ORAL ANSWERS TO QUESTIONS

BRIDGES ON BROOKS

1466—

* 1503 (I) Q — Sri K Kannaiah Dorra (Bhadrachalam) — Will the hon. Minister for Communications be pleased to state:

(a) When the construction works of the bridges on the following brooks will be taken up:

   (1) Tapa, Seatha, Kondapuram brooks between Badhrachalam and Venka am

   (2) Thotapalli, Nandigama, Murumur brooks between Badhrachalam and Kunavaram,

   (b) Whether the Government are aware of the fact that the road from Nelliapak to Chatti and Mallimadugu have not been completed due to delay in the construction of bridges and the reasons therefor, and

   (c) When the construction of the said road will be completed to provide communication facilities between Rajahmundry and Bhadrachalam?

The Minister for Communications (Sri J V Narasimha Rao) —

(a) (1) and (2) It will not be possible to take up the schemes in the near future for want of funds from the Education Department under the Tribal Welfare Schemes.

(b) Yes, Sir The road from Nelliapak to Chatti which is 32 miles in length has been formed and metalled and the work has been completed except for gaps at the unfinished culverts. Out of the 12 Cross Drainage works on the road, work has been completed in respect of 126 Cross Drainage Works and 6 Cross Drainage Works are yet to be completed. On the portion of the road from
Chatti to Maredumilli which is 33 miles + 4 furlongs, road formation has been complete except for 16 hair pin bends. Out of 188 Cross Drainage Works on this road, 12 have been completed and 56 have been taken up for execution, but work was stopped in 1962 for want of funds and subsequently completed in 1966-67

(c) As and when funds are available

Sri J. V. Narasimha Rao —(a) No amount was sanctioned for the development of this road in 1966-67, but a sum of Rs 5,684 was spent from out of the maintenance grant.

(b) A major portion of the development of the road was completed prior to 1966-67, the balance work will be completed before July, 1968.

KUPPAM KRISHNAGIRI ROAD

1467—

* 1955 Q — Sri D. Venkatesam (Kuppam) — Will the Hon. Minister for Communications be pleased to state

(a) the amount sanctioned for the Development of the Highway Road on Kuppam to Krishnagiri road upto Andhra Border during 1965-66 in Chitoor district, and

(b) when the work will be completed?

Sri J. V. Narasimha Rao —(a) No amount was sanctioned for the development of this road in 1966-67, but a sum of Rs 5,684 was spent from out of the maintenance grant.

(b) A major portion of the development of the road was completed prior to 1966-67, the balance work will be completed before July, 1968.

Sri D. Venkatesam — Will the Hon. Minister for Communications be pleased to state

(a) the amount sanctioned for the development of this road in 1966-67, but a sum of Rs 5,684 was spent from out of the maintenance grant.

(b) A major portion of the development of the road was completed prior to 1966-67, the balance work will be completed before July, 1968.

L Q No 1468 was not put and answered, hence included under "Written Answers to Questions"
1469—

1779 Q — SRI P. Sambata Raju (Gajapathinagaram) —
Will the hon. Minister for Irrigation be pleased to state
(a) whether there is any proposal to construct a reservoir across river Champavathi near Andasa (Andasa reservoir),
(b) if so, whether it is included in the IV Plan,
(c) are the ayacutdars under the said reservoir are willing to pay the betterment levy,
(d) whether there is any proposal to construct a dam across river Champavathi near Mentada in place of existing groin which is in a dilapidated stage,
(e) if so, what is the cost of estimate and
(f) whether it will be taken up this year?

The Minister for Irrigation (SRI S. Sidda Reddy) — (a) Yes, Sir, the correct name of the proposed reservoir is Andhra reservoir and not Andasa reservoir
(b) No, Sir
(c) This has not been ascertained since the scheme as originally contemplated was not recommended by the Collector. When a sanctioned scheme falls within the purview of A P Irrigation (Levy of Betterment Contribution and Advance-Betterment Contribution) Act 1955, the betterment levy is liable to be imposed under the provisions of the Act. Willingness of the ryots for the levy is not necessary
(d) No, Sir
(e) & (f) — Do not arise

1470—

1843 Q — SRI P. Narasa Reddy (Nirmal) and SRI A. Vasudeva Rao (Husurnagar) — Will the hon Minister for Irrigation be pleased to state
(a) whether the Maharastra Government has objected to allow any areas in their State to be submerged under the Swarna project in Adilabad district,
(b) if so, would it affect the completion of the full sized project as envisaged, and
(c) what steps Government has taken to counter the move of the Maharastra Government?
Sri S Sidda Reddy — (a) Yes, Sir. But when the matter was taken up at the highest level with the Government of Maharashtra, they have asked for certain particulars so as to enable them to examine the problem. These particulars were furnished to them in December, 1967, and their reply is still awaited.

(b) If the Government of Maharashtra finally agree for the submergence in their State, the scope of the Project as envisaged will not be affected. If they do not agree, the scope of the Project will be affected.

(c) The matter is still under correspondence.

Sri P Narasa Reddy — This is a project which was agreed to under the Second Plan itself before the Reorganisation Act. So, as per the Reorganisation Act, Maharashtra Government cannot have any objections. Even if they object, the State Government will have to continue the Project as it is.

Rallapadu Project

1471—

* 1985 — Sri R Mahananda (Darsi) — Will the hon. Minister for Irrigation be pleased to state

(a) the estimated cost of the Rallapadu Project in the Nellore district and how much is spent so far,

(b) what is the area to be brought under irrigation, and

(c) what is the return on this Project?

Sri S Sidda Reddy — (a) The estimated cost of Rallapadu Project is Rs. 90.34 lakhs. The amount spent so far on the Project is Rs. 89,84,664/.

(b) 8,175 acres.

(c) 1.8%
Answers to Questions

8th March, 1968

Will the Minister for Irrigation be pleased to state
(a) the amount of expenditure incurred so far towards (1) Tammileru and (2) Yerrakalva Projects in Chintalapudi taluk, West Godavari district,
(b) the total estimated expenditure,
(c) when the construction will be taken up, and
(d) the extent of land that can be brought into cultivation?

Sri S. Sidda Reddy — (a) (b) (c) and (d) A statement is laid on the Table of the House

STATEMENT LAID ON THE TABLE OF THE HOUSE

[With reference to L A Q No 2085 (* 1472)]

<table>
<thead>
<tr>
<th>Clauses</th>
<th>Total estimated expenditure (Rs in lakhs)</th>
<th>Amount of expenditure incurred so far (Rs in lakhs)</th>
<th>Extent of land that can be brought under cultivation if the scheme is executed (Acres)</th>
</tr>
</thead>
<tbody>
<tr>
<td>(a) (b) &amp; (d) --- Tammileru</td>

The administrative sanction has not yet been accorded to the schemes. The question of taking up construction work will arise only after administrative sanction is accorded, and funds are available.

I am grateful for the consideration of the House.
SPECIAL OFFICER'S REPORT ON THE REORGANISATION OF MUNSIFF-MAGISTRATES' COURTS

1473—

* 2931 Q—Sarvam K. Someswara Rao (Nidumolu) and Vavilala Gopalakrishnayya—Will the hon Minister for Planning and Law be pleased to state

(a) whether the High Court of Andhra Pradesh has made any recommendations on the Report of the Special Officer appointed to go into the question of functioning of the scheme of reorganisation of Munsiff Magistrate Courts, and

(b) If so, the decision taken by the Government on the report of the Special Officer and the recommendation of the High Court?

The Minister for Planning and Law (Shri K. V. Narayan Reddy) — (a) Yes, Sir The High Court has agreed with the views of the Special Officer A copy of his report has already been placed on the Table of the House.

(b) No decision has been taken so far. The working of the new scheme is to be watched for some more time.
special rules for the Law department implement uniformly maintenance of uniformity in the Law department.

Q: What is the uniform maintenance of anarchy in the Law department?

A: The uniform maintenance of anarchy in the Law department is to maintain uniformity in the courts. Junior lawyers, litigants, and public litigants can watch uniformity in the courts and confusion in the courts. Watch the uniformity of the courts in three districts next year.

Sri K. Prabakara Rao (Amalapuram)—We have made the dispensation of law as a business. Business is maintained by raising stamps. As a matter of fact we are getting profit out of this. How much is that?

Q: How much is that?

A: Second class Magistrates absorb in the business question, and.

Q: How much is that?

Honorary 1st Class Railway Magistrate's Court, Nellore.

Worked from 7-4-64 to 17-1-68.

He worked as Hony Second Class Magistrate, Nellore.
Mr Speaker,—Together with their experience and qualifications?

Dr T S Murthy — In one case it is said that the general educational qualifications were not known.

Mr Speaker — The question is, “The names of Honorary Magistrates now in Nellore district, together with their experience and qualifications” That information is not furnished.

Sri K V Narayana Reddy,—I will furnish the information later.

Mr Speaker — Why was the information not furnished? Have you got any explanation for it?

Sri K V Narayana Reddy,—The connected file is not with me. Sir I will certainly provide the information.

Mr Speaker — Please try to avoid it hereafter.

Sri R Satyanarayana Rao (Narasapur) — Will the Hon Minister for Communications be pleased to state (a) whether there is any proposal with the Government to construct a road bridge to Godavari at Narasapur, West Godavari District,
(b) whether any estimates have been prepared for this purpose, and
(c) whether Preliminary investigation has been completed?

Sri J V Narasimha Rao —
(a) Yes, Sir
(b) An estimate for Rs 22 lakhs was prepared in 1962 for a pontoon bridge but later this was considered not quite safe
(c) Preliminary investigation for the construction of a regular road bridge is in progress.
450  8th March, 1968.  Oral Answers to Questions

2091 Q — Sarvasti N Raghava Reddy (Nakirikal), and Ch Rajeswara Rao (Suryilla) — Will the hon. Minister for Communications be pleased to state

(a) the reasons for the failure to pay the arrears due to the Telangana high-ways workers, under G O No 74, and

(b) the steps being taken by the Government to prevent the delay in the payment of the said arrears?

Sri J V Narasimha Rao —

(a) The arrears arose as a result of the conversion of 0 S scale into 1 G ordered in G O Ms No 74 Finance, dated 23-1-1958 with retrospective effect from 1-8-1954 giving some marginal benefit to the workers. Copies of G O were not received in most of the Roads and Buildings Divisions of Telangana region except Khammam, Warangal and Karimnagar which resulted in non-payment of arrears in those divisions.

(b) When the non-payment of arrears was brought to the notice of Government by the Chief Engineer (Roads & Buildings) Roads Wing, orders were issued in G O Ms No 2010 P WD dated 18-8-1966 and in Memo No 4227-M 1/66-15 dated 17-8-67 to pay the arrears to the Head Mazdoors, Men Mazdoors and women Mazdoors and to Watchmen respectively after applying the necessary Treasury checks. Accordingly, the Executive Engineers have presented the arrear bills and paid the arrears to Gang Mazdoors in all the Divisions except in Roads and Buildings Division, Hyderabad and Nalgonda. Bills pertaining to Nalgonda Sub-Division and Roads and Building Division, Hyderabad are reported to have been received duly passed by the Treasury Officers and payment would be made shortly. Arrears to Watchmen have been paid in Karimnagar, Nizamabad and Adilabad Divisions. As regards payment of arrears to Watchmen in other Divisions, bills have been prepared by the Divisions and submitted to Treasuries for treasury checks. The return of the bills from the treasuries is reported to be awaited and payment will be made as soon as the bills are passed by the Treasury Officers.

NAMIRAKALLU MUSI PROJECT ROAD

1477—

* 2094 Q — Sri N Raghava Reddy — Will the hon Minister for Irrigation be pleased to state

(a) the reasons for discontinuing the maintenance of the road laid from Namirakallu to Musi Project in Nalagonda district,

(b) the number of gang-men appointed for the maintenance of the said road previously, and

(c) whether the Gangmen were retrenched from service after the discontinuance of the maintenance?

Sri S Sidda Reddy —

(a) The maintenance of the road was not discontinued. It was being done by employing casual labour whenever necessary

(b) From December, 1963 to August, 1965 — 1 Gangman
   From September 1965 to January, 1966 — 22 Gangmen
   From February, 1966 to March, 1966 — 1 Gangman
   From April 1966 to July 1966 — 1 Gangman
   From August 1966 to May 1967 — 5 Gangmen

(c) Yes, but the question of discontinuance of maintenance does not arise in view of the answer given under clause (a)
**Repairs to Spring Channels at Chittalur**

*2177 Q* — Sri N. Raghava Reddy — Will the hon. Minister or Irrigation be pleased to state

(a) the reasons for not taking up the repair works of spring channels (Parrekaluvalu) in Chittalur village, Nalgonda taluk & district, the survey for which has been completed in the year 1963, and

(b) whether steps will be taken at least now for the immediate repair of the said channels?

Sri S. Sidda Reddy — (a) The surveys conducted during 1963-64 were not adequate. Fresh surveys have, therefore, been conducted

(b) It is not possible to take up the works in the near future due to paucity of funds.
454 8th March, 1968 Oral Answers to Questions

Mr. T. R. Narasimha Reddy: 63, 64. Will the Minister for Irrigation be pleased to state
(a) whether investigation is being made for the construction of a reservoir on Meghadri Gedda in Visakhapatnam taluk,
(b) if so, whether estimates have been prepared and the estimated expenditure therefor,
(c) the extent of land to which irrigation facilities will be provided after the completion of the reservoir and
(d) the extent of cultivated land that will be submerged by the construction of the reservoir?

LAQ No 1479 was not put and answered, hence included under "Written Answers to questions."
Oral Answers to Questions. 8th March, 1968

Sri S Sidda Reddy — (a) Yes, Sir
(b) Yes, Sir Rs 1'3 60 lakhs
(c) The scheme is meant chiefly to augment water supply to industries around Visakhapatnam town besides stabilising supplies to 510 acres below the reservoir.
(d) 42 acres of wet lands and 1290 acres of dry lands will get submerged.

DAMAGE TO ANICUT AT PENDURTHI ON MEGHADRIGEDDA

1481—

* 2143 Q — Sri S R A S Appala Naidu — Will the hon. Minister for Irrigation be pleased to state
(a) when the anicut at Pendurthi on Meghadrigedda in Visakhapatnam taluk was damaged due to floods,
(b) the reasons for not repairing the same, and
(c) the steps taken by the Government for the expeditious completion of the repairs?

Sri S Sidda Reddy — (a) Damage occurred to the right side channel bank in the years 1959 and 1962.
(b) Emergent repairs were carried out in 1960-61 and 1962.
(c) The work of taking up permanent repairs costing Rs 3 00 lakhs is under consideration.

DEVELOPMENT OF FAMINE AREAS

1482—

* 4624 Q — Sri Dhanenkula Narasimham (Put by Sri B Ratna Sabhapathi — Will hon. Minister for Planning and Law be pleased to state

(a) Whether the Agricultural Department of Central Government has evolved a draft plan in 1961 for the development of famine areas in the country, and
(b) if so, whether the Central Government has implemented the same?

Sri K V Naravana Reddy — (a) Yes, Sir The Government of India in the then Ministry of Food and Agriculture (Department of Agriculture) prepared an outline of draft plan for development of the chronic drought affected areas in the Southern State of India as a measure of Permanent relief
(b) No Sir.
8th March, 1968

OTHER DISTRICT ROADS

Kalahasti Mithikandiga road 21/4 21-4

What are the main resources collected in these roads? Metals and iron are collected, in addition to other resources such as timber and stone.
460 8th March, 1968

Parliament

To the Hon. Minister for Irrigation.

Sir,

I beg to ask this question:

(a) the number of minor irrigation resources in the Paderu agency area of Vizianagaram district, and

(b) the number of them for which investigation has been done and estimates have been prepared?

Sri S Sidda Reddy — (a) One hundred and sixty sources.

(b) Seven sources.

M I Resources in Paderu Agency Arfa

1486—

* 2184 O — Srivasari T Chitti Naidu (Paderu) and Ch Mallikarjuna (Yellavaram) — Will the hon. Minister for Irrigation be pleased to state

(a) the number of minor irrigation resources in the Paderu agency area of Vizianagaram district, and

(b) the number of them for which investigation has been done and estimates have been prepared?

Sri S Sidda Reddy — (a) One hundred and sixty sources.

(b) Seven sources.
Sri S Sidda Reddy —Construct on of anicut across Chilaka-mamidigadda near Tadibavila village, Paderu taluq, Construction of anicut across Bungigadda near Addimanda, Paderu taluq, Construction of anicut across Chinnagadda near Araku village, Paderu taluq, Construction of a tank across Damaniakadda near Guntakannara village, Paderu taluq, Construction of anicut across hillstream between Champaguda and Vantamuru village, Formation of a tank across Goudigadda near Himliguda village, Paderu taluq, Construction of anicut across hillstream near Koravu village, Paderu taluq, and various stages of various works being executed in the final stages of scrutiny.

Sri S Sidda Reddy —(a) and (b) A statement is laid on the Table of the House.

M I RESOURCES IN REDDYPOLAVARAM

1487—

(a) the No. and names of minor irrigation resources already investigated in Reddypolavaram taluk of West Godavari Agency region,

(b) the No. of those for which estimates have been prepared, and

c) the No. of those that were taken up for execution?

Sri S Sidda Reddy —(a), (b) and (c) A statement is laid on the Table of the House.

**PALERU BITRAGUNTA CHANNEL**

1488—

2297 Q —Sri R Mahananda —Will the hon Minister for
   Irrigation be pleased to state
   (a) whether there was any representation to the then Public
   Works Department (Irrigation) Minister from the villagers of Pakala,
   Kandukuru taluq Nellore district in 1965-66 about the widening of
   the Paleru Bitragunta supply channel, and
   (b) if so, what is the action taken by the Government ?
   Sri Sidda Reddy —(a) Yes Sir, the representation was add-
   ressed to Chief Engineer (Major Irrigation)
   (b) A preliminary estimate was prepared by the Executive
   Engineer, Nellore North Division and it was sent to Executive Engi-
   neer, Special Investigation Division for detailed investigation which
   will be taken up shortly

**EXTENSION OF M I SCHEME OF RACHARLAPADU
   Munganur Canals**

1489—

2347 Q —Sri G Subbanadu —Will the hon Minister for
   Irrigation be pleased to state
   (a) whether there is any proposal to extend the minor irriga-
   tion scheme Racharlapadu and Munganur Canals to Musumuru and
   Tallapalem tanks under the consideration of the Government ,
   (b) if not, the reasons therefor ,
   (c) if so, when the work will be taken up, and
   (d) the estimated amount therefor ?
   Sri Sidda Reddy —
   (a) No, Sir
   (b) Since the two tanks were proposed to be benefited under
   separate scheme viz , Kavali Canal Scheme when it materialises
   (c) & (d) —Do not arise in view of answer to clause (a)
ABOLITION OF BENCH MAGISTRATES

1490—

* 3886 Q — Sīr A Eswara Reddy (Tirupathi) — Will the hon. Minister for Planning and Law be pleased to state whether the Government is contemplating to abolish the existing Bench Magistrates and institute an officer of District Magistrat to dispose of all petty offences which are now in the purview of the Bench Courts in Taluk Headquarters?

Sīr K V Narayan Reddy — Nī, Sir

Sīr ÓlÌ Sīrān Sir (Śīl Sir) — Sīr Sir

Sīr K V Narayan Reddy — Sīr Sir

Sīr K V Narayan Reddy — Sīr Sir

Sīr K V Narayan Reddy — Sīr Sir

Sīr K V Narayan Reddy — Sīr Sir

Sīr K V Narayan Reddy — Sīr Sir

Sīr K V Narayan Reddy — Sīr Sir
Oral Answers and Questions.  8th March 1968  465

Sri K Brahmananda Reddy — There is no policy to abolish these bench courts. On the other hand the plea made at several conferences is that the panchayat courts and the bench courts should be given more powers to deal with petty offences. The constitution of a bench court itself is different from the ordinary conception of a stipendiary magistrate court or other court. The conception itself is different. Here, some disinterested persons, some people with common sense are asked to deal with these cases. No expert legal knowledge is necessary. It may be, Sir, that here and there some injustice might occur, but as a general phenomenon, Sir, it is the policy of this Government not to discontinue the bench courts, but to see that they are constituted properly and with proper personnel. Recently, Sir, the Chief Justice from the High Court was telling me that before the constitution was made it is better that the District Judges in the Districts are also consulted about the personnel. Here, the practice obtaining is the District Magistrates send the proposal to the Government. Now, hereafter, at least, from April 1st, regarding the constitution of bench courts, after the recommendations are received by the District Collector or before they are received by the Government, we are going to ask the Collector to consult the District Judge and send up the names for consideration by the Government.

Sri G Sivaiah — Thank you for the Government’s stand requesting the District Judicial Officers for the list of names. I also request that the Government may select Magistrates from educated section particularly those who know a little law, Sir.

Sri K Brahmananda Reddy — The point is we want to pick up the right persons.
Sri K Brahmananda Reddy — No, no. It is necessary to pick up the right type of persons who can deal with cases in a very objective manner.

Sri G Siviah — This is a good scheme of bench magistrates. Let the Government select Magistrates from Advocates or law graduates so that you can solve the unemployment problem among the lawyers and get best judgment, Sir.

Sri K Brahmananda Reddy — I am very sorry, Sir. I think a lawyer is prohibited, I do not know.

Sri G Siviah — We are prohibited, we cannot accept any engagement, but law graduates knowing at least—

Mr Speaker — He wants Advocates to be appointed as Honorary Magistrates to solve the unemployment problem (Laughter). Is it what he is saying?

Sri K Brahmananda Reddy — A retired magistrate or a retired Munsif or somebody is not debarred.

Sri G Siviah — Advocates are placed in a most unfortunate position because while unemployed Engineers or Doctors are agitating we are unable to agitate because we do not have sufficient work in the courts. Therefore, the Government should view the matter in that way to appoint them with proper scales of pay etc., or at least law graduates—

Sri K Brahmananda Reddy — Bench Courts are not intended to rehabilitate lawyers.

Sri K Brahmananda Reddy — No particular class of citizens are barred. The only idea is to select the right type of people to deal with the cases in an objective and just manner.

**DRAINAGE FACILITIES IN KAikalur TALUK**

1491—

*2367— Q Sarvasti K Ramanatham (Mudinepalli) B Naranjana Rao (Malleswaram) and K Venkateswar Rao (Vuyyur) — Will the hon. Minister for Irrigation be pleased to state—

(a) whether any scheme is under consideration of the Government for the improvement of drainage facilities in view of the submersion of the large portions every year in Kaikalur taluk Krishna district,

(b) if so, whether the particulars will be furnished, and

(c) when the work will be taken up?
Oral Answers to Questions, 8th M. 1953

Sri S Sidda Reddy — (a) Yes Sir Based on the recommendation of the Mitra Committee, a project report has already been prepared.

(b) Papers placed on the Table of the House

(c) As and when the scheme is sanctioned and funds are available

...expedite various stages...

POTHULA GANDIKALVA RESERVOIR

1492—

* 2383 Q — Sri Ch Mallikharjuna (Put by Sri K Prabhakara Rao) — Will the hon Minister for Irrigation be pleased to state

(a) whether estimates have been prepared for Pothula Gandikalva reservoir scheme, China Bhimpalli, hamlet of Indukuru, in Rampachodavaram taluk, East Godavari district,

(b) whether investigation has been completed and revenue reports have been received by the Government,

(c) if so, the amount sanctioned,

(d) the ayacut under it, and

(e) the extent of additional ayacut to be irrigated under it?

Sri S Sidda Reddy,—(a) Yes, Sir

(b) The investigation of the scheme has been completed but the report of the Collector on administrative and financial aspects of the scheme has not been received

(c) No amount has so far been sanctioned

(d) and (e) Do not arise, as the scheme was dropped it being unremunerative

RESERVOIR ACROSS GADIGEDDA

1493—

* 2413 Q — Sri P. Sambasiva Rao — Will the hon Minister for Irrigation be pleased to state

(a) how many acres will be submerged due to the construction of reservoir across Gadigedda, in Visakhapatnam district,

(b) whether the Government has taken any steps to pay compensation to the affected ryots and

(c) when it will be paid?

Sri S Sidda Reddy — (a) An extent of 231.18 acres

(b) Yes, Sir

(c) As soon as awards are passed, which may take about six months' time,
1494

2463Q—Sri N Raghava Reddy—Will the hon. Minister for Irrigation be pleased to state
(a) the reasons for not repairing the breaches occurred to Banjarkunta in Kalmera village, Nalgonda taluk, though some repairs have been carried out, and
(b) whether steps will be taken to repair the breach immediately and to bring the ayacut under the same into cultivation?

Sri S Sidda Reddy—(a) There was delay on the part of the contractor also, the proposals of filling the breach required some modifications involving excess over the sanctioned estimate.
(b) Yes. It is proposed to get the balance works completed before the onset of monsoon of '48/49.

1495—

2581 Q—Sri Dhanenkula Narasimham—Will the hon. Minister for Irrigation be pleased to state,
(a) whether the ayacut lands under Mopadu Project in Kannigiri taluk, Nellore district are being cultivated every year,
(b) if not, the reasons therefor,
(c) whether the Govt have received any representation requesting for the supply of water from Paleru river to Mopadu project through supply canals and
(d) if so, whether those representations have been examined?

Sri S Sidda Reddy —(a) Yes, Sir
(b) Does not arise
(c) and (d) No, Sir But a proposal for division of Paleru water into Mopad Reservoir was examined The proposal was dropped in view of inadequate supplies in Paleru River

S P Sidda Reddy —(a) Yes, Sir (b) Does not arise (c) and (d) No, Sir But a proposal for division of Paleru water into Mopad Reservoir was examined The proposal was dropped in view of inadequate supplies in Paleru River.

S P Sidda Reddy —(a) Yes, Sir (b) Does not arise (c) and (d) No, Sir But a proposal for division of Paleru water into Mopad Reservoir was examined The proposal was dropped in view of inadequate supplies in Paleru River.

SHORT NOTICE QUESTIONS AND ANSWERS
Sandhukona Project
1495-A
535—V Q —Sarvasri K Maniswamy (Satyavedu) and P. Subbaiah —Will the hon Minister for Irrigation be pleased to state
(a) Whether there is a proposal to construct Sandhukona Project at Deenabandupuram Karvetinagar Samithi of Chittoor Zilla Parishad to supply water to farming Society,
(b) whether it is sanctioned and certain amount spent,
(c) at what stage does the project lie.

138—5
(d) whether it is a fact that the people of Deenabandupuram come forward to invest advance funds for construction of the same?

Sri S Sidda Reddy — (a) No, Sir
(b) Do not arise
(c) 
(d) Yes, Sir

Whether it is a fact that the people of Deenabandupuram come forward to invest advance funds for technical and betterment?
S No 1495-B

S No Q No 5353-G Q — Sri M Venkatanarayana (Eluru) — Will the hon Minister for Prisons be pleased to state

(a) the number of Special Jails for Women, in the State,
(b) the total number of women in those Jails, and
(c) the nature of vocational instruction being imparted to them in the Jails?

The Minister for Prisons (Sri Md Ibrahim Ali) — (a) There is only one special Jail for women at Rajahmundry. There is also an annexe for Women Prisoners at Central Jail, Hyderabad
(b) There are 60 women prisoners at State Jail for women Rajahmundry at present. There are 31 women prisoners at the annexe for women of Central Jail, Hyderabad
(c) (i) Ambai Charka training has been started for female prisoners. Opportunity was given to the female prisoners in Central Jail Rajahmundry during the year 1967 to participate in the spinning competition which was conducted by the Khadi and Village Industries Board Branch, Rajahmundry on the eve of Mahatma Gandhi Jayanti. One of the female convicts got second Prize in the competition

(ii) They are also trained in Tailoring and buttons hole stitching of uniform
(iii) They are trained in mat making and knitting
(iv) Government have recently sanctioned starting of creches for the children of women prisoners confined in the Jails

Sri S Vemaya — May I know whether there are any proposals to have special Jails for women and may I also know what is the value of articles prepared in women Jails and what is the annual expenditure on that?

Sri Mohd Ibrahim Ali — Separate question, Sir

These Jails have been set up in various locations —

— Mahila Board of the Administration.

— Some prisoners are also trained in Tailoring and Buttons hole stitching of uniform.

— They are also trained in mat making and knitting.

— Government have recently sanctioned the setting up of creches for the children of women prisoners confined in the Jails.

Sri Mohd Ibrahim Ali — Separate question, Sir

— In which Jail are the children of women prisoners confined?

— How many of these children are there?

— Are these children also trained in any particular skills?

— What is the annual expenditure on these creches?

— What is the annual expenditure on the articles prepared in these Jails?
WRITTEN ANSWERS TO QUESTIONS

BRIDGE ACROSS VALLURUGEDDA

1468—
* 1957 Q — Sri P. Sambasiva Raju — Will the Hon. Minister for Communications be pleased to state
(a) whether it is a fact that the scheme of constructing a bridge across Vallurugedda on Nellomal-Runastalam Road of Visakhapatnam district was included in the III Five-Year Plan,
(b) if so, why it was not taken up during that period, and
(c) whether the scheme will be taken up during 1967-68?

A —
(a) Yes, Sir
(b) Due to paucity of funds, the above work could not be taken up during the period of Third Five Year Plan
(c) No, Sir

UPPURENKAMMA RESERVOIR AT REBAKA

1479—
* 2120 Q — Sri G. Suryanarayana — Will the Hon. Minister for Irrigation be pleased to state:
(a) whether the Public Works Department has prepared and submitted to Government the estimates for the construction of Uppurenkamma reservoir at Rebaka village and Pedda Gedda reservoir from Nallakonda in Yalamanchili taluk, and
(b) if so, the estimated amount of expenditure therefor?

A —
(a) Estimates were prepared in respect of the first scheme, the Chief Engineer has not submitted the estimate due to poor return from the scheme. As regards the second scheme, the proposal has been dropped by the Superintending Engineer, due to poor return.
(b) Rs 4.00 lakhs and Rs 5.00 lakhs in respect of Uppurenkamma and Peddagedda Reservoir schemes respectively

BUSINESS OF THE HOUSE

Mr Speaker — The adjournment motion given notice of by Mr Janga Reddy and Mr Rama Rao regarding attack on RSS workers on 5-3-1968 has been admitted under Rule 74 as call Attention Notice.

Sri G. Sivaiah — Sir, there is a press report, that the Chief Secretary to the Government of Andhra Pradesh was fined Rs 6,000/-
Calling attention to a matter of urgent public importance

Rehabilitation of released Emergency Commissioned Officers in the State Government services

by an Engineer of the Electricity Board for theft of electric energy in Talarevu village in East Godavari District and he has paid Rs 3,000.

Mr Speaker, Sir: I do not know how far this is correct. If it is a fact, it is a matter of very serious nature that the highest Officer of our State has committed theft of electric energy. I would like to know what the Government has to say in this matter.

Mr Speaker — Has the Chief Minister anything to say?

Sri K. Brahmananda Reddy — This has been brought to my notice now. I will get it verified and know what it is.

Sri T. Satyanarayana — I and Mr. Jagannatham gave notice under Rule 74 and it was admitted and posted for this day, but in the Agenda it is not found.

Mr Speaker — There is some mistake. We will see.

Mr Speaker — It has been again postponed for the 13th on the request of the Minister for Education.

Sri S. Jagannatham — It may be taken up on the 17th.

Calling attention to matters of urgent public importance

Re Rehabilitation of released Emergency Commissioned Officers in the State Government services.
Calling attention to a matter of urgent public importance

Rehabilitation of released Emergency Commissioned Officers in the State Government services

Besides the Government of India requested the Andhra Pradesh State Government to reserve vacancies in their class I and class II gazetted posts of 25% and 30% respectively and also issue instructions that similar reservations may be made in equivalent non-technical posts in the Corporations. Sri K. Bramananda Reddy - Sir, the State Government are interested and anxious to rehabilitate released army personnel who were recruited from Andhra Pradesh in connection with the recent conflict with China and Pakistan. The State Government have issued order in May 1967 to reserve 9% of the vacancies to be filled by direct recruitment in all the non-technical gazetted posts of this State, for the Emergency Commissioned Officers and Short-service Regular Commissioned Officers. A special recruitment procedure for absorbing these released army officers has been prescribed. The suitability of these candidates for absorption would be determined on the basis of the educational qualifications, record of military service and performance in a restricted competitive examination to be conducted by the Andhra Pradesh Public Service Commission.

(Mr Deputy Speaker in the Chair)

There has been a relaxation of the age qualification also in their favour. In their case, the age limit has been raised by three years, plus the period of service rendered by them in the Army.
Calling at the ion to a matter of urgent public importance

Rehabilitation of released Emergency Commissioned Officers in the State Government service.

Instructions have been issued to the Departments of Secretariat to ensure that similar reservations are made for absorbing them in equivalent non-technical posts of the Corporations, public undertakings local bodies, etc., which are under their administrative control.

Regarding the non-commissioned ex-service men, orders were passed in February 1967 and they have been given the age relaxation and allowed to appear in the competitive examinations. In their case, the upper age limit has been raised by three years plus service rendered by them in the Army. In June 1967, orders were issued reserving 9% of the direct recruitment vacancies for them in Group II B and Group IV services. Unfortunately, on account of the ban on direct recruitment imposed by the Government in April 1967 as a measure of economy, there was no scope so far for affording an opportunity to absorb the released army personnel. At the instance of the Andhra Pradesh Public Service Commission, the question of lifting the ban on fresh recruitment at least partially is under consideration of the Government and in case the ban is lifted, there will be an opportunity for the released army personnel being absorbed into Government departments.

According to information available with us, there are 25 Emergency Commissioned Officers belonging to the State who will have to be rehabilitated. There is no information regarding short-service commissioned Officers or other released army personnel. We have addressed the Government of India for information in this regard.

Calling attention to a matter of urgent public importance.

(e) Death of two Girijs and the injuries sustained by one Girijan during Police firing on 4-3-68 in Elwipet, Srikakulam Dt

Sir K. Brahmananda Reddy — I have nothing more to add.

(e) Death of two Girijans and the injuries sustained by one Girijan during Police firing on 4-3-68 in Elwipet, Srikakulam Dt

It is with pain, Sir, that I bring this to the House again. I have already brought this to the notice of the House that such things are continuing to happen even after I continued to bring quite a number of points to this House and also a request for an enquiry has consistently been made by me for the past few months. As a result of these requests, a Public Inquiry is ordered into the firing and also a request for an enquiry has consistently been made by me for the past few months...
Calling attention to a matter of urgent public importance

re. Death of two Girijans and some injuries sustained by one Girjan during Policeman's misdirection on 4-3-85 in Elpet, Srikakulam Dt.

Sri T Nagi Reddy — All these things are leading to the incident and I will tell you.

Mr Deputy Speaker — That is all right.
478 8th March, '68

Call attention to a matter of public importance.

D.ath of two Girijas and the injury caused to one Girjan during Police firing on 4.3.68 in Elwipeta, Srikakulam Dt.

Sri T Nagi Reddy — It is not a general talk. Even in call attention matter I want to make it plain to the Government that these are pre-planned incidents that are taking place there.

Mr Deputy Speaker — There will be a number of incidents there.

Sri T Nagi Reddy — There have been. Unfortunately I do not want to bring all of them here. I want to say that this news appeared and the very next day there has been firing.

Mr Deputy Speaker — You can change that —

Sri T Nagi Reddy — And there is another news in the same paper. It says that about 50 armed police and so forth about which the hon Chief Minister will get information and we will talk about later. I would demand that now, with all the sincerity at my command, before any further incidents do take place and in the interests of justice and democracy and in the interests of the people at large there and also in the interests of landlords — if the landlords are really so immune to the injustice — I demand a judicial enquiry committee on this and it is necessary in the interests of the Government, in the interests of the people there and in the interests of justice.

Not only that, I have another demand to make. At least now, let there be another enquiry committee which would go into the conditions of the people there, the way in which they are being looted day in and day out, the way in which things which do not happen in another place in our country or in our State, are happening there every day. Is the Government prepared to make an enquiry of that nature? These are my two demands and I do feel that these are genuine and proper demands and if the Government is not interested to give this much of allowance to the incidents that are taking place, then I should take it that the Government is not interested in keeping law and order nor is the government interested in doing justice to the people who are unjustly being cowed down day in and day out in that particular area.

Sri K Biahmananda Reddy — Sir, the Superintendent of Police, Vizag North, the Circle Inspector, Pauvathipuram along with a contingent of Special Armed Police went to Peddakaija village to arrest the accused in Crime No 20/68 under section 397, 147, 148 and 427 I P C of Elwipeta Police Station and other cases. About 70 tribals...
Calling attention to a matter of urgent public importance.

Death of two Girijans and the injuries sustained by on: Girijan during Police firing on 4-3-1968 at Elwipeta, Srikakulam Dt.

were arrested and brought to Elwipeta by the Superintendent of Police. He released 8 of them and the rest were wanted for various offences and for resisting the police in their search for looted properties. The Circle Inspector, after the departure of the Superintendent of Police, continued the search for the looted properties. Thousands of Girijans of nearby villages perched on the higher reaches of the hillocks and challenged the police by using abusive language. On receipt of information about the gathering of the mob of Girijans, the Superintendent of Police rushed to the spot. The Circle Inspector requested the Girijans to send some two representatives to discuss their grievances. But the mob of Girijans armed with fire arms, bows and arrows and swords marched towards the police shouting that the police had no business to be there and that they would all come and settle the matters. Despite repeated warning, the mob surged forward and opened fire against the police with muzzle loaders. As a last resort police opened fire against the advancing mob, as a result of which one was wounded in the leg. Undetered even by this, mob again rushed forward to attack the police party. Two others were killed subsequently due to police firing. The police retrieved the two dead bodies and two muzzle loaders. Properties like rice, paddy, gold pieces which have been looted by the Girijans have been recovered. The ill-at attitude of the Girijans had forced the police to resort to arms in which unfortunately, two Girijans were killed. The Sub Divisional Magistrate, Srikakulam, visited the scene and conducted the inquest and sent the two bodies for postmortem. After postmortem examination at Kurupam hospital the bodies were buried by the police, as the bodies were not claimed by any one. The Sub Divisional Magistrate is continuing the enquiry into the police firing.

Government have created recently a post of Special Deputy Collector, to go into the grievances of the Girijans and their land disputes. It is hoped that the complaints and disputes of the Girijans would be settled amicably very soon. Government are alive to the problems of the Girijans and are taking effective steps to redress their grievances. D.C. Srikakulam District. 20th March, 1968

Destruction of about 300 huts belonging to fishermen of Dummulupeta of Kakinada Municipal, due to fire accident

Sri B. Rama Sabhapathi — Sir, on 4th of this month about 300 dwellings being the abode of nearly 2000 fishermen, women and children in Dummulupeta of Kakinada Municipality are gutted destroying all the belongings nets and other implements of fishing of the entire fishermen families rendering them homeless and foodless bringing in immense misery to the hardworking poor fishermen families and for urgent humanitarian considerations the Government should render immediate help in food clothing housing and supply implements of fishing for the rehabilitation of the suffering victims of fire in Dummulupeta of Kakinada Municipal and order investigation into the cause of fire.
Calling attention to a matter of urgent public importance

Destruction of about 300 huts belonging to fishmen in Kankana Municipal, due to fire accident

In the telephone line from 333 Kankana Municipal reports that 297 huts in the village of Kankana were destroyed by fire. A total of 395 huts were destroyed in the village, and 50 fishing nets were destroyed. A Relief Committee has been formed to help the affected persons. Further relief in cash and kind is being given by raising donations. No loss of human life or cattle is reported. An accidental fire is suspected to be the cause of the incident. An enquiry has been initiated. 138-7

matter of opinion. It is a matter of opinion that the luxury
convention is a matter of opinion. It is a matter of opinion
that the luxury convention is a matter of opinion.
A refugee colony, a spinning mill, and a handcrafts emporium have been established. The handcrafts emporium is equipped with 600 handcrafts items, which are also made in the refugee colony. The emporium is run by the United Nations Aid Agency.

- Tool room facilities are provided by the United Nations Aid Agency.
- Advisory services are provided for standardised components and toolroom equipment.
- Functional estates and large scale industries are established.
- Leather industry complex is established.
- Collaboration with Small Scale Industries Development Corporation is ongoing.

In summary, the leather industry sector is being supported in various ways to enhance its productivity and sustainability.
Annual Financial Statement (Budget) 8th March, 1968

Voting of Demands for Grants

Economic viability and matching grants were considered as integral parts of socio-economic development in the state. Figures indicate that the state is making efforts to pursue an economic viability and matching grants. The Central sector has provided figures to this effect. Population basis and regional imbalances are given. However, figures are not available. Efforts are being made to pursue and get these in the public sector.

abeyance of all payments until March 31, 1969, at outside the plan scheme. The amounts outside the plan scheme are to be paid over and above the plan amounts. The proposed diversion of savings is to be made from the next year's total claim to the extent of Rs. 24 lakhs. The excise duty on hawk yarn is reduced to 2% from 3%.

Dasara at 10 paise per rupee rebate was given Handloom Week Celebrations from 3rd March to 10th March is there 28 to 33 march to 66 rupees. The total claim from 1st to 10th March is Rs. 24 lakhs. The excise duty on hawk yarn is reduced to 2% from 3%.

Sales tax is reduced. Handloom weavers direct from manufacturers 7% to 6% and from the sales tax is also reduced to 5% from 8%.

Dyes and Chemicals worth about 24 lakhs have been alloted to weavers. The allotment for hawk yarn is reduced to 2% from 3% and to 7, 8 rupees per handloom cloth. The free distribution of handloom cloth is increased and the costs have been reduced.
Annual Financial Statement (Budget)  8th March, 1968  
Voting of Demands for Grants

Institutes have been requested to consider the following changes in excise duty on cotton yarn. Cooperative spinning mills are to receive block loans to enable them to meet future demands. The Government has decided to grant Rs 2000 to each of the 8 spinning mills mentioned above, in addition to the existing Rs 5000.  

Imported cotton yarn premium is increased from 40 to 60% of excise duty. Handloom sector is also requested to pay the increased duty.  

Mr. Shridhar Rao, a member of the Congress party, addressed the House on the floor of the House...
12,400 allocate/share. In principle, the cooperative sector should receive 50% of the central assistance. Also, the cold storage space should not be occupied by the Apex Society. A cold storage facility is required at the core of the handloom handloom campaign. The following are the main demands for the 12,400 shares:

- Agriculture labour
- Handloom weavers
- Textile handloom campaign
- Handloom weavers

Let us have a healthy discussion.
Sri K. Brahmananda Reddy — I will answer, Sir.

"Sriranga Reddy, ఒక్కొక్కర్న, కారుణ్య కర్తవ్యం ఉండతాం తీసిన్న వంచితం 22 క్రియ కోసం, హెన్టీకి 52 క్రియ కోసం ప్రతిరూపం తయారు చేసాను నేను వాసితే సూచించు.”

You have made very serious allegations against the Minister

"Sri K. Brahmananda Reddy — తెలియాను స్రీరంగ రాడ్డీ. ఉపసభ పదవి సంశయం ఉండతాం తీసిన్న వంచితం 22 క్రియ కోసం, హెన్టీకి 52 క్రియ కోసం ప్రతిరూపం తయారు చేసాను నేను వాసితే సూచించు.”

When you make allegations, make some definite and specific allegations

Voting of Demands for Grants

Mr Speaker - M L A is generally in a different position. When he approaches a Minister as Member, whether it amounts to a representation or pressure is again a matter to be decided. If a Government Party Member goes, it amounts to pressurization, if an Opposition Party Member goes, it amounts to representation (Laughter)

Sri Pragada Kottiah - I have not given any pressure (to the Minister) have to withdraw that
Sri B V Gurumurthy - That is what I was told, and it is in writing
Sri Pragada Kottiah - I have not given any pressure to any officer. After all, I made a representation and it is up to the Director of Handlooms whether he can provide a job to a particular boy or not

Mr Speaker - M L A is generally in a different position.
Mr Speaker — Personally I feel that every Member of the Legislature, not only legislator but every representative of the public, has got a right to go and approach either Minister or any person in authority, if any injustice is being done, you can go and tell any officer that injustice is being done, please see that it is set right. The question of pressurization comes if you want a particular officer to do a thing against the rules, you are trying to bring some pressure upon that officer—you want a favour. I might also ask another thing. I do not know where any democracy is free from all these things. These are the evils of democracy, evils which obtain in a people's representative government.

Sri K Brahmananda Reddy — Not evils of democracy, they are compulsions in democracy.

Mr Speaker — That is what we see in these any country, even including England, where democracy is free from all these things. Party Governments naturally try to do something for their own party, even in America, everywhere in the world.

Sri K Brahmananda Reddy — Our defect is, we are not able to do anything in the party, for the party. That is our defect. That is a Congress party defect in the entire country, Sir.

Mr Speaker — He is trying to put certain things into record.

Mr Speaker — They (the Congress) say they are not capable of finding their own defects also. (Laughter) That is why they want to make everything public and then correct themselves if possible. (To Mr B V Gurumurthi) Better you don't refer to all these things.

Sri B V Gurumurthi — I would like to know the provocations for him to say such things and also know what exactly is in his mind. I do not want to say anything more.

Mr Speaker — Don't refer to all these things.

Sri Pragada Kotaiah — It is not a crime on my part to make a request to the Industries Minister to use his influence, if there is anything for him to provide a job to an unemployed fellow. It is not a crime on my part.

Sri K Brahmananda Reddy — Whether it is crime or otherwise, let us put a stop to this. If there is anything, let us see.
Sri Vavilala Gopalakrishnaiah — Now we have come to an interesting point.

Mr Speaker — You must also make some exceptions.

Sri B V Gurumurthi — There can always be some exceptions.

Mr Speaker — No point of Order arises when there is breach of party discipline here in this House. A point of Order arises if something is done in violation of the Assembly Rules.

Sri Pragada Kotiah — It is not a party forum. If you (to the Minister) have raised the issue in the party, I will submit my reply there. Here he will have to speak as Minister and I am speaking as legislator.

Sri B V Gurumurthi — Why should he use this forum for this?

Mr Speaker — Both of you are correct.

Sri Pragada Kotiah — You bring it before the party and I will speak.

Sri B V Gurumurthi — You should have done it.

Mr Speaker — You (to Sri Pragada Kotiah) have done one mistake and he (the Minister) is doing the same mistake again. Any way, there is no point of order here, so far as this matter is concerned.

Sri B V Gurumurthi — Point of order arises. If the news media is reporting as a news bulletin, it should be 6.30 o’clock. You have started the Public Relations Office at 11.00 a.m., but the news media is reporting as a news bulletin. The House has also reported allegations on this matter.

Mr Speaker — The news media is reporting as a news bulletin, but the House has also reported allegations on this matter.
Voting of Demands for Grants

Road Transport Corporation has 300 points but only 163 points are effective. (1) Idle buses are very high, return on capital negligible, amenities poor, service unacceptable. 60 percent of the road is 163, 60 percent of the road R.T.C. has 10 percent of the traffic, 90 percent roads. Only 92 percent R.T.C. compared to off the road. Depot Managers and Depot system introduce 1961-65 gross earnings 102-90, 1962-66 earning per kilometer 101-58. 1965-66 gross earnings 400-18 & 110-50. 1966-68 1189-09 & 112-66, 1967-68 112-66. 138-23 & 116-62. Working of this corporation is much better, Sir.

Working of this corporation is much better, Sir.
Our economy presents a perplexing picture of existence of inflation along with recession in certain sectors of production and insufficient foreign exchange reserves. Despite huge inflows of foreign aid during 1963-64 and subsequent years, we were unable to meet the requirements of the country. The imports of goods were mainly for industrial and commercial purposes.

During the fifteen years of the first three five-year periods, we imported Rs 4,821 crores worth of goods. In other words, our exports were sufficient only for financing 67.2 per cent out of imports during that period. The balance was financed partly by drawing on our sterling balances, but mostly by foreign aid. Foreign aid during the period amounted to Rs 3,573 crores. The difference of Rs 1,248 crores was financed by adverse conditions abroad. The rate of inflation during this period was 15 per cent, as compared to 5 per cent earlier. Our foreign exchange reserves, mainly under the ruble system, were reduced from 3.59 million dollars in 1960 to 0.42 million dollars in 1965.
Voting of Demands for Grants

(i) to extend the concession of development rebate at a higher rate of 35 per cent of the cost of new equipment in the manufacture of vegetable oils, oil cakes etc

(ii) to give a small relief in respect of export market development expenditure,

(iii) to exempt from taxation export products to know how the industries are based that almost all the raw materials are imported and by people who are owners of the industry itself, and the import itself is a profit motive for them because they are international importers and international financiers of industries. Has the Government taken note of it to see that such a thing does
not happen. It is so, so far as I can understand with our cycles, it is so, so far as I can understand a number of engineering goods in our country.

For the year 1968-'9, there are about 25 questions seeking information so that on the basis of the information, a fourth five year plan can be based. The information, correct or otherwise, may be sought on a number of subjects. These include:

1. Correcting the budget programme
2. Depositing the information in a correct manner
3. Public sector fertilizer plant
4. Establishing an agrochemical institute

Questions on these subjects and others may be raised. There is a question of the Public sector fertilizer plant and the draft of an annual plan. The information on these subjects and others may be sought in a correct manner.

classes or in certain categories from where promotions go up, it is not very satisfactory and I want to assure the House, that whatever steps that are possible to be taken by this Government to impress upon the Centre to redress these things, we will certainly take them Sir. The position this year is much better than what it was last year. It is 1.7% as against 2.9%. Last year, roughly about 17 lakh times were crushed.

After the establishment of Nizamsugar Factory, it is only last year that the Company incurred loss of about Rs 31 lakhs or so roughly. Sir, we are hoping that this year, the Nizam Sugar Factory will not only recoup last year's loss but also we are hoping that it may at least make a profit of over one Crore of rupees.

Sri K. Brahmananda Reddy — I do not like these questions in which he tries to mislead, Sir.

Recovery is also much, so far. Take Nizam Sugar Factory, recovery till now is 99%. It is fairly satisfactory. Last year it was 71%. The recovery at our own Nizam Sugar Factory is also fairly satisfactory. For Amadalavalasa, loss has been Rs 43,000 or so. Palakol has done fairly well. Chittoor has done fairly well, though not to the capacity.}

—I just wanted to tell the House that the position of the Sugar Factory either in co-operative sector or in our own Nizam Sugar Factory is much better than what it was last year because of several reasons amongst them mainly being the increase in crushing.

Voting of Demands for Grants

What is it that you have to do under a particular circumstance and situation? When there are compelling reasons, when you are not able to avoid and if you avoid in later year your State will be at a disadvantage, then it is necessary for us to consider. Therefore it is only from that angle and not because some of us are attached to X, Y, Z etc. cannot ignore or avoid it. When there is damage to be done, when the purchase of machinery for spinning mills at Nellore and Rajahmundy are borne by records, naturally they are borne by record, standard and quality equipment by records. Such plans can only be advised at state level. The Chairman, Chief Engineer, Electricity Board, Chief Engineer, D.B.R. Mills, Chief Engineer, Telangana Spinning Mills, Chief Engineer, Azamjahi Mills etc. can purchase equipment at 10 % less, 11 % less by tender. The standard equipment in the Government Order of 14th March 1967 also offers standard quality equipment in firms 5 % less than standard quality equipment by records. Among these, 13 firms negotiate for standard quality equipment. But among these 13 firms, 10 firms are not satisfactory. Of these 4 firms, 2 are satisfactory.

Voting of Demands for Grants

...
Voting of Demands for Grants

The Finance Minister has presented the following demands for the year 1968-69:

1. 28,588 looms were allocated during the Budget. Out of these, 7,796 looms were surrendered. The normal allotment was 47,796 looms. The Textile Commissioner has advised the surrender of 47,796 looms. These will be reduced to 3,169 looms. The Textile Commissioner has the authority to extend the allotment of 3,169 looms and decide the facts.

2. The Textile Commissioner has the authority to extend the allotment and decide the facts. Technical irregularities, such as black-listing, can be investigated. The Textile Commissioner has the authority to withdraw cases eligible for investigation. The black-list will be investigated. Technical irregularities will be committed to investigation. There are allegations of technical irregularities in the Textile Commissioner's office.

They have tried to explain it a way, the maladministration referred to in my speech, but there was no denial of allotment of 26 handloom centres, 52 handloom genuine consumers were allotted. They have gone out of the way and it is not in the interests of the handloom industry whether it is going to benefit the ministry or anybody, I am not concerned with that. But against the interests of the Handloom Industry they have gone out of the way and made allotments to 26 people in Cuddapah and 52 people in Kurnool who are not genuine 3/8 consumers. If that list is placed before the House we can easily come to the conclusion whether the Minister has done a wrong thing or not.

That is unnecessary Sir, after all Handloom Industry is an apex body, a black list is not required. That is unnecessary Sir, after all RTC, 1, 2, 3, 4 are important.

There is no question of going back on our policy. I want to make it very clear that we have increased districts and there is no question of going back on our policy. For instance, the Road Transport Corporation has increased its strike. Strike at the RTC, strike at the RTO, strike at the Board. Strike strike strike. We have increased the strike. We have increased the strike. We have increased the strike. We have increased the strike.

Railway consultative committees have increased. A consultative committee has increased. We have increased the consultative committee. We have increased the consultative committee. We have increased the consultative committee. We have increased the consultative committee.

The first requisite is, Sir, unfortunately it has not been possible for the Government to purchase all the articles produced by them. It is one great drawback, Sir, which I have noticed, and we are trying to correct it and see that all those articles which have been produced are purchased by our own Department wherever necessary. The first requisite is, Sir, unfortunately it has not been possible for the Government to purchase all the articles produced by them.

A P I D C and will be completely managed by it. Hence it is not true to say that the sole selling is being awarded to foreign country. What was conceded by the Japanese Company was that the Indo-Nippon Precision Bearings will act as a sole selling agency for all the products of the Japanese Collaborations in India which are now being handled by another Japanese Company.

Sri T Nagi Reddy — Exactly that is what I meant. When we are entering into an agreement with that Company of the Japanese, they have told so, that so far as their goods are concerned, they have told so.

You can get your doubts cleared.

Sri K Brahmananda Reddy — When it is finalised, and when everything is over, we will certainly do it.

Sri K Brahmananda Reddy — No.

Sri K Brahmananda Reddy — Now Sir, they are under discussion and under finalisation. Supposing you want to say something even before it will be helpful. If really there is a mistake, certainly there is an opportune time for us to consider. I am very glad to say that though the capacity of the mill is only 75 tons per day, the rate of production has gone up to 100 tons a day. That is a very good thing. So far as the workers are concerned, at the time of the meeting, the General Manager made it clear to the Management that the service conditions of the workers and the staff so transferred, should not in future be revised so as to make them less favourable than when the staff was in Government service.

Sri K Brahmananda Reddy — These questions are coming again and again. What am I to do? If you tell me that in a particular case or in the case of X, Y and Z they have been reduced, I am prepared to look into it straightaway.

Sri Vavilala Gopalakrishnayya — No. We have given specific names and other things also.

Sri K Brahmananda Reddy — Even with regard to other projects and this project in which 1/3 is our own money—we will look into the implementation position also.

MOTION  

(SENDING RELEVANT PROCEEDINGS OF THE ASSEMBLY IN REGARD TO CLAUSE 13 OF THE ANDHRA PRADSHA LAND REVENUE ENHANCEMENT ACT, 1967)

Mr. Speaker — During the arguments in the Andhra Pradesh High Court regarding the validity of the Andhra Pradesh Land-Revenue Enhancement Act 1967, the Chief Justice desired that the proceedings of the Legislative Assembly when Clause 13 of the Bill was discussed may be made available to him, for his perusal. The Minister for Revenue has requested that a copy of the relevant proceedings may be made available. The proceedings in question have not yet been printed.

The question is that leave of the House be granted for sending the relevant proceedings of the Assembly in regard to Clause 13 of the Andhra Pradesh Land-Revenue Enhancement Act 1967.

The Motion was adopted.

ANNUAL FINANCIAL STATEMENT (BUDGET) FOR 1968-69  

VOTING OF DEMANDS FOR GRANTS  

Demand No XXIII—Co-operation — Rs 2,14,21,000/-

Sir K Vijayabhaskara Reddy — Sir I beg to move

“...That Government be granted a sum not exceeding Rs 2,14,21,000 under Demand No XXIII—Co-operation.”

The Note already circulated be treated as read.

Mr Speaker — Motion moved.

416 Sri G Latchanna — Sir I beg to move

To reduce the allotment of Rs 2,14,21,000 for Co-operation by Rs 100

To criticise the Government for merging Co-operative societies without the introduction of limited liability in them.

To reduce the allotment of Rs 2,14,21,000 for Co-operation by Rs 100

To criticise the Government for not arresting black-marketing in Marketing Societies.

To reduce the allotment of Rs 2,14,21,000 for Co-operation by Rs 100

To criticise the Government for not giving loans through Co-operative Societies to the Tenants and Agricultural Labourers.

To reduce the allotment of Rs 2,14,21,000 for Co-operation by Rs 100

To criticise the Government for collecting high rate of interest for the loans given to the peasants through Co-operative Societies.

To reduce the allotment of Rs 2,14,21,000 for Co-operation by Rs 100

To criticise the Government for the failure of the Government in catering to the credit needs of the peasantry.

Note on Demand No XXIII Co-operation is printed at the end as Appendix.
Mr Speaker — Cut motion moved
Sri A Madhava Rao — Sir, I beg to move
To reduce the allotment of Rs 2,14,21,000 for Co-operation by Rs 100

Under the House building cooperative schemes, the funds are not being made available within time and hence the public are suffering heavily.

Mr Speaker — Cut motion moved
Sri S Vemaya — Sir, I beg to move
To reduce the allotment of Rs 2,14,21,000 for Co-operation by Rs 100

To discuss the policy of the Government for the refusal of Share Capital to the Members of Co-operative Rural Bank at Nellore District

Mr Speaker — Cut motion moved
Sri Y Venkata Rao — Sir, I beg to move
To reduce the allotment of Rs 2,14,21,000 for Co-operation by Rs 100

For unsatisfactory and improper functioning of cooperative societies in the State

Mr Speaker — Cut motion moved
Sri C Janga Reddy — Sir, I beg to move
To reduce the allotment of Rs 2,14,21,000 for Co-operation by Rs 100

Because the Government failed to pay sufficient rebate to the Weavers’ Cooperative Societies

Mr Speaker — Cut motion moved
Sri T Purushotham Rao — Sir, I beg to move
To reduce the allotment of Rs 2,14,21,000 for Co-operation by Rs 100

The House then adjourned till Half-past Eight of the Clock on Tuesday, the 12th March, 1968.
A1 PENDIX

CO-OPERATION

In a planned economy pledged to the values of socialism and democracy, co-operation should become progressively the principal basis of organisation in many branches of economic life, notably in agriculture and minor irrigation, small industry and processing, marketing, distribution, supplies, rural electrification, housing and construction, and the provision of essential amenities for local communities. Even in medium and large industries and in transport, an increasing range of activities can be undertaken on co-operative lines. Co-operation has the merit of combining freedom and opportunity for the small man with benefits of large-scale management and organisation as well as goodwill and support from the community. Thus, a rapidly growing co-operative sector, with special emphasis on the needs of the peasant, the worker and the consumer becomes a vital factor for social stability, for expansion of employment opportunities and for rapid economic development.

AGRICULTURAL CREDIT

The total requirements of credit for the agriculturists in Andhra Pradesh up to the end of the III and IV Plan periods were estimated at Rs 200 crores and Rs 250 crores respectively. The advances made by Co-operatives by the end of III Plan under short and medium-term loans were of the order of Rs 17 crores and Rs 11 crores under long-term loans. The coverage of credit requirements by co-operatives worked out to 14% by the end of the III Plan as against 3 1% in the year 1951-52, thus indicating a considerable achievement in the field of agricultural credit. It is proposed to cover 28% of the credit requirements of agriculturists by the end of IV Plan. With this end in view, the target to be reached by the end of 1970-71 is fixed at Rs 46 crores in the case of short and medium-term loans and Rs 25 crores in the case of long-term loans.

The Fourth Five-Year Plan envisages 100% coverage of villages and 60% coverage of rural population by Co-operatives with a membership of 45 lakhs.
SHORT-TERM AND MEDIUM-TERM CREDIT:

The target for the year 1968-69 for short and medium-term advance by the credit societies has been fixed at Rs 40 crores. The Co-operative Central Banks have been instructed to work up to the minimum target and advised to aim at over reaching the target through sustained efforts in that direction.

The credit co-operative have made significant progress in coverage of villages and rural population. By the end of 1967-68, 90.56 per cent of villages have been covered by credit co-operative with a membership of 25.88 lakhs representing 51% of rural population in the State.

(a) Revitalisation of Credit Societies—A survey to identify viable societies, potentially viable societies and societies not viable, has been conducted with a view to reorganise the village credit societies into viable units on the basis of results of survey. The process of reorganisation through revival of dormant societies, liquidation or amalgamation of non-viable societies, which is no easy task, is in progress, and it is hoped to be completed by 1969-70.

Under the scheme of revitalisation, subsidy is given to the credit societies for employing part-time clerks to maintain accounts and to improve the business of the society. This scheme is intended as an inducement of weed out weak societies and to organise potentially viable units by amalgamation. The managerial subsidy is provided only to those potentially viable societies, as are formed by amalgamation of week units. It is proposed to give a subsidy of Rs 1.39 lakhs to the societies during 1968-69.

(b) State participation in Primary Credit Societies—To strengthen the financial resources of village credit societies, a sum of Rs. 64.74 lakhs was contributed towards share capital of these societies up to the end of 1966-67. During 1967-68, sanction has been obtained so far from the Reserve Bank of India for share capital contribution to 28 credit societies to the extent of Rs 1.12 lakhs. Proposals for share capital to the extent of Rs 0.625 lakhs are under consideration of Reserve Bank of India.
(c) Assistance to Co-operative Central Banks — Financial assistance by way of subsidy is being given to Co-operative Central Banks under graded pattern for—

1. employing additional supervisors for close supervision over the societies, and

2. for opening branches and employing staff therefor, to tap rural savings, and to inculcate in the agriculturists the habit of banking.

Loan assistance is also being given to weak Co-operative Central Banks to strengthen their financial position and to improve their working. A loan of Rs 120 lakhs has been sanctioned to District Co-operative Central Bank, Cuddapah.

Owing to successive drought conditions in parts of most of the districts, the need for credit stabilisation arrangements has become necessary to help out the agriculturists affected by drought conditions and also to maintain the flow of credit for following agricultural seasons. The Co-operative Central Banks have constituted Agricultural Credit Stabilisation Funds to be used for converting the short-term dues into medium-term loans of the members in the drought affected areas. The stabilisation funds at the levels of State and Central Co-operative Banks were inadequate to meet the demands arising out of two drought years. The Government of India sanctioned a loan of Rs 73 lakhs during the year 1966-67 which has been reloaned by the State Government to the State Co-operative Bank for purpose of strengthening its stabilisation fund. The Government of India have agreed to convert a sum of Rs 20.50 lakhs out of this loan as subsidy.

The details of assistance for each scheme proposed to be given under various schemes during 1967-68, and the programme for 1968-69 is given below—

(d) Growth in the resources of financing banks — The Apex and Co-operative Central Banks, as financing agencies, have been playing a notable part in achievement of credit targets under the plan. The total working capital of the Apex Bank and of Co-operative Central Banks as on 30th June 1967, was Rs 21 crores and Rs 36.68 crores respectively. These Banks could mobilise deposits to the tune of Rs 30.49 crores.

There has been increase in the overdues at the level of Co-operative Central Banks during the past two years mainly due to prevalence of drought conditions in the State during this period. Several Co-operative Central Banks, especially those in Telangana and Rayalaseema areas, could not absorb the overdues and maintain their credit-worthiness with their higher financing agencies. State Government, State Co-operative Bank and the Co-operative Central Banks are seized of the problem of overdues. The problem of increase in the overdues was discussed threadbare at the Regional Conferences convened for this purpose and programmes for recovery of overdues were chalked out. It is expected that with the good crops for the current year and with the recent involvement of the Collectors in the Co-operative field, the position will improve further.

(e) State participation in the financing banks and credit limits from the Reserve Bank of India — The total Government contribution to the share capital of State and Central Co-operative Banks stood at Rs 2.56 crores as at the end of March, 1967. During 1967-68, the Reserve Bank of India has sanctioned a further sum of Rs 0.04 crores from out of National Agricultural Credit (L.T.O) Fund for contribution to the share capital of two Co-operative Central Banks.

During 1966-67, the Reserve Bank of India sanctioned a credit limit of Rs 18.58 crores to the State Co-operative Bank, on behalf of Co-operative Central Banks, for advancing short-term loans for seasonal agricultural operations and
marketing of crops and medium-term loans. The Co-operative Central Banks could utilise Rs 15.73 crores during the year 1967-68. The Reserve Bank of India sanctioned a credit limit of Rs 19.62 crores for the purpose.

(f) Intensive Agricultural District Programme, West Godavari district — Credit amounting to Rs 190.47 lakhs was issued by the Co-operatives to the farmers under this Scheme from July up to October, 1967 as compared to Rs 172.55 lakhs advanced in 1966-67. To ensure adequate and uninterrupted flow of credit to the participants, certain relaxations have been permitted as shown below:

(a) The maximum credit limits of societies have been enhanced,

(b) The individual maximum credit limit of members, which was raised to Rs 4,000 has again been enhanced to Rs 10,000,

(c) The surety limit is also raised from Rs 500 to Rs 750.

The Intensive Agricultural District Programme contemplates development of Co-operative Marketing, thereby ensuring better price to the produce of farmer and prompt recovery of short-term loans from the farmers in the shape of produce. Two hundred and fifty godowns are required for storing the produce of the cultivators of the district participating in this Programme. There were only 37 godowns, owned by Co-operatives at the time of inception of the Scheme. Government sanctioned loans to Co-operatives for construction of 130 godowns. Construction of 109 godowns was completed. Twenty-one are still under construction. Thus, the total godowns owned by the Co-operatives in the district as on date is 146 (109 plus 37), besides the 21 godowns under construction.

(g) Intensive Agricultural Area Programme (Modified Package Scheme) — Thirteen Co-operative Central Banks in the modified package area are providing loans to the agriculturists under Crop Loan system excepting a few districts. The Co-operative Central Banks provided credit to an extent of Rs 637.05 lakhs during Kharif 1967-68 season.
The Co-operatives provided necessary inputs like fertilisers, seeds, pesticides etc to the agriculturists under component 'B' representing the kind component of the loan

During 1967-68, it is proposed to extend the scheme to the following blocks under Nagarjunasagar Ayacut Area. (1) Tadikonda, (2) Tallur, (3) Gurjala, (4) Macherla, (5) Piduguralla, Panchayat Samithi Blocks of Guntur district and (1) Miryalaguda, and (2) Pedda Voora Panchayat Samithi Blocks of Nalgonda district

LONG TERM CREDIT

The Land Mortgage Banking structure in Andhra Pradesh is federal with Primary Land Mortgage Banks at the Taluk Level federated in the Andhra Pradesh Co-operative Central Land Mortgage Bank at State Level

There are 178 Primary Land Mortgage Banks in the State for the 189 taluks in the State. The other taluks comprising mostly of tribal agency and forest areas are, however, already covered by the existing Land Mortgage Banks

The loans disbursed by the Land Mortgage Banks annually were stepped up progressively as may be seen from the following —

<table>
<thead>
<tr>
<th>Year</th>
<th>Loans disbursed (Lacs in lakhs)</th>
</tr>
</thead>
<tbody>
<tr>
<td>1960-61</td>
<td>62</td>
</tr>
<tr>
<td>1961-62</td>
<td>416</td>
</tr>
<tr>
<td>1962-63</td>
<td>1022</td>
</tr>
</tbody>
</table>

Thus, the loans disbursed during 1966-67 were more than 2.14 times the amount disbursed in 1964-65. The total amount of loans outstanding from the Primary Land Mortgage Banks as on 30th June 1967 was Rs 3,653.95 lakhs.

(a) Credit Accommodation.—In order to enable the Andhra Pradesh Co-operative Central Land Mortgage Bank Ltd, Hyderabad to implement its loaning programme successfully, the State Government have been providing every year short term accommodation of Rs. 42 lakhs.
Further the Government gave a guarantee on a continuing basis for a period of two years to the repayment by the Bank of a cash credit accommodation of Rs 250 lakhs it proposed to obtain from State Bank of Hyderabad.

Government have also given a guarantee in respect of a further sum of Rs. 60 lakhs being the cash credit accommodation from Andhra Pradesh State Co-operative Bank.

(b) Government guarantee for debenture floatation by the Andhra Pradesh Co-operative Central Land Mortgage Bank—Government have guaranteed the Bank’s debenture floatation to the maximum limit of Rs 50 crores. The question of raising this limit to Rs 75 crores is under consideration.

(c) Long Term Taccavi Loans.—To channel all Long Term Taccavi Loans (except distress taccavi and loans for special purposes) through Land Mortgage Banks, the Government transferred the issue of taccavi loans to the Land Mortgage Banks. The Panchayat Samithi or its appropriate standing committee will finalise the loan applications for taccavi loans and make final recommendation to the Land Mortgage Banks. The Banks sanction the loans and disburse them.

The State Government is contributing to the debentures floated by the Bank to the extent of the provision available for sanctioning long term taccavi loans. The Bank has undertaken to disburse at least an equal amount for the purpose from its normal resources.

During 1966-67, Government subscribed an amount of Rs 137.72 lakhs to the debentures of the Bank for issue of loans under Long Term Taccavi Scheme. Including this amount, the Bank disbursed Rs. 10 22 crores towards loans for developmental purposes.

During 1967-68, Government provided an amount of Rs 119 84 lakhs for investment in the debentures of the Bank for issue of long term taccavi loans. Government of India too have agreed to contribute Rs. 116 00 lakhs to the debentures. The Bank has a programme to disburse at least Rs. 10 crores during the current year. It is expected that the Bank will achieve its targets of Rs 10 crores before the close of 1967-
68 A sum of Rs 126 lakhs has been provided in the Budget Estimates for 1968-69 for investment in the Bank’s debentures.

(d) Special Ayacut Development Schemes — In addition to its normal loaning operation, this Bank has undertaken special Schemes for development of Ayacut in the Projects of NagarjunaSagar, Kurnool-Cuddapah Canal, Kadam and Tungabhadra High Level Canal. The Bank is also undertaking area development schemes for intensive irrigated agriculture for which refinance facilities are available from the Agricultural Refinance Corporation to the extent of 90 per cent of the out-lay this year. The estimated outlays, the amounts spent so far and the acreage developed with those amounts are indicated below —

The progress relating to development of Ayacut under NagarjunaSagar Project deserves special mention here. As against an irrigation potential for 6 50 lakh acres created under the Project, about 4 lakhs acres were fully developed and irrigated crops raised during the 1st year itself. Of this, 1 40 lakhs acres were developed from the finances made available to the Ayacutdars by the Land Mortgage Banks. Rs 450 73 lakhs were advanced by 5 Banks functioning in the Project area for development of ayacut.

Shri B. Srivaraman, Secretary, Food and Agriculture, Government of India who toured the Project area during the month of November 1967 has expressed high appreciation in the following words.—
Appendix.

“Excellent work has been done under the Agricultural Refinance Corporation reclamation. The Bank is doing a most remarkable service effectively.”

Shri P N Damry, Deputy Governor of Reserve Bank of India and the Chairman of the Agricultural Refinance Corporation after touring the ayacut and visiting a number of villages and fields during the month of January, 1968, has expressed his appreciation of the progress relating to development of Ayacut and the perfect co-ordination among the various departments connected with the Project.

In the context of the doubts expressed by the Agricultural Refinance Corporation earlier, the remarks of Shri B Sivaiaman and the assessment of Shri Damry speak volumes to the thought, effort and co-ordination that has gone into the development of the ayacut. In the history of projects in our country and also in the World, under no project, about 65 per cent ayacut was developed during the first year of release of water as is the case with Nagarjunasagar Project. We have thus created history in Nagarjunasagar Project. The Officers of Co-operation, Agriculture, Public Works (Project Wing), and Revenue Departments, the Primary Land Mortgage Banks and the Andhra Pradesh Co-operative Central Land Mortgage Bank, Hyderabad and the Ayacutdais deserve to be congratulated for this record achievement.

(e) Area Development Schemes — Apart from the above ayacut development schemes, other area development schemes are also taken up. Three Schemes for development of irrigation (sinking of wells and installation of oil engines or pumpsets) in Gannavaram, Nuzvid and Thiruvur taluks, costing Rs 37.00 lakhs, have been sanctioned by the Agricultural Refinance Corporation. Another 16 Schemes already formulated, with an outlay of Rs 669.00 lakhs, are under the consideration of the Government. It is proposed to formulate at least one scheme for each Revenue Division and the Collectors have been asked to give special attention to this. So far the Bank has received 55 Schemes including the 19 mentioned above.

The Area Development Schemes (other than Ayacut) approved by Government or sent up to Agricultural Refi

A sum of Rs 73 lakhs has been provided for in the Budget Estimates 1968-69 for investment in the Bank's debentures for the several Ayacut Development Schemes.

138—14
CREDIT PASS BOOK

Hitherto, the Farmers were not able to take full advantage of the credit facilities provided to them in the several schemes, because they were suffering under the procedural inconveniences in mortgaging the lands in favour of the Co-operative societies or the Co-operative Banks concerned or the Government. To enable the farmers to get their credit easily and in time, the principle of granting loans to the farmers on the basis of credit pass books was accepted by the State Government. The Scheme, though sanctioned by Government, could not be implemented in the field due to certain Statutory and administrative difficulties. However, as an experimental measure Govt propose to introduce the pass book system in six taluks of the State in the first instance.

CO OPERATIVE FARMING SCHEME

The Scheme of Co-operative Farming was introduced in Andhra Pradesh during the third Five-year Plan. It envisaged organisation of Co-operative Farming Societies of joint and collective types with a view to increase food production besides providing gainful employment to landless agricultural labourers and marginal and sub marginal cultivators.

During the fourth five-year Plan, it is proposed to start about 1700 Co-operative farming Societies, with a total financial outlay of about Rs 2.50 crores (of which 75 per cent would be shared by the Government of India). During 1967-68, 52 societies have been registered. The total number of these societies as on 31st December 1967 is 466. Government of India recently agreed to release their share of assistance in the expenditure which will be incurred during this year. The allotment to the extent of Rs 7.80 lakh have been indicated to the collectors and it is expected that the amount will be disbursed to the societies by them during 1968-69 also. It is proposed to organise 350 societies with a total financial outlay of Rs 7.80 lakhs.

Special Pilot Scheme for Konaseema Area in East Godavari dist under this Scheme, 135 co-operative collective farming Societies have been started in Government land and waste lands of 18,500 acres. Government.
decided to lease out Lankan lands to these societies for 10 years. It is proposed to organise 75 more societies in this area.

**Master Plan for Diviseema Area of Krishna District** — Government sanctioned a Master Plan for organisation of 400 Co-operative Collective Farming Societies on Government Lankan and waste lands measuring about 29,047 acres in a phased programme of 3 years to settle 10,900 families of landless, agricultural labourers on land and provide them gainful employment. Up to 31st December 1967, 98 societies have been registered. Out of 98 societies, lands have been given to 31 societies only to the extent of 1,550 acres. Land available is being surveyed now, and will be made available to the societies as soon as possible.

**Centrally sponsored scheme for Reclamation of Government waste lands** — This Scheme envisages organisation of Co-operative Joint Farming Societies on blocks of Government waste lands measuring 250 acres and more for reclamation of lands and resettlement of landless agricultural workers. So far 44 societies have been started and it is proposed to organise 15 more societies.

During 1967-68, an amount of Rs 3.60 lakhs was given to 13 societies in Krishna and West Godavari districts for reclamation works. An amount of Rs 3 lakhs is provided for 1968-69.

**Co-operative Sugar Factories**

There are 10 Co-operative Sugar Factories in the State now. Eight of them are under production. The remaining two at Bhimavaram and Zanzabad are under formation. The State Government have been sanctioning assistance to the Co-operative Sugar Factories by participating in the share capital of these factories and also by issuing guarantees to the loans borrowed by them towards block capital and working capital needs. Government have so far invested Rs 145 lakhs in the shares of the factories and stood guarantee for repayment of loans amounting to Rs 391.6 lakhs. The factories had been steadily progressing till 1964-65 season. But unfortunately since then, due to severe drought conditions, which affected cane cultivation adversely in regard to yield as well as quality and due to the record...
price of jaggery and consequent diversion of cane to jaggery production, the Co-operative Sugar Factories have not been able to get cane to crush to full capacity. This resulted in low and uneconomic crushing. The prospects for the current year too do not seem to be bright. Till 15th February 1968, the factories have crushed 3.40 lakh tonnes of cane and produced 3.09 lakhs quintals of sugar as compared to 3.30 lakh tonnes of cane crushed and 2.86 lakh quintals of sugar produced for the corresponding period of 1966-67 season.

A special feature of the Industry in the current year is the New Sugar Policy of partial decontrol announced by the Government of India, according to which 40 per cent of the current year’s production has been permitted to be sold by the Co-operative Sugar Factories in the free market. The minimum cane price has been enhanced from Rs 53.60 per ton to Rs 73.70 per ton. In the light of the new sugar policy and the prospects of getting a higher sugar price for the open market sugar, the State Government have advised the Co-operative Sugar Factories to pay cane price at Rs 110 per metric ton of cane delivered at the gate of the sugar factory as against the minimum price of Rs. 73.70 announced by the Government of India. On account of high jaggery price, even the above incentives could not ensure adequate cane supplies to the factories.

The successful working of the factories depend upon their crushing to the rated capacity throughout the season. Measures have been taken towards the improvement of quality of cane, yielding better recoveries, raising of early and late maturing varieties to increase the duration of season, provision of effective field service by the agriculture staff attached to the factories, controlling and prevention of pests, provision of irrigation facilities to the ryots through the Land Mortgage Banks and other agencies, etc. Senior Administrative Officers have been appointed as the Managing Directors of the Factories. These measures are expected to improve the working of these Factories.

**Co-operative Marketing**

The real benefit to the agriculturist lies in securing a better return for him for his produce. The Co-operative Marketing Societies in this State are organised on three tier...
Appendix.

8th March, 1968  545

pattern, the Primary Co-operative Marketing Societies at the
taluk or mandi level, District Co-operative Marketing Societies at district level and the Andhra Pradesh State Co-operative Marketing Federation at State Level

To achieve the aim of Co-operative Marketing the scheme relating to linking of credit with marketing is being implemented in the State, as this scheme is recognised as integral feature of the Development of Co-operative Marketing. Out of 14,889 Credit Societies existing in the State, 11,007 Credit Societies have been affiliated to the Primary Co-operative Marketing Societies and action is being taken to get the rest of the Credit Societies, affiliated to the Primary Co-operative Marketing Societies. The Co-operative Marketing Societies are also being persuaded to purchase members' produce on outright basis and sell it to their best advantage. Necessary arrangements are made to secure financial assistance to these societies for this purpose from the State Bank of India, Food Corporation of India, Co-operative Central Banks, etc.

A Centrally sponsored scheme for the production of exportable types of F C V tobacco in the light soils of Guntur and Nellore districts was sanctioned during 1966-67. The Scheme was implemented through the Agriculture Department and Panchayat Samithis. During 1967-68, it has been decided to implement this scheme through the Co-operatives by extending the scheme to the East Godavari and West Godavari districts also. The Guntur District Tobacco Growers and Cuiers Co-operative Society Ltd, Ongole has been entrusted with the work of providing loans to the tobacco growers for construction of barns under this scheme at the rate of Rs 5,000 per barn. The production finance will, however, be provided by the Co-operative Marketing Societies at the rate of Rs 300 per acre. The Andhra Pradesh Co-operative Central Land Mortgage Bank has agreed to provide loans for digging of wells to the tobacco growers, coming under the purview of this scheme.

The Co-operative Marketing Societies handled foodgrains worth Rs 668.48 lakhs during 1966-67. For the year 1967-68, a target of Rs 10.00 crores has been fixed for the Co-operatives and it is hoped that the target will be reached.
The Marketing Co-operatives continued to play an important role in distribution of Chemical Fertilisers seeds, iron and steel for agricultural purposes, agricultural implements, cement, etc.

The Co-operative Marketing Societies have also undertaken production of improved seed and distribution to ryots. During 1967-68, a financial assistance of Rs 5 22 lakhs has been sanctioned for development of three Seed Production and Sale Co-operative Societies, at the rate of one each, in Krishna, Mahaboobnagar and Nizamabad districts.

The Co-operative Marketing Societies are also being encouraged to deal in consumers' articles for distribution to their members in rural areas.

To enable the Co-operative Marketing Societies to undertake marketing of members' produce effectively and implement the scheme relating to linking of credit with marketing successfully, it is necessary to process the produce of members before it is actually sold. Hence processing plants such as rice mills, groundnut decorticators, cotton gins, castor seed crushing units, etc., are quite essential for the Co-operative Marketing Societies, to process produce. Under normal plan schemes, a sum of Rs 67 83 lakhs was sanctioned to the co-operatives for setting up 38 rice mills, 19 groundnut decorticators, 13 oil expellers, 3 dali mills and 10 other types of Units. Also financial assistance of Rs 30 lakhs was given to the West Godavari Co-operative Marketing Federation Ltd to set up a modern rice mill. Further, a sum of Rs 152 95 lakhs was sanctioned for installation of 104 one-ton rice mills and 11 have already been commissioned, 29 have been installed and are awaiting power supply installation of remaining 14 mills, is under progress.

In order to develop processing in Co-operative Sector, it has also been recognised that adequate storage facilities are necessary to the Co-operatives for storing members' produce, processed products, chemical fertilisers, etc. Under the scheme relating to Development of Co-operative Marketing, 1,093 godowns have so far been sanctioned to co-operatives details of which were given below. Besides this, for storage of fruits and vegetables, two cold storage plants of 500 ton capacity at a cost of Rs 4 lakhs each under Centrally Aided Plan Schemes at Hyderabad and one Cold Storage Plant of
1,000 ton capacity at a cost of Rs 8 00 lakhs under centrally sponsored scheme at Vijayawada have been sanctioned. Sites are being secured by these societies.

In order to encourage the Co-operative Marketing Societies to improve their business activities and take up marketing in real sense, a scheme relating to price fluctuation fund has been introduced since 1964-65. The loss sustained by Co-operative Marketing Societies in the outright purchases business will be recouped to some extent from this fund, which is created by contribution from societies from their net profits and by contribution from Government. But unfortunately many societies are not coming forward to take advantage of this scheme by making outright purchases. A provision of Rs 5,000 has been made for the fund in the Budget Estimate for 1968-69.

In order to provide working capital to the Co-operative Marketing Societies, Government have been giving share-capital contribution to the Co-operative Marketing Societies on matching basis including District Co-operative Marketing Societies and one Apex Marketing Society. A sum of Rs 46.57 lakhs has been contributed so far, sum of Rs 6.75 lakhs will be given during 1967-68. It is proposed to give Rs 7.00 lakhs during 1968-69 to the Primary, District and Apex Marketing Societies in addition to Rs 3 lakhs to the Marketing Societies undertaking processing activities.

Besides the above, financial assistance to the Co-operative Marketing Societies is being given in various other forms subject to availability of funds, such as managerial subsidy for appointment of Secretaries, Managers, Technical Personnel, etc.

The Andhra Pradesh State Co-operative Marketing Federation, Ltd, Hyderabad is proposing to establish a model work shop for manufacture of Agriculture implements soon with a financial assistance of Rs 83,000 under a centrally sponsored scheme formulated by the National Co-operative Development Corporation.

A Rice Bran Oil Factory of 25 to 30 ton capacity at a total cost of Rs 20 lakhs will be established by the Andhra Pradesh State Co-operative Marketing Federation Ltd., at
Vijayawada in Krishna district under Centrally Sponsored Schemes. Necessary financial assistance has been sanctioned for this purpose.

Under plan schemes, financial assistance of Rs 123 lakhs was sanctioned to Co-operatives for construction of 821 godowns, from the beginning of the Second Five-Year Plan period. The progress of construction of these godowns is indicated below:

(a) No of godowns assisted 821
(b) No of godowns completed 560
(c) No of godowns under construction 151
(d) No of godowns not started 57
(e) No of godowns in respect of which the amount were credited 53

Under the Crash Programme, construction of 272 godowns at a cost of Rs 37.00 lakhs was also sanctioned during the years 1964-65 and 1965-66. Construction of 233 godowns was completed. Construction of 25 godowns is under progress, while the construction of remaining godowns is not commenced. The storage capacity of all these godowns is about 2.00 lakhs tonnes. A provision of Rs 8.00 lakhs is made in the Budget Estimates for 1968-69, for construction of godowns.

Altogether an amount of Rs 25.50 lakhs has been earmarked for 1968-69 for the schemes relating to development of Co-operative Marketing.

Procurement of paddy/rice and other foodgrains:
During the crop year 1966-67, the Co-operative Societies undertook procurement of paddy, rice and other foodgrains from the funds provided by the Andhra Pradesh State Co-operative Marketing Federation, Ltd., Hyderabad. The following stocks of paddy and other foodgrains were procured:

<table>
<thead>
<tr>
<th>Quantity in tons</th>
<th>Value in Rs. (lakhs)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Paddy</td>
<td>55,687</td>
</tr>
<tr>
<td>Rice</td>
<td>16,001</td>
</tr>
<tr>
<td>Pulses</td>
<td>695</td>
</tr>
<tr>
<td>Jawar</td>
<td>482</td>
</tr>
<tr>
<td>Muize</td>
<td>45,885</td>
</tr>
</tbody>
</table>
Maize was exported outside the State while other food-grains were disposed off locally.

During the current crop year 1967-68, the District Co-operative Marketing Societies and other Co-operatives, owning rice mills, have been entrusted with procurement of paddy under Producers' Levy Scheme and they are also permitted to undertake open market purchases as agents of the Food Corporation of India. The Societies are finding it difficult to procure paddy in the open market as the price of paddy is higher than the controlled price by about Rs 5 to 7 per quintal.

**Consumers Co-operative Stores**

(a) **Central Stores**—Government of India formulated a scheme for setting up Central Co-operative Stores in all cities and towns having a population of over 50,000 with a network of branches. The object of the scheme is to supply all essential commodities to the urban people at reasonable rates. Under the scheme 17 Central Co-operative Stores were set up during the Third Five-Year Plan period in the following towns:

1. Hyderabad
2. Visakhapatnam
3. Vijayawada
4. Kurnool
5. Warangal
6. Guntur
7. Anantapur
8. Proddatur
9. Adoni
10. Rajahmundry
11. Nizamabad
13. Kakinada
14. Eluru
15. Vijayanagaram
16. Machilipatnam
17. Vijayapuri.

138—15
The 17 stores played vital role in holding the price line and in supplying the scarce goods. The monthly average turnover of all the stores is about Rs 45.77 lakhs.

Following the devaluation of Indian Rupee in 1966, Government of India decided to strengthen the chain of consumers movement all over the country with a view to holding the price line of scarce commodities and also to ensure availability of the scarce goods to the public. They suggested an accelerated programme for—

1. Organisation of Central Co-operative Stores in all the districts not covered during the Third Five-Year Plan period.

2. Setting up Department Stores in all metropolitan towns, and other towns with a population between 5 to 10 lakhs, and towns with a population of 2 or more lakhs.

Under the above programme, 8 Co-operative Central Stores have been organised during 1966-67 in the following places:

1. Karimnagar,
2. Srikakulam,
3. Adilabad,
4. Siddipet,
5. Khammam,
6. Hyderabad (new stores),
7. Mahaboobnagar, and
8. Chittoor.

Thus, there are at present 25 Co-operative Central Stores functioning in the State. These stores have 68,539 members on rolls with a paid-up share capital of Rs 12.40 lakhs. Government contributed Rs 25.27 lakhs towards share-capital of these stores.

*(b) Department Stores*—Two Department stores were set up during 1966-67—one at Hyderabad and the other at Visakhapatnam. The Department Stores (Super Bazar) at Hyderabad was started on 14th December 1966. It was set-up in a convenient, central place near Nampally Station.
is developing on ideal lines. The sales for the first half year (i.e.), from January, 1967 to June, 1967 were Rs 45,66 lakhs. The sales for the second half year ending December, 1967 increased to Rs 56,31 lakhs. Thus the total sales have exceeded Rs one crore.

Besides the increase in the bulk sales, another healthy and encouraging aspect is that the percentage of sales of essential goods like vegetables, oils, and cloth has gone up. The Super Bazar has opened a self-service counter recently. This reduces expenditure on sales staff. The Super Bazar proposes to provide the following convenience to the consumers:

(i) Articles processed, cleaned and prepacked in polythene bags at the self-service counters
(ii) Cleaned and prepacked vegetables
(iii) Packing the edible oils and ghee in tins and bottles
(iv) Tailoring and Dry Cleaning Units
(v) A khadi wing

The Super Bazar has got a branch in the Secretariat premises. During the current year, a Super Bazar is proposed to be set-up in Secunderabad.

A Super Bazar has been started at Visakhapatnam three months ago. Its turnover is also encouraging. Its daily sales on average are ranging between Rs 15 to 25 thousands.

The Scheme of Department Stores will be extended shortly to (1) Vijayawada, (2) Warangal, (3) Kurnool, (4) Guntur, and (5) Rajahmundry. Efforts are being made to search suitable accommodation and commission the stores as early as possible.

**Consumer industries**—Government of India have released financial assistance to the Andhra Pradesh State Federation of Central Consumers Co-operative Stores for setting up the following consumers industries:

(i) Manufacturing of paper and stationery
(ii) Manufacture of powdered spices
(iii) Processing of pulses.
The Industries Department has made available vacant land for setting up these industries

Similar schemes have been formulated by the State Government for the Government Employees, Industrial Workers, Railway Employees also. The details of the schemes are furnished hereunder

(c) Government Employees Consumers Co-operative Stores — Twenty-four Government Employees Consumers Co-operative Stores are functioning from the Co-operative year 1962-63 at each of the 20 District Headquarters and Vijayawada besides the three stores in the Hyderabad city. Employees of Zilla Panchayats, Panchayat Samithis and Municipalities also are admitted as members of Government Employees Consumers Co-operative Stores. These stores were given a working capital loan of Rs 10.50 lakhs. Also Government gave a guarantee for the repayment of a cash credit accommodation of Rs 56 lakhs obtained by these stores from the State Bank of India.

(d) Consumers Co-operative Stores for Industrial Workers — Under this scheme, consumers co-operative stores are set up in all industrial establishments in the country employing 300 or more workers. The employer is called upon to give financial assistance in the shape of share participation working capital, managerial subsidy, etc. just as Government is doing in the case of other consumer stores. So far 88 Consumers Co-operatives have been organised in industrial concerns. Still such stores have to be organised in 24 industrial concerns.

(e) Distribution of consumers articles in Rural areas — This scheme is sponsored by Government of India. According to the objectives of this scheme, consumers activity is to be organised on Co-operative lines in rural areas as an integral part of the task of holding the price line for the country as a whole. At present the Marketing Societies and Village Credit Societies are distributing the consumers articles in rural areas. The marketing societies are being given a subsidy of Rs 5,000 to meet the cost of additional staff appointed for the purpose spread over a period of 3 years. During the year 1968-69 the Government of India propose to give subsidy to Village Co-operatives also to a tune of Rs 1,200 spread over a period of 3 years. Besides giving subsidy, it is also proposed to
Appendix

strenthen the share-capital of marketing societies, which are engaged in distribution of consumers articles in rural areas to a tune of Rs 25,000 to Rs 50,000

CHEMICAL FERTILISERS DISTRIBUTION

Till October, 1967, the distribution of chemical fertilisers in the State was done through the Co-operatives. In October, it was decided to allocate 30% of the stocks to private trade. Since then only 70% of the State's allotment is allocated to the District Co-operative Marketing Societies for distribution to cultivators through the agency of primary marketing societies. It was also decided in October, 1967 that there shall be free sale of fertilisers by the co-operatives dispensing with the previous system of permits.

Since October, 1966, District Co-operative Marketing Societies are required to pay the cost of fertilisers within a period of 4 months, instead of 15 months allowed before. As the co-operatives found it difficult to dispose of the fertilisers and pay the cost within four months, the State Government negotiated with the Reserve Bank of India and State Bank of India and obtained financial accommodation of Rs 5.00 crores and 3.00 crores respectively. The credit limit of Rs 5.00 crores by Reserve Bank of India was sanctioned to the Andhra Pradesh State Co-operative Bank in August, 1967 and it was sanctioned to the six District Co-operative Marketing Societies at Vijayawada, Guntur, Kurnool, Kakinada, Eluru and Nizamabad. The credit limit of Rs 3.00 crores was sanctioned by the State Bank of India to the State Government in November, 1967 on the hypothecation of stocks of fertilisers in the remaining 14 District Co-operative Marketing Societies. Those District Co-operative Marketing Societies are asked to remit the sale proceeds to the State Bank of India towards loan taken by Government.

Upto 31st December 1967, the District Co-operative Marketing Societies have distributed 2.52 lakhs metric tonnes of chemical fertilisers valued at Rs 13.62 crores. The allotted stocks are held by all the District Co-operative Marketing Societies this year, and required types of chemical fertilisers are available for supply to cultivators during this rabi season and the ensuing kharif.
UPLIFT OF WEAKER SECTIONS OF THE COMMUNITY

To ameliorate the socio-economic conditions of the weaker sections of the community like rickshaw pullers, washermen, taxi drivers, etc., Co-operative Societies are organised and given financial assistance in the form of loan, subsidy, share-capital contribution, etc.

(a) Rickshaw pullers—Organisation of Rickshaw Pullers Co-operative Societies was first taken up in 1962-63. Since then 20 societies were organised and they were given assistance of Rs 8.51 lakhs.

During 1967-68, one Auto-Rickshaw Drivers Co-operative Society is proposed to be organised at Visakhapatnam. A sum of Rs 1.20 lakhs is provided in the Budget Estimates for 1968-69 to organise one Auto-Rickshaw Co-operative Society and to assist the existing Rickshaw Pullers Co-operative Societies in the shape of Managerial assistance.

(b) Washermen—The Scheme for Organisation of Washermen Co-operative was first introduced during 1964-65. So far six societies were organised and given financial assistance of Rs 1.15 lakhs. For the year 1968-69 a sum of Rs 0.70 lakh is provided for organising two Washermen Co-operative Societies and to assist the existing societies.

(c) Taxi Drivers—The Scheme for Organisation of Taxi Drivers Co-operative Societies was first taken up in 1964-65. Two societies were organised that year and one society was organised in 1965-66 and a sum of Rs 5.95 lakhs was given by way of financial assistance to these societies. These societies will be given a subsidy of Rs 5,000 during 1968-69.

(d) Printing workers—Since 1964-65, seven Co-operative Printing Presses have been organised in Andhra Pradesh. A sum of Rs 66,000 is provided during 1968-69, towards grant, loan and share-capital contribution to these co-operative presses.

(e) Fishermen—Only a sum of Rs 10,000 is provided during 1967-68 towards cost of the staff working in the two Apex Fishermen Co-operative Societies at Vijayawada and
Hyderabad A sum of Rs 0.08 lakh is provided during the year 1968-69 for organising Fishermen Co-operative Societies.

(f) Labourers — The programme of labour co-operatives is designed to promote the economic interests of the manual labourers, who constitute a very sizeable proportion of the weaker sections of the Community, by securing contracts for execution of works on which they can be employed on reasonable wages. The programme envisages replacement of the existing contract system gradually in the execution of public works to ensure adequate wages to labourers, to secure the labourers against exploitation and also to offer to the labourers and the Government, the amount now accruing as profit to the contractors.

To demonstrate how contracts could be eliminated and work got done through organisation of labour, given the necessary concessions and facilities, and to provide full employment to the underemployed and unemployed adults in the villages, Guntur district has been selected as the pilot district for the intensive development of labour contract societies. A Federation of Labour Contract Societies has been organised with Headquarters at Macherla to co-ordinate the activities of the Primary Labour Contract Societies, in Guntur district to facilitate the implementation of the scheme effectively. The scheme is being implemented under the control and supervision of technical staff consisting of 5 Engineering Supervisors and one Junior Engineer.

During Fourth Five-Year Plan, it is proposed to organise 200 Primary Labour Contract Co-operative Societies and 5 Federations of Labour Co-operatives at the rate of 40 Primaries and one Federation during each year of the plan. There are 463 Primary Labour Contract Societies in Andhra Pradesh with a membership of 31,445 and paid-up share-capital of Rs 5,64,296. Four Federations of Labour Contract Co-operative Societies are also functioning at Hyderabad, Macherla, Kurnool and Warangal with a membership of 169 and paid-up share-capital of Rs 1,20,032. It is proposed to organise 40 Primaries and one District Federation during 1968-69. Therefore an amount of Rs 2.31 lakhs is provided for the year 1968-69.

(g) Toddy Tappers.—For improving the socio-economic conditions of the tappers in Telangana area, Toddy Tappers Co-operative Societies are formed and Sendhi Shops entrusted
to these societies on average rental basis. Without putting these shops to public auction, Government envisage to bring more number of tappers into co-operative field every year by organising new Toddy Tappers Co-operative Societies to ensure adequate wages and secure them against exploitation by the contractors in the field. The total number of these societies now is about 2,060. These societies are given many facilities regarding mode of payment of rentals and deposits, etc.

CO-OPERATIVE EDUCATION AND TRAINING

(a) Training of departmental, non-official and private candidates.—Training and Education are essential for the success of the co-operative movement. There are 4 Co-operative Training Institutions in the State at Rajahmundry, Vijayawada, Anantapur and Hyderabad to impart basic training to the non-official co-operative subordinate personnel and private candidates. These institutes are running a 11 months course commencing from 1st July every year. There is another Training Institute called the Central Co-operative Institute at Hyderabad to impart training exclusive to the departmental personnel, i.e., directly recruited Junior Inspectors and Senior Inspectors. The duration of the training course in this Institute is 1 year. This Institute was managed by the Co-operative Department upto 31st July 1967. On 1st August 1967, this was transferred to the control of the Andhra Pradesh State Co-operative Union Limited, Hyderabad. At present, 751 non-official trainees are undergoing training in the four non-official training institutes. However, there is no training session in Central Co-operative Institute, Hyderabad during 1967-68 for departmental candidates as direct recruitment has been stopped in view of the economy measures in force. The cost of the teaching staff of these five institutes is reimbursed by the Government to the concerned managements. A sum of Rs. 5.70 lakhs is provided in the Budget Estimates for this purpose.

(b) Member Education Scheme.—The Member Education Scheme is being implemented by the Andhra Pradesh State Co-operative Union in the State. There are 60 peripatetic units in the State at the rate of 3 per each district. One Educational Instructor is in charge of each unit to educate the members and office-bearers of Co-operative Societies and local leaders. A separate wing to give training for the ladies...
in the principles of Co-operation and to bring them into the co-operative fold in large numbers, especially into consumers co-operatives, is also functioning under the control of the Andhra Pradesh State Co-operative Union, Ltd, Hyderabad. During 1967-68, 27,640 persons were given training under this scheme up to the end of November, 1967. The entire cost of the staff appointed under the scheme is met by the Government. The Government of India will however subsidise the cost to the State Government as per approved pattern. The scheme will be continued during 1968-69 at an estimated cost of Rs 340 lakhs.

(c) Assistance to State Co-operative Union—An amount of Rs 25,000 has been provided in the Budget for 1968-69 for giving grant to the Andhra Pradesh State Co-operative Union Ltd, Hyderabad.

AUDIT.

Audit of Co-operative Societies is a statutory duty enjoined on the Chief Auditor under section 50 of the Andhra Pradesh Co-operative Societies Act. The Chief Auditor will work under the general superintendence and control of the Registrar of Co-operative Societies. With the assistance of the audit staff, he audits the accounts of the societies thoroughly and thus the chance of the societies committing any mistakes or malpractices will be little.

From the foregoing details, it is evident that the co-operative movement has made considerable progress in this State in all directions. The future of the movement is indeed bright. In a country like India which is predominantly agricultural and whose economic structure has its roots in the village, co-operation is something more than a series of activities organised on co-operative lines. Basically, its purpose is to evolve a scheme of co-operative community organisation which touches upon all aspects of human life. Within the rural economy in particular, co-operation is the primary means for raising the level of productivity, and expanding employment so as to secure the basic necessities for every member of the community. At the level of the village, co-operation implies the development of land and other resources and various services in the common interest of the village as a whole.

8th March, 1968

The report (in Telugu script) discusses the status of the 1944 amendments to the Constitution of India. It highlights the various provisions introduced and their impact on the governance and legislative framework. The document includes an analysis of the recent developments and their implications for future policy making.

The amendments include provisions related to the distribution of seats in Parliament, the reservation of seats for women, and the introduction of new states. The report concludes with an assessment of the implications of these changes on the political landscape of India.

In summary, the report provides a comprehensive overview of the 1944 amendments to the Constitution and their significance for contemporary India.
