AIR STRIPS IN ANDHRA PRADESH

* 5391 Q.—Sri P. Gunnayya (Paqapatnam):—Will the hon. Minister for Communications be pleased to state:

(a) whether there are any proposals to establish any air-strips in Andhra Pradesh;

(b) if so, the No. of districts together with the places where they will be located; and

(c) the estimated amount of expenditure therefor to be borne by the State Government?

The Minister for communications (Sri J. V. Narasinga Rao):—

(a) and (b) This subject relates to the Government of India who have stated that they have no proposal at present to construct any new airstrips in Andhra Pradesh. The State Government has also decided in principle to construct an airfield near Tirupathi but the proposal has not been finalised. The Tirupathi Devasthanam has also sent a proposal for an aerodrome (not airstrip) at Tirupathi to the Government of India. A site near Renigunta close to Tirupathi in Chittoor District is considered suitable for the purpose of locating the aerodrome.

(c) The question does not arise until the proposal to establish an airfield. The Government of India have however indicated that the Tirupathi Devasthanam authorities propose to construct the airfield at Tirupathi at their own cost.
An airstrip is a landing ground on a runway about 200 feet in width and 200 to 9000 ft. in length. There would be no building or any regular passenger traffic.

Aerodrome is any defined area of land or water intended to be used either wholly or in part for the landing or departure of aircraft and includes all buildings, sheds, vessels, piers and other constructions thereon.
DELIVERY OF MINOR PORTS

2627—

* 6317 Q.—Sri P.O. Satyanarayana Raju (Vemmiganur):—Will the hon. Minister for Communications be pleased to state:
(a) the No. of Minor Ports in our State;
(b) whether there are proposals to improve them;
(c) if so, whether any central assistance is sought; and
(d) the amount earmarked for the development of Minor Ports during the year 1968-69?

Sri J. V. Narasinga Rao:—(a) There are two Intermediate and five Minor Ports in our State. They are as follows:—

Intermediate Ports (2)
(1) Kakinada, and (2) Machilipatnam.

Minor Ports (5)
1. Calingapatnam.
2. Bheemunipatnam.
3. Narrapur.
4. Vadarevu; and
5. Krishnapatnam.

(b) Yes, Sir. A statement is placed on the table of the House.
Oral Answers to Questions.

(c) Yes, Sir.

(d) There is no amount ear-marked for the development of Minor Ports Garing the year 1968-69 in our State Budget.

STATEMENT PLACED ON THE TABLE OF THE HOUSE
With Reference to Part (b) of the Starred L. A. Q. No. 6317, (2627*)

The following are the spill-over schemes of the Port Department, Andhra Pradesh which are in progress:

</table>

Total: 208.26
1. Construction of about 1000 feet long R. C. C. Jetty to house a 350 ton capacity sand pump with the required motor and auxiliaries mounted on rails for mobility. 30.00
2. Sand pump of 350 tons per hour capacity with Motor and auxiliaries (Approximate) track etc., 15.00
3. Construction of a stone groyne at the approach channel extending Eastward to a length of about 1000 feet to provide shelter for harbour craft negotiating the approach channel. 8.5
4. Extension of power supply from the inner port to the proposed pier to a distance of approximately 3 miles. 0.80
5. Shifting of the port lighthouse to the tip of the proposed groyne for indicating the location of the groynes and to serve as a port lighthouse. 0.20
6. Construction of 2 Wharf walls of about 200 feet in length each at the new port site to provide alongside facilities to mechanised barges and harbour crafts. 5.00
7. Construction of a stacking platform to provide storage capacity for Iron ore and bulk cargo of about 50,000 tons. 0.50
8. Cost of pitching and slope protection works on the Northern side of sand spit. 10.00
9. Electrification of transit shed and wharves at the new port. 0.50
10. Construction of Port Office at the Port site. 1.00
11. Extension of Railway from the old port to the new port site to a distance of approximately 2 miles. 12.00
12. Provision of 2 Mobile cranes of 5 tons capacity 6.00
13. Provision of 4 Mechanised barges of 250 tons each. 12.00
14. Shifting of Port workshop to the new port site. 0.15

The whole scheme costing Rs. 125 lakhs is the recommendation of the Machilipatnam Port Expert Committee and therefore, forms into one single item of work on top priority.
**Oral Answers to Questions.**

15. Construction of the slipway of 150 feet x 30 feet dimensions.  
16. Provision of transit bearing structure as Navigational aids.  
17. Construction of staff quarters  
18. Construction of a Pillar 50" height at a suitable place for providing navigation facilities to ships using anchorage.  
19. Provision of a water barge of 100 tons capacity.  
20. Provision of water supply at the new port site.  
22. Closing of months on the shore line

DEVELOPMENT OF KALINGAPATNAM PORT

2028—

* 6066 Q.—Sri S. Vemayya (Sarvepalli):—Will the hon. Minister for Communications be pleased to state:

(a) Whether there are proposals with the Government to develop Kalingapatnam Minor Port; and

(b) If so, the estimated cost of the scheme and the details thereof?

Sri J. V. Narasinga Rao:—(a) Yes, Sir.

(b) An estimated cost of the scheme is Rs. 2.00 lakhs for the following:

(1) Office Building.
(2) Transit sheds.
(3) Stacking Platforms, and
(4) V. R. F. Equipment.
**SUMMER RESORT AT FARAKHABAD**

2629—

* : 21 Q.—Sri T. S. Murthy:—Will the hon. Minister for Communications be pleased to state:

(a) whether Government are aware that Farakhabad in Mahabubnagar district is a cool hill spot situated very near to Hyderabad;

(b) whether the Government will take immediate steps to develop this hill station as a summer and week-end resort on the line Matheran near Bombay, and

(c) if so, what are the steps the Government propose to take during 1966-67 to achieve this objective?

Sri J. V. Narsinga Rao:—(a) Yes, Sir—

(b) The proposal to develop Farakhabad as a Hill Station is under consideration of the Govt. An estimate for Rs. 4,07,000 has been obtained from the Chief Engineer (Srisailam Project) and the proposals are under examination.

(c) Does not arise in view of answer (b) above as no final decision has been taken by Government.
Oral Answers to Questions

PURCHASE OF CONCRETE MIXERS

2630—

* 6274 O.—Sri R. Mahananda:—Will the hon. Minister for Irrigation be pleased to state:

(a) whether it is a fact that the Chief Engineer (M.I.) has purchase 11 concrete mixers from a private Firm, Bombay in Agust, 1964;

(b) if so, whether this Firm is in the rate contract list of the Director-General of Supplies and Disposals; if not, why order was placed on a private company; and

(c) whether any extra expenditure was incurred in this regard if so, how much and who is responsible for the same?

The Minister for Irrigation (Sri S. SiddaReddy):—(a) Yes Sir,

(b) It is in the rate contract list.

(c) The excess amount paid on the purchase of 11 concrete mixers to the firm at Bombay works out to Rs. 1,49-80 representing the difference between the rate contract rates and the ordinary rates of the company. This amount was, however, recovered from the firm. Thus, there was no loss to the Government. The then Deputy Director (Mechanical) of the Office of the Chief Engineer (Irrigation) was the officer who placed the order with the firm.
Oral Answer to Questions.  

12th July 1968.  

Will the hon. Minister for Irrigation be pleased to state:

(a) the extent of land permitted for cultivation under localisation scheme in Dhawaleshwaram circle, East Godavari distrc

during 1967-68;

(b) the extent cultivated under early crop;

(c) the volume of surplus water available for cultivation;

(d) whether the excess water will be supplied ryots;

(e) the water level of Godavari on this date of last year i.e. (11 2-67) ; and

(f) the water level today i.e., on 11-2-1968?

Sri S. Sidda Reddy :—(a) 1,71,000 acres under paddy, 91,641 acres under sugarcane and garden crops and 163,736 acres under light irrigated crops like gingenly and ground nut etc.

(b) 11,400 acres.

(c) The volume of surplus water depends on the seasonal conditions each year.

(d) Yes, Sir.

(e) † 2.4

(f) † 2.7

17th July, 1968.

Oral Answers to Questions

Sri Y. Venkata Rao:—Will the hon. Mincer for Irrigation be pleased to state:

(a) the extent of existing ayacut under the Krishna Western Delta; and

(b) the extent of land proposed to be brought under cultivation during 1967-68?

Sri S. Sidda Reddy:—(a) 4,86,800 acres.

(b) Presumably, the hon. Member is referring to the extent that would be irrigated during the crop year 1967-68, if, it is proposed to bring the extent referred to in the answer to clause (a) under irrigation.

AYACUT UNDER KRISHNA WESTERN DIVISION

2632—

* 6312 Q.—Sri Y. Venkata Rao:—Will the hon. Minister for Irrigation be pleased to state:

(a) the extent of existing ayacut under the Krishna Western Delta; and

(b) the extent of land proposed to be brought under cultivation during 1967-68?

Sri S. Sidda Reddy:—(a) 4,86,800 acres.

(b) Presumably, the hon. Member is referring to the extent that would be irrigated during the crop year 1967-68, if, it is proposed to bring the extent referred to in the answer to clause (a) under irrigation.
ERADICATION OF FAMINE IN RAYALASEEAM

2633 -

(a) whether it is a fact that our Government have sent up proposals to the Central Government for eradication of famine in Rayalaseema district; and

(b) if so, whether a copy of the details be placed on the Table of the House; and

(c) whether there is any proposal to convene a conference of M. Ps. and Legislators of Rayalaseema districts to formulate a master plan to eradicate famine in Rayalaseema if so, the venue and time?

The Minister for Planning and Law (Sri K. V. Narayana Reddy) :- (a) Plans were earlier sent to the Government of India for undertaking permanent measures for eradication of famine in the chronically drought affected areas. Out of the 71 taluks classified as chronically drought affected areas in Andhra Pradesh by the State Government, the Government of India identified Anantapur District as part of the hard-core of the chronically drought affected areas. They suggested that due to limited financial resources a special pilot plan should be prepared for Anantapur District to start with. Accordingly, a special pilot plan for Anantapur District was prepared and sent to the Government of India in November, 1967. Proposals for 1968-69 under the special pilot plan for the District have also been sent recently to the Government of India, as desired by them.

(b) A statement showing the details of schemes proposed in the special pilot plan for Anantapur District and the schemes proposed to be taken up in 1968-69 are placed on the Table of the House.

(c) No Sir.

**RURAL ELECTRIFICATION**

A scheme for providing 1,000 electric motor pumpsets on hire purchase system at a cost of Rs. 20 lakhs has been proposed besides the above schemes, subject to the Andhra Pradesh State Electricity Board allocating Rs. 20 lakhs for this scheme for Anantapur District in 1968-69 under their normal plan programme.

Q. 1. In the reply to the question numbered (49/68) in the Assembly on 12th July, 1966, the State Government stated that in the drought affected areas in 1966-67, 17.83 lakh 70 saHa 51 cSa was released. In 1967-68, 70.33 lakh 30 saHa 51 cSa was released. The releases in 1968-69 were 36.56 lakh 30 saHa 51 cSa. The releases were made for minor irrigation, soil conservation, afforestation, agriculture and land reclamation.

Q. 2. The Government was asked: Why the land was not released?

The Minister replied: The smaller releases were made for partial years.

Q. 3. The same question was asked again. The Minister replied: The releases were made for partial years.

Q. 4. The question was asked again. The Minister replied: The releases were made for partial years.

Q. 5. The question was asked again. The Minister replied: The releases were made for partial years.

Q. 6. The question was asked again. The Minister replied: The releases were made for partial years.

WIDENING OF HYDERABAD–VIJAYAWADA ROAD

2634—

*SN85 Q.—Sri N. Raghava Reddy:—Will the hon. Minister for
Communications be pleased to state:

(a) whether there are any proposals to widen the Hyderabad–
Vijayawada National Highway from 19th mile to 32nd mile;

(b) whether the Government realise the fact that there are frequent
accidents on account of the narrowness of the said road;

(c) when the work of widening will be taken up; and

(d) whether steps will be taken to widen all the other National
highways in the State which are narrow?

Sri J. V. Narasimha Rao:—(a) Proposals to widen the Hyder-
abad–Vijayawada National Highway from M 20/0 to 74/0 and 107/0
to 161/1 have been included in the Draft IVth plan sent to Govt. of
India on 29-12-1965. The approval of Govt. of India is awaited.

(b) Accidents do not occur on account of narrowness of road
alone provided safe driving is resorted to.

(c) As soon as the IVth Plan proposals are finalised and appro-
ved by the Govt. of India.

(d) Yes; Sir, provided Government of India allot sufficient
funds during the IVth Plan.

Dr. T.S. Murthy.—Will the hon. Minister for Communications be pleased to state:

(a) whether the Government propose to represent to the Govt. of India regarding the need to take up Electrification of Railway line from Hyderabad to Kazipet to reduce the pressure on housing and other facilities in Hyderabad;

(b) if so, when; and

(c) if not, the reasons therefor?

Sri J. V. Narasimha Rao:—(a), (b) and (c): At present there is no proposal, but the Railways have stated that the required principles and criteria that are observed by the railways for electrification of a particular railway line are not fulfilled in the case of Hyderabad—Kazipet Section.

ELECTRIFICATION OF RAILWAY LINES

2035—

Q. Dr. T.S. Murthy:—Will the hon. Minister for Communications be pleased to state:

(a) whether the Government propose to represent to the Govt. of India regarding the need to take up Electrification of Railway line from Hyderabad to Kazipet to reduce the pressure on housing and other facilities in Hyderabad;

(b) if so, when; and

(c) if not, the reasons therefor?

Sri J. V. Narasimha Rao:—(a), (b) and (c): At present there is no proposal, but the Railways have stated that the required principles and criteria that are observed by the railways for electrification of a particular railway line are not fulfilled in the case of Hyderabad—Kazipet Section.
Oral Answers to Question:

Sri J. V. Narasimha Rao.—Number of trains running in the section has increased to an extent beyond which it will not be possible to run additional trains, density of traffic has increased to such an extent beyond which introduction of electric traction would be more economical. At present 21 trains run on double line. A double line 42 and 45 trains run, and electrification is proposed.

1. Sir. V. Narasimha Rao:—Under what circumstances is electrification as proposed now feasible for local trains? A local train also has technical details?

Sri J. V. Narasimha Rao.—It is under consideration.

2. Sir. V. Narasimha Rao:—Under what circumstances is electrification as proposed now feasible for local trains? A local train also has technical details?
O. M.  APPE. TO QUESTIONS.  

11th July 1968  349

(a) whether the State Government has any information regarding the completion of investigation for laying meter-guage railway line from Parvathipuram to Srikakulam road, Srikakulam district; and

(b) if so, when the work will be taken up?

Sri J. V. Narasimha Rao: (a) and (b): There is no information available with the State Government. The subject relates to Government of India. Therefore the Govt. of India were addressed in the matter and their report is awaited.

RANGABOLUGEDDA IRRIGATION SCHEME

2637—

*Sri K. Govinda Rao (Anakapalli):—Will the hon. Minister for Irrigation be pleased to state:

(a) whether any representation has been received by the Government in the second week of May, 1968 on the temporary stoppage of the execution of ‘Rangabolugeddla’ minor irrigation scheme in Visakhapatnam district;
(b) whether any provision has been made in the 1968-69 budget estimates;
(c) if so, how much;
(d) why the work has not been taken up so far; and
(e) what is the total amount spent so far on the scheme?

Sri S. Sidda Reddy:—(a) & (b) Yes, Sir.
(c) Rs. 1.12 Lakhs.
(d) The work has been taken up for execution, but has been interrupted for technical reasons.
(e) Rs. 1.63 lakhs to the end of March, 1968.

* Sri. Sidda Reddy:—* Revised estimate & sanction

S. R. Reddy:—* Scrutiny & decision*

R. K. Reddy:—* Delay in work & sanction

S. Reddy:—* 3 12-1 9 81 81 81 81 test examination & decision

Canals of Musi Project

2688—

* 3968 Q.—Sri N. Raghava Reddy:—Will the hon. Minister for Irrigation be pleased to state:

(a) whether it is a fact that the canals of the Musi Project in Nalgonda district are so narrow that they do not allow the water required for the ayacut to flow;
(b) whether four breaches occurred to the right canal during 1967-68;
(c) whether there are any proposals to widen the said canals; and
(d) whether the Statement showing the year-wise expenditure incurred from 1964-65 till now, for the project and repairs of the canals will be placed on the Table of th House?

Sri S. Sidda Reddy:—(a) No Sir.
(b) Only three minor breaches occurred.
(c) No-Sir.
(d) A statement is placed on the table of the House.
STATEMENT PLACED ON THE TABLE OF THE HOUSE

In Reply to Clause (d) of L. A. Q. No. 3963 (Starred) (*) 203)

The particulars of year-wise expenditure incurred from 1964-65 to 1967-68 in respect of Musi Project and repairs of the Canals are as given below:

Polished Granite and Sandalwood Export

*5500 Q.—Sri D. Venkatesam:—Will the hon. Minister for Planning and Law be pleased to state:

(a) the amount of foreign exchange earned by this State in respect of polished Granite and Sandalwood oil exported from Kuppam in the years 1965-66 and 1966-67;
(b) whether there are any proposals with the Government to increase the production of the same; and

(c) if so, the action taken thereon?

Sri K. V. Narayana Reddy:—(a) The estimated foreign exchange earned in exporting poliseed Granite is Rs. 20.5 lakhs in 1965-66 and Rs. 22.5 lakhs in 1966-67. As regards export of sandal-wood Oil from Kuppam and the foreign exchange earned was Rs. 23,36,361 in 1965-66 and Rs. 87,10,706 in 1966-67.

(b) No Sir,

(c) Does not arise.

ROADS TAKEN OVER BY THE ROADS AND BUILDINGS DEPARTMENT

2640—

*6024 Q.—Sri P. O. Satyanarayana Raju:—Will the hon. Minister for Communications be pleased to state:

(a) the length of road taken over by Roads and Buildings Department during the year 1967-68 in Kurnool district;

(b) whether any amount has been sanctioned for improving the roads taken over during the year 1968-69; and

(c) if so, the amount sanctioned for Kurnool district?

Sri J. V. Narasimha Rao:—(a) No roads have been taken over by the Roads and Buildings Department during the year 1967-68, in Kurnool district from the local bodies.

(b) An amount of Rs. 1,53,000 has been provided for in the Budget estimate 1968-69 for upgrading the roads already taken over from the local bodies to the control of Roads & Buildings Department.

(c) No amount has been sanctioned during the year 1968-69 for upgrading the roads taken over to Roads and Buildings Department in Kurnool district.

REPAIRS TO ROAD FROM MIRYALAGUDEM TO VADAPALLI

2641—

*5954 Q.—Sri N. Raghava Reddy:—Will the hon. Minister for Communications be pleased to state:

(a) whether steps will be taken immediately for repairing the road from Miryalagudem to Vadapalli in Nalgonda division, which is in dilapidated condition and is causing damage to R. T. C. buses;

(b) if so, when it will be taken up; and
(c) when the said road has been repaired previously?

Sri J. V. Narasinga Rao:—(a) Yes; Sir.
(b) Four causeways have been taken up in the month of May 1968 and the work is in progress. This work is expected to be completed by the end of March 1969. Improvements to the entire length of the road will be completed by the end of March 1969.
(c) No special repairs have been carried out after the formation of the road, except ordinary repairs carried out at a cost of about Rs. 8,000 per year.

OVER BRIDGE ON CHITTOOR-PUTTUR ROAD

* 5762 Q — Sri V. Muniswamappa (Vepenjari):—Will the hon. Minister for Communications be pleased to state:

(a) the reasons for not taking up the work of the over-bridge at the first gate on Chittoor-Puttur road in Puttur town, Chittoor district so far though the Z.P. has sent its concurrence some 3 years back; and
(b) when the work is proposed to be taken up?

Sri J. V. Narasinga Rao:—(a) There are no proposals to construct an over-bridge on Chittoor-Puttur road in Puttur town. Further there is no level crossing on Chittoor-Puttur road in Puttur town.
(b) Does not arise in view of (a) above.

Mr. Speaker:—The hon. Member has sent the question with regard to Chittoor. I think the answer is with regard to Puttoor.

Sri J. V. Narasinga Rao:—It is only about Puttoor.

Mr. Speaker:—I would like to know where the mistake has arisen—either in your department or in the Legislature Secretariat or the hon. Member himself has committed a mistake.

Sri J. V. Narasinga Rao:—I do not know, Sir.
Mr. Speaker:—In the question hour, in future, please have the original question in the House.

Sri J. V. Narasinga Rao:—Even this I can answer, Sir. For bridges the Municipality has to share the expenditure in the ratio of 27½%. The concurrence of the Municipality is being obtained and they have not yet given. The Railways have been addressed for including this in the Plan.

Sri D. Venkateshan:—The hon. Minister was pleased to inform us that the estimate has been prepared and the railway authorities have been addressed. May I know the cost of the bridge and the cost of the approach roads also? Is it not a fact that the Zilla Parishad already submitted proposals that they would share the expenditure?

Sri J. V. Narasinga Rao:—For the approach road we have the estimates. So far as the railways are concerned, we are not aware.

Sri D. Venkateshan:—Approach roads cost Rs. 75,000. But regarding the construction of the over-bridge, I am asking, what is the cost of the estimate?

Sri J. V. Narasinga Rao:—That is not available.

Sri S. Sidda Reddy:—A feeder channel to the Dhamsa tank Thidugu village was excavated from the Akheru river near Nasikal village through Bollamathadi Vagu during the years 1827 to 1329 fasli under Famin Relief Works, but it was not expected to feed an ayacut of 10,000 acres.

*(5985 Q.)*—Sri C. Janpa Reddy (Parkal):—Will the hon. Minister for Irrigation be pleased to state:

(a) whether any canal has been dug from Bollamathadi Vagu for the purpose of filling up the Dhamsa Tank with an ayacut of 10 thousand acres in Thidugu village, Warangal taluk and district;  
(b) whether the said canal at present is in good condition;  
(c) if not, whether the Government will take steps to repair the said canal to facilitate cultivation in the ten thousand acres under the said tank; and

(d) whether there is any proposal to divert any other water resource for purposes of filling up the above tank with water since the tank was never filled with water for the last 40 years?

Sri S. Sidda Reddy:—(a) A feeder channel to the Dhamsa tank Thidugu village was excavated from the Akheru river near Nasikal village through Bollamathadi Vagu during the years 1827 to 1329 fasli under Famin Relief Works, but it was not expected to feed an ayacut of 10,000 acres.

(b) There have been breaches at several places.
oral Answers to Questions. 12th July, 1968. 355

(c) No, Sir.

(d) Some proposals were examined but given up as the expected yield through any of these proposals was less than even the present capacity of the tank.

Kalyani Reservoir

2644—

*3390 Q. Sri A. Eswara Reddy:—Will the hon. Minister for Irrigation be pleased to state:

(a) whether a date for starting the execution of the Kalyani Reservoir Water Supply Scheme which would benefit Tirupati as well as Thirumalai has been fixed; and

(b) the expenditure incurred for this venture so far?

Sri S. Sidda Reddy:—(a) No, Sir.

(b) Rs. 27,487/-

Sri A. Eswara Reddy:—What are the additions proposed across this Kalyani Reservoir scheme?

Sri S. Sidda Reddy:—This is meant to supply water to Tirupati, Sir.
BUILDING FOR TENALI DISTRICT MUNSFIF COURT

2645—

2508 Q.—Sri Y. Venkata Rao :—Will the hon. Minister for Planning and Law be pleased to state:

(a) whether there is any proposal to construct a building for the location of a District Munsiff Court, Tenali in the premises of the Sub-Court, Tenali, Guntur District;

(b) if so, what is the amount sanctioned for the work; and

(c) what are the reasons for the delay in taking up the work?

Sri K. V. Narayana Reddy :—(a) No, Sir,

(b) Does not arise.

(c) Does not arise.

2645-A—

6538-U: Q.—Sarvasri T. Purushotham Rao (Wardhanpet), T.S. Murthy R. Narasimha Ramaiah (Hasanparthi) and Ramachander Rao Kalyani (Makthal):—Will the hon. Minister for Industries be pleased to state:

(a) how many power looms were allotted to Andhra Pradesh by the Central Government and when;

(b) have they been allotted to any societies or individuals in the State; and

(c) if not, why?

The Minister for Industries (Sri B. V. Gurumurthy) :—(a) Based on the recommendations of the Powerlooms Enquiry Committee the Government of India in 1966 allotted 12,400 powerlooms to Andhra Pradesh for installation during the IV Plan period.

(b) No, Sir.

(c) The matter is under consideration of the Government.
Short Notice questions and Answers. 12th July, '68. 357

Sri T. Purushothama Rao :—I have asked the date Sir.

Handloom Co-operative Societies Sector allot 30% power looms to establish practical programme for implementation of this decision.

Private individuals & Co-operative Societies go exclusive purview & established 26 power looms to establish experimental work.

Sri T. Purushothama Rao :—Sir, I have asked the date Sir.

Power looms to replace handloom Handloom Weavers protest.

Government introduction of power looms is opposed by handloom weavers. Industries minister assures they will be accommodated in the co-operative sector. However, there is a difference of opinion amongst the three organisations: the Handloom Weavers, the Weaver Societies and the computerisation of the weaving industry.

Cabinet decision is also awaited on the issue of compensation for the handloom weavers. A correct decision is yet to be taken!

re: Alleged murder on 28-4-68 and unprovoked police firing on a mob causing death to innocent people on 12-1-68 in Dundal village Parkal taluk.

Sri V. B. Raju: Sir, there is a land dispute between one Sri Jagadadh Reddy and the other Sri Kalva Prathapa Reddy. Sri Jagadadh Reddy was trying to drive out from the village by force and to achieve this objective Sri Jagadadh Reddy and his followers on 7-4-68 forcibly drove out these pairs of bullocks and also the Head Farm servant from the House. The Sub-Inspector himself assisted by another Sub-Inspector went at about 8 A.M. They saw about 60 to 70 villagers holding sticks on the House top of Prathapa Reddy. The Sub-Inspector, Magulapalli sent a report and requisition for armed reserve and also obtained orders under Sec. 144 Cr.P.C. from the Taluk Magistrate prohibiting carrying of lethal weapons, formalities were finished. Then Ram Reddy the Manager and head farm servant of Sri Prathapa Reddy made a complaint in Magulapalli Police Station on 8-7-1968.

Law Minister, K. V. Narayana Reddy  enquired incident due to looting attack. K. V. Narayana Reddy replied when asked.

K. V. Narayana Reddy referred the incident.

re: Police firing on Moharrum procession at Yellanu, Anantapur district on 9-4-38.

Mr. President,

A matter of grave concern, namely, police firing on a Moharrum procession at Yellanu, Anantapur district on 9-4-38, has been brought to the notice of the House. The procession, according to the police, was an illegal gathering. It is claimed that the police fired upon the crowd to disperse it. The administration has been advised to launch a full-fledged enquiry into the matter. It is in this context that the House is being called upon to take notice of the matter in order to ensure justice to the aggrieved people.

Yours faithfully,

[Signature]

[Note] The matter has been referred to the Sub-Inspector and the Sub-Inspector of Police for appropriate action.
Public importance:

re: Police firing on Moharrum procession at Yellanur, Anantapur district on 9-4-68

On the morning of 9th April, 1968 about 200 persons took out a procession in connection with Moharrum at Yellanuru village. When the processionists reached Yellanur police station, the Sub-Inspector of Police asked them not to play music and create disturbance before the police station. The crowd rejected the objection of the Sub-Inspector of Police, but some elders intervened and pacified them at that moment. Again, in the evening on the same day when a big procession with beating of drums, band, etc., passed the police station, the Sub-Inspector of Police objected to the processionists creating a disturbance. They did not heed the advice of the Sub-Inspector and continued noisy merry-making. They also attacked the police personnel challenging them. The police made a lathi-charge to disperse the crowd. The mob became more unruly and pelted stones on the policemen as a result of which the Sub-Inspector and 2 constables were injured. As the situation got out of control the police fired two blank rounds after giving due warning. The blank firing proved ineffective. So the police fired 5 rounds of live ammunition. Due to this one person died and three others were injured. That is the narration given.

Sir, now I am giving you the other part of it. The Sub-Divisional Magistrate, Anantapur, who conducted the enquiry into this incident has held that recourse to opening of fire by police could have been avoided if they exhibited some patience and tact. That is the finding of the Sub-Divisional Magistrate.

Sir, the Government has asked the Inspector General of Police to take severe departmental action against the Sub-Inspector of Police. In the context of this, further enquiry may not be necessary.
Calling attention to matters of urgent public importance:
re: Police firing on Moharram procession at Yellamuru, Anantapur dist., on 9-4-68.

Sri V. B. Raju:—If the hon. Members are agitated over this incident let them take it in a separate way, and not through a calling attention motion. A request can be made to the Chief Minister for raising this matter in a different way and getting a more elaborate clarification. This is only a calling attention motion. (Some hon. members rose)

Sri V. B. Raju:—I can only clarify and make a statement of the actual position.

Sri V. B. Raju:—I am not here to express an opinion. The Government's attention has been drawn to what has actually happened. And I have clarified the position. If more clarification is necessary, I cannot enter into a debate now.

Sri V. B. Raju:—I am not here to express an opinion. The Government's attention has been drawn to what has actually happened. And I have clarified the position. If more clarification is necessary, I cannot enter into a debate now.
376 12th July, 1968. Calling attention to matters of urgent public importance:

re: Police firing on Moharrum procession at Yellanur, Anantapur district on 11-7-68.

I shall read the wording which, I think, will convince the Members.

Sri V. B. Raju:—She is making it a general debate.

He cannot interfere. It is a question of life which should have been avoided if the police had been more patient and tactful.

Sri V. B. Raju:—This is the finding of the Sub-Divisional Magistrate who has enquired into it. “It occurs to my mind that recourse to opening of life ammunition by police could have been avoided if they had exhibited some patience and tact.”

Mr. Chairman:—The Members can ask a separate discussion on this matter.

Sri V. B. Raju:—My submission is, when the Members are agitated, this matter should be raised in a different form. It is not through a calling attention motion. A motion has been sent and the Government has made a statement.

Sri B. Ratnasabhapathi:—The Minister is trying to take advantage of technicalities. Here, a man’s life is involved and it has been proved beyond doubt that this Sub-Inspector of Police has become a criminal; he has killed a man: he ought to have been booked under Sec. 293 of the I. P. C.

Mr. Chairman:—The Members can ask a separate discussion on this matter.

re: Fire accident on 24-6-68 in Ramaingapuram, Nellore District.

Sri V. B. Raju:—Fire accident occurred at Ramalingapuram on 24-6-1968 at 8 P.M. The cause of the accident is reported to be accidental. One woman died in the accident. There was no loss of cattle. The estimated loss of property is Rs. 40,500. The Collector has reported that monetary relief to the tune of Rs. 4,470/- was sanctioned.

Sir, about the request for other assistance, it will be examined in relation to the other instance also. If there is any financial availability with the Government, certainly it will be considered.

re: Breaches in Pocharam Anicut, Nizamabad District.
Calling attention to matters of urgent Public importance:

re: Breaches in Pocharam Anicut, Nizamabad district.

Mr. Speaker:—It is entirely a separate matter altogether.

Sri S. Sidda Reddy:—There were no breaches to Pocharam head works, i. e., bund, sluice and weir.

Smt. J. Eswari Bai:—I am sorry. I know very well there were breaches last year.

Sir, there were no breaches to Pocharam head works, i.e., bund, sluice and weir. There were certain damages to the main canal due to heavy rains in July 1967. On 23-7-1967, the rainfall was 206 mm. and the main canal breached at six places. Permanent repairs to all the breaches except one have been done. The breach at the right bank at the site of Patel Cheroo, Nagareddipet, was not taken up till May 1968 as the water in the main canal had to run till 20th of May 1968, as the Tabi cultivation this year was delayed due to stay order of High Court and also due to a controversy regarding diversion of water into Jaggaiah Cheroo. Nagareddipet, and non-restoration of Patel Cheroo. However, necessary interim arrangements were made by laying a ring bund and diverting inflows into Jaggaiah Cheroo. Water will be let into the main canal as soon as the reservoirs get water.

re: Construction of surplus weir on Sandemmagedda at Lakidasupuram Tekkali taluk.

Sir, The open head sluice channel, which takes off from left flank of Sandemmagedda near Lakidasapuram village limits in Tekkali Taluk, Srikakulam District is at present feeding a tank by name Radhakantasagaram of Burgam (village). The ryots of Burgam village are forming an earthen poonu across Sandemmagedda to divert flows into supply channel, and this cross bund get washed off during floods. An estimate for Rs. 1.472 lakhs including direct and indirect charges was prepared for construction of an anicut of 180’ long and improvements to the existing channel, which is at present silted up. It is intended only to stabilise
5.4 acre of registered wet lands under the two tanks, viz., Radhakanta sagaram tank of Suram (village) and Venkatasagaram of Uyyalapeta village. The Scheme could not be taken up for execution, due to paucity of funds.

The matter was discussed in the District Irrigation Development Board meeting on 17-6-1968 when at the instance of the Collector, it was decided that this work which does not lie in the drought affected areas could be taken up with Famine Relief funds if labour from near by drought affected areas could be employed on the work, and that the P. W. D. Engineers might obtain technical and administrative sanction for the work urgently. The Chief Engineer reports that he is submitting the scheme for consideration of the Government. Government will take immediate action on the proposal of the Chief Engineer as soon as it is received.

PAPERS LAID ON THE TABLE

The Minister for Health and Medical (Sri P. V. Narasimha Rao):

Mr. Deputy Speaker:— Papers laid.

PRESENTATION OF THE REPORTS OF THE COMMITTEE ON ESTIMATES

Sri K. Achuta Reddy (Kodangal):— Sir, I beg to move the following motion.

'I beg to present the second, third, fourth, fifth, sixth and seventh reports of the Estimates Committee, showing the action taken by the Government on the recommendations of the Committee contained in the previous reports'.

Mr. Deputy Speaker:— Reports presented.

NON-OFFICIAL BUSINESS BILL

In the interests of furtherance of the cause and growth of healthy democracy and freedom of speech and also good working of the Parliamentary Practice, the Indian Parliament has given protection to the publication of the reports of its proceedings in the Press by law. But this Act is not able to give protection to the publication of the reports of the proceedings of the State Legislatures. As such it is found expedient to provide protection of the publication of the reports of the Proceedings of the Andhra Pradesh Legislature by an enactment.

Non-Official Business Bills:  
12th July, 1968.  

The consideration of the Bill was, by leave of the House, postponed.

Sri K. Govinda Rao:—Sir, I beg to move:

“That the Andhra Pradesh (Agricultural Produce and Livestock) Markets (Amendment) Bill, 1968 be read a first time”.

Mr. Deputy Speaker:—Motion moved.
388  12th July, 1968  Non-Official Business Bills:

Section 29

Where in pursuance of Section 3, the Government notifies any area comprised within the local limits of a municipality or other local authority no such municipality or local authority shall levy any fees on any notified agricultural produce, livestock or produce of livestock purchased or sold in the notified area.

Section 10

D.A. or particular purpose Sugar cane cess 100% for tax purposes.

Section 12 100%
aggregate amount in the sum of Rs. 50 and in every case the minimum amount of such tax shall be Rs. 25. The said tax shall be payable by the person who is in possession of the said produce or livestock and the said tax shall be paid on the said occasion. The amount of such tax shall be such as the Collector or any person authorized by him may determine and such determination shall be final. The said tax shall be collected by assessment and may be levied on the produce or livestock at the time of purchase or sale or at the time of movement or transportation or in any other manner in which sale, purchase, movement or transportation takes place and may be collected as provided in the said section.

The said tax shall be payable to the said Fund and in case the tax is not paid the same shall be payable to the said Fund with interest at the rate of one per cent per month until paid. The said tax shall be recoverable as a civil debt from the person who is liable to pay the same and the said Fund shall be entitled to recover the same from the said person.

The said tax shall be and is hereby declared to be a cess on the produce or livestock for the purpose of meeting the expenses incurred in connection with the control of agricultural pests and tuberculosis and the said tax shall be levied on all produce or livestock and in the manner hereinbefore provided.

The said tax shall be levied and collected by the Commissioner of Agriculture or any person authorized by him and may be levied by assessment and may be collected as provided in the said section.
Th July, 1968.

Non-Official Business Bills:

The amendment seeks to allow the local body to collect certain taxes and duties on agricultural produce and livestock. The amendment also provides for the establishment of development schemes, oversight of market committees, and taxation of market areas. The amendment was passed in the Assembly on 26th July, 1968.

The amendment has been presented to the Assembly and has been passed with amendments. The amendment seeks to allow the local body to collect certain taxes and duties on agricultural produce and livestock. The amendment also provides for the establishment of development schemes, oversight of market committees, and taxation of market areas.

The Bill proposes amendments to the existing Agricultural Produce and Livestock Markets Act. The amendments aim to enhance the efficiency and effectiveness of the existing market committees. The chairman, vice-chairman, and other committee members will be appointed by the Governor. The bill also includes provisions for the appointment of a Market Committee to oversee the markets. The committee will have the power to appoint a Market Committee President, who will be responsible for the administration of the markets.

The bill also seeks to improve the infrastructure of the markets, including lighting, roads, water supply, shopping facilities, and other amenities. The committee will be responsible for ensuring that these facilities are provided and maintained.

The amendments will also provide for the levy of a contribution from the Chamber of Municipalities towards the expenses incurred by the market committee. The contribution will be 50% of the amount levied on the markets.

The amendments to the bill are expected to bring about significant improvements in the functioning of the agricultural produce and livestock markets in Andhra Pradesh.

cess and various other aspects need to be considered. The proposed amendment to the Agricultural Produce and Livestock, Markets (Amendment) Bill addresses major issues such as staff appointment, sanitation, teaching grants, and basic staff salaries.

A major issue is the need to clarify certain rules and regulations. The proposed amendment aims to regulate market committees, control prices, and ensure a just and fair price for producers and consumers.

Banks receive deposits from State Banks and hypo-heated accounts. The amendment proposes regulated market committees to ensure effective control and regulation of market committees, reducing the disparity between producer and consumer prices.

The proposed amendment also addresses the need for effective, regulated market committees to ensure fair trade practices and control market prices.

In summary, the proposed amendment to the Agricultural Produce and Livestock, Markets (Amendment) Bill aims to address major issues such as staff appointment, sanitation, teaching grants, and basic staff salaries, while also focusing on the need to clarify certain rules and regulations.

re: Assignment of Government waste lands to landless poor.

53928 acres balance lands. A political sufferers balance 1968 applications disposed of continuously within one year. It creates a sense of urgency.

It should be a feature of our public activity. Any justice delayed is actually justice denied. Any justice delayed is actually justice denied. It should be a feature of our public activity.

Assignment of Government waste lands to landless poor.

There are thousands and lakhs of acres of waste lands in the villages. Abandoned tanks have been re-examined. P.W.D. has taken up the task of re-examining the tanks. It takes more time to do these things and we shall place all the information before the Committee and if necessary we shall come to the House.

As expeditiously as possible not more than two years before. It is the duty of the executive part of the Government to respect the wishes of the House and we should develop those traditions.

The Speaker: Date.

It is the duty of the Spirit to examine the statistics correctly.

Assignment of Government waste lands to landless poor.

1. Resolution: Government waste lands are to be assigned to landless poor.
2. Objective: To provide land to those without land.
3. Conditions:
   a. 10% of lands are allocated for this purpose.
   b. 5% of lands are reserved for special cases.
4. Procedure:
   a. Applications are submitted by the eligible persons.
   b. The selection is made based on the criteria set by the government.
5. Benefits:
   a. The assigned lands can be used for cultivation.
   b. The landless poor can earn their livelihood.

This resolution aims to address the issue of landlessness and provide a solution for those who are deprived of land.
