the police. Gambling dens are flourishing with none to check.

An hon Member — I think this is not Excise Demand.

Smt J Eswari Bai — Even then, the Minister should know.

Mr Deputy Speaker — She is bringing out the various points to the notice of the Government. She is describing the position regarding police.

Excise Minister — I am aware.

Smt J Eswari Bai — Gambling dens are flourishing with none to check. Murders are taking place on main roads with impunity. A woman was murdered and the dead body hung in Regimental Bazar at a furlong's distance from Gopalapuram Police Station, about a month and a half ago and the culprits are still at large.

At Chilkalguda, according to my information, there were cold-blooded murders last month, but they were suppressed. No post-mortem was even allowed. About Yellareddy also, I want to say something.

Goondas have become a common phenomenon and Goondas are increasing day by day and peaceful citizens are always at their mercy.
These Goonda elements indulged in looting hotels and beating mercilessly hoteliers and businessmen.

According to a lady passenger, the guardians of law and order are either absent or wink at them (unsocial elements). The Deccan Chronicle has published a letter from the said lady passenger in its issue of March 1st on eve-teasing. The disclosures are heartrending. Yet, we are told that law and order is good in this city and State. Did we not hear of thefts in the MLA hostels and on main roads and of offences being suppressed by the police and informants harassed by capricious Police Officers?

I, therefore, demand a thorough overhaul of the Police machinery from top to bottom to gear up the administration without any delay. There are instances of Police officers being kept for years in one Police station or a circle while constabulary not transferred at all. They entrench themselves in a particular police station, they never leave it, come what may. They mint money. Let the Chief Minister order an enquiry or a probe into each of the officer's private properties. Are they not the great custodians of law and order? Messrs Nambiar and Prahlad Singh did while they were in charge. Why not the Chief Minister mention the latest position with regard to the enquiry held by the CBI into their activities and why they have not yet been suspended?

Let me in passing say that a determined effort should be made that no one officer mans a police station for more than a year and two years for a constable. Let the Police Code also be revised, if need be.

If corruption has to be rooted out from the Department, please see that they are well-paid amenities provided and incentives given for outstanding work. Severe punishment must be awarded to those who indulge in mamals as if they are drawing monies from the Scheduled Banks.

Let me charge the Government that it is they who are responsible for several agitations including that of students. Had they made wise decision in time they could have saved much property that was damaged during the student agitation on the issue of fee enhancement and later on the question of Hindi.

Mr Deputy Speaker—If you don't mind, you can pass on those papers.

Smt J. Eswari Bai—Even in these instances the Police failed to protect the public and private property. In this connection, may I request the Chief Minister to select some one and a strong man from among his colleagues and hand over the Home Portfolio to give better attention this important law and order subject. He has too
many portfolios with him and overburdened too to give his special attention to Home

Mr Deputy Speaker — They are not unparliamentary. It is his way —

Sri C Janga Reddy — He is not Minister for Muslims. He is Minister for Jails

Mr Deputy Speaker — That is what I say —

Is he a Muslim Minister? — That is what I say —

Mr Deputy Speaker — I cannot insist on him to withdraw that word. After all when you get an opportunity you can speak against that

He must withdraw his words.
Mr. Deputy Speaker -- His observations may be to his taste...

Sri Kunda Lakhman Bapuji -- Whatever it might be, to refer in terms of community, caste or religion is not proper on the floor of the Assembly and I would request the hon'ble members to avoid such a way of expression...

Mr. Deputy Speaker -- Had the member not raised that objection, it would not have assumed this importance.
