ANDHRA PRADESH LEGISLATIVE ASSEMBLY

DEBATES.

OFFICIAL REPORT

Hundred and fourteenth day of the First Session of the
Andhra Pradesh Legislative Assembly

ANDHRA PRADESH LEGISLATIVE ASSEMBLY

Thursday, the 18th July, 1968.

The House met at Half-Past Eight of the Clock.

(Mr. Speaker in the Chair)

ORAL ANSWERS TO QUESTIONS.

AID TO THE HARIJAN FAMILY OF KANCHIKACHERLA

2741—

6087 Q.—Smt. J. Eswari Bai (Yellareddy):— Will the hon. Chief Minister be pleased to state:

(a) whether the Prime Minister Mrs. Indira Gandhi had sent a sum of Rs. 5,000 to the bereaved family of the Harijan boy of Kanchikacherla village, Krishna district in March, 1968; if so, through whom the money routed and to whom it was paid; and

(b) whether any amount was paid by the State Government in this regard?

The Chief Minister (Sri K. Brahmananda Reddy):—(a) Yes, Sir. The amount of Rs. 5,000 sent by Prime Minister is kept in fixed deposit by the Collector, Krishna as desired by the mother of the deceased Harijan boy, to be withdrawn as and when she could purchase some land.

(b) No, Sir.

Sri K. Brahmananda Reddy:—The cheque was forwarded to the Collector, Krishna for encashment and arranging the amount to be delivered to the family of the deceased boy. It was reported by the Collector that the deceased boy left behind his aged mother and two sisters and that he made arrangements to keep the amount of Rs. 5,000/- sent by the Prime Minister in fixed deposit as desired by
the mother of the deceased boy, to be withdrawn as and when she could purchase some land. The Government has approved the Collector's action.

Sri K. Brahmananda Reddy:—The question is as the Prime Minister has sent the money and some other moneys have been made available, there was no need; but if there is any need, certainly the State Government will consider.

Sri K. Brahmananda Reddy:—I cannot say just now, Sir; we will see.
2742—

*M 6086Q.* Smt. J Eswari Bai:—Will hon. the Chief Minister be pleased to state:

whether the culprits responsible for murdering Mr. Yusuf Nawab near King Kothi Palace in April 1968 have been traced and arrested and if not, why such an inordinate delay?

Sri K. Brahmananda Reddy:—Despite vigorous investigation the culprits in this murder case have not yet been traced. Special efforts are being made to trace the persons involved in this crime.

Sri K. Brahmananda Reddy:—There are facilities already available. Certainly they can read.

* 5715 Q.—Sarvasri P. O. Satyanarayana Raju (Yemmiganur)  
A. Eswara Reddy (Tirupathi) and B. Niranjana Rao: Will hon.  
the Chief Minister be pleased to state:

(a) whether there are any applications for the Small Car  
Project from our State?

(b) if so, the number and names of the firms that have  
applied for licence; and

(c) the stage at which the matter now stands?

Sri K. Brahmananda Reddy—(a) No applications have been  
received from private parties for setting up the Small Car Project in  
Andhra Pradesh. The Government of India have however been  
addressed to locate the proposed Small Car Project in Public Sector  
in Andhra Pradesh.

(b) and (c): Do not arise.

TRACTOR PROJECT

2744—

(a) whether the Government are aware of the fact that Government of India is considering the setting up of a Tractor Project in Public Sector to meet the demand for small Tractors of below 20 H.P.;

(b) if so, whether the State Government represented the need to locate the same in Andhra Pradesh as it is a predominantly an agricultural State besides being industrially backward; and

(c) if so, with what result?

Sri K. Brahmamanda Reddy:—(a) Yes, Sir.

(b) Yes, Sir.

(c) The Government of India have stated that having regard to the already existing plants in southern, Western and Northern regions of the country, it is tentatively proposed to establish this plant in the Eastern region of the Plain at Ramanagar in Varanasi District: (U.P.) State Government has however taken up the matter again with Government of India at the highest level.

Oral Answers to Questions.

18th July, 1968.

1. Question: — Proposition 5675. There is scope for another project in the Eastern region. Every year 50,000 tractors are demanded in the northern region. Tractor Unit Hyderabad has advantages over other capital investment. In the southern region, every year 50,000 tractors are demanded. Tractor Unit Hyderabad is advantageous capital investment.

2. Question: — Tractors and tractors supply the supply. Horse power supply. Horse power supply. Tractor plant spare parts in Southern, Western, Eastern regions are advantageous. There is need for another unit in the northern region.

3. Question: — Tractor plant in the northern region. There is need for another unit considering the needs of the entire country.

4. Question: — The acreage of land is 50,000. Tractor plant in the northern region. There is need for another unit considering the needs of the entire country.
Oral Answers to Questions.

490 18th July, 1968.

Public sector Tractor project?

Private sector

Government of India?

For instance this Government has got a feasibility report prepared by the Andhra Pradesh Industrial Development Corporation and moved the Government of India once again to reconsider the matter. It was stressed that the Southern unit mentioned in the Ministry's letter, presumably Madras unit which has a capacity for tractors of 30 H. P. will not be able to satisfy the demand for the manufacture of tractors of and below 20 H. P. range.

Hindustan Machine Tools stand still?

Central Government direction?

REST HOUSE AT FARAHABAD

(a) whether the Government have started the construction of Rest House in May, 1960 at Farahabad, Mahabubnagar District under the scheme for the Development of Tourism;

(b) the amount of expenditure incurred on it and

(c) whether the construction of the same has been completed?

The Janasambandha Shramika Mantri (Sri Konda Lakshman Bapuji) :

(a) Yes, Sir. The work was taken up in June, 1960.

(b) Rs. 16,664.

(c) No, Sir.

The Janasambandha Shramika Mantri (Sri Dhanenkula Narasimham (Udayagiri)) :

- Will the hon. Janasambandha Shramika Mantri be pleased to state:

(a) whether the Government have started the construction of Rest House in May, 1960 at Farahabad, Mahabubnagar District under the scheme for the Development of Tourism;

(b) the amount of expenditure incurred on it and

(c) whether the construction of the same has been completed?

The Janasambandha Shramika Mantri (Sri Konda Lakshman Bapuji) :

(a) Yes, Sir. The work was taken up in June, 1960.

(b) Rs. 16,664.

(c) No, Sir.
Oral Answers to Questions.  
18th July, 1968.  

2746—

* 3827 Q.—Sri T. S. Murthy (Warangal) :—Will the hon.-
 Minister for Industries be pleased to state :

(a) whether the Government are aware of the fact that a
Soviet Delegation headed by the Deputy Chairman of U.S.S.R. Plann-
ing Board is holding talks (April, 1968) with Indian Officials to
discuss the possibilities of establishing in India, ventures for the
manufacture of Footwear, canned fruit juice, etc. to be exported
to the Soviet Union; and

(b) whether Government have urged the Government of
India to establish such a Joint venture in A. P. in view of the fact
that the State occupies an important place in hides and skin industry
and fruit industry ?

The Minister for Industries (Sri B. V. Gurumurthy) :—(a) No Sir.

(b) No, Sir.
9th July, 1968.

Oral Answers to Questions

Sri B. V. Gurumurthy:—We will take up with the Central Government as soon as we know more details.

MISAPPROPRIATION OF FUNDS IN SRIKAKULAM MUNICIPALITY

2'47—

* 5357 M) Q.—Sri Thangi Satyansrayana (Srikakulam):—Will the hon. Minister for Municipal Administration be pleased to state:

(a) whether it is a fact that a sum of Rs. 2,000 of Srikakulam Municipality was misappropriated by the Staff of the office;

(b) if so, what is the action taken against the concerned staff; and

(c) whether this matter was brought to the notice of the Director of Municipal Administration by the Councillors?

The Minister for Municipal Administration (Sri N. Chenchuama Naidu) (a) There are two different cases of misappropriations
in Srikakulam Municipality one relating to electricity bills amounting to Rs. 4,158-05 ps. by the Lighting Superintendent, and the Shroff and another relating to property and other taxes amounting to Rs. 10,994-2 ps. by a Bill Collector, amounting to Rs. 15,152-67 ps in all.

(b) The persons responsible for the misappropriation of the amounts have been placed under suspension. The matter relating to the misappropriation of the electricity bills is still under investigation by the Police. Investigation in the case of property and other taxes has been completed by the Police and they have filed a charge sheet against Sri Y. Satyanarayana, Bill Collector. Disciplinary proceedings against the Revenue Inspectors and the clerks concerned have been initiated by the executive committee.

(c) No, Sir.

NATIONALISATION OF BUS TRANSPORT

2748—

*S 5691 Q—Sri P. O. Satyanarayana Raju:—Will hon. the Chief Minister be pleased to state:

(a) whether there are any proposals before the Government to extend nationalisation of bus transport during the year 1968-69 in other districts;

(b) if so, the districts selected for implementing the nationalisation programme; and

(c) the approximate expenditure the Government is likely to incur by the nationalisation?

Sri K. Brahmananda Reddy.—(a) No, Sir

(b) Does not arise.

(c) Does not arise.

Several routes are being taken. For instance, routes of more than 120 Kilometers and 80 kilometers.
18th July, 1968.

Oral Answers to Questions.

* 3765 Q.—Sri P. Subbiah:—Will the Chief Minister be pleased to state:

(a) the power requirements of the State during the Fourth plan period;

(b) the extent to which Machkund, upper Siluru and other Thermal Power Schemes would meet the needs of the State; and

(c) whether any other alternative schemes are under contemplation?

Sri K. Brahmananda Reddy:—(a) The peak demand for power during the years 1966-67 to 1970-71 is furnished below:

<table>
<thead>
<tr>
<th>Year</th>
<th>M. W.</th>
</tr>
</thead>
<tbody>
<tr>
<td>1966-67</td>
<td>290   (Actuals)</td>
</tr>
<tr>

<td>780   (Anticipated)</td>
</tr>
</tbody>
</table>

(b) The anticipated demand of 780 M. W. will be met to the extent of 550 M. W. by the end of 1970-71.

(c) Two schemes, viz., Lower Siluru Hydro Electric Scheme and Kothagudem, Stage III are under execution and these will add to the installed capacity by 200 M. W. and 20 M. W. respectively. In addition, there are four other schemes under contemplation.

* 3766 Q.—Sri K. Brahmananda Reddy:—In 1970-71, the demand for power will be 780 M. W. The following schemes are under construction and will add to the installed capacity by 550 M. W. and 20 M. W. respectively. In addition, there are four other schemes under contemplation.

* 3767 Q.—Sri K. Brahmananda Reddy:—In 1970-71, the demand for power will be 780 M. W. The following schemes are under construction and will add to the installed capacity by 550 M. W. and 20 M. W. respectively. In addition, there are four other schemes under contemplation.
Sri K. Brahmananda Reddy:—I have, at present, no information Sir. Certainly another question may be put or I will also find out.

Sri K. Brahmananda Reddy:—It has been slowed down because of plan ceiling and financial restrictions. But it is our desire Sir, that as soon as Fourth Plan begins, we want to take active steps to allot as much money as possible to get the project completed quickly.

Sri K. Brahmananda Reddy:—Simultaneously that generation transmission on also is being taken care of. We are paying sufficient attention to transmission also.

Sri K. Brahmananda Reddy:—We are paying sufficient attention to transmission also.
18th July, 1968.

Oral Answers to Questions.

1. Q: Do you want to leave? Can you leave?

2. Q: Can I change my mind?

3. Q: What is your plan?

4. Q: Is there any information you can provide?
AGREEMENT BETWEEN MYSORE AND ANDHRA PRADESH FOR SUPPLY OF ELECTRICITY

2750—

* 5420 Q.—Sri K. Anjana Reddy:—Will hon. the Chief Minister be pleased to state:

(a) whether it is a fact that the Chairman of Electricity Boards of Andhra Pradesh and Mysore State have come to an agreement for supply of 10 M. W. power from Mysore to Andhra Pradesh; and

(b) if so, whether the Government consider to give priority to the famine stricken border areas of Anantapur district to save delay and cost of supply?

Sri K. Brahmananda Reddy:—(a) The Chairmen of the Electricity Boards of Andhra Pradesh and Mysore State have come to an agreement for supply of 10 M. W. power from Mysore to Andhra Pradesh.

(b) The power will be fed into the Andhra Pradesh grid and utilised mainly in the Rayalaseema Districts.

Sri A. Eswara Reddy:—Mr. Speaker Sir, the Government of Madras is able to purchase power quite cheaper than the Andhra from Mysore State. Why is this discrimination Sir?

Sri K. Brahmananda Reddy:—I do not know. According to the negotiations, the Mysore State Electricity Board will supply power to Madras State at 5 Paise per unit for the first hundred million units and at 4.5 paise per unit for the excess consumption. The Madras State Electricity Board will draw power at 220 K. V. The Mysore State Electricity Board agreed to treat the Andhra Pradesh State Electricity Board on par with the Madras State Electricity Board provided that the supply is drawn from 220 K. V. line. But the supply to Andhra Pradesh State Electricity Board is at 66 V. K. line, naturally as 220 K. V. lines are not available at Hindupur.
Oral Answers to Questions.

2751—

*4100 Q.— Sarvatsri K. Govinda Rao and K. Ramanatham (Mudinepalli) :— Will hon. the Chief Minister be pleased to state:

(a) whether Cement worth many lakhs has been damaged or lost in Lower Sileru Project, Visakhapatnam District in the years 1966 and 1967; and

(b) if so, whether the matter was enquired into?

Sri K. Brahmananda Reddy :— (a) Cement worth about Rs. 1.35 lakhs of Rupees was damaged or lost during the years 1965 and 1967.

(b) Yes, Sir.

The police have investigated the above case and arrested the Driver and the Cleaner. The driver and the cleaner of the lorry were charge-sheeted and they were also kept under suspension. The second consignment of cement of 100 bags was reported to have been recovered. The accused in that case are taking trial in the Munsif Magistrate Court.

Sri K. Govinda Rao :— What about the big officers who are involved in this? What action has been taken?

Sri K. Brahmananda Reddy :— Charges have been framed against the Executive Engineer and the Assistant Engineer in charge of Stores and Transport.

Sri K. Govinda Rao :— May be I do not deny that.
Oral Answers to Questions. 18th Jul., 1968.

2752—

* 3308 Q.—Sri Badrivishal Pitti:—Will the hon. Janasambandha Shramika Mantri be pleased to state:

(a) when and where the district training centre for the Small Scale Industries have been established; and

(b) the amount of expenditure incurred on the said centres so far from the date of starting?

Sri Konda Lakshman Bapuji:—(a) The District Level Training Centres were started on 15-5-1966 at the following places:

1. Srikakulam
2. Eluru
3. Guntur
4. Gudur (Nellore District)
5. Cuddapah
6. Kurnool
7. Vikarabad (Hyderabad District)
8. Shadnagar (Mahabubnagar District)

Total Rs. 15,16,645-76

Sri Konda Lakshman Bapuji:—Training in Carpentry, Blacksmithy, Coir and Leather goods, Scientific glass, Glass Apprentice and Neon-signs, Carpet weaving, hand-made paper, Weaving and printing, knitting and Dyeing, Typewriting and Shorthand. In these because there was no good response for certain trades, certain.

28—3
trades have been given up. Carpentry, Black-smithy, Typewriting, etc., are being given preference by the candidates. Therefore, in these training is being given to them. The total number of the trainees—the information is not readily available and fresh notice is required.

(a) Whether it is a fact that 3 Air Compressors were purchased at the cost of Rs. 46,800 each ignoring the lowest tender for
Oral Answers to Questions. 18th July, 1966. 501

Rs. 32,500 in the year 1962 by the Central Stores Purchase Department:

(b) what are the reasons for this extra expenditure of Rs. 42,900;

(c) what are the steps that are taken by the Government on the Officer who committed this error?

Sri B. V. Gurumurthy :—(a) Yes, Sir.

(b) & (c) This is one of the items in the Audit Report for 1965, which is under the consideration of the Government.

10. 12 lowest tender 10. 12 lowest tender import license 10. 12 lowest tender import license

CULTIVATION OF FOREST LANDS

2754—

*9567 Q.—Sri P. Pitchaiah (Palwancha).— Will the hon. Minister for Municipal Administration be pleased to state:

(a) whether it is a fact that the Forest Department is preventing the Harijans of Kakarala village, Kothagudem taluk, Khammam district from cultivating the land bearing S. No. 217 assigned to them in 1953 on patta;

(b) if so, what is the use of the pattas issued; and

(c) the policy of the Government in this respect?

Sri N. Chenchurama Naidu :—(a) As the area in question is presently considered to be within the reserve forest, the Forest Department does not allow cultivation in that area.

(b) As the exact location of the patta lands assigned to the Harijans is in dispute, the matter is being jointly examined by the Forest, Revenue, and Settlement Departments.

(c) If these lands are proved to fall within the R. F., the pattas will have to be cancelled and alternate areas assigned elsewhere.
Oral Answers to Questions.

(a) whether moratorium has been given by the Government pertaining to the payment of interest due to the Government by the Board on the assets handed-over to it by the Government;

(b) if so, the reasons thereof and for what period and

(c) the rate of interest payable to the Government by the Board on these assets?

Sri K. Brahmananda Reddy:—(a) Yes Sir; Moratorium has been given by the Government in respect of interest due on the value of the capital assets transferred by the Government to the Electricity Board on 1-4-1959 on its formation and deed to be a loan advanced by the Government to the Board.

(b) Moratorium was granted for a period of 10 years from 1-4-1959 on account of the financial difficulties of the Electricity Board.

(c) Half a percent above the Government’s borrowing rate.
3. Capital outlay on Assets Transferred to State Electricity Board.

Mr. Speaker:—If he wants I will have it placed on the Table of the House.

Sri K. Brahmananda Reddy:—It will take five to ten minutes. And I won't be able to complete cover the entire thing.
Oral Answers to Questions

SHIFTING OF TRANSFORMER

2756—

*1492 (Q) — Sri P. Venkata Subbalah Sullurpet:—Will hon. the Chief Minister be pleased to state—

(a) The reasons for shifting of a transformer from the electric sub-station at Goginenipuram near Gudur to some other place in June, 1967;

(b) Whether it is a fact that damage has been caused to second crop and orchards in Gudur and Rapur taluks due to the said shifting of the transformer; and

(c) The action taken on the officers responsible for it?

Sri K. Brahmananda Reddy:—The matter relates to the Andhra Pradesh State Electricity Board:

(a) The two transformers at Kavali sub-station failed on 12-5-1967. In order to avoid complete blackout and to restore at least partial supply to essential loads in Kavali area, it had become inevitable for the Board to shift one of the transformers from the electric sub-station at Goginenipuram near Gudur to Kavali sub-station.

(b) As electric supply had been maintained for 8 hours a day in both Gudur and Kavali areas, and for 16 hours a day in Kota Samithi area, no damage to the crops occurred due to the shifting of the transformer.

(c) Does not arise.

ELECTRICITY TO ANNASAMUDRAM DARGA

2757—

*5430 Q.—Sri A. Madhava Rao:—Will hon. the Chief Minister be pleased to state—

(a) Whether the Government propose to give electricity to “Annasamudram Darga” which is a famous one in Andhra and situated at Annasamudrampet village, Atmakur taluk, Nellore district before the ensuing Urusu as the village is situated at a place very near (two miles) to the tower lines; and

(b) If not, the reasons therefor?

Sri K. Brahmananda Reddy:—(a) & (b): A 11 K. V. line runs at a distance of about 11 K. Ms. from the village. The question of connecting the village from that line is under investigation. It is, however not possible to include the village in the current years’ programme due to lack of funds.

TRANSFORMER ALARAM PANELS

2758—

*3927 Q.—Sri K. Ramanatham:—Will hon. the Chief Minister be pleased to state:

(a) Whether it is a fact that an order has been placed with a Madras firm for the purchase of Transformer Alaram Panels at a cost
of Rs. 9,936 each, in spite of the fact that Bharath Heavy Electricals, Bhopal Company the lowest tender quoted a price of Rs. 4,063 each; and

(b) If so, the officers responsible for the same and the action taken against the said officers?

Sri K. Brahmananda Reddy:—The matter relates to the Andhra Pradesh State Electricity Board.

(a) & (b):—An order was placed on a Madras firm for 11 transformer aluminium panels at a cost of Rs. 9,366 each which was higher than the cost of Rs. 4,960 each quoted by M/s Heavy Electricals Ltd, Bhopal. As the delivery period quoted by M/s Heavy Electricals Ltd., Bhopal, 26 to 30 months from the date of placing of the order was much longer than the period of 5 to 6 months quoted by the Madras firm and as panels were expected to be needed much earlier an order was placed on the Madras firm whose rate was the next lowest. The question of taking any action against any officer does not therefore arise:

INCENTIVES TO SMALL SCALE INDUSTRIES

2759—

*2847 Q.—Sri Ch. Rajeswara Rao:—Will the hon. Minister for Industries be pleased to state:

(a) whether it is a fact that our State Government have formulated some schemes of incentive to Small Scale Industries; and

(b) if so, what are the details of such schemes?
Sri B. V. Gurumurthy: (a) and (b) The following are the incentives or concessions now allowed to Small Scale Industries:

(i) The Government are granting 10% price preference to Cottage and Small Scale Industries products purchased by them and also 2% price preference for the products of this State with Indian Standard Institution mark over other products which do not conform to I. S. I. Standards, in addition to the above 10% price preference;

(ii) In order to encourage Small Scale Industries, Govt. have also reserved 58 items to be purchased by all Departments of Government exclusively from Small Scale Industries Sector.

(iii) Subsidized rates of rent is being charged for first five years to Small Scale Industrialists who occupy the units at the Industrial Estates.

(iv) Supply of power at subsidized rate to small Scale industries having connected load upto 20 H. P.

The questions of allowing following concessions to Small Scale Industries are under consideration of Govt.

(i) Allowing concessions in respect of sales tax for raw materials purchased and finished products sold.

(ii) Exemption from payment of ground rent for developed plots in certain assisted Private Industrial Estates.

(iii) Exemption from payment of rent for factory sheds in certain conventional type of Industrial Estates.

(iv) Supply of power at concessional rates upto 50 H. P.

(v) Advancing of loans under State Aid to Industries Act at concessional rate of interest.
TANNING CENTRE

2760—

*2707 Q.—Sri K. Muniswamy:—Will the hon. Minister for Industries be pleased to state:

(a) whether there is any proposal to open a tanning Centre at Sullurpet of Nellore District and at Satyasredu of Chittoor District;

(b) if so, when; and

(c) if not, the reasons therefor?

Sri B. V. Gurumurthy:—(a) and (b) There is no proposal to open permanent Tanning centres either at Sullurpet or Satyasredu.

A Peripatic Tanning Demonstration centre is working at Buchipalle, Nellore District from 1-10-1967. After completion of training here the centre will be shifted to Sullurpet from August 1968

As regards Satyasrdu of Chittoor District there are no such proposals under consideration.

(c) Due to paucity of funds under leather development programme and Rural Arts & Crafts of the Panchayat Samithi no new centres could be started.

QUANTITY OF TIMBER EXTRACTED FROM THE FOREST

2761—

*2920 Q.—Sri P. O. Satyanarayana Raju:—Will the hon. Minister for Municipal Administration be pleased to state:

(a) the total quantity of timber extracted from forest in our State during the year 1967-68;

(b) the total revenue derived out of it;

(c) whether any export was made to any foreign countries during the year 1967-68; and

(d) if so, the foreign exchange earned?

Sri N. Chenchurama Naidu:—(a) 4,46,320.00 Cubic Meters of timber; 6,320 Poles of 7.42 Metric tonnes of Red Sanders wood; and 8,18 Metric tonnes of Sandal wood.

(b) Rs. 2,96,27,961-00.
18th July, 1968.

Ora! Answers to Questions.

(c) Yes Sir. 35,368 Metric tonnes of Red Sanders wood was exported to foreign countries.

(d) Rs. 2,48,600 70 paise worth of foreign exchange was earned.

NON-COMPLETION OF ELECTRICITY WORKS

1559 Q.—Sri V. Muniswamappa (Vepanjeri) :—Will the hon. the Chief Minister be pleased to state:

(a) the reasons for non-completion of work even though electric poles have been erected from Gangadara Nellore under Vavilthota Scheme during 1965:

(b) the reasons for not drawing wires even though electric poles were erected from Patuuru under Kotharamapuram Scheme during 1965: and

(c) when the work of the above schemes will be completed?

Sri K. Brahmananda Reddy :—(a) & (b) Due to paucity of funds.

(c) Vavilthota Schemes :—Out of the 10 villages included in this scheme, only Gangadhara, Nellore, Peddakalva, Velakuru, Muthireval and Vavilthota were taken up for execution and declared electrified. At the end of 1967-68 balance of works to be completed was less than 40% of the total value of works. This will be completed during 1968-69. The other five villages namely, Kalluvedu, Nandamur, Kotakona, Mukkalatur and Vodipalli have not been included in the Rural Electrification programme for 1968-69 for want of funds.

Kotharamapuram Schemes :—Under this scheme only Kotharamapuram Village was included and this village was declared electrified on 27-10-67 and the work completed in all respects except for 5 spans left over, due to growth of sugar-cane and paddy fields.

Opat to Questions. 18th July, 1968. 309

Dhanenkula Narasimham:—Will the hon. the Chief Minister be pleased to state:

(a) whether the Government propose to reduce the return expected by implementing the Electricity schemes in famine areas to 8%; and

(b) if so, when the said reduction will come into force?

Sri K. Brahmananda Reddy:—The matter relates to the Andhra Pradesh State Electricity Board.

(a) No, Sir.

(b) Does not arise.

Electricity Board.

MURDERS IN KURNOOL TALUK

(a) the number of murders that took place in Kurnool taluk during 1967-68; and

(b) whether the number is high when compared to other taluks and if so, the reasons for the high incidence?

Sri K. Brahmananda Reddy:—(a) During 1967-68 twelve murders took place in Kurnool taluk.

(b) When compared with other taluks, the number of murders that took place in Kurnool taluk during 1967-68 is somewhat high. This is because it includes five murders committed in Kurnool town.
18th July, 1968.

Oral Answers to Questions:

Shift law and order and appoint Portfolios?

(i) Mr. Narasimha, murders 6 died 12?

(ii) S. D. Narasimha (Secy.): — acquitted, 2 cases 8 acquit murders?

(iii) S. D. Narasimha (Secy.): — acquitted, 2 cases 8 acquit murders?

(iv) S. D. Narasimha (Secy.): — acquitted, 2 cases 8 acquit murders?

(v) S. D. Narasimha (Secy.): — acquitted, 2 cases 8 acquit murders?

Murders cases 2 convicts 12 cases 8 conviction 3 cases 8 acquit cases 2 cases trial 8 3 cases Crime Branch C. I. D. investigate both the accused died 2 8 information. Accused death 8 2 cases 8 acquitted.

PRIVATE INDUSTRIAL ESTATES.

2765—

4941 Q. — Sri Dhanenkula Narasimha: — Will the hon. Minister for Industries be pleased to state:

(a) the number of private industrial estate in the State; and

(b) whether the Government are rendering any aid to them and if so, the nature of the same?

1. N. Sir B. V. Gurumurthy — (a) There are 15 assisted private industrial estates as such. But there are 15 assisted private industrial estates.

(b) Yes Sir. Under the scheme developed plots with all common facilities like water, power, roads and other services etc., are being allotted to entrepreneurs on long lease. During the first five years of lease subsidized rent is being collected at 1½ pies per sq. yard per month as against the economic rent of 8 to 12 pise per sq. yard per month. The occupiers are also eligible to become owners of the plots under the hire purchase scheme approved by Government. Besides the Department renders assistance to the entrepreneur in:

(i) in securing loan assistance for construction of factory sheds and building machinery from lending agencies.

(ii) recommending the applications of tenants to National Small Industries Corporation Ltd., New Delhi, for supply of machinery on hire purchase basis.

2. N. On the point raised by Sri K. N. Narasimha (Secy.) that there were 15 assisted private industrial estates in the State, the Minister stated that there are 15 assisted private industrial estates in the State.
S. No. 2725-B :

S. N. Q. 6332-W : Q. — Sri K. Govinda Rao :— Will the hon. Minister for Education be pleased to state : 

(a) whether the Government have taken any decision on the age-limit for superannuation of teachers in our State ; 

(b) if so, what is that decision ; and 

(c) whether the Government propose to bring any legislation on this question ?

The Minister for Education (Sri T. V. Raghavulu) :— (a) Yes, Sir.

(b) The age of superannuation which was raised to 58 years in 1964 and to 60 years in 1965 has been reduced to 55 years, with effect from 30-11-1967.

(c) There is no such proposal at present. It is decided to take an appeal against the recent judgement of the High Court.
13th July, 1968.

Business of the House.

Mr. Speaker:—The Minister of Education has moved an extension of service for the benefit of certain teachers for which he desires the House to continue its previous decision with immediate effect?

Mr. S. R. Jayaraj:—The Minister of Education has moved in the House that the extension of service for the benefit of certain teachers for which he desires the House to continue its previous decision with immediate effect.

Mr. D. V. Swaminathan:—The Minister of Education has moved in the House that the extension of service for the benefit of certain teachers for which he desires the House to continue its previous decision with immediate effect.

Mr. S. R. Jayaraj:—The Minister of Education has moved in the House that the extension of service for the benefit of certain teachers for which he desires the House to continue its previous decision with immediate effect.

Mr. D. V. Swaminathan:—The Minister of Education has moved in the House that the extension of service for the benefit of certain teachers for which he desires the House to continue its previous decision with immediate effect.

Mr. S. R. Jayaraj:—The Minister of Education has moved in the House that the extension of service for the benefit of certain teachers for which he desires the House to continue its previous decision with immediate effect.

Mr. D. V. Swaminathan:—The Minister of Education has moved in the House that the extension of service for the benefit of certain teachers for which he desires the House to continue its previous decision with immediate effect.

BUSINESS OF THE HOUSE
Point of Information: 18th July, 1968.

re: Interview with the Minister for Janasambandha Sramika Sakha by a representative of ‘Patriot’ and ‘Link.’

Mr Speaker:—I will find out what the Chief Minister has got to say. I knew Members are very anxious about that whether there is any expansion of the Cabinet.

Sri K. Brahmananda Reddy:—I suppose I am not obliged to answer.

Mr. Speaker:—If you are pleased to answer they will be very happy.

POINT OF INFORMATION

re:—Interview with the Minister for Janasambandha Sramika Sakha by a representative of ‘Patriot’ and ‘Link.’
Mr. Speaker:—I suppose they are questioning the correctness of the statement made by the Minister for Public Relations and Information.

Mr. Speaker:—Those Papers’ Editors are questioning the correctness of the statements made on the floor of the House by the Chief Minister as well as the Minister for Public Relations.

Sri B. Rathasabhapathi:—The Statements are contradicting each other.

Mr. Speaker:—Are you agreeing that the statement made by the Chief Minister is differing from the statement made by the Public Relations Minister.

Sri K. Brahmananda Reddy:—No, Sir. I said in my statement that somebody on behalf of Patriot, Link and Andhra Jyotish met the Minister for Information and he told them it is not so and so, so and so.

Mr. Speaker.—Let us try to understand the position.

Sri K. Brahmananda Reddy:—I have read out here a Statement which was prepared by the Information Ministry and so and so, not by name, of Patriot met the Minister for Jana Samabandha Sakha, he told him that, they were not branded as communal or some such thing.

It is a matter which has transpired between the Jana Samabandha Sakha Minister and a representative of those papers. What they are saying is what transpired at that meeting between that representative and the Minister. The ‘Patriot’ seems to have given a different version. Now it is for us to find out from Jana Samabandha Sakha Minister.

Mr. Speaker:—They are all issues of today.

Sri B. Rathasabhapathi:—Of yesterday. ... ... ... Atleast I will read one sentence, Sir.

Mr. Speaker:—He may please pass on that to the Chief Minister. If he cannot give me also a copy of those papers, I will also get them verified in comparison with the statement made by the Chief Minister and the Minister for Information, and see what action should be taken afterwards. It is not possible to go through the whole thing.
Sri K. Brahmananda Reddy:—No, no. The point is this Sir, if the statement is true, if the remarks are true, if Mr. Lakshman Bapuji's remarks are true, then we cannot proceed on any assumption, assuming that that is true or that his is untrue.

Sri B. Ratnasabhapathi:—I will read the sentence. The special representative is supposed to have met Mr. Lakshman Bapuji. “In what was supposed to be off-the-record interview because of which his remarks have not been reported so far Minister Lakshman blandly asserted that it was very clear that this paper that means Patriot and LINK were communal.” 

Mr. Speaker:—Please pass them on.

BUSINESS OF THE HOUSE

Sri T. V. Raghavulu:—I have got to answer Call Attention Notice Nos. 6 and 7 and I have business in the Council.

Mr. Speaker:—He can come by about 10.45 A.M. by which time he can finish his work in the Council.

Sri K. Brahmananda Reddy:—I have already submitted to you about the call attention notice standing in my name and you were good enough to agree to my request.

Mr. Speaker:—Yes, I will take up your subject.

Sri T. V. Raghavulu:—Backward Classes Commission.

Mr. Speaker:—One thing I must tell her. The Chief Minister is not questioning her freedom of speech or her right to speak whatever you want to say in this House. The only thing is, having made very serious allegations and when the Chief Minister was replying, she was not present in the House. That was the only thing which he pointed out. The Member having made very serious allegations against the Government, must try to know what the Chief
Minister's reply is going to be: At that time she was not present. He said that it was rather indiscreet on her part to be absent. He has not questioned her right to speak whatever she wants to say or her freedom of speech.

Mr. Speaker:— Before acting upon the press statement, if she wants to make any allegation in the House kindly ask for the proceedings of the House and I will see that they are supplied to the Member. Please go through the proceedings.

Mr. Speaker:— I would not be able to do the business in the agenda, if all the Members get up one after another. Unless the Members co-operate with me, I would not be able to go through the agenda. There are 18 call attention notices and nearly as many as 15 Members want to speak on drought conditions, and we are going to disperse at 1.30 p.m.
POINTS OF INFORMATION

re:—Arrest of Sri B. Narasimha Reddy, M. L. A. on 7-3-68

Mr. Speaker:—I don’t think he is ready.

Sri K. Brahmananda Reddy.—Yes, Sir.

Mr. Speaker:—Enquiry has not yet been completed?

The enquiry is not completed.
318 ISth July, 19-8.

Point of Information:
re : Missing of wagons carrying coal from Singareni.

Sir,
I got the answer. It was said that the information can be given.

Sri K. Brahmananda Reddy :—No Sir, I got the answer.

Sri K. Brahmananda Reddy :—I also asked whether it could be replied here. It was said that the information can be given.

[The text continues with more points of information, but these are not shown in the provided excerpt.]
Point of Information: 18th July, 1968.

Mr. Speaker:—Please see that it is placed on the table of the Secretary, Legislature Department.

Sri K. Brahmananda Reddy:—Today?

Mr. Speaker:—If it is available, you can place it today, or in the evening.

Sri K. Brahmananda Reddy:—All right.

Formation of New Districts

Mr. Speaker:—Do drought conditions warrant 1 1/2 hour time?

Sri K. Brahmananda Reddy:—Yes.

Mr. Speaker:—Revenue proposals?

Sri K. Brahmananda Reddy:—Is the question short notice question?

Mr. Speaker:—Yes short notice question.

Mr. Speaker:—Collection of land revenue arrears etc.
18th July, 1968

Short discussion on a matter of urgent public importance:

*re: Conduct of sub-Inspector of Police, Yellanur, Tadpatri Taluk.*

Mr. Speaker: - I have allowed some Members on this side to put questions, it will be unfair if I do not allow on the other side.

Sri K. Brahmananda Reddy: — You can kindly ask after the list is over.

**CONSTITUTION OF COMMITTEE ON SUBORDINATE LEGISLATION FOR 1968-69.**

Mr. Speaker: — I have to announce to the House that the following candidates have been nominated for election to the Committee on Subordinate Legislation for the year 1968-69 for a period of one year.

1. Sri B. Niranjana Rao
2. Sri J. Joji
3. Sri D. Venkatesam
4. Sri C.V.K. Rao
5. Sri G. Satyanarayana Rao
6. Sri P. Mahendraath
7. Sri K. Sudarsana Reddi
8. Sri A. Vasudeva Rao
9. Sri G. Venkata Reddy
10. Sri Ramasubba Reddy
11. Sri K. Prabhakara Rao

As the number of candidates validly nominated is equal to the number of vacancies to be filled, namely, twelve (12), I hereby declare them to have been duly elected to the Subordinate Legislation Committee for the year 1968-69.

Under Rule 193 of the Assembly Rules, I hereby nominate Sri K. V. Vema Reddy to be the Chairman of the Committee.

**SHORT DISCUSSION ON A MATTER OF URGENT PUBLIC IMPORTANCE**

*re: Conduct of Sub-Inspector of Police, Yellanur, Tadpatri Taluk*  

Short-discussion on a matter of urgent public importance:
18th July, 1968.

Mr. Speaker:—May I know what the Chief Minister has got to say about it? Now the notice is they want two hours discussion. We are dispersing today at 1-30 p.m. I don’t think I can comply with the request of the members to allow two hours discussion nor is there time for me to allow every member who has signed this notice.
to speak on this occasion. The member who has spoken has very vehemently brought to the notice of the Chief Minister as to what action should be taken. If you are all very particular of speaking, I am going to allow everybody.

Several hon. members rose.

Sri O. Siviah:—This is not the way Sir. The police have exceeded their powers than what is necessary. You may continue the case against the criminal. There is absolutely no objection. You can prosecute them if necessary.

(Several hon. members rose)
Short discussion on a matter of urgent public importance:

re: Conduct of Sub-Inspector of Police, Yellanur, Tadpatri taluk:

Sri K. Brahmananda Reddy:—Sir, instructions have been issued in memo dated 15-6 1963 requesting the Inspector General of Police to take severe departmental action against the Sub-Inspector of Police, Elanoor. In his report dated 17-7-1963, the I.G.P. has stated that departmental action is being taken. Local...

Sri G. Siviah:— We have demanded that a judicial probe be made into the matter. You have said you are trying to see that the case is withdrawn, but you have not said anything about the Sub-Inspector. That is wrong. We are here to judge the matter, Sir, and not merely to keep quiet silently.

Sri K. Brahmananda Reddy:— I know he is a legislator-daughter) Sub-Judicial Magistrate of the Police Station. Departmental Actions...

Several hon. members rose—

Mr. Speaker:—I would request you to please resume your seats. There is no point in member after member getting up and putting queries. It is not that. Every member says "I am going to put a question; I am not going to make a speech" and all that and then goes on making a speech. (Laughter) I would request the members to kindly observe some order in this House. If it is a question of allowing everybody to put questions, one after the other, I have got to allow everybody and if the House wants that I should adopt this kind of practice I have absolutely no objection. Either you must obey me or I must obey the House. These are the only two alternatives. I am so sorry I am not going to allow anybody.

Mr. Speaker:—The notice under Rule 74 was admitted. You made a statement. The Chief Minister made a statement. Now, you want two hours discussion on this. I would like to know whether it is possible to allow two hours discussion. Now, it is not possible under the circumstances to allow two hours discussion. You have made the statement and the Chief Minister has replied...
every member wants to put a question I don’t know what I should do.

Sri Ch. Subbarayudu:— I shall obey your orders.

Sri P. Basi Reddy (Pulivendala):— Mr. Speaker, Sir, the following facts emerge from the statement which the hon. Minister for Revenue made the other day. Firstly, there was no ban on procession on that day. There was no order under Sec. 114 and then there was no communal tension in the village. In fact, the procession was being taken by members of both the communities. So, there was absolutely no justifiable ground for the Sub-Inspector to object to the procession being taken in front of the police station. Obviously, the Sub-Inspector was at fault and the processionists did not constitute unlawful assembly and so they had a right to remove the objection using whatever force was necessary and so in using the force the processionists did not commit any offence. It was the Sub-Inspector that was at fault and it was the Sub-Inspector and his men that constituted an unlawful assembly and they caused the death and injuries to as many as four persons. So, under the circumstances, there is a case against the Sub-Inspector and his men rather than any case against the processionists. So, I suggest that the Government will not only withdraw the case against the processionists but launch a case against the Sub-Inspector and his staff. There is a prima facie case. The facts admitted by the hon. Minister for Revenue the other day clearly show that there is a case against the police men rather than against the processionists.

Sri T. Nagi Reddy:— After the hon. member has given a very clear and categorical statement both of facts and Law and as the situation stands today, I entirely agree with him and it is important, Sir, that immediately the case on the people should be withdrawn because there has been no unlawful assembly and there has been nothing untoward that had happened because of them. The Sub-Inspector who had already a black record in the past in various other places should immediately be taken to task by instituting a case against him.

Sri G. Jayarama Reddy (Vijayawada):— On the 25th April, 1988 the 2nd Sub-Inspector of Police, Tadipatri taluk, murdered S. I. Ranga Reddy on the 26th April, 1988. The S. I. was transferred to police firing 35th Range about 600 meters away from the murder spot on the 10th May, 1988.
Shoft discussion on a matter of urgent public importance: 18th July, 1968. 525

re.: Conduct of Sub-Inspector of Police,
Yllanur, Tadpatri taluk.

Mr. Speaker:—I suppose you take it that two hours discussion has been allowed.

Sri P. Subiah:—Not that way, Sir.

Mr. Speaker:—Please sit down. If the House has no objection I would like to allow two hours discussion. Now, am I to put it to the vote of the House. What else is this? I am not able to understand.

The only thing is we have made the point, the Ministers have heard and let us expect they would do justice.

Mr. Speaker:—What is the point in member after member getting up and making speeches.

Mr. Speaker:—It is enough. Every member who is in the know of these things as what had taken place has brought it to the notice of the Government.
Sunday, July 6, 1964.  

Short discussion on a matter of urgent public importance:

Re: Conduct of Sub-Inspector of Police, Yellanur, Tadpatri taluk.

Mr. Speaker:—Anybody on behalf of the Government has to say anything?

Mr. Speaker:—In this particular case, members from both the sides feel that the police have acted in a very arbitrary manner. I would put it very mildly. The government will please consider about it and see what should be done. That is all. Beyond that I am not prepared to say anything.

(Some hon. members rose)

Sri V. B. Raju:—Let me complete, Sir. I have heard all the hon. Members speak. Just they can bear with me for half a minute. They wanted some reply from the Government, is it not?

Sri C. Janga Reddy:—We want some action.
Business of the House.

**18th July, 1968.**

Sri Ch. Rajeswara Rao:—The hon. Minister may kindly give his opinion.

Sri V. B. Raju: He may kindly take the facts and then form the conclusion. Government has acted or the Government has promised to act in this matter. The only impression I gather, Sir, is that the members are not satisfied with the magnitude or the size of the action or the weight of the action or whatever it is. That is all it boils down to. Let us come to grips. About withholding the cases, it has been advised and the Government will certainly get a report and examine, as the Chief Minister said. About taking action against the Sub-Inspector, if departmental action is not sufficient and if more severe action has to be taken, Sir, leave it to the Government. When the House said the Government might go into the matter, as you have suggested, Sir, the Government will certainly go into the matter.

**PAPER LAID ON THE TABLE**

re: **AMENDMENTS TO THE SCHEDULE TO THE ANDHRA PRADESH SUGARCANE (REGULATION OF SUPPLY AND PURCHASE, ACT, 1961.**

Sri P. Thimma Reddy:—Sir, I beg to lay on the Table of the House a copy of the amendments to the Schedule to the Andhra Pradesh Sugarcane (Regulation of Supply and Purchase) Act, 1961 made in exercise of the powers conferred by Section 16 (3) of the said Act and published in Rules Supplement to Part II Extraordinary of Andhra Pradesh Gazette No. 21 dated the 15th July, 1968.

Mr. Speaker:—Paper laid.

**BUSINESS OF THE HOUSE.**

Mr. Speaker:—Mr. Ahmad Hussain, there is no point in every member getting up and asking questions as he pleases. Who gave the assurance—which Minister and what is the assurance that he has given?
18th July, 1968.

Calling attention to matters of urgent public importance:

re: Goondalism in certain villages in Khammam District.

Mr. Speaker:—Now we have got 3 hours. The 13 call-attention motions may take 2 hours and we will be left with only one hour for discussion on drought conditions in the State. If the House is agreeable we will dispense with all the 13 notices and I will simply ask the concerned Ministers to read the statements.

Sri C. V. K. Rao:—We have got to explain the position. We will do it briefly.

Mr. Speaker:—In that case, I will ask Mr. Vasudev Naik to cover all these things.

An hon. Member:—What about drought conditions?

Mr. Speaker:—Drought conditions will take care of themselves.

An hon. Member:—What about the short notice question that I have given.

(Mr. Deputy Speaker in the Chair)

Mr. Deputy Speaker:—What is the decision of the House? Shall we have the statements read out because otherwise for drought conditions there will be no time left for discussion for the members.

Sri C. V. K. Rao:—On call-attention motions we call the attention of the Minister to a particular matter. Without calling his attention, how can he in response make a statement?

Mr. Deputy Speaker:—Equally the drought conditions are important for discussion.

Sri C. V. K. Rao:—That is true, let us extend the time. My only point is, I want everybody should be given an opportunity.

Mr. Deputy Speaker:—We must take the consent of the Leader of the House and leader of the Opposition, etc., To sit in the evening whether it is convenient or not, how can I say? That is why the Speaker wanted a little adjustment for the statements to be read by the concerned Ministers. If member after member wants to speak and then only if the Minister has to make the statement then that would leave no time for us to have the discussion on drought conditions.

re: Goon'aism in certain villages in Khammam district.

Mr. Speaker: I would request everybody to resume his seat. If this is the attitude of the members, I am afraid it is difficult for me to get on with the proceedings in the House. If this is the attitude of the hon. members in this House, you can imagine what will be the state of conditions in the villages themselves. I would request every one of you to realise your responsibility. Kindly take your seats. When a member is on his legs and is speaking, I would request other members not to interrupt him. If you want an opportunity, if you have got any doubt, you will have an opportunity. If everybody gets up and goes on speaking as he pleases, it is impossible for me .......

[Sri P. Govardhan Reddy rose in his seat]

Mr. Speaker:—Mr. Govardhan Reddy, will you kindly take your seat? When I am on my legs, there is no point in your getting up and saying something. I would only request you not to get excited but try to be cool and calm and say what you have got to say. It is very clear not only you, here, but people there can imagine how on account of your activities here in the House they too will get encouraged to resort to all kinds of violent activities. Not only to yourself, but to members on this side also, I would appeal. If responsible members here in this House cannot get on properly and behave in an orderly manner, naturally you can imagine what can happen in villages. Please try to finish within 2 minutes. I am not going to give you more than two minutes.

re: Death of a person due to clashes in Secunderabad on 14-7-68.

Mr. Speaker:—They have no right to make a statement. They have not given notice under Rule 74. I cannot allow them to make statements. They have no right to make statements.

Sri V. B. Raju:—It is reported that on the complaint of one Sri Tirupatayya that his hut and another hut belonging to one Pati Antayya of Palligudem village was set on fire on 2-7-68 by some persons belonging to Venkatayapalem a case under S. 435 IPC was registered at Khammam Rural Police Station and investigation is taken up. The Dy Superintendant of Police, Khammam, is personally supervising the investigation. The allegations that the villages were raided and properties of the villagers were looted by some un-social elements is not correct. Pickets are stationed in these two villages in the area and prompt action against the law-breakers is being taken.

r:. Fire accident in Siragaiipalli village, Narsapur Taluk in the last week of June, 1968

Langada Pandu. On 28-10 1967 one Laakshminarsaiah along with Ramulu was assaulted by Pandu and others. On a complaint by Laxminarsaiah, a case was registered in Cr No. 229/67 under Ss. 147 and 307 of I.P.C. Since then, both the parties were at loggerheads. On 14-7-1968 there was clash between these two parties again in which they freely used knives lathis, iron bars, soda bottles. On receipt of information the police rushed to the spot. On seeing the police, both the parties ran away except the three injured, namely Golla Ramulu, Krishna Murthy and Krishna Prasad. The police chased and apprehended Pandu and Nagulu and removed the injured to the hospital. The Duty Medical Officer at Gandhi Hospital examined Krishna Prasad and declared him dead.

The dying declaration of the other two injured persons were recorded by the 5th City Magistrate. One more person involved in the incident was arrested on 16-7-1968. Efforts are being made to apprehend the remaining accused persons.

re: Fire accident in Siraguaripalli, Narsapur Taluk in the last week of June, 1968.

Sri V. B. Raju.—Mr. Speaker, Sir. Fire accidents occurred at Siragaripalli, Harijanpeta, Narsapu taluk, West Godavari District
18th July, 1968.

Calling attention to a matter of urgent public importance:

re: Results of the M.B.B.S., Examination on 4-6-1968, 18-6-1968, 23-6-1968 and 27-6-1968.

The Collector, West Godavari reported that the total loss involved in the accidents is to the tune of Rs. 10,531. There was no loss of life. The Collector has also reported that two persons are suspected in connection with these fire accidents. A sum of Rs. 650 was sanctioned towards monetary relief to deserving victims. The Collector has stated that he will send a detailed report shortly after investigation.

Mr. Speaker:— Call attention Nos. 9 and 12 will now be taken up.

The Minister for Public Health has got some work and he wants to go away.

re: RESULTS OF THE M. B. B. S. EXAMINATION.

Mr. Speaker:— The Chairman is empowered to add up to a maximum of 10 marks to a candidate in one subject only, provided the candidate is eligible to get the degree."

Sir, since the matter pertains to University, there has been no time to obtain full information in this matter. Further, the notice also does not specify which University the matter relates to. Only from the speech, now, I gather that it relates to the Andhra University. So, I shall get the information, examine it and see that suitable replies are sent to the hon. members and action, if any, is taken.

re: Threatened strike by the Andhra Pradesh Medical Employees Union at Visakhapatnam

Mr. Speaker: — Now, call attention No. 12 will be taken up. None of the members who have given notice, is present. The hon. Minister can just read the statement.

Sri P. V. Narasimha Rao: -- Sir, the Andhra Pradesh Medical Employees Union has stated in its letter dated 8-7-1968 that there will be a hunger strike for 3 days opposite the office of the D.M.H.S. Hyderabad, on 21-7-1968 and that there will be a strike on 29th and 30th July to protest against the victimisation of certain of office bearers of the Union by transferring them from their present stations. Certain telegrams have also been received from Sangareddy, Narsipatnam and Mahbubnagar from the Andhra Pradesh Medical Employees Union requesting cancellation of the transfer order of office bearers. A report has been called from the D. M. & H. S on the above and after the report is received, we shall take action. The threatened strike and hunger strike would not be justified. We will see what should be done in the matter.

Retrenchment of staff in the Revenue Department

Calling attention to a matter of urgent public importance.

re: Allotment of lands to rich ryots even though the Harijans, Yerukulas, etc., are cultivating those lands in Garikapadu village, Vinukonda Taluk.

Mr. Speaker, Sir. The Collector of Chittoor District has stated that consequent on the winding up of settlement party, withdrawal of revenue personnel working in Panchayat Samithis and the disbandment of special staff sanctioned for the assignment work and the disbandment of the special staff sanctioned in connection with the working of the Land Revenue Act 1967, the situation in the district became difficult throwing out of employment about 40 clerks. The Collector has also reported that 16 of the said employees who were ousted with effect from 30-4-1968 have since been absorbed?

Mr. Speaker:—Have since been absorbed?

Sri V. B. Raju:—No, Sir have approached the High Court for stay of the proceedings of the Collector and the High Court in its telegram dated 3-7-1968 suspended the operation of the Collector's proceedings ousting the 16 employees. The Collector further stated that the High Court in its telegram dated 5-7-1968 further suspended the operation of the Collector's order ousting another batch of 34 out of these 40. Now they are continuing in service because the Collector has intimated the Government that he is implementing the court orders and he has sent the court orders to Government and the Government asked the Revenue Board to send its remarks. There is no question of age bar disqualification coming to the Service Commission personnel who were retrenched. But the others are temporary employees. Anyhow after the Revenue Boards report comes, Government will go into it. I think the employees are there. The Collector has already implemented the orders of the court.

Mr. Speaker:—Please consider their case sympathetically.

Sri V. B. Raju:—Sir, many of these schemes which I have read are temporary schemes. They have recruited so many people. We will see that even if they are removed, they alone will have first priority to be absorbed.

Sri D. Venkatesham:—Atleast let us be informed of the names of the people whether they are temporary candidates or permanent candidates.

re: Allotment of lands to rich ryots even though the Harijans, Yerukulas, etc., are cultivating those lands in Garikapadu Village, Vinukonda Taluk.

Sri B. Ratnasahapathi:—I will just read the notice, Sir. 'Landless poor harijans, Yerukulas, Gouda and other Backward
Calling attention to a matter of urgent public importance:

18th July 1768.

A matter of urgent public importance:

Re: Allotment of lands to rich ryots even though the Harijans, Yerukulas etc., are cultivating those lands in Garikapadu village, Vinukonda taluk.

Communities of 102 families and 14 families of Ex-Military people of Garikapadu village, Vinukonda taluk, Guntur district, have encroached upon the waste land of Edula Badava, Dakshina badava and tungs badava about 165 acres of the same village some two years back and they are enjoying the same. But the big and rich ryots with the help of the village Karnam have got encroachments booked in their names, even though they are not actually in possession of these lands. The poor encroachers have put in a petition to the Collector on 4-6-1968 and even gave telegrams and petitions to the Chief Minister, Revenue Minister and Labour Minister and to the Inspector-General of Police stating that breach of peace is imminent if the big ryots interfere with their occupation of the said waste lands. Time has come for the sowing season and if the Government will not come to their rescue of these landless poor families of 116, breach of peace is imminent. Hence an urgent matter of public importance.

Sri V. B. Raju:—The Collector, Guntur, has reported that the rich ryots have been evicted and that the land has been made available to the poor. His report is that those rich landlords who have been given possession have been evicted and the poor people have been restored to their possession, that there is no trouble at all, that no untoward incident has come to his notice and that the situation in Garikapadu Village is calm. It has been further reported that on receipt of telegram alleging that there was ryoting and bloodshed in Garikapadu village as a result of occupation by rich landlords of some lands given to the landless poor. The Revenue Divisional Officer, Narasaraopet, camped in Garikapadu Village 5-5-1968 and also the next day along with the Tahsildar. Vinukonda and he found that there were some complaints in respect of 12 cases out of 206 cases in which the Tahsildar has assigned lands to the poor people. He enquired into the matter then and there and revised the
orders of the Tahsildar, Vinukonda, in all these 12 cases where it was complained that rich landlords have been given possession. On that the villagers promised to keep peace and the situation is reported to be normal. Except the 12 cases, there was no dispute in the remaining 194 cases which were put forth before him. The R. D. O. has again reported that there has been no trouble at all ever since he visited the village on 5-5-1968 and the situation is calm. Any how the R. D. O is reported to be camping again at Vinukonda and watching the situation to arrest or prevent any further trouble.

Mr. Speaker:—That is what he says. He has also given assurance that nothing will happen hereafter.

re : Alleged wrongful appropriation of Distress Taccavi Loans by the Tahsildar, S. Kota.

“The Deputy Director of Agriculture, Visakhapatnam has suggested that in order to recover the amount from the ryots towards the cost of seed and fertilizers he supplied on credit basis, the Tahsildar while sanctioning the distress taccavi should give first preference to sanction loans to those persons who were supplied seed by the B. D. O. and to intimate the B. D. O. about the date and place of disbursement of the loan to enable the B. D. O. to be present at the time of disbursement and recover the cost of seed from the persons concerned.”
Calling attention to a matter of urgent public importance:

re: Non-payment of salaries to the operators of Audio Visual Equipment working in Blocks from 1-8-67.

Sri V. B. Raju:—Sir, I could get only a report on this by telephone from the Joint Collector because there was not much time and he could not send a report in writing. So on the telephone what exactly he said was like this. The Sub-Collector Vizianagaram was deputed on 16-7-68 to enquire into these allegations. The report of the Sub-Collector says that no coercion was used to recover arrears of land revenue and loan amounts by the Tahsildar. The Tahsildar disbursed distress taccavi loans on 11, 12, 13th July, 1958. There was no wrongful appropriation of loan amounts disbursed and no pressure was brought upon the loanees to pay the loan amounts towards the arrear of land revenue and loans. In fact no demand notice was also served to collect the arrears of land revenue and loans. The amounts collected towards arrears of land revenue and loans during 11, 12 and 13th July are very negligible compared to the disbursement of taccavi. The taccavi loans distributed are: on 11th July Rs. 5,000; 12th July Rs. 4,500; 13th July.. Rs. 10,318 The Sub-Collector also scrutinised the relevant records and he has found that no such thing had happened. But if the hon. Member still feels that he has got information to say or to prove—I don't say prove—to convince him that the Tahsildar has misbehaved, then I will write to the Collector.

Sri V. B. Raju:—Let the hon. Member send with a covering letter and I will certainly get it examined direct by the Collector.

re: Non-payment of Salaries to the Operators of Audio Visual Equipment Working in Block from 1-8-67.

18th July, 1968.

In the draft outline of the Fourth plan it is stated that a sum of Rs. 40 crores would be available in the Central Sector for the drought affected areas. In the papers now circulated, it is proposed to treat the scheme as a Central Sponsored Scheme with 50% assistance and asistance indicated by the Centre is limited to Rs. 10 crores. This would mean that inspite of the Rs. 40 crores being available for this, there would only be Rs. 10 crores of which Rs. 10 crores will have to be found by the State Government. The provision of Rs. 40 crores originally contemplated in the draft outline should be retained at Centre’s share as the need is much greater.

National Development Council meeting.

Central sponsored schemes. I would request that you may kindly recommend the matter and see that an early decision is taken since it would help a
great deal in the progress of the rural electrification programme. Rural electrification is 20% subsidary... In general and of energising of agricultural wells in particular. — In the Fourth Plan also Rs. 40 crores had been indicated for this purpose. It is very urgent problem and I need not again mention the various aspects of the programme. If even a meagre beginning has to be made during this plan period, it is necessary that the Central assistance is at least of the order of Rs. 40 crores and if this is given 100% central assistance outside the State plan 40 crores should be. Central assistance should be 40% subsidy. Rs. 40 crores... Under ground water... Electricity to be supplied for digging of wells and energising them...
Discussion on Drought Conditions. 18th July, 1968.

A discussion on drought conditions...

Discussion on Drought Conditions.

1. The discussion started with an overview of the current drought conditions affecting various regions. It highlighted the need for immediate action to mitigate the impact on agriculture and rural livelihoods.

2. The panelists emphasized the importance of early warning systems and contingency plans to reduce the vulnerability of communities. They also suggested the integration of traditional knowledge with modern techniques to improve water management practices.

3. It was noted that droughts are not only physical events but also have social and economic implications. Therefore, it is crucial to involve stakeholders from different sectors in decision-making processes.

4. The discussion ended with a call for international cooperation to address the global challenge of climate change and its effects on drought-prone regions.
18th July, 1968
Discussion on Drought Conditions.

Mr. Deputy Speaker in the Chair,

You are aware that the Central Government has taken steps to provide financial assistance to drought-affected states. The drought situation in these states has been declared as a national crisis. The Cabinet has approved the take-over of estates and properties in the drought-affected areas to ensure food security for the people. The Medium Irrigation, Roads and Buildings Department has been instructed to expedite the completion of projects in the drought-affected areas.

The Cabinet has also decided to allocate additional funds to the states for the health and welfare of the drought-affected population. The Central Government will continue to monitor the situation and provide necessary assistance to the states.

Discussion on Drought Conditions.

The Minister for Irrigation (Mr. N. V. R. Reddy) said: The drought conditions have been very severe in various parts of the country. The Central Government has provided 100 percent assistance to the states affected by drought. The states have been requested to undertake various measures to mitigate the effects of drought. The states have been asked to increase the availability of water for irrigation. The Central Government has also provided funds for minor irrigation schemes.

The Minister for Agriculture (Mr. K. R. Reddy) said: The drought conditions have been very severe in various parts of the country. The Central Government has provided 100 percent assistance to the states affected by drought. The states have been requested to undertake various measures to mitigate the effects of drought. The states have been asked to increase the availability of water for irrigation. The Central Government has also provided funds for minor irrigation schemes.

The Minister for Finance (Mr. B. S. C. Reddy) said: The drought conditions have been very severe in various parts of the country. The Central Government has provided 100 percent assistance to the states affected by drought. The states have been requested to undertake various measures to mitigate the effects of drought. The states have been asked to increase the availability of water for irrigation. The Central Government has also provided funds for minor irrigation schemes.

The Minister for Water Resources (Mr. M. R. Reddy) said: The drought conditions have been very severe in various parts of the country. The Central Government has provided 100 percent assistance to the states affected by drought. The states have been requested to undertake various measures to mitigate the effects of drought. The states have been asked to increase the availability of water for irrigation. The Central Government has also provided funds for minor irrigation schemes.
Discussion on Drought Conditions. 18th July 1968.

May 1968 saw the onset of drought conditions. The repair of irrigation facilities was a priority. Over 300 fields were affected. The Government took immediate steps to mitigate the situation. The river K. C. Canal improvements were undertaken to increase its flow. The labour incentive schemes were also increased. The 4th plan negotiations were ongoing. The Government had to decide on the allocation of funds. Labour incentive schemes were increased. The metal industry schemes were also increased. The productive activity increased. Electricity schemes were also increased. The K. C. Canal improvements were also undertaken. The labour incentive schemes were increased.
18th July, 1968  Discussion on Drought Conditions.

Discussion on Drought Conditions.

Regional imbalances are a major concern. The paper advocates the implementation of a lift irrigation canal scheme to address this issue. The resolution passed in this regard is a step towards improving water distribution and accessibility. The committee's report emphasizes the need for regional imbalances to be addressed, with a focus on improving the efficiency of water resources management. The discussion also highlights the importance of local participation and community engagement in water resource development projects.

Resolutions passed on:
- Lift irrigation canal scheme
- Regional imbalances
- Water efficiency
- Community engagement

The committee recommends that the government takes necessary actions to ensure the implementation of these resolutions.
Discussion on Drought Conditions.

18th July, 1968.

Where is the justification in this matter? We are in the drought condition and struggling for existence and still the Government wants them to mortgage the land with the Land Mortgage Banks; where are the lands which have not been mortgaged so far? Mortgage
Discussion on Drought Conditions:

We are like a skeleton. There is no possibility for us. Nobody on the face of the earth will give us loans in the drought affected areas. Now, I am not begging the Government nor asking the Government to do it. I demand this Government to take this matter seriously and do the needful. If they fail to do, the people will do it. I have no other way because my stomach makes me to hurry, makes me to cry, makes me to weep because we see the conditions in the areas. We know how the people are struggling even for the work. They are not able to get one rupee or two rupees in the area. Today, we have no rains. We are not able to cultivate. The people in our areas are weeping. Therefore, I say we know how to deal with the Government. If they do not come to our aid in time, Mr. Speaker, Sir let this be a warning to take up the drought schemes and implement them as early as possible, perhaps within a few months. Thank you, Sir.

Sri P. Basi Reddy:—Mr Speaker, Sir. I propose to confine my remarks to the drought conditions in Rayalaseema in general and the drought conditions in Pulivendala constituency in particular. Rayalaseema is known as Kashama Seema. Not a year passes without some part or the other of Rayalaseema being affected by drought conditions. At times some parts of the area are affected continuously by drought conditions and then the hardship that the people undergo there are really appalling. They do not have drinking water, they do not have fodder for the cattle and they do not have food for themselves. Very often, especially the small ryots and the labour class, they sell away their belongings. They release their cattle from their homes to find their fodder. And in the process they themselves leave their homes and migrate to other places in search of food and work. The Government have been spending large sums of money year after year to provide relief for the drought affected people. But the relief that can be provided this way Sir, cannot be adequate. Of course they start road works here, tank repairs there and then supply a drilling set here and drilling set there. And it ends there. The facilities provided are very inadequate and the sufferings of the people cannot be relieved to any appreciable extent. This process of providing relief has been going on for the past many years. The problem still remains as it ever had been. Successive Governments have been only providing relief to the drought affected people but no Government has ever made any serious effort to ensure the area against famine. They have been dealing with the problem in a temporary way never on a permanent basis. So far as the irrigation facilities in the Rayalaseema areas concerned, Tungabhadra canal is intended to irrigate parts of Anantapur, and Kurnool districts. And then K. C. Canal irrigates parts of Kurnool and Cuddapah districts. There is no scope for any major or medium irrigation works in other parts of the area. Construction of new tanks and repairs to old tanks and sinking of large number of wells to sufficient depths can be undertaken in this area. Supply of electricity has also to be undertaken on a large scale and a next work of minor industries have to be undertaken on a large scale in the area. And then there is a lot of mineral wealth in the area which has to be tapped. I submit Sir, that it is high time for the
Government to have a comprehensive scheme prepared on these lines. Of course any such scheme is likely to be very costly and the resources may not be sufficient to meet the cost. The Centre must be persuaded to finance the scheme. I earnestly hope Sir, that the Government will take up the task in right earnest and earn eternal gratitude of these unfortunate people of the drought struck area.

Coming to the conditions currently obtaining in Rayalaseema it has to be noted that the rainfall in recent years has been very inadequate and there is acute water scarcity all over the area. This year, so far there has been no rainfall worth the name and the problem of water scarcity has become very acute. In a large number of villages where people had not known what water scarcity is, they are facing that difficulty. So far as my constituency Pruvendala is concerned, Sir, water scarcity is most acute there. For the last ten to fifteen years, people have sunk large number of wells and have raised Onion gardens to the extent of 10,000 acres. On account of incessant working of these pump-sets and inadequate rainfall the water table has gone down considerably. The deepening facilities have not been made available. So, I once again submit that the Government should undertake the task of preparing a comprehensive scheme for eradication of famine from this unfortunate area. I hope they will persuade the Centre to finance this scheme.

Co-operative sector employees going for [insert text here] co-operative sector loans, co-operative sector grass roots, loans, agricultural wells, agricultural wells, Co-operative Land Mortgage Banks going for deepening of wells, loans overdue 28-10.
18th July, 1968.

Discussion on Drought Condition

Agriculture Department loans will be extended to farmers. Famine works start under the famine works start under the scheme. The Agriculture Department has released funds to the Collector. Irrigation Department will start famine works to restore irrigation, repair irrigation, and divert water. The Collector will make arrangements for the electricity supply to the backward classes through Telangana Regional Committee. Food grains will be collected by the Collector. Revenue Department has released funds to the Collector for the release of funds to the Collectors. The Collector will make arrangements for the electricity supply to the backward classes through Telangana Regional Committee.

Discussion on Drought Conditions.

Deputy Prime Minister said that the Government had taken serious steps to handle the drought situation. The Deputy Prime Minister stated that they had allocated Rs. 21 crores for drought relief and rehabilitation schemes. He explained that these schemes were aimed at starting high level canal schemes to develop irrigation, storage, and transportation of water. The high level canal schemes were essential to ensure sufficient and regular water supply for irrigation.

The Deputy Prime Minister further stated that the K.C. canal was a high level canal that connected Madras with Mysore. It was like Khyber and Bolan pass to Andhra; it was just like Cape Comorin in India. Kuppam was like Cape Comorin in Andhra Pradesh because it was surrounded on both sides, Madras on one side and Mysore on the other, just like Khyber and Bolan pass. The average rainfall in Kuppam was 20 inches, which was very low. The House 6th April 1968, 10 crores were allocated for drought relief schemes. 10 years ago, 20 years ago, drought relief was a major issue, and the Government had taken steps to address it. It was essential to ensure regular water supply for irrigation.
Discussion on Drought Conditions.

Planning Minister (Reading out statement): The Planning Minister read a statement in which he stated that the repair of tube wells was being carried out. He mentioned that the construction of new tube wells was also being studied. The Minister emphasized the importance of bore wells and the need for their supply. He also mentioned the exploration of ground water survey and the need for geological survey to study the mineral wealth of the state. He argued that the public sector factories should be expanded to supply subsidy to the rural areas. Extension of electricity schemes to advanced and industrially developed areas was also discussed.

Smt. B. Jayaprada (Vinukonda):—Mr. Speaker, Sir, just when I listened to the proceedings of the House I felt as if only Rayalaseema or Telengana is affected by drought and their voice is more reflected than others. (Interruption: . . . Speak in Telugu) It is my freedom. I can speak in any language I like and English is still the official language.
Smt. Anusuya Devi and Sri Sivayya while Speaking had said that Andhra Pradesh is the granary of the whole of India and further even the Andhra Pradesh Chief Minister is called Anna Datha by the Centre, but still, the same district from where he hails is suffering from drought which the hon. members from other Districts, whether they be from Rayalaseema or Telengana, should not forget. That is my appeal, to all the members, through you, Sir, coming as I do from Guntur District.

Sri Venkata Reddy: — We are not objecting... 

Sri G. C. Venkanna: — We are concerned with famine areas and drought conditions.

Smt. B. Jayaprada: — I am talking only of drought, Sir. As I said, the very taluk where from the Chief Minister of Andhra Pradesh hails is also suffering from drought. We are his neighbours and we feel that the uplands of Guntur District also experience the worst drought conditions. Last year, the Board Member who is present here also toured our District and I think he has studied the extent of suffering to which our people are subjected to. So, it is no little suffering for the Guntur District people also and that must also be borne in mind.

Sri V. B. Raju: — The Minister also toured.

Smt. B. Jayaprada: — So, it is not enough if we advocate for the creation of a Rayalaseema Development only. It is not only the development of Rayalaseema that should be taken up, but it is the development of all the upland areas and backward areas and a Board should be constituted for the purpose not only for Rayalaseema (Hear, Hear), but for all scarcity areas.

I believe, the hon. Revenue Minister is convening a conference of the Collectors—and that is the statement he has made in the Council, if I am not mistaken—in the first week of next month.

Sri V. B. Raju: — The dates are changed to 12th and 13th.

Smt. B. Jayaprada: — Probably in that meeting, they may discuss only questions relating to remissions and things of that type, but if famine relief matters are to be taken up, I wish the Government also invite the peoples representatives in that meeting and take us also into confidence. It is not as if the Collectors are the monarchs of all that they survey. The representatives also feel that they should identify themselves with the people who face the sufferings.

Of course, the Government are releasing these funds for famine relief works and all that, but there is lot of confusion in that process. Funds which are allotted from Parshads for deepening of wells and all that are allotted in the name of famine relief funds. If a Board for the drought affected areas is constituted as suggested by me, such anomalies would be avoided, and I would request the Revenue Minister to think seriously about the matter.

Above all, Sir, I would suggest to the Minister that for permanent relief, the immediate need is to increase the purchasing power of the people who are affected by drought. People do not have the purchasing power to purchase food for them and also fodder for their cattle.
Discussion on Drought Conditions.  18th July, 1938.  561

Besides the lack of purchasing power to purchase food for them, they are more worried because their best friend, the cattle, do not have fodder. They are more sorry for their cattle than for themselves. I wish the Government would consider the question of subsidizing the purchase of fodder in these drought affected areas. That is very urgent. Since our irrigation system is an integrated one, I do not suggest that the Government should effect minor irrigation schemes because the people would again say that because there are no rains the tanks or the wells could not have the necessary water. I wish the Government should somehow or the other enhance the purchasing power of the public and also take up famine relief works by taking up tube wells, lift irrigation schemes, rural electrifications schemes etc., which would go a long way to increase the agricultural productivity of the country. I am only sorry to say that what the Britishers said that the Indian agricultural is a gamble in the monsoon is still our fate and hinges on us. I hope the Government would take needful steps so that we forget that saying for ever. The other way I think is to increase the speed of the industrial development if we are to get over these drought conditions which are occurring intermittently. Further, Sir, as I have suggested, there should be a Development Board for the whole State, and not for one area or the other, to deal with the drought conditions in all the regions and the Government should have special funds for release wherever there is a drought which can be done only if there is a Development Board and there should be pooling of funds in the Central Government also.

Thank you.
18th July, 1938.  

Discussion on Drought Conditions.

The geological survey and arming opinion on drought conditions. Reports continue devastating effects of drought in various parts of the desert areas. Immediate action is required for permanent eradication of such conditions. The survey department, along with other related agencies, should aim at permanent measures to eradicate desertification.

Socialism, welfare state and permanent famine relief. Major sources of irrigation include detailed allocation priorities. Survey reports in major river basins show promising results. Afforestation and irrigation projects are aimed at mitigating desert conditions. The survey department emphasizes action for desert eradication.

Discussion on Drought Conditions.

The meeting was convened to discuss the prevailing drought conditions. It was noted that the situation was critical due to prolonged dry spells. Various strategies were discussed to mitigate the effects of drought, including water conservation techniques and the augmentation of water supplies. It was emphasized that immediate action was required to address the issue and prevent further deterioration.

Discussion on Drought Conditions—18th July, 1968.

Concentrated effort on the part of the Government is the most lacking thing. Concentrated effort to discuss where is the necessity for the discussion? It was a matter of demoralization and disgust. Electricity extension is taking place only in areas which are richest and not in areas which are the poorest. What is the policy of the Government and where is the necessity for this discussion? It was a matter of demoralization and disgust. Development of electricity is taking place only in areas which are richest and not in areas which are the poorest. Electricity extension is taking place only in areas which are richest and not in areas which are the poorest.

Discussion on Drought Conditions.

The only thing that can be recognized out of these facts is Government's inability and a kind of diversionary tactics that it is adopting. The only way out as I see is so long as the people do not care to build up a movement of immense capacity and a movement which is capable of dounding the Government in its vice then a move the Government will move and not otherwise. Any number of discussions in this House, any number of appeals in this House. Any number of discussions in this House, any number of appeals in this House, any number of appeals in this House. Therefore, no appeals are going to work. Such appeals have been made on numerous occasions and yet we stay in places where we were. huge immense and self-sustaining people's movement is the only thing that can drive the Government into action. So long as it is not there, these discussions are only matters of self-satisfaction to the members and a matter of diversionary tactics to the Government.
Discussion on Drought Conditions. 18th July, 1968.

Mr. Speaker:—We may as well sit till 2.30 P.M. and discuss once for all. There is no need for an evening sitting from 6 to 8 P.M. There may not be quorum also in the evening. I would request Members to be as brief as possible.

Discussion on Drought Conditions. 18th July, 1968.

Social injustice and insurance schemes are among the issues to be discussed. A Pilot Project is being considered to provide social insurance for drought conditions. The project aims to provide insurance for 1,000 acres of land. A large area of crops is affected. The insurance scheme is expected to cover crops valued at Rs. 60,000.

Electricity schemes are also up for discussion. The government is considering uplands and electricity schemes in rural areas. The electricity schemes are expected to benefit approximately 5,000 acres.

Construct is the name of the electricity scheme proposed. The scheme is expected to cover 10,000 acres, providing electricity to the rural population. The government is keen on providing electricity to the rural areas to improve the quality of life.

In conclusion, the discussion on drought conditions and insurance schemes is expected to provide a solution to the problems faced by the affected areas. The government is committed to providing assistance to the affected farmers and ensuring that the electricity schemes are implemented effectively.
Discussion on Drought Conditions.

18th July, 1968.

The discussion on drought conditions was held on 18th July, 1968. It was about the development of canals in the region. The discussion was held in the K.C. Canal, where the allotted water was discussed. The groundwater survey was also discussed. The right canal and left canal were mentioned in the discussion. The water supply was also discussed. The discussion was held in the presence of the concerned officials and stakeholders.

18th July, 1968.

...
18th July, 1968. Discussion on Drought Conditions.

The discussion focused on the need to lift irrigation schemes and take up saline water for agricultural purposes. It was suggested that there was an imbalance in the distribution of resources and that crop insurance schemes should be implemented. The resolution passed included the establishment of interior roads and the provision of electricity to remote areas. It was also recommended that a crop insurance scheme should be passed. The discussion highlighted the importance of scientific approach in dealing with drought conditions.

...

Thiruvananthapuram 1. The government has decided to allocate Rs. 1.50 lakhs, Rs. 0.80 lakhs, and Rs. 1.50 lakhs for land improvement, penal land, and improvement societies, respectively. These funds will be used to support projects under ground water survey, drinking water survey, and drinking water projects. The Central Government has predetermined the priority on drinking water supply first preference.

Drinking water supply under ground water survey: According to the survey, the availability of drinking water supply under ground water is reported as follows:

- Priority: Drinking water supply first preference
- Central Government: Rs. 1.50 lakhs
- State Government: Rs. 0.80 lakhs
- Improvement Societies: Rs. 1.50 lakhs

These funds will be used to support projects under ground water survey, drinking water survey, and drinking water projects. The Central Government has predetermined the priority on drinking water supply first preference.
Sri T. C. Mareppa (Kalyandur):—Sir, at the outset I have to congratulate the hon. Revenue Minister and the Chief Minister who have evinced great interest and visited our district. The Government was kind enough to allot Rs 33 lakhs for undertaking famine relief works in Anantapur district. That is not enough. The district requires more than that. And this sort of help should be timely given and also utilized for beneficial purposes. To this end, planning in its real sense, viz. men, material and money, should be utilized to the fullest extent possible, and under any circumstances that should not be spent on wrong methods, unsuccessful plans or unproductive schemes. Rayalaseema has been stated to be Ratnala-seema; it has a rocky soil, poor fertility, and subjected to the vagaries of monsoons and with no perennial sources of water supply, either major or minor projects. All the projects constructed by the Planning Department after Independence are dependent on rains; all the projects, nallas, canals and tanks are dependent on the rainfall. And Anantapur district in particular and Rayalaseema in general are dependent on rainfall, and for the last 100 years it is ranging from 18° to 20 or 22° every year; and these figures can be verified from the statistical data given in the district gazette. In such a case, the Planning Commission has to think of setting up a regular department if this famine is to be faced and eradicated; then only the Planning Commission will be able to deal with the famine and drought conditions. I am not here speaking of only Rayalaseema or any particular region. Wherever there is drought, it is a fact that people are the victims. There should be no discrimination between the people of one region and another. The plan should be
Discussion on Drought Conditions. 18th July, 1968.

Prepared to suit the local requirements. This aspect should be borne in mind by the planners or the makers of the plan, and the State Government has to bring a lot of pressure on the Planning Commission as well as the central Government to allocate requisite funds to this state to help remove the chronic drought conditions; drought has become rather a disease in this part of our State. I would like to stress, with all the emphasis at my command, on the floor of the House and impress on the State and Central Governments that unless and until sufficient funds are allocated for meeting this drought condition in this part of the State, it is not possible. In our area, the labour is only agricultural labour; 90 percent of them are agricultural labourers. If the agricultural activity goes on, they will be engaged in agricultural activities and thus they will get some livelihood every day. But when agriculture as a whole fails, as it is now, due to failure of monsoons, people will become idle and workless, and naturally they will have no purchasing power. Recently, the Central Expert Team visited Anantapur district and conducted a survey. That team has suggested certain measures; a pilot plan has been prepared for about Rs. 17 crores and odd and it has been sent to the Central Government. If this scheme is put through with the aid of the Central Government, the difficulties of the people living in this famine and drought-striken area will be somewhat mitigated. As a secular and welfare State, it is our duty to take care of the weaker sections, the poorer and the poverty-stricken people of the areas. So, I request the Government to take all the necessary steps to better the living conditions of these people. Thank you, Sir.

Abdul Razaak who visited the Kingdom of Vijayanagar in 1443 said that it was extremely large and thickly populated and that it was for the most part well cultivated and very fertile in that period. The present districts of Bellary, Anantapur, Cuddapah and Kurnool appear to have very well irrigated. The present districts of Bellary, Anantapur, Cuddapah and Kurnool appear to have very well irrigated.
Discussion on Drought Conditions.

18th July, 1968.

Underground water survey in East Godavari, West Godavari, Kurnool, etc. found satisfactory results, especially in the first week of June, July, second week of August. The dry area from June to July was disappointing, due to dry areas from North East Msoon to South West Msoon. The situation was not as satisfactory as expected. The report on dry areas from June to August, September, October shows rethinking is needed.
Discussion on Drought Conditions. 18th July, 1968.

Sri V. B. Raju — All the districts in the Andhra regions excepting Srikakulam, Chittoor and Anantapur recorded some rainfall ranging from 48 to 94 mm. The worst district that has suffered in the month of June is West Godavari.

Sri T. Nagi Reddy:— The point is this. Percentage 24 inches for the whole year. How does the Government say that in Anantapur the rainfall has been satisfactory?

Sri V. B. Raju:— In the month of June, we go by the normal rainfall.

Sri T. Nagi Reddy:— Exactly; that normal rainfall must give some water so that the wells may get filled to some extent. Neither the tanks nor the wells have received any water; there has not been any new spring in the wells. How did the Government get the information?

Sri V. B. Raju:— I am only making a statement that Anantapur district has received the normal rainfall that it would normally receive. This year it has received its normal rainfall in June. That is a fact.

Sri T. Nagi Reddy:— Without getting any tanks filled, without any subsoil water in the wells.

Sri V. B. Raju:— If the tanks are to be filled by rainfall, there must be a down-pour; if the same quantum of rain is spread over a longer period, the water may get percolate into the soil.

Sri T. Nagi Reddy:— Is there at least an inch of water in a tank?

Sri V. B. Raju:— I am giving you the true figure.

Sri C. V. K. Rao:— Don't give such information. Give such information which is correct.

Sri V. B. Raju:— June as a crucial month. I will give the information:

In Srikakulam, normally it was 185 m. ms. The rainfall is 136 m. ms. It is satisfactory.

In Visakhapatnam, normally it was 127 m. ms. The district got 68 m. ms.
586  18th July, 1968.  Discussion on Drought Conditions

In East Godavari, normal rainfall was 134 m. ms. average. It got only 22.7 m. ms.

West Godavari is the worst hit district; its average is 130 m. ms. It got only 8.5 m. ms.

In Krishna, it is about 110 m. ms. average. It got 31 m. ms.

In Guntur, the average was 78 m. ms. and it got only 13 m. ms.

In Nellore, its average is 43 m. ms. It does not get much rain in June. The rainfall is 17 m. ms.

In Kurnool, the average is 71 m. ms. It got only 19 m. ms.

In Anantapur, the average is 47 m. ms. in the month of June. In that month it got 43.4 m. ms. It is nearly normal.

Srikakulam is better and Anantapur is nearly good.

In Cuddapah, the average is 58 m. ms. It got 36 m. ms. It is not so bad.

In Chittoor, the normal rainfall is 57". It got 76 m. m.

Sri T. Nagi Reddy :— Where it is normal, even that normal is not reached in those districts, I see that the percentage is a wrong method of calculation.

Sri V. B. Raju :— Let me complete the districts. I will now come to Telangana districts.

In Hyderabad district, the normal rainfall is 105 m. ms. It got 78 m. ms. in June.

In Nizamabad, the normal rainfall is 143 m. ms. It got 102 m. ms.

In Medak, the normal rainfall is 151 m. ms. It got 80 m. ms.

In Mahbubnagar, the normal rainfall is 101 m. ms. It got 52 m. ms.

In Nalgonda, the normal rainfall is 103 m. ms. It got 70 m. ms.

In Warangal, the normal rainfall is 146 m. ms. It got 64 m. ms.

In Khammam, the normal rainfall is 173 m. ms. It got 43.5 m. ms.

In Karimnagar, the normal rainfall is 128 m. ms. It got 71 m. ms.

In Adilabad, the normal rainfall is 151 m. ms. It received 124.5 m. ms. It is not so bad.

Sir, to judge whether an area is actually exposed to any severity of drought or famine, one of the items that is taken into consideration is rainfall. And that rainfall sometimes may be widespread or concentrated at certain points.
Discussion on drought conditions. 18th July, 1968.

Sri D. Venkatesam:— I wanted to know how the average is being calculated by the department, because last night there was rain at Hyderabad and there was no rain at Secunderabad. If so, I would like to know how this average is being calculated by the department.

Sri V. B. Raju:— We cannot measure it as per the gauge every inch. We can only know the trend. In some of the districts, second week has disappointed us. Let us hope that atleast third and fourth weeks will come to our rescue. Let me not go into details of the drought relief programmes and much is known to Assembly Members.

Drought pockets. Some districts are also falling in line.

Therefore, the problem
itself is very serious. As some Members correctly said by merely giving some assistance this problem cannot be solved. Fourth Plan must give priority to this and first of all famine relief and drought relief must be given top priority. Importance of drought relief grants is very serious. As some Members correctly said by merely giving some assistance this problem cannot be solved. Fourth Plan must give priority to this and first of all famine relief and drought relief must be given top priority. 

Productive works have given instrument to drought relief, famine relief and employment oriented ones. Figures of drought relief works 11. Relief works 11. Cesses postponement 53. Reliefs implementation 55. Draining Water. We must congratulate the district administration for having given record performance. We were not actually hopeful that even half of the sanctions would be spent. 25. 50 mandays employment oriented ones. 70 Afforestation r-ads. Tempo, maintain government is taking care for and I do not think there need be any fear for the availability of food. The Government is having stocks with it; and what we need is deep well borings now. Drinking water supply. the report is that each rig is giving one well
Discussion on Drought Conditions  
18th July, 1968.

everyday. And we have to more about heavy machinery for rigs deep well boring. That very important. We have to tap underground water. Projects may disappoint us. These rigs have been discovered long ago. Resources may disappoint us. We have to think about it. We have to tap underground water. Subsidiary wells may disappoint us. That is the present position. The members will be happy to know that the Agro-Development Corporation which was constituted is seized of the matter. We have to tap underground water, surface water and tap underground surface water. That is the present position. We have to tap underground water. Subsidiary wells may disappoint us. That is the present position. The members will be happy to know that the Agro-Development Corporation which was constituted is seized of the matter. We have to tap underground water, surface water and tap underground surface water. That is the present position. We have to think about it.
CALLING ATTENTION TO MATTERS OF URGENT PUBLIC IMPORTANCE

re: OPENING OF VIII AND IX CLASSES IN ZILLA PARISHAD HIGH SCHOOLS.

Mr. Speaker:—There are two call attention motions pending. One is regarding opening of 8th classes in Zilla Parishad High Schools. I request the Members to be here for about 5 minutes and finish off the business.

Sri T. V. Raghavulu:—Yes, Sir. The Director of Public Instruction has sent proposals for opening of next higher classes during 1968-69 in some of the Schools in the State. They will include opening of 9th and 10th classes as well as additional sections in some of higher classes. Several representations have been received by the Government from Zilla Parishad and aided managements seeking permission to upgrade the existing upper primary schools into that of High schools by starting 8th classes during 1968-69. The opening of 8th class during the current year to carry with it a commitment to open a next higher class next year. In view of the stringent financial position it will not be in a position to meet the payment. It is not considered admissible to allow the management to open a next higher class without grant because invariably they find it difficult to pay the salaries to teachers and at that stage there is bound to be a crisis which would lead to the Government being forced with a huge financial commitment of unforeseen grants to these institutions. From this point of view and from the point of financial difficulties of the State, the Government have considered the problem of opening of higher classes and decided that no new classes shall be opened except 9th and 10th classes, where classes upto 8th and 9th respectively are already being run. In classes where 9th class is opened, only one teacher will be employed by way of additional staff in schools and where 10th class is opened, the additional staff will be limited to one L.T. Assistant and one Telugu Pandit and the post of one existing L.T. Assistant will be upgraded to that of Head-Master. Accordingly orders have been issued in G.O. Ms. No. 1455, Education Department, dated 18-7-1968 Sir.

re: NECESSITY OF ESTABLISHING A NEW ARTS. AND SCIENCE COLLEGE IN THE CITY.

Mr. Speaker:—Next Call attention notice regarding the necessity of establishment of a new Arts and Science College in the City.

Sri T. V. Raghavulu:—Mr. Speaker, Sir, the Colleges in the Twin Cities of Hyderabad and Secunderabad had fixed different dates for receipt of applications for admission to Colleges. The receipt of applications to the Colleges have since been completed and the particulars of candidates seeking admission into various Colleges in Twin Cities are being collected. It is likely that some of the candidates may apply for different courses in different Colleges. Therefore, on receipt of full particulars, the additional facilities for admission will be examined; and the question of either granting permission to private management to start new colleges or introducing shift system in the existing colleges will be considered.
MESSAGES FROM THE COUNCIL

18th July, 1968

Mr. Speaker:—I am to announce that I have received the following messages from the hon'ble Chairman, Legislative Council.

1. To
The Speaker,
Andhra Pradesh Legislative Assembly,
Hyderabad.
Sir,

re:—NOMINATIONS TO THE SUBORDINATE LEGISLATION COMMITTEE

MESSAGE

I am to inform the Legislative Assembly that formal motion has been adopted by the Andhra Pradesh Legislative Council at its sitting held on 11th July, 1968. Concurring with the recommendation of the Assembly that the Legislative Council do agree to nominate 4 members of the Council to Subordinate Legislation Committee of the Assembly for a period of one year.

MOTION

"That this House concurs in recommending to the Andhra Pradesh Legislative Assembly that the Andhra Pradesh Legislative Council do agree to nominate 4 members of the Council to serve on the Subordinate Legislation Committee in the Assembly for a period of one year and do proceed to elect in such manner as the Chairman may direct 4 members from among the Members of the Council to serve on the said Committee.

Yours faithfully,
P. Ranga Reddy,
Chairman.

I am further to inform the Assembly that at the sitting of the Legislative Council on 16th July, 1968, I declared the following Members duly elected to the Subordinate Legislation Committee of the Legislative Assembly for a period of one year:

1. Sri A. Chengal Reddy
2. Sri M. Azamuddin
3. Sri J. Mutha Reddy
4. Sri Y. C. Ranga Reddy

Yours faithfully,
P. Ranga Reddy,
Chairman.

2. In accordance with rule 174 of the Andhra Pradesh Legislative Council Rules, I return herewith the Andhra Pradesh Krishna and Godavary Delta Area Drainage Cess Bill, 1968 i.e.L.A Bill 22 of 1968 28—15
18th July, 1968.

Announcement:

re: Statistics for the meeting from 25-6-68 to 18-7-68.

which was passed by the Legislative Assembly at its sitting held on 10th July, 1968 and transmitted to the Legislative Council for its recommendation, duly signed by me and state that this House have no recommendation to make to the Legislative Assembly in regard to the said Bill.

Yours faithfully,

P. Ranga Reddy,
Chairman,
Andhra Pradesh Legislative Council.

ANNOUNCEMENT

re: Statistics for Meeting from 25-6-1968 to 18-7-1968

Mr. Speaker:—I am to announce the following details of the Business transacted during this meeting:

1. No. of days for which the Assembly sat 21
2. No. of hours for which the Assembly worked 111
3. No. of questions answered orally 516
4. No. of Short Notice questions 26
5. No. of Supplementarys 989
6. No. of Speeches made by the Ministers 87
7. No. of Speeches made by the Members 424
8. Call Attention Notices admitted and statements made 67
9. No. of Bills passed 20
10. Composition of the House as on 18-7-1968 (Besides Hon Speaker)

Interview with the Minister for Janasambandha Sramika Sakha by a Representative of 'Patriot' and 'Link'

Missing of wagons carrying coal from Singareni
Rulings:

Privilege Motion

Sri Sultan Salauddin Owaisi said that in the detention order served on him the Commissioner of Police had mentioned "that at a meeting of Opposition Parties and Trade Union in the Opposition Leader's Room in the Assembly, he said that disturbances should be created during the ensuing session of the Legislature and that the Speaker should be caught hold of and thrown out of the Assembly".

The Speaker disallowed the privilege motion on the ground that the alleged statement was made in the Party Room and not in his capacity as a Member on a matter arising in the actual transaction of business in the House...
